Fire Chief	David Bartlett
Building Inspector	Fred Wilcox

SELECTMEN'S REPORT

The financial health of the town is always a major concern of Selectmen and fiscal 1981 was no exception with escalating costs for goods and services. However, the town emerged with a small budget surplus.

This year the Selectmen are requesting that the revenue sharing funds be used to reduce the debt service. This will mean that by the end of 1982, the long term debt will be \$11,000. There will be no long term notes issued this year.

Looking at the anticipated revenues for the town for this year, you will note the revenues from the State have been reduced sharply. This is due to the fact the State is in a financial mess and has been groping for revenues to help bail it out. Consequently the burden has been shifted to the property owner.

With the budget as proposed, the loss of revenue from State, a projected increase of approximately 9% in the school budget, a slight increase in the County tax and picking up at least \$164,000 in added property valuation this year, we are projecting a 0.20 cent increase in the tax rate for 1982. The municipal budgets are suffering because of the State and school budgets.

One of the major problems facing Selectmen today is the impossibility to fix an early tax rate and collect revenues before very late in the fall requiring the borrowing of money in anticipation of taxes very early in the year. We have therefore placed an article in the warrant asking the Town Meeting to approve that section of the law for semi annual collection of taxes. If approved this should result in reducing the amount of money now paid out in interest on temporary loans and improve the cash flow.

TOWN WARRANT
STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF BRIDGEWATER IN THE COUNTY OF GRAFTON
IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS;

You are hereby notified to meet at the Grange Hall in said Bridgewater
on Tuesday, the Nineth day of March, next at twelve of the clock in the noon,
to act on the following subjects:

Polls to be opened from 12:00 noon to 6:30 P.M.

Business Meeting at 8:00 P.M.

1. To choose a Selectman for three (3) years and all other necessary
Town Officers.
2. To see if the Town will vote to raise and appropriate the sum of \$516
for TRA, provided the State contributes the sum of \$3440.00.
3. To see what sum of money the Town will vote to raise and appropriate
for General Expenses as estimated in the budget.
4. To see if the Town will vote to appropriate and authorize the with-
drawal from the Federal Revenue Sharing Fund for use as setoffs against
budgeted appropriation for the following specific purpose and in the amount
indicated herein or take any other action hereon:

<u>Appropriation</u>	<u>Amount</u>
Fire Dept.	\$1300.00

5. To see if the Town will vote to authorize withdrawal from the Federal
Revenue Sharing Fund for use as a setoff against the following debt service.

PURPOSE

1977 Highway Garage Note	\$4,000.00
1979 Highway Equipment Note	2,600.00
1980 Fire Truck Note	<u>5,000.00</u>
	\$11,600.00

6. To see what action the Town will take relative to semi annual collection
of property taxes according to RSA 76:15-a.
7. To see what action the Town will take relative to the discontinuation
of driveway plowing in the Town under the direction of the highway dept.
8. To see what action the Town will take with respect to a motion made
under Art. 14 of the 1959 Town Meeting regarding printing of inventory of
taxable property in Town Report.

9. To see if the Town will vote to authorize the Selectmen to, apply for, accept and expend money from the State, Federal or other governmental unit or a private source which becomes available during the year in accordance with procedures set forth in RSA 31:95.

10. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

11. To see what action the Town will take relative to selling a portion of the so called Willoughby property on the River Rd, owned by the Town, to Mrs Amy Townsend.

By Request

12. To transact any other business that may legally come before the meeting.

Given under our hands and seals, this twenty-second day of February in the year of our Lord nineteen hundred eighty two.

To the Members of
 the Board of Selectmen
 Town of Bridgewater
 Bridgewater, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Town of Bridgewater, New Hampshire as of and for the year ended December 31, 1981, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Town of Bridgewater, New Hampshire at December 31, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Bridgewater, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Report of Bridgewater Conservation Commission
1981

In May we contacted prospective volunteers for work at athhouse at the river park. The lumber and other supplies were moved to the site on May 29th and the next day eleven men arrived, along with several ladies who provided refreshments and lunch. The building was erected during the day, with the assistance of an electric generator provided by Samuel Worthen, to a point where only finishing touches were necessary. These additional jobs were completed by mid July.

During June the beach project got underway and with the assistance of bulldozers and trucks was put in usable shape. The spring water outlet has been located at the end of the beach, and observation benches have been constructed at the top of the bank above the beach area.

No activity was undertaken at the Town Forest this season.

At the Library, a pool table (donated by Lawrence Downing) and a ping pong table (donated by William DeLashmit) have been installed, along with a dart board and other games. Anyone wishing to make use of these items should contact the Librarian.

NEWFOUND AREA NURSING ASSOCIATIONANNUAL REPORT

Our four town area was well served in the year 1981 by the illness and wellness components of N.A.N.A.

To sick residents the agency made 15,423 visits to 402 people. Keeping ill people in their homes as opposed to placement in a more costly institutional setting is the one goal of the Newfound Area Nursing Association.

Our Hospice N.A.N.A component made it possible for twelve patients to die at home, where they chose to remain. The average cost of an eleven day hospital stay was \$21,000 in 1981. The average cost of our home deaths over a four month period was \$3,400. The patients and families are more and more choosing Hospice care as the way they prefer to die at home with dignity. Our 24 hour, 7 day a week service makes this choice a possibility.

In September of 1981, the state put a cap on Medicaid Home Health visits to a thirty visit limit. This has affected the forty-six Medicaid clients we currently serve and maintain in their homes. (Alexandria 10, Bristol 27, Bridgewater 1, New Hampton 8). The legislators are working to undo this problem, however, the State is still funding one hundred percent of payment to nursing homes thus giving the long term care client no other choice but costly institutionalization. The towns, therefore, become the local liable government unit for the patients bills once they are institutionalized.

In addition, to our illness program, NANA offers wellness programs including Child Birth, Pre-Natal, Well Child, Nutrition, L.I.F.E. (Learning Information From Elders), Hypertension, and Hospice Bereavement.

Under Pre-Natal, we had decreased the number of premature babies born and therefore, we have less birth defects (e.g. blindness, deafness) this will definitely affect the schools five years from now when instead of 13 (1979) there will be 2 (1981) children admitted to the 1st grade with birth resultant learning disabilities. Therefore the cost of teaching special needs students will decrease.

Well Child offers our pre-school children the chance to have normal growth and development under the medical supervision of a physician. It is a multi-faceted program with all areas of growth observed. Nutrition, physical, emotional, social and dental counselling are offered to the young clients on a monthly basis. The program was never funded by the state and a special thank you must go to our physicians who donate their time and the Lindsey Trust Fund who has donated \$3,500 to pay the nurse coordinator.

The Nutrition group serves fifty-six people in the four town area. The main emphasis is on behavior modification and good nutrition. Normal weight is the goal of all participants.

L.I.F.E. is a social service program which links teenagers in the schools and elders in their home. This has a dual benefit. The student has the availability of learning oral history while the elders days are made less lonely by the visits. The student and elder are linked by the social worker who considers like interests and similarities.

The Hypertension program screened a large number of people in 1981. By vigilant watch over a person's blood pressure, control can assure us of a lessened number of heart attacks, strokes, and kidney involvements. NANA has gone into the four towns to do screenings and someone is available every Wednesday for readings. Monthly Blood Pressure Clinics are held the third Wednesday of each month at the office. Nutritional, exercise counselling and stress reduction workshops have been held for the community.

The Hospice Bereavement visits are made to family members after a person dies in our Hospice Program. It has been shown that the year after a death is very stressful to the survivors. Close monitoring of vital signs is essential to prevent the catasrophes of a major illness.

We have also sponsored Lion's Health Van Screenings as well as a Children's Health Fair. The immunization rate of our four towns is in the highest state percentile.

This report would not be complete without mentioning the thousands of volunteer hours which have been given to date. From our "nuts and bolts" crew who build ramps and do odd jobs to keep folks at home, our babysitters, our chefs, our companions, our gift buyers, our Christmas Tree decorators, our shoppers, to all of our numerous volunteers, the staff and board realize we could not do the work at N.A.N.A. without them.

It is the hope of the Board and Staff of the Newfound Area Nursing Association to continue to offer these programs to all residents of Bristol, Bridgewater, Alexandria, and New Hampton with more and more emphasis on the prevention wellness aspects.
