Librarian's Report

The Jackson Public Library has been open from 2-4 P. M. three days a week during July and August. From September through June the hours have been 2-4 P.M. and 7-9 P.M. on Thursdays.

The Bookmobile made four visits during 1967, leaving 1933 books. Circulation of books and magazines for the year was 1879.

A total of 129 new books have been added to the collection from gifts and purchases. From the latest State Aid Grant of \$100.00 the 1967 Edition of the World Book Encyclopedia is on order. A gift of \$50.00 from the Jackson Community Association is on deposit for new books.

Nine books from the Childrens Collection of the Library have been donated to the Historical Collection of Children's Books at the State Library.

In accordance with Section 91, Chapter 251 of the Laws of 1967 enacted by the New Hampshire Legislature, the Board of Trustees of the Jackson Public Library will hold regular meetings on the last Thursday of the months of January, April, July and October at 7:30 P.M. at the Jackson Public Library. All meetings are open to the public.

Respectfully submitted,
Claire S. Pearson
Librarian

Airport Authority

1967

In the year 1967, the Directors of the Eastern Slope Regional Airport Authority have experienced another year of further progress, mixed, as usual, with a number of problems. Use of the airport has certainly continued at least at as great a level as in former years, in spite of Operator matters beyond the control of the Directors.

The Operators engaged at the beginning of 1967 found themselves unable to continue the operation beyond the Spring, due to transfer of one of their number to foreign service. Accordingly, it was necessary for the Authority to employ an attendant at the airport during the summer of 1967 while searching for a new Operator. However, during the summer a substantial improvement was made to protect the airport by the sealing of pavement cracks, which should leave the pavement in good condition for many years.

With the Fall of 1967 the Directors have made arrangements with a new Operator, Mr. Hanson, whose subsequent operation of the airport has, in the opinion of the Directors, been superior to any previously experienced. In fact, usage of the airport has grown to such an extent that in December of 1967 the Directors voted to undertake the erection of a six-place "T" hangar, because of the great demand by pilots in this area for winter protection for their craft. It is hoped that over the years rental income from this facility will go a long ways towards recovering its cost. as well as providing a valuable, needed service. This hangar is now under construction, and will, hopefully, be in use during the last half of the 1967-68 winter season. It will exhaust all of the capital funds of the Airport Authority, and compel borrowing to at least a limited degree, thus making support by the municipalities even more necessary than in the past.

An interesting activity at the Airport during 1967 was the operation therefrom of a glider doing experimental research on clear air turbulence in the Mt. Washington area. Every potential new business which has made inquiries concerning the area has indicated that the airport has had a significant effect in attracting it here. The Directors urge that all citizens of the area towns make an effort to pay a personal visit to the airport, so that they and their friends may be aquainted with its facilities and available services.

REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

- 1. No burning of debris and waste between the hours of 9:00 A.M. and 5:00 P.M. and then only with a written permit from the Forest Fire Warden.
- 2. Take debris and waste to the town dump.
- 3. Maintain a clean, safe dump.
- 4. Keep matches away from young children.
- 5. Be sure matches and smoking material are dead out when we discard them.
- 6. Set a good example for others in fire prevention.

School Warrant THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Jackson qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 12th day of March, 1968, at one o'clock in the afternoon, to act upon the following subjects:

Article 1. To see if the district will vote to adopt as the checklist for school meetings, the checklist of the Town.

Article 2. To choose a Moderator for the ensuing year.

Article 3. To choose a Clerk for the ensuing year.

Article 4. To choose a Member of the School Board for the ensuing three years.

Article 5. To choose a Treasurer for the ensuing year.

Article 6. To choose an Auditor for the ensuing year.

Article 7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

• Article 8. To see what sum of money the District will Vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of statutory obligations of the District. (see page 41 in Annual School Report)

Article 9. To transact any other business that may legally come before said meeting.

Given under our hands at said Jackson this 23rd day of February, 1968.

Albert L. Risch

School Board of Jackson. N. H. Jacquelyn Jones

WHY SPEECH THERAPY?

A child sits silently in his first grade classroom day after day unable to communicate with the other children or the teacher because his speech has not developed as rapidly as the other children's speech. A girl in Kennett High School dreads being called on in class because her hesitant, stuttering speech makes talking so difficult for her. Across the hall another student is straining to catch all that the teacher is saying. This student is handicapped by a hearing loss.

These are just some of the cases in our school union which have been helped through speech therapy. A total of 125 students have been enrolled in this new remedial speech program. The following breakdown shows the number of students enrolled in speech therapy from each school:

Conway - 22	Tamworth - 20
Pine Tree - 10	Madison - 7
John Fuller - 24	Jackson - 3
Kennett - 12	Chatham - 2
Bartlett - 15	Freedom - 10

Defective speech can be defined as speech which calls attention to itself. When a child uses speech that is not normal or that calls attention to itself, a program of speech therapy is necessary. Our goal is to help the child with defective speech attain normal, acceptable speech.

To facilitate this end we are fortunate enough to have some very up-to-date equipment, including one item of special importance - a video tape recorder. This machine is like a miniature T.V. camera in that a child's image can be recorded on tape along with his voice. We then play the tape back so the child can see and hear himself on the T.V. screen. This has proven invaluable in correcting some children's speech.

Speech difficulties are not something that occur only in other communities to other people's children. We have realized that fact here in School Union #9 and have set up an adequate program of speech therapy to help those children who need help in speech.

Mrs. Joanne Knox Speech Therapist

ELEMENTARY GUIDANCE COUNSELING

As an Elementary Guidance Counselor for Supervisory School Union No. 9 under the Title I Project, I am also a member of the teaching staff; and am concerned with the normal learning development of all the elementary school children in the union.

Vocational Guidance is a part of my service. I feel that students should be exposed to the world of work, and should be helped to understand their own abilities and interests so that they can make realistic choices. Educational Guidance is closely related to Vocational Guidance and all other types of guidance, individual or group.

In addition to my personal contacts with students and consultations with teachers and parents, I give such tests as the Stanford Achievement Test, the Lorge-Thorndike I.Q. Test, and the State-Wide test for the eighth grades. These I evaluate and correlate in statistical form.

I am also trying to launch research on the effectiveness of the guidance program as regards its value to school children in their learning and developmental attitudes towards school.

Mr. Ping Wu
Elementary Guidance Counselor

NURSE'S REPORT

All of the children in the Jackson School District in the Elementary School received physical inspections, and had eye and ear examinations. The children in grades 1 and 4 went to Memorial Hospital for physical examinations.

Dental fluoride and cleaning was offered to the children. The State Dental Hygienist spoke to the children about the care of their teeth.

Thank you all for your cooperation.

Respectfully submitted, Catherine Aguere, R.N.

ARTICLE 8

By way of explanation, concerning the voting on each item of the School Budget.

The Jackson School Board will offer the following motion:

I move that the School Board's Budget for 1968-1969 be taken upitem by item and that the total amount voted shall be raised and appropriated. Further, this enables the voters at the Jackson Annual School District meeting to discuss each and every item. It will also require that a motion and vote be made on each and every item.

Under item 700 (Maintenance of the School Plant) which totals \$8,650.00 •

The Jackson School Board has recommended that the upstairs classroom be remodeled to accommodate the increased number of children anticipated in 1968-1969, and in 1969-1970. Several local contractors have assisted the Board in estimating the cost for this project.

Remodeling Classroom

- 1 Combination storm windows
- 2 New lighting
- 3 Insulation
- 4 Fire escape
- 5 Painting
- 6 Partitions, storage area
- 7 Chalkboards, furnishings

For the above items, the Board Budgeted\$6,000.00

The Jackson School Board has employed the firm of Stilphen Engineering to survey the present heating system. It has been recommended that alterations making a 2-pipe system, including new burner, fin-type radiation for upstairs room and rebricking the furnace would cost -

• It is the intent of the School Board to apply for 30 percent State aid available over a period of 10 years on capital improvements.
