REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlow:

I herewith submit my annual report as superintendent of your school.

This year the handwriting program has been changed. Manuscript writing is taught in grades one and two, and in one semester of grade three. Cursive handwriting is introduced in the second semester of grade three.

The testing program was formerly centered at the sixth-grade level. Now it is planned to give achievement tests at each grade level and to give ability tests at three different points in the pupil's progress through the grades. The results of the testing program should be of considerable assistance in determining how well we are succeeding in our educational program.

The P. T. A. deserves a hearty "Thank you" for providing the moving picture projector for use in the school.

Since operational costs continue to rise, educational expenses cannot escape this current trend, and will therefore reflect this trend.

Enrollment, January 5, 1953.

Grade	1	2	3	4	5	6	7	8	Total

At Vilas High School									8

I wish to thank the members of the School Board, teachers, citizens, and pupils for their cooperation and support during the year.

Respectfully submitted

ELLIOTT W. KEACH,

Superintendent of Schools.
