From Mr. Billings it was learned that the Delegation will have to vote the bond issue before application can be made for federal funds.

Mr. Granger gave a resume of schemes A, B and C. He explained that the figure for scheme C, which is a proposed building attached to the north end of the Mitchell Hospital for 84 beds on two floors, the basement to include a new kitchen, staff dining room, patients' dining room, freezer locker, process room and storage rooms, sewage disposal and is estimated at \$859,000.

Brentwood, August 2nd, 1956.

Meeting called to order at 10 a.m. by Chairman Robinson. Ten members of the Executive Committee and Commissioners Brown and Fuller are present.

At this stage, the Committee feels that it is logical to lay their cards on the table and discuss finances: our books show that our \$200,000. bond issue expires this Fall and then we will be able to borrow 2% of our County valuation, which means exactly \$2,698,658.62 — those details will have to be brought out at the next County Delegation meeting.

Mrs. Dondero moves that the proposed plan for the contemplated new Nursing Home be adopted and recommended to the County Delegation, Motion seconded by Mr. Pinkham.

The Clerk is asked by the Finance Chairman to prepare a summary report of what has been done by this Committee in regards to the new construction, so to inform the County Delegation on August 15th.

Mr. Carter proposes that the Clerk receive a compensation for all the work she has done, and Mr. Murch seconds the proposal, then Mr. Robinson makes a motion that the Clerk gets paid for the two meetings that she missed, and Mrs. Dondero seconds the motion.

The meeting is adjourned at 12 o'clock with the group thanking Mr. and Mrs. Hilton for their precious help and hospitality, and Chairman Robinson for his wonderful directive.

COUNTY COMMISSIONERS' REPORT

January 18, 1957

Following the usual custom, as required by statute, your Board of County Commissioners bring you this message.

Rockingham County, second largest in the State, has been very fortunate for years in having interested people elected to the County Delegation. Working closely with them, the Commissioners were able to serve the County well with the proposed budget and end up with the fine balance of \$57,599.79.

Much time was spent on the study of the new Nursing Home at the County Home and Hospital. Alfred T. Granger Associates was selected as Architect, plans were drawn and the delegation met in September and approved them, authorizing the Commissioners to proceed to call for bids, the amount not to exceed \$859,000.00. The bids were opened and Harvey Construction Co. of Manchester was low with a bid of \$587,788.00. This does not include equipment, sewage and new boiler.

All Rockingham County taxpayers will be very proud of this much needed new Nursing Home when completed next fall.

Your Board has a change in one member, William S. Bartlett, Sr., of Brentwood, has taken over the Exeter Office; he is proving to be a real business man.

We feel the other County Officers are doing a fine job and it is a pleasure to work with them.

Your Commissioners have been fortunate in building a fine smooth running organization in our offices and at the County Home.

We wish them the best of luck and hope they will always feel free to talk with us at any time.

Looking forward to another good year working with the new delegation, we remain,

Yours sincerely,

ALBERT G. FULLER,

IRA A. BROWN,

ALVIN E. FOSS,

Board of Rockingham
County Commissioners.

**COMMENTS AND RECOMMENDATIONS
AS TO THE COURT HOUSE**

Portsmouth

One Term of the Superior Court is held in Portsmouth during the months of January, February and March.

No recommendations as to improvement are being made by this Office because we feel that the County is unduly burdened with the necessity of maintaining the Portsmouth Court House solely for a mere three months' use by the Superior Court. We are reluctant to make any recommendations or suggestions because the expense of making them would far exceed any conveniences which might be accomplished.

The entire second floor is used by the Superior Court exclusively.

R.S.A., Ch. 496, Sec. 1, provides that Superior Court shall be held in Portsmouth and Exeter, and that the Superior Court determine when Terms of Court shall be held.

Exeter

The Superior Court is held in Exeter from the second Tuesday in September through December, and from the first Tuesday of April through June.

There is no regular Term during July and August, but numerous hearings are held in the Superior Court House in Exeter.

Clerk's Office

The permanent Clerk's Office with all its records is in neither of the Court Houses. It is therefore necessary to keep the two Court Houses constantly equipped with all types of office supplies, the various printed

forms used by the Superior Court, as well as to maintain telephones constantly in all three buildings.

There is a distinct disadvantage to everyone connected with the Superior Court in not having the office of the Clerk of Superior Court in the same building where Court is held. The work of the office consist largely of keeping the records of all the business of the Superior Court, Naturalization records, planning the work of the Superior Court, keeping in constant contact with the various attorneys and jurors, and of many incidental matters.

The volume of business has increased from 800 entries in the year 1952 to 1000 in the year 1956.

Some changes have been made in the Exeter Court House, but facilities for the office of the Clerk of Superior Court are by no means adequate, although a little improved.

It is strongly recommended that the location of the office of Clerk of Superior Court be moved from the Records Building where it now is to the Superior Court House across the street.

An alternate suggestion is that an addition be made to the rear of the Records Building, and that minor incidental changes be made in the interior of the Records Building so that the Superior Court Room may be located on the second floor of the new addition and thereby providing much space for the expansion of the Deeds and Probate offices on the first floor of the addition.

The expense of maintaining the present Superior Court House is great and somewhat unnecessary because a portion of the building is not used at all, and from the nature of the location of the rooms, the present unused space cannot be efficiently utilized.

Housing Superior Court in the present Records Building would mean just one County Building in Exeter, and appreciably diminish the expense of maintenance. It would also greatly increase the efficiency of the handling of the County business of the Superior Court and also be of great help to the general public.

ROCKINGHAM COUNTY SOLICITOR'S REPORT

There were no major felonies committed in Rockingham County in 1956. The minor felonies such as breaking and entry, larceny and larceny by check occurred about as frequently as during the previous year. In the vast majority of cases the respondents entered a guilty plea in Superior Court and were either committed to State Prison, House of Correction or placed on probation.

It has been the policy of the Solicitor during his term of office to recommend fines or some form of suspended sentence and probation for first offenders unless the crime is an intentional one and involves danger to human life or results in bodily injury. It is very rare that committal to prison is recommended for motor vehicle violations.

Most of the misdemeanors were disposed of in Municipal Court. A few cases were appealed and prosecuted in Superior Court.

Rockingham County is fortunate in having experienced police officers in the towns, in the Sheriff's Department and in the State Police, and I extend my thanks to them for their cooperation.

LINDSEY R. BRIGHAM,

County Solicitor

SHERIFF'S REPORT

To the Honorable Board of County Commissioners for the County of Rockingham:

Another year has passed and it becomes my duty to report to you the activities of the Sheriff's department for the past year, and to make recommendations for the future.

Juvenile crime within the County increased slightly, while the number of felonies decreased from the year of 1955, and they were also of a less serious nature. As a matter of fact, considering the large increase in the population within our County, due to the establishment of the Portsmouth-Newington Air Base, and the building and occupying of new homes in every town throughout the County, it is quite remarkable that we had so small a percentage of crime, compared to our total population. I believe it speaks highly of the ability and efficiency of every law enforcement agency throughout our County, and also of the high type of citizenship that goes to make up our County.

I consider that our County delegation has contributed a lot to law-enforcement by increasing the amount for the Sheriff's appropriation for night patrol for each of the last two years. By their decision I have been able to have from two to eight men on the highways of our County when they were most needed, between midnight and daylight when there was scarcely any coverage by law enforcement officers except in the City of Portsmouth and the other four towns with organized police forces. The youngsters that traveled the highways after midnight, whether they were from this County or from without the County or the State, knew that these officers were on the highways, stopping

cars and examining buildings and doors of stores, filling stations, unoccupied homes and public places, with the results that these cars containing three or four youngsters without special reason for being on the highways during these hours, are now by-passing Rockingham county in the early morning hours.

My department is very much pleased with the increased coverage given by the County Commissioners and the Superintendent of the County Home of our Radio Station at the House of Correction. By their new schedule of the working hours of the Jailors and radio operations at the Jail, they are now giving twenty four hour service which is most important, because none of us know just what moment we are going to need the radio to summons help from a fellow officer.

Superior Court has gone along with the three sessions during the past year being presided over by Chief Justice Stephen M. Wheeler and Superior Court Justice George R. Grant, Jr., with the result that our docket has very few cases to be disposed of that have been entered over eighteen months.

I want to thank our Solicitor Lindsey R. Brigham for the quick and efficient prosecution of crime, and feel that, that together with the excellent work of Local Police Departments, State Police, Probation Departments and all other law enforcement bodies, has helped to make for the wonderful record of practically no unsolved cases, and I want to thank all for their contribution along this line.

May I at this time pay tribute to one of my deputies who had served with me for many years and who was a most capable and fearless officer, Deputy Sheriff Everett E. Judkins. To his wife and family we extend our deepest sympathy.

I would remind you that my service and those of my entire department are available to all persons within our County, whenever or wherever needed. I extend to my staff of Deputies my appreciation for their efficient services and herewith submit a list of the Deputies both active and special for the years of 1956-57.

This has turned out to be a most exciting, busy, and enjoyable year — exciting from the point of view of realization of a dream coming true in having a new Nursing Home in which to better care for our folks; busy, working with the County Commissioners, Building Committee, and Architect in preparing plans and specifications; enjoyable because everyone connected with the project has been so cooperative, amiable, and forthright in his or her thinking that what was presumed to be a huge task has melted into a nicely molded program. In our capacity we appreciate this opportunity to commend the members of the delegation for their recognition of the institution's needs in approving modern and adequate facilities for the care of the chronically ill.

The farming operations have run along this year fairly comparable to last year. We are, however, very proud to report that we again won first place in the Green Pasture program competing with other County and State institutions. We believe this speaks well of the caliber of our Boss Farmer, Russ Waterman.

We have continued to work toward completing our long range program of soil conservation by the completion of a farm pond, installing more sod waterways, and tile drainage. We feel that the approach to planning and installing these projects is sound and practical. The results that we are obtaining cause us to have high regard for this county agency.

We have not only dealt with conserving our soil, but our forests likewise. We are carrying on a fine forestry program under the able direction and supervision of our County Forester, Roger Sloan. This program is enabling us to utilize our limited stand of timber to a greater advantage than had been anticipated, thus providing the institution with lumber for building and main-

tenance. Looking to the future needs, a fine young stand of red pine has been established.

Our herd of pure bred Holsteins has produced very satisfactorily this year in producing an abundance of both milk and meat for the institution's needs. Our herdsman is very happy in the new home completed this past year. Through the cooperative efforts of our good friend and County Agent, Jimmy Purington, we have enjoyed acting as hosts for several farm meetings during the year. We have also been pleased that Miss Ruth Stimson, our capable Home Demonstration Agent, has held many of her meetings for the county in the auditorium of the Mitchell Memorial Hospital. Both Mr. Purington and Miss Stimson find that because the institution is geographically centered in the county, it makes for less travel for our county folks to attend meetings here.

Our family here at the Home has been on the average slightly larger than last year. It is interesting to note that the average age of our patients has increased by seven years over the last ten years, the average age now being seventy-one.

To assist us in meeting the responsibilities and the challenges of running this institution, we feel very grateful to our faithful employees for their contribution to its success and welfare. Longevity of employment merits recognition, and we submit the following record of service.

Dr. Fred Fernald

We are very unhappy to report that Dr. Fred Fernald who has so faithfully served as the doctor here since September 1, 1935 was hospitalized in November, but we are glad to learn that he is making a very remarkable recovery. He is looking forward to being back with us in the near future. Dr. Oscar Gilbert of Exeter has very competently filled in for Dr. Fernald during his illness.

It is a happy situation when we find that the friends, organizations, churches, and clubs contributing to the happiness of our patients have been so numerous that we can not mention each of the groups individually. We want them to know that their efforts have added immeasurably. We have had weekly visiting groups, Christmas parties, birthday cakes for the patients, donations of money, favors for trays, and many acts of kindness extended to our folks, all of which we very much appreciate.

It was with regret that we learned that Mr. Alvin E. Foss, County Commissioner, would not seek re-election. We should like to take this opportunity to express our sincere thanks to him for all the cooperation, support, and interest which he has taken in our work here at the Home during the past twenty years. On the other hand, we feel that our new Commissioner, Mr. William Bartlett of Brentwood, is no stranger but rather an old friend, having lived in the same community for the past twenty years. We have enjoyed working with him and his good wife in social and civic functions. We have learned by association to respect his judgment and capabilities, and look forward to the same in his official capacity as our new County Commissioner.

We have, as usual, experienced very fine cooperation from all local, county, and state agencies with whom we are associated. We would particularly like to thank a very busy and capable county officer, our County Solicitor, Lindsey Brigham, upon whom we have had to call innumerable times this year. The circumstances involved in so many more of our admissions present the necessity for legal interpretation which has caused us to turn to Mr. Brigham for guidance. We are most appreciative of his time and patience.

May we again express our appreciation to the Board of County Commissioners for their confidence and continued cooperation, guidance, and support.

Respectfully submitted,

DOROTHY F. HILTON, *Matron*

GEORGE W. HILTON, *Supt.*

PHYSICIAN'S REPORT

*To the Honorable Board of Commissioners
of Rockingham County:*

At the end of another year I wish to report on the Rockingham County Home. This has been an especially busy year at the Home, with a greater number of old and sick patients, needing a great deal of nursing care.

The sanitary condition of the buildings is good.

I would like to express my appreciation to the Board of Commissioners and Mr. and Mrs. Hilton for their cooperation. I also wish to commend Miss Shattuck, the nursing staff and all helpers for their untiring and conscientious efforts in caring for the patients.

I want to take this opportunity to thank Dr. Oscar B. Gilbert for so ably substituting during my illness.

Very respectfully,

FRED FERNALD, M.D.

Nottingham, N. H.
