

Jan 25, 1955

Dearest Inrey,

Today we went out for our 2nd
Typhoid shot and when we came home
our Orders were in the mail. We now will
wait our Port Call which will tell us if we
are coming overseas by air or by ship.
According to the letters ^{we} will get the Port
call 2 weeks in advance of the date we
are to report. I called Mrs. Lundgren
and she said that she had the orders
and suggested that I come in with my
order about the middle of Feb that it
would take just a couple of days to get all
accomplished. So that is taken care of.

So now all I have to do is finish the
shopping for your suits and coats for
the children plus one more trunk.
I have a list of the things you have suggested
but I would like a list of the things that
I might need in the homeseing end.

Today Marilyn and Dutil are in
School but now they are at home. Home of us
ful too good. So I must go to the store
and get something to eat that might please

Dearest Ivorey,

Today we went out for our 2nd Typhoid shot and when we came home our Orders were in the mail. We now will wait our Port Call which will tell us if we are coming oversea by air or by ship. According to the letter we will get the Port Call 2 weeks in advance of the date we are to report. I called Mrs Lundgreen and she said that she had the orders and suggested that I come in with my orders about the middle of Feb that it would take just a couple of days to get all accomplished. So that is taken care of. So now all I have to do is finish the shopping for your suits and coats for the children plus one more travel trunk. I have a list of the things you have suggested but I would like a list of the things that I might need in the housing end.

Today Marilyn and Gretel are in School but now they are at home. None of us feel too good. So I must go to the store and get something to eat that might please

2/ everyone and also make for a much
more pleasant atmosphere. In other
words we feel terrible. But as we must
suffer if we are all be together.

More latter but I must get this note
and also the notice to the department of
the Army so they can arrange our trans-
portation to air or sea transportation.

By the way Mom and Daddie called.
Mom will be here on the first and they
have transportation for the 23rd of April
so you had better get the permission for
them to be there thru. Clinton got the
the reservation. So they are thrilled
but I know they will have to get their own
lotion. I am sure Mom will have a
difficult time with them. She said
that she would endure all to get her trip to
Europe while we are there.

Love and kisses from us to you.
More news latter. Cable will come
when our Port Call comes through.
Love Your family
Marilyn, Gretel, Louise and Edy
