Letter of Transmittal

January 28, 1953

To the Board of Selectmen and the Citizens of Derry:

I submit herewith the annual report of the Town of Derry for the year ending December 31, 1952.

The annual report is the summation of the activities undertaken during the past fiscal year and serves as a basis upon which to lay plans for the coming year. Because of this very important fact, it has been my intent to place these reports in the hands of the public as soon as possible so that everyone might have an opportunity to study and question the material. Prior to Town Meeting there is always a great deal of talk and rumors. This is to be expected and it indicates the interest of the town in their local government. It is the purpose of this report to give factual information to all concerned. Should some point arise that is not covered by the report or should there be a desire for an explanation on any activity, the manager urges that the parties concerned visit the town office and inquire for any and all aid. This offer of information is extended to everyone, regardless of their political opinion. The townspeople are urged to study their reports, bring them to Town Meeting on March 10th, and to discuss the town activities with the Town officials. In this way it is possible to gain a clear picture of what is to be voted upon at the meeting.

The 1952 fiscal year ended with the town operating in the black by \$1,021.90 as shown by the comparative balance sheet. While satisfactory, this result should have been much better. The fiscal operations were hampered by an antiquated bookkeeping system that resulted in overdrafts, some unavoidable, in a few accounts. The start of 1953 sees a new system in use that will provide a closer check and control of expenditures and receipts. Much of the fiscal troubles were due to changes made by the State Tax Commission in the budget before the tax rate could be approved. One such change was the use of \$10,000.00 from the meter receipts for use in the highway expenditures. The manager recommends that a specific vote be taken for the allocation of meter receipts.

One of the outstanding developments during the past year was the highly successful work in obtaining a new and suitable industry for Derry. Through the work of the School Committee, Mr. Frank Buckley of the Industrial Development Cooperation, and the Town Manager, the H. E. Harris Company of Boston, Mass. has already started training operations here in town. Plans call for the possible erection of a new and large office building.

Other developments and activities will be discussed under the different department headings. However, I should like to state that the importance for all taxpayers to attend the Town Meeting can not be stressed enough. The tax rate for 1953 and the amount of money to be spent is determined by the voters at the Town Meeting--not by the town officials. The Town Meeting form of government is the most democratic from now in existence. The voters should enjoy their privileges and express their opinions. In this way, the Town of Derry will continue to move ahead towards providing a better place in which to live.

Respectfully submitted,
Warren E. Knowles
Town Manager

General Government

Under the heading of general government, there comes several accounts that constitute the major administrative overhead for conducting the town business. The largest portion of this cost is salaries and the expense of maintaining the town buildings. Other expenses include office supplies, election expenses, and such things as the cost of producing this town report which is \$610.00.

An overdraft occurred in the town officers' expense with the start of a new system for the assessor's records. Such an expense was felt to be justified because a revision of the records is so badly needed. The new system is approximately forty percent completed, and should be ready for use in 1953.

Protection of Persons and Property

Protection of persons and property includes many functions in addition to those of the police department. However, police protection is our major problem and the 1952 fiscal year has seen this service extended to the outlying sections of the town with the purchase of a 1952 Chevrolet for a police cruiser. This cruiser, together with the two-way radio, has given excellent service and has given rise to many favorable comments, especially from the newly serviced areas. In addition to being for police use, the radio-cruiser combination has also found use as a temporary ambulance, for fire communication, and as a means of obtaining a badly needed doctor.

The police activity report is printed below and it might be well for the public to note the higher than average number of cases cleared by arrests. The department and the municipal court rightfully became concerned this year with the large increase in the number of juvenile cases that were handled. It would be well for parents to watch more closely the activities of their teenagers and also the use of the family car.

One of the hard financial blows during the past year was an incident whereby a poultry grower lost 1,001 birds due to dogs. This resulted in a payment by the town of \$500.00 and created an overdraft of \$518.14 in the dog license account.

Of great disappointment to the manager was the lack of interest and activities for Civilian Defense. Nothing was accomplished and no expenditures were made. It is felt that this account should be dropped in the future.

POLICE ACTIVITY REPORT Year ending December 31, 1952

Health

The health department finished the year with all accounts operating in the black. During the summer, Horne's Brook was cleaned and the channel widened as a temporary measure to try and provide a cleaner waterway. This method is definitely not the solution to our problem. There is an actual need for some constructive work to be done in regards to the sewer system. There is now a total of \$51,756.98 for this purpose. It is interesting to note that at the close of the fiscal year there was \$967.21 available to be turned over to the Trustees of the Trust Funds to be held for this construction.

Mr. Ernest Gagnes was appointed Dog Officer during the year and his interest in the work and his abilities are commendable. The fact that he had received some veterinary training has proven extremely helpful in the performance of his job.

*The unexpended balance was turned over to the Trustees of the Trust Funds January 21, 1953, to be held in trust for sewer construction.

Highways and Bridges

The activities of the highway department during the past year includes the purchase of an HM Hough Payloader, the replacement of an old truck with the purchase of a new, 2 ton, Chevrolet chassis and the use of the old dump body, and the lease-purchase of a truck drawn rock rake. All these pieces of equipment have proven their worth and need throughout the year. Outstanding has been the large Hough because of its many uses as a truck loader for gravel and sand, a bulldozer, mobile crane, snow plow, and snow loader. Its ability to move over our roads rapidly without damaging them has made the piece ideally suited for town work. A lease-purchase agreement for a rock rake was made in order to improve our gravel roads. While the performance of the rake is very satisfactory, it is hoped that the coming year will enable us to use it on a great many more of our roads.

The highway department has carried an extremely heavy work load throughout the year. This started with the heavy snow falls from the latter part of January, 1952, through the first of March. Early spring saw the usual mud conditions, but the complete loss of a section of the Dameron Road entailed a great deal of time and expense to the town and many hardships for the people of that section.

The construction program found the department very active with a total of 4.85 miles of roads graveled, 3.67 miles of new road-mix surface, .20 of a mile of one shot penetration surface, 11.35 miles of surface treatment with asphalt, and, in addition, the department constructed parking areas at both new schools and surfaced the area at the Hood School and a large turn-around area at the rear of the school.

It was felt that the need of our two new school buildings justified the expenditure of time, money and equipment that was needed. In addition to the roads that were constructed at the buildings, the highway department also constructed an absorption field for the sewerage at the Elementary School, leveled the area to the rear of the building, and constructed walks at both buildings.

Besides constructing walks at the two school buildings, the department's sidewalk program also took care of the walk that had been promised for so long on Franklin Street. In addition the entire sidewalk on the west side of Highland Avenue was resurfaced since it was in the poorest condition of any in town, and a short section on Martin Street was also resurfaced.

The condition of the Highland Avenue bridge made it necessary to replank the entire bridge. While in this process, the bridge was also repainted. It would be well for the public to realize that, for even such a small project, the cost of materials alone ran to better than \$600.00.

In regards to petitions for work on the Kilrea Road and a drainage system on McGregor Street, the town officials had already spoken of doing this work. This was followed by a vote of the town at the annual meeting. This work was carried out with the installation of the drainage system and the construction of 1.3 miles of new road-mix surface on Kilrea Road.

Derry Water Works

The Derry Water Works completed a great deal of work during the past year with the major construction being the laying of nearly one third of a mile of new mains. The breakdown on this construction is 424 feet of 6" mains on Pierce Avenue, 810 feet of 6" mains on the lower end of Birch Street, and 474 feet of 4" mains on Lawrence Street. When it is realized that the average cost of laying such mains exceeds \$18,000.00 per mile, the public can readily see why it is a long, slow process to extend our facilities. The operating profit shows an increase of \$2,231.11 over that of last year. This increase is due to the slight increase in water rental that went into effect during the latter part of the fiscal year. A great deal of time and work was spent on the water tank in Derry Village because of its poor condition due to its age. This again points up the need to consider the erection of a new tank to replace this one. If such a replacement should be made, it would be well to increase the storage capacity to take care of the needs of the town well into the future.

THE WARRANT FOR TOWN MEETING

and the

THE BUDGET FOR THE YEAR 1953

BUDGET MESSAGE

Following is the budget for the 1953 fiscal year. While the total estimated expenditures for 1953 is nearly the same as that in 1952, the revenue side of the budget has caused the greatest shift. Because the estimated revenue has been increased through various plans, there is a total reduction of \$15,315.88 in our total tax commitment over that of 1952. The end result is a drop of approximately \$2.00 in the town's general tax rate.

Since the economic picture throughout the country is still very uncertain, any municipality is doing well when it is able to keep the tax rate at the same level as that of last year. Derry is fortunate to be able to lower the tax rate and to still render the required services. It is now up to the voters at the Town Meeting to have the final voice as to the amount that will be raised by taxation.

Town Warrant

State of New Hampshire

To the Inhabitants of the Town of Derry qualified to vote in town affairs:

You are hereby instructed to meet at the Veteran's Memorial Building, in said Town, on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

By vote of the Selectmen, the polls for this meeting will remain open from ten o'clock in the forenoon until six o'clock in the afternoon, and as much longer thereafter as the Town, at the opening of the meeting, may vote.

1. To elect a selectman for three years, a selectman for one year, Town Clerk, Treasurer, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Cemetery Trustee, Auditors and other necessary Town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for the suppression of moths, for police department and municipal court, for hydrant service and electric lights, for salaries of Town officials, for the Board of Health, for the expense of the Town halls, for support of the libraries, for State and County taxes, for the observance of Memorial Day, for aid to the Derry Visiting Nurse Association, for playground purposes and for band concerts, for co-operating with the State and Federal governments in the control of insect pests and white pine blister and for all other necessary charges arising in said Town, and pass any vote relating thereto.

3. To see if the Town will authorize the Board of Selectmen to sell and convey any real estate acquired through deeds from the Collector of Taxes or as reimbursement for assistance furnished to citizens, and pass any vote relating thereto.

4. To see if the Town will authorize its Selectmen to incur debts for temporary loans in anticipation of taxes of the municipal year in which such debts are incurred and made payable therefrom, by such vote, and pass any vote relating thereto.

5. To see if the Town will direct the Collector of Taxes to allow a discount to all persons paying their taxes within such period as the Town shall limit, to fix the rate of such discount, and pass any vote relating thereto.

6. To see if the Town will vote to approve the recommendation of the Budget Committee that the sum of \$500.00, taken from the income of the MacGregor Park Fund, be expended during the summer of 1953 for band concerts at said MacGregor Park, and pass any vote relating thereto.

7. To see if the Town will vote to raise and appropriate a sum not

exceeding \$650.00 (1/100th of one percent of the Town's valuation based on the 1952 assessment) to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town in co-operation with the other thirty-seven communities, and pass any vote relating thereto.

8. To see if the Town will vote to raise and appropriate the sum of \$1,184.02 for aid under apportionment A to match a State appropriation amounting to \$7,893.45 for the purpose of construction and reconstruction of class 5 highways, and pass any vote relating thereto.

9. To see if the Town will vote to raise and appropriate the sum of \$3,740.00 for aid under apportionment B to match an appropriation by the State of \$3,740.00 for the purpose of construction and reconstruction of class 4 and 5 highways, and pass any vote relating thereto.

10. By petition, to bring in your votes on the following question, viz: "Do you favor the continuation of the Town Manager Plan as now in force in this Town?"

11. To see if the Town will vote to authorize the Selectmen and Town Manager to purchase and acquire title, in the name of the Town, to purchase centrally located real estate for the purpose of establishing a central public parking space, and for this purpose, to authorize the Selectmen to borrow, upon the negotiable notes of the Town issued in accordance with the Municipal Bond Statute, a sum not in excess of \$12,000.00, to be repaid from parking meter receipts, and pass any vote relating thereto.

12. By petition, to see if the Town will vote to authorize the Selectmen and Board of Water Commissioners to borrow upon the negotiable notes of the Town issued in accordance with the Municipal Bonds Statute a sum not in excess of \$10,000.00 for the purpose of extending water main along Chester Road and bordering Beaver Lake, with the general idea of eventually extending water mains the whole distance around Beaver Lake, and pass any vote relating thereto.

13. To see what action the Town wishes to take regarding a revaluation of the taxable property in the Town of Derry and to raise and appropriate any necessary sum of money to carry out said revaluation, and pass any vote relating thereto. The Budget Committee voted to submit this article without recommendation. In the event this article is acted upon favorably by the meeting, the Budget Committee recommends that any appropriation for this purpose shall not exceed \$5,000.00

14. By petition, to see if the Town will vote to raise and appropriate the sum of \$500.00 to be used by the Derry Little League Baseball organization for the purpose of constructing a suitable playing field for the youngsters of our Town, and pass any vote relating thereto. Approved by the Budget Committee.

15. By petition, to see if the Town will vote to tar the Warner Hill Road and to raise and appropriate the necessary sum of money, and pass any vote relating thereto. This article has been disapproved by the Budget Committee upon information that plans are made to improve

a portion of this road.

16. To see what disposition the Town wishes to make relative to receipts from parking meters, it being the recommendation of the Budget Committee that \$525.00 from such receipts be transferred to the meter expense account and so used, and of the remaining balance that \$4500.00 be applied to the Police Department expenses and the remaining balance be placed with the Trustees of the Trust Funds to be expended for a parking lot, and pass any vote relating thereto.

17. To see if the Town will vote to authorize the Selectmen to borrow, upon the negotiable notes of the Town in accordance with the terms of the Municipal Bond Statute, an amount not exceeding \$22,000.00 for the purpose of replacing the water storage tank in Derry Village, and pass any vote relating thereto. This article has been approved by the Budget Committee.

18. To see if the Town will vote to authorize the use of the parking meters upon the streets of the Town for advertising purposes, and pass any vote relating thereto.

19. To see if the Town will vote to authorize the Selectmen to convey the East Derry Town Hall and lot connected therewith to the organization now occupying said hall as tenant, a provision to be inserted in the deed that should the grantee cease to use said building for the purposes for which it is now used, title shall revert to the Town, and pass any vote relating thereto.

20. To hear the reports of agents, auditors, and committees heretofore chosen, and pass any vote relating thereto.

21. To appoint any necessary committees on any article embraced in this warrant.

22. To transact any other business that may lawfully come before such meeting.

Given under our hands and seal of the Town of Derry this 21st day of February A. D. 1953.

Frank T. Buckley
James F. Hodgdon
Donald Bentley

Recreation

Because of the hot weather and excellent swimming conditions, as many as 200 children and adults took advantage of the facilities of Hood Park daily during the first half of the summer. The dry spell made it necessary to prohibit swimming for the better part of the last half and the attendance dropped to approximately 40 children daily. While the swimming conditions were good, the Red Cross swimming program enrolled 115 applicants that, actually, were too much for just three instructors to handle. The curtailment of the program meant that only eight children passed the Red Cross Beginners Test. The construction of a forty foot pier protruding into the pond proved to be a great asset to the swimming program and added to the attractions.

The start of the summer saw curtailment in the games because the Red Cross was unable to give its usual generous donation to supplement the funds. This was greatly aided by a gift of \$100.00 that enabled us to replace worn and broken equipment. The children were then able to enjoy shuffleboard, ping pong, badminton, soft-ball, horseshoes, volley ball, archery, and handicraft.

The major portion of the program at Veteran's Field was to supply an entirely new surface to the area. The entire area was turned over, fertilized, and reseeded with a special playground and athletic field seed. Barring the fact that teenagers used the freshly seeded field to try out their cars, it is hoped that a suitable surface will be available for next summer.

Public Welfare

The costs of public welfare have continued to climb during the past year. This is not unexpected with the cost of food, rent, and medical services increasing. The Town of Derry was particularly hard hit this year with two, of the seventeen cases handled by the town, costing \$3,262.57. There was a large unexpended balance in the Old Age Assistance account at the close of 1952 due to the fact that the bill from the state had not come in when the books were closed. The reason for the delay was an increase in benefits that made it necessary to change over the records of the state. This change also means an increased cost to the town during the coming fiscal year. 1952 also saw benefits extended to aliens that increased the cost of benefits slightly for the Town of Derry.

REPORT OF THE TRUSTEES

The use of the building facilities by small organized groups continued during the past year. The librarian's report gives in more detail the amount of use by groups who are using the library facilities to develop and maintain the cultural aspects of community life.

The plan of improving the physical plant was delayed due to the bids, which were higher than the planned expenditures. An increase in the amount of money requested for the installation of a new boiler if granted will permit this improvement to be made during the current year.

The board feels that the town is indeed fortunate to have such fine library facilities available. They also feel that the courteous, efficient service rendered by the present staff, Miss Hall, Mrs. Butman, and Mrs. Johnson is not surpassed by any library staff in a similar situation. With facilities and staff as fine as they are, the board cannot urge the public too strongly to make continued use of the library.

TOWN LIBRARIAN'S REPORT

A quote from a report by the Springfield, Mass. librarian is as follows:

"Is it possible to measure the real worth of a public library? The once generally accepted statistical standards are no longer adequate because in recent years the progressive public library has been steadily broadening the scope of its services. Librarians now realize more than ever that there are many intangible factors that must be considered in any reckoning of a library's influence on its community.

An examination of a library's activity over the past year demonstrates the fact that circulation and registration figures alone do not tell the story of a library's accomplishments. Statistics of circulation have shown a decrease in the number of books borrowed for home use but the use of our library as an educational center is constantly growing."

The Arts and Crafts, as well as the 4H Club, have been very active at the library during the last year with a two day craft show, classes, and monthly meetings. The Home Extension programs have held all day classes on such subjects as home repairs, household pests, and voice culture. The librarian and her assistant gave book reviews to various organizations as well as cooperating with the Derry Woman's Club in their library program. The library was also used for committee meetings by the Woman's Club, Daughters of the Revolution, Red Cross and Garden Club. The Barber Shop quartet singers organized their group, using the reading room for their evening meetings.

With A Book Fair as our theme, Book Week proved to be a very busy time. Publishers were very generous in loaning us many original illustrations, and the pictures displayed around the room were valued at

\$1,000.00. An exhibit of children's books ranged from the year 1790 to the attractive picture books of today. The highlight of the affair was when Robert Frost, the poet, and Prof. Wilbert Snow, educator, author and political figure, were guest speakers. Mr. Frost gave us an evening long to be remembered and then very graciously autographed books and programs. Later, Mr. Charles R. Green, of the Jones Library, Amherst, Mass. sent us an autographed copy of the "Robert Frost Bibliography" to add to our collection of material on the Derry poet.

The generous gifts to the library of many friends were greatly appreciated, especially the ten volume set of the Bible by Mrs. Fairbanks and the Christmas decorations loaned by Mr. and Mrs. Drake and Mrs. Lang.

TAYLOR LIBRARIAN'S REPORT

The circulation for 1952 has decreased by a small amount principally in the adult section. The junior fiction circulation increased by nearly two hundred volumes.

In November, the libraries celebrated Book Week. This year an anonymous donor presented the junior section with twenty volumes which caused delight and excitement with the children. The library also bought more books for the children and it would seem that fresh and attractive books can be a strong competitor for TV and the comics. In addition to catering to the children particularly, the library sponsored the Church Reading List.

Several of the big business corporations have gotten out attractive volumes relative to the life of the business and these have been presented to the library.

Since this is the 74th annual report of the Taylor Library, it is hoped that 1953 will be a banner year in the life of the Taylor Library so as to mark the 75th.

Unclassified

The unclassified accounts cover many headings that do not fall under any particular activities or departments. It is expected that the 1953 legal expenses will increase greatly because of tax litigation now going on. Actually, the Town of Derry's case is being watched by other parties in the same circumstances.

The activities in the meter account were entirely unsatisfactory to the town officials and are a reason for great concern. It is the understanding of the officials that the wish of the public is to use the meter receipts, minus the expenses as voted at the Town Meeting, for the construction and maintenance of an off-street parking lot. In 1952 this wish was not carried out because of the fact that the Tax Commission transferred \$10,000.00 from the meter account to the highway general account and reduced the highway general account by the same amount. Since this transfer was not called to the town officials' attention, the years operation was conducted as the officials understood the wishes of the public. The result was a great deal of confusion and a rearranging of the two accounts at the end of the year. To avoid similar circumstances arising again, an overdraft in the meter account, and loss of funds for the parking lot, it is strongly recommended that the town pass and record a vote at the coming town meeting as to their wishes on this account.

TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial - for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without teamwork, America and Americans would never have reached the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in or near the woodlands is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate - we must have team work. The remedy is simple:

YOU and you and YOU and you

- MUST - secure the required permit from your local forest fire warden before burning.**
- MUST - use necessary precautions while burning or smoking in or near the woodlands.**
- MUST - not throw lighted cigars, cigarettes or matches from vehicles moving along the highways.**

Otherwise you might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property.....

REMEMBER ONLY YOU AND YOU AND YOU
Can prevent fire.....

TEAM WORK WILL DO THE JOB

No. of local fires - 8 No. of acres burned - 7

William O Black
Acting Warden
Merton A. Webber
District Chief
