TOWN CLERK'S REPORT - 2

My office hours will remain the same as posted last year in this report.

Monday	1 - 7 p.m.
Tuesday	1 - 5 p.m.
Wednesday	9 a.m. - 12 noon
Thursday	1 - 5 p.m.
Friday	1 - 5 p.m.

I realize that these hours might not be convenient for everyone and I do my best to serve the public when they have a need. There have been a few times when I have not been able to make myself available even though I may have been home at the time. I apologize for any inconvenience this may have caused.

If you wish to come during other hours than listed above, please call first. Hopefully, MV will soon set this office up with the renewal stickers. Presently, a few towns each month are being programmed into the system. As I understand the program, you will still have the option of sending to Concord, as there will be an added fee of \$1.00 for renewal in this office. Perhaps this will be of help to those of us who forget during our birth month.

SELECTMEN'S REPORT

The Community Field is once again in use as a playing field. The parking area is not as yet completed and some equipment is still needed, but the appearance of the Field has brought many favorable comments and also much pleasure to those who play on it.

The Orford-Lyme Town line was walked and blazed by Everett Blake and John Harlow, a Lyme selectman. When the survey has been completed by the Federal Government for the Appalachian Trail, the Orford-Wentworth line will also be walked.

We hope that the litigation over the Stonehouse Mountain Development and road will be satisfactorily settled in the coming year.

Orford has joined with several other towns of under 1000 in an effort to solve the problem of solid waste disposal. An appeal is being made for a change in the rules so that open burning at the dump may be continued.

It was necessary to replace the furnace in the Town Hall this year and while the furnace itself was covered by warranty there was expense involved in the relining. The roof of the selectmen's office must be repaired this year as well as some exterior work on the Town Library.

There has been a cooperative effort to keep in touch with the Road Agent, Roger Noyes, who has done excellent work despite a limited budget. Because there were heavy expenses during the first part of 1982, it was necessary to cut the hours of the highway crew to stay within the budget. We also used the State Highway Subsidy money for labor-oriented projects thereby postponing several capital expenditures. A much needed new culvert was placed on the Indian Pond Road with funds from TRA and due to the increased traffic on the Orfordville-Lyme Road, this road has been widened on the south end.

Our concern for the age and condition of the existing Town equipment, as well as high replacement costs, and the desire for a stabilized tax rate have prompted us to include in the budget requests for capital reserve funds for future replacement of this equipment.

Richard Butman has continued his work on the up-dating of property transfers and assessment cards. We wish to thank the volunteers who helped with the mailing of the Town Reports and the processing of inventories, and we appreciate the time which is given by those who serve on the various commissions.

Special mention should be made of the precise work which has been done by the Town Treasurer, Gunther Sunderhauf, who celebrated his 90th birthday in January. He has served the Town long and faithfully and we are glad that he will run again for a 3-year term as Treasurer.

We look forward to the coming year and, as always, will welcome the comments and suggestions of Orford residents in our effort to provide good government for the Town.

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N. H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.

ORFORD POLICE DEPARTMENT

According to a recent New Hampshire Chief's of Police survey there should be one full time police officer for each 600 residents to provide adequate police protection to any community. FBI Law Enforcement Personnel Statistics figure that 1.4 full time police officers per thousand residents would provide this coverage in a rural area. Based on the above statistics provided by these professional law enforcement organizations and the population of Orford being about 926, it is indicated that Orford should have 1.3 full time officers. This need has been further substantiated by this department's work load. Since I have taken over the position of Chief of Police, I have found it impossible to give the town proper police protection within the budgeted hours. (In 1982, I worked an average of 17 hours per week or approximately 2 1/2 hours a day).

Nearly all the demands on my time have been complaint originated. In fact, I received over 795 telephone calls in 1982. You, the taxpayers and residents of Orford, deserve more police protection.

REPORT OF THE ORFORD PLANNING BOARD

The Orford Planning Board's regularly scheduled meetings were held on the third Monday of each month.

We have received and acted upon five requests for residential subdivisions and one request for a variance. One subdivision request was denied by majority vote. This denial is currently being appealed to the Superior Court.

During the course of the year, a subdivision approval was granted to Wagner Woodlands and Prettyman, Inc. to enable them to deed land to the Appalachian Trail Association. The Board has been contacted by the Land Acquisition Division of the National Park Service of the United State Department of the Interior and informed of the planned acquisition of lands within the Town of Orford. This information was in turn given to Mrs. E. Bischoff, Town Selectman.

The Board wishes to thank Larry Ricker, who resigned, for his years of service to the Town as a member of the Planning Board.

REPORT OF THE SWIMMING PROGRAM COMMITTEE

As was requested at Town Meeting 1982, we have investigated the possibility of starting a swimming program here in Orford.

Evidently this is quite possible with the town having to pay only for the instructors' wages and perhaps other small incidentals for preparing the Indian Pond area.

Docks used for instruction and recreation are not required by the Red Cross but can be helpful. Buoys and roping are provided free of charge by the Red Cross.

I am in communication with the water safety chairman of the Hanover Chapter of the American Red Cross. He will be providing us with figures and standards with which we need to comply. These figures and standards will be ready for discussion at Town Meeting.

REPORT OF THE ORFORD COMMUNITY HEALTH
SERVICE

The following is a summary of the Nurse's hours both school and public health for the year 1982:

Skilled nursing	346
Clinics & conferences	88
Staff development	34
Community activities	64
Mini clinics	135
School nursing	<u>294</u>
Total hours	961

During our Well Child Clinics we saw 216 children. At these clinics we offer physicals, immunizations, blood work, vision and hearing and urinalysis. We also offer blood pressure screening for the adults. These clinics are held on odd months in Orford and even months in Lyme.

Our arrangement with Piermont is the same as in the past. Piermont contracts with the OCHS for public health nursing.

The OCHS now has a contract with the Hanover Visiting Nurse Agency. Hanover provides skilled nursing which when needed offers home health aides, physical therapy, occupational therapy and speech therapy when ordered by a physician. This obviously expands all services greatly, and allows patients to remain home for this care rather than having to be hospitalized.

Karen Garrigan is now the visiting nurse for Orford and Piermont. The OCHS office phone is still 353-4853. There is an answering machine in the office to take messages when the nurse is not in.

Many thanks to all who volunteered their time and effort to the OCHS activities.

ORFORD SENIOR CENTER

The Orford Senior Center, Advisory Committee has met the last Tuesday of each month throughout the year.

Our year started with a problem, the Nutrition Policy Committee, of the State Council on Aging, was working on a new rule that would close down all one day a week meal sites throughout the state, on August 1, 1982. This aroused the seniors all over the state, and especially our seniors and friends in Grafton County. It was their help by writing and sending of letters and petitions to the Governor, Governor's Council, Chairman and Executive Director of the State Council on Aging. With this type of action throughout the state, the Nutrition Policy Committee finally tabled the rule that would close the one day a week sites, without bringing it to the floor for a final vote.

This is not just a one day a week meal site; we try to do as much as we possibly can for the communities that we serve. 50% of our volunteer hours are from services apart from the meal site such as, Friendly Visitors, Good Neighbor Aide, Telephone Reassurance, Information, Referral, Transportation and Hostess to the Elderly.

Volunteers are available to transport seniors that have no other means to make medical or dental appointments; we would like to have advance notice for this service. Call Douglas Rolfe, 353-4826 or Howard Sommer, 353-4576.

I would like to thank each and every one of our friends, seniors and volunteers for a job well done, without their help and support this program could not continue.

REPORT OF THE
ORFORD ECONOMIC DEVELOPMENT COMMITTEE

The Orford Economic Development Committee has completed a small flier for distribution describing the positive points of our community. This flier was prepared for the purpose of attracting small business and light industry to Orford. Supplies have been distributed to the New Hampshire Industrial Development Agent, real estate agents, banks, stores, bus stations and airports. We have an ample supply for anyone who would like to help us distribute them.

At present the committee is preparing a small pamphlet with photos and more detailed information which will give a broader view of our beautiful town.

The committee has contacted the New Hampshire Governor, Congressmen and Senators to see what advice and help they can offer this committee. On Friday, January 28, 1983 we met with the Chief of Staffs from Senator Humphrey and Senator Rudman's Office. This was a very positive meeting and we look forward to working with the offices of both Senators and others in an endeavor to locate small business and light industry for our town.

We hope residents will continue to help our committee by informing us if they have property or buildings for sale or rent; also, if they have any leads on small businesses that might consider locating in Orford.

REPORT OF GRAFTON COUNTY COMMISSIONERS

In our continued effort to communicate more directly with the taxpaying citizens of Grafton County, we take this opportunity to reach you through your annual town/city report.

Budgeting becomes more complex each year due to variables and unfunded state mandates. Until authority accompanies funding, our local governments will have little control over spiralling taxes. Counties encounter funding problems similar to towns/cities. We are continually absorbing more costs of state/federal programs. This year local governments picked up a 25% increase in their share of the OAA/APTD/ICF grants. Child placement costs are increasing dramatically with the private foster homes rapidly being replaced by more expensive group homes, some costing \$25,000 to \$40,000 per year compared to private home rates of \$2,400 to \$3,600 per year.

Our new sewage system, tied in with Woodsville Precinct's treatment plant, was complete and operational in February 1982.

Many dollars are being saved in energy accounts through conservation measures. Fuel costs were reduced by 20% and electric costs by 8% in fiscal year ending June 30, 1982, saving \$41,800.

Finishing the second superior courtroom will cost approximately \$169,500. Bonding is approved and the project should be completed this spring.

The Jail & House of Correction had another busy year. Average census was 38. We continue to get inmates with mental or emotional problems requiring additional staff and medical treatment and higher medication costs. No change is foreseen in the admission pattern due to the continuing discharge policy of N. H. State Hospital. Pending legislation requiring more severe sentencing for some crimes will increase duration of stay and census, proportionately increasing the burden on correctional staff.

The County Farm is a productive asset to the County through participation in Extension and Conservation Service programs and by creating meaningful work for House of Correction inmates. Volume of milk remains constant although the revenue dropped slightly due to decrease in federal parity. Quality of the Holstein herd is excellent. Revenue from livestock sales grossed \$25,092 last fiscal year, and produce grossed \$40,016 for the Farm.

The Commissioners meet Mondays at 9:30 A.M. at the Courthouse, 1:30 P.M. at the Nursing Home. Meetings are open to the public.

ANNUAL REPORT OF THE PRINCIPAL

To the Citizens of Orford:

The Orford Schools represent a challenge for each student to progress individually depending upon his or her motivation, ability and interest level. The continued excellent performance of our students in all phases of education definitely reflects their potential.

Staff and Enrollment

Eight new staff members were added this year. They are: Dale Gilson, Kindergarten teacher; Catherine Shope, second grade teacher; Terry Stone-Porreca, third grade teacher; Mary Jo Kitchen, 4th grade teacher; Anna Dewey, music; Larry Ryan, industrial arts instructor; Eileen Watson, Learning Disabilities aide; Richard Smith, custodian.

The enrollment continues to decline, down to 179.

Repairs and Upkeep

The C. E. T. A. program was continued for our community for another year. Consequently, much was done by Dick Smith and his crew to improve the overall appearance of our three buildings. All lighting fixtures, walls, desks, windows, and floors were washed in all of our buildings. All rugs were shampooed. Broken desk chairs and windows were repaired. Memorial Hall's entranceway was repaired and painted. The wooden floors were chemically stripped and sealed which resulted in an improved appearance and easier maintenance. Mopboards and some ceiling tiles were installed. Windows were recaulked and weatherstripping was installed. Bookcases were repaired as were the swings at both the 'Ville and the Middle Schools. The gymnasium floor was stripped and waxed. Portions of the Middle School roof were retarred and recaulked. Some small plumbing projects were also completed. Estes and Gallup repaired the side entranceway and the fire escape to the High School and resingled the roof as well. Through a matching energy grant, new energy-efficient lights were installed in the gym, insulation blown into the walls of the Middle School and 'Ville, night set-back panels installed to the boilers in the Middle School as was a stabilizer. The boilers were cleaned and tuned for maximum efficiency and storm windows were added to the Middle School. As we enter the third year of our five-year maintenance plan, we look for an ever better appearance and efficiency.

Curriculum

As a result of our local accountability testing required by the State Department of Education and the Metropolitan Achievement Tests, we can proudly point to positive results, as was reported in

ORFORD PRINCIPAL'S ANNUAL REPORT - 1983 - 2

the February Newsletter. We can, therefore, feel comfortable with student improvement and look forward to even more favorable scores when a curriculum review is completed. One course that was added this year and which has proven to be quite popular is the computer literacy course. With only one terminal, enrollment has necessarily had to be limited. We look forward to augmenting our number of terminals through a block grant next year.

Conclusions

Many thanks for continued support goes out to Dr. Hugh Watson, Superintendent, Eugene Roddy, Director of Pupil Personal Services, and their central office staff; my assistant principal Jerry LeSage and Middle School head teacher Gary Wells; and my highly-efficient and dependable secretary Mrs. Janet Kee. My appreciation and gratitude is extended to them, to the School Board, to the staff, parents and students for their assistance during the year.

The financial statements on the next pages have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. This method of accounting recognizes accounts receivable and accounts payable as revenue and expense in the year in which earned or incurred rather than the year in which received or paid. The School District's books of account are maintained on the cash basis in accordance with generally accepted public school practices.
