13. To see if the Town will vote to authorize the Tax Collector to accept prepayment of taxes.

14. To see if the Town will authorize the selectmen to apply for, receive and expend federal or state grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the town may legally appropriate money, provided: (1) that such grants and other monies do not require the expenditure of other town funds, (2) that a public hearing shall be held by the selectmen prior to the receipt and expenditure of such grants and monies, and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town monies, all as provided by RSA 31:95-b.

15. To see if the Town will accept a portion of Windsor Terrace running from Deer Meadow Road to the westerly bound of the property line of William and Beth Inman providing that construction of a turn-around be completed at no expense to the Town and to the satisfaction of the selectmen and the road agent.

16. To see if the Town will vote to discontinue an old road which runs parallel to the westerly side of present Route 127 from the northerly line of Forsberg property approximately adjacent to the intersection of Route 127 and Pearson Hill Road.

17. To see if the Town will vote to delete printing the taxpayers' list in the Town Report.

18. To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town, or other governmental unit of the state to five percent. (BY PETITION)

19. To see if the Town will vote to transfer tax lien property to private owners by advertised sealed bids. The Selectmen shall have the power to accept or reject any or all bids, and sign and deliver suitable deed to successful purchaser.

20. To see if the Town will vote to authorize the Selectmen to sell by sealed bids the old office safe (which is no longer needed since the construction of the vault and records room). The Selectmen shall have the right to accept or reject any or all bids.

21. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and eighty-one.

TOWN OF WEBSTER AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Webster
Webster, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Webster, New Hampshire as of and for the year ended December 31, 1980, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1F, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements and combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Webster, New Hampshire at December 31, 1980, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements and the combining and individual fund financial statements taken as a whole. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined statements of the Town of Webster, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

TOWN OF WEBSTER
NOTES TO THE FINANCIAL STATEMENTS
December 31, 1980

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Basis of Presentation

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equities, revenues, and expenditures or expenses. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

Governmental Funds

General Fund – The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Federal Revenue Sharing, Federal Antirecession, Old Home Day Association and Public Library Funds.

Fiduciary Funds

Trust Funds – Trust Funds are used to account for the assets held in trust by the Town for others.

B. Basis of Accounting

The accounts of the General, Special Revenue and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the state or in the case of judgments and claims against the Town, when there is a probability

that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. The Town follows the policy of recording property and resident taxes on the accrual method and other General Fund revenue, such as motor vehicle excise taxes, on a cash basis. Federal revenue sharing assistance is recorded as receivable and a revenue as the entitlement occurs. Federal and state reimbursement type grants are recorded as receivables and revenues as the related uses are recorded. The accounts of the Nonexpendable Trust are maintained and reported on the accrual basis of accounting.

C. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; therefore, the reserve for encumbrances is reported as part of the fund balance, although the transaction is accounted for as a reduction of budgeted appropriation in the year the commitment is made.

D. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

E. Inventories

Inventory in the general fund consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

F. General Fixed Assets

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Note 2 – SANITARY LANDFILL AGREEMENT

The sanitary landfill agreement with the Town of Hopkinton provides that the Town of Webster will pay 20% of the yearly expenses of the landfill operation. In addition, the Town receives from Hopkinton 20% of its receipts from the Town of Warner for its use of the facilities. The net expense to the Town in 1980 after the above reimbursement was \$2,403.

Note 3 – TRANSFERS TO CAPITAL RESERVE FUND

The 1979 town meeting appropriated \$10,500 for a vault and records room with the funds being withdrawn from the Capital Reserve Funds – Building Fund. The project was completed during 1980 at a total cost of \$8,430. Accordingly, \$2,070 was returned to the fund. In addition, \$2,000 was transferred during the year for a new police cruiser in accordance with the vote at the 1980 town meeting.

REPORT OF HIGHWAY DEPARTMENT

The work on Warner Road was completed in 1980 using TRA funds and additional highway subsidy money. The portion of Warner Road completed in 1980 was sealed, as well as a portion of Pleasant Street. Concord, Drive, Franklin Pierce Drive and New Hampshire Drive in the Pillsbury Lake area were also sealed.

Roadsides were mowed and brush cut on many of the roads. A brush chipper was rented to save the time and expense involved in hauling the brush away.

It is undecided at this time where TRA work will be done in 1981. Clothespin Bridge Road from Blake's field to Dingit's Corner is in need of repair, also Lake Shore Road. The sharp corner on the Dustin Road is a serious problem which will be given consideration. We plan to seal Clough and Sanborn Hill, and a portion of Pearson Hill Road.

We again had an unexpended balance of appropriations in 1980 amounting to \$5,947.00. More roadside work was planned but our first snowstorm on November 18th cancelled these plans. Our maintenance budget of \$45,000.00 is again requested, with the hope that this will cover any cost increases.

Respectfully submitted,
Robert E. Mock
Road Agent

REPORT OF BUILDING INSPECTOR

New homes in Webster were at the lowest level in several years due to the economic conditions existing during the year.

Eight permits were issued for new housing, with Tylder Road being the most active section of town.

Yours respectfully,
Samuel J. Wilson

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

REPORT OF THE WEBSTER FIRE DEPARTMENT 1980

The officers of the Webster Fire Department for 1981 are as follows: Deputy Chief, Bill Welcome; Captain, Mike Jenovese; Lt., Bob Lake; 2nd Lt., Dan Creighton; 2nd Lt., Peter Wild; Sec.-Treas., Sue Shoemake; Medical Squad Director, Carol Creighton. We have a total of 23 active members. We will welcome new members; anyone interested please contact me or visit us at a meeting or training session. We meet every thursday night at 7:30 p.m.

The year of 1980 was a very busy one for the Webster Fire Department. We responded to 103 calls (an increase of 69% over 1979): Medical Aid, 29; Mutual Aid, 18; Auto Accident, 7; Chimney Fire, 19; Mutual Aid Drills, 5; Structural, 2; Brush, 6; Illegal Fire, 1; Smoke Investigation, 6; Car Fires, 2; Fire Alarms, 2; Search for Lost Persons, 2; Public Service Calls, 4.

Our average response time has improved to 2.9 minutes. This is the period from the time of the initial notification to the dispatch center until the first truck responds from the station. During the year of 1980, the responses of the Webster Fire Department were backed up by, and the Webster station covered by fire apparatus from the surrounding Mutual Aid System towns and cities, totaling 41 pieces of apparatus (not including ambulances), which responded to Webster at various times.

Training during the past year has included a CPR course and the continuation of the N.H. State Fire Fighter Certification Course. Members also attended various courses at Lakes Region Fire School, Meadwood Fire School, and N.H. Fire Service Training sponsored classes.

The Webster Fire Department Medical Squad continued to build itself up, both in training and in equipment, making it a more efficient first response and stabilization unit. 1981 is going to be a very busy year for its members, because it brings the need of refresher courses in Advanced First Aid, EMT and CPR which are required to maintain current Ambulance and National Registry of EMT licenses.

Our present equipment consists of a 1973 Ford Pumper, a 1967 Ford Medical Unit and Mini-Pumper, a Civil Defense 1953 Dodge $\frac{3}{4}$ ton pick-up (utilized by us to carry forest fire equipment) and a State of N.H.-owned 1963 Military $2\frac{1}{2}$ ton 10-wheel drive tanker.

In presenting this year's budget, we have tried to stay within guidelines without sacrificing the quality of service we provide. Our operating budget has had to increase slightly because of the increase in prices of heating oil, gasoline and electricity. During the past year, we weatherstripped and insulated the station to try to decrease oil consumption, but our 69% increase in calls took its toll in gasoline and the cost of maintenance to equipment. We are requesting equipment

which we feel is necessary to maintain our present level of improving protection and to up-date badly worn hose and equipment.

This year, we are requesting the purchase of a new combination pumper-tanker to update our equipment and raise our standard of protection. We need a more efficient and dependable tanker, which could also be a source pumper capable of supplying water at the fire scene in conditions where water is readily available. This truck would also reduce the dependence on the one pumper we now have. If we purchase this vehicle this year, we can save considerable money by utilizing group purchasing with four other towns in the Capital Area Mutual Aid Compact that are also requesting similar pumper-tankers.

The firemen's fund-raising continued this year, with a lobster-clambake, a booth at Hopkinton Fair, and raffles. We raised almost \$2,000.00, which was used to buy equipment, help with training expenses and to purchase chimney cleaning equipment which is available for public use by the residents of Webster.

If you ever have a problem or need information regarding fire-related items, please feel free to contact me or a member of the Department.

January of 1981 has been a busy one; we have had 11 calls, mostly chimney fires and auto accidents. Our Department will continue to serve you as promptly and efficiently as possible whenever necessary; however, it is our sincere hope that you will never need to call on us!

I would like to thank the residents of Webster for their support, donations and help; and especially I wish to thank our firefighters and Medical Squad members for their sacrifices of both time and money in providing an important service to the Town of Webster.

Respectfully submitted,
David W. Jones, Chief
Webster Fire Department

REPORT OF WEBSTER FREE PUBLIC LIBRARY

Our library has had a new librarian this year, Janice Dawe. Besides her library duties she has completed two library courses.

The Friends of the Library have been working hard this year, taking care of the library Monday evenings and Wednesdays from 4:00 P.M. to 7:00 P.M. They have also been working towards a gift for the library next year.

We have added 222 new books to our collection, and 60 books were lost or discarded. We have about 4,062 books for circulation. We are happy to announce that our circulation was on the increase this year and we hope the townspeople will use and enjoy our library.

REPORT OF THE POLICE DEPARTMENT

The Officers of the Webster Police Department wish to again extend many 'thanks' to the citizens of the Town for their alertness and cooperation in observing and reporting anything unusual. This year we have received many calls and we are very pleased that you are becoming adept at noting license numbers; watching one another's homes when the neighbor is away; jotting down descriptions of vehicles, etc.; and reporting to us whenever necessary. It is a pleasure to work with you all and you do help us to serve you better.

We are grateful to you for granting our request for three portable radios last year. These have been indispensable in giving you the service you are entitled to.

As noted last year, the State of New Hampshire Police Standards and Training Council has passed a law that all part-time officers have to become Certified before July of 1981. We are pleased to inform you that nearly all of our officers are already certified, and that the remaining ones are working on their certification now.

In Nov. of 1980, the Town voted in the leash law. This will mean more police hours enforcing this, as dog complaints have, for some time, been a problem in this rural setting.

We have had someone at your disposal 24 hours a day, 7 days a week, ever since I became Chief. We want to continue giving you 24 hour a day coverage. However, it is impossible to do this on a completely part-time basis, and also hold down a full-time job elsewhere. No one can be out until the wee hours of the morning, and still respond to an 8 hour a day full-time job besides, on a regular basis. It was because of this that I had to make a choice last May — either police work OR a regular job. I enjoyed the police work and had a promise to you to live up to, so I gave up the other job. I have been giving you full-time police coverage as your chief of police since last May although I only received part-time wages. I wish I could continue to do this, but, a man with a family cannot exist on a position that only pays a part-time salary for long. Therefore, this year we are asking you to let me, as your chief of police, go full-time for a full-time salary so we can continue to give you the 24 hour a day, 7 day a week coverage that you have been having. We feel that this type of coverage we have been giving you has paid off since we have had a decided drop in breaking and entering and loss of property through theft. We are proud to note that in the breaks we have had, nothing was missing in several, (which leads us to believe that whoever did them might have left in a hurry through fear of discovery). In the few in which items were taken, we have been able to recover items from most of them, and have completely cleared up one-third of the cases. We have also noted a drop in other criminal activities in town, which we feel is due mostly to our being around 24 hours a day, and being out on patrol at all hours.

As the economy changes, so does the need for police services. We have been very busy this past year, keeping our Town the happy, safe little town we all know and love and want it to remain. If we could place gates across all the highways entering town and keep outsiders out, we probably would have little need for a full-time police officer. But, since this is not only impractical, it is also impossible — we do have a need for police services the clock around. It is interesting to note that most of our arrests are NOT townspeople but out of towners, with a big percentage of them even being from out of State! Last summer you all read in the papers of the poor little old man who was killed by youth from out of town while he was living in a small town north of here. Alleged motive — robbery. Recently, in Northfield there has been a knifing and a shooting incident. At the time of this writing, we have recently had, right here in Webster, what at this point in time appears to be an armed robbery in the home of one of our residents, which resulted in a shooting incident. This is still under investigation so I cannot tell you more at this time.

Once again we thank you for your assistance and your past support. We are looking forward to your continued support, and hope you will grant me my request to become your full-time officer so I can continue to serve you to the best of my ability.

Respectfully submitted,
Aime J. Roy
Chief of Police
Webster, N.H.

FEASIBILITY STUDY—FULL TIME POLICE OFFICER TOWN OF WEBSTER, N.H.

On January 21, 1981 a committee was established to conduct a study as to the feasibility of a proposed full-time permanent police officer for the Town of Webster. This committee was authorized by the Town Selectmen and appointed by them for the purpose of researching certain facts and statistics toward this end.

Any community which chooses to go full-time must be prepared to adequately compensate that full-time man or department or find that good men will, after being trained by the community, leave for employment where salaries are adequate. In this regard police salaries must be set with due regard to the individual communities ability to pay through taxes and perhaps just as important, that communities desire to pay.

Comparison of Town of Webster Police Operations for period 7/01/79 thru 12/31/79 and 6/01/80 thru 12/31/80. (Figures provided by Town Report and Chief Roy.)

A review of the Town's insurance coverage indicates there would be no increase in cost to the Town for Cruiser Liability Insurance coverage and no increase for Professional Liability Insurance coverage.

In light of the changing economic conditions and difficulty in judging any increased costs in operation of the cruiser no figures have been included on this point.

A check with the Merrimack County Sheriff's Department has indicated that they would be available to assist in the prosecution of cases and in criminal investigations upon request of the Chief. This is based on type of case and availability of personnel.

Assistance to the Webster Police Department is available based on manpower availability from surrounding Departments as it has been in the past. By the same token, Webster assists those Departments requesting help, again on availability of manpower.

COMMUNITY ACTION PROGRAM Belknap-Merrimack Counties, Inc.

The Kearsarge Valley Community Action Program located in the Old Graded School, Main Street, Warner, serves eight towns in Merrimack County: Bradford, Henniker, New London, Newbury, Sutton, Warner, Webster, and Wilmot. This year we were able to double the dollar amount of services to the Elderly and low-income families of this area. That translates to \$354,463.63 in services.

Services to the Elderly include Meals-on-Wheels and the Senior Companion Program for shut-ins; Congregate Meal Sites in Henniker, New London-Wilmot, and Warner; and a Rural Transportation Bus that gets Senior Citizens into Concord. Our fuel assistance program last year reached 220 families in the eight towns. We expect that this year even more people can be helped. We are again offering an Adult Basic Education Course teaching basic skills in the areas of parenting, family health, money management and nutrition. In addition, this year we are going on 24-hour call for emergency situations. There will be a phone number published when the program gets into full operation.

The money your town appropriates for Community Action goes to run the Area Center in Warner. The Center's budget goes for salaries, travel expenses, office supplies, and the cost of heat and maintenance for the Community Action Neighborhood Center. The federal government provides the bulk of monies for the 1981 budget. What we ask from each town is a percentage of program participants from each town.

REPORT OF THE CONSERVATION COMMISSION

Last spring about 500 trees and shrubs which produce food for wildlife were planted. It is planned to continue planting this spring. We are working with the New England River Basins Commission regarding ground water problems. We have held joint meetings with Boscawen about common concerns of land use. We are required to become involved whenever wet lands or water bodies are changed. Of immediate interest are plans being considered by the Corps of Engineers to use the Blackwater River to produce electricity.

TOWN MEETING March 11, 1980

Meeting called to order at 8:00 P.M., followed by a prayer by Rev. Arlington Wry. Moderator, Randolph Inman, read an original poem by Mrs. Catherine Wry, entitled "Town Meeting".

In honor of our retiring selectmen, Paul Mock, a gift was presented to Mrs. Winifred Mock, in behalf of Paul who was unable to attend the meeting. Besides serving as Selectman for many years, Paul filled other offices in the town, from 1938 to 1980. A standing ovation was given in appreciation for the many years of faithful service rendered.

It was voted to dispense with reading the warrant.

Article 1.

Article 2.

Voted to raise \$8,400 for Town Officers' Salaries and \$13,000 for Town Officers' Expenses; this includes rent of the Grange Hall, municipal meetings and dues, Town reports and the computer system service. Voted to raise \$1,550 for Election & Registration Expenses, \$1,650 for Maintenance of the Library, Selectmen's Office and Police Dept.; \$1,000 for a new toilet facility; \$2,750, repairs to Firehouse (includes roof and door repairs, cement blocks for foundation, etc.) Question: Will this be put up for bids? Fire Chief, David Jones, stated that it would. Voted to raise \$1,600 for paving at the Fire Station. \$1,500 was voted for property reappraisals. \$14,500 was raised for operating budget of the Police Dept., with a pay scale of \$1,000 for Lieutenant, \$800 for Sergeant and \$500 for officers, no matter how many hours are worked. \$3,549 voted for rechargeable portable radios. Motion was made and withdrawn to raise \$1,000 for a future police cruiser (fund) and another motion was made to raise \$2,000; seconded and voted.

The Operating budget of the Fire Department of \$8,953 was voted, also \$800 for Medical Budget, \$5,550 for Capital Outlay— New Equipment (includes purchase of portable radio, Scott air packs and portable pagers.) \$3,000 was voted for a new well. The firehouse has been piped into the parsonage well for several years. A location for the well has not been determined.

A vote of 50 No to 30 Yes (hand votes) defeated the proposal to put \$10,000 in Capital Reserve for Future Fire Equipment.

\$150 was raised for Planning & Zoning; \$9,000 for Insurance, \$50 for Civil Defense, \$50 for Conservation Commission, \$650 for Ambulance use, \$1,166—Franklin Visiting Nurses' Association, \$6,000 for Sanitary Landfill (Operating budget). \$3,400 for Capital Reserve was defeated by voice vote; this referred to Sanitary Landfill Capital Reserve Fund.

Under Highways, \$890 was voted for Town Road Aid, \$45,000 for Town Maintenance, \$3,000 for General Expense of Highway Dept. and \$8,120 for additional Highway Subsidy.

\$3,000 voted for the Library, \$600 for Town Poor and \$5,550 for Old Age Assistance. \$500 was voted for Old Home Day, \$500 for Park and Playground, \$3,500 for Cemeteries—a new edger is needed this year. \$1,500 was raised for Damages and Legal Expenses, \$700 for Community Action Program. \$5,000 raised for interest on temporary loans. \$889 for Advertising and Regional Associations was voted down (voice vote).

Article 3.

Voted to authorize and empower the Board of Selectmen to borrow for the Town, a sum not exceeding \$150,000 in anticipation of taxes for the year 1980 and otherwise as stated in Article 3 in the warrant. Hand vote: Yes, 70; No, 0.

Article 4.

Voted to authorize the Tax Collector to accept pre-payment of taxes.

Article 5.

Voted by ballot vote: to adopt the provisions of RSA 654:34-a, relating to changes in party affiliations. Yes, 122; No, 23. Voters may now register their change of party affiliations with the Town Clerk.

Article 6.

Voted, as stated in the warrant, allowing the Selectmen to apply for, receive and expend federal and state grants.

Article 7.

Voted to transfer tax lien property to private owners by advertised sealed bids; the Selectmen shall have the power to accept or reject any or all bids and sign and deliver suitable deed to successful purchaser.

A suggestion was made that more people should attend both town and school meetings. An idea was presented, whether or not to have informal hearings in regard to community actions and town matters, sometime, possibly in the fall.

Chimney brushes, purchased by the Fire Department, will be available for townspeople to use, also telephone stickers with emergency numbers, are also available.

In reply to a question concerning the Pillsbury Lake Hunting Preserve, deeded to the Town, David Batchelder stated that it had been deeded back to the Pillsbury Lake District in 1974.

The meeting adjourned at 10:30 P.M.

Respectfully submitted,
Ruth A. Stebbins
Town Clerk

ANNUAL MEETING CLERK'S REPORT – MARCH 15, 1980

The annual meeting of the Pillsbury Lake District was called to order at 10:05 by the Moderator, John Porter.

The Moderator proposed that Articles 4 and 5 be considered after Article 8 of the Warrant so that the routine business could be completed prior to possibly prolonged discussion of the new well project. This was agreed unanimously by the voters, and none left the meeting until it adjourned.

Article 1.

The report of the district commissioners was given by Stephen R. Gilman and approved as read.

Article 2.

Officers elected: to serve until the Annual Meeting in March 1980:

- A. Clerk – Elizabeth C. Schulz
- B. Moderator – John Porter
- C. Treasurer – Gladys Lee Durgin
- D. Auditor – Virginia Ruzgis;
to serve until the Annual Meeting 1983
- E. Commissioner – Lester R. Schulz

Capital Expenditures	
Distribution System Improvements (Water Line Cross-Connection)	<u>2,000.00</u>
Total	\$16,050.00
New Well and Appurtenances	
New Well & Related Improvements	16,678.71*
New Well & Related Improvements	<u>10,000.00**</u>
Total	\$42,728.71

It was brought out in discussion that this sum listed in the warrant under New Well and Appurtenances properly belonged instead in the Permanent Improvement Account since it is to meet an existing obligation and is not part of any future sum to be spent on the new well. It was so voted.

* Remainder of Supplemental Appropriation — 1979; see report on Article 5, below.

** See report on Article 4, below.

Article 4.

This is a lengthy article in regard to improvement of the water supply and service in the District. The commissioners described it impossible to complete it up to the present time, noting that the 300-foot deep well on the peninsula has an estimated flow of 30 gpm or more. The principal factors are (1) the presence of hydrogen sulfide and, as verified late in the season, an excess of manganese and a rather high iron content in the water; and (2) to add a purification system and its back-wash septic field to remove these impurities would bring the total projected cost to a sum beyond that appropriated at the Special Meeting of July 21, 1979. The commissioners have continued

with planning to complete development and connection of the new well on this basis and obtained estimates to do so, which total approximately \$26,000; that is, \$10,000 more than the residue of the existing (1979) appropriation. Also explored were other alternatives mentioned in Article 4, where they are included to provide latitude to permit their persual in the event that for any reason it were to become impractical to develop and connect this well to the system. After discussion by the meeting, the voters voted unanimously to raise by issue of bonds or notes and to appropriate the additional \$10,000 for the purposes stated in the warrant.

Article 5.

The purpose of this article was to obtain authority to use funds from the appropriation made at the 1979 Special Meeting to acquire, install and connect a moderate sized storage tank and booster pump to the water system if found necessary and feasible to do so, as well as for the purposes for which it was originally voted. The voters voted unanimously to approve Article 5 as written.

Article 6.

Voted unanimously to raise by taxation and appropriate the sum of \$5,970.07 to pay expenses and charges of the district not covered by water revenue and other available funds for the ensuing year.

Article 7.

Voted unanimously to authorize the district commissioners to borrow money in anticipation of revenue and taxes.

Article 8.

Voted unanimously to authorize the district commissioners to transfer any unexpected balance of money from one appropriation to another within the budget.

Article 9.

Other business:

(a) The commissioners referred to the Clerk's Report (Article 9) of last year's Annual Meeting in which they were charged to formulate and present a plan for purchase of lots put up for tax sale by the Town of Webster; such land to be held for future location of wells and water system facilities or for other district use. It was explained that consulta-

tion with the Department of Revenue Administration revealed that under RSA 80-26, village districts do not have authority to bid at town tax sales. It is practicable; however, for a district to purchase land from a town which holds clear title thereto as a result of final tax sale purchase. Therefore, the commissioners intend to review the characteristics of such land as the town may in the future wish to sell, to see if any parcel meets the criteria of district need, and to consider initiating the steps necessary to obtain authorization and appropriation by the voters to make such a purchase.

(b) A question was raised from the floor as to whether the commissioners could assist in obtaining the extension of cable-TV to the District. There was some discussion regarding what might be involved in such a matter, and the response was that the commissioners do not have the authority to do so.

(c) Mr. Gilman informed the meeting that according to a new state law which takes effect on June 24, 1980 (RSA 332-E7) certification of public water system operators is required. The law provides for certification of existing operators without examination. Applications will be submitted in accordance with the law.

The meeting adjourned at 12:02 p.m.

Respectfully submitted,
Elizabeth C. Schulz
Clerk
