#### WHITEFIELD AMBULANCE SERVICE

Your Emergency Medical Service Telephone Number is 837-9901.

1990 has been a very busy year for the Ambulance Service. There was a dramatic increase in the number of patients treated. There was a large increase in the number of Medical Emergencies. Much of the training in 1990 was geared toward medical emergencies.

In 1990 the Ambulance Service was proud to purchase a new ambulance. The increased storage and size make for easier patient care. We would like to thank the people of Whitefield for making this purchase possible.

The Ambulance Service would like to extend a thank you to several people...to Tiny Miller for maintaining and servicing the ambulance; his efforts are greatly appreciated...to the Whitefield Police Department and Fire Department for their help throughout the year; their assistance has made our job easier. Thank you to the many people who have domated money and time which has enabled the Squad to purchase needed equipment and supplies. This support is greatly appreciated.

I would also like to thank all the members of the Ambulance Service for their dedication and hard work. A great deal of time in 1990 was spent on increasing certification levels and on training. All the Ambulance Service members take great pride in offering the highest possible level of patient care. Once again, we wish to thank the people of Whitefield for their continued support.

The Squad responded to 214 calls in 1990 and treated 222 patients. A summary of patient treatment is listed below:

| Respiratory Problems | 13 | Abdominal Pain/Injuries  | 7  |

There were 64 alarms in 1990, which included 7 chimney fires, 1 snowmachine fire, 2 calls of a glow in the dark, 4 calls for Jaws, 3 car fires, 13 mutual aid calls, 4 car accidents, 3 structure fires, 6 brush fires, 3 Highland House calls, 2 grass fires, 1 trash fire, 1 furnace fire, 2 gas spills, 6 smoke checks, 3 landfill calls, 1 tree on line, 1 transformer fire, 1 lightning strike.

We received mutual aid help in our own town eight times and certainly appreciate all the help we have received from the mutual aid towns involved in our Northern Pack.

We would like to thank the members of the Life Squad and Police Department for all the help they have provided throughout the year.

We will be having our annual Wood Raffle and other prizes this summer and hope we have your continued support for our equipment fund.

The Fire Department would like to remind all residents to check the batteries in their smoke detectors and clean their chimneys periodically.

Respectfully submitted,

W. A. Placey Fire Chief

#### FOREST FIRE WARDEN STATE FOREST RANGER

During calendar year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All of these fires are preventable, but ONLY with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be dome."

Violations of RSA 224:27 II and the other burning laws of the state are misdemeanors punishable by fines up to \$1,000 and/or a year in jail, and the person is also liable for paying all fire suppression costs.

The State of New Hampshire Division of Forests and Lands assisted many towns in wildland fire suppression during 1989, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, Forest Ranger, or the Division of Forests and Lands at 271-2217.

#### WHITEFIELD PLANNING BOARD

The economic recession which has gripped all the New England states has had a noticeable effect on the Whitefield Planning Board. The level of development pressure on our town has subsided dramatically, with significantly fewer subdivisions being presented. Two large projects — a senior citizen's housing project on Spring Street and a town house/condominium proposal for Burns Pond — have been withdrawn for the present time. Given the present real estate market, we do not expect to see any real development pressure again until 1992 or 1993.

The Whitefield Comprehenssive Development Guide — our version of a "flexible" zoning plan — was defeated this year by a 2-vote margin. This guide, which took over three years to produce, would have given the Whitefield Planning Board the legal right to regulate what is built on a piece of property. It specifically would have established guidelines for the construction of condominiums, commercial enterprises, and industrial facilities. Without the adoption of this plan, the Board remains virtually powerless in guiding future growth in our town.

#### WHITEFIELD POLICE DEPARTMENT

1990 marked the beginning of an economic decline for the entire country. The northeast was particularly hard hit, and this period of economic recession is reflected in many areas — job market, real estate values, wages — touching all areas of our lives.

This impact, although shared by everyone, is felt doubly in the law enforcement field. First in the area of budget and the demands to hold the line, and if possible, cut, and secondly in the demand for service which always increases during periods of hard times.

In spite of the economic picture, department workload and necessitated overtime expenditures indicate that it is time to take additional steps beyond the current approach of ever increasing overtime for the three full-time officers. Continued growth both in the number of calls for service and required investigation will soon make this practice impractical due to economic and staffing limitations. In order to handle the existing workload during 1990, 944 overtime hours were required. This 944 hours translates into 35 weeks at a time-and-a-half rate. On the surface this appears to be an excessive amount of overtime, but in reality it is a closely watched area and only reflects the bare minimum of what is needed. addition, with the opening of the new elementary school, we will be faced with the previously unaddresed question of providing traffic posts for the safety of the walking students. It will become physically impossible without additional staff to fill the needs of students making use of the additional necessary crossings.

December of 1990 saw the completion of an extensive six month project involving the expansion and revision of department policies and procedures. The implementation of the new policies and procedures in March of 1991 will result in vastly improved operational guidelines for the department and increase civil liability protection for the Town.

In our efforts to keep our police officers among the best trained in the state, we continued to make our in-service training available to other area departments. In the course of the year, 58 officers from 13 outside agencies participted in training classes, which on two occasions were instructed by staff provided by the NH Police Standards and Training Council in Concord. In addition to in-service training classes, Officer Greg Hatfield completed an 130 hour course and was certified as a part-time police officer; and Officer Kevin Jordan, at his own expense, completed a 10-week course at the Police Academy in Concord and was certified a full-time police officer, graduating fourth in his class. Congratulations are due Officer Jordan for his commitment and dedication to law enforcement.

#### DEPARTMENTAL STATISTICAL COMPARISONS - 1989/1990

|                           | 1989 | 1990 |

| Fire Assists              | 55   | 29   |
| Police Assists            | 296  | 288  |

Of the 235 criminal complaints received by this department, 178 required investigation and written reports. Of the 178 investigated cases, 135 were closed by arrest, court or other means. This reflects a 75% case closure rate. Over the past five years, our case clearance rate has averaged 71% a year, a rate in excess of three times the national of 21%, as reported by the Federal Bureau of Investigation. A partial breakdown of major criminal complaints in 1990 follows:

| Theft/Burglary         | 55 |
|------------------------|----|
| Sexual Assaults/Abuse  | 2  |
| Assaults               | 10 |
| Bad Checks             | 6  |
| Forgery                | 3  |
| Threatening/Harassment | 3  |
| Drug/Alcohol Related   | 10 |
| Mischief               | 19 |
| Trespass               | 4  |
| Untimely Deaths        | 1  |

TOTAL CALLS LOGGED 1989 = 3576 1990 = 3752

As pointed out in previous years, there will always be year to year fluctuations in various categories of offenses. But what must be addressed is the overall growth pattern. The following statistics demonstrate the continuing escalation.

Crimes of violence or potential violence such as assault, sexual assault, criminal threatening, etc., have increased 26% in the past year. Even more disturbing, crimes of domestic violence, one of the most volatile and dangerous calls for police service, increased by 59% in 1990. Likewise, figures showed a 34% increase in reported thefts during the year.

Over the past five years, from January 1, 1986 to December 31, 1990, calls for police service in the Town of Whitefield have increased by 71%. Despite bleak economic forecasts and evertightening municipal budgets, growth in the above statistics will not only continue but will escalate in the coming year. To meet these demands, I believe we must take action now to provide additional resources to a department that has responded to the increase in demands for service without change in its basic structure for the past 19 years.

Respectfully submitted.

A copy machine was purchased this year, and has proven to be quite popular with both library patrons and the general public. We charge 10 cents per copy; the proceeds will be used for supplies.

Celebration of the 97th birthday of the Library took place during the week of August 21st. The festivities started with the Annual Book Sale. A program on the collecting and valuation of rare books, co-sponsored by the Historical Society, was presented at the Spalding Imm. Linda McGoldrick, Littleton author, spoke on her newly published biography of Nora Unwin. Rounding off the week was an Open House at the Library, complete with birthday cake and an appearance by Gibbs Murray (of the Weathervane Theatre). Hopefully, the Library Birthday Week will become an annual event.

This summer we took part in the statewide summer reading program, "Get that Reading Rhythm." About 50 children participated and prizes were awarded.

A library "Clean-Up Day" was held, and thanks to the generous help of the local Boy Scout Troop, the basement storage area is now completely clean and usable again.

Flower boxes were planted and placed on the outside railings for the summer. The colorful geraniums did wonders to brighten up the library's exterior.

Lessons on the use of the library were given to the sixth grade classes, as library skills are now being incorporated into the curriculum of grades 4 through 6 at the elementary school.

Videos have become a very important part of our library service, and our collection has grown tremendously.

Public use of the library's (basement) meeting room has been steady. Groups that used the room this year include: North Country League of Women Voters, AARP, Coos Quilters, Israel River Arts Writers Group, N.H. Municipal Association, Israel River Arts Quilting Class, Yoga Instruction, Whitefield Senior Citizens, and Cub Scouts.

The Library Board of Trustees meets regularly at the library on the first Thursday of each month at 7:30 p.m. Library assistants are Pauline Golden and Clarice Jordan.

#### WHITEFIELD RECREATION COMMITTEE

The Whitefield Recreation Department again ran a full-time summer program and a winter ski program. Unfortunately, the swimming program was absent from this past summer's program, but the Committee believes that it can be included in next summer's program.

The Committee would like to thank the voters for their continued support. A special thanks is extended to Paula Spaulding Harris who directed the summer program and to Jay Hartnett who directed the winter ski program.

Respectfully submitted,

#### CHILDREN'S COMMUNITY CENTER

The idea for the Children' Community Center originated from discussions of the need for a day care facility by the Women's Group of the Whitefield Methodist Church during the winter of 1975. By March of 1975, an independent group of parents and other interested community members formed a non-profit corporation and arranged to rent the basement hall of the Methodist Church to house a day care.

Two members of this group, Leanne and Steven Millner, wrote and obtained a manpower grant to act as program coordinators prior to the opening of the center. They sought donations, built equipment, defined program structure, and recruited children and prospective staff.

On July 1, 1975 the Children's Community Center opened with an enrollment of ten children. Much of the equipment in use at the Center had been borrowed for the summer from the Traucenia College Nursery School. In the fall of 1975 a private donation of \$500 enabled the Center to return the borrowed equipment and replace it with their own materials.

By January, 1976, the Children's Community Center had increased its enrollment to 38 children, had a full time director, two teachers, and an active volunteer program. The program was open from 6:30 a.m. to 5:30 p.m., five days a week and offered a morning nursery school program as well as day care services.

In July, 1976, the Children's Community Center moved into new facilities in the Fitzmorris Building in the center of Whitefield.

The Town of Whitefield purchased the Ingram building through a Community Development Block Grant for the use of the Center. On October 1, 1990, the Children's Community Center moved to its new home, 30 Jefferson Road.

We are excited by our move and our plans for future expansion. We will continue to provide the community with quality day care.

At the present time, the Center has six employees: Dianna Corrigan, Director; Sally Huntoon, Bookkeeper; Dianne Baker, Judy Perry, Gail Cady, and Suzanne Horsler.

We are a non-profit organization and a member of the United Way. Our hours are still 6:30 a.m. to 5:30 p.m., Monday through Friday. We provide two snacks daily. The children receive a nurturing and learning environment according to their age and development. We are now licensed for 43 children, and are taking children six weeks through the 12th year.

The Center is governed by a board of directors. Various fund raisers are sponsored by the board throughout the year. These events include: car washes, quilt raffles, craft sales, and a Children's Fest.

We would like to take this opportunity to thank the community for its continued support throughout the year.

Sincerely,

Dianna Corrigan Director

#### COMMUNITY ACTION PROGRAM

Community Action saw a 20% increase in the number of people needing assistance in 1990. High unemployment and lack of job availability forced many new families to need assistance. Working closely with your Town Officials, we were able to stretch our FEMA, Homeless, and Emergency Fund monies by matching what Town Welfare could pay.

We are asking for your continued financial assistance with a modest increase. This year's request is \$1,260.00.

In 1990, 132 Whitefield households, 270 individuals, were helped with:

Fuel Assistance - \$31,578.88
Weatherization - \$1,414.80
USDA & Food Pantry - \$4,877.00
Revolving Loan - \$200.00
FEMA/Homeless - \$2,500.00
\$40.570.68

Requested Amount: \$1260 - 132 households = \$9.55 (cost to taxpayers per household)

I look forward to serving your community in 1991.

Sincerely,

Harriet E. Forbush CAP Outreach Coordinator

#### MT. WASHINGTON REGIONAL AIRPORT

1990 was another active year for both the airport and its' Commission. As it did for the past three years, the Airport Commission continued to operate the airport not only as a governmental body, but as the FBO (Fixed Base Operator) as well.

Because of the weather and the economy, 1990 proved to be a very unusual year. At the end of January, the Commission had made the decision to economize operations by going from a full-time paid operation to that of a volunteer operation. This in large part was brought about by a downturn in corporate useage as follows:

- Burndy Corporation was bought out by Framatone, S.A., which eliminated their Flight Department.
- James River Corporation through reorganization and costcutting reduced their Flight Department from three to two locations thus eliminating their Whitefield operation.

Despite these changes, the Commission managed to continue operations thanks in part to many individuals who volunteered their time. In addition, we also continued to provide scenics, fuel service and flight instruction. This is in addition to businesses on the field that provide aircraft storage and maintenance. In August, we started to provide Jet-A fuel due in part to the number of requests.

The airport continues to serve Simpson Paper Corporation (Georgia-Pacific), Mountain Tire, resort hotels, hospitals and other businesses on a regular basis. In addition to serving our regular customers, the Commission is continually looking for new business which will benefit not only the airport and the industrial park, but the economy of the whole North Country.

After three years of Airport Appreciation Days, the Commission put on its' first Annual Airshow in August. Despite the uncertain weather in the Northeast and the Middle East Crisis, the attendance proved to be close to our projections. The show proved to be a hit with skydivers, airplane rides, food, civilian and military displays, the areobatics and flight demonstrations including the COORS Light Jet. The two day show proved to be enough of a success that we are looking forward to the 1991 show.

#### Town of Whitefield

As in the past, the airport and the Commission extend an open invitation to all in the town and the region to come out and visit the airport. We are always open to suppestions as to how we can better serve you. The Commission meetings are held on the 2nd Tuesday of each month.

#### NORTH COUNTRY COUNCIL ANNUAL REPORT

North Country Council is the non-profit regional planning commision serving 51 towns in northern New Hampshire. The Council's primary mission is to meet the planning and development needs of its member towns. Specific assistance presently available from the North Country Council includes municipal training, economic development, community development, solid waste, transportation, water management, GIS mapping and resource management. When requested, the Council provides professional guidance and assistance to Boards of Selectmen, Planning Boards, Zoning Boards of Adjustment, Conservation Commissions and Solid Waste Districts in member communities.

Assistance provided to the Town of Whitefield in 1990 included:

- \* Providing a significant amount of assistance on the Day Care Center funded through Community Development Block Grant monies:
- \* Completing the Whitefield master plan;
- \* Assisting the Planning Board in drafting and presenting the Whitefield Comprehensive Development Guide:
- \* Initiating a proposal to conduct a 1991 Regional Household Hazardous Waste Collection.

In 1990, the Council also provided a variety of services on a regional level. For example, workshops were held informing local officials of excavation site requirements, innovative zoning, shoreline protection, rivers management and cultural resources. The Council worked closely with economic development committees throughout the region. The Council's very active Transportation Committee focused on local and regional highway, air and rail issues. NCC's Solid Waste Coordinator continued to advocate regional solid waste management while working with five area solid waste districts.

In the ensuing year North Country Council's work program emphasizes community and economic development at the subregional and local level, while continuing the existing focus in solid waste and transportation. Under the leadership of our newlyhired Executive Director, Preston S. Gilbert, North Country Council is fully committed to providing timely services to its member towns.

#### NORTH COUNTRY ELDERLY PROGRAMS

Tri-County Community Action operates both the nutrition and transportation programs at the Village Center in Whitefield. Dur primary sources of funding are Older American's Act funding (IIIB and IIIC) and Title XX Block Grant funding. These monies are federal funds which are administered by the N.H. Division of Elderly and Adult Services.

CAP is currently leasing the Village Center from Jay Hartnett. During the past year there have been personnel changes including a new Site Manager, Clara Hennessey, and an on-site cook, Terry Crowley. There is an on-going effort to attract local seniors to attend and benefit from our services at the Village Center.

In addition to "Meals" and "Wheels", we are pleased to have Joyce DeWitt heading up an adult day care program, DAY BREAK. The day care provides supervision and specialized activities for those frail elderly in need. It also provides respite for family members who need relief from caregiving duties.

With an increasing demand for services and the increasing costs to provide our services, it has become difficult to maintain our priority of services to those most in need.

The positive support and statistical evidence we have of community use indicates that we are providing much needed services. Therefore, we would greatly appreciate the Town of Whitefield assisting us financially to insure continuation of services to your community Senior Citizens and their families.

Respectfully submitted.

Suzanne Kearns Director of Elderly Programs

#### WEEKS HOME HEALTH SERVICES, INC.

Weeks Home Health Services is a not-for-profit subsidiary of Weeks Memorial Hospital serving six towns: Dalton, Groveton, Jefferson, Lancaster, Whitefield, and Stark.

The services provided are Skilled Nursing, Home Health Aides, Homemaking, Physical and Occupational Therapy, and Speech Pathology within a person's home.

Other services provided are community screening and influenza vaccine clinics.

Our commitment to quality is evidenced in obtaining Joint Commission on Accreditation of Healthcare Organization's accreditation and continued Medicare and State recentification.

No one is denied service because of their inability to pay, and frequency of visits depend on need.

Services provided to the Town of Whitefield for the Fiscal Year October 1, 1989 to September 30, 1990 are as follows:

| VISITS                     | 1990 | 1989 |

#### WHITE MOUNTAIN MENTAL HEALTH

We continue to make changes and adjustments in our services to accommodate the needs of the individuals we serve. We are confident that these changes reflect the shifting demands and interests of the people who use our services. The changes vary from rather dramatic program decisions to some adjustments in existing services.

During this past year, we closed our eight-bed group home for Developmentally Impaired individuals (Mt. Eustis). We have placed most of the clients in private homes in the community. We continue to provide services to the clients, as well as training and support to the families with whom they live. This change is intended to bring these formerly institutionalized individuals closer to a normal life. We have opened a six bed facility in Littleton. This service is intended to assist clients in our Mental Health program make the transition into independent living. There has been an increase in our case management capacity. We have expanded our ability to serve our more involved Mental Health clients through an outreach program. These changes have all been self supporting. The support we seek from you is to help fund existing services which are not supported by third party payors or inadequately supported by the state. This includes outpatient counseling to individuals, without insurance, services to children and elderly, and our emergency services.

#### MENTAL HEALTH SERVICES:

We operate one full-time and three part-time offices. The full-time office is located in Littleton at 16 Maple Street. The part-time offices are located in Woodsville at White Mountain Mental Health and Developmental Services, Woodsville, at the junction of Route 10 and Swiftwater Road; in Lincoln at the Lin-Wood Medical Center; and in Lancaster at Weeks Memorial Hospital.

Last year, we provided over 4,966 outpatient visits, a 16% increase in service.

- o Over 700 emergency visits
- o Our Partial Hospitalization Program showed a steady increase in service.
- o Vocational training and transitional services are also available.

We offer a comprehensive array of services including: 24 hour emergency, drug and alcohol, case management, inpatient, and partial hospitalization.

#### DEVELOPMENTAL SERVICES:

- o Early Intervention Home-based service for @-3 year old children who are delayed in their development. Services include: screening, assessment, treatment, and referral. We continue to provide clinics throughout our region to increase our ability to serve more children. Annually, we average service to sixty families.
- o Day Habilitation Program Provides instruction to our most severely impaired adult population. The program works in conjunction with their residential programming as well as providing training and instruction in self care skills, pre-vocational skills, paid work, and other therapeutic services such as speech therapy and physical therapy. This program has been primarily used by former Laconia State School residents; however, we have had community clients who have been referred by the local school system. Last year we served fifteen (15) clients in two locations (Littleton and Pike).
- o Supported Employment Provides training, instruction, and work adjustment for mentally ill and mentally retarded individuals. Paid work opportunities for the individuals can take place either in the community or in the Workshop itself. Last year, we operated six job sites directly in the community. We recently turned over one of our job crews directly to an employer. We have also completed over twenty individual job placements.

We are grateful for your past support of our programs and look forward to continuing to serve you in the future.

Respectfully submitted,

Dennis C. MacKay
Area Director

### WHITEFIELD VILLAGE CENTER SENIOR CITIZENS CLUB, INC.

The Whitefield Senior Center, Inc. is a non-profit 501-c-3 Charitable organization in its twenty-second year of offering services to Whitefield and surrounding towns.

Staffed with volunteers only, this past year has shown an increase in client participation, thereby demonstrating a real need within the community for our services.

With an increase in domations of clothing, household goods, furniture and artifacts, it was necessary to move part of the shop into the barn.

Our Senior Center is unique in that we are not involved with senior citizens only but with the community as a whole. Mothers, fathers, and their children are finding and making good use of our facilities.

The new and used clothing department has been very busy this past year. (Our free offerings to those in need is our first priority.) People as far away as the Canadian border and Vermont to as near as Gorham and Lisbon, New Hampshire, have come for the dollar-a-bag deal. A mother, whose husband is in Saudia Arabia, and a new born baby found many useful items. On request, winter jackets and other children's clothes were given to a young family in need in Bethlehem, N.H. These were delivered by our volunteers. People with walkers and wheelchairs find it very convenient to shop by using the handicap ramp.

Our equipment for the handicapped, which is on loan, has been equally as busy. We have accommodated requests from Lancaster and Dalton residents this year as well. We were not able to fulfill the last request for a wheelchair, as ours was on loan in Lancaster.

The Household Department has helped to set up many a young couple just starting out on their journey through life, as well as helping our senior citizens replace worn out items. The Gifts & Crafts Shop offers attractive gifts at a very affordable price. The children of Whitefield find it an ideal place to buy mom and dad a surprise gift. The greeting cards at ten cents a card have brought many a youngster in for that special occasion.

The Christmas Basket Committee packed and wrapped 32 baskets for Whitefield and Dalton elderly and handicapped residents.

Our social activities at the center consisted of: an Easter party and Easter hat contest; the Poetry Council of Bethlehem met and

offered an interesting program; a scap making demonstration and two braided rug making demonstrations by Lillian Burns were given. Card parties were enjoyed throughout the summer, and in August a wood carving demonstration was given by Millie Morse. A harvest supper was held as well as a Halloween party. The Christmas Sale and Silver Tea Luncheon was held in November, and our annual Christmas party was held at Four Dorrs Restaurant in Lancaster. One of the highlights of the year was when Gwendelyn Brado, a student teacher at C.D. McIntyre school brought her third grade class to the Center to do community service work with the children.

The parlor is a warm and friendly place to meet for an afternoon of conversation or a game of cards or bingo. Coffee and refreshments are always available for those who wish to drop in.

Our long range goal is still to have the rooms on the second and third floors renovated to provide affordable rents for the elderly. In these economically difficult times, sources of funding are becoming more difficult to obtain. Therefore, the senior citizens are working harder to obtain this goal.

We would like to take this opportunity to thank everyone who donated to the shops and to all who volunteer their services. We are especially grateful to the voters of Whitefield who, at town meeting, have given us the support we have needed.

Respectfully submitted,

Marjorie Porfido Director

## AUDITOR'S COMMENTS

MARTIN & THOMAS P.C. PUBLIC ACCOUNTANTS 170 UNION STREET

BOX 259 LITTLETON, N.H. 03561

TEL. 444-5306

January 31, 1990

To the Board of Selectmen Town of Whitefield Whitefield, New Hampshire 03598

We have examined the general purpose financial statements of the Town of Whitefield as of and for the year ended December 31, 1989, as listed in the Table of Contents. Our examination was made in accordance with generally accepted auditing standards and generally accepted governmental auditing standards covering financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the U.S. General Accounting Office, the Single Audit Act of 1984 and the provisions of OMB Circular A-128, Audits of State and Local Governments and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As discussed in Note 1 to the financial statements, the Town's Water Department Fund does not capitalize fixed assets or recognize depreciation as required by generally accepted accounting principles. The effect of these material departures from generally accepted accounting principles is indeterminable.

As is the practice with many New Hampshire municipalities, the Town of Whitefield has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, except for the failure of the Water Department Fund and Sewer Department Fund to capitalize or depreciate fixed assets, and the omission of a statement of general fixed assets, the general purpose financial statements referred to above present fairly the financial position of each of the fund types and account groups of the Town of Whitefield at December 31, 1989, and the results of operations and such fund types and the changes in financial position of the proprietary fund types for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements. The information included in the supplementary schedule of federal assistance listed in the Table of Contents is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Town of Whitefield. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the fund types and account groups included in the general purpose financial statements taken as a whole.

Very truly yours,

Robert A Thomas CPA MARTIN & THOMAS, P.C.

#### TOWN OF WHITEFIELD NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1989

#### NOTE 3 - BUDGET

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. However, contrary to generally accepted accounting principles, it has not been the practice of the Town to adopt an annual budget for all Special Revenue funds. The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for the use of beginning fund balances to achieve that end.

#### NOTE 4 - GENERAL LONG TERM DEBT

General long term debt is summarized as follows:

|                 | Interest<br>Rate | Original<br>Amount | Issue<br>Date | Maturity | Outstanding<br>Balance |

### TOWN OF WHITEFIELD NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1989

## NOTE 5 - CONTINGENT LIABILITIES

The Town is contingently liable in respect of lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriations of revenue yet to be realized and would not materially affect the financial position of the Town at December 31, 1989.
