ANNUAL REPORT OF THE TOWN OF EAST KINGSTON

For The Year Ending
December 31, 1991

deborah '92

EAST KINGSTON PUBLIC LIBRARY

At the annual meeting held in March 1894, the Town accepted the provisions of the "State Library Bill" and voted to raise and appropriate the sum of fifteen dollars (\$15.00) annually for the support and maintenance of a free public library in the Town of East Kingston.

In June, 108 volumes were received from the State and 35 volumes were added from the "Union Library" association which was established earlier in the 1800's.

On July 11th 1894 the East Kingston Public Library was opened at the residence of Mr. & Mrs. A. F. Crowell with Mrs. Crowell as the Town's first librarian.

Prior to the library's present location it was housed in the room above the Town Hall, the Selectmen's former office.

The present library is now located in the Pound School Building.

The Pound School was turned over to the Town in February of 1973 for use by the library.

Money was voted to refurbish the building and the Selectmen allocated \$1,000.00 of the Revenue Sharing Funds received from the government to this use.

The Library has become a wealth of information with it's well stocked shelves of books that both entertain and educate.

On petition of Peter Jewett and 29 registered voters of the Town of East Kingston, to see if the Town will approve the use of the vacant top floor of Brown's Academy as a meeting place and display area for East Kingston Troop 92, Boy Scouts of America. The cost to the Town is negligible.
Motion made by Peter Jewett to pass over this article indefinitely. Seconded by Nat Rowell.
Voted to pass over Article 43: Yes (passed)

Article 44

To transact any other business that may legally come before this meeting.
Motion made by David Conti for the Town of East Kingston to honor veterans which served in Desert Storm. Seconded by Nat Rowell.
Discussion: Mr. Kasinskas thought that Vietnam Veterans should also be honored. Mrs. Jacques stated that we should also honor men and women who were on stand-by.
Motion made by Robert Fairbanks to amend article to include Vietnam Veterans. Seconded by Estelle DeCatur.
Discussion: Mr. Aronson stated that Vet. Administration will be able to supply the Town with a list of all East Kingston residents who served in the Vietnam Conflict.
Motion made by Raymond Donald that Selectmen form a committee to study matter, and decide appropriate plaque or memorial and costs and report back at 1992 Town Meeting. Seconded by Mrs. Kasinskas.
Voted on motion: Yes (passed)
Voted on Main Motion to include Desert Storm service men and women and Vietnam Veterans of East Kingston, study committee to be selected by the Selectmen to report findings back to Town, March 92 meeting.
Voted: Yes (passed)

David Conti asked that the Town's people stand and appauld the many years of service to the Fire Department that Mr. Francis Smith has given.

Motion made by Mr. Grey to adjourn Town Meeting. Seconded
by all.
This meeting ended at 9:32 PM.

Dated March 18, 1991

SELECTMEN'S REPORT

The significant event of 1991 was Hurricane Bob's impact on our town. All roads in and out of town were closed for about an hour during the storm. Thanks to the efforts of our emergency management, fire, rescue and road agent responders we stayed in contact with the rest of the state, kept emergency services available and helped those who needed service. Those members of the fire, rescue and police units who risked their lives cutting and removing trees and dodging live power lines deserve our special thanks. You were all magnificent in your dedication to staying the course and getting the job done. Thanks to the efforts of Bob Fairbanks and Nat Rowell our application for reimbursement for damage from FEMA has been accepted and \$13,460 received by the Town. The money will be used to increase the general fund by the amount already spent and to repair the culvert on Giles Road which was washed out.

Another significant event of 1991 was the opening of the rebuilt Giles Road Bridge in December. After more than twenty years of give and take with the B&M Railroad by many Boards of Selectmen, we were faced with closing the bridge. Thanks to your support at the last Town Meeting we were able to get B&M and the State of NH to agree to replace the bridge with one capable of supporting the school bus and our emergency vehicles. We still must pave the bridge and approaches during the spring but the heavy part of the work is done. To date we have spent about \$10,000 of the \$30,000 you appropriated for the work. The total cost will be about \$90,000. The state will reimburse the town two thirds of the total cost and we will spend most of the money appropriated.

In an attempt to provide consistent, coordinated fire and emergency medical service and be fair to those volunteers who provide the service we have placed responsibility for the day to day operation of the Rescue Squad under the Fire Chief. An EMS Coordinator will lead the Rescue Squad and report to the Fire Chief for day to day operation of the squad. A Deputy Fire Chief will lead the Fire Department and report to the Fire Chief for day to day operation of the Fire Department. The Board of Selectmen will appoint both these positions. Effective July 1, 1992 members of the Rescue Squad assigned to respond will be paid at the same rate as firepersons. We wish to thank Austin Carter who filled both of these positions for some time and especially for his work as Director of Rescue. Austin decided not to continue in a leadership position at this time but has agreed to remain a member of both organizations and to continue to lend his experience and effort to the community. The Rescue Squad under Austin acquired and refurbished the new ambulance which you have seen parked in front of the Fire Station.

We were unable to implement the recycling program as explained at last town meeting because we were unable to get the state funds necessary to conduct the program as planned. We will attempt to get a program underway this year which we have funded in the budget at \$2200 as recommended by the recycling committee. This will depend upon some of the effort being volunteer.

The Salary Review Committee met for the first time in six years and has recommended pay raises for elected Town Officers. See the committee's report in this Town Report for details.

We have constructed a pad behind the Town Hall and moved the gas and diesel fuel tanks onto the pad and added electric pumps to the tanks. This arrangement allows the police and fire vehicles to be fueled year round from these tanks and allows the town to buy fuel at wholesale without paying the federal tax.

We continue to try to move all business administration functions to the town office and onto the town computers. Eventually this will reduce the cost of administration and increase the productivity of the office. This year we tied the computer in the Selectmen's Office to the computer in the town clerk's office in a network. Next year we will increase the memory in both computers and install the revaluation software on the computer and generate our own tax bills in 1993.

Once again legal expenses were way over budget. We continue to try to hold these costs in check but challenges to town ordinances and obtaining answers to questions from many residents are causing expenses to rise. In 1992 we will take the approach of taking action without consultation with town counsel and respond only when a suit is filed against the town. We will be selective in enforcement where possible but will uphold the laws you have passed. See our position paper for more detail.

Continuing increases in expenses for the school forced us to borrow \$1,000,000 for the first time in the history of the town. We paid this note off in December but were unable to make the entire payment requested by the school for January when it was requested. This approach also increases total borrowing costs for the town. In addition as the economy worsens tax payments are lagging. In 1992 we may have to borrow more and earlier. We have no current effective method for addressing this problem. If you have an idea, please contact us. We have considered collecting taxes twice a year to ease the cash flow problem but have rejected this approach up to this time.

The significant events of 1992 will be revaluation of the town, settlement of the outstanding law suits with the utilities that have property in town, and completion of a new capital improvement program for our Master Plan by the

planning board. In keeping with the practice of this board we have included a position paper with the town report which goes into detail on these subjects. Please read it and ask any questions you might have at the Town Meeting.

We were able to keep the Town portion of your tax bill at the same rate as 1990. Any year in which this is possible we consider a success.

We would like to remind you that each registered resident of East Kingston is a member of the legislative body. Your attendance and participation at Town Meeting is required for us to know what you want your town government to do and how you want it done.

Sincerely.

AUDITORS REPORT

For the year ended December 31, 1991

January 25, 1992

During the course of this Audit, we examined the books and accounts of the following officials; Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of the Trust Funds, Trustees of the Library, Trustees of the Cemeteries, and the Conservation commission funds. We have also examined the Bonds for Town Officials.

Throughout the audit all Town Officials co-operated freely and openly in a professional manner.

The following adjusting entries were recommended to accurately display the transaction of the Town's business through it's accounts.

1. \$4670.03 transfer from Tax Collector receipts to Selectmen's receipts. These funds were received as a result of a sale of deeded property to the town for non-tax payment.
2. Selectmens payments in the Health insurance account were increased by \$21.36 for an overlap of payments 1990-1991. This adjusted account brings the total payments accounts into agreement with the Treasurers payments.
3. The Gen Government Building account should be increased by \$520.00 and the Library account decreased by the same amount to reflect the actual expenses under the direction of the Library Trustees.
4. The Security deposit account currently held by the Selectmen should be in the custody of the Treasurer. Payments from such an account should be handled in the normal manner.

All of the above changes are adjustments between accounts to clarify the accounting transactions made. None of the changes have an effect on the total receipts or expenses in the report.

In reviewing the Town Officials Bonds, it was noted that the Deputy Town Clerk is not covered by the Bond in effect. This should be corrected when the Bond is renewed in March.

We recommend that a formal procedure be developed by the Selectmen for maintaining the accrued cost of property deeded to the town for non-payment of taxes. This will ensure that full value for all costs, fees, and interest is calculated to the point of sale and collected. The current method is not clearly defined and is subject to interpretation

Auditors report Cont.

Taking into account the adjusting entries discussed earlier, we believe the Audited books portray a full and accurate reporting of the financial transactions of the Town of East Kingston for the year ended, December 31, 1991.

We would like to thank all of the Town Officials for their cooperation throughout the audit.

Respectfully submitted,

David J. Conti
Anne M. Rossi

LIBRARY TRUSTEE 1991 REPORT

The East Kingston Public Library continues to serve our town very well, providing books, magazines, reference materials, and now "how-to" videos.

New additions to the library this year include new book stacks, radiator covers for safety, and a Minolta 350 copier to replace the Xerox copier purchased in 1983. In December, a computer system was ordered for the library. This computer has been purchased with both current and long range needs in mind. It will enable the librarian to interface with the Inter-Library-Loan System, maintain circulation data, to catalog, for bookkeeping and other needs of both the Librarian and the Trustees.

I would like to thank Marjorie Rowell, our Treasurer, for her expertise in managing our monies. Her wise stewardship of investing the Library Trustee appropriations has made it possible to purchase both the copier and the computer system from interest earned over the past several years.

Generous memorial funds were given in memory of Margaret Tilton, Patricia Caswell and Elizabeth Wall, each of whom were very dedicated to our library and it's needs. We are most grateful to all donors.

Our Librarian, Sally Head, reports that the loan of the school computer to the library during the summer months was well received by our young patrons. Many also participated in the summer reading program which was highlighted by a party cohosted with the Kensington Library at the Castle in Brentwood. Sally has been busy keeping abreast of new library happenings by attending regional meetings while the Assistant Librarian, Gail Donald, has begun classes in Library techniques.

The Friends of the Library have had an active year holding several successful activities for the benefit of the library. We are indeed fortunate to have such an industrious group to assist us.

Virginia Corton was elected to fill the position on the Board of Trustees vacated by Lynne Walker. Lynne does continue to hold her popular story hour for the preschool children weekly.

A special thank you to my fellow Trustees, Marjorie Tice Rowell, Treasurer, and Virginia Corton, Secretary, for their valued expertise and hours of dedication they give.

POLICE DEPARTMENT REPORT

The Police Department has brought the DARE (Drug Abuse Resistance Education) Program to our 6th grade class this past September. It is a seventeen week class that educates children about drugs and drug abuse. The department was fortunate to acquire the services of Officer Larry Douglas of the Seabrook Police Department, and graduate of the New Hampshire DARE Instructor's Program, to teach the class. We hope to continue sponsoring this program each year.

The Police Department has also played host this past December to a Firearms Safety class for residents of the town, taught by firearms instructor, Officer Farrell. We would like to continue this class on a yearly basis as well, if there is enough interest.

Finally, despite the increase in patrols of the past year, the number of burglaries and thefts have risen significantly. Unfortunately, 1992 will bring less coverage due to the recent budget cuts, and we will need every resident's assistance for the coming year. PLEASE - if you see or hear anything unusual and/or suspicious in your neighborhood or elsewhere, do not hesitate to call Rockingham County Dispatch. We cannot ensure that your home and property are safe and secure without your cooperation.

ANIMAL CONTROL OFFICER REPORT
December 31, 1991

1991 was a fairly quiet year with some interesting calls. A pre-dawn search for a draft horse loose on Route 107 was probably a moose hunt, and a series of complaints about barking dogs turned out to be caused by a pack of coyotes for the most part. I was again fortunate to be able to place most of the animals we impounded in new homes, and this year only 3 of them ended up here!

Below is a breakdown of my activities.

Lost dogs reported	14
Lost cats reported	4
Found dogs reported	11
Found cats reported	14
Found pigs rounded up	1
Found rabbits	2
Found goose	1
Dog complaints	12
Dog bites reported	3
Injured animals picked up	5
Dead animals picked up	5
Sick coon dispatched	2
Loose "horse" reported	1

Once again we will have a Rabies Vaccination Clinic in the spring if enough people express an interest. I receive information about the Rabies epidemic which appears headed our way from Pennsylvania - New York, on a regular basis, and at this time it is already appearing in Connecticut. I would urge everyone to have all cats and dogs vaccinated against Rabies on a timely basis, and I remind everyone to stay away from all raccoons, skunks, and other wildlife. The risk of endangerment is too great.

Respectfully submitted,

Robert A. Marston, D.V.M.
Animal Control Officer

FIRE DEPARTMENT
ANNUAL REPORT - 1991

The Fire Department has had a busy year. Fire calls were up by 30% over 1990.

The 1955 Mack Pumper is back in service and looking good. The overhaul and refurbishment has been completed and a new coat of paint has been put on. It is outfitted for rescue work at automobile accidents and source pumping for fire scenes. It has been estimated that it would have cost upwards of \$20,000 for the labor and parts for this work to have been done by an autobody shop. I would like to thank Ed Warren for the use of his garage and all of the fire department personal who volunteered their time to complete this work. They were able to complete the job with a parts cost of less than \$1,000.

During 1991 the entire department completed a defensive and emergency driving course and attended a pump operators course. There are four new firefighters fully certified by completing the NH Firefighter I course, they are:

Andrew Conti
Dave Duval
Mike Fairbanks
Eric Robinson

Congratulations to all on completing this training.

On November 1st Janet Reagan retired from the department. Janet joined the department in 1979, she was the first female firefighter in East Kingston. In 1985 she completed the NH Firefighter I certification and was made Lieutenant in 1986, again a first for females. Her 12 years of faithful and dedicated service are greatly appreciated and she will be sorely missed in the department. We wish her all the best of luck in her retirement.

I would like to express my appreciation to all the men and women on the department for their work and dedication in fire protection.

Respectfully submitted,

David J. Conti
Fire Chief

VOLUNTEER FIREMAN'S ASSOCIATION
ANNUAL REPORT 1991

The 43rd Annual Meeting of the Fireman's Association was held in April of 1991. The election of new officers was held and the new slate is:

President - Ed Warren
Vice President - Brian Chevalier
Secretary - Mike Fairbanks
Treasurer - Gordon Bibbins

This past year the association has purchased a number of items, some of the major ones are:

K12 Saw for the fire department.
Printer for the association's computer
Furnace for the station

The Association has continued to support the Boy Scouts and has financed the start of a new Explorer Post.

The second annual old home day was held in September. We would like to thank everyone who participated in making this such a success. We look forward to seeing everyone again next year.

The annual Santa Parade on Christmas eve continues to be a favorite with the short set. We enjoy it almost as much as they do.

The Fireman's Association meets the first Tuesday of every month. Anyone interested in becoming a member is welcomed. It's a worth while organization and you do not have to belong to the Fire Department to become a member.

TO: Forest Fire Wardens - For Town Annual Report

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N.H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N.H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

1991 EAST KINGSTON RESCUE REPORT

We are all volunteers on call 24 hours a day to respond and stabilize patients as we have for 15 years since 1977.

For their great service and dedication of past members, Glenn Stewart 77-80, Wilmar Young 77-83, Donna Mazur 81-82, Sue Pearson 82-87, Mary Marcella 82-84, Richard Marcella 82-86, Sharron Pierce 87-88, and to present members and E.M.S. qualified personnel, Robert Reagan 77, Janet Regan 78, Mary Carter 78, David Conti 81, Pat Mazur 86, Estelle Decatur 86, Forest Decatur 86, Brian Chevalier 87, Cindy Sullivan 88, Dianna Mazur 88, Andrew Berridge 88, Chris Connolly 90, Tina Hale 90, Skip Merriam 90, Allan Mazur 90, Ed Warren 90, Raelin Woodard 90, Mike Fairbanks 91, Lynn Trickey 91, Carolann Trotter 91, Robert Carter, Mark Cook, Robin Decatur, and Randy Healy I give my deepest appreciation and thanks.

I have accepted for the town and the East Kingston Rescue Squad, a completely reconditioned 1979 Modulance Rescue Ambulance that I feel will serve for many years to come thanks to the town warrant, many contributors, and the East Kingston Rescue Association.

So as to improve and unify training of all our Emergency Medical Personnel, the Exeter Hospitals E.M.S. director will organize classes with instructors for us as it does for surrounding towns of Kingston, Kensington, and Brentwood.

Due to the mandated change from a volunteer call group reporting to the selectmen, to a paid call group reporting to the Fire Chief, I have stepped aside as Squad Director, but will continue to serve as a member as of January 1, 1992.

We had 38 E.M. S. calls, 11 were motor vehicle accidents. We treated 49 patients, 25 of which were residents. Our ambulance transported 4 of the 30 patients needing transport to area hospitals.

Austin Carter, Director

EAST KINGSTON RESCUE ASSOCIATION
Annual Report

To the residents of East Kingston,

I would like to take this opportunity on behalf of the East Kingston Rescue Association (EKRA) to thank all those whose support and generous donations have allowed the EKRA to support the East Kingston Rescue Squad (EKRS) to the extent we do.

The EKRA is a non-profit organization dedicated to the support and betterment of the EKRS through fund-raising and social activities. You do not have to belong to the Rescue Squad to be on the EKRA. Anyone who has an interest in the support of EKRS is welcome to become member. We meet on the third Wednesday of each month at 7:30 pm at the fire station. For more information on becoming a member call President Bob Reagan at 778-0465 or contact any member of the EKRA.

During the past year we sponsored our first annual St. Patrick's Day Dance, Blood Pressure clinics during Town Meeting Day and Old Home Day and published the second annual EKRA Community Calendar. All of the proceeds from these events were used to help purchase equipment for the EKRS. Some of the equipment we were able to help purchase were a "new" 1979 Ford F-350 "Box" style ambulance, 2 new Shinwa pagers, rescue jackets and other assorted medical supplies for the squad.

Once again, thank you for your continuing support of the EKRA. Should you like more information about joining the Association contact Bob Reagan or any of the members or come meet us at our second annual St. Patrick's Day Dance, Saturday March 14 at 7:00 pm at the Town Hall.

Bob Reagan, President EKRA

1991 REPORT OF THE COORDINATOR OF EMERGENCY MANAGEMENT
(Civil Defense)

During 1991 East Kingstons' Emergency Management Team underwent training on coordinated response plans to mitigate effects of emergency situations to residents of our town. It was only necessary to implement these plans once and that was for Hurricane Bob. I believe that the TEAM of Police, Fire, Rescue, Public Works, Administrative & logistical personnel that assembled to assist our residents worked very very well. Our most severe damage occurred in late afternoon but by 2 AM the following morning all roads in East Kingston were passable for both Emergency and regular traffic. The Emergency Operations Center remained staffed during the following two days assisting residents with obtaining information from the utilities and directing them to the town complex where water and other aid was available.

In the coming year we will continue training. The Seabrook nuclear power plant will be conducting a required drill that will test radiological emergency response plans in the area. We are also mandated by the federal government to conduct Hazardous Materials emergency response training to people who may respond to an incident involving these materials. This is part of the federal SARA Title III program otherwise known as the public's right to know law.

New Hampshire Office of Emergency Management (NHDEM) sent emergency planning calendars to each home this fall. Please keep this calendar where you can find it quickly in an emergency. While primarily related to an emergency at Seabrook Station much of the same procedure could be followed for other emergencies within the town. If you need any assistance evacuating yourself or family during an emergency please fill out the post card inside the calendar and return it to NHDEM now. If you cannot find your card or would like additional calendars please contact me.

During major emergencies in Town if you need help call the Selectmen's office telephone number, 642-8406. An emergency dispatcher will answer your call.

Before emergencies arise you may call me at the number below to discuss any concerns you may have on Emergency Planning in East Kingston. I welcome and encourage your comments and suggestions. I hope to meet with you all during the elections on town meeting day, March 10.

Robert E. Fairbanks,

REPORT OF THE EAST KINGSTON
CABLE TV ADVISORY COMMITTEE

As of December 30, 1991 there were 22.24 miles of cable installed in East Kingston serving approximately 300 customers. The Cable TV Advisory Committee has interceded when requested by residents in negotiations with the cable supplier. We feel the town has been served well in the last year by Continental Cablevision. Continental participated in the town's 2nd Annual Old Home Day and assisted our boy scouts in their fund raising.

Continental is working with our school in providing a program entitled "Cable in the Classroom". This program offers over 150 hours of commercial free, copyright cleared programming, produced for educators weekly. The programs, accompanying classroom material, and monthly issues of their magazine, are provided free of charge to the East Kingston Elementary School.

The Town now has the equipment and the ability to broadcast local town events over the system to all the East Kingston subscribers. The committee is still looking for people who are interested in volunteering their time to operate the cameras, edit material, and produce the final "on-the-air" video film. If you have interest or talent in this area please contact a committee member. We will train interested volunteers.

The committee has been asked to remain active to oversee the local origination process and to provide a complaint resolution service to residents who experience trouble with the cable system. If you have a complaint with Continental's service please call the Continental office in Exeter at 772-4733. If you still do not receive a satisfactory answer then contact the committee.

EAST KINGSTON HISTORICAL COMMITTEE REPORT

The Historical Committee has had an unsettled year during 1991. We moved into the room above the Town Hall and proceeded to prepare the area to display East Kingston memorabilia and artifacts.

An "Open House" was held on September 21st, "Old Home Day", which proved to be a mild success. We had numerous guests, including "George Washington", that enjoyed refreshments and conversation.

Our special thanks to Phyllis Baker who generously donated five pieces of Victorian ladies' apparel that are on display in the committee's room. The clothes had belonged to the women of the C.E. Morrill Estate, located opposite the Methodist Church.

Many thanks to all the members of the committee for their assistance in making the "Open House" a success. We also wish to thank Ardith Polletta and Sally Head for giving their time to research our requests for information.

We still have plates, mugs, and East Kingston history booklets from our 250th Anniversary for sale.

We extend an invitation to anyone interested in helping the Historical Committee with projects involving: sorting and filing material.

Respectfully,

Janet W. Damsell
Historical Committee Chairman

**PLANNING BOARD
Town of East Kingston
1991 Report**

1991 was another busy year for the Planning Board.

Every meeting has seen work on the Scapiochio Subdivision on Andrews Lane to Route 107.

We held hearings and recommended three (3) Home Occupations to Selectmen for approval.

Held six hearings for six (6) Lot Line Adjustments.

Held three meetings with Mr. Bodwell on his septage disposal business.

Voted to accept Bylaws for the Planning Board.

Changed the meeting Date of the Planning Board from third Wednesday to third Thursday starting in April.

Approved a three lot subdivision on North Road.

Approved a Town of East Kingston fire pond hydrant installation and cistern requirements for subdivisions.

And conducted all other business that came before the Board.

Respectfully submitted,

Richard A. Smith Sr.
Chairman East Kingston Planning Board

BOARD OF ADJUSTMENT

The Board of Adjustment heard three appeals and held discussion related to Zoning of the Town. The Board drafted and adopted Rules of Procedure to ensure compliance with State RSA's and to ensure fair hearings to all who apply. The Board also adopted a new application form to enable them to gather the necessary information for consideration of matters before them.

The Board would like to remind residents that they meet regularly on the fourth Thursday of each month and that they are available to schedule meetings on an as needed basis.

Respectfully submitted,

John V. Daly, Chairman
Board of Adjustment

CONSERVATION COMMISSION
TOWN OF EAST KINGSTON, N H
1991 ANNUAL REPORT

The past year was again rather quiet in terms of building and land development activities that required the attention of the Conservation Commission. We received a total of six dredge and fill applications: three for subdivisions, two for logging operations, and one for a maintenance dredging project in Powwow Pond. The last project, to be undertaken by the Powwow Pond Council, will involve coordination with the Kingston Conservation Commission, and will result in the pond being drawn down to the original river channel for a period of up to two years in order to clean out the weeds that are presently making the pond almost unusable for recreation purposes. The Commission also investigated a wetlands violation in connection with a logging operation off the end of Andrews Lane, which involved the crossing of a stream course and other wet areas without a permit. The landowner has since been required to restore the affected areas to their previous condition; and both the landowner and the logger were assessed a fine by the NH Wetlands Board for their actions.

The Commission once again sponsored a student at the Conservation Camp conducted by the Society for the Protection of New Hampshire Forests; the attendee being Scott Boudreau of Powwow River Road. Scott reported back to the Commission that he enjoyed the camp and would recommend it to others. He was able to use knowledge gained at the camp to help him complete requirements for several Boy Scout merit badges. We will be sponsoring a student at the 1992 camp, and this year there is the opportunity for a student/adult combination to attend to participate in a planning process for a community project with the theme on trees.

The Town's request for matching funds to acquire lands under the Land Conservation Investment Program was denied, as our project was determined to be less qualified than others that were competing for the limited funds available for the program.

Other Activities:

****Monitored work** in progress on the Bell & Flynn, KV, and FMR subdivisions; and the East Kingston Golf Course.

****Provided input** to the Planning Board on three subdivisions: Bodwell, Jacques, and East Kingston Realty Trust(Scappichio).

- **Provided input to the Planning Board on the Water Resources Management and Protection Plan, an element of the Town's Master Plan.
- **Participated in a workshop and follow-up field application of the NH Method for the Comparative Evaluation of Nontidal Wetlands, developed by the USDA Soil Conservation Service and the NH Audubon Society.
- **Requested that the Exeter & Hampton Electric Co. not spray herbicides on their power line R/W that crosses Town land on the Red Gate wetlands; the request was complied with.
- **Participated in the East Kingston Old Home Day with informational exhibits related to the Town Lands; and the 50th Anniversary of the American Tree Farm System.
- **Presented informational exhibits on Town Meeting day related to the Natural Resource Inventory completed by UNH students the previous year; and the Youth Conservation Camp.
- **Attended meetings/seminars presented by the NH Association of Conservation Commissions, NH Association of Wetland Scientists, Rockingham County Conservation District, and the Natural Resource Lecture Series.
- **Cut up large oak blown down on Town land by Hurricane Bob; made the wood available to local residents.
- **Painted Conservation Commission office.

ROCKINGHAM PLANNING COMMISSION
Town of East Kingston
Assistance Summary 1991

Throughout 1991, the Town of East Kingston benefited from a variety of services provided by the Rockingham Planning Commission.

Significant assistance was received through the community's participation in RPC Circuit Rider Planner Program. A planner from the Commission offered technical planning support in the office and over the phone and attended 17 Planning Board night meetings. East Kingston's Circuit Rider planner reviewed and critiqued subdivision and site plan review applications, prepared regulation amendments, drafted correspondence on behalf of the Planning Board, and acted as liaison between the Planning Board and the Town Engineer and Town Counsel. By reviewing development applications beforehand, and attending Planning Board meetings, the planner is able to provide advice and assistance to the Board as needed. The program has proven of real value in terms of assisting the Planning Board and simplifying the planning process.

Another major accomplishment this year was the completion of the Research for a Water Resource Management and Protection Plan. Although the document was written to address only part of the rules formulated by the Office of State Planning, the research goes a long way toward the preparation of a document which is consistent with the rules. Components of the Plan include maps and text which describes groundwater and surface water resources, identify potential threats, project demand for water, and recommends policies and programs.

The R.P.C. also provided local officials with advice related to recent court decisions on land use planning, continued with Regional Master Plan preparation, provided educational opportunities to local officials regarding land use planning, and activities related to solid waste management.

A more detailed and informative report may be obtained by contacting your R.P.C. Commissioner, as space limitations and other factors do not permit a more thorough presentation of RPC activities in this report.

BUILDING INSPECTOR REPORT
January 1, 1991 through December 31, 1991

In the year of Nineteen Hundred Ninety One there were 15 Building Permits issued for new houses as well as 47 perc and test pits in the Town of East Kingston, New Hampshire. Twenty-three occupancy permits issued.

Thanks to David Boudreau for fine coverage while I was away.

Breakdown of permits for alterations was as follows:

- 5 Decks
- 1 Car Port
- 2 Garages Free Standing
- 1 Above ground pool
- 1 Inground pool
- 1 Barn
- 39 Alteration - Shed, Dormers and Additions

As Building Inspector I have attended various meetings of the Planning Board, Zoning Board of Adjustment, Soil Seminars, and Municipal Law Lectures. Respectfully Submitted,

Joseph Conti
Building Inspector

ROAD AGENT REPORT

In 1991, the first section of South Road was reconstructed, with new drainage and pavement. In 1992 it is anticipated another section of South Road will be reconstructed and paved also.

B & M Railroad reconstructed the Giles Road Bridge to it's 20 ton capacity. The Town provided the approaches, which will be paved in the Spring of 1992.

Regular road maintenance was performed as well this year, including patching of the roads, mowing of the roadsides and sign work.

Respectfully submitted;

Robert L. Rossi
Road Agent

QUADTOWN SOLID WASTE PLANNING SUBDISTRICT 1991 REPORT

East Kingston, along with Hampstead, Kingston, and Newton comprise a planning subdistrict of a state-wide solid waste management plan mandated under New Hampshire RSA 149-M. These four towns operate within a 21 town solid waste district known as the Southeast Regional Solid Waste District (149-M).

Quadtown's 20 year implementation plan was submitted early in 1990 to the S.R.S.W.D. for incorporation into their own plan that ultimately was submitted for approval by the New Hampshire Department of Environmental Services.

Following that, the planning districts are to meet periodically to consider any updating of their original plans. That was Quadtown's functions during 1991. As no positive action was called for nor expenses incurred beyond minimal costs, no funding for 1991 or assessment for 1992 was required.

Respectfully submitted,

Nathaniel B. Rowell
Quadtown Representative

SOUTHEAST REGIONAL SOLID WASTE DISTRICT (149-M) 1991 REPORT

Having submitted their 20 year management plan for approval by the New Hampshire Department of Environmental Services this organization, of which East Kingston is a member through its participation in the Quadtown planning subdistrict, met quarterly during 1991.

New Hampshire RSA 149-M provides that between the 5 year periods of revising an original plan, such groups must meet periodically to review current matters, correspondence, and budgetary needs, etc. This was the case during 1991 requiring only routine considerations but resulting in a F.Y. 1992 budget with no assessment to member towns.

Respectfully submitted,

Nathaniel B. Rowell
S.R.S.W.D. Representative

RECYCLING COMMITTEE REPORT

The East Kingston Recycling Committee has spent over a year and a half finding, evaluating and analyzing the various methods currently being used to recycle solid waste. We considered a contractor for curbside pickup, getting our own truck and doing a pickup, joining other towns in a program, the program now run by the school (a great idea but not year round) and a small independent contractor.

We currently generate 450 tons of solid waste a year of which 30% could be recycled easily. We are one of only 22 of the 234 towns in the state without a program. This year a small (\$2200) program is being funded in the town budget. Some or all of the money we invest over the next few years may be recovered in reduced costs to collect our garbage if we can substantially reduce the volume. Current landfill costs are about \$50 per ton. The town's solid waste contractor can be asked to reduce the cost to the town if the amount he is required to landfill is reduced.

We are recommending establishing a central drop-off center for aluminum and steel cans, glass, and some plastics. A contractor will help set up the center, supply the bins, haul the material and split the proceeds with the town. Naturally there is a down side. There must be enough material to provide a profit for the contractor and the labor to man the center will have to be town volunteers. This program only works if you recycle at home and bring the material to the center. PLEASE think about how you might contribute to the success of this program by collecting your material at home and dropping it off. You will be helping our environment by reducing the need for landfills and maybe reducing the need for landfills and maybe reducing your tax bill in the process. We will be in touch with more information throughout the year.

Tim Kiley, Chairperson
East Kingston Recycling Committee

WELFARE DEPARTMENT REPORT

The food pantry at the Town Office at Brown's Academy has been working out very successfully. People in need of assistance may contact the Welfare Agent at the Selectmen's Office during the hours of 8:00 a.m. to noon at 642-8406.

Most of the food contributed to the pantry was collected by the Boy Scouts. The Town would like to thank Dave Boudreau and the other helpers in collecting over 60 boxes of food. Others that we want to thank is the East Kingston Methodist Church, Sarah Lazor, Barbara Lobdell (Andrew's School) and Dianne Bedard. In 1991 the Town assisted 12 families, a total of 35 people.

Respectfully submitted,
Donald H. Clark, Welfare Agent

Town of East Kingston

Allocation \$2,273.70

The following statistics are for the 10 month period from June 1, 1990 through March 31, 1991 (from merger through our fiscal year end).

RVNA saw a total of 14 clients in the Town of East Kingston. These clients received 200 home visits from our Clinical Services Staff. The visit breakdown is as follows:

Clinical Services:

Skilled Nursing	97 Visits
Physical Therapy	99 Visits
Speech Therapy	0 Visits
Occupational Therapy	0 Visits
Home Health Aides	4 Visits
Long Term Care	0 Visits

These visits were paid, in part, by either Medicare, Medicaid, other insurance or private patient payment. None of these payors pay 100% (private patient fees are determined on a sliding fee scale) of our fees. The contractual allowance (that portion not paid) averages 21%.

In addition to the above services, RVNA Health Promotion Programs saw residents of East Kingston in the following capacities:

Immunization Clinics	0 Patients (Not available by town)
Well Child Clinics	8 Patients
Flu Clinics	17 Patients
Senior Clinics	29 Patients

Town funding is used to support our Health Promotion activities as these are generally free to the public (or for a small donation).

The free services to the town in a ten month period exceed the original appropriation and are as follows:

196 Visits @ \$75.00 = \$14,700.00	@ 21% = \$3,087.00
4 Visits @ \$45.00 = \$ 180.00	@ 21% = \$ 37.80
54 Clinic Patients @ \$37.50 each	<u>\$2,025.00</u>
Total Free Service to East Kingston \$5,149.80	

REPORT OF THE ROCKINGHAM COUNTY COMMUNITY ACTION PROGRAM, INC.

Rockingham County Community Action Program, Inc. (ROCAP) is a private, non-profit corporation. Our mission is to serve needs of Rockingham County's low-income residents by assisting them in coping with the hardships of poverty, giving them the tools to lift themselves out of poverty and seeking to eradicate the root causes of poverty. ROCAP has been addressing these needs for more than twenty-five years.

The Greater Raymond Community Action Center is an outreach office of ROCAP which serves residents of East Kingston and 14 other communities, and as such acts as East Kingston's central resource for information regarding all available human services. ROCAP also offers intake, clinic and distribution sites in over half of the county's thirty-seven communities for the application and provision of various Community Action services.

Community Action provides a wide range of services which are unduplicated elsewhere in the county. Most of these services meet immediate, critical needs and all have a direct and positive impact on people's lives. The following services were provided by Community Action to eligible residents of East Kingston from July 1, 1990 through June 30, 1991:

64 Households and individuals from East Kingston received assistance from ROCAP during 1991. Help included fuel assistance, food, child care nutrition and daycare assistance, crisis assistance and other types of aid critical to our least economically fortunate citizens.

Our staff time is also devoted to working with people who come to us seeking help. We receive crisis calls involving fuel or utility problems, the lack of food or clothing or general financial needs. By working closely together with local and state welfare administrators, fuel and utility companies, other human service agencies and interested clergy and civic groups, we are able to link those in need with the services available to them.

The services provided by our staff, together with the programs by our agency, have a direct and significant effect on East Kingston's welfare budget. If our services were decreased, the town would experience a resulting increase in requests for local welfare assistance.

The amount we request equals 4.5% of the total dollar value of services we provided during the previous fiscal year, which means that we request \$4.50 for every \$100.00 we provided in direct services.

Community Action provided \$17,079 in services to East Kingston residents. We are therefore requesting the town of East Kingston to contribute 4.5% of this amount, or \$769. The town of East Kingston has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Amy Mueller-Campbell, Director
Greater Raymond Community Action Center

1991 SALARY REVIEW COMMITTEE REPORT

In March of 1981 the Town voted to accept the report and recommendations of the Salary Review Committee. As a direct result of that vote, the recommendation to review all elected Town officers salaries at five year intervals was adopted. Accordingly, this committee submits this report and recommendations in compliance with that vote.

In arriving at its recommendations, the committee studied the 1986 salary review, and the salaries of elected officials in other towns of similar size as reported by the 1990 Wage, Salary, and Fringe Benefit Survey of the New Hampshire Municipal Association. The committee also surveyed the five neighboring Towns of: Brentwood, Danville, Fremont, Kensington, and Hampton Falls. Again the committee solicited information regarding the time commitment presently required in discharging the responsibilities of each Town Office, as well as opinions regarding present salary levels, through a questionnaire sent to each Town Official.

Time demands on Town Officials fall into two distinct categories. In East Kingston at its present size, the offices of Auditor, Moderator, Supervisor of the Checklist, Bookkeeper (Secretary) of the Trust Funds and Election Officer require 25 to 80 hours annually. These offices would hopefully be filled by individuals who would volunteer their time and talents as a service to the community. For example, Library Trustees, Members of the Planning Board and special committees such as this Salary Review Committee receive no financial compensation, yet in some cases spend 25 to 80 hours or more annually in the discharge of their responsibilities.

Nevertheless, the committee felt that where salaries had been paid in the past to this category of Town Official, payments should continue and even increase. However, such payments should not represent a salary in payment of services rendered, but an "honorarium" in thankful recognition of time and skills donated by these individuals.

The second category of Town Officials including Treasurer, Selectmen and Town Clerk/Tax Collector spend hundreds of hours (up to 1500) per year. In addition, these individuals are frequently tied down with the need to maintain a fixed schedule of office hours. Some of these hours require special skills and/or policy and decision making responsibilities, but most of the hours in these jobs are spent performing fairly routine tasks.

Again the committee decided that it is reasonable to expect a donation of some of the special skills and high quality hours on policy and decision making, but these officials must be fairly compensated for the large number of hours spent, particularly on the routine aspects of these jobs which are not as inherently rewarding. Salary recommendations for this second category of Town Officials were established accordingly.

Implementation of data processing procedures and the centralization of Town Records at the new Town Offices has had a dramatic affect on workload requirements in the offices of Town Clerk/Tax Collector, Treasurer, Selectmen and Bookkeeper of the Trust Funds. Continued use of data processing services and the utilization of personal computers in the Town Clerk/Tax Collector's and Selectmen's offices will continue to improve efficiency and decrease time commitments in these two very labor intensive offices.

Applying fees collected in the performance of official functions as part of the salary was reviewed and again not recommended due to its lack of financial control and potential abuse. The concept of tying salaries to a percentage of either monies collected or return on investment was rejected on the same basis.

Automatic cost of living salary adjustments for Town Officials again was considered inappropriate. It is recommended that a new Salary Review Committee be appointed by Moderator in 1996 to report to the 1997 annual Town Meeting with new recommendations, and that future reviews continue to be conducted at five year intervals. If however, inflation should resume a double digit rate for several years, the review period should be more frequent.

Maintaining the position of Town Clerk/Tax Collector as a single office was re-evaluated. In light of the impact data processing has had on the workload and the convenience provided to the Towns people, the committee recommends that the offices continue to remain combined.

Current data processing efforts in computerized billing and account maintenance should continue and be expanded where applicable. Personal computers should be utilized in the offices of Town Clerk/Tax Collector and Selectmen to perform routine word processing functions and spreadsheet applications. This would also enable the efficient use of paid clerks who could perform most of the routine aspects of the Selectmen, Treasurer and Town Clerk/Tax Collector's jobs, in which case the salary expectations of these Town Officials need not be as great.

VETERAN'S MEMORIAL STUDY COMMITTEE
1991 REPORT

Pursuant to an affirmative vote at the 1991 town meeting that Selectmen formed a committee to study the matter and decide on an appropriate plaque or memorial and costs, a panel was appointed in mid - 1991. Several meetings were held and the subjects of wording, location, relationship to existing memorials, design and costs were discussed. The panel viewed a submission of photographs and descriptions of monuments in use around the country and some members visited neighboring towns for input.

On November 5, 1991 the committee, met and agreed unanimously to make their recommendations as follows:

1. In view of the risk of error or omission of individual names and the necessity of including all armed conflicts, the wording should be generic, such as all men and women of East Kingston who served etc.
2. As there already exists a Veteran's Memorial in a fenced, landscaped area at the Fire/Police/Emergency complex, that location would best serve our need at minimum costs.
3. In order to make use of existing work we recommend that a new bronze tablet be attached to the present stone, replacing the W.W.I. plaque which could then join the W.W.II tablet and be displayed in the Historical Committees Quarters above the Town Hall.
4. Such a bronze plaque with space for 600 letters and insignia of each of the 5 branches of the armed forces would cost between \$2,000 and \$2500.

The committee recognizes that the fencing at the complex is in poor condition and should be repaired or replaced but suggest that volunteer efforts could be used at little expense to the Town.

PLAISTOW AREA TRANSIT ADVISORY COMMITTEE

PATAC (Plaistow Area Transit Advisory Committee) made progress during 1991 in its efforts to bring commuter service to the Plaistow area and we want to thank the officers and members of the multi-town organization for their help, their many hours of work and their cooperation and enthusiasm.

One of the more significant areas addressed was the expansion in the organization's goals and objectives to include cooperation with state and interstate groups and to address the coming changes in the Portsmouth area. Also reflecting those changes, your chairman was appointed to, and elected co-chairman of, the state-wide task force on alternative transportation under RSA 191.

Late in 1991, we saw, for the first time, a proposed layover/station/park and ride lot, submitted by the Massachusetts Bay Transit Authority, which has verbally agreed that, if we can provide a lay-over facility, we will have rail service in Plaistow. At the present time, PATAC is attempting to obtain the cooperation of landowners which would be affected by such a project.

One very positive step realized in 1991 was the institution of commuter bus service by The Coach Company, which currently runs two rounds-trips daily into Boston, with stops at five Hub locations. An express run is also contemplated by The Coach Company if interest warrants it.

Several areas of concern will be solved if PATAC is successful in getting additional commuter service to the area: we will go a long way in relieving traffic congestion; we will address federal concerns voiced in the 1990 Federal Clean Air Act; and we will also address the issue of mass transit as included in the Federal Intermodal Surface Transportation Efficiency Act of 1991.

We will continue to work towards our goals and we want to thank the voters and residents of our towns in our work and ask for your continued support.

Respectfully submitted,

Merilyn P. Senter,
PATAC Chairman and State Representative, Rock. Dist. 9

REPORT OF SAU 16 ADMINISTRATORS

March, 1992

William J. Clancy, Superintendent
Darrell J. Lockwood, Assistant Superintendent
Kathleen M. Lynch, Assistant Superintendent

The school year 1991-1992 has seen the first year of our secondary schools functioning under the amended AREA Agreement.

Also, during the 1991-1992 year we have implemented the revised K-6 Reading Curriculum and the revised K-2 Math Curriculum. Much appreciation is owed to those teachers and administrators from all SAU 16 schools who participated in these critical projects.

The tuition rate for 1992-1993 at EAHS and EAJHS was set by the cooperative process detailed in the AREA agreement and the AREA Capital Committee has made a recommendation to the Exeter School Board regarding the science area of the EAHS.

The major focus of the development of each of our six school budgets for 1992-1993 has been the balance between the economic limitations we are all experiencing and the requirements we all share to adequately fund the education of our young who have only this opportunity to receive their public education.

There are plans for science classroom additions at EAHS and classroom additions and renovations at Exeter's Main Street School which will be placed before the Exeter taxpayers at the Annual District Meeting. A series of informational hearings sponsored by the respective building committees and the Exeter School Board have been held to inform the electorate of the specifics of each proposal. We are very grateful to those citizens who are serving on these facility committees.

Finally, a word of appreciation must be extended to the members of the budget committees in each of our communities. The input and advice each offers during the budget process is insightful and helpful as we attempt to construct responsible budgets which can meet our responsibilities to children.

**EAST KINGSTON SCHOOL DISTRICT
NOTES FOR
1992-93 PROPOSED BUDGET**

1100 - REGULAR EDUCATION

1100110	195,697.00	TEACHERS' SALARIES Six (6) full-time classroom teachers and Three (3) part-time teachers in Music, Art, and PE. The figure in this line represents the cost of these teachers at the 1990-91 rate, with step increases only. THIS FIGURE INCLUDES THE AMOUNT NECESSARY TO RESTORE THE CLASSROOM TEACHER THAT WAS CUT FROM THE 1991-92 BUDGET DUE TO THE ACTION OF THE 1991 SCHOOL DISTRICT MEETING. This line item does not include salary for any classroom aide.
1100112	3500.00	SUBSTITUTES' SALARIES The rate paid in 1991-92 will continue at \$50.00/day, which is \$5.00/day less than the other SAU 16 towns.
1100564	183,631.00	TUITION-JUNIOR HIGH SCHOOL 37 students @ \$4963. The tuition rate is down \$104.00/student from 91-92. Three additional students have been calculated into this figure.
1100565	472,500.00	TUITION- HIGH SCHOOL 75 students @6300. The tuition rate is down \$435.00 per student from 91-92. Three additional students are included in the calculation.
1100610	3500.00	TEACHING SUPPLIES These include consumable workbooks, instructional materials, and other teaching aids necessary to implement the instructional program effectively. The increase reflects a depleted inventory in addition to basic supplies necessary for the 1992-93 schoolyear.
1100630	2071.00	TEXTBOOKS Non-consumable books necessary to implement the instructional program. This budget includes textbooks in Reading, Math, Music, and Science, as well as permabound literature books, replacement books and additional texts for larger classes. The increase reflects the increased enrollment in the school, as well as the need to replace worn textbooks.
1100640	468.00	PERIODICALS Weekly scholastic magazines for each student Grades 1-6
1100741	639.00	ADDITIONAL EQUIPMENT Musical instruments, a modem for the Apple computer, and a telecommunications software package.

1100742	324.00	REPLACEMENT OF EQUIPMENT This represents the cost of 12 student chairs which are needed due to increased enrollment
1100751	300.00	FURNITURE This amount would provide two folding tables to accommodate the increased number of students in the school. The tables will be used in the lunchroom.
1200 - SPECIAL EDUCATION		
1200113	26,966	SPECIAL EDUCATION SALARIES One Resource Teacher who will also coordinate the Team Evaluation process. This amount represents the current salary schedule with step increase only.
1200118	20,500.00	SPECIAL EDUCATION AIDES Two special education aides to assist handicapped students integrated into regular education classrooms. The handicapped students with whom the aides will be working could not be accommodated in regular education settings without the two aides. The students would have to be tuitioned out to other schools. The figure reflects a 3.8% salary increase. These aides are required to meet the needs of already identified students.
1200330	63,110.00	SPECIAL EDUCATION CONTRACTED SERVICES Psychologist, Speech Therapist, Related Services, Occupational Therapy. East Kingston currently serves 34 special education students ranging in age from 3-17. Public Law 94-142 mandates that public schools provide "a free and appropriate education" to all students ages 3-22 who are determined to be educationally handicapped by a team of teachers and specialists at the local school.
1200561	18,650.00	SPECIAL EDUCATION TUITION - PUBLIC SCHOOLS IN NH Seven (7) students require tutoring over the summer through the East Kingston Elementary School, the Exeter Area High School, or the Exeter Area Jr. High School, since their handicaps require extended year programs. During the school year, these four students attend programs at the East Kingston Elementary School, the Exeter Area High School, or the Exeter Area Junior High School. Their IEPs require extended year programs. Two (2) students attend the K.E.E.P. program at the Exeter Area High School. This program is designed to mainstream emotionally handicapped students into the public school program rather than place them in residential schools. We pay additional \$7187.00 in special education tuition over and above the regular high school tuition, for a total of \$13,487.00 per student. If these students were not in the K.E.E.P. Program, they would have to be placed in residential programs which cost an average of \$50,000.00 per student.

The additional cost covers the cost of the extra special education services they receive in the K.E.E.P. Program, including low student/teacher ratios, special counseling and testing, as well as special individualized instruction. One student in the K.E.E.P. Program requires a private summer program which is not offered in a public school setting.

The K.E.E.P. Program is the most cost effective placement for these students.

1200568	13,785.00	<p>SPECIAL EDUCATION TUITION - PRIVATE NH</p> <p>There are students ages 3-5 whose handicaps require that they attend an educational program. Since East Kingston does not offer pre-school or kindergarten program, we contract with area nursery schools and kindergartens to provide the programs. Contracting the services is less expensive than trying to run our own program for only four students. This reflects an increase in the number of four (4) pre-schoolers over the current year.</p>
1200610	500.00	<p>SPECIAL EDUCATION INSTRUCTIONAL SUPPLIES</p> <p>Tests, consumable books, and instructional supplies for special education staff.</p>
2120 - GUIDANCE SERVICES		
2120330	500.00	<p>GUIDANCE - CONTRACTED SERVICES</p> <p>Standardized Achievement Testing</p> <p>The additional money represents the cost of the testing previously paid for by the state. This figure represents the 1991-92 rate.</p>
2130-HEALTH SERVICES		
2130210	4018.00	<p>HEALTH SALARIES</p> <p>One Part-time Nurse, .20 FTE. This figure represents the 1990-91 rate, with step increase only</p>
2130330	100.00	<p>HEALTH CONTRACTED SERVICES</p> <p>Physical exams are required for students attending Camp Sargent. The money in this line provides physical exams for any student who could not otherwise afford the physical and would be unable to attend Camp Sargent.</p>
2130440	65.00	<p>HEALTH MAINTENANCE</p> <p>Calibration of hearing machine.</p>
2130610	46.00	<p>HEALTH SUPPLIES</p> <p>First Aid supplies.</p>
2210 - IMPROVEMENT OF INSTRUCTION		
2210118	4941.00	<p>AIDES' SALARIES</p> <p>This figure represents the cost of a half time aide for the second grade, which is very large.</p>

2210270	1000.00	COURSE REIMBURSEMENT Reimbursement for Teachers taking educationally related courses for professional development, per contract.
2120290	800.00	CONFERENCES Conferences and training sessions for teachers and professional staff that are directly related to their assignments.
2222117	2700.00	2222 - MEDIA SERVICES MEDIA SALARIES This amount would provide a media aide for the purpose of assisting students in using the library, checking out and reshelving books, and library maintenance. The salary is figured at 10 hrs/wk for 36 weeks @ 7.50/hr.
2222330	285.00	MEDIA CONTRACTED SERVICES Educational TV membership @2.00/student for 130 students plus teacher guides for educational programs.
2222440	500.00	MEDIA MAINTENANCE Funds for the repair/maintenance of computers, audio visual equipment, and piano which are currently in need of repair.
2222610	300.00	MEDIA SUPPLIES Funds for library supplies such as book jackets, tape, software.
2222630	400.00	MEDIA TEXTBOOKS Cost of membership in the Junior Library Guild that includes approximately 8 books per month for 12 months. NO books were added to the school library during the 1991-92 school year.
2222640	540.00	MEDIA PERIODICALS Educational periodicals and newspapers for Library.

2310 - GENERAL ADMINISTRATION

2310351	19,241.00	SAU #16 EXPENSE East Kingston's share of the SAU budget, figured at 4.34% of the total budget. The budget for 1992-93 includes no pay increases for the Superintendent and Assistant Superintendents . There is a decrease in the overall SAU budget of .13% over 1991-92. The increase in East Kingston's share is due to the increase in enrollment, which determines each district's share.
2310353	260.00	SLC EXPENSE Membership in the Seacoast Learning Collaborative, figured @2.00/student for 130 students. Membership in SLC allows East Kingston to purchase services at a member's rate. We currently purchase occupational therapy and special education transportation services through SLC.

2310372	5000.00	LEGAL EXPENSE For legal services required by the Board for preparation for School District Meeting, and potential litigation on the multi-purpose room floor.
2310380	2,000.00	SCHOOL BOARD EXPENSE Included in this line is 1914.05 for 1992-93 membership in the New Hampshire School Boards Association. Also included is the cost of advertising to fill personnel vacancies that may occur.
2300 - SCHOOL BOARD SERVICES		
2300111	3,900.00	SCHOOL DISTRICT OFFICERS SALARIES
		School Board Chair 1200.00
		School Board Members @1000.00 each 2000.00
		School District Clerk 150.00
		School District Moderator 50.00
		Auditors (2) @ \$75.00 each 150.00
		School District Treasurer 350.00
2410 - OFFICE OF THE PRINCIPAL		
2410114	42,558.00	PRINCIPAL/ READING SPECIALIST'S SALARY Full time Principal who also works as the school Reading Specialist, a position required by minimum standards. The 1992-93 salary is figured at a 3.8% increase.
2410115	14,100.00	SECRETARIAL SALARY 7 hrs/day x 10.38/hr x 194 days. This represents a 3.8% salary increase.
2410121	300.00	ASSISTANT PRINCIPAL'S SALARY Stipend for the Head Teacher who assumes charge of the school in the Principal's absence.
2410440	1088.00	REPAIR AND MAINTENANCE Funds for maintenance contract and repair costs for the office computers, laminating machine, typewriters, and ditto machine and copy machine.
2410531	2500.00	TELEPHONE Projected cost of telephone, based on current service and use.
2410580	150.00	TRAVEL Staff travel to post office, SAU office, and other school business travel.
2410610	2989.00	SUPPLIES Supplies for operating the office and office equipment.

2410741	2,686.00	EQUIPMENT Per year two of a four year lease agreement on the copier.
2410810	375.00	DUES AND MEMBERSHIPS Membership in the National and State Associations of Elementary School Principals
2520 - FISCAL SERVICES		
2520111	5,939.00	FISCAL SERVICES East Kingston's share of Fiscal Services provided through SAU #16: Fiscal Services Administrator, Payroll Clerk, supplies, utilities, benefits, and other costs, figured at 10.76% of the total Fiscal Services budget. The Fiscal Services budget is up 8.15% over 1991-92, due mostly to increased cost of insurances (health, life, dental, and surety bond).
2540 - OPERATION OF PLANT		
2540119	15,840.00	CUSTODIAL SALARIES Full time Custodian 40 hrs/wk x 48wks x 8.25 hr. This represents a 3.8% increase
2540411	15,000.00	LIQUID PROPANE GAS This represents flat funding. The actual expenditure is a function of the severity of the winter, and the price of liquid propane during the 1992-93 winter. Both of these factors are unknowns at this time.
2540413	12,840.00	ELECTRICITY This amount is figured at 7% over 1991-92.
2540440	4,000.00	CONTRACTED MAINTENANCE Maintenance of septic tank, fire extinguishers, carpet cleaning, painting, replacement of ceiling tiles, and general maintenance of plant. \$500.00 has been included for mandatory asbestos inspection. The increase in this line item is due to deferred maintenance.
2540521	5342.00	SMP (SPECIAL MULTI-PERIL) INSURANCE Commercial property insurance on Andrews Lane(both the school and the Cole House) figured at a 5% increase over 1991-92.
2540610	1800.00	SUPPLIES Custodial supplies necessary for upkeep of the building and grounds.

2552510 63,870.00 PUPIL TRANSPORTATION
Per year two of a five year contract with National Bus Service

2553 -SPECIAL EDUCATION TRANSPORTATION

2553511 4046.00 SPECIAL EDUCATION TRANSPORTATION
Transportation for three (3) special education students.

2560 - FOOD SERVICE MANAGEMENT

2560570 1000.00 FOOD SERVICE MANAGEMENT
Including this amount in the budget allows the school to collect milk money and pay the milk vendor.

2900 - EMPLOYEE BENEFITS

2900211 59,736.00 HEALTH INSURANCE
The cost of nine (9) family medical plans @6105/year, one (2) family plans @1221/year (20%) and one (1) one person coverage @ 2250/year. The figure in this line provides for a plan with \$100.00 deductible and a managed care provision, which provides an additional 4% reduction in premiums. The figure in this line does project a 25% increase in premiums for the 1992-93 year. The plan included in the budget represents a change in coverage. If the present coverage were to be continued, the cost next year is estimated at \$70,005.00.

2900212 3536.00 DENTAL INSURANCE
10.4 single dental plans estimated@ a 20% increase in premiums.

2900213 552.00 LIFE INSURANCE
7.2 policies @.21 per thousand dollars of salary

2900213 2937.00 WORKERS' COMPENSATION
Total payroll x \$.075/hundred of gross salary for all staff except custodian, whose rate is 5.61 per hundred of gross salary.

2900222 11,638.00 TEACHERS' RETIREMENT
Total payroll of professional employees x .0405 of gross salary. This is an estimate of a large increase that was deferred last year and is expected this year. This is state controlled. The School Board has no say on this line item.

2900230 24,581.00 F.I.C.A.
Total payroll x .0765

2900231 2525.00 DISABILITY INSURANCE
Salaries of 8.2 professional staff x .0096

2900260	1112.00	<p>UNEMPLOYMENT COMPENSATION</p> <p>This increase in unemployment compensation is an estimate based on the fact that staff cuts in 1991-92 year could result in claims against our unemployment coverage. Our insurance carrier has advised us that we could be liable for up to twice this year's premium.</p>
5100 - DEBT SERVICE		
5100830	55,000.00	<p>DEBT SERVICE - PRINCIPAL</p> <p>One payment, due 7/15/92</p>
5100841	61,614.00	<p>DEBT SERVICE - INTEREST</p> <p>Two payments: 31,735.00 due 7/15/92 29878.75 due 1/15/93</p> <p>We have investigated the possibility of refinancing the bonds at a lower rate. The current rate is 6.75%. The bond includes pre-payment penalties. The cost of the penalties and refinancing fees would exceed the amount saved by refinancing.</p>
5100842	11480.00	<p>DEBT SERVICE - AREA INTEREST</p> <p>This represents East Kingston's share of the interest on the bond for capital improvements to Exeter AREA High School, as required by the AREA agreement. The Exeter voters will vote on this bond at the March 1992 meeting. If it does not pass in Exeter, the money will not be spent.</p>

ANNUAL REPORT EAST KINGSTON SCHOOL DISTRICT

East Kingston Elementary School has experienced phenomenal growth during the past twelve months. At the present time our student population is 127. This number reflects an increase of 21 students in the past year. This growth combined with limited finances and dwindling supplies creates new challenges every day.

As a result of last year's budget cuts, difficult decisions had to be made. The fifth and sixth grades were combined into one crowded class of 37 students. There has been no librarian and no guidance counselor. Because of a shift in teaching assignments, the computer program for grades four, five and six has been discontinued. There is a shortage of textbooks in certain grades and a shortage of student chairs both in the classrooms and in the lunchroom.

Despite day to day difficulties, the East Kingston Elementary School staff continues to strive to provide quality education for all of the students. The staff members work together to create a positive environment for learning. The town is truly fortunate to have such a nurturing, well qualified and dedicated staff.

There are four new staff members this year: Liliane Conlan is a part time instructional in the first grade and a part time special education aide; Susan Hill is a full time instructional aide in grades five and six; Madeline Kerr has replaced Cynthia Anderson as our art teacher; and Judy Clan-Tolsma has replaced Susan Shea as our occupational therapist. In addition, we have been fortunate to have Cathy Brophy as a graduate intern in grade four.

Our school continues to offer a wide range of programs in addition to its regular classroom instruction. Our special education program, under the coordination of Sarah Oppenheimer, provides testing and evaluation, speech and language therapy, psychological services, physical and occupational therapy and academic tutoring. Chapter 1, a federally funded reading program offers small group and individual instruction to those students who meet the program's criteria. This year the DARE (Drug and Alcohol Resistance Education) program has been taught to sixth graders by Officer Larry Douglas, a member of the Seabrook police force. We were extremely fortunate to have Nancy Rhodes selected as a National Geographic Fellow, and teachers and students alike have benefited from her participation in the Summer Institute this past July in Washington, D.C.

We are very indebted to all those parents and community members who have dedicated their time to the running of the school this year. A very special thanks should be extended to the PTO for all their time and energies put into the various school activities such as the Book Fair, the Thanksgiving Dinner, the Teacher Recognition luncheon, and the enrichment activities which they have funded. At the present time, members are directing their energies toward improving the condition of the playground. There has been a very active group of volunteers who have worked in the school library maintaining shelves, cataloging books, and checking materials out and in. The library would not have been functional if it had not been for the dedication of these people.

Special recognition needs to be given to this year's sixth grade class, their teacher Mr. Jim McMahon, and to the sixth grade parents' group for their outstanding contributions to both the school and the community. With the help of Mr. Herb Novell, recycling was introduced to the town. In order to raise money to attend Sargent Camp, sixth graders have been recycling aluminum cans and plastic bottles all year and have offered the opportunity to recycle to members of the community every Saturday morning. In addition, a magnificent pancake breakfast was held which attracted over four hundred people. As a result, the Sargent Camp program has been fully funded for this year's class. The Sargent Camp Bike-a-thon was held in September and would not have been possible without the help of the East Kingston Rescue Association and the police department.

As we look toward next year, I hope that you will all find it in your hearts to support quality education for our East Kingston students for they are our future.

Respectfully submitted,

Barbara L. Lobdell
