3 years  
School Board member - Frances Jane Gouzoules  
3 years

Town and School Officials present were sworn in by Moderator Richards.

Art. 3 - Motion by C. Stickney, seconded by R. Weeks, that the Town raise and appropriate the estimated sum of \$39,266.00 in payment of salaries and commissions.  
(Recommended by Budget Committee)

Motion passed - Voice vote

Art. 4 - Motion by C. Stickney, seconded by A. Fay, that the Town raise and appropriate the estimated sum of \$963,573.00 to defray Town charges for the ensuing year.  
(Recommended by Budget Committee)  
Motion passed - Voice vote

Art. 5 - Motion by L. Preston, seconded by D. Brown, that the Town authorize the Board of Selectmen to borrow money on short term notes in anticipation of taxes.  
Motion passed - Voice vote

Art. 6 - Motion by C. Scherer, seconded by R. Murphy, that the Town vote to raise and appropriate \$200.00 for Seacoast Task Force on Family Violence - A Safe Place.  
(Recommended by Budget Committee)  
Motion passed - Voice vote

Art. 7 - Motion by A. Fay, seconded by W. Adams, that Selectmen grant a discount on property taxes of 3% if paid within 14 days of postmark and 1% if paid within 30 days of postmark.  
Motion passed - Voice vote

Art. 8 - Motion by D. Brown, seconded by R. Weeks, that the Town raise and appropriate a sum not to exceed \$7,000.00 for preservation of Town records: Bookbinding and/or Micro-filming.  
(Recommended by Budget Committee)  
Motion passed - Voice vote

- Art. 9 - Motion by A. Fay, seconded by D. Brown, that Selectmen be authorized to transfer tax liens and convey property acquired by the Town through Tax Collector's Deed by advertising sealed bids, or in such manner as is just and appropriate. Motion passed - Voice vote
- Art.10 - Motion by T. Collins, seconded by T. Maher, that the Town raise and appropriate a sum not to exceed \$500.00 for NH SPCA.  
(Recommended by Budget Committee)  
Motion passed - Voice vote
- Art.11 - Motion by C. Scherer, seconded by G. MacKenzie that Selectmen, Road Agent, and Planning Board Chairman be authorized to accept as Town roads, any road completed during year and deeded to Town, approved by Selectmen, Road Agent and Planning Board Chairman, and recorded with Town Clerk.  
Motion passed - Voice vote
- Art.12 - Motion by JM. Teixeira, seconded by T. Maher, that Board of Selectmen grant an extension/expansion of present easement to Granite State Gas. Trans, Inc. for replacing the existing natural gas transmission pipeline. Easement on Tax Map U2-3.  
Motion passed - Voice vote
- Art.13 - Motion by R. Krasko, seconded by J. Soltis, that the Town raise and appropriate a sum not to exceed \$2,000.00 to repaint and repair the basketball and tennis courts at Caswell Field.

(Not recommended by Budget Comm.)  
Motion passed - Voice vote

Art.14 - Motion by D. Brackett, seconded by M. Mayo that Selectmen be authorized to accept and expend money from State, Federal or private source which shall become available during year as per RSA 31:95-b.  
Motion passed - Voice vote

Art.15 - Motion by T. Collins, seconded by P. Wolfe that the Town raise and appropriate a sum not to exceed \$4,500.00 for purchase and installation of an air conditioning system for Weeks Public Library.  
(Not recommended by Budget Comm.)  
Motion passed - Voice vote

Art.16 - Motion by M. Mayo, seconded by D. Brown that the Town authorize Trustees of Weeks Public Library to apply for, accept and expend, without further action of Town Meeting, money from State, Federal or other sources which becomes available during year, in accordance with RSA 202-A:4-C.  
Motion passed - voice vote

Art.17 - Motion by D. Bellantone, seconded by F. Graf to raise and appropriate a sum not to exceed \$9,500.00 to implement a recycling operation from May 1992 through April 1993 with authority to encumber balance of unexpended 1992 funds through April 1993.  
(Not recommended by Budget Comm.)  
Yes - 69 No - 18 (show of hands)

Art.18 - Motion by R. Rugg, seconded by R. Sargent that Town extend its commitment as member of Lamprey Regional Solid Waste Cooperative from June 1993 to end of business day June 30th, 1996.  
Motion passed - Voice vote

Art.19 - To take any other action that may legally come before the meeting. F. Graf claimed Town Report incomplete because no report of Airport Advisory Comm. Reason explained by C. Stickney. Motion by H. Lyndes not accepted as no motion can come before assembly unless article is 'warned' in warrant.

C. Stickney suggested presentation of specific Warrant Article in next year's Warrant.

Motion by J. Brackett, seconded by D. Brown to adjourn meeting.

Meeting adjourned at 12:17 PM.

Board of Selectmen  
Town of Greenland  
Greenland, NH 03840

We have audited the combined financial statements of the Town of Greenland, New Hampshire, and its combining and individual fund financial statements as of and for the year ended December 31, 1991. In planning and performing our audit, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on the internal control structure. However, we did not note any matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control system that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not disclose all reportable conditions that are also considered to be material weaknesses as defined above.

This report is intended solely for the information and use of the Board of Selectmen, Officers, and management. This restriction is not intended to limit the distribution of this report which, upon acceptance, is a matter of public record.

INDEPENDENT AUDITOR'S REPORT

Board of Selectmen  
Town of Greenland  
Greenland, NH 03840

I have audited the accompanying combined financial statements of the Town of Greenland as of and for the year ended December 31, 1991, as listed in the table of contents. These financial statements are the responsibility of the Town's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

The Town has not maintained a record of its general fixed assets and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not presented in the financial report.

As discussed in Note 5, audit procedures have identified that the town is in a significant deficit position. This event, when considered in the aggregate, and in assessing the town's ability to continue to meet its obligations and function as a going concern, was not deemed to be a factor that would impair its ability to discharge its obligations due to the town's ability to raise funds via taxation.

In my opinion, the combined financial statements referred to above present fairly the financial position of the Town of Greenland at December 31, 1991, and the results of its operations and the changes in financial position of its proprietary fund types and similar Trust Funds for the year then ended, in conformity with generally accepted accounting principles. Also, in my opinion, the combining and individual fund financial statements referred to above present fairly the financial position of the individual funds of the Town of Greenland at December 31, 1991, their results of operations, and the changes in financial position of individual proprietary funds for the year then ended, in conformity with generally accepted accounting principles.

A handwritten signature in black ink, appearing to be 'L. R. [unclear]', with a long horizontal line extending to the right.

TOWN OF GREENLAND, NEW HAMPSHIRE  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 1991

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The diverse nature of governmental operations and the necessity of determining compliance with legal provisions requires modification of accounting systems commonly used by commercial enterprises. Rather than establishing a single unified set of accounts to record and summarize all financial transactions, the accounts of the Town are organized on the basis of funds, each of which is considered a separate entity with self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, including obligations and transfers. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, as follows:

Governmental Funds

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Fiduciary Funds

Trust & Agency Funds - Trust & Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for other governmental units. These include Expendable Trusts, Non-expendable Trusts, and Agency Funds. Non-expendable Trusts are accounted for in essentially the same manner as proprietary funds, while Expendable Trusts are accounted for similar to governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

TOWN OF GREENLAND, NEW HAMPSHIRE  
NOTES TO FINANCIAL STATEMENTS (Cont'd)  
DECEMBER 31, 1991

Basis of Accounting (Cont'd)

All governmental funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain. Property tax revenue is measured in the year levied.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

All proprietary funds and Non-expendable Trust and Pension Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

Fixed Assets

The Town does not maintain a record of its general fixed assets and accordingly a statement of general fixed assets required by generally accepted accounting principles is not presented in the financial statements.

2. TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW

Total columns on the Combined Statements - Overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

TOWN OF GREENLAND, NEW HAMPSHIRE  
NOTES TO FINANCIAL STATEMENTS (Cont'd)  
DECEMBER 31, 1991

3. RESERVED FUND BALANCE

Fund balance reservations have been made to designate that portion of the fund balance which is not available currently for the following items:

Coakley landfill taxes	\$ 22,094
Elderly lien	10,047
Tax deeded properties	2,940
Public Service settlement	<u>80,000</u>
	<u>\$115,081</u>

The Coakley landfill reservation is for the unpaid real estate taxes from 1988-1991. The property has not been tax deeded to the Town because of potential liability for the environmental impairment of the real estate involved.

Elderly lien and tax deeded property reservations have been made to offset those items which are not currently available for appropriation.

The Public Service settlement reservation is for the Court ordered settlement of property tax disputes through 1986 with the Public Service Company of New Hampshire. The amounts are to be paid in two installments in 1992 and 1993. The amounts are being carried in the Long-Term Debt Group.

4. DEFICIT POSITION

As noted in 1989 and 1990, the Town is in a deficit position. The deficit of 1989, which amounted to \$240,000, had been reduced during 1990 to \$200,000, but has increased to \$332,600 in 1991 due to the necessity of setting aside the reservations of amounts not available currently as discussed in Note 3 above.

5. CASH AND INVESTMENTS

RSA 48:16 requires that all funds belonging to the Town shall be deposited in solvent banks within the state, except funds may be deposited in banks outside the state if such banks pledge and deliver collateral to the state treasurer of equal value as the funds deposited. There is no requirement of an in-state bank to collateralize deposits in excess of FDIC insurance.

TOWN OF GREENLAND, NEW HAMPSHIRE  
 NOTES TO FINANCIAL STATEMENTS (Continued)  
DECEMBER 31, 1991

5. CASH AND INVESTMENTS (Continued)

The Town's cash deposits and investments at December 31, 1991, are categorized by maturity date and by the level of risk assumed by the Town. The risk categories are defined as follows:

- (1) Insured or collateralized with securities held by the Town or its agent in the Town's name;
- (2) Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name;
- (3) Uncollateralized or uninsured for which securities are held by the financial institution's trust department or agent but not in the Town's name.

At December 31, 1991, the Town's deposits and investments consisted of the following:

	Categories			Balance
	1	2	3	
Demand deposits	\$147,852	-0-	\$366,456	\$514,308
Securities	-0-	-0-	95,137	95,137
	\$147,852	-0-	\$461,593	\$609,445

6. EMPLOYEE BENEFITS AND COMPENSATED ABSENCES

Police Department employees are eligible to participate in the State of New Hampshire Police Retirement system on a shared cost basis, which is recorded when earned.

INDEPENDENT AUDITOR'S REPORT ON SCHEDULE OF  
FEDERAL FINANCIAL ASSISTANCE

Board of Selectmen  
Town of Greenland  
Greenland, NH 03840

I have audited the general purpose financial statements of the Town of Greenland for the year ended December 31, 1991, and have issued my report thereon dated May 29, 1992. These general purpose financial statements are the responsibility of the Town's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-102. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit in accordance with these standards includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

My audit was made for the purpose of forming an opinion on the general purpose financial statements of the Town of Greenland taken as a whole. The accompanying schedule of federal financial assistance is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in that schedule has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in my opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH  
LAWS AND REGULATIONS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS ISSUED BY THE GAO

To the Board of Selectmen  
Town of Greenland  
Greenland, NH 03840

I have audited the financial statements of the Town of Greenland as of and for the year ended December 31, 1991, and have issued my report thereon dated May 29, 1992.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-102. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Town of Greenland is the responsibility of the Town's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I performed tests of the Town's compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a material effect on the financial statements.

The results of my tests indicate that, with respect to the items tested, the Town of Greenland complied, in all material respects, with the provisions of laws and regulations, noncompliance with which could have a material effect on the financial statements. With respect to items not tested, nothing came to my attention that caused me to believe that the Town of Greenland had not complied, in all material respects, with those provisions.

54 COURT STREET - PORTSMOUTH, NEW HAMPSHIRE 03801  
603 436-8110

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROLS  
(ACCOUNTING AND ADMINISTRATIVE)-- BASED ON A STUDY  
AND EVALUATION MADE AS A PART OF AN AUDIT OF THE  
GENERAL PURPOSE FINANCIAL STATEMENTS AND THE  
ADDITIONAL TESTS REQUIRED BY THE SINGLE AUDIT ACT

To the Board of Selectmen  
Town of Greenland  
Greenland, NH 03840

I have audited the general purpose financial statements of the Town of Greenland for the year ended December 31, 1991, and have issued my report thereon dated May 29, 1992. As part of my audit, I made a study and evaluation of the internal control systems, including applicable internal administrative controls used in administering federal financial assistance programs, to the extent I considered necessary to evaluate the systems as required by generally accepted auditing standards, Government Auditing Standards issued by the Comptroller General of the United States, the Single Audit Act of 1984, and the provisions of OMB Circular A-102, "Grants and Cooperative Agreements with State and Local Governments." For the purpose of this report, I have classified the significant internal accounting and administrative controls used in administering federal financial assistance programs in the following categories:

(A) Accounting Controls:

Cash  
Receivables  
Payables and accrued liabilities  
Billing  
Cash receipts and disbursements  
Indirect cost allocation  
Payroll

(B) Administrative Controls

Davis-Bacon Act  
Civil Rights  
Federal Financial Reports  
Matching Levels  
Political Activities

The management of the Town of Greenland is responsible for establishing and maintaining internal control systems used in administering federal financial assistance programs. In fulfilling that responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of internal control systems used in administering federal financial assistance programs are to provide management with reasonable, but not absolute, assurance that, with respect to federal financial assistance programs, resource use is consistent with laws, regulations, and policies; resources are safeguarded against waste, loss, and misuse; and reliable data are obtained, maintained, and fairly disclosed in reports.

Because of inherent limitations in any system of internal accounting and administrative controls used in administering federal financial assistance programs, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the systems to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

With respect to the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Town of Greenland, my study and evaluation was limited to a preliminary review of the systems to obtain an understanding of the control environment and the flow of transactions through the accounting system. My study and evaluation of the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Town of Greenland did not extend beyond this preliminary review phase.

My study and evaluation was more limited than would be necessary to express an opinion on the internal control systems used in administering the federal financial assistance programs of the Town of Greenland. Accordingly, I do not express an opinion on the internal control systems used in administering the federal financial assistance programs of the Town of Greenland. However, my study and evaluation and my examination did not disclose any condition that I believe to be a material weakness.

A handwritten signature in cursive script, appearing to read "H. P. [unclear]".

REPORT OF THE BOARD OF SELECTMEN

GREENLAND IN 1897

Early in 1897, the Greenland correspondent of the Exeter News Letter reported: "...With less than 800 inhabitants the town can muster 10 blacksmiths, five butchers, 15 carpenters, two carriage makers, three clergymen, seven dress makers, two doctors, three lawyers, two masons, four painters, two printers, six shoe makers, one surveyor, twelve school teachers, three telegraph operators, and about 159 1/2 farmers.

"There are two churches, three common schoolhouses, one academy with upwards of 40 students, one town hall, one hotel, one Masonic hall, four private boarding houses, one livery stable, three grocery stores, three saw mills, three grist mills, one shingle mill, three cider mills, one gunsmith, two wheelwrights and two stone cutters or stone masons.

"We have had an electric or literary club which is now obsolete: and we have had a temperance reform club."

Unlike the above report, written about our Town some 95 years ago, we are unable to easily inventory the various professions of our citizens that in 1993 total 2750 - one four hundredth of the State's population. However, with the increase in our population, Greenland in 1992 became a single political district and for the first time elected its own Representative to the General Court of New Hampshire.

Special recognition and thanks is given to Roy Chisholm for his many years as our Forest

Fire Warden; to Norman Cain for his service on the Board of Adjustment; to Karl Gilbert who served as Chief of Police until his retirement in June; and to Carol Scherer for her service as Deputy Town Clerk and Tax Collector and Secretary to the Selectmen.

Scot Blanchard, a member of the Greenland Police Department, was appointed acting Police Chief upon the retirement of Karl Gilbert.

Our major road work this year was limited to Dearborn Road and Great Bay Drive West. Unfortunately, the work was not completed in time to center stripe the road, but as soon as the weather will allow this will be accomplished.

During the November 1992 Presidential election, many residents of Greenland signed a petition requesting that future election polling hours be established from 8:00 AM to 8:00 PM. Whereas the Selectmen are charged with establishing the polling hours, consultation was held with numerous town officials - Town Clerk, Town Moderator, Supervisors of the Checklist, School Board, School Moderator, School Principal - to review the current hours relative to those changes requested. After a considerable amount of discussion, the major concern that emerged related to the safety of children as they begin their school day. Based on the unanimous consensus of those consulted, the Selectmen have decided to retain the election polling hours as they are - 10:00 AM to 7:00 PM.

## REPORT OF THE PLANNING BOARD

1992 saw some increased activity in Greenland, most notably approvals for the construction of a Golf/Ski Pro Shop along Route 101 and a nine hole golf course at Mr. Fillmore's property. Additionally, the State presented a plan for potential improvements to Route 101 to make it safer.

We thank Evelin Sammel our secretary, Joe Rehler our road inspector, and Steve Wallace for the service during 1992.

We hope that you will review the proposed zoning changes this year and exercise your right to vote.

Respectfully submitted:

Tom Brackett  
Doug DePorter  
Paul Sanderson  
Richard Wilson

John Chick  
Louis Neron  
James Wilbur

## HEALTH OFFICER REPORT 1992

There were several complaints regarding failed waste disposal systems, these were all investigated and, where appropriate, corrective actions were taken by the home owner or business. One complaint involved a suspect ventilation system; that problem was resolved. Your Health Officer attended an educational seminar to upgrade skills. There is one investigation involving surface water contamination still open. Routine inspections of child care facilities were conducted throughout the year.

POLICE DEPARTMENT REPORT

This year the Police Department had the honor of seeing Chief Karl Gilbert retire after seventeen years of loyal service to the community. He had a long and prosperous career with this department and will be sadly missed.

I would like to introduce myself, my name is Scot Blanchard and I have taken the position as the new Police Chief for the Town of Greenland. I have been in Law Enforcement going on fifteen years, starting in Exeter and then going to North Hampton and now settling in Greenland.

The Police Department has an open door policy

for anyone with a complaint, suggestion or anyone who wishes to just stop by, the door is always open. I look forward to serving the people of Greenland in a manner of professionalism and caring about them and their needs.

The retirement of Chief Gilbert also created a loss of our D.A.R.E. Program at the Greenland Central School as well as the D.A.R.E. Instructor. Knowing the importance and success of this Program for the children of the town it became a priority to keep the Program. After careful consideration we have a new D.A.R.E. Instructor. The new D.A.R.E. Instructor is Patrolman Roy Sherman who has been with this department for four years. He has attended and successfully completed the D.A.R.E. Instructors School and with his dedication and understanding this Program will continue and remain a success.

I am looking forward to meeting and serving the people of Greenland and to help to continue providing the best possible service and protection for the Town of Greenland.

Respectfully submitted,  
Scot S. Blanchard, Chief

Again the D.A.R.E. (Drug Abuse Resistance Education) Program has begun. The Program consists of a one semester course (17 weeks) taught one day each week to the sixth grade students at the Greenland Central School. The D.A.R.E. Program has been taught since 1990 and has successfully graduated over seventy students. It is hoped that you will share the school's and the Greenland Police Department's enthusiasm regarding the Program.

Patrolman Roy Sherman, D.A.R.E. Instructor

GREENLAND VOL. FIRE DEPT.

This year the number of fire calls decreased by a good number. We had 216 calls in 1991 compared to 177 in 1992. I believe this is due to the interest the towns people have taken to the fire prevention tips which we listed in last year's report.

Fire Safety Tips

1. Check and clean your chimney regularly
2. Check smoke alarm and replace batteries

This year we tried something new for Fire Prevention. We used the Edith Home Fire Drill. On Thursday evening during Fire Prevention Week we blew all sirens to alert the school children to join their families and exit the home for a drill.

	Total	15,446

Looking for real value from your tax dollar?  
 Look no further than your public library.  
 This year, a look at what was checked out  
 compared with what these items would have  
 cost tax payers if purchased individually,  
 shows that you can't make a better  
 investment!

<u>Borrowed</u>	<u>Cost</u>
5068 adult books x \$21.95/ea.	\$111,242.60
8620 children's x \$13.95/ea.	120,249.00
627 magazines x \$3/ea.	1,881.00
417 audio cassettes x \$14.95/ea.	6,234.15
747 videos x \$2/ea. rental fee	1,494.00
129 Interlibrary loan books x \$25	3,225.00
2 daily newspapers	284.00
 Total	 \$244,609.75
Library Budget	57,788.00
You saved	181,821.75

And that doesn't include the intangibles: the  
 value of the assistance you received when you  
 needed help with research, the questions that  
 were answered for you by library staff  
 members, or the simple luxury of having a  
 convenient place in town with a well-  
 organized collection of materials from which  
 to choose the items you need for research or  
 recreational reading. And from a housekeeping  
 point of view, the pleasure of not having to  
 store all those books and magazines either.

The library also sponsors an annual reading/discussion program for adults, three story hours per week for preschool age children, plus seasonal craft programs and field trips to the library for elementary school students. Our summer reading and recreation program offers eight weeks of activities and encouragement in reading books on a particular theme. The 1992 program was "Discover--Read". Weekly programs included paper mache, designing T-shirts, printing, and a visit from "The Little Red Wagon". The Friends of the Library and GFWC Junior Women helped support the summer program by providing funds for books, prizes and craft supplies. We conducted a volunteer's course in the spring and now have trained help for the endless filing and processing as well as for emergencies. We also assisted the GFWC Junior Women in presenting a babysitter's course.

Since June we have had the use of an 800 number to consult with reference librarians at the State Library when we are asked questions we can't answer with our own materials, and we've used it often. Through the electronic Interlibrary Loan network, we borrowed 129 books from other libraries for our patrons and loaned 136 books to other libraries.

We have received several memorial donations this year which have added to our reference, non-fiction, and children's collections.

The response from the community to our programs and services continues to grow, and we will do our best to bring you the best library service possible in the coming year.

Bonnie K. Gardner  
Library Director

Report of Town Fire Warden  
and State Forest Ranger

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The NH Division of Forests and Lands assisted many other communities in wildland fire suppression as well.

Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done." Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and fire department by requesting and obtaining a fire permit before kindling an

open fire.

The NH Division of Forests and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for fire fighter safety items and wildland suppression equipment in 1992.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

For local fire permits and information, call Violet Chisholm 436-4299  
Dunc Brackett 436-8720

#### CONSERVATION COMMISSION REPORT

The Conservation Commission, consisting of Chairman Frank A. Graf and members Alison Brackett, Cici Underwood, John Weeks, and Adele Wick, met on the second Monday of each month during the course of the year. The Conservation Commission worked to fulfill its duties to the town citizens by providing advice concerning wetlands development and construction projects having an impact on wetlands. The Conservation Commission also initiated a warrant article for the vote of the town to provide for the development of a walking trail on the Weeks Brick House property as is allowed by easement granted to the town by the Weeks Brick House Organization. An additional project planned for the spring is a beautification of the traffic triangles in the town. All citizens and guests are invited to our meetings.

Frank A. Graf, Chairman

## RECREATION REPORT

1992 has come and gone and was one of our best years for the Recreation Dept. in Greenland.

The baseball season was very good, our girls' softball teams had a super season, due to the watchful eye of Tom and his people. Once again John Kersey summer league had a great time, coming in 2nd in their league. Good job, John.

We introduced a tennis program last year under the supervision and teaching of Robyn Krasko. We had 24 children start the eight week program and ended with 18. From the comments and the letters we received from the parents, everyone was very pleased with Robyn and expressed their wishes that we bring her back for 1993. Thanks Rob for a job well done.

The soccer camp held in August was a huge success, we had about 30 boys and girls who attended and learned how the game should be played. Thanks Bruce and Paul for your time and effort. Also the soccer program is growing each year - last year we had about 160 kids in the program - super - all learned and had fun.

Once again we needed help for basketball and Ivy Leonard and Rick Rafferty stepped forward and took over and did a whale of a job.

Enough said: We the Recreation Commission would like to take this time to thank all the coaches, managers, officials, coordinators, parents and mothers for your time, money, effort and enthusiasm that you have shown for the children who take part in our various recreational programs here in Greenland.

We ask you all to continue to support us in our goal to bring good clean and competitive programs to our town. Have a good, happy and prosperous 1993 and may all problems be small.

God bless and see you on the fields.

GREENLAND SUMMERFEST 1992  
August 7, 8, and 9

The Teen Dance was held at the fire station. Kicking off the Summerfest, this event was the start of a successful weekend.

Saturday started with a pancake breakfast. The parade, rides and games for children, helicopter rides, bike tour, in line skate race, Jason Hussey Road Rade, and Vegas night rounded out the remainder of the day.

Sunday was "Rain, Rain Go Away". No matter how much we chanted, it rained. With a lot of ingenuity, we made the best of it. The country breakfast was a warm welcome to a rainy day. The car show, craft fair and chicken barbecue were moved inside to the fire station.

The Summerfest Committee would like to express their thanks to the countless businesses, community groups, and individuals who helped to make this weekend a success. We look forward to Summerfest '93.

Thanks again.

## RECYCLING COMMITTEE

As you read in our January 1993 newsletter, Greenland's drop-off recycling program has been successfully implemented on the first and third Saturdays of each month. We estimate that approximately 25% of Greenland households are participating in this voluntary program. In its first ten months of operation between May 1992 and February 1993, the program will have recycled or reused roughly 45 tons of your household waste!

The future plans for disposal of the town's solid waste remain unclear. Greenland is one of fourteen southeastern New Hampshire communities comprising the Lamprey Regional Solid Waste Cooperative. Solid waste from these municipalities is currently burned at the Cooperative's incinerator on the campus of the University of New Hampshire. The University has recommended to its trustees that it not renew its agreement with the Lamprey Cooperative to continue the use of the incinerator after the current agreement expires in 1996. The Cooperative's Board of Directors is continuing to explore alternatives for future waste disposal with no firm proposals presented to date.

Recognizing this uncertainty, the Committee recommends that the existing drop-off recycling program be continued, as is, until our future solid waste disposal plans beyond 1996 become clear. We expect more definitive plans to be forthcoming from the Lamprey Cooperative during 1993 and we will assess the impact of these plans on our recycling program. Therefore, the Committee has proposed a warrant article to continue the present program until Town Meeting 1994. The warrant article also formally creates the town "Recycling Committee" to replace and carry on the work of the Waste Disposal Study Committee established at the March 1991 Town Meeting.

As we pointed out in our newsletter, continued growth in the program will reduce the per ton cost of recycling for all of us. If you're not already recycling, please give it a try. You'll find it easier than you think. If you're already recycling, please help us promote the program with your friends and neighbors who are still thinking about it!

## MOSQUITO CONTROL COMMISSION

Our mosquito control program concentrates on controlling mosquitoes in their aquatic (larval) stage. We apply a bacterial parasite that biologically controls mosquitoes developing in breeding areas such as salt marches, swamps, marshes, roadside ditches, and woodland pools. No roadside spraying by truck-mounted sprayers is completed in Greenland, as in other communities.

Unusual weather conditions occurred in 1992. Heavy rains in June and July cause mosquito development in areas that are usually dry at that time of year. Salt marshes were flooded by tides and rainfall nine times out of a possible twelve times. The average is four to five times per year. There were only four sunny days in July, slowing evaporation and allowing time for mosquito development in rain pools.

Each year we monitor major breeding areas and apply controls as necessary. Greenland has many salt marsh sites requiring our attention. Millions of mosquitoes develop each time a salt marsh is flooded. Snow melt pools found each spring in wooded areas are monitored and controlled also. Residents suspecting a mosquito breeding area on their property can notify Municipal Pest Management Services at 363-2886.

REPORT OF GREENLAND'S REPRESENTATIVE  
TO THE PEASE AIRPORT PART 150  
ADVISORY COMMITTEE

Since my last report to the Town progress of the Part 150 study has been moving at a slow pace.

At the time of my last report the Pease Development Authority (PDA) did not own or have control of the airport. As a consequence the PDA could not make application to the Federal Aviation Administration (FAA) for funding of the Part 150 study.

The PDA took control of the airport on April 14, 1992 by virtue of a 55 year lease from the Air Force. Application for FAA funding of the Part 150 study was made shortly thereafter.

After a fairly lengthy period of negotiations between the Part 150 contractor, FAA and PDA funding was approved in September and the Advisory Committee resumed meetings in October.

The Advisory Committee established four working groups dealing with the major concerns of the study. They are Public Participation, Airport Operations, Noise Measurement and Land Use.

Briefly, the Public Participation working group will develop procedures for keeping the public informed and involved in the study. For example, there will be displays at the town office and/or library on a periodic basis; Airport Operations will determine

aircraft flight tracks and operational procedures; Noise Measurement has determined noise monitoring sites (Brackett Point and the area of the town office); and, Land Use will study noise versus compatible land uses.

The most recently revised work scheduled (2/11/93) provides tentatively, for workshops for the general public in April, July, and October. A Public Hearing on the Noise Compatibility Plan is tentatively scheduled for March 1994.

I am happy to report to the town that the NH Air National Guard has been authorized an update of their aircraft fleet to the KC-135R which has improved technology engines that are significantly quieter than the present engines.

If you have any questions on the Part 150 Study in general or as to how it affects the town, please do not hesitate to contact me.

Respectfully submitted,  
David L. Richards

**WARRANT  
&

# TOWN WARRANT 1993

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Greenland in the County of Rockingham in said State qualified to vote in Town affairs:

You are hereby notified to meet at the Greenland Central School in said Greenland on **Tuesday, the ninth day of March** next at **ten of the clock** in the forenoon to act upon the following subjects:

Article 1: to choose all necessary Town Officers for the year ensuing and to cast your ballot on the following questions:

### Greenland Planning Board Amendments to the Town's Zoning Ordinance

1. Are you in favor of adopting Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Move the definition of 'building' from Section 4 (Enforcement) of the Building Ordinance to the very front of Section I (Application and Permits).

2. Are you in favor of adopting amendment #2 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Amend Article II (Definitions) of the Zoning Ordinance to include new definitions for the following terms: abutter; agriculture, farm, farming, building, corner lot, lot, lot of record, non-conforming building or structure, non-conforming lot of record, non-conforming

use, special exception, street, structure and variance.

3. Are you in favor of adopting Amendment #3 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Amend Section 1-E of Article IV (Residential District) to expand the list of permitted home occupations and to add special development criteria for such uses.

4. Are you in favor of adopting Amendment #4 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Delete Item 1-I (Limited Commercial District) of Article V (Commercial District), and integrate the land within this district into the Town's regular Commercial District.

5. Are you in favor of adopting Amendment #5 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Amend Section 1, Item H-3 of Article V, so that parking spaces for condominium housing, lodging houses, apartment houses and hotels will be 162 square feet in size, or 9' x 18'.

6. Are you in favor of adopting Amendment #6 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Amend Section 3-G, Items 2-a and 2-b of Article V, so that commercial enterprises are now required to provide one parking space for each 400 square feet of floor space.

7. Are you in favor of adopting Amendment #7 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Amend Section 7-C, Item 4 and Section 8-A of Article VIII (Aquifer Protection District) to reference the nitrate-nitrogen concentration standard of the Federal Safe Drinking Water Act.

8. Are you in favor of adopting Amendment #8 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Delete the Growth Control Ordinance (Article X) and recodify the remaining sections.

9. Are you in favor of adopting Amendment #9 as proposed by the Planning Board for the Greenland Zoning Ordinance as follows:

Revise Article XI (Occupancy/Use Permits) to clearly spell out what is required as part of a residential occupancy/use permit and a non-residential occupancy/use permit.

(THE FULL TEXT OF THE PROPOSED AMENDMENTS TO THE BUILDING ORDINANCE AND ZONING ORDINANCE IS AVAILABLE FOR PUBLIC INSPECTION AT THE GREENLAND TOWN OFFICE, AND WILL BE POSTED WITH THE WARRANT WHICH WILL BE ON DISPLAY FOR INSPECTION BY VOTERS AT THE VOTING PLACE.)

**The polls will open at 10:00 AM and will close no earlier than 7:00 PM to cast your ballots on Article 1.**

**ABSENTEE BALLOTS FOR ARTICLE 1 ARE AVAILABLE  
FROM THE TOWN CLERK DURING REGULAR OFFICE  
HOURS, OR MAY BE REQUESTED BY MAIL.**

Article 2: To hear the report of the Town Clerk on the results of your ballot in the election of Town Officers.

**DISCUSSION AND ACTION ON OTHER ARTICLES IN  
THE WARRANT WILL TAKE PLACE AT GREENLAND  
CENTRAL SCHOOL ON SATURDAY, MARCH 13, 1993,  
IN THE FORENOON BEGINNING AT 10:00.**

Article 3: To fix the salaries of the Town Officers and to raise and appropriate the estimated sum of \$ 48,611 { FORTY EIGHT THOUSAND AND SIX HUNDRED AND ELEVEN } in payment of salaries and commissions.

**RECOMMENDED BY THE BUDGET COMMITTEE**

Article 4: To raise and appropriate the sum of money necessary to defray Town charges for the ensuing year. The estimated amount for Town charges is \$1,013,443 { ONE MILLION THIRTEEN THOUSAND AND FOUR HUNDRED FORTY THREE }.

**RECOMMENDED BY THE BUDGET COMMITTEE**

Article 5: To see if the Town will vote to authorize the Board of Selectmen to borrow money on short term notes in anticipation of taxes.

Article 6: To see if the Town will vote to raise and appropriate a sum not to exceed \$28,142 (twenty eight thousand one hundred forty two dollars ) for the purpose of entering into a lease/purchase agreement to replace fire department breathing apparatus which currently do not meet N.F.P.A. standards.

**RECOMMENDED BY THE BUDGET COMMITTEE**

Article 7: To see if the Town will vote to authorize the Board of Selectmen to grant a discount on the payment of property taxes. The discount rate to be 3% if paid within 14 days and 1% if paid within 30 days of postmark.

Article 8: To see if the Town will vote to raise and appropriate a sum not to exceed \$7,000 (seven thousand dollars) to continue the preservation of Town Records through the process of book binding and/or microfilming.

**NOT RECOMMENDED BY THE BUDGET COMMITTEE**

Article 9: To see if the Town will vote to authorize the Board of Selectmen to convey any real estate acquired by the Town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertising sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

Article 10: To see if the Town will vote to raise and appropriate a sum not to exceed \$2,231 (two thousand two hundred thirty one dollars) to repair and refinish the tennis courts located at Caswell field.

**NOT RECOMMENDED BY THE BUDGET COMMITTEE**

Article 11: To see if the Town will vote to authorize the Trustees of the Cemetery Trust Funds to establish appropriate fees for the purchase of burial plots, and perpetual care services at our public cemeteries within the Town of Greenland. Fee schedule to be filed with the Town Clerk.

Article 12: To see if the Town will authorize the Board of Selectmen, Road Agent and Planning Board Chairman to accept as Town roads any road which may be completed during the year, has been approved by the Town Planning Board, constructed in accordance with required specifications and approved as to construction by the Town Road Agent and as to which the land on which such roads are located is fully deeded to the Town. Such approval by the Board of Selectmen, Road Agent and Planning Board Chairman shall be recorded with the Town Clerk.

Article 13: To see if the Town will vote to adopt an ordinance providing for the approval and adoption of a map depicting location and boundaries of "Drug-Free School Zones", and making an official finding and record of the location and boundaries of such zones, pursuant to the Authority of New Hampshire Revised Statutes Annotated 193-B.

Article 14: To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit, or private source which becomes available during the year. Acceptance and expenditure of such

money shall be in accordance with procedures set forth in RSA 31:95-b.

Article 15: To see if the Town will vote to authorize the Trustees of the Weeks Public Library to apply for, accept and expend, without further action by the Town Meeting, money from State, Federal, or other governmental units or a private source which becomes available during the fiscal year. Acceptance and expenditure of such money shall be in accordance with the procedures set forth in RSA 202-A:4-C.

Article 16: To see if the Town will vote to raise and appropriate a sum not to exceed \$8,500 (eight thousand five hundred dollars) to continue the Recycling of solid waste generated in the town. The Selectmen shall be authorized to contract for services and expend funds for the operation of the program from May 1993 through April 1994 with the authority to encumber the balance of the unexpended 1993 funds to permit such operation through April 1994; and to see if the Town will vote to create the "Recycling Committee". Such committee shall be responsible for administering the recycling program and advising the Selectmen concerning contracts or services that may be necessary to continue the recycling program. The members of the committee shall be as follows, and shall serve until town meeting in 1994:

1. The chair of the Board of Selectmen, or designee ex officio.
2. The chair of the Budget Committee, or designee ex officio.
3. The chair of the Conservation Commission, or designee ex officio.

4. Two citizens of the Town, to be selected by majority vote of the ex officio members.

**NOT RECOMMENDED BY THE BUDGET COMMITTEE**

Article 17: To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devices made to the Town in trust for any public purpose, as permitted by RSA 31:19.

Article 18: To see if the Town will vote to raise and appropriate a sum not to exceed \$2,000 (two thousand dollars) for the purpose of designing, clearing brush and constructing a walking trail on the Weeks Brick House land provided for through an easement granted to the Town of Greenland.

**NOT RECOMMENDED BY THE BUDGET COMMITTEE**

Article 19: To see if the Town will vote to raise and appropriate a sum not to exceed \$2,000 (two thousand dollars) for the purpose of improving the condition of the existing old cemeteries of Greenland.

SUBMITTED BY PETITION OF RUTH C. BARNES AND OTHERS.

**NOT RECOMMENDED BY THE BUDGET COMMITTEE**

Article 20: To see if the Town will vote to raise and appropriate a sum not to exceed \$1,000 (one thousand dollars) to support the services of the New Hampshire SPCA.

SUBMITTED BY PETITION OF TOM O'MALLEY AND OTHERS.

**NOT RECOMMENDED BY THE BUDGET COMMITTEE**

Article 21: To take any other action that may legally come before the meeting.

Given under our hands and seal the 17<sup>th</sup> of February, the year of our Lord nineteen hundred and ninety three.

# BUDGET OF THE TOWN OF GREENLAND, N.H.

BUDGET FOR TOWNS WHICH HAVE ADOPTED THE PROVISIONS  
OF THE MUNICIPAL BUDGET LAW

**GREENLAND SCHOOL DISTRICT WARRANT**

1993

The State of New Hampshire

To the Inhabitants of the School District of the Town of Greenland in the County of Rockingham, and State of New Hampshire, qualified to vote upon District affairs: YOU ARE HEREBY NOTIFIED TO MEET AT THE GREENLAND CENTRAL SCHOOL IN SAID DISTRICT ON SATURDAY, MARCH 6, 1993, AT 7:00 P.M. TO ACT ON THE FOLLOWING ARTICLES.

ARTICLE 1. To see if the District will vote to raise and appropriate the sum of \$1,675,000 (One million six hundred seventy-five thousand dollars) for the purpose of constructing additional classrooms and expanding the gymnasium at the Greenland Central School and for certain renovations to the existing facility, such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the school board to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the school board to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the school board to take any other action or to pass any other vote relative thereto.  
(Recommended by the budget committee.)

ARTICLE 2. To see if the District will vote to raise and appropriate the sum of \$74,000 (Seventy-four Thousand Dollars) for the

ARTICLE 7. To transact any further business  
that may legally come before the meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID  
GREENLAND THIS TWELFTH DAY OF FEBRUARY, 1993.

A true copy of warrant -- Attest:

Margaret Felton  
F. Jane Gouzoules  
John Wolfe

SCHOOL BOARD MEMBERS

purpose of purchasing a certain parcel of land with buildings thereon located at 80 Post Road, Greenland, NH. (Recommended by the budget committee.)

ARTICLE 3. To hear the reports of Agents, Auditors, Committees, and/or Officers theretofore chosen, and pass any vote related thereto.

ARTICLE 4. To see if the District will vote to raise and appropriate the sum of \$20,000 (Twenty Thousand Dollars) as a contingency fund as provided under RSA 198:4-b. (Recommended by the budget committee.)

ARTICLE 5. Are you in favor of increasing the number of members of the school board from three (3) to five (5), each to serve for a term of three (3) years; such change to take effect following the school district election in 1994, in accordance with RSA 671:4, to further cause the school district to determine the number of members to be elected each year, so that there will always be an uneven number of members? (Submitted by petition of Michael P. Toomier and forty-four voters.)

ARTICLE 6. To see what sum of money the District will vote to raise and appropriate inclusive of any funds voted in Article 1, Article 2, Article 4 for the support of schools, for payment of salaries, for obligations for the District; and to authorize the application against said appropriations of such sums, as are estimated to be received together with other income, the school board to certify to the selectmen the balance between estimated revenue and the appropriation which balance is to be raised by taxes by the town.

**GREENLAND SCHOOL DISTRICT WARRANT**

Election of Officers

1993

The State of New Hampshire

To the Inhabitants of the School District of the Town of Greenland, in the county of Rockingham and State of New Hampshire, qualified to vote upon district affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE GREENLAND CENTRAL SCHOOL IN SAID DISTRICT ON TUESDAY, MARCH 9, 1993, at 10:00 O'CLOCK IN THE A.M. TO VOTE ON THE FOLLOWING:

To choose a member of the school board for the ensuing three years.

The foregoing procedure calling for election of your District Officers at the annual town meeting is authorized by statute (RSA 197:1-a) and was adopted by the District at its 1966 annual meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID GREENLAND THIS TWELFTH DAY OF FEBRUARY, 1993.

A true copy of warrant--Attest:

8. Line 7 times 10%	272,825

THIS IS THE MAXIMUM ALLOWABLE INCREASE OTHER THAN COLLECTIVE BARGAINING ITEMS

## Lamprey Regional Solid Waste Cooperative

The Lamprey Regional in 1993 had a very good year in that we were able to install energy saving equipment into our facility making the energy recovery facility more efficient and increasing the Cooperative revenue while saving the University of New Hampshire a significant amount of money. This is the third year we have been able to maintain our tipping fees at the 1989 levels. We are also building a reserve for future costs that may impact the Cooperative.

Also in 1992 we had an engineering study done relating to the possibility of the Lamprey Regional Solid Waste Cooperative building and running a Materials Recovery Facility. The study indicates that the MRF concept is technically feasible and economically viable. This has kept the whole Board of Directors very busy in 1992 and in 1993 many more decisions will have to be made about our future directions.

/s/ Joseph Moriarty, Chairman

MINUTES OF THE ANNUAL GREENLAND SCHOOL  
DISTRICT MEETING OF MARCH 7, 1992

The Greenland School District Annual Business Meeting was called to order by Moderator Paul Sanderson at 7:11 p.m. at the Greenland Central School.

He then introduced personnel of SAU 50 and the Greenland School District. Thank you's and community announcements were made.

The invocation was given by Reverend Doug Lovejoy-Carter.

The "Pledge of Allegiance" was led by Boy Scout Pack 166 represented by Sam Brackett, Cory Hussey, and Scott Hussey.

The rules of order were presented and it was explained that the meeting will begin with discussion on Article 1 and then discussion on Article 2. Voting on both articles will follow discussion. Since these articles involve bond issues, they can not be amended or tabled. Voting will be by secret ballot and polls will be open for one hour. The polls opened at 8:40 and remained open until 9:50 p.m.

ARTICLE 1. It was moved by Jane Gouzoules, and seconded by John Wolfe, to see if the district will vote to raise and appropriate the sum of \$815,000 (eight hundred fifteen thousand dollars) for the construction of an addition to the Greenland Central School and for certain renovations to the existing facility such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act,

RSA 33:1 et seq., as amended; to authorize the school board to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the school board to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the school board to take any other action or to pass any other vote relative thereto, as recommended by the budget committee. The vote was 191 for and 133 against. NOT RECEIVING A TWO-THIRDS MAJORITY VOTE, THE ARTICLE WAS DEFEATED.

ARTICLE 2. It was moved by Margaret Felton; seconded by John Wolfe, to see if the district will vote to raise and appropriate the sum of \$75,000 (seventy-five thousand dollars) for the purpose of purchasing a certain parcel of land with buildings thereon located at 80 Post Road, Greenland, NH, such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq., as amended; to authorize the school board to apply for, obtain and accept, federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the school board to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the school board to take any other action or to pass any other vote relative thereto as recommended by the budget committee. The vote was 191 for and 131 against. NOT RECEIVING A TWO-THIRDS MAJORITY VOTE, THE ARTICLE WAS DEFEATED.

ARTICLE 3. It was moved by Jane Gouzoules; seconded by Phillip Rowe, and VOTED IN THE AFFIRMATIVE BY VOICE VOTE to hear the reports of Agents, Auditors, Committees, and/or Officers theretofore chosen, and pass any vote related thereto.

ARTICLE 4. It was moved by Jane Gouzoules; seconded by Margaret Felton, and VOTED IN THE AFFIRMATIVE BY VOICE VOTE, to see if the school district will vote to accept the provisions of RSA 198:20-b providing that

the school district at this annual meeting may adopt this article authorizing indefinitely, until specific rescision of such authority, the school board to apply for, accept and expend, without further action by the school district, money from the state, federal or other governmental units and/or a private source which becomes available during the fiscal year.

ARTICLE 5. It was moved by Margaret Felton; seconded by Mrs. Ross, and VOTED IN THE AFFIRMATIVE BY VOICE VOTE, to see if the district will vote to raise and appropriate the sum of \$20,000 (twenty thousand dollars) to fund a deficit appropriation in accordance with RSA 32:10-a, as recommended by the budget committee.

ARTICLE 6. It was moved by Margaret Felton; seconded by John Sammel; and VOTED IN THE AFFIRMATIVE BY VOICE VOTE, to see if the district will vote to raise and appropriate the sum of \$20,000 (twenty thousand dollars) as a contingency fund as provided under RSA 198:4-b, and not recommended by the budget committee.

ARTICLE 7. It was moved by John Wolfe; seconded by Phillip Rowe, to see if the district will vote to raise and appropriate the sum of \$2,621,878 (two million six hundred and twenty-one thousand eight hundred seventy-eight dollars) for payment of salaries, for obligations for the district; and to authorize the application against said appropriations of such sums, as are estimated to be received together with other income, the school board to certify to the selectmen the balance between estimated revenue and the appropriation which balance is to be raised by taxes by the town. THE MOTION WAS NOT VOTED.

Debra Reardon made a motion to amend the article increasing it by \$10,991 (ten thousand nine hundred ninety-one dollars); seconded by Thomas Brackett, the amount needed to reinstate the position of gifted and talented coordinator. THE AMENDMENT WAS VOTED IN THE AFFIRMATIVE BY VOICE VOTE.

With the amendment, the motion on the floor was in the amount of \$2,632,869 (two million six hundred thirty-two thousand eight hundred sixty-nine dollars). THE MOTION, AS AMENDED, WAS PASSED IN THE AFFIRMATIVE BY VOICE VOTE.

ARTICLE 8. Horace Lyndes moved; seconded by Ruth Murphy, that a committee be formed to study all of the alternatives to tuitioning our students to Portsmouth High School. And further, propose that this committee be made-up of twelve members; three appointed by the selectmen, three appointed by the school board, three appointed by the planning board and three appointed by the budget committee. The appointed committee shall submit three mailed, written, reports to the residents of

the town. The first two reports will outline the progress of the study committee and will be mailed on or before July 1 and October 1, 1992. The final report, with the study committee's reasons and recommendations, will be mailed on or before January 1, 1993. The final report will also contain a schedule of whatever public hearings are required to place the recommendations on next year's town warrant. A sum of \$1,500 (one thousand five hundred dollars) will be raised and appropriated for the work of this committee. THE MOTION PASSED IN THE AFFIRMATIVE BY VOICE VOTE.

Questions arose as to monies for portable classrooms. John Wolfe stated that it was included in the budget amount voted in Article 7.

On a motion by Jim Wilbur; seconded by Thomas Brackett, the meeting adjourned at 11:44 p.m.

/s/ Alison R. Brackett, School District Clerk

#### VOTING RESULTS

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

Daniel C. Durgin

January, 1993

I am pleased to submit my fourteenth annual report to the citizens of Greenland, New Castle, Newington, and Rye.

Education continues to be a challenging and exciting enterprise subject to both praise and criticism while being vulnerable to those with only clear hindsight and unlimited to those with vision. In my opinion, we are entering a time of significant change in the way we teach and test students.

The nation is looking for improvements in students' performance and in their ability to apply school acquired knowledge to real world situations. The emphasis continues to shift away from memorizing facts and toward acquisition of knowledge and the application of that knowledge. In the past, subject matter taught was often fragmented, disconnected facts and bits of information. We have learned that this type of instruction does not equip students with the necessary skills to compete in today's society. We have moved from the manufacturing age to the information age, and the skills and knowledge taught thirty years ago are no longer appropriate.

Today we are much more concerned with connecting the subject areas through a process called curriculum integration. This approach provides students the opportunity

to see linkages between the various subject areas much like the linkages that we experience in real life situations. The staff of SAU 50 has been working diligently on curriculum integration for over a year with teacher in-service time being dedicated to this pursuit. The end product will be a curriculum that reflects natural relationships and provides students an instructional setting that will better prepare them for the challenges they will face as adults.

Something which touches all of our lives in various ways is technology. Students become familiar with computers as early as the kindergarten year and formal instruction on computer use and application is provided to all students throughout the grades.

At the present time, a committee of staff members representing the four towns of SAU 50 is meeting to assess our efforts in computer instruction. This Technology Committee is also charged with developing a vision as to what technology education should encompass over the next three to five years. Not only is it important to identify our instructional focus in this area, but it is also necessary to identify how technology will impact the instructional process. How much of future instruction should occur partially or totally through the use of technology?

An area that is changing significantly, and is sure to impact the way we teach students, is that of testing, or assessment. There is a growing emphasis on the assessment of thinking, reasoning, and processing skills as opposed to factual knowledge. This type of assessment is more complicated and difficult

since it is harder to assess whether students can reason through a multi-step problem than it is to determine whether students know the date of the signing of the "Declaration of Independence." Standardized tests, which have been the national norm for assessing student performance and are useful in determining factual knowledge, are inadequate for revealing students' thought processes. Authentic assessment, or testing what students can do, is replacing a portion of the multiple choice type testing that has been commonplace. This type of assessment can involve several facets including portfolios of student's work, interviews, demonstrations and exhibits by students. All of this is designed to test not only factual knowledge, but the application of that knowledge.

It is my belief that the assessment process often is the engine that drives instruction. We will, as a result of this and other factors, be more concerned about the learners and their ability to think and produce. We will be less concerned with students' ability to memorize and recite facts.

Also meeting, on a regular basis, is the SAU 50 Mathematics Committee which is responsible for reviewing our present curriculum and for bringing our program in line with the new nationally adopted mathematics standards.

For the past several years, we have been emphasizing the desirability of parents being as involved as possible with their children's education not only in school but at home. Teachers have reminded parents of this responsibility through newsletters and other communications that have been sent home.

There is evidence that parents are more aware of what their children are doing in school and are monitoring their efforts more closely. This is most gratifying for all of us since we believe that only through this partnership of school working with home can we achieve well educated students with good work habits. Parental involvement does not need to be extensive, but children need to know that parents are interested in what they are doing in school, that there is support for the importance of the task, and that the work will be monitored.

Enrollments in each of the four districts show a similar trend. Increases are occurring particularly at the lower grades, which is a clear signal that student numbers will gradually increase over the next few years. In response to this, the Greenland School Board is proposing an addition to the Greenland Central School to address current space needs and to accommodate added future enrollments. In Rye, additional staff positions are being requested to deal with larger class sizes and also provisions have been made to lease, purchase, or construct, mobile classrooms. In New Castle, a facilities study committee has been formed to determine future space requirements. These enrollment increases, although small by some district's standards, will result in future additional costs for staff and supplies, and later, in the cost of high school tuition.

There is much in which I take great pride when reflecting on the school boards, staff, and students in SAU 50. One of the things of which I am most proud is the willingness of each town's school board and staff to work together for the improvement of education for

all students. This effort is demonstrated at joint school board meetings, and at the many occasions when the staffs of the four towns, join together for in-service and other activities. There is strength in numbers and I believe that very strongly in the case of our four school districts. We have a solid relationship and it is one of the reasons that we can point to quality as the watchword of our instructional process and our school system.

I continue to be deeply grateful for our school board members who unselfishly give many hours to their responsibilities and to the many dedicated staff people throughout the school unit who commit themselves, on a daily basis, to the betterment of the schools and to the students' learning.

## PRINCIPAL'S REPORT

Dr. Carl W. Wood

The enrollment for Greenland Central School in September, 1992, was 304 students. Three hundred, plus, students at Greenland Central School are provided basic instruction in sixteen regular classrooms and a modular classroom. Three of those classrooms are substandard in size. Simply -- two sessions (classes) of kindergarten use one room. Two classes of all grades 1 - 8 utilize fifteen classrooms and a modular.

Greenland Central School offers basic quality education to its students. The teachers are professional, certified, and qualified to meet the needs of the students. They provide much additional time for the students, parents, and community. A review of the honor rolls and awards at Portsmouth High School clearly establishes the fact that Greenland's students are prepared to do well at Portsmouth High School.

### CURRICULUM DEVELOPMENT:

The staff spent the previous school year evaluating the social studies program at Greenland Central School, which was put in place in 1985. Many changes happened to our world between 1985 and 1992. The committee consisted of Nancy Emerson, Katie Hennessy, Barbara Prien, Bette Hirtle, Lynn Deremer, Sheila Pratt, Dan Chandler, and myself. Dan Chandler, Greenland's representative to the SAU 50 Social Studies Curriculum Committee, reported, at each meeting, developments taking place at the SAU level. Two major publishers were asked to present. They were Silver Burdett/Ginn, and MacMillan/McGraw Hill. The committee voted, unanimously, for MacMillan/McGraw Hill.

The staff at Greenland Central School is preparing a five-year report for the continuance of its accreditation by the New England Association of Schools and Colleges.

Computer education is being offered to all students in grades K - 8. Greenland students, due to increased instruction in the middle school, are now exempt from taking Basic Computer I at Portsmouth High School during their freshman year.

Cooperation with the fire department and police department has been excellent. Chief Brackett organized fire demonstration instruction for the students during Fire Prevention Week. Chief Blanchard and Roy Sherman are in the school. Roy Sherman provides drug awareness instruction once a week during the last half of the school year for sixth grade students.

The Greenland Parent Organization, under the tireless leadership of President Ann Mayer, is outstanding. The GPO, with its vast number of volunteers, provides great financial assistance to the school. The GPO assists teachers and students.

Two major musical concerts took place during the year; a Christmas concert and a spring concert. The elementary band, under the leadership of Susan Moniz, and the vocal program, under the leadership of Marcia Leach, were well presented and well attended.

An art exhibit of students' work was coordinated by art teacher, Kathy Hanson, in conjunction with the middle school science fair. Richard Bzdafka directed the science fair.

The Greenland Student Association, with the guidance of Florence Hudson, presented a talent show for the community.

EXTRACURRICULAR ACTIVITIES:

The following activities continue to be offered: soccer, field hockey, softball, baseball, basketball, track, and intramural grades 5 - 8. Dances, yearbook, and Olympics of the Mind are also offered.

RECOGNITION:

Thank you Superintendent Durgin, Margaret Felton, Jane Gouzoules, John Wolfe, Petty Pinsonneault, Melanie Lovering, staff members the GPO, Junior Women's Club, the fire, police and recreation departments, parents, and taxpayers of Greenland -- your support never goes unnoticed. My position is made easier because of you.

## REPORT OF PORTSMOUTH HIGH SCHOOL

David J. Matthews, Principal

Over the past year, Portsmouth High School has been very involved in the strategic Planning process initiated by Superintendent of Schools, Nathan Greenberg.

A mission statement, set of beliefs, and set of parameters (those things we won't do) were developed. In addition, seven action teams composed of educators and community members (including representatives from SAU 50) were formed. These action teams developed plans and time lines for:

- 1) student outcomes
- 2) restructuring and instructional practices
- 3) administrative organization
- 4) staff development
- 5) staff evaluation
- 6) educational partnerships
- 7) public relations.

Our initial efforts at Portsmouth High School will likely see the implementation of an Advisor/Advisee Program. This is expected to go into effect for the 1993- 94 school year. We are also looking to review our schedule to provide for larger blocks of time to allow for more in-depth study. This will likely go into effect in the 1994-95 school year.

Portsmouth High school was recently visited for three days by fourteen educators from other schools in New England to determine our accreditation status.

I am confident we will do quite well and I include in this report quotes from the first draft of the visiting team's report.

"The overall perception of the Visiting Committee is that Portsmouth High School is a good school, a comfortable school where students and staff enjoy coming."

"Portsmouth High School has a well-qualified and experienced professional staff, extensive curricular and co-curricular program, a facility that is clean, attractive and spacious, and all of these elements provide an environment which fosters learning. In addition, the present size of the school fosters many excellent elements of teacher/student and student/student interaction and cooperation."

"Portsmouth High School is a school where faculty, staff, administration, parents and communities, work together to provide an atmosphere and programs designed with the welfare and achievement of students in mind."

"The visiting committee was impressed with:

- ~ the proud and respectful student body
- ~ the positive and caring climate that is evidenced
- ~ the commitment of the system to the Strategic Planning Initiative
- ~ the staff initiated movement to embrace a visionary philosophy and goals
- ~ the school's general adherence to its stated philosophy and goals."

When the official report is received, copies will be made available for the citizens of SAU 50.

## REPORT OF THE GUIDANCE COUNSELOR

Melanie Lovering

Greenland Central School continues to provide many guidance services for the school and community. Individual student counseling, consultation with teachers and parents, and classroom instruction on such topics as peer pressure, is provided. Group counseling for students whose families are going through a divorce and children of alcoholics is offered. In addition to counseling services, I continue to serve as chairperson of our Special Services Team and case manager for all our special needs students.

For the school's open house this year, I developed a pamphlet outlining the guidance services provided at Greenland Central School and compiled a Resource Guide to local parent and child programs. Both of these pamphlets are available to anyone in the community.

My committee work this past year has included the SAU 50 Success-By-Six Committee. This is part of President Bush's initiative called AMERICA 2000. The New Hampshire School Boards Association adopted the goal: "By the year 2000, all children in America will start school ready to learn." The committee is made up of parent, teacher, nurse, counselor, and administrative representatives from the four towns in our SAU. The committee has made great strides in assisting parents of preschoolers in newsletters, calendars of events, a resource guide, and parenting workshops. If you would like any further information related to the Success-By-Six project, feel free to contact me.

## REPORT OF THE SCHOOL NURSE

Maryann Misiaszek, R.N.

The 1992-93 school year is now well underway. The annual New Hampshire Division of Public Health Services Immunization Program Survey was completed and filed by the November 15th deadline. All students in the seventh grade have had their second dose of measles vaccine and this has been recorded in their health records.

The American Red Cross was here in November and gave a CPR and First Aid Course to all junior high students. We now have 92 young members of our community who are able to assist with medical emergencies!

Height, weight, and blood pressure has been done on all students and recorded in their health records. Hearing and vision screening is now underway and should be completed by the end of February. Students in grades 5 - 8 will be screened for scoliosis in the spring.

I am now in the process of trying to set up a sports screening clinic for junior high students. This will take place in April or May. The purpose of this clinic will be to evaluate the student's good health, review medical history, and find any medical problems that might interfere with sports participation. This screening, however, should not replace routine physical exams from their own family physician.

I will continue to assist the teachers with their health skills units. I am available during school hours for any questions or concerns they might have.

If we all work together, parents, teachers, and health care professionals, we can provide a healthy environment where our children can maximize their potential to learn and grow.

INDEPENDENT AUDITOR'S REPORT

Greenland School Board  
Greenland School District  
Greenland, NH 03840

I have audited the accompanying general purpose financial statements of the Greenland, New Hampshire, School District as of and for the year ended June 30, 1992, as listed in the table of contents. These financial statements are the responsibility of the District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the additional standards and requirements for financial and compliance audits as set forth in Standards for Audit of Governmental Organizations, Programs, Activities and Functions. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In accordance with the practices followed by other municipal entities in the State (Note I--Accounting Policies), the combined financial statements referred to above do not include financial statements of the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles.

In my opinion, except for the omission of the financial statements described above resulting in an incomplete presentation, the combined financial statements referred to above present fairly the financial position of the Greenland, New Hampshire, School District at June 30, 1992, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

My examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying supplemental combining financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Greenland, New Hampshire, School District. The information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

A handwritten signature in black ink, appearing to be 'R. C. C.', written in a cursive style.
