## SELECTMEN'S REPORT

Town-wide zoning voted last March plunged town boards, officers, and staff into a still-rising tide of building applications, inspections, hearings, approvals, and denials. In the next nine months permits were issued for a total of 108 new single-family homes, apartments, and condominium units, along with many other permits for accessory structures and driveways.

While the zoning ordinance has increased and complicated our workload, the requirements now in place produce both more information and more control of building design and construction standards. Needed changes in the ordinance will be proposed in the near future. We must move forward to update the master plan and to develop a capital improvements program as the legal basis for any future effort to affect our rate of population growth.

A major event of last spring was the all-day hearing at the New England College field house and two other Henniker locations at which many hundreds of citizens from widespread areas protested the possible siting in Hillsboro of a high-level radioactive waste repository. Massive and continuing reactions from citizen groups, officials of many towns, state government officers and our U.S. congressmen and senators came to a sudden stop later when the U.S. Dept. of Energy decided to delay the whole project indefinitely. However, we are actively concerned about the possible future location of the low-level nuclear waste dump which will be needed in the future if the Seabrook plant is to be decommissioned after 30 years of operation.

The Selectmen have worked closely with the Henniker Civic Assn. in the administration of the \$300,000 Community Development Block Grant awarded to the town for the first two phases of the plan for improvements in the town center. We expect major reconstruction of Main St. this summer, with new pavement, storm drains, sidewalks, curbs, and removal of utility wires to underground conduits. An application is being prepared for third phase funds for parking and other improvements in the areas west of Bridge St.

The latest forecast for the opening of the Solid Waste Cooperative incinerator in Penacook is early 1989. During these next two years we must purchase a site for a household waste transfer station, design and build it and buy one or more trailers. At the same time we must add more monitoring wells at the landfill under the supervision of state regulatory agencies in order to plan for non-incinerator waste (tires, metal, stumps, construction debris) and for the ultimate closure of the present dumping area.

We expected the property revaluation, first begun in 1985, to have been completed and the new assessment figures to have been the basis for the second 1986 tax bills. Problems and delays in the N.H. Dept. of Revenue Administration slowed the process again. We now anticipate that our tax bills next June will also be based on the present figures. The revaluation figures will be used next December, and the dollar amount of each bill will be adjusted to reflect the new assessments and the June payments.

The bigger we grow, the more complex life and government both become. In 1978 our three-man police department handled 3200 calls; in 1986 four full-time officers dealt with 8154 calls. We must add to this department. We need a professional on our town staff to handle long-range planning for purchase and maintenance of highway and sewer equipment, landfill management, transfer station design, insurance and liability concerns, engineering review of proposed subdivision streets, and other technical management

and supervision. Volunteers on the Planning Board and Zoning Board of Adjustment can no longer cope with the volume of business and are advertising for a part-time secretary. The Selectmen's office needs at least one more full-time secretary. Some of these budget needs will be offset by increased application and user fees.

The town's need for legal services increases every year. We are charged with protecting public health and safety. There were several days in court on whether or under what conditions an electroplating plant can be connected to the sewer system, with no final decision yet. Legal help was also needed to represent the town's interest before state and federal government agencies on issues of nuclear waste storage and local dams for generation of hydroelectric power. There are frequent questions to town counsel about the application of local ordinances and state law.

Our summer mailing informed all residents of new regulations and policies and invited citizen help. We are pleased and grateful to the many volunteers who have responded. The Conservation Commission, Parks Board, and Zoning Board of Adjustment have new members and new enthusiasm. The Planning Board's Zoning Revision Committee met weekly beginning in early summer. The Selectmen's Sign Commission has researched and recommended provisions for a section on signs for the zoning ordinance. On the lighter side, Old Home Days was one of the best town festivals yet!

Suggestions and advice on many subjects – as well as the inevitable complaints – continue to be provocative and useful. We thank everyone, hard-working town staff and loyal Henniker citizens, for your help in moving our town into the future in a sensible and orderly way.

## **THE FOLLOWING QUESTIONS APPEARED ON THE MARCH 11, 1986 BALLOT. BOTH PASSED.**

1. Are you in favor of the adoption of the amendment to the existing town manufactured housing ordinance as proposed by the Planning Board? (This change follows a 1985 State Law by adding a definition for "pre-site built housing", and would exempt it from regulation under this ordinance. RSA 674-31)
2. Are you in favor of the adoption of the amendment to the existing town zoning ordinance as proposed by the Planning Board? (This change would extend zoning to all areas of the town and would set certain land use limits for each type of zone.)

## COGSWELL SPRING WATER WORKS BOARD OF WATER COMMISSIONERS ANNUAL REPORT

The past year has been a busy one for the Water Commissioners. There have been eight hydrants that have needed either repair or replacement; three water main breaks; approximately one-half mile of new water main extension; some two dozen water service connections, and at least two dozen additional connections expected during 1987.

Added to the already hectic routine maintenance problems, the electric motor for Well #2 burned out and needed to be rewound. The pump control circuits to maintain a full reservoir were hit by lightning on several occasions, providing a constant nuisance. As many citizens are well aware, the water from the Foster Road Well has an unusually high amount of discoloration, which was impossible to clear up, even with continued flushing. It is our hope that, with the help of an engineer, we will be able to clear up the discoloration problem.

Due to the extra workload, we did not have the time to collect water samples at various points in the distribution system. This will be necessary before the implementation of any Corrosion Control Program. We will be collecting water samples this January. If your house happens to be one of the points of collection, you will be notified in advance, and an appointment will be made to collect a sample. Your cooperation in this endeavor will be greatly appreciated. With some engineering and lab work, an educated and responsible decision can be made as to the proper treatment needed for Corrosion Control in the ensuing months.

We are also in the process of updating the rules and regulations of the Cogswell Spring Water Works. This will allow for a clearer understanding of what will be required of our present and future customers. There will be some new regulations, and those no longer applicable will be revised or deleted. One of the most important of the new regulations will be the start-up of the Back-flow and Cross-connection Programs. These are too complex to describe in this report, but more information will be made available to you in the near future.

At this time, we would like to instill in our customers the need for water conservation. We have no objection to anyone using all the water that is necessary to drink, bathe, cook, launder, and quench the thirst of their lawns, shrubs, and gardens, but please promptly repair leaking faucets and/or any other plumbing problems. The regulations also stipulate that you may use only one hose on your outside sill cocks, and that watering of lawns should be done in the evening hours only. Unfortunately, many times we have seen two lawn sprinklers left on all day unattended. This represents a gross waste of water, especially when they are seen running during a rainstorm. This excessive use of water can be best dramatized by the fact that we must pump twice the amount of water during the summer months, as we do during the winter months when the population of the Town is increased approximately one-third by the students of New England College. So, PLEASE, we urge you to use no more water than is necessary.

## HENNIKER RESCUE SQUAD 1986 ANNUAL REPORT

The Henniker Rescue Squad responded to 223 calls for assistance in the 1986 calendar year. Although the types of emergency calls vary as to their nature, Henniker continued to experience more than the average serious medical and trauma cases. Throughout the year, we were able to respond to the medical emergency needs of the community and assist those individuals and families that were in need of emergency care.

I must report, however, that our staffing levels are **very** short, and must be reported as **critical** during the weekday hours. As a **volunteer** squad, **your** assistance is needed as a volunteer immediately. A committee appointed at the last town meeting has been established to look at the long term personnel needs of the squad. A group of citizens is now being formed to provide information resources to the general public on the functions and needs of the squad.

Five members of the rescue squad have completed an advanced course in defibrillation of cardiac arrest patients. Final approval from the Concord Hospital should be received this month. The equipment for this procedure was donated by a generous Henniker citizen.

I would like to thank the Henniker Fire Department and the Henniker Police Department for their continued assistance and support over the past year. Without their help we could not have done the work needed on many calls.

1986 members of the Henniker Rescue Squad include:  
William Belanger, Debra Belanger, Raymond Boivin, James Crane, David Currier, William Damour, Varyl French, Gary Guzouskas, Jean Hooker, Thomas Jones, Elizabeth Lundberg, Patricia Luoma, Jill Maynard, Andre Nadeau, George Patterson, Debra Pinto, Steven Randall, Hilda Weiss, Richard Weiss, and George Daoud.

# CONCORD REGIONAL VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association, Inc. continued to service Henniker for this past year. In the Home Care program, service is provided under a physician's plan of treatment to patients who are essentially homebound with diagnosed illness. This service is rendered by health professionals (Registered Nurses, Physical Therapist, Occupational Therapist, Speech Pathologist, Nutritionist) and paraprofessionals, (Homemaker/Home Health Aides, Home Assistants) according to the patient's and family's needs. Hospice care is provided to patients in the last six months of a terminal illness. The Health Promotion Program has services (child health, family planning, screening) that are provided to low income/high risk patients and families in group settings, such as clinic and screening sites.

Health Education and Instruction is part of each home visit or clinic visit.

Anyone in Henniker may request service: patient, doctor, health facility, pastor, friend or neighbor. Patients are also referred by other agencies. All requests are answered, but continuing home care can be provided only with a physician's orders.

A call to the Concord Regional Visiting Nurse Association, Inc., (224-4093) between the hours of 8 a.m. and 7 p.m., seven days a week is all that is necessary to start services or make inquiries. Hospice staff are on call (224-4093) 7 p.m. to 8 a.m.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for those unable to pay the charge if that person has no other funding source available. However, for fee scaling, federal regulations require a financial statement be completed and a fee appropriate for which the patient will be responsible. Town monies subsidize those visits that are scaled or that no fee is collectible.

This Agency is accredited by National League for Nursing and American Public Health Association Certified for Medicare and is a member agency of Home Care Association of New Hampshire, United Way of Merrimack County, and National Association for Home Care.

Visits made during the year beginning October 1, 1985 to September 30, 1986 were:

	<b>No. of Clients</b>	<b>Visits</b>
Home Care	54	934
Health Promotion	227	86

# PLANNING BOARD

## ANNUAL REPORT FOR THE YEAR 1986

1986 proved to be a year of great awakening for the Planning Board. The reality of Henniker's growth was ever-present. The Zoning Ordinance enacted in March 1986 was a great step forward in guiding growth. However, it soon became clear that a comprehensive review of the ordinance would be essential. Applications for subdivision became more numerous and more technical. This volunteer Board found itself requiring professional assistance to fairly evaluate plans. As regulator of excavations, the Planning Board more diligently enforced the rules regarding these sites. By year's end, the Planning Board found itself meeting weekly to handle all its responsibilities.

The Planning Board has set its priorities for 1987. The zoning revisions will be submitted for a ballot vote, hopefully in May. The Master Plan will be developed into a more technical planning instrument. The Subdivision Regulations and other local ordinances will be reviewed and amended as necessary. Once these goals are accomplished, the Planning Board can most effectively work with developers and work in the best interest of the Town of Henniker.

More specifically, here is how the Planning Board faced the challenges of 1986:

**1. Growth:** Some growth is essential for a town to remain vital. The key, of course, is to plan growth, not just let it happen. The Planning Board recommends that professionals be employed to update and complete the Town's Master Plan.

In 1986, the New Hampshire Regional Planning Commission was reformed. Henniker joined the Commission and made use of its consulting services. We plan to continue to do so in 1987.

**2. Zoning:** A Zoning Revisions Sub-Committee was appointed by the Planning Board. This group of hard-working volunteers met weekly for over six months. The result was a truly comprehensive revision of the current Zoning Ordinance. This document was submitted to the Planning Board in November of 1986. Many thanks to those who served on this sub-committee and continue to work with the Board to draft the final text for this document. When completed, the proposed revisions will be submitted for professional review. Then there will be public hearings before the final text is offered to the Town at a special Town Meeting. The goal is to produce a Zoning Ordinance that Henniker can live with for years to come.

**3. Subdivision:** Developers came before the Planning Board in increasing numbers and with more and more complex plans. 1986 saw the approval of the Town's first condominium project. And the first two parts of a fifty-seven lot subdivision were approved. There is every indication that this trend will continue. The Planning Board now finds it necessary, for the first time, to hire a part-time secretary to be shared with the Zoning Board of Adjustment. To help defray the cost, the Planning Board plans to substantially increase the fee for subdivision. To afford the Planning Board and the expertise it needs to evaluate complex proposals, the Board will hire an independent engineer, when necessary, at the developer's expense. The increase in fees and provision for hiring an independent engineer will be handled as amendments to the current Subdivision Regulations.

**4. Excavation:** The state has designated the Planning Board as the enforcing agency for excavations. In 1986, the Planning Board met with excavators as a group twice and then individually. The objective was to review our local ordinance and ensure compliance with it. All owners and operators of new gravel excavations must receive a permit, including approval of a restoration plan for the land affected, before beginning operations. Current excavators are in the process of preparing plans which comply with the regulations. A new excavator, Headwaters Development Corporation, applied for and was granted an excavation permit in 1986. The Planning Board will continue to be firm in uniformly and consistently enforcing the excavation regulations in 1987.

The following actions were taken under subdivision regulations:

Applications approved:

1. Patenaude Lumber, Old Hillsboro Rd., Lots 359 and 359-B divided into 7 lots.
2. Nelson Maine, Western Ave., Lot 349-D divided into 4 lots.
3. Aram Terlemezian, Cressey St., Lot 448 divided into 4 lots.
4. Rodney Patenaude, Hillside, Lot 103-A-16 divided into 2 lots.
5. Craig Nichols, Bear Hill Rd., Lot 625-A divided into 3 lots.
6. Herve Aucoin, Weare Rd., Lot 522-A divided into 2 lots.
7. Bernard Foster, Old Concord Rd., Lot 615 divided into 2 lots.
8. Headwaters Development Corp., Western Ave., Lot 397 divided into 36 condominium units.
9. Tig'r Land Corp., Davison Rd., Lot 96-X divided into 3 lots.
10. River Properties, Brown's Way and Old Hillsboro Rd., Lot 357 divided into 2 lots.
11. Timber Ridge Development Corp., (The Highlands), Old W. Hopkinton Rd., Lot 554 divided into 11 lots. Phase I of five-phase subdivision totaling 57 lots.
12. Annie Buxton, Edith B. and Arthur S. Hadley, Dodge Hill Rd., Lot 306X divided into 2 lots.
13. Howard Proctor, Old Hillsboro Rd., Lot 358 divided into 2 lots.

## TRUSTEES OF THE TUCKER FREE LIBRARY — 1986

In the annual report of 1979, the Trustees expressed their hope to start a painting and renovation project for the rooms on the main floor. The library building, which was a gift to the town in 1903 from George W. Tucker (thanks to some prompting from Silas Rowe), is an excellent and impressive example of Victorian architecture. All the materials used were excellent and all details were properly finished. It has served the people of Henniker well, and will very likely be still standing and still in use when newer buildings are worn out, but it does need a certain amount of maintenance. Cracks are appearing in the beautifully plastered walls, the paint is becoming shabby, and the elegant gold stencilling needs re-doing. The attitude of Henniker people toward their library being what it is, volunteer help for this project has already been offered, but considerable money is needed as well.

What has happened in the library since 1979 is that our circulation has about doubled and our programs for children have tripled. Children's film programs have been increased, and are soon to be extended to appeal to an additional age group. Every new book, new patron, new program and new service increases the routine expenses of operating a library. The new Junior Room downstairs had just been completed when the 1979 report was prepared. Now it is a fully-equipped library resource for that age group which gets more and more use.

Although Tucker Free serves as a cultural center for the town and a resource center for people of all ages, its main purpose is to provide a good supply of books for general reading to Henniker. With our circulation doubled, we should actually be purchasing twice as many new books each year as before, which we are not able to do. Books, like our circulation, have almost doubled in cost in the last 8 or 9 years. This is partially compensated for by the M.U.M. Cooperative, located by our librarian, which gives us sizeable discounts.

We are especially fortunate in our Memorial funds, each of which is for a specific type of book, and not just current reading. These funds make the library more useful to more people, and we hope you will ask to see some of these acquisitions when you are in the library.

Anyone who has noted the way in which the library is operated, the temperature at which the thermostat is set in winter months, the fact that every staff member takes on any task that comes up, from typing to making posters, their method of constructing protective covers for paperback books instead of buying the expensive but convenient ready-made variety, will hardly believe that anyone involved is being extravagant or wasting any money. (We deny that passers-by have heard Lincoln screaming because pennies are squeezed so hard, however.)

At Town Meeting this year the library will request \$10,000 from the town, which is the most we have ever asked. We hope that between now and then you will make a point of visiting the library, asking all the questions you wish, and giving a look at those cracks in the wall. If you agree with us that a magnificent building like your library should be properly maintained, and that the longer it is delayed the more it costs, maybe you can put the ball in motion. Just get on your feet, make a motion to add money for maintenance to the \$10,000, and the project will be put underway so fast your head will swim.

Sincerely,

*The Trustees*

## TUCKER FREE LIBRARY ANNUAL REPORT 1986

The rapid increase in the population of Henniker is being reflected in the amount of usage the Tucker Free Library is experiencing. During the past eight years, from 1978 to 1986, circulation has practically doubled, while enrollment in the various children's programs has tripled. This is a situation that the staff of the library finds especially fulfilling and will strive to maintain the growth pattern by providing diverse reading materials and services. To do this will cost more than is presently available to the library. Consequently, we will be requesting an increase in our appropriation from the town. The size of the increase will only allow us to maintain our present level of services, while postponing the addition of extra hours we need to be open, and also many needed repairs and improvements. Hopefully, in the near future, our budget will grow sufficiently to preserve the beautiful library building itself.

This past year saw a change in the staff at the library. Catherine Septoski was hired to fill the assistant librarian position, which Laurie Buchar had so capably handled. Laurie has moved on to a job with the Kearsarge School District. Susan Sawyer replaced Dawn Hauptman as library aide. Dawn graduated from school and has begun her career. We wish both Laurie and Dawn well. Our very special volunteer, Norma Currier, continues to help us on a regular basis.

The children's summer programs were very well attended. 104 youngsters enrolled in the two story hour sessions, one for pre-schoolers and the other for 6 years old and up. The two reading programs also had wide support with 58 children participating. The library is being well utilized by the young people of Henniker, a trend that we value and foster. The classes from the elementary school visit the library on a weekly basis.

The library appreciates its position as one of the cultural centers in the community and presented numerous programs for its patrons, ranging from film shows to a talk on the history of Henniker. Several interesting exhibits were displayed at various times throughout the year.

As in past years, the Friends of the Tucker Free Library continue to be a source of strong support, especially with the children's summer programs. The Friends' annual book sale was so successful that they have nearly reached the financial sum needed to purchase a projector for the library. We currently borrow one from the Henniker School System.

The library was honored this past year to have a trust fund established in memory of Marjorie B. Bennett. The annual interest from the capital will be used to purchase current books in the fields of health and medicine. The Sanborn Conner Brown Fund was revived by a generous contribution that will allow us to continue to expand our reference section. The Scott J. Berry Fund also received a substantial donation that will permit the purchase of books in the areas of auto mechanics, art, and woodworking. The long established funds of the James W. Doon Memorial, Willis Cogswell Trust, and the Francis L. Childs Trust continue to be of invaluable assistance to

the library. Our collection also received four "in memoriam" books this year, gifts we are always honored to receive.

The Tucker Free Library would like to publicly acknowledge with gratitude the support, gifts, and help we constantly receive from the community.

Respectfully submitted,

*Peggy Ward*  
*Librarian*

## REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

## CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

The Central New Hampshire Regional Planning Commission (CNHRPC) is a public, non-profit association of municipalities in central New Hampshire. Eighteen of the communities are within Merrimack County with two towns from Hillsboro County. Discussions have begun to add Merrimack County as a voting member.

The Commission is made up of a Board of Directors and a professional staff. The Board elects officers and an Executive Committee to oversee the business affairs of the Commission. Each community must vote to appropriate dues in order to be a voting member. All communities have been eligible to appoint representatives to the Commission and to participate in discussions at the Commission meeting each month.

By joining together, the municipalities within the CNHRPC have created an official agency to communicate and share with each other. A forum for the discussion of common problems and opportunities has been instituted. The pooled resources of the communities has made a professional planning staff available to Planning Boards, Boards of Selectmen, Zoning Boards of Adjustment, and other planning-related community groups.

The representatives to the CNHRPC (they are the Board of Directors) are all involved in the affairs of their respective communities. A great deal of valuable information is available through them at the Commission's regular meetings. Contacts between communities' boards and committees have been established and enhanced through CNHRPC participation.

The CNHRPC staff is available to assist communities with all aspects of master planning, zoning and subdivision regulation and review, capital improvements planning, mapping, municipal service information and growth management. The staff will provide the professional support for the Commission to address the regional issues of transportation, river corridors, housing, land use, growth, water quality, solid waste, public services, recreation, important or unique resources, legislation, and other issues as they are brought to the Commission's attention.

Each municipality's participation is important. Regional planning loses effectiveness when a community does not participate. The Central New Hampshire Regional Planning Commission appreciates the involvement of each municipality and looks forward to the challenges of the future.

# ANNUAL REPORT OF THE CONCORD REGIONAL SOLID WASTE / RESOURCE RECOVERY COOPERATIVE

January 1987

## Member Municipalities

Allenstown	Canterbury	Henniker	Pembroke
Andover	Concord	Hill	Salisbury
Belmont	Deering	Hillsborough	Tilton
Boscawen	Dunbarton	Hopkinton	Warner
Bow	Franklin	Laconia	Weare
Bradford	Gilford	Loudon	Webster

In the past year, the Cooperative has been working with Signal Environmental Systems in monitoring and assisting the effort of permitting for the proposed resource recovery facility in Concord. The project requires obtaining over twenty-five local, state and federal permits and approvals. At present, two permits are outstanding and these are expected to be granted in 1987.

In December 1986, the NH Supreme Court ruled on an appeal by Public Service of New Hampshire of the project's power rate filing determined by the Public Utilities Commission. The court ruling confirmed the PUC procedures, allowing the resource recovery project to proceed.

In 1987, it is anticipated that the permitting will be completed, the project will be permanently financed, and construction of the 500 ton per day refuse-to-energy facility will be initiated.

#### SCHOOL WARRANT

To the inhabitants of the school district in the town of Henniker qualified to vote in district affairs:

You are hereby notified to meet at the Cogswell School Auditorium on the 18th day of March, 1987, at 7:00 o'clock in the evening to act upon the following subjects:

1. To hear the reports of agents, auditors, committees and officers chosen or to take any action relating thereto.
2. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of statutory obligations of the district; or take any other action in relation thereto.
3. To see if the district will vote to change the term of the school district moderator from one (1) year to three (3) years pursuant to the provisions of RSA 671:6a, effective for the term beginning 1988, or take any other action in relation thereto.
4. To see if the District will vote to raise and appropriate the sum of \$5,000 (five thousand dollars) to be deposited in the capital reserve fund to meet the expenses of educating educationally handicapped children, or take any other action in relation thereto.

5. To see if the district will vote to raise and appropriate the sum of \$10,000 (ten thousand dollars) to repair and paint the soffit trim on the Cogswell Memorial School and to weatherize the shop windows on the Cogswell Memorial School, or to take any other action in relation thereto.

6. To see if the district will vote to raise and appropriate the sum of \$4,000 (four thousand dollars) to repair the sills in the West Annex, or to take any other action in relation thereto.

7. To see if the district will vote to raise and appropriate the sum of \$5,000 (five thousand dollars) to replace the doors in the east wing and in the gymnasium of Cogswell Memorial School, or to take any other action in relation thereto.

8. To see if the district will vote to raise and appropriate the sum of \$3,000 (three thousand dollars) to purchase a riding mower/snow blower, or to take any other action in relation thereto.

9. To see if the District will vote to accept gifts of labor, services, materials or other assets, including cash, given to the district for the purpose of assisting in the school building program and to apply the same to the reduction of the costs of the district in said school building program, or to take any other action in relation thereto.

10. To see if the District will vote to authorize the school board to apply for, accept and expend, without further action of the school district meeting, money from any source which becomes available during the fiscal year upon the following conditions:

a. The money must be used for the legal purposes for which the school district can appropriate money.

b. The school board must hold a public hearing in connection with any proposed expenditure of funds.

c. It shall not require the expenditure of additional school district funds.

This action is taken pursuant to the authority of RSA 198:20-b, or to take any other action in relation thereto.

11. To choose agents and committees in relation to any subject in this warrant.

12. To transact any other business that may legally come before said meeting.

Given under our hands this 18th day of February, 1987, at said Henniker.

Note: This is a draft of the proposed warrant submitted for printing purposes prior to the actual deadline for completion of the warrant. Please consult officially proposed warrants for the finalized version.

## HENNIKER SCHOOL DISTRICT SCHOOL BOARD REPORT

To the Community of Henniker:

This has been a very exciting year for the Henniker School District. We have been measured and recognized in many ways for our programs and our students.

1. The elementary school received an IA rating which is the highest rating and given to only 14% of New Hampshire elementary schools.
2. Our high school has again received the "approved" classification for the 1986/87 school year. This is the most rigorous rating under the new (1984) state standards.
3. Last year New Hampshire used the California Achievement Test to evaluate all students in grades 4, 8 and 10. Our 4th grade was #20 out of 150 schools, our 10th grade was #3 out of 75 schools, and our 8th grade was #1 out of 124 schools.

4. Another state study shows Henniker to have the 5th lowest dropout rate.
5. Last year the graduating class had 13 out of 16 students entering post-secondary study.
6. Our high school attendance rate for the 1985/86 school year was 96%.

All of these results are due to the outstanding quality of our students, teachers, and administration; and to you, the community, who have supported our programs with your tax dollars and your enthusiasm.

Although 1985/86 will be difficult to surpass, we are all looking forward to continued excellence and honors for our students and programs this year. We are also anticipating that the new John Stark High School, a new middle school program in Henniker, and an additional special education program will expand the high quality educational opportunities for all our students.

## AUDITORS' OPINION

### **Henniker School Board Henniker, New Hampshire School District**

We have examined the general purpose financial statements of the Henniker, New Hampshire School District for the year ended June 30, 1986, as listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances except as noted in the following paragraph.

The general purpose financial statements referred to above do not include the financial statements of the general fixed asset account group which should be included to conform with generally accepted accounting principles. The amount which should be recorded in the general fixed asset account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the second paragraph, the financial statements referred to above present fairly the financial position of the Henniker, New Hampshire School District on June 30, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements listed in the table of contents and presented as supplemental schedules are not a required part of the general purpose financial statements of the Henniker, New Hampshire School District. The information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

# HENNIKER SCHOOL DISTRICT ANNUAL MEETING

March 18, 1986

Cogswell Memorial High School Gymnasium

The meeting was brought to order by School Moderator Robert Howard at 7:00 PM.

Mr. Howard's first order of business was the reading of the warrant.

Article 1. VOTED to accept the reports of agents, auditors, committees and officers as printed in the Annual Report.

Article 2. Ron Rosenbleeth moved that the District vote to raise and appropriate the sum of \$1,838,322 (one million, eight hundred thirty-eight thousand, three hundred twenty-two dollars) for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of statutory obligations of the district. Seconded by Jolene Schillinger.

Ken Ward moved to amend the motion to reduce the requested amount by \$25,000 (twenty-five thousand dollars) so that the total sum to be raised and appropriated by this article is \$1,813,322 (one million, eight hundred thirteen thousand, three hundred twenty-two dollars). Duly seconded.

A standing vote was required for this amended motion.

Vote count: YES 34 NO 38

Mr. Ward's amended motion failed.

Article 2 VOTED as originally read.

Article 3. Mary Twombly moved that the district vote to raise and appropriate the sum of \$36,100 (thirty-six thousand, one hundred dollars) to repair and insulate the roof at Henniker High School. Seconded by Ron Rosenbleeth. Mrs. Twombly moved to amend the article to add "of which \$20,000 (twenty thousand dollars) will be contributed from the L.A. Cogswell Memorial School Fund." Motion duly seconded.

Article 3 VOTED as amended.

Article 4 VOTED to raise and appropriate the sum of \$3,944 (three thousand, nine hundred forty-four dollars) for energy improvements to the West Annex.

Article 5 VOTED to raise and appropriate the sum of \$16,000 (sixteen thousand dollars) to install two (2) handicap lifts to make classrooms in the West Annex handicap accessible as required by the State of New Hampshire Architectural Barrier Free Design Code.

Article 6 VOTED to authorize the school board to transfer to the John Stark Regional School District such surplus equipment as the school board may determine to be surplusage for the Henniker School District and upon terms and conditions as determined by the school board.

Article 7 VOTED to accept gifts of labor, services, materials or other assets, including cash, given to the District for the purpose of assisting in the school building program and to apply the same to the reduction of the costs of the District in said school building program, or to take any other action in relation thereto.

Article 8 VOTED to raise and appropriate the sum of \$2,000 (two thousand dollars) as a Contingency Fund.

Article 9 VOTED to add to a special capital reserve fund pursuant to the provisions of RSA 35 for the purpose of meeting expenses of educating educationally handicapped children and to raise and appropriate the sum of \$5,000 (five thousand dollars) to be deposited in the capital reserve fund to meet the expenses of educating educationally handicapped children.

Article 10 VOTED to authorize the School Board to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year upon the following conditions:

- a. The money must be used for the legal purposes for which the School District can appropriate money.
- b. The School Board must hold a public hearing in connection with any proposed expenditure of funds.
- c. It shall not require the expenditure of additional School District funds. This action is taken pursuant to the authority of RSA 198:20-b, or to any other action in relation thereto.

Article 11 VOTED that the District choose agents and committees in relation to any subject in this warrant.

Article 12 VOTED to transact any other business that may legally come before said meeting.

- #1. A motion was made by Bill Carr "to have the District report each new budget in the Annual Town Report with a column for the previous year's audited expenses against the previous year's budget, with a separate break down for each level of education i.e. Elementary, Jr. High, High School." Duly seconded. Vote in the affirmative.
- #2. A motion was made by Bruce Wechsler " that any resident of Henniker shall be permitted to attend and speak at meetings of the School Board without restriction provided it is done in legal manner." Duly seconded. Vote in the affirmative.

Meeting adjourned at 9:20 P.M.

A true attest

## PRINCIPAL'S MESSAGE

The Henniker School District is at a crossroad in its history. We are concluding the last year of Cogswell Memorial School as a High School. A number of activities are planned for the end of the school year to commemorate this event. Among these are the last Junior Prom, the last Yearbook, and the last Graduation Exercises. The ending of the High School Program, along with the many traditions, is a sad occasion for us.

We look with hope to the future. John Stark Regional High School is nearing completion. Student Councils in both Henniker and Weare have been working with their new Principal to insure an orderly transition in the Fall. The program will provide greater opportunities for our High School students in Henniker.

We are well into the process of planning the conversion of the Cogswell Memorial School into a Grade Five through Eight Middle School. Plans are made to revise and restructure the curriculum to better meet the needs of the emerging adolescent learners that will be in the Middle School. Included in the plans are innovative programs such as the 4-MAT learning system and a new Health curriculum, as well as expanded programs in Home Economics and Industrial Arts for the Middle School.

We are implementing a management plan this year to utilize the results of our California Achievement Testing Program. This data will provide teachers with statistical information to help students learn more effectively. Teachers will be able to anticipate areas that need improvement, as well as areas of strength within their classes.

We are working to improve the Elementary program in Grades Kindergarten through Eight, so students at John Stark High School may take full advantage of the benefits of this program. We appreciate the continued support of the citizens of the Town of Henniker, and look forward to serving the educational needs of your children.

Respectfully submitted,

*James T. Cournoyer*  
*Principal*

## SCHOOL NURSE'S ANNUAL REPORT 1986-87

The School Nurse, an important member of the professional staff, provides for the daily health needs of the students and any preventative health care that will bring the student to an optimum level of health. During my third year as school nurse, I have tried to provide for these needs in an effort to help remove any health barriers that may impede a student's educational program.

With the help of many community organizations and volunteers, I have been able to enhance the students' school health program. Your support and assistance have been greatly appreciated. This Fall, the New Hampshire Public Health Services Screening Program came to the Henniker Congregational Church to conduct the preschool and kindergarten Vision and Hearing Clinic. Several New England College students and their professor, Debra Nitschke-Shaw, helped by volunteering their time to test 70 children. Many church groups in town have provided great support by running clothing drives and food drives for the community. I would also like to thank Dr. Belson for coming to the school to provide sports physicals for the high school students at a reduced rate during the Spring.

I have been making regularly scheduled lice checks beginning on the first day of school and continuing throughout the school year. Only a few cases have been found this year. Many informational materials on pediculosis are available through my office.

Preventative health maintenance requires various screenings to be conducted throughout the course of the year. I am and will continue to provide vision and hearing testings and records of heights and weights of students. In the spring, with the assistance of Mr. Hamel, scoliosis screenings will be conducted for boys and girls in grades 5 through 8. Teacher and parent referrals are important and greatly appreciated for those students who seem to be having a health-related problem so that appropriate screenings may be performed.

This year our school should be eligible for the School Dental Health Conference Program, which will provide a means for preventing tooth decay for our students. A licensed Dental Hygienist will give a tooth cleaning, topical fluoride application, and educational information on brushing and flossing teeth. We hope to see this program at our school this Spring.

I feel that health education is an important key to being healthy. I have been attending seminars and workshops to gain a knowledge base on various health-related topics. I hope to act as a resource person and help to work with the team of teachers developing a new health curriculum for the new Middle School. I am also working towards developing a Personal Safety program for the elementary students.

Through the course of the day I regularly see students with problems ranging from first aid, illnesses, and health guidance to various personal and emotional problems. By meeting these needs, I hope to have helped to facilitate student achievement.

Respectfully submitted,  
*Bonnie K. LoBianco, R.N.*

## REPORT OF THE JOHN STARK REGIONAL SCHOOL BOARD

The John Stark Regional School District has experienced a very interesting and challenging year. Since the school board was elected in November of 1985, much has been accomplished toward the reality of a new cooperative high school for the students in grades nine through twelve from the towns of Henniker and Weare.

The Commissioner of Education assigned the District to Supervisory Administrative Unit #19 on a temporary basis until July 1, 1987. Following months of deliberation, it was finally decided that John Stark Regional would join SAU #24 on July 1, 1987, along with Weare, Hopkinton, Stoddard and Henniker. This seems to be a very constructive solution to the problem of an SAU assignment.

In February, the purchase of 100 acres of land was completed with the authorities of Crotched Mountain Foundation. An additional 7.5 acres adjoining the site were purchased from the Manning family. Weekly meetings of the board were held and the architect was usually present to update the group on the planning state of the new high school. School board members worked with state department personnel on curriculum and enrollment projection needs.

The annual school district meeting was held on March 25, 1986. Frank Farmer, the board chairman, did not run for re-election and Suzanne Kelly of Weare was elected as his successor for a three year term. Rosemary Blair of Henniker was re-elected to a three year term. The budget for the 1986-1987 school year of \$308,510 was passed.

Shortly after the March 25th meeting, the search for the first John Stark Regional High School Principal began. Following numerous interviews, the process was completed with the election of Mark Roth on May 28th.

Principal Roth, formerly a teacher at Merrimack Valley and Concord High Schools, had served 5 years as an Assistant Principal at Concord High School. He began his new assignment on July 1, 1986.

Meanwhile, work on selling of the \$5,750,000 bond was on-going and resulted in several meetings with Board Counsel and Bank East. Finally, June 26 was established as the bid date and a very favorable interest rate was secured.

As weekly meetings of the Stark board continued with the architects, Lavalley/Brensinger, P.A., it was finally agreed that bids for the new building would be ready to go out on May 30, 1986, with a closing date of June 18, 1986. Six bids were received and Merganser Corporation of Amherst, NH was the low bidder at \$4,618,766.

Vin Swanburg, a resident of Weare, was selected as Clerk of the Works for the project. Mr. Swanburg has had many successful years in the construction field.

Construction of the new high school started in June and construction is scheduled for completion in mid-July, 1987. We look forward to receiving the first group of students and faculty in September of 1987.

As we approach the new year, much progress on the building is clearly visible. As you travel along Route 114 in Weare, the driveway has a base coat of asphalt and the structure is nearly enclosed and progress is continuing at a rapid pace. With temporary heat having been installed, it is expected that weather conditions won't cause any delays in construction.

Principal Roth is interviewing and the board is hiring prospective members of the faculty. He is also meeting with members of the student councils of the present schools to discuss curriculum and general policies.

We appreciate very much the overwhelming support given to the new cooperative high school venture and look forward, as you do, to the opening in September of the school and its dedication to excellence.

We eagerly look forward to the coming year as it will definitely be a milestone in the history of the two participating communities.

Respectfully,

*JOHN STARK REGIONAL SCHOOL BOARD*

*Paul Knox, Chairman, Weare*

*Elizabeth (Lisa) Hustis, V.C., Henniker*

*Rosemary Blair, Secretary, Henniker*

*Steven Connor, Henniker*

*Suzanne Kelly, Weare*

# JOHN STARK REGIONAL SCHOOL DISTRICT ANNUAL MEETING

March 25, 1986

New England College Gymnasium, Henniker, New Hampshire

Moderator William Damour declared the polls open at 2:00 p.m. and will remain open until 7:00 p.m. for the election of School District Offices. The voters' checklists from both Henniker and Weare were used and checklist supervisors from both towns were present in the balloting. At 7:00 p.m., Mr. Damour declared the polls closed. Of the 400 ballots printed, 96 were cast.

Mr. Damour brought the meeting to order at 7:15 p.m.

Mr. Damour's first order of business was the reading of the warrant.

Article 1. VOTED that the salaries of the School Board, Clerk, Moderator and Treasurer be set as follows:

School Board Members	\$300.00 ea.
Treasurer	\$800.00
Clerk	\$50.00
Moderator	\$50.00

Article 2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Moderator Damour announced the results of today's election for School District Offices.

For Moderator for one year – William Damour 90 votes

For School Board from Weare for three years – Suzanne Kelly 80 votes

For School Board from Henniker for three years – Rosemary Blair 83 votes.

Article 3 VOTED that the District authorize the School Board to make application for and to expend on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from any source including the State of New Hampshire and/or the United States Government and to appropriate any funds anticipated from such sources including the State of New Hampshire and/or from the United States Government to the payment of obligations of the District for which said funds do not jeopardize the local control of our school system, in accordance with RSA 198:20-B.

Article 4. Frank Farmer moved that the District establish a Budget Review Committee of six members, three from Henniker and three from Weare, to be appointed by the moderator. Duly seconded.

Gorgon Tiffany moved to amend the motion "That the number of members representing the Weare area be as nearly as possible in the proportion that the amount of taxable property in Weare bears to the amount of taxable property in Henniker, the total not to exceed six members." Duly Seconded.

The amendment was voted on and failed.

Article 4 VOTED as originally read.

Article 5 VOTED that the District adopt the voter checklists of the Town of Henniker and Weare as the checklists for the John Stark Regional School District, in accordance with RSA 671:16.

Article 6 VOTED that the District hold elections for School District Officials in conjunction with the election for town officials in the Towns of Henniker and Weare, in accordance with RSA 671:22.

Article 7 VOTED that the District authorize the John Stark School Board to employ, rather than elect, outside auditors as required by federal funding regulations.

Article 8 VOTED that the District raise and appropriate the sum of \$378,023 (three hundred seventy-eight thousand and twenty-three dollars) for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income, the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the towns of Weare and Henniker in accordance with the Articles of Agreement of the John Stark Regional School District.

Article 9 VOTED to transact any other business that may legally come before said meeting.

Neil Kurk moved, "that those entitled to vote at School District meetings be provided, by the supervisors of the checklist, with a visible means of identification."

Duly seconded.

A standing vote was required for this motion.

Vote count: YES 45 NO 48

Mr. Kurk's motion failed.

On a motion by Mr. Damour, duly seconded, the meeting adjourned at 8:05 P.M.

A true attest
