AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayer's as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$2,322.19, from \$16,056.06 to \$18,378.25 in 1962, as shown herewith:

	December 31, 1961	December 31, 1962
Total Assets	\$69,450.51	\$67,448.86
Current Liabilities	53,394.45	49,070.61
	\$16,056.06	\$18,378.25

Uncollected and Unredeemed Taxes—Prior Years:

It is noted that as of December 31, 1962, there were uncollected and unredeemed taxes from the levies of 1959 and prior years as follows:

	Uncollected Taxes	Unredeemed Taxes
Levy of 1959	\$ 6.58	\$ 32.06
1958	21.83	44.73
1957	30.57	14.91
1956		13.59
1955		23.18
1954	14.82	
1953		53.46
1951		5.69
1949	39.90	
1948	357.75	
	<hr/>	<hr/>
	\$471.45	\$187.62

It is recommended that the Board of Selectmen and Tax Collector go over the uncollected lists on the tax warrants as above stated, and that such taxes thereon as appear to be uncollectible be abated.

It is also recommended that tax deeds be issued to the Town by the Collector for properties represented by the unredeemed tax liens, the two year redemption period provided by law having expired.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Stratford for their assistance during the course of the audit.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

1962-1963

To the School Board and Citizens of Stratford:

Superintendents of Schools who have been long in one position find two reports are easier to write, their first and their last. As has been announced, I plan to retire in August of this year which will complete twelve years in this position. It is fitting and proper that we look back over those years to see what has been accomplished and judge what is yet to be done.

A nostalgic rehearsal of statistics serves no particular purpose except to emphasize the changes that have taken place during these years. We had a budget that first year of approximately \$48,000 cut \$3,400 from the \$51,400 recommended by the board at the March meeting. \$28,800 was designated for the salary of eleven teachers. State aid that year was \$3,700 and we received approximately \$4,000 in tuition. Local appropriation was \$39,600.

Budget for the current year is \$132,000, of which \$77,900 is designated for seventeen teachers. State Aid is \$27,400 and tuition approximately \$12,000. Local appropriation is approximately \$96,000. Of this amount \$9,900 is payment caused by the new addition to the building.

Only two of the teachers, Mrs. Mary Nugent and Mrs. Nathalie Fuller are still on the staff and Mrs. Agnes Merriam is the one board member (not only in Stratford but the whole union) who has been in office during the twelve years.

Addition of three major rooms with accompanying service areas plus modification and renovation in the original building have made possible the additions of shop and physical education courses and have reinstated Home Economics or Domestic Arts as it was then called. Also, clearing out the old shop room and installing new lighting and furniture gave us an excellent first grade room. Temporary showers have been installed for the girls in the toilet area and for the boys in the old science room. Science offerings have been greatly enhanced with the use of the new science room and the new auditorium-gymnasium gives us one of the better public meeting places in the North Country as well as opportunity for basketball and physical education classes. Recently introduced adult physical education classes have extended its use. The modern kitchen adjacent makes possible still further use of the gymnasium as a serving area for school lunch.

Extending the driveway completely around the building

and establishing one-way passage has eliminated most of our traffic problems. Grading and black surfacing the area adjacent to the building has made for better appearing grounds as well as an easier kept and cleaner building interior. Further landscaping and additional blacksurfacing is included in next year's budget and it is hoped that th's improvement can be extended to take care of the ballfield.

The major innvovation at the Hollow School came during the past summer when a 180 foot well was drilled on the school grounds and a completely new water system was installed. At this level a supply of excellent water adequate for all purposes was obtained.

Not only have the physical properties been well kept and improved. The curriculum has kept pace with suggested improvements by the staff and the State Department of Education. Particular gains have been made in Science, Mathematics and English as well as the classes in Home Economics, Shop, and Physical Education mentioned above. A good start has already been made looking toward an adequate library with proper facilities; Guidance, as such, will be introduced in the coming year. Stratford High has met all the requirements for approval and has been designated as an "approved comprehensive high school" each year since the term has been used.

Plans for the foreseeable future should include one additional classroom, permanent shower arrangements and a stage for the auditorium. These could all be included in an addition on the West side of the present building.

Physical properties and curriculum are only part of the school whole. The key to a successful school system is personnel. Mrs. Margaret Salls who retired last March after four terms (12 years) on the school board was an outstanding leader all during the formative period of our present successes. Her energetic interest and intelligent leadership have been constant sources of inspiration and help to those working with her. Mrs. Alice Ruch did much to stimulate favorable interest in the new building while she was a board member and was much concerned to have the Home Economics brought back. Mrs. Agnes Merriam who is still on the board has contributed greatly to the internal organization and academic structure of the school program. Her experience as a teacher and supervisor has made it possible for her to give help in specific problem areas.

An indication which speaks well for the future of our schools is that we have two business men who are willing to serve as school board members. Mr. Richard Sanderson was

clected in March, 1961, and Mr. George Trask in March, 1962. These young men with children in school have a sympathy with and a knowledge of the needs of the young people, yet also have an understanding of the fiscal status of the school district and its ability to pay required costs.

As in many of the smaller school systems the change over in teachers is most rapid. Stratford has been fortunate to retain the service of Mr. Cushing as Principal over a period of years. During his administration has come about the growth and development of the things enumerated in this report and they constitute their own commentary on his leadership. Every effort should be made to retain him as principal in the years ahead. He has a particularly fine group of teachers with him this year.

There are a number of days yet before August 15 but let me say in this which may be my last public communication how very much I have enjoyed working in your schools. The degree of success which I am sure we have achieved is in no part mine alone but only that it happened while I was here. We have broken together the bread of educational life and our schools are better for it. Thank you for the opportunity to serve.

Respectfully submitted,
HOWARD D. FOWLIE,
Superintendent of Schools
