## SELECTMEN'S REPORT

The big event of 1990 was the Town's celebration of its 200th birthday. Year long events, parades, dances, class reunions, a history book and issuance of commemorative license plates, all under the direction of George Howard and the Bicentennial Committee, gave everyone memories we can all cherish for the next 200 years. Thanks to all who made this year of events a great success!

While August 11, 1990 seems to be an unlikely time for a flood, Bartlett suffered thousands of dollars in damage to various roads in Town and Selectmen were instrumental in organizing the effort to get Carroll County declared a disaster area. Being successful in that endeavor enabled the Town to receive Federal and State funding to help repair the damage which was almost 100% completed by the end of the year. Special thanks to Roger Labbe who coordinated the work and the paperwork involved and Road Agent Mike Roberts and his crew for carrying out the repairs in an orderly fashion.

The big news of 1990 was the opening of the Bartlett/Jackson Transfer Station on December 9, 1990. Despite a few "bugs" in the beginning, everything is running smoothly and by the time you read this voluntary recycling will be in place and plans for mandatory recycling will be in place by June 1, 1991. There is a page in the Town report detailing the hours of operation, rules, permitted articles, and procedures governing the Transfer Station. Starting with the Bartlett/Jackson Ambulance Service, the Transfer Station is another example of cooperation between the towns resulting in better and less expensive government for both communities.

The major impact on the budget is the school and the Selectmen urge all citizens to become actively involved to provide proper education to our children but at a cost which is affordable to the taxpayer. The double bond payment resulting from the new school construction prior to paying off the previous construction bond has led to an unnecessary increase in property taxes. It is hoped that future proposals will be given more careful consideration and school population trends will be further explored before embarking on large scale building proposals.

The Selectmen have made a concerted effort to reduce municipal costs as low as possible and still maintain an effective level of service. The only way to affect substantial further cuts in the budget would be reductions in personnel authorized by the voters at

past Town Meetings. The 1991 budget includes a \$39,000 bond payment (on the Fire Truck) which was a special article in last year's warrant. If this figure is removed from this year's budget, the total budget would be less than last year's. The 1990 Town Meeting approved \$93,000 in special articles inserted by the Selectmen and this year's warrant includes only a \$12,000 net expenditure for highway construction, a reduction of \$87,000.

In order to help lower the tax rate this year, the Selectmen are advocating using funds from a number of Capital Reserve Funds. These funds have been established over the past few years when times were good and since the present generation of taxpayers supported these programs through their past property taxes, it seems like a good time to help on the 1991 tax bill. When conditions improve, the Selectmen hope that these reserve funds will be re-established.

In 1990 the Town's cost of borrowing money rose to \$60,000 and the Tax Collector and Treasurer asked the Selectmen to consider instituting semi-annual tax billing in order to reduce the interest amount paid by the Town each year for short-term borrowing (tax anticipation notes.) The Selectmen held an open discussion to discuss the issue and response to the idea was somewhat less than enthusiastic. Until such time as there is public support for semi-annual tax billing, the Selectmen will not entertain the matter.

The Selectmen would like to thank all town employees for their dedicated efforts over the past year and all the volunteers who help make Bartlett the "Greatest Little Town on Earth"!

## AUDITOR'S REPORT

Board of Selectmen  
Town of Bartlett  
RR 1, Box 49  
Intervale, NH 03845

Dear Board of Selectmen;

I have examined the books and accounts of all officers entrusted with the receipt, custody or expenditure of town funds on May 31, 1990 for the calendar year 1989.

I have examined these records to determine whether all revenues to which the town is entitled have been collected and remitted to the treasurer or verified as outstanding accounts; to determine whether all expenditures have been properly authorized, conform to law, and are supported by appropriate invoices and payroll; and examined the accounts of all town departments and agencies.

It is my opinion that the accounts are being kept in conformity with generally accepted accounting principles and I have no recommendations at this time.

LINDA BURNS  
Auditor

## BICENTENNIAL CELEBRATION REPORT

The total support of everyone involved and community spirit of the town made the celebration of our 200th birthday a very enjoyable and memorable event. The fiscal guidelines the committee operated under were to provide the evenings entertainment free of charge, make all other activities affordable to the citizens of the town and distribute any remaining resources to the Bartlett Public Library for the further research and preservation of the town's history. I believe we were successful on all accounts. The following is the consolidated statement of the Bicentennial budget.

### INCOME

Revenue Generating .....	\$30,526.65
Entertainment .....	0.00
Parade .....	\$618.00
General Fund .....	\$22,476.54
Engineering .....	0.00
Publicity .....	0.00
<b>TOTAL INCOME .....</b>	<b>\$53,621.19</b>

NOTE: Included in the \$22,476.54 General Fund is \$11,000.00 provided by tax funds accumulated in the Capital Reserve and appropriated at last year's town meeting and \$7,471.00 from donations to the combined Bicentennial/History Appeal.

### EXPENSES

Revenue Generating .....	\$23,508.22
Entertainment .....	\$9,222.50
Parade .....	\$3,043.95
General Fund .....	\$11,690.14
Engineering .....	\$1,955.00
Publicity .....	\$4,201.38
<b>TOTAL EXPENSES .....</b>	<b>\$53,621.19</b>

NOTE: Included in the General Fund expenses is \$2,981.00 given the Bartlett Public Library. In addition merchandise items, such as video tapes of the Bicentennial, license plates, and stamp cancellations valued at \$5,900.00 were given to the Library. Finally, other merchandise items such as Frisbees and T-shirts/sweat shirts, valued at \$1,500.00, were donated in support of the town Christmas offerings.

In sum, the celebration was a great time and one to be remembered. It was certainly our pleasure to have been part of making it happen.

THE BICENTENNIAL COMMITTEE

## 1990 BARTLETT PUBLIC LIBRARY REPORT

Bartlett's bicentennial year was a busy year for the library. The library moved into its spacious new quarters in the spring . . . I hope the last move for a long time. The complete collection is again on the shelves and there is lots of space for future expansion. The library has an area with comfortable seating for the public should they drop in during the school day and want to browse or read.

The library circulated 7,287 library materials and added 642 volumes to its collection of approximately 10,000 volumes in 1990. Approximately 150 of these books were gifts. The library conducted five programs through the New Hampshire Humanities Council focusing on various aspects of New Hampshire which were well attended. We will continue these programs during 1991.

The town history, **Bartlett, New Hampshire: in the Valley of the Saco** by Aileen Carroll, published in June by the library has received many favorable reviews. Our thanks to everyone involved. Copies of the book are available at the library and town hall.

Mrs. Garland attended the monthly meetings of the New Hampshire State Library Advisory Council representing the rural and school libraries in New Hampshire; three North Country Area Forum meetings; workshops to learn how to access the New Hampshire Automated Information System, and to use electronic mail; and two meetings of the Northern Carroll County Cooperative. The Northern Carroll County Cooperative is now establishing a video collection which will be rotated through its member libraries. The Bartlett Library plans on becoming part of the video cooperative this year.

Our library now conducts interlibrary loan searches using the New Hampshire Automated Library System to fulfill requests for materials not available in our library. With this capability the library has access to collections in approximately 200 libraries throughout the state; and at the present time, the Bartlett Public Library can make requests to the Five Rivers Area Library Network by electronic mail. It is hoped that soon all libraries in the automated system will have access to libraries throughout the state through electronic mail. This will speed up the time requests can be filled. An example of how effectively the New Hampshire Library Automated System works follows:

A few weeks ago a high school student requested materials for a research paper. By using the loan system I was able to borrow books from four public libraries, the State Library, Franklin Pierce Law Center Library and the UNH Library. Bartlett's own collection would not have met this student's needs, but through use of the automated system we were able to do so.

A new copier was purchased for the use of the Public Library and its patrons. Our old copier, purchased in 1985, gave all it had and lasted twice as long as projected. The demands of the bicentennial year were too much. Having access to a copier in the Village has proven to be of great value to Bartlett's citizens. The copier has proven itself as an aid in research and most ably as a tool to preserve our town's history.

At the present time the library uses a computer to process catalog cards, to print students' overdue book lists, to conduct interlibrary loan searches, to maintain borrowers' registration records, and, through a data base, to record Bartlett's history. The present equipment is inefficient and time-consuming. There is a current need to expand the computer system with a hard drive and more memory. During 1991 we will be studying how we can best improve our system to meet the current needs as well as those of the library in the future.

The following bicentennial memorabilia are available for purchase at the library: license plates, proclamations, cancelled first day covers and stamped bicentennial envelopes. Profits from the sale of these items will go to the Bartlett Public Library's History Project.

The History Committee is pleased to have met the goal of publishing the town history and is looking forward to the challenge of future goals. They hope to expand the photo file, to continue the preservation of town records and to plan for the future publication of an illustrated history of the inns and lodging houses of Bartlett. This past year they made a tentative start with an oral history project. With the bicentennial year completed, the oral history project will be their prime focus. They hope to sponsor an exciting program on Warner, New Hampshire's oral history project called "It had to be done so I did it," portraits of rural N.H. women at work. If anyone is interested in joining the History Project, please call the library.

Do plan on using **your** library as an information resource as well as for recreational reading. It stands ready to meet the needs of all in the community.

## REPORT OF THE POLICE DEPARTMENT

1990 saw the graduation of the first D.A.R.E. class. This year Officer David Roode is presenting the class throughout the Bartlett School and it appears to be well received. In the plans are a parent/student field trip to Portland, ME. to see the Maine Mariners and a dinner to highlight this year's graduation.

This year saw Sgt. William Krim leave the department to start his own business. We here at the police department wish Bill the best of luck in his endeavors and will miss his devotion not only to the D.A.R.E. program but to the department.

This is the second year of our comprehensive health, drug and alcohol awareness program that is put on by the Bartlett School. It is difficult not to see the importance of this program. I would like to thank the Substance Abuse Committee for their time and energy. Without them this program would not be possible.

I wish to thank the townspeople, officials of the town and the school for their support.

Respectfully submitted,

Chief Robert M. Snow, Jr.

## **BARTLETT-JACKSON AMBULANCE SERVICE**

The new Med-Tec ambulance was put into service in April 1990. It is larger than the van and that enables us to carry all of our equipment on board. We expect it will provide many years of reliable service to the community.

Compared to previous years, the towns had fewer medical emergencies and auto accidents. The total number of calls for 1990 was 225 including false alarms and non-transport calls. Revenue from the ambulance calls is used to offset the cost of operation. We are fortunate that collections have been very good and as a result we are able to keep the tax impact and our fees well below those of other services.

Currently all our full time members are EMTS trained in defibrillation. Two members are IV trained and others will be taking the I course in the Spring. We have several new members who bring with them a valuable variety of skills. We presently have 14 members who are constantly upgrading their skills to serve the community more effectively.

We will be involved with the Vial of Life program starting in February 1990. Interested residents with health problems will be contacted by squad members who will assist in completing the medical history forms to be stored in the refrigerator. The forms are invaluable to the ambulance crew and the hospital in an emergency. Anyone interested in the program can contact the Town Hall or any Bartlett-Jackson Squad member.

In addition, our CPR instructors will be running community classes throughout the year. Class schedules will be published in the local papers or contact us for special requests.

Our thanks to the residents and town officials for their continued support. A special thank-you to the Police and Fire Departments for their valuable assistance and cooperation.

## **BARTLETT FIRE DEPARTMENT SUMMARY FOR 1990**

This past year the department responded to a total of 90 calls, a slight decrease from last year.

The training that the department members have taken in the last 2 to 3 years involves many hours, much of it on their own time. In 1990 because of this training at least 3 serious fires were extinguished with only minor damage to the buildings involved.

I would like to thank Joe Rivers and the staff of the elementary school for their cooperation in allowing me the opportunity to do the fire prevention program again this year. This is a very important program for the children, and was well received by both the faculty and the children. I look forward to doing it again this coming year.

This past year fire extinguisher courses were given to several of the larger organizations. This was also well received, and several more are being scheduled at this time for 1991.

Several smoke detectors were also handed out to families in need of them. This was a combined effort of the fire department and the school, with donations of the detectors from the public.

Also in the works is a fire prevention program geared specifically for the senior citizens. This should also be well received.

I would like to say thank you to all of you who helped make these programs so successful.

Thanks also go to the Police Department, the Ambulance Squad and all the Mutual Aid Departments that we are associated with.

Respectfully Submitted,  
CHIEF ROGER LABBE

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During Calendar Year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All of these fires are preventable, but **ONLY** with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, **without first obtaining a written fire permit from the Forest Fire Warden of town where the burning is to be done.**"

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), and incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forest and Lands at 271-2217.

## 1990 MINUTES OF TOWN MEETING

Meeting opened with Selectman James F. Chadbourne reading a proclamation which officially declared this as the year of the Town of Bartlett's Bicentennial. A re-enactment of the first Bartlett Town Meeting was done by Mikell Chandler-Perry and Robert Owen.

Moderator Paine then officially opened Town Meeting at 7:15 PM.

Selectman Chadbourne led the Pledge of Allegiance.

Selectman Hodgkins was absent.

Moderator Paine read the posted warrant as follows:

To the inhabitants of the Town of Bartlett, New Hampshire in the County of Carroll in said State, qualified to vote in the Town affairs:

You are hereby notified to meet in the Town Hall in said Bartlett on Tuesday the thirteenth day of March 1990 at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. The voting on Article 1 will be by official ballot and the polls shall open for balloting at nine o'clock in the forenoon and shall not close before six o'clock in the evening. The following articles in the warrant will be acted upon at seven o'clock in the evening at the Josiah Bartlett Elementary School in Bartlett Village.

We hereby certify that we posted a like copy of said Town Warrant and Budget on February 26, 1990 at the post offices in Glen and Bartlett, at the Town Hall in Intervale (Bartlett) and the Josiah Bartlett Elementary School, the places of meeting, all being public places within the said Town of Bartlett, New Hampshire. Signed, James F. Chadbourne, Frederick T. Hodgkins, Gene G. Chandler, Board of Selectmen.

Motion was made by Selectman Chandler, seconded by Selectman Chadbourne to accept the budget of \$903,678. Selectman Chandler reviewed the budget. Voters had questions on various items. Question was raised whether this budget included salary increases for the town employees. Chandler stated no it did not as the Selectmen felt that valley economic conditions indicated that no salary increases were warranted.

Motion was made and seconded to add \$15,000 to the budget for salary increases for town employees (effectively a 5% increase in salary for two employees). After discussion and calculations Selectman Chandler determined that \$11,000 would give a 5% increase for the balance of the year. Further discussion ensued on health benefits, insurance, and need for salary increases. Moderator called for a vote. ## **PLANNING BOARD REPORT**

With years of unprecedented development behind us, the Planning Board has begun the arduous task of updating the Master Plan. We have held several open discussions throughout the fall and are in the process of compiling that information. Suggested changes are nearly complete and will be ready for public approval at a hearing in the spring.

In looking at future development in the village area, there is some support for establishing a village district with conditions specific to the unique characteristics of the area. The board will begin looking into the feasibility of such a proposal in March.

After much discussion in the months of master planning, several areas have been selected for review by the Board. Those areas include changes to the sign ordinance motivated by the current economic climate, possible expansion of allowable uses in the residential zone and further definition of dedicated green areas.

The challenges of the year ahead will be encompassed in the many hours of discussion, planning, and writing necessary to implement any change to such a dynamic document.

Respectfully submitted,

**KATHLYN G. NEALLEY**  
Planning Board Chairman
