**REPORT OF THE CHIEF OF POLICE**

Honorable Board of Selectmen  
Citizens of Brentwood

Here is my report for the year 1965 accounting for some of the activities of your Police Department.

Each year the Police Department requests for services are on the increase. The past year the largest increase was accidents investigated. The ever-growing automobile travel through the Town of Brentwood has become a major part of police activities.

Total department calls 211, Arrests 11, Breaking & Entering 8, Accidents investigated 43, Summons Served 12, Camps and Buildings inspected 38, and 89 complaints answered.

The department this year as in the past has worked with the Little League in fund-raising suppers.

In conclusion I wish to thank the members of the Department, Town Officers, other departments and citizens for their cooperation this past year.

**REPORT OF THE FIRE DEPARTMENT**

Board of Selectmen  
Citizens of Brentwood

My report for the year 1965, accounting for the activities of the Fire Department.

Calls answered: Brush fires 7, House fires 5, Chimney fire 1, Car fires 3, Oil burners 2, Car accidents 2, Refrigerator 1, Gas heater 1, Mutual Aid Calls 4, False Alarm 1, Total calls 27.

Classes on the different phases of fire fighting, weekly drills and a field day were held during the year.

Several new and basic pieces of equipment were purchased by the Department.

The Ladies Auxiliary also made a substantial donation to the Department.

The above activities and purchases by the Department help to maintain and strengthen its rating with the N. H. Board of Fire Underwriters.

Safety Decals for homes where a person or persons may be handicapped are available; contact the Fire Chief.

The members of the Department regret the resignation of Chief—"Sid" Parshley. "Sid," as with our former Fire Chiefs, has been a totally dedicated Chief and fireman. We have been assured that he will continue as a fireman.

**A Reminder to the Citizens of Brentwood, N.H.**

In compliance with the Rules and Regulations No. 5001 issued by the N. H. Board of Fire Control, application for permit to install Oil Burning Equipment must be made to the Chief of the Fire Department. This application when signed by Chief of the Fire Department, may be used as a Temporary Permit Authorizing the Installation of Oil Burning Equipment.

After the installation and an inspection for compliance with the Rules and Regulations No. 5001 issued by the N. H. Board of Fire Control, a permit to operate Oil Burning Equipment may be issued by the Chief of the Fire Department.

I wish to thank the officers and members of the Department, the Fire Wards, the Ladies Auxiliary, other Departments and Citizens of the Town for their fine cooperation during the past year.

Your Fire Department is always ready to serve you in any way possible.

**SUPERINTENDENT'S REPORT**

To the Citizens of Brentwood:

This past year has certainly been an active one in Brentwood. More major educational issues were debated and resolved in this short time than in any other equal period in the history of local education.

It began with a decision to vote against becoming a part of the Sanborn Regional School District organization and ended up with a vote of approval for the Exeter AREA plan.

Between these two votes, your school board and planning committee member, Mr. Donald Pailles did a tremendous amount of work. These individuals deserve much credit, especially since they originally favored and recommended to you the Sanborn Regional arrangement — such flexibility is indeed a true sign of maturity and dedication. Brentwood is very fortunate to have such people.

Another unusual development was Principal Hanson's unexpected resignation just prior to the opening of school in September. He left to accept a full-time administrative position in Newton with a substantial increase in salary. We were extremely fortunate, however, to have Mr. Donald Virgin available as an immediate replacement. Mr. Virgin came to Brentwood with considerable teaching experience in Dover and with administrative experience in Sandown, Newington, and Somersworth.

The sudden resignation of our school custodian last spring was also unexpected. However, we were fortunate to find a qualified and competent replacement in Mr. Norwood Sargent.

School opened this year with an enrollment of 174 pupils and with two new staff members. Mrs. Grace Cleveland was elected to teach Social Studies in the upper grades. Mrs. Cleveland, a graduate of Mansfield State College in Pennsylvania did her practice teaching in Tioga, Pennsylvania. Mr. Charles Goyette, a graduate of New England College, was employed to teach Science. Although Mr. Goyette did not have any formal practice teaching, his experience in

private tutoring and teaching Sunday school classes has more than made up for this.

As in the past, most students are maintaining a high scholastic rating and their enthusiasm in extra-curricular activities is second to none. A recent study made by our office indicated that, on the average, Swasey School students are reading at least one grade level above the national norm. The newly won athletic trophies on display in the front hall show the school's accomplishments in non-academic areas as well.

This report would be incomplete without a few words relative to the new National Elementary and Secondary School Education Act of 1965 (ESEA). This act was the first major legislation of national significance to be enacted by the 89th Congress. Keyed to "poverty" ESEA has five major provisions in it.

Title II authorizes distribution of \$100 million to the states for acquisition of library resources, including textbooks and audio-visual materials. This title establishes the Supervisory Union as the acting agent rather than the district. Our Union No. 14 was allotted \$6,075.00 and on December 15, 1965, we submitted a proposal to spend the entire amount in order to establish an audio-visual center in the Union with its possible location at Sanborn Seminary.

Title III provides another \$100 million for grants to local school districts for the establishment of supplementary educational centers. An extremely wide range of activities may be authorized under this title. The terms, however, require that the school authorities must cooperate with other educational and cultural interests in the community in working out projects.

Title IV provides money for regional educational research and training facilities. Grants will be awarded to institutions of higher education and the non-profit agencies to undertake programs which will benefit public schools.

Title V makes available \$25 million to strengthen State Departments of Education.

In summary then, the title which seems to apply most directly to Brentwood is Title II. It is with this that your school administrators will be primarily concerned.

I wish now to thank everyone, especially your school board and Mr. Virgin for their support and understanding through such a difficult and rapidly changing year.

FRANCIS C. WILSON,  
Superintendent of Schools

**REPORT OF SCHOOL NURSE**

To the Superintendent of Schools, School Board Members,  
and Citizens of Brentwood:

Brentwood school children had the usual number of infections which were checked by the combined efforts of the school and home.

Again this year the Dental Clinic was held. Brentwood received increased matching funds because the allotment of these funds is determined by town population. Dental health education was sparked by a program, with supplies from Crest.

Immunization clinics were again available to school and preschool children. The plan is to have them every fall with the hope that parents of five-year-olds will bring these children for their necessary vaccination and booster shots.

Thank you for your continued cooperation.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.
