## SELECTMEN'S REPORT 1987

### PEOPLE:

Our thanks are extended to those who so diligently worked for us on the Solid Waste Study Committee - an ad hoc committee established during the year. An excellent report was given, on file in our office, with guidelines to assist us in our recycling efforts.

Thank you:     Judith Shaw, Chairman  
                  William Henry, Jr.  
                  Suzanne Thompson  
                  Gail Flemming

### New Personnel:

Welcome to:

Marshall Bills, Public Works Director  
David Warren, Police Sargent

Stephen Laskowski attended Assessing School at Plymouth State in June.

John Leahy has made another contribution to our computer system - a financial software program - custom made. John and his family are planning a move in 1988. We thank John for the tremendous time devoted to our computer along with and in addition to the normal Selectmen's duties and responsibilities.

Employees - One of the goals of this board has been initiated - establishing a merit/evaluation pay system. Studies and analysis have been conducted and it is our feeling that our municipal employees, with this program will be stepping into the real world with realistic, liveable incomes. A retirement plan is being made available for the first time, this coupled with the existing health insurance program make working for the town more reasonable and attractive.

Our first annual employees picnic was finally held in Sept. after and in spite of rain.

Now our gratitude and thank yous to all of the Board, Committee and Commission members who put in endless hours, showing and maintaining the integrity for which Chesterfield can be proud. The standing request is that those who are interested in serving the community contact our office - you are needed.

### PLACES:

Congratulations to Chief Sargent and our Police Department on their new home. The renovated garage has been transformed

into an efficiently run Police Station, something to be proud of. The men donated a great amount of their own time and energy to the project. Well Done!

The town office space has increased now that the Police have moved. The office space is now an administrative office with a small space for conferences. The added business conducted in the building more than necessitated the move.

The Lincoln Road project was finished! A milestone! (½ milestone)

The proposed budget for 1988 includes a request to establish a Capital Reserve Fund to build a much needed highway garage.

A mandatory recycling request is in the warrant. Waste disposal will be a prominent issue in 1988, therefore watch for "Operation Larry". LARRY standing for Local Area Resource Recovery Yard.

The Gallagher - now Hendrickson, Inc./Stow Mills site was ruled out as a possible site for a Regional Lined Landfill. The bedrock found on the site would make monitoring the site next to impossible.

#### THINGS:

New - Video Equipment for inhouse training and our own filming of major events or studies - Thank you to Scott Ricci.

1988 International made it on the scene in December.

Cruiser with a new radio - 1983 cruiser was replaced  
1964 radio replaced.

A sander was purchased for the one ton truck adding to its efficiency.

#### CONCERNS:

Road Conditions

Waste Disposal

Requests for Commercial/Industrial Land along Route 9.

We wish to thank Russell Stoddard for the excellent work he did as temporary Road Agent.

## TOWN MEETING 1987

Proceedings of the Annual Meeting of the voters of the Town of Chesterfield, New Hampshire, called at the Town Hall in said Town on Tuesday, March 10, 1987.

At 10 o'clock in the forenoon, the meeting was called to order by the Moderator, Carl A. Johnson, who read the warrant through Articles One and Two and declared the polls opened for voting for town officers and amendments to the Zoning Ordinances and Flood Development Ordinance.

The 220th town meeting was called to order by the moderator with Warren Allen and Ethel Mills as Assistant Moderator and Assistant Town Clerk, respectively.

Local officials and town representatives to the General Court were introduced by the Moderator.

A list of those who had passed away during the year was read by the Moderator, followed by a moment of silence. Rev. DiJulio, pastor of the Our Lady of the Lake Church, gave the invocation.

The Moderator set down the rules that would be followed during the meeting. All amendments should be presented in writing with one amendment at a time, all speakers shall identify themselves and remarks should be addressed to the Chair, and any request for a reconsideration of an article would be considered after the Chair had determined that not more than one third of the group had left the meeting.

A voice vote was in the affirmative on a motion made by William Mitchell and seconded by Gerald Scanlan to dispense with the reading of the warrant and the Moderator would read each article as it is considered.

ARTICLE 3 A voice vote was in the affirmative on a motion made by Merton Yeaton and seconded by Russell Johnson to allow 2% discount on real estate taxes paid in full up to fourteen (14) days (inclusive) of the postmarked date of the tax bill, or act in any other way relating thereto.

## REPORT OF THE HIGHWAY DEPARTMENT

RUSSELL L. STODDARD, ACTING ROAD AGENT 3/1/87-12/6/87

When I took over as acting road agent on March 1, 1987, we were immediately into the spring mud season. The weather had warmed up very quickly causing the worst mud problems that we have had in several years.

Following this, we were deluged with heavy rains which caused many washouts to the roads and culverts. We hauled gravel to repair the roads and replaced or repaired the culverts.

We then completed the grading of the roads the first time around.

The summer months were used to complete the Lincoln Road project and to do the yearly black top detail. This year the following roads were resurfaced:

Wilde Road	Lincoln Road
Poor Road	Sugar Maple Road
River Road	Wellington Drive
Spring Street (partial)	Cobleigh Estate Road

The roads scheduled to be resurfaced in 1988 are Streeter Hill Road, Pinnacle Spring Road, Maple Road from Route 9 to Prospect Road and Horseshoe Road.

As of December 1, 1987, I had issued 38 driveway permits.

We purchased a new sander for the one ton truck which was used a lot because delivery of the new six yard dump truck was delayed until late December. I would like to see the town purchase another one ton truck as we are accepting more roads each year that require maintenance. This size truck is very practical for cemetery work in the summer months as well as many other light duty jobs.

As for the cemeteries this year -- because of the help situation, the cemeteries were not maintained as well as I would have liked them to be. The cemetery workers left the town for employment elsewhere for higher wages. This left us with a minimal crew to take care of all the departmental functions.

We put the header wall, on the Mountain Road, back in place. This had washed out during the spring high water. We also put ledge on the Mountain Road where the river bank had spewed out.

On December 7, 1987, Marshall Bills started as the Public Works Director.

I want to thank the people in town for their cooperation and understanding while I was acting road agent.

Russell L. Stoddard

Acting Road Agent

#### REPORT OF HIGHWAY DEPARTMENT

MARSHALL BILLS, DIRECTOR OF PUBLIC WORKS 12/7/87-12/31/87

Having not started until December 7, 1987, I've had very little to do with this years work schedule and accomplishments. My first few weeks were spent working closely with Russell Stoddard getting to know the roads, the crew, present and past procedures and learning my plow route.

Russell and the Highway crew seem quite knowledgeable in road maintenance procedure, and competent in performing the work necessary to keep the roads in the Chesterfield area in better than average condition. I am looking forward to working with the Highway crew and the Chesterfield area citizens this coming year and the years to come.

As with anything, there is always room for improvement, and part of my job will be doing feasibility studies on different public works related methods and combine figures with common sense to make sure we are getting the most out of your tax dollars. I am always open for suggestions, so feel free to contact me at the Town Garage during my normal working hours

Marshall P. Bills

Public Works Director

## REPORT OF THE CHESTERFIELD POLICE DEPARTMENT

1987

To the Townspeople of Chesterfield:

Growth and change were the key words for the Police Dept. in 1987. As has been the case for the past few years, the Town of Chesterfield has kept pace with the rest of the county. Calls for service remained on a par with past years but the types of calls and arrests continue to change from previous years.

The highlight of the year was our move into our new facilities. With a great deal of effort and time, we were able to convert an old three car garage located in the parking lot of the Town Offices and turn it into a brand new home for us. The added room allowed us to expand on our service capabilities. We now have a booking area, waiting area and separate work areas for the Chief, Sargent, Secretary and the Patrolmen.

We also went to three Full Time Officers in 1987. This relieved a great deal of the scheduling pressure that occurs when you rely heavily on Part Time Officers. Investigations are also handled in a more timely fashion in that the Officer working a case can now devote the time necessary instead of having to wait for his next shift.

In my budget request for 1988, I have included a Computer and a Copier. These items would allow an Officer to cut down on the time needed to complete all the various forms that are required for the Dept. In some areas this could reduce the time by half. What this means to the Townspeople is that the Police Dept. would be able to spend more time out on the road instead of behind a typewriter.

It is my desire to be able to continue to streamline our operation and make it as efficient as possible. It is difficult at best to try to anticipate the needs for an upcoming year but I feel that we can continue to keep pace with the growth that Chesterfield is experiencing. Our equipment appears to be in good shape and the new Police Station will serve us well for the next few years.

As I have stated in the past, I welcome anyone to stop by and see the new station and I also urge anyone that witnesses unusual activity or occurrences to let us know as soon as possible.

Respectfully Submitted,

Eric S. Sargent  
Chief of Police

## PARKS AND RECREATION COMMISSION REPORT 1987

Meeting 16 times in 1987, the Parks & Recreation Commission's focus this year has been the planning of a new building at the edge of Ware's Grove Beach, which could provide beachgoers with more accessible restrooms and concession counter. This past fall we applied to the Dept. of Resources and Economic Development for a grant to match the capital reserve fund Chesterfield voters established for this purpose in 1982. (This fund now totals \$31,177.74 and we are asking voters to add \$5,600.00 from our beach profits this year, as they have for the past six.) Though we did not get the matching grant this year, we intend to keep trying.

Other initiatives this year include completion of fencing at Ware's Grove, the renting of a portable toilet for the South Shore boat landing, establishment of an evaluation system for beach employees, resurfacing of the public tennis courts behind the town offices, and the granting of free beach passes to full-time town employees.

Beach fees for residents remained the same as 1986: \$.50 for adults, free for children, and \$15.00 for a family season's pass. Warm, dry days made for good beach weather this past summer. Gross receipts from both beaches totalled \$33,366.00 and we are extremely pleased with the increased use of the North Shore facilities.

We were pleased to have local people operating the concessions at both beaches; Karen and Wayne Guyette at Ware's Grove and Judy Young and Randi Chase at North Shore.

An average of 45 town young people, age 6 and over, attended each session of our Tues.-Thurs. 8 week summer recreation program. Activities included games, swimming, a peanut carnival, an ice cream party, and special trips to the Friendly Farm, Riverside Park and Mt. Monadnock.

Our Ware's Grove staff provided free swim lessons to 82 town children. And 103 people attended our series of 6 family-oriented films shown Wednesday nights at dusk on the Ware's Grove Beach.

We continue to support two volunteer-run sports programs for town youth, ages 5-11: Chesterfield Youth Baseball in the spring and Chesterfield Pee Wee Soccer in the fall. The baseball program had 104 participants (22 more than the previous year) and 15 volunteer coaches. The soccer program, organized by Harriet and Claus Knappe, grew by 30, with 100 participants and 23 volunteer coaches and youth helpers.

Commissioners' thanks go to Tal Rancourt and Bill Henry for preparing preliminary drawings for our Ware's Grove building; to Scott Ricci and his Cablevision baseball team for repairs to the ballfield bleachers; to the Wrobels for donating flowers for the Ware's Grove Memorial area; and to the Spofford Fire Department for the wonderful fireworks display over the Lake on July 4.

We are very pleased with the work of our Recreation Director Wendy Chamberlin and consider her initiative and conscientiousness to be real assets to the town recreation program. The help of her husband, Mike, is much appreciated, also. Wendy looks forward to working with the Chesterfield School administration toward a plan for sharing the new school building for town recreational use in the future.

The contributions and nudges of outgoing Selectman, Gerald Scanlan, have been invaluable to our commission's work for the past 3 years. We will miss him!

Commission members welcome citizens' comments on the operation of town beaches and recreation programs. Our meetings are posted and are open to the public.

Judith Palmer  
Secretary

## CHESTERFIELD PLANNING BOARD

Planning Board meetings were held the first Monday of each month in 1987. In addition, the board had work sessions to review applications and regulation changes on the Monday two weeks before the regular meeting.

1987 was a very busy year with the adoption of new zoning regulations and map prepared under the guidance of the Planning Board and approved by the voters at annual Town Meeting. In addition, three zoning change petitions were reviewed and amended flood plain development regulations approved. The Board retained the services of a planning consultant to aid in the preparation of new subdivision and site plan regulations. It is anticipated that these will be adopted by the Planning Board after public hearings in 1988.

The following applications were reviewed by the Planning Board in 1987:

- 8 Subdivisions approved - 25 new lots
- 2 Boundary line adjustments
- 9 Site plans approved - 2 pending
- 6 Subdivisions - Pending 55 proposed lots

Scott Ricci was appointed to the Planning Board replacing Richard Lawson who moved out of town.

All of the meetings held by the Planning Board are open to the public and we urge participation in these matters of interest and importance to the residents of the town.

Roger T. Monsell  
Chairman

## CEMETERY COMMISSION REPORT

The 1987 season was a less than successful one for the care of cemeteries. There was a serious shortage of personnel in the Highway Department beginning in late summer. This resulted in the shifting of all personnel to the highway crew as highway maintenance does take precedence over cemetery care. We have been assured that, with the hiring of a Director of Public Works and a restructuring of pay scales, the cemeteries will be adequately maintained in the coming season. The Commission will closely watch the situation as we, the Commission and the people of Chesterfield have invested too much to let the level of care of our cemeteries drop.

The net cost to the Town for the care of cemeteries in 1987 was \$1,504.06.

## OLD HOME DAY 1987

The momentum is building and each year Old Home Day weekend is better than the one before with more organizations and people involved and with greater attendance.

New events that were added and proved very successful this year were the Westmoreland Town Band Concert-on-the-Common. The Vintage Car Show drew much interest and ten old vehicles were much admired in their restored beauty. A very impressive early 1930's Model A Ford owned by Doreen Ateama Patnode and her husband, was chosen by popular vote to receive a trophy. We've heard reports that several townspeople are readying their entries for 1988.

A North-South (of Route 9) pick-up softball game on Sunday afternoon turned out one-sided but great fun for those playing and those watching. Winning team ate watermelon. A Chesterfield Word Search Contest provided a lot of fun.

The most popular event again was the Senior Social which was well-attended and much enjoyed. Our Seniors felt very special to be so honored and were serenaded by a barbershop quartet from Keene which included a couple of one-time Chesterfield residents, Al Skinner and Oscar Frazier.

Spoftford Firemen won this year's Firemen's Muster and are proudly displaying the Chief's Trophy in their station.

The Historical Society's exhibit featured Civil War memorabilia and lists, pictures and anecdotes of Chesterfield's Civil War veterans. We found we have our very own Civil War General, Herbert B. Titus. AND much to our amazement, one of our first settlers, Peter Wheeler, had a grandson who was a Confederate general.

This year's Old Home Day weekend is scheduled to be held August 13-14. The committee welcomes suggestions and is in need of much assistance. We urge groups to begin planning their participation and to send a representative to be part of the Old Home Day Committee.

Folks were heard commenting: "How good it is to meet neighbors and old friends in a day of fun and relaxation. A touch of the good-old days and small-town ways."

## REPORT OF THE EMERGENCY MANAGEMENT DIRECTOR

1987

### CHANGE OF NAME

In May of this year the NH Legislature passed a new state statute which changes the Civil Defense Agency to the Office of Emergency Management. The purpose of this change was to reflect expanded roles and responsibilities relative to the planning and coordination of an all-hazard response organization within each city and town in the state, and to create uniformity between similar organizations at the federal, state and local levels. The primary focus of emergency management is toward planning for potential disasters of major proportion, such as; hurricanes, earthquakes, tornados, winter storms, flooding, hazardous materials accidents, major transportation accidents, bomb threats, civil disturbances, nuclear power accidents, nuclear attack, etc.

### TRAINING

Most of our activities this year were directly tied to preparation for a fullscale drill involving a simulated disaster at the Vermont Yankee Nuclear Power Plant which took place on December 2, 1987. Included was training in radiological monitoring, plan review and a preview drill. Additionally, Dean Ericson, Deputy Emergency Management Director and I are enrolled in a basic emergency management course through the Federal Emergency Management Institute.

### PRIORITIES FOR 1988

Our most important activity in the coming year will be working with the emergency response organizations to develop a state-mandated plan for dealing with hazardous materials incidents. Other priorities include; installation of emergency backup power for the town offices (used as an emergency operations center), sponsoring various training sessions and establishment of support groups to provide assistance during major emergencies.

### FEDERAL AND STATE FUNDING

It is important to note that 50% of the total emergency management budget for Chesterfield is funded through the Federal Emergency Management Agency (FEMA), which means that the actual impact on the town is one-half of the amount listed. Additional funds available through the state may offset this remaining amount partially or in total.

## WEATHER ALERT RADIOS

All Chesterfield residents living within the ten (10) mile emergency planning zone should have a weather alert radio in their home. These radios are used to issue a warning in the event of an emergency at the Vermont Nuclear Power Station in Vernon, VT. If you do not have one of these radios, or have one which is malfunctioning, please contact the Selectmen's Office for assistance. Any resident moving out of town should leave this radio in the house for use by the next occupant.

## SPECIAL NEEDS

We encourage anyone who feels that they may need help in evacuating their premises during any type of disaster to contact the Selectmen's Office and fill out a card indicating this. All information of this nature will be considered confidential.

## ACCOLADES

In closing, I would like to give special thanks to the Selectmen, Administrative Assistant Joan Dittrich, Public Health Officer Dr. Devin Starlanyl, Deputy Director Dean Ericson, David Deans of the NH Office of Emergency Management, and the emergency services of Chesterfield for their strong support and dedication to serving and protecting the citizens of this town.

Jeffrey W. Titus

Emergency Management Director

## HEALTH DEPARTMENT

This has been an exceedingly busy year for the Public Health Department. I'm happy to report that the Town of Chesterfield is a very healthy place to live. Spofford Lake, even with ever increasing use, is classified in the highest group for aesthetics. It is in class B for use, which means it can be used for drinking following adequate treatment.

You may have heard about the Watershed Mapping Project. We now have maps of the potential sand and gravel aquifers and watersheds in the Town Offices. A potential threat map is underway. This will have all the underground gas tanks of commercial size, chemical and pesticide use areas, and any other potential threat to our ground water. This is preventative medicine in a big way. We are now aware that Chesterfield does not have large potential aquifer areas. We can now take steps to protect what we have.

Responding to complaints about the Catsbane Brook, a septic survey was done this past summer. Surveys were also done in several other problem areas. You may have noticed many new septic systems being installed. If we all continue to work together, we may avoid many of the problems facing some of our neighboring communities.

### COLIFORM TESTING

Many of you have asked for some details concerning the coliform testing in the lake. Coliform is not exactly a household word. It is, however, the name of a group of bacteria found commonly in soils and fecal matter. Their presence in the lake is a signal to the Public Health Department. If they are present in large numbers, the area must be investigated.

Our samples are taken according to sampling procedures dictated by the U. S. Environmental Protection Agency. Sterile containers are supplied by the Keene water laboratory. The laboratory technicians take a small measured amount of water from each bottle. Each sample is filtered through a special membrane filter under sterile conditions. The filter pad is then placed in a culture dish with a nutrient medium, and incubated. The typical coliform colony has a pink to dark red color with a metallic surface sheen. They are easy to count once the colonies have been allowed to grow in the incubator. The amount of colonies indicate the amount of bacteria in the initial sample. The count is done with the aid of a wide-field microscope.

CHESTERFIELD LIBRARY REPORT - 1987

Library usage and support has increased greatly in 1987. Donations of money and books, as well as support of programs and services, and help with fundraisers were all greatly appreciated. We are continuing to update non-fiction works and re-evaluate and add to the fiction collection. Inventory work progresses slowly as much cataloging must be done with it. Space is a big problem, not only for books, but makes increase of library services very limited.

The library has increased its hours to meet minimum State Library standards. We have added two hours on Saturday mornings which has already reached new patrons. Hours are Tuesday 3-8 and Thursday 10-8 all year long. During the school year, Monday 10-3 and Saturday 10-12n are added.

TOWN OF CHESTERFIELD

JANUARY 1, 1987-DECEMBER 31, 1987

HOME HEALTH CARE AND COMMUNITY SERVICES, INC.

ANNUAL REPORT

In 1987, Home Health Care and Community Services continued to provide home care and community services to the residents of Chesterfield. These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, Cheshire County funding, grants and patient fees. Services that could not be covered by other funding have been supported by your town.

The following information represents a projection of Home Health Care and Community Services' activities in your community for 1987. The projection is based on actual services provided from January through September 1987, and an estimate of useage during October, November and December.

SERVICE REPORT

<u>SERVICES OFFERED</u>	<u>SERVICES PROVIDED</u>	<u>SERVICES SUPPORTED PARTIALLY OR TOTALLY BY THE TOWN</u>

Home Health Aide	3 Visits	0 Visits
Medical Social Worker	0 Visits	0 Visits
Nutritionist	4 Visits	3 Visits
Meals-on-Wheels	462 Meals	462 Meals

Total unduplicated residents served: 55

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone and office consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

## FINANCIAL REPORT

The actual cost of services provided in 1987 with all funding sources is projected to be \$13,719.00.

The total cost for services provided for a partial fee, or at no charge to residents in 1987 is projected to be \$5,675.00 for home care and \$583.50 for meals-on-wheels.

We recommend an appropriation of \$9,000.00 if you wish to continue home care services at the current level. We also recommend an appropriation of \$500.00 for the meals-on-wheels program. Thank you for your consideration.

### CHESTERFIELD HOME HEALTH AGENCY, INC.

#### FINAL REPORT 1987

*The thirteenth year of the Chesterfield Home Health Agency, Inc., proved fateful in that the membership voted on October 20th to dissolve the Agency and Corporation. This in no way affects the services received by residents of the town, as Home Health Care and Community Services continues to provide these ministrations under agreement with the Town of Chesterfield. All Memorial Funds and the residue of working funds are to be given to the Town of Chesterfield as a Trust Fund with the income from same to be utilized for Home Health Services in Chesterfield.*

*In its final year the Agency held its Annual Meeting in April with the Town Health Officer, Dr. Devin Starlanyl, as guest speaker. Board members assisted the School and New Hampshire State Nurses at the annual Pre-School Hearing and Vision Clinic in May, at which fifty children were screened for possible problems. The Agency also sponsored the Senior Social during the Old Home Days' Celebration in August.*

*I wish to thank the voters in the town for their support over the past thirteen years in providing funds for the valuable home health services received by our residents and hope this same support will continue to be given to Home Health Care and Community Services in the coming years.*

MINUTES OF THE 1987 SPOFFORD DISTRICT MEETING

Moderator Michael P. Bentley called the annual meeting to order at 6:30 p.m. On a motion from the floor, it was voted to waive the reading of the warrant.

Article I. To choose a Moderator for the ensuing year. Michael P. Bentley was nominated and elected.

Article II. To choose a Clerk/Treasurer for the ensuing year. Catherine Schlichting was duly elected.

Article III. To choose a Commissioner for three years; 1987-88-89. Jon Knickerbocker was elected.

Article IV. To see if the District will vote to accept the budget or act thereon: Motion was made to amend the article to add \$100.00 to the Treasurer's Pay; \$2,000.00 to Building Repairs; \$1,000.00 to Small Equipment and \$500.00 to Training and Dues. The increase of \$3,600.00 would bring the budget total to \$42,200.00. The article was approved as amended.

Article V. To see if the District will vote to appropriate the sum of \$7,800.00 for a payroll allowance. This allowance to be administered by the precinct Commissioners to each Fire Department Member in good standing. This same money to be utilized with a system of fines within the Department. After a discussion to amend the article to read equipment allowance instead of payroll allowance. The article passed as written.

Article VI. To see if the District will vote to appropriate the sum of \$6,000.00 to be used to begin the project of reinsulating the Fire Station and installing storm windows in the Village Hall. It was voted to pass over this article.

Article VII. To see if the District will vote to appropriate the sum of \$4,000.00 to purchase Foam and Foam Equipment. The article passed as written.

Article VIII. To see if the District will authorize the Commissioners to borrow money in anticipation of Taxes to pay current expenses. The article was adopted as written.

Article IX. To see if the District will vote to accept the 1972 Chevrolet 4x4 pickup from the Department. Said truck to be used as a brush truck. The article was adopted.

Article X. To transact any other business that may legally come before said meeting. Motion was made for the Moderator to appoint a committee consisting of 1 Fire Commissioner, the Fire

Chief and 3 members of the community to study the Spofford Fire District and bring in it's recommendations next year.

The motion was amended to read: Said committee is to report at a public hearing no later than September 30th, and to hold one public hearing prior thereto to receive public input.

The amendment was adopted and the motion passed as amended, Warren Allen, Paul Dubriske, Jon Knickerbocker and Michael Wiggin were appointed by Moderator Bentley. James Milani will chair the committee.

The meeting was adjourned at 8:35 p.m.

CHESTERFIELD SCHOOL DISTRICT MEETING

MARCH 7, 1987

The Moderator, Terry L. Wiggin, opened the polls at 10:00am for voting. The following persons were appointed Ballot Clerks and took the oath of office from the Clerk: Thomas Allen, Gail Woodward, Audrey Ericson, Caroline Wiggin, Cornelia Jenness, Robert Yacubian, Marcia Esche, Sandra Wiggin, and Marilyn Taylor.

At 6:10pm the Moderator called the meeting to order for the purpose of acting on the articles in the warrant. The Moderator introduced the Chesterfield School Board, Officials of S.A.U. #29, Mr. Robert Johnson, Principal of Chesterfield School, Larry Brensinger and Kenneth Coombs, Architects, Ed Miner from C.T. Male, and Ted Batt from Baybutt Construction.

It was also noted by the Moderator that on this date Shirley Bevis voted at his sixtieth consecutive School District Meeting.

The Moderator recognized Susan Newcomer who made a motion to dispense with the reading of the warrant and to read each article as it is taken up. Seconded by Kathleen Peck. The Moderator declared the voice vote to be carried in the affirmative.

Articles in the warrant were disposed of as follows:

ARTICLE 1. James Milani moved that the District raise and appropriate the sum of \$2,235,000.00 for the construction, reconstruction, enlargement, and/or alterations of the Chesterfield School, for site and easement acquisition, and for the purchase of equipment for said school addition, and related fees and costs; said sum to be raised as follows: \$200,000.00 from current taxation, the balance and accumulated interest from the Capital Reserve Fund established March 9, 1985, for the purpose of building and improvements to the Chesterfield School, and the balance by the issuance of bonds or notes of the district pursuant to R.S.A. 33:8-a, the terms and conditions of said notes to be established by the school board and further, to appropriate to the purposes of the bond issue any interest or premium obtained from the sale of the bonds or the investment of the proceeds of the bonds. Seconded by Caroline Wiggin.

At this time a lengthy presentation by the architects and others involved in the proposed building took place. Many questions were asked of the architect, school board and building committee members.

Elizabeth Yacubian moved and Robert Yacubian seconded to amend ARTICLE 1 by increasing the budget committee motion by the amount of \$210,000.00. A voice vote on the AMENDMENT to ARTICLE 1 was unable to be determined by the Moderator. On a standing vote, the AMENDMENT passed 231 to 111. The Moderator declared the AMENDEMENT to be passed in the affirmative.

At this time, all registered voters were asked to cast their paper ballots on ARTICLE 1 (AMENDED MOTION). The Moderator declared the polls would be open for at least one hour for voting on this article. The official checklist of Chesterfield was used. The ballots were simple YES/NO ballots. The article being voted upon, as amended, reads:

That the district raise and appropriate the sum of \$2,445,000 for the construction, reconstruction, enlargement and/or alterations of the Chesterfield School, for site and easement acquisition, and for the purchase of equipment for said school addition, and related fees and costs; said sum to be raised as follows: \$200,000.00 from current taxation, the balance and accumulated interest from the Capital Reserve Fund established March 9, 1985, for the purpose of building and improvements to the Chesterfield School, and the balance by the issuance of bonds or notes of the district pursuant to R.S.A. 33:8-a, the terms and conditions of said notes to be established by the school board and further, to appropriate to the purposes of the bond issue any interest or premium obtained from the sale of the bonds or the investment of the proceeds of the bonds. The vote was 249 Yes and 121 No. The Moderator declared a 2/3 majority and the article passed.

At this time, the Moderator recognized Marcia Esche, Music teacher at Chesterfield School. Mrs. Esche offered the following statement from the staff of Chesterfield School:

Elizabeth Benjamin has served the Chesterfield School District for the past six years with equal dedication to the community, the children, and the staff of Chesterfield School. During this time Liz has brought to Chesterfield a renewed interest in quality education for all children. Her genuine caring has been shown in numerous ways. While consistently showing a sincere interest in education, Liz has brought welcomed enthusiasm which has spread throughout the school. She has openly welcomed suggestions and encouraged dialogue while being a chief supporter of children and educators. The impact of her terms as Board Member will long be felt by each of us as we continue to follow her example. She will be missed as a board member but each of us looks forward to our continued friendship with Liz. We are sure she'll be no stranger to Chesterfield and her influence will long be felt not only in our school, but in our hearts.

A lengthy standing ovation followed and the Moderator declared the statement unanimously accepted into the minutes of the meeting.

ARTICLE 2. Robert Yacubian moved that the district accept the reports of agents, auditors, committees or officers chosen as printed in the Town Report. Seconded by Richard Wolf. On a voice vote, the Moderator declared the article passed in the affirmative.

ARTICLE 3. Robin Holton moved that the District authorize the school board to make application for, and to accept and use in the name of the District, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency (pursuant to R.S.A. 198:20-b). Seconded by Jeff Newcomer. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 4. Joan O'Neil moved to pass over Article 4. Seconded by Richard Wolf. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 5. Thomas Allen moved to pass over Article 5. Seconded by Beverly Wolf. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 6. Warren Allen moved and Beverly Wolf seconded to pass over Article 6. Voice vote was declared by the Moderator to be in the affirmative.

ARTICLE 7. Pete Winter moved that Article 7 be passed over. Seconded by Robert Yacubian. Voice vote was declared to be in the affirmative by the Moderator.

ARTICLE 8. James O'Neil, Sr. moved to authorize the school board to purchase land and easements as shall be necessary and appropriate to allow for the expansion of the Chesterfield School. Seconded by Susan Newcomer. The voice vote was declared by the Moderator to be in the affirmative.

ARTICLE 9. Jeff Newcomer moved that the District vote to raise and appropriate \$1,636,467.00 for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the District. Seconded by James O'Neil, Jr. Ruth Van Houten urged that the residents of Chesterfield take more time to carefully explore the operating costs of the budget and requested that this suggestion be placed in the minutes of the meeting. On a voice vote Article 9 was declared passed in the affirmative by the Moderator.

ARTICLE 10. The following resolution was offered:

WHEREAS Elizabeth A. Benjamin has served the School District of Chesterfield as a school board member for six years and as its Chairperson for three years; and

WHEREAS she has also served as vice-chairperson of the New Hampshire Supervisory Administrative Unit 29 Board for one year and as Chesterfield's representative to the A.R.E.A. Board; and

WHEREAS she has faithfully attended the numerous meetings required of those roles; and

WHEREAS she has remained an eminently approachable public officer; and

WHEREAS she has conducted school board meetings in a gracious, fair and open manner; and

WHEREAS she has been a loyal advocate for the teachers of the Chesterfield School; and

WHEREAS she has steadfastly championed the cause of the individual Chesterfield child; therefore, be it

RESOLVED, that the voters of the School District of Chesterfield recognize her contribution to the children, the school and the community by unanimously adopting this resolution as a lasting tribute to her, to be entered into the permanent records of the District.

A lengthy standing ovation occurred and this resolution was unanimously adopted.

Wanda McNamara, School Board Member, read the following:

We wish to ask this assemblage of the Chesterfield School District to join us in recognizing an individual who is very special to the parents and especially the students of our district.

This individual has been known to go above and beyond the call of duty out of concern for those students entrusted to his care.

This winter when a snow day announcement was later than would have been anticipated this individual, who drives a bus for our district, got in his own vehicle and drove his entire 6:30am route to make sure no students were standing and waiting at their respective bus stops.

Please join us in recognizing Mr. Merton Yeaton for his outstanding contribution to the students of Chesterfield.

A standing ovation followed and this recognition was unanimously accepted.

James O'Neil, Sr. also asked those at the meeting to show their appreciation to our first year Moderator, Terry Wiggin, for a fine job which was handled in an extremely professional manner during this meeting. A round of applause followed.

Judith Palmer moved and Martha Fuller seconded that the meeting be adjourned at 10:12pm. Motion was declared carried in the affirmative by the Moderator who also declared the polls closed.

The official town checklist was used for the election. 213 ballots were cast at the ballot box with 2 absentee ballots being cast.

## CHESTERFIELD SCHOOL DISTRICT

### Administrative Report

On December 1, 1987, I began my duties as the assistant superintendent for the five town school districts of N.H.S.A.U. 29. I bring to the position 16 years as an elementary school principal in Vermont and New Hampshire. I also bring an enthusiasm for learning my new role and the opportunity to work for the interests of children from a new perspective.

My initial visits to the schools and my dealings with the school boards and principals have been gratifying. There appears to be a true concern for providing quality education in a cost-effective manner.

With the creation of the new addition to the Chesterfield Elementary School, the people of Chesterfield have demonstrated their strong commitment to the educational needs of their children. The staff will have the much-needed space to provide properly for all of the students and future requirements for programs can be dealt with effectively.

Your support of the 1988-89 Budget is vital to the proper utilization of this new space and to provide for the current needs. Please plan to attend district meeting on Saturday, March 5, 1988 and support your school district.

In addition to the personal goal of learning the various aspects of my new job, I hope to promote cooperation between the towns in areas of common interest and concern. I will also strive to understand the unique qualities and needs of each community and respond accordingly in my work throughout the S.A.U.

I have much to learn about N.H.S.A.U. 29 and its member districts. I also feel that I have much to offer to the education of the young people in your community and will spare no effort in my support of quality education.

Mark Genovesi  
Assistant Superintendent of Schools

## PRINCIPAL'S REPORT

This Spring, staff and community members are working hard to reshape and rebuild learning opportunities, programs, schedules, and ways we can work together so we can take full advantage of the opportunities we will have within our new building. Our goal is to have a school which will be a source of pride in this region. With your continued support we see we will reach that goal and provide Chesterfield students with an education which is second to none.

In early December the School Board held an initial community forum to help the district move toward the development of a long-range school plan. As a result, committees have been studying matters related to curriculum, library, Kindergarten, Readiness, playgrounds, and building useage. Reports from each committee will help the Board to shape final plans and policies which will affect our school in coming years. Those citizens who have not signed to participate on a committee and would like to do so in the future should contact a member of the Board.

Community support for the school not only comes from voters, parents, volunteers, and those who give their time, expertise, and energy on committees. The Chesterfield Lions Club is planning to continue improvements to the ballfield by building a new storage shed that can also be used as a concession stand. Chesterfield Cable has installed and donated cable television so our students can have the benefits of educational T.V. in each of their classrooms. Numerous donations have contributed to our collection for our new library. Prospect Park Press has donated a copy machine. The staff appreciates this support and looks forward to providing each of our students with the best education possible.

The proposed 1988-1989 school budget reflects priorities the district has set to meet requirements under the Minimum Standards for New Hampshire Public Elementary School Approval. A required local implementation calendar for the year 1988-1991 is established so we can meet requirements during this three-year period or risk the loss of state aid to education. We need a new third grade teacher due to increased enrollments. We also are requesting a full-time library aide, a part-time art teacher and two additional days of physical education. The proposed budget does not ask for increases in supplies, texts, or equipment over the previous year's budget.

Fall, 1987, California Achievement Testing, as shown below, continues to show encouraging gains for our students. Analysis of results show strengths in English Language, Reading and Social Studies. Study Skills, Math Concepts, and Science fell within the average range. Spelling and Math Computation show needs for improvement and the staff is developing programs to strengthen these areas.

## SCHOOL LUNCH PROGRAM

The lunch program at Chesterfield School had a successful year feeding well over half of the students. Government commodities help us financially and add variety.

The students were provided with a monthly menu; they may pick and choose. Their lunch money coming in on time every Friday is appreciated. Free and reduced lunches are also offered.

WKNE and WKBK announce the menu every morning.

We are looking forward to the new building project. The students will love having more room and we will love having some new equipment.

Respectfully submitted,

Mary Lou Kelly  
School Lunch Director
