REPORT
OF THE
SUPERINTENDENT OF SCHOOLS

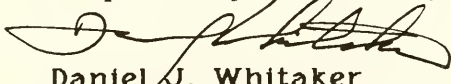

This year has seen a few changes at the Errol Consolidated School. We were extremely fortunate to welcome back Janice Somers as our special education aide. Janice brings to the entire school a cheerful and caring manner that supports both the students and the staff. In the late summer, Holly Howes resigned as our primary class teacher. Holly's work with us was characterized by a devotion to the needs of the children and a willingness to try new ways of encouraging students to learn. We were fortunate in finding Denise Palmer to join the staff as the primary teacher. Her background and experience have helped to keep our youngest learners on the track to success.

BUDGET: The proposed school district budget for 1996-1997 is lower by \$13,440.04 than the budget for the present year. The decrease is the result of one special education student moving out of the district. Within the budget, the Board has tried to continue to improve the program offered to our children. In addition, as required by state law, we are revising our programs to align them with the curriculum frameworks approved by the NH State Board of Education.

WARRANT: We are fortunate to have unexpected revenues this year as a result of the sale of timber from the school district woodlot. The Board recommends that we use these funds to plan for the future of the school district. Article 4 sets up a capital reserve fund for future improvement and expansion of the school. Article 5 sets up an expendable trust for unanticipated expenses for handicapped children to avoid budget problems in the future. Article 6 requests \$10,000. to match funds from the Town of Errol in the construction of tennis/basketball courts on the school grounds to replace those lost when the new school was built. It is hoped that you, the voters of Errol, will support these requests so that we can plan for the future without placing extra burdens on the taxpayer.

SCHOOL AND COMMUNITY: A school is only successful if it has the full support and involvement of the community that it serves. The Errol Consolidated School because of its size and location in the community has the potential to be outstanding. However, the school can't guarantee student success on its own. It needs the support and involvement of parents and grand parents in setting standards of behavior and achievement for the children that will help them to succeed in school. The behavior and achievement expectations need to be reinforced in the home so that an environment develops in the community that tells the children: WE CARE ABOUT YOU --- AND WE CARE ENOUGH TO EXPECT YOU TO BEHAVE WELL, TO ACT WITH RESPONSIBILITY, AND TO LEARN ALL THAT YOU CAN!!! Together, the community and the school can make Errol a better place for everyone.

Respectfully submitted,

Daniel J. Whitaker
Superintendent of Schools.

Terri Ruel asked for a breakdown on the figure. Mr. Whitaker

ERROL SCHOOL DISTRICT MEETING - MARCH 9, 1993

stated that \$11,000.00 was for transportation with the balance of \$19,000.00 for aid, therapy and whatever else was necessary. He explained that we had to spend this money for these services.

Terri Ruel asked if we would be getting any state aid. Mr. Whitaker stated that we were eligible for three times the state average tuition pro-rated on legislative appropriations. NH is a poor state and chances were slim that we would get any.

Carol Norman asked why we pay for transportation when we don't for other students. Mr. Whitaker stated that the law requires us to.

Wanda Garrow asked about being paid for days missed. Mr. Whitaker stated that they were paid if the student has a doctor's certificate.

Lila Plante asked if other children could use the same transportation. Mr. Whitaker said that scheduling, etc., may make it difficult but that they would look into it.

Bob Lord pointed out that Berlin still pays the aide even if the child is not in school.

Terri Ruel asked is arrangement could be made to pay her only if the child is there. Mr. Whitaker said that they could not contract on a need basis.

Clifford Lane asked if the valuation was down would we get more aid. Mr. Whitaker said yes. He stated that Errol was land rich which is a factor in our qualifying for aid.

Larry Enman stated that there was a revaluation on the town warrant this year to be done this year or in 1996.

Terri Ruel asked if they felt the children in Errol School were losing anything in spending this money. Mr. Whitaker stated that they have saved on teachers salaries, spent less on field trips but could still maintain most of the programs and materials. Said they were in good shape for next year.

Diane Linkenback asked if Miss Gooch could teach the little ones here rather than transport them. Mr. Whitaker stated that they needed self-contained rooms that are not available here.

There being no further discussion, the Moderator called for the vote. Voice vote was in the affirmative and Article 6 was declared passed.

Working on a three year commitment with a cap on number of students. He said there were between 4 and 6 children. He also stated that there are a total of 54 students including kindergarten.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Errol School District
Errol, New Hampshire

We have audited the accompanying general-purpose financial statements of the Errol School District as of and for the year ended June 30, 1995. These general-purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Errol School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Errol School District, as of June 30, 1995, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund financial statements and schedule listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Errol School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 18, 1995 on our consideration of the Errol School District's internal control structure and a report dated October 18, 1995 on its compliance with laws and regulations.
