AUDITORS' REPORT

KILLION, PLODZIK & SANDERSON Accountants and Auditors 171 North Main Street Concord, New Hampshire 03301

To the Members of the Board of Selectmen Town of Webster Webster, New Hampshire

We have examined the combined financial statements and the combining and individual fund financial statements of the Town of Webster, New Hampshire as of and for the year ended December 31, 1982, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining and individual fund financial statements referred to above present fairly the financial position of the Town of Webster, New Hampshirea at December 31,1982, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Webster, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1982

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of selfbalancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town.

GOVERNMENTAL FUNDS

General Fund – The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Federal Revenue Sharing, Public Library and Old Home Day Association funds.

FIDUCIARY FUNDS

Trust and Agency Funds—The Trust and Agency Funds are used to account for the assets held in trust or as an agent by the Town for others.

B. Account Groups (Fixed Assets)

All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources".

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

C. Basis of Accounting

The accounts of the General, Special Revenue and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the Town, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting.

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end. In 1982, beginning fund balance was applied as follows:

Unreserved Fund Balance Used to Reduce The Tax Rate	\$18,000
Reserved Fund Balance Fire Department–New Equipment	765
Total Fund Balance Applied	\$18,765

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are, therefore, reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

Cemeteries	\$ 334
Police Department	50
Fire Department	1,300
Parks and Recreation	436
Fire Department-New Equipment	687
Fire Department – Truck	21,980
Total	\$24,787

F. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

G. Inventories

Inventory in the General and Special Revenue funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

H. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Merrimack Valley School District, Merrimack County and Pillsbury Lake Precinct, which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town. The payments are recorded in the property tax fund.

An analysis of the 1982 property tax levy is presented below.

	Amount Levied	%
Town of Webster	\$119,928	23.1
Merrimack Valley School District	332,988	64.2
Merrimack County	55,736	10.8
Pillsbury Lake Precinct	9,730	1.9
Total	\$518,382	100.0

I. Property Taxes

Annually, the Town establishes an amount for abatements, discounts and refunds of property and resident tax revenues known as overlay. All abatements, discounts and refunds are charged to this account. The amount raised in 1982 was \$4,211 and expenditures amounted to \$2,256.

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax-deeded to the lien holder.

J. Interfund Transactions

During the course of normal operations the Town has transactions between funds to provide services. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers.

K. Interfund Receivable and Payable Balances

Individual fund interfund receivable and payable balances at December 31, 1982, were as follows:

, were as 10110 ws.	Interfund	Interfund
Fund	Receivables	Payables
General Fund		\$134,623
Property Tax Fund	\$134,623	

L. Intergovernmental Receivables

The general fund financial statements reflect a receivable of \$3,114 from the State of New Hampshire, representing the balance of the Business Profits Tax distribution due December 31, 1982. In a letter dated December 15, 1982 to all governmental entities, the State Treasurer advised that this balance would be processed for payment as soon as funds become available. The intergovernmental receivables at December 31, 1982 consist of the following:

General Fund	
State of New Hampshire	\$3,114
Special Revenue Fund	
Federal Revenue Sharing	\$2,314

NOTE 2 - CAPITAL RESERVE FUNDS

The capital reserve fund balances held by the Trustees of Trust Funds at December 31, 1982, are as follows:

Purpose	Amount
Town Buildings	\$47,410
Special Cemetery	1,959
Fire Equipment	1,384
Sanitary Landfill	685
Total	\$51,438

NOTE 3 – PENSION PLAN

The Town participates in the State of New Hampshire Retirement System. The Town's contribution for normal cost of the plan is based upon an actuarial valuation of the entire State plan. Since the actuarial valuation is performed on the entire State plan the amount, if any, of the excess of vested benefits over pension fund assets is not available. The Town does not have an accrued liability for past service costs. Pension costs amounted to \$1,847 in 1982.

NOTE 4 – TRUST FUNDS

The principal amount of all nonexpendable trust funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's nonexpendable and expendable trust funds at December 31, 1982, are detailed as follows:

Purpose	Nonexpendable	Expendable
Cemetery – Perpetual Care	\$19,124	\$285

NOTE 5 – SANITARY LANDFILL AGREEMENT

The sanitary landfill agreement with the Town of Hopkinton provides that the Town of Webster will pay 20% of the yearly expenses of the landfill operation. In addition, the Town receives from Hopkinton 20% of its receipts from the Town of Warner for its use of the facilities. The net expense to the Town in 1982, after the above reimbursement, was \$1,061.

REPORT OF THE WEBSTER FIRE DEPARTMENT

The officers of the Webster Fire Department for 1983 are as follows: Deputy Chief, Bill Welcome; Captain, Mike Jenovese; Lt., Bob Lake; 2nd Lt., Dan Creighton; 2nd Lt., Peter Wild; Sec.-Treas., Sue Shoemake; Medical Squad Director, Carol Creighton; Medical Squad Training Coordinator, Sally Becker. We have a total of 21 active members and will gladly accept more; if you are interested, contact me or visit us on our regular meeting night, which is Thursday at 7:30 p.m.

In 1982, we responded to 73 calls:

Medical Aid	16	Grass Fire	1
Mutual Aid	22	Mutual Aid Drill	4
Fire Alarm Activation	5	Auto Accidents	4
Chimney Fires	8	Propane Tank Leak	1
Gas Wash	2	Furnace Problem	1
Structural Fires	3	Auto Fire	1
Wires Down	2	Smoke Investigations	2
Brush Fires	1		

Our responses were backed up by fire apparatus from the surrounding Mutual Aid System towns and cities and the Webster station covered by their apparatus when necessary. We are grateful for this aid; it is this Mutual Aid response which makes a Compact invaluable to a small town such as Webster.

We are proud of our Medical Squad. We now have 6 Nationally Registered EMT's (Emergency Medical Technicians) and one Paramedic on our Department. Also, many of the fire fighters are trained in CPR and Advanced First Aid. We continue to add to our equipment. This year, we were able to purchase a new ambulance cot and mattress with donations received in memory of William Elliott.

Our cab and chassis have been purchased and the truck is currently under construction. It should be completed and back in Webster by mid-April. Our 1983 operating budget remains basically the same as in 1982. We are asking, however, for \$10,000 to be placed in a fund for future fire equipment to begin our proposed 10-yr. program of fire apparatus replacement.

The firemen's fund-raising continued this past year with raffles and chicken barbecues. The majority of the funds thus raised will be used to purchase equipment for our new pumper-tanker.

A dry hydrant was installed at Pillsbury Lake. We expect to install another on Route 127 this year.

We still have chimney-cleaning brushes available for use by residents of Webster. If you have any questions about fire-related problems, please contact me or another member of the Department.

Our Department would like to thank the residents of Webster for their support, donations and help in many ways. I, personally, would like to thank our firefighters and Medical Squad members for the hours of service they have given, sometimes at a considerable financial sacrifice, to ensure that the Town of Webster has available to its residents a well-equipped, competent, and welltrained fire department.

> Respectfully submitted, DAVID W. JONES, Chief Webster Fire Department

REPORT OF THE POLICE DEPARTMENT

1982 was a very busy and successful year for the Webster Police Department. This year, right here in Webster, our Department captured a Fugitive from Justice from the State of Maine. We recovered a stolen vehicle along with approximately \$1,800.00 worth of stolen tools. Our accidents decreased from 25 last year to 18 this year. We won all of our D.W.I. cases and all of our Motor Vehicle Violation cases this year. We recovered two chain saws stolen from a Webster resident. Our animal complaints went down a little in number this year and we are very proud that we only had 6 burglaries this year (a drop from 12 burglaries last year!). Of the 6 burglaries we have cleared 3 by arrest. We have recovered over \$12,000.00 worth of personal property that had been stolen.

I feel very strongly that the reason we had so few B&E's this year has been because of you people, the citizens of Webster. Your vigilance and co-operation in reporting to us suspicious vehicles, taking and reporting license plate numbers seen under any unusual circumstances, reporting strange people and noises heard, helping to keep an eye on friends' and neighbors' houses in their absence, and letting us know when you expect to be away, has all helped us to be on the scene all over Town whenever necessary to not only *catch* the wrong-doers, but also, in many instances, I feel, to *prevent* lawbreaking. I feel our working together as we do helps change the minds of many criminals from trying anything in our Town. Many thanks to you all for your assistance.

We want to express our gratitude to you all for granting our request for the new cruiser. Its dependability has been a great asset in helping us respond quickly to calls. It is also a lot more economical to operate than the old one was, and has been a factor in helping us to keep our projected budget for the coming year down.

This past year we had to replace one of our officers because of a physical problem. We were very sorry to have 'Ted' Peno resign. He was a dedicated officer and did an outstanding job for the Department. We are hoping he'll be back when he recovers. We are very fortunate to have found Stephen Bachelder to replace him. Steve seems to enjoy the work, and is doing an excellent job for us all. He has already completed the Part-time Officer Training School and once again all of Websters Officers are certified.

We wish to take this opportunity to thank Charlotte Berry and 'Tina' Fleming for taking over the reins of our Ladies Police Auxiliary and bringing it back to being a productively active association once again. As you all know, the Police Auxiliary helps earn money to help buy needed police equipment so that we can keep our budget as low as possible.

Again, myself and all of the Officers of the Webster Police Department thank you all for your continued support and assistance.

Respectfully submitted, AIME J. ROY Chief of Police Webster, N. H.

REPORT OF HIGHWAY DEPARTMENT

An approximate 3000' stretch of Pleasant Street, from Robillard's to Ray Blodgett's, was resurfaced this year. Two culverts were replaced during this operation. Funds from TRA, Additional Highway Subsidy and Summer maintenance were used.

Five miles of town road were sealed using the \$10,000.00 appropriated last year for this purpose. Roads included: part of Little Hill, Phelps Hill, Pleasant Street and Deer Meadow Road.

The ditches of Deer Meadow Road, Clothespin Road, and Pleasant Street were cleaned out.

The corner by Pellock's on Deer Meadow Road was shimmed up and the brush cut back to allow more visibility.

My thanks to John Allen for mowing the roadsides this year.

Projects for next year include resurfacing parts of Little Hill Road and the Shore Road.

This year there was an unexpended balance of \$5,203.00 in the Highway Department that will go into the General Fund. I am asking that \$2,500.00 be appropriated, and set aside each year, for future town equipment. Aside from this \$2,500.00, I am asking for the same dollar appropriation for the Highway Department as last year.

Respectfully submitted, SHERMAN E. STEVENS Road Agent

REPORT OF THE WEBSTER FREE PUBLIC LIBRARY

The library is open and doing very well. We are proud to announce our circulation is up by 1/3 from 1979-81 and 1982 is looking good.

The trustees' express their thanks and appreciation for our many donations.

1. Webster Extension Group has continued the subscription of the Reader's Digest in large print.

2. Mr. & Mrs. Minous Cannon for their generous donation in memory of Mrs. Cannon.

3. Mr. Fred Fleming for replacing the broken windows.

4. All those who donated books through the year.

5. The friends for manning the library 5 hours a week and the new drop box outside the building.

We have permanently added 236 new books and have withdrawn 50. We have about 2,352 books for circulation, plus 110 we rent from the publishers and 300 books on loan from the state library. Also, by request, books may be obtained from other libraries in the state.

Our librarian donates her time and travel expenses to attend classes necessary to become an accredited librarian, these courses are mandatory.

Respectfully submitted, CHARLOTTE BERRY SYLVIA A. HOOK RHONDA P. WILSON Library Trustees

REPORT OF BUILDING INSPECTOR

This past year was more or less quiet in the area of new home building in Webster, with most activity in the Pillsbury Lake section of town. Seven permits for single family homes were issued, most of them in the last quarter of the year. The Federal Banks eased up on the release of funds for building. One trailer permit was issued which is the quota for the town.

Respectfully submitted, SAMUEL J. WILSON

REPORT OF CONSERVATION COMMISSION

We encouraged participation in Arbor Day, especially by young people, and planted several packages of trees and shrubs of value to wildlife.

There were five investigations of permits for dredge and fill, all of which were small projects, to permit construction of docks or improve swimming areas.

The gypsy moth problem has been of great concern to all of us. The damage is evident. In spite of a lot of activity, there seemed to be nothing we could do. We are told only time and nature will take care of the problem.

The impact of acid rain has our attention. While we do not produce it, there is effect on our land and water. We will be working and studying this problem.

Respectfully,

C. JEFFREY, Chairman

REPORT OF BICENTENNIAL COMMITTEE

This year we finally achieved our goal of purchasing and installing street and road signs in Webster. Over a two week period, fifty-five signs were put up, making it easier for fire and police departments, and visitors to our Town. Because of vandals, many were put up several times. *Take care of the one near* you.

We have purchased and installed markers for all unmarked graves in Town that we know about. Several go back many years. It is good to have our cemeteries current and up to date.

There are bronze Bicentennial Medallions and copies of the History of Boscawen and Webster 1733-1878 by Coffin still available. Proceeds from sales will be used to help publication of the new history of Webster.

Special thanks are due Chet Hatch for help in putting up the signs and to Edna Frost for all her work in getting the graves marked.

Respectfully,

C. JEFFREY, Chairman

On behalf of the Town, the Board of Selectmen wish to take this opportunity to thank the Bicentennial Committee for the generous donation of the road signs erected in 1982.
