SELECTMEN'S REPORT

The renovation and refurbishing of the Town Hall, a project initiated in 1974, has been continued during the period under review. Wall to wall carpeting, two conference tables, chairs, as well as other necessary office equipment grace the new quarters upstairs to the rear of the Town Hall where the Selectmen, the Planning Board, the Conservation Commission and the Highway Safety Committee regularly meet and where the Secretary to the Board of Selectmen maintains an office. The task of housecleaning the upstairs assembly hall and providing a more suitable working area for the Town Clerk and Tax Collector (office space formerly used by the Selectmen) has already begun and will be completed in 1978. The floor of the main assembly hall, marred by unsightly stains, has been given a thorough cleaning. The lavatory facilities in the basement will have been modernized by Town Meeting time.

An inventory of Town property was undertaken by Walter Weeden, a task for which he volunteered. The Selectmen deeply appreciate his efforts.

From time to time property owners have surveys made of their land. The Selectmen would appreciate receiving copies of such surveys in order that they may be compared with the Town Tax Map for the purpose of entering any necessary corrections. The Tax Map is updated each year.

Property Inventory Forms provide essential information to enable your Selectmen to carry out their responsibilities with increased efficiency. All taxpayers are reminded that failure to return completed inventory forms by April 15, 1978 may disqualify them for consideration should they subsequently wish to file tax appeals. Furthermore, it should be noted that legislation has recently been enacted establishing a penalty for failure to return an inventory. An inventory form is enclosed with each Annual Town Report mailed.

An ordinance passed by vote of the townspeople last year states "No abandoned vehicle shall be left exposed on any property for longer than one year. A fine of not less than \$10 for each day of violation or neglect or refusal to comply with this ordinance shall apply". Since complaints have been registered with the Selectmen regarding such derelicts, necessary action will be taken to assure their removal.

The total budget request for 1978 is \$421,249.04. Under Article 3 it will be observed that slightly higher sums are being requested for Social Security Payments, Insurance and Street Lighting, which reflect the ever-increasing cost of these items or services. A new item, Animal Damage, is included under this Article to cover necessary expenses in this domain.

Article 6 calls for a slightly higher assessment than last year to

cover the Town's share of the operating costs of the Central New Hampshire Regional Planning Commission. The requested sum represents 60 cents per resident (Town's population figured at 828 for the purpose of this assessment). It should be noted that this assessment rate is the lowest of all the Regional Planning Commissions in the State.

Article 9, pertaining to the cost of maintaining the Town Tax Map, reflects a substantially higher budget request than last year. One reason for this increase is due to a backlog of entries to be made to the Tax Map which accumulated because of the unavailability of the person assigned to this task. Furthermore, it should be noted that the increasing number of sub-divisions being registered each year requires considerably more changes in the Town Tax Map.

Article 14. The actual cost to the Town for a Police Cruiser, after deducting the financial subsidy provided by Federal funds, will be approximately \$5,460. We recommend using a portion of the Revenue Sharing Funds to be received to cover this balance.

Before closing our report, we should like to pay tribute to one of Deering's outstanding young citizens — Miss Susan Safford. Sue, daughter of Lt. Col. and Mrs. Robert Safford, was crowned "Miss New Hampshire National Teen-Ager" in Plymouth, N.H. this past June. Sue went on to represent the State of New Hampshire in the "Miss National Teen-Ager Pageant" in Atlanta. Sincere congratulations to Sue.

Respectfully,

ROLAND F. COTE

DEERING HIGHWAY SAFETY COMM. REPORT

The Deering Highway Safety Committee meets quarterly. During the year different points of interest relative to Highway Safety were discussed. From a safety stand point the Committee approved the installation of a street light at the junction of the Manselville Road and Route 149.

If any resident should feel that there is a particular situation relative to highway safety we urge them to contact this Committee.

For the Committee,

WILLARD A. CAMPBELL

CHAIRMAN

ANIMAL CONTROL OFFICER'S REPORT

I have responded to numerous complaints on dogs and other animals during the year. Police Chief Campbell and I are working to see that all dogs in the Town of Deering are licensed.

One happy note during the year was the return of a Husky found in Deering to its owner in Gilmanton who had advertised in the Concord newspaper that the husky was missing.

Respectfully submitted,

THEODORE GARFIELD

ANIMAL CONTROL OFFICER

POLICE DEPARTMENT REPORT

Once again the Deering Police Department experienced a busy year. This year brought forth the use of an official police telephone number, 464-3600, and answering service. This new system has taken a little getting used to but has proven helpful.

Late in the year the Department acquired another piece of equipment, a Motorola handheld police radio. This radio will provide for better communications and increase the safety of the officer on duty.

Please continue to advise the Department when your home is going to be vacant. During the year response to this request was good.

Respectfully submitted,
WILLARD A. CAMPBELL
Chief of Police

CONSERVATION COMMISSION REPORT

Marguerite Dutton attended the hearing held in Concord in February on the proposed "bottle bill" which was before the Legislature.

March brought the expiration of the terms of two long standing members of the Commission, Carroll E. Greene and Robert P. Nugent. They were replaced by Ellen Wawrzynski and Frank Perreault.

Nearly 40 public-spirited persons were served lunch in Sherwood Hall after a morning of community work picking up debris from Deering's roadsides. We hope more will make plans now to join us next May so that ALL our roadsides can be cleaned.

Once again a young person's attendance at the Youth Conservation Camp was sponsored by the Commission. On her return, Pierrette Bilodeau gave a full report of her week's stay at camp.

In response to a request from the State Water Supply and Pollution Control Commission for a non-point pollution survey in Deering, Louise Crossman undertook this task and made a comprehensive report of her findings.

Ellen Wawrzynski and Marguerite Dutton attended the annual meeting of the New Hampshire Association of Conservation Commissions in Durham on October 8th. They attended 2 panel discussions, "Other Uses for Old Roads" and "Rolls for Cities and Towns in Wetland Protection".

Respectfully submitted,
MARGUERITE L. DUTTON
Chairwoman

N.H. REGIONAL PLANNING COMMISSION

At the end of 1977 and seven years of operation the Central New Hampshire Regional Planning Commission has been involved in a multitude of studies, both of a regional nature as well as those of purely local interest.

Current studies include the researching of and preparation of a series of model ordinances which should prove useful to those communities wishing to use them.

The Commission is most grateful to the Deering Planning Board for its time and assistance in reviewing the draft of the Regional Land Use study. Such inter-play is extremely useful and meaningful in developing more concise regional studies.

The Commission has also been pleased to be able to provide continuing assistance in the Comprehensive Plan activities of the Planning Board.

In addition, the Commission was pleased to host a series of six legal seminars again this fall which were well received and attended by members of local boards and citizen groups. We trust they proved useful to all participants.

The Commission hopes to be able to continue to serve the needs of its member communities in future years and appreciates the past support of its activities by the Town of Deering.

Respectfully Submitted,

Robert P. Nugent

HEALTH OFFICER'S REPORT

There were no serious problems to be dealt with by the Board of Health this past year. There were a few instances where violations of the health standards were observed and corrective action was taken.

The Health Officer attended the Monadnock Region Association's second annual Town Health Officer's Meeting on January 11, when topics of mutual interest on the state and local level were discussed.

The Deering Lake water was not tested this year as the Health Officer was told by the N.H. Water Supply and Pollution Control Commission that spot checks once a year around the lake would not provide significant data as to the quality of the lake water. They did suggest, however, that with a specific area where a problem might exist, that samples be taken every thirty days for a few months in

order to obtain a more accurate finding of that particular area. The Health Officer would suggest that he be informed of any such area in order that tests of the water might be made.

“Noise Pollution” in the form of high powered non-baffled motor boats still persists on Deering Lake. What a tragedy in the democratic system that such a nuisance cannot be eliminated! The majority must put up with the foolishness and inconsideracies of a few!

As a member of the Medical Needs Committee of the Hillsboro Chamber of Commerce the Health Officer is pleased to report that the new Hillsboro Medical Center building will be open on February 1, and will be staffed by two full time physicians. How fortunate the community is to have such a well staffed facility available for its use.

The Health Officer asks that any Deering resident or non-resident who has a question or problem regarding the health and well-being of the community, please feel free to contact him. Deering is a good town with good people. Let's keep it that way!

May 1978 be a bright, happy, prosperous and most of all, healthy New Year.

Respectfully submitted,
Dr. JAMES M. CAREW
Health Officer

BICENTENNIAL COMMITTEE AND HISTORIAN'S REPORT

The members of the History Committee of this organization have spent many hours going over the manuscript of “Welcome Home to Deering, New Hampshire” in its original form, trying to eliminate errors and finally getting it concise enough to fit the space limitations of the contract with the publishers. Also, we searched for more information on particular subjects. Reading and correcting the preliminary proof and finally the page proof took a lot of time.

We hope the pictures selected from the many submitted will lead to the enjoyment of the history - again a limitation on the number was set by the contract. The publishers met with us several times during the year suggesting and eliminating material. Some pictures we should have liked to include were left out because of their photographic quality.

The Deering Association's generous gift of \$200 is hereby acknowledged. The 1974 Bicentennial Committee gave us a dona-

tion and more trivets were sold. Phone calls, postage and mileage have been contributed to the project.

The response to the suggestion that people reserve copies of the history before publication has been gratifying since we need more than the contract price to pay for printing maps to accompany the history, promotional material and other incidentals.

Evangeline Poling's gracious acceptance of the necessity to shorten the manuscript made the History Committee's work much easier. William Kulbacki's sketches scattered throughout the text are a pleasing addition.

A typing class of the Hillsboro-Deering High School did much of the preliminary typing, and final typing was done partly by Kathy Johnson and Thomas Copadis, but mainly by Jane Dutton to whom we are deeply indebted.

The Town's contribution of \$4,000 has enabled us to meet the payments set forth in the contract, and now only the final payment (which is to be made upon delivery of the books) remains to be met, along with the cost of map reproduction, etc.

PLANNING BOARD REPORT

The Planning Board meets on the second Wednesday of each month at 7:30 PM at the Town Hall. We are very proud of our new meeting room with its fine accommodations and wish to thank the Selectmen and the voters of the Town for making the much needed improvements to the Town Hall.

It was a great loss to the Planning Board when both Dr. James Carew and Willis Merrill resigned from the Board at the beginning of the year. The two alternate members, Ronald Elliott and John Ramsay were appointed as regular members in their places. Jay Taft and Bud Bartlett are the new alternates. At the April meeting Robert Nugent was elected chairman, Ronald Elliott vice-chairman, and Beverly Yeaple secretary.

This has been a busy year for the Board. 13 applications for subdivisions were received, 11 hearings were held, and 12 subdivisions were approved, resulting in about 40 additional building lots. 1 subdivision was disapproved. In addition, a subcommittee devoted a great deal of time revising the Subdivision Regulations. After review by Town Counsel and approval by the full Board a public hearing will be held to explain the changes and hopefully make further improvements to the regulations.

Most of the subdivisions were quite small and attracted little

attention. However, when the over 400-acre Driscoll Farm was sold we had our first real challenge. At the public hearing many points were raised about the roads, size of lots, types of buildings, etc. Most of these problems were resolved before the subdivision was approved. Only 33 additional building lots are being formed (7 of these were not approved in the 1977 calendar year). We appreciate the interest and concern of the Towns people which helped immensely in keeping the impact of this development to a minimum. We hope they will continue to show interest in our work and help us to improve our regulations to provide the best possible guidance of the inevitable growth of our Town.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of ¼ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also support local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.
