EATON'S TOWN MEETING

1992

The Annual Town Meeting of Eaton, NH was called to order on March 10, 1992 at 11:00 AM by Moderator Paul D. Hennigan. Mr. Hennigan announced a quorum present; that the return of the Warrant shows that it had been properly served; read the "Call to Meeting", and stated that the polls were open for voting by ballot on Articles #1 and #2 of the Warrant. The remaining Articles, #3 through #22 to be considered when the Meeting resumes at 8:00 PM.

At 8:00 PM Moderator Paul D. Hennigan announced: "A quorum being present, the 1992 Annual Meeting of the Town of Eaton, Carroll County, the State of New Hampshire, now resumes for consideration of Articles #3 through #22 of the Warrant as duly posted and published."

The first two articles had been voted on by official ballot from 11:00 AM - 6:00 PM. There were 75 ballots cast with a checklist of 233.

Article #1 - To choose all necessary Town Officers for the year ensuing. The following were elected:

Selectman for three years	James A. Brooks
Moderator for one year	Paul D. Hennigan
Town Clerk/Tax Collector for three years	Ruby A. B. Hurll
Supervisor of Checklist for six years	Lucinda F. Goslee
Trustee of Trust Funds for three years	Jacqueline E. Spink
Auditor for one year	James C. Worcester
Highway Commissioner for one year	Elwyn R. Thurston

The following were elected on the School Warrant:

School Board for three years	Lawrence E. Ross
Moderator	Marc R. K. Bungeroth
Auditor (Write In)	James C. Worcester
Treasurer	Susan Brooks
Clerk	Elizabeth C. Bungeroth

Article #2 - To see if the Town is in favor of adopting four (4) amendments to the Town of Eaton Zoning Ordinance of 1973.

1. Are you in favor of amendment Number 1 to the Town of Eaton Zoning Ordinance as recommended by the Planning Board as follows: Page 17, Article XIII. DELETE the definition for "Lot" and replace with the following: Lot: A parcel of land under separate ownership from adjacent property. A lot is capable of being occupied by only one residential building and the accessory buildings or uses customarily incidental to it. A lot shall be of sufficient size to meet Town regulations for subdivision, use, density, area and required setbacks.

Passed: 58 Yes; 12 No

2. Are you in favor of amendment Number 2 to the Town of Eaton Zoning Ordinance as recommended by the Planning Board as follows: Page 16, Article XII. DELETE the definition for "Dwelling" and replace with the following: DWELLING: A residential building designed or used for one or more families.

Passed 57 Yes; 14 No

3. Are you in favor of amendment Number 3 to the Town of Eaton Zoning Ordinance as recommended by the Planning Board as follows: Page 16, Article XII. DELETE the definition for “Dwelling Unit” and replace with the following: Dwelling Unit: A residential building or portion thereof designed or used for one family.

Passed: 58 Yes; 11 NO

4. Are you in favor of amendment Number 4 to the Town of Eaton Zoning Ordinance as recommended by the Planning Board as follows: Article XII - DEFINITIONS. ADD the definition for Residential Building as follows: Residential Building: A single structure of not more than two dwelling units.

Passed: 54 Yes; 16 No

Selectman Donald Philbrick then introduced New Selectman James Brooks and asked him to join the other Selectmen. Mr. Philbrick then presented a plaque to retiring Selectman Richard Young on behalf of the Board of Selectmen and the citizens of the Town of Eaton in honor of his nine years as Selectman. There was a standing ovation.

The Moderator then asked for a moment of silence for those who had passed away during the past year: Allan Robotham, Elsie Robotham, Marjorie Thornton, Donald Lance, and Barbara McKenzie.

The Moderator then stated his rules for the Meeting, and announced the Meeting should continue with the remaining Articles.

Article #3 - To raise such sums of money that may be necessary to defray town charges for the ensuing year and make appropriations of the same; including town officers salaries, town officers expenses, election and registration expenses, expenses of the Town Hall and other buildings, Social Security and Withholding taxes, emergency services, insurance, civil defense, health department, vital statistics, waste disposal, town road maintenance (summer and winter, highway bold grant, and general expenses), street lighting, town poor and old age assistance, recreation, cemeteries, interest, planning and zoning, legal expenses, State revenue sharing, capital reserve funds, general fund trusts, and unemployment compensation.

Alexander McKenzie moved, Eugene Kleinmeier seconded to accept the budget as printed. Mr. Philbrick made a motion to amend the General Government Executive section to read \$20,040 making the bottom line to read \$284,398. The purpose being to increase the salary of the Moderator to \$75.00 per meeting; the current \$55.00 was set by previous Town Meeting and doesn't even meet the minimum wage requirement for the hours he is required to be here. Alex McKenzie seconded. Amendment passed on bottom line of \$284,398. Carol Mayhofer objected, as Town Treasurer, to having a bottom line figure, fearing that would limit her borrowing power. Mr. Young pointed out that last year's bottom line caused no problem. The Town must have a budget to operate and must have a bottom line for that budget. James Coogan made a motion to amend the budget by 5%, bringing the bottom line to \$270,181. Alex McKenzie seconded. Amendment defeated by show of hands. Alex McKenzie moved, Eugene Kleinmeier seconded to accept the budget of \$284,398.00 as amended by the Selectmen. Motion carried by show of hands.

Article #4 - To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes, if necessary.

Moved by Alex McKenzie, seconded by Eugene Kleinmeier. Passed unanimously by show of hands.

Article #5 - To see if the Town will authorize the Selectmen to administer and dispose of any real estate acquired by the Town through Tax Collector Deeds, reference RSA 80:42.

Moved by Alex McKenzie, seconded by George Booth. Passed unanimously by show of hands.

Article #6 - To see if the Town will authorize the Selectmen to apply for, accept, and expend such Federal, State or other governmental unit or private source of funding which becomes available during the year, in accordance with RSA 31:95-b.

Alice Linscott moved to accept, seconded by Eugene Kleinmeier. Passed unanimously by show of hands.

Article #7 - To see if the Town will authorize the Eaton Conservation Commission to retain the unexpected portion of its 1991 receipts, said funds to be placed in a special conservation fund, in accordance with RSA 36-A:5.

Alex McKenzie moved, James Coogan seconded. Mr. McKenzie offered the following amendment: "To see if the Town will authorize the Eaton Conservation Commission to retain the unexpended portion of its 1991 receipts, said funds to be placed in a special Conservation Fund in accordance with RSA 36-A:5, an itemized account of which shall be published yearly by the Secretary of the Commission in the Town Report and regularly certified by the Town Auditor. Seconded by Jerry Underwood. Voted in the affirmative by a show of hands, as amended.

Article #8 - To see if the Town will authorize the Selectmen to allow the towns of Fryeburg, Stowe and Chatham to join the Lower Mount Washington Valley Solid Waste District in accordance with the bylaws of the District.

Don Philbrick moved, Mr. McKenzie seconded. Mr. Philbrick explained that the Selectmen will have to make final decision when the time comes, if it does, when Fryeburg requests to join. The estimated life as present system would be 35-38 years. This Article would reduce this to 28-30 years, but in the meantime it would reduce our costs by approximately half. The Selectmen wanted to get input from the Townspeople. George Booth asked if there would be other towns down the line. The answer was no. Kurt Fisher asked about waste from Fryeburg Fair in relation to recycling. Selectman Philbrick stated that they would have to abide by the rules of the District and recycle just as we do. Vote called, passed by voice vote.

Article #9 - To see if the Town will vote to raise and appropriate the sum of \$2300 to purchase a power washer/steamer for the Highway Department.

Leona Hurley moved, Elwyn Thurston seconded. Already in service, thawing culvert to prevent road washouts. Passed by voice vote.

Article #10 - To see if the Town will vote to raise and appropriate the sum of \$2500 for renovations to the roof and carrying timbers of the Town Barn.

Alex McKenzie moved, Don Philbrick seconded. Passed by voice vote.

Article #11 - To see if the Town will vote to raise and appropriate the sum of \$2600 for the upgrading the electrical service of 200 amp, replacing the wiring and installing new lights in the Town Garage.

Bernard Hurley moved, Alex McKenzie seconded. Mr. Philbrick explained some lights don't work, needs up-dating, and amperage should be increased, especially for welding. Passed by voice vote.

Article #12 - To see if the Town will vote to raise and appropriate the sum of \$450.00 in support of the Children & Youth Project of the Mt. Washington Valley, Agreeable to a petition signed by Judith M. Goss and others. Lawrence Ross moved, Judith Goss seconded. Passed by voice vote.

Article #13 - To see if the Town will vote to raise and appropriate the sum of \$85.00 in support of Carroll County Against Domestic Violence and Rape. Agreeable to a petition signed by Mark Guerringue and others. Alice Linscott moved, Marnie Cobbs seconded. Passed by voice vote.

Article #14 - To see if the Town will vote to raise and appropriate the sum of \$759.00 in support of the Gibson Center for Senior Services. Agreeable to a petition signed by James C. Worcester and others. George Booth moved, seconded by Alice Linscott. Passed by voice vote.

Article #15 - To see if the Town will vote to raise and appropriate the sum of \$500.00 to help defray the operating expenses of the services and programs as carried out by the Mt. Washington Chapter of the American Red Cross. Agreeable to a petition signed by Elizabeth C. Bungeroth and others. Alex McKenzie moved, Leona Hurley seconded. Miss Lighthall was present to speak on the Article. Passed by voice vote.

Article #16 - To see if the Town will vote to raise and appropriate the sum of \$181.00 for the Early Intervention Program (birth to 3 years) of Children Unlimited, Inc., said sum being equal to \$.50 per person in the Town of Eaton. Agreeable to a petition signed by Jacqueline M. Sparks and others. Alice Linscott moved, Eugene Kleinmeier seconded. Jackie Sparks spoke for the Article - prevents a lot of special ed. expense. Peter Blue stated this program is rated one of the highest in the State. Passed by voice vote.

Article #17 - To see if the Town will vote to raise and appropriate the sum of \$468.00 to assist the Family Health Center. Agreeable to a petition signed by Judith W. Fowler and others.

Henry Fowler moved. Alex McKenzie seconded., Judith Fowler explained the services. Passed by voice vote.

Article #18 - To see if the Town will vote to raise and appropriate the sum of \$396.00 to assist Carroll County Mental Health Services. Agreeable to a petition signed by Henry M. Fowler and others. Moved by Marnie Cobbs, seconded by Alex McKenzie. Mark Guerringue argued against this Article because the Executives will not divulge their salaries - all the other private Service Organizations who are asking for public money are willing to do so. Dennis Sullivan suggested in addition to the money, the Selectmen should send a letter asking to have the \$396.00 earmarked for out-patient services. George Booth seconded. Amendment passed to have Article as written with addition of "to be earmarked for out-patient services" to assist Carroll County Mental Health. Mr. Guerringue proposed another amendment to make this conditional on disclosure of the Executive Salaries. Seconded by James Coogan. Moderator then stated that the Article would then read: "To see if the Town will vote to raise and appropriate the sum of \$396.00 to be earmarked for out-patient services to assist Carroll County Mental Health Services." After much discussion in circles the vote was called to amend the Article to add the phrase "conditional upon disclosure of Executive Salaries. This amendment failed. The vote then went back to the original Article as amended: To see if the Town will vote to raise and appropriate the sum

of \$396.00 to be earmarked for out-patient services to assist Carroll County Mental Health Services. Passed by voice vote.

Article #19 - To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200) for the support of the Community Action Outreach Program. Also to see if the Town will vote to raise and appropriate the sum of \$200 for the support of the Big Brother Big Sister Organization administered also by the Tri-County Action Program. Agreeable to a petition signed by Mary Phillips and others. Mark Provost moved, Marnie Cobbs seconded. Carol Mayhofer stated that we had a problem with this kind of article last year - two parts of one Article, people wanting to vote for one part and not the other and we had decided that we should not have a combination article again. The Moderator announced that there should be no problem with this, he had contacted the Secretary of State and it is a legal article. Mrs. Mayhofer made a point that Big Brother/Big Sister is a Christian organization and will not accept a Jewish child. Jackie Sparks spoke for the organization, saying it was having a hard time getting off the ground, but they were working on it, having fund raisers, etc. Don Philbrick made a motion to delete the second part of this article, Frank Cutrone seconded. Amendment to eliminate the second sentence in Article #19 passed, by voice vote. Article passed "to raise and appropriate the sum of Two Hundred Dollars (\$200) for the support of the Community Action Outreach Program, by voice.

Article #20 - To see if the Town will vote to raise and appropriate the sum of \$390.66 for the Visiting Nurse Services of Northern Carroll County, Inc. Agreeable to a petition signed by JoAnne L. Kelly and others. Alex McKenzie moved, Eugene Kleinmeier seconded. Passed by voice vote.

Article #21 - To see if the Town will authorize the establishment of a capital reserve fund (pursuant to RSA Chapter 35) for dry hydrants and to raise and appropriate the sum of \$500 towards this purpose, and appoint the Selectmen as agents to administer the fund. Leona Hurley moved, Alex McKenzie seconded. Right now no plans as to location, but should establish a fund and next year the Selectmen will come back with a plan, hoping to incorporate it with the Capital Improvement plan. Carried by voice vote.

Article #22 - To act on any other business that may legally come before this meeting. Dennis Sullivan made a motion as follows: To direct the Selectmen of the Town of Eaton to write a letter to Carroll County Mental Health Services requesting the public disclosures of salaries paid to their Executive Officers, such disclosure ought be made prior to any further requests for public funding." Seconded by Nubian Duncan. Frank Cutrone moved an amendment to strike the word "Executive: from the motion. Alex McKenzie seconded. Amendment defeated by voice vote. Moderator: Now back to the original motion "To direct the Selectmen of the Town of Eaton to write a letter to Carroll County Mental Health Services requesting the public disclosure of salaries paid to their Executive Officers, such disclosure to be made prior to any further request for public funding." Passed by show of hands 28 to 13.

Joyce Blue displayed the cake done by Gail Blake decorated with the Town Seal - a gift to retiring Selectman Richard Young from the Selectmen and citizens of the Town.

Motion made by James Coogan to adjourn the Meeting. Seconded by Donald Philbrick. Voted in the affirmative unanimously.

Meeting adjourned 9:45 PM

Respectfully Submitted

PLANNING BOARD

Work has progressed on refining some of the land use regulations. Changes to the subdivision regulations were proposed and approved affecting the performance guarantee. A questionnaire relating to updating the Master Plan has been prepared and is currently being reviewed by the Office of State Planning. The Board's bylaws have also received some attention and issues of conflict of interest are being clarified.

Subdivision and boundary line adjustments were approved as follows:

Jonathan & Ruth Goodwin on Rte 153
Alex McKenzie on Foss Mt. Rd.
Philip & JoAnne Kelly on Ridge Rd.
Community Church on Rte 153

The Board was requested to change the land use regulations to permit a subdivision of the Westside Development land on Conway Lake area. After two extensive meetings on the proposal, the Board decided to leave the regulations as they currently exist.

Four amendments to the Zoning Ordinance were approved by the voters last March. These included refinements of definition for 'lot', 'dwelling', 'dwelling unit' and 'residential building'. No changes in the ordinance are proposed for this year.

There have been several changes in membership. Marcia Heath and Bob D'Angelo resigned. We are pleased to welcome Peter Lang, Richard Young and Earle Mayhofer as the new members although Rick is a former member of long standing. Don Hall continues as a long serving stalwart alternate.

An issue this year is improved communications between the various land use committees. This is already evident with the Planning Board since Paul Savchick is also Chairman of the Conservation Commission.

During the course of the year, several members have attended workshops and seminars organized by the NH Municipal Association.

The Capital Improvements Committee, under the chairmanship of Joyce Blue, has updated the Capital Improvements Program.

Regular meetings are held on the third Wednesday of each month at 7:30 p.m. at the Evans Memorial Building.

REPORT OF THE EATON CONSERVATION COMMISSION 1992

In 1992 the Eaton Conservation Commission was occupied with many of its customary activities and also sought ways to develop a program that would make the Commission more responsive to Town needs.

The Commission continues to review local applications and permits in its capacity as liaison to the New Hampshire Wetlands Board. In addition to its advisory review of applications to the Board, the Commission is charged with monitoring permitted activities for compliance with the conditions and specifications that are imposed by the Board.

The Wetlands Board is also using Conservation Commissions to assist its enforcement efforts on a local level wherein each Commission is encouraged to act as a monitor for any activities which might violate the provisions of RSA 483-A, the principal NH Statute protecting wetlands.

This increased effort to protect wetlands has had considerable impact on the activities of the Commission. Where it was once enough to simply review a dredge and fill application for obvious problems or deficiencies, it is now often necessary for at least one Commission member to carry out a field inspection. Occasional cases have even required a higher level of investigative effort.

A new category of permit issued by the Wetlands Board has also required increased participation by the Commission. These are known as Minimum Impact Notifications and are required whenever forest management activities involve the crossing of a freshwater wetland. Permits are granted through a simple notification process whereby application is made on a form attached to the Notice of Intent to Cut Wood or Timber. Although this abbreviated approval process simplifies life at the applicants level, field inspections by the Commission must be conducted on shorter notice and for virtually every timber harvesting operation in order to assure compliance.

As the only municipal body with the authority to intervene in the Wetlands Board application process, the Conservation Commission has a great responsibility to the Town and the Board to fulfill its mandate in an accountable and expeditious manner.

Recognizing that it can function more effectively in this capacity through full cooperation and interaction with other town boards and officers, the Commission has taken steps to improve its communication and expand its involvement with other municipal bodies and officials.

The Commission now has one member who also serves on the Planning Board. Hopefully this common membership will become Town policy since the Commission and Planning Board have many areas of common interest and can do a great deal to assist each other.

Another member of the Conservation Commission serves on the Park Commission. These two Commissions will soon participate in a joint meeting with the Planning Board and the Board of Selectmen to coordinate activities in areas of mutual interest.

Conservation Commissions are established by "*...for the proper utilization and protection of the watershed resources of said city or town.*," RSA 36-A also specifically provides that conservation commissions shall "*...conduct research into its local land and water areas,*" and "*...keep an index of all open space and natural, aesthetic or ecological areas, with the plan of obtaining information pertinent to the proper utilization of such areas, including lands owned by the state or lands owned by a town or city. It shall keep an index of all marshlands, swamps and all other wetlands in a like manner.*"

In 1993 the Commission will be assisting the Planning Board in its Master Plan project

by coordinating the revision of maps showing the Town's use patterns and its natural and historic resources. This will be done in conjunction with the Commission's effort to produce a natural resource index. Included in this inventory will be digital maps of Town owned lands, wetlands, watersheds and other natural and historic resources in Eaton.

Commission members Anne Donahue and Louise Gray have already contributed greatly to this information gathering effort with their map and index of all cemetery locations in Eaton. They are now following up with a project to identify all private burial grounds, cellar holes and wells in Eaton. Anyone having helpful information is encouraged to contact them.

In the beginning, the digital mapping effort will focus on Town owned lands. In order to manage Town lands more effectively it is important that all information about this valuable resource be assembled in the most usable format. A digital format will assist in the planning and management process by facilitating analysis of the many natural elements, potential uses and other factors which must be considered in long term planning.

As part of this effort the Commission hopes to conduct a comparative evaluation of local wetlands. The resulting information would be included in the natural resource index and later used as a first step in determining whether any of the wetlands can be designated as Prime. Prime status is reserved for wetlands which have unique characteristics that are important to the community. Prime wetlands receive special consideration in any deliberations of the Wetlands Board. Towns also have a great deal more latitude in regulating activities around them.

The Joseph Snow Spring continues to be a cause of great concern to the Commission. Water tests in June again indicated a bacteria count high enough to categorize the water as unfit for human consumption. This is an obvious source of liability to the Town and the Commission is taking steps to determine a course of action.

Information from the State indicates that this problem is most likely due to exposure of the water to bacteria after it leaves its source. This summer the water was carefully traced back to its source and was found to be exposed to potentially unsanitary conditions over a distance of approximately 500 feet.

One option being considered is to develop the spring in such a way that the water is completely protected in enclosed conditions from its source to its point of use. This could be done economically using well tile and plastic pipe. Another option is to abandon the spring in which case title to the land would revert to the donors.

Several scenic views, historic sites and other open spaces kept cleared by the Commission throughout the years have been found to be in need of clearing once again. This has been a seemingly endless task requiring more time and volunteer labor than is generally available. The alternative of hired labor on a regular basis is too expensive. More importantly, hand clearing causes vegetation to come back thicker each time.

After much discussion about the option of using herbicides it was decided to forego spraying. All sites will be hand cleared one last time to be followed periodically by prescribed burning at appropriate items and under rigidly controlled conditions. This treatment should result in the creation and maintenance of permanent meadows which are visually pleasing and provide more valuable wildlife habitat.

It is planned to enlist the assistance of the Eaton Fire Reserve to conduct the burning. This will serve as an appropriate exercise for the Fire Reserve and should maintain our open areas at the least expense for years to come. Rick Young who administers prescribed burning for the U.S. Forest Service has agreed to supervise the burns.

Revenue brought in from Town lands in 1992 totaled approximately \$1,320. Included was income from the rental of maple taps to Dave Douglass on the Creative Concepts Tract, the harvest of blueberries on Foss Mountain by Lloyd Merrifield, and the residue of income from the 1991-92 timber harvest by S.D. Warren Company on Tract #3.

This year the Commission decided to hold meetings every month, continuing through the winter months. The need to be available and to have an opportunity for planning requires this extra time. Previously the Commission met from April thru November, adjourning for the winter months.

The Conservation Commission would like to take this opportunity to extend its thanks to Phil Kelly for the fine job he has done in his many years as Chairman. Phil will remain on the Commission as a regular member.

The Commission is further enriched by people like Anne Donahue, who joins us as a regular member after having served faithfully as an alternate, and Richard Fortin who rejoins us as an alternate whose skills and knowledge will be a genuine asset.

Regular meetings of the Eaton Conservation Commission are held at the Evans Memorial Building at 7:00 PM on the second Monday of the month. Meetings are postponed one week when the regularly scheduled meeting date falls on a holiday. Special meetings are given public notice.

Please note that all regular Conservation Commission meetings are open to the public. All are welcome to attend and those wishing to join or help in any other way may contact Commission Chairman, Paul M. Savchick or the Selectmen at Town Hall.

The names of those members responsible for the actions reported above are as listed below along with the expiration dates of their terms.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The N.H. Division of Forests and Lands assisted many other communities in wildland fire suppression as well.

Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done." Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and fire department by requesting and obtaining a fire permit before kindling an open fire.

The N.H. Division of Forests and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for fire fighter safety items and wildland suppression equipment in 1992.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

FIRE/RESCUE REPORT 1992

In 1992 the calls for fire and rescue in Eaton were as follows;

Fire	Structure	2
	Woods	0
Rescue	Illness	5
	Accident	2

Twice Conway Fire Dept. was canceled by either Jim Coogan or Larry Ross saving Eaton tax dollar and creating good relations with Conway Fire Department.

For a period of 5 weeks in the spring and 2 weeks in the fall no burning permits were issued because of dry conditions.

Training this year consisted of:

1. Ice Rescue with Conway and Madison Fire Depts.
2. Insurance Liability classes given by the N.H. Municipal Insurance Co.
3. Refresher for Eaton Wardens on Eaton's' fire equipment.
4. Drafting of the Eaton dry hydrant with Conway Fire Dept. in August.
5. Use of Class A Foam by the N.H. Forest Fire Service.
6. Regulations on issuing burning permits given by the N.H. Forest Fire Service.
7. Roger Sundman completed the 8 hour basic Forest Fire fighting course sponsored by the Carroll County Fire Wardens Assoc.
8. Preplanning of water supplies for Eaton Village, Snowville Village, The Inn At Crystal Lake, Rockhouse Mtn. Farm and Snowvillage Inn was done by Conway and Madison Fire Dept. with more extensive planning to be done in 1993.
9. Jim Coogan and Larry Ross have started taking a 40 hour First Responders Course thanks to the Eaton Ladies Circle.

Larry Ross, Mark Provost and Jim Coogan attended several meetings of the Carroll County Fire Wardens Assoc. and became very familiar with neighboring departments equipment and operating procedures.

In the fall of 1992 the Eaton Fire Reserve was formed and incorporated with the State of N.H. to do fund raising to support fire prevention and fire suppression in Eaton. The two first projects included the Tot Finder Stickers and the telephone stickers with Eaton's emergency numbers.

Please remember that fire permits are required when the area to be burned is not completely surrounded by snow. Permits are required when it is raining. Permits can be obtained from:

Jim Coogan, Stuart Road, 447-6787

Larry Ross, Glines Hill, 447-3098

John Edge, Rockhouse Mtn. Farm, 447-2880

SELECTMEN'S REPORT

From the number of building permits issued, it has been a quiet year in Town Hall with little or no new housing construction taking place. There were, however, many other matters to keep the Selectmen occupied including a reclassification and revaluation of all current use properties in Town. This was brought about by changes in State statutes and while it generated some initial confusion the project was completed successfully. Whenever questions arose landowners were very cooperative in providing additional information when requested. Current use continues to be a hot topic and further legislative changes are possible.

It is now much easier to direct people to the Evans Memorial Building - it's the one with the lemon yellow doors. Just wait until the roof gets attention! The front sign was removed because it was rotting and debate on what to do with it is continuing. One project for Town Hall for this year is to convert one of the bathrooms and make it accessible to the handicapped.

New barbecue grills were installed at the Grove and the Selectmen christened them by hosting a cook out for everyone in Town. It was supposed to be for Town officials past, present, and future but that seemed to involve practically everybody. The White Mt. Milers have used the area regularly over the years and donated a picnic table to the Town. It all helps. A new and brighter light has been installed at the beach. The annual swim program, run by Suzanne Raiche, was again a success. It also reminds us of summer.

Selectmen, individually, have been busy in areas beyond their Tuesday night meetings. Don Philbrick chairs the Lower Mt. Washington Valley Solid Waste District. There have been some changes in the operations at the landfill and recycling facility with a view to reducing costs and improving efficiency. Don is also the State representative for this area. Joyce Blue serves as the Selectmen's representative to the Planning Board. She has also been instrumental in broadening the scope of the Parks & Recreation and laying the groundwork for better communications and cooperation between all the land use boards (Planning, Conservation and Parks). A joint meeting is planned in the near future. Jim Brooks, who is responsible not only for painting the doors but also the new (and large) notice board in Town Hall, is the Selectmen's representative on the Parks & Recreation Committee. This committee is presently formulating both long and short term goals.

After some discussion, the Selectmen opted to delay the State revaluation of the Town by one year. Originally scheduled for 1994, the Town would have had to raise the money to pay for it (around \$30,000) in little more than one year. It would have raised the tax rate for this year by over a dollar. Since there are few problems with the present valuation (apart from being too high - for everyone!) the Selectmen arranged with the State to revalue in 1995. The valuation will actually be done and has to be paid for in 1994. All properties will be revalued at that time.

Paul Dorian, the Code Enforcement Officer for the Town of Freedom, has been contracted for the same position in Eaton. Jim Coogan is the new Fire Chief, following the resignation of George Booth. We would like to express our appreciation to George for several years' service to the Town, particularly for the fire lane numbering project that makes it so much easier to direct emergency vehicles (and visitors) around Town. This year also saw Richard Young taking a break after 9 years as a Selectman. It was a short break, however, since Rick is now back on the Planning Board.

The Town Garage and Barn received some attention this year. Special appropriations from Town Meeting provided funds for doing some reconstruction work to the barn roof and supporting structure. New wiring was installed in the Garage so Elwyn and Albert can now see what they don't have. Stewart Road is finished for the time being and Towle Hill

Rd will be getting some much needed attention.

This year was the first time for a long time that the Town did not have to borrow any money. Twice a year tax billing finally paid off - just in time for the lowest interest rates for borrowing in ages! It is not clear whether the Town can continue to avoid procuring a tax anticipation note.

Much research has been carried out in Eaton cemeteries in recent years. Anne Donahue and Louise Gray presented a map of all the cemeteries they have located (over 30) together with information on who is buried where. Nancy Malvesta generously donated a copy of her book on her genealogy studies on Eaton families to Town Hall. Both references are very useful for tracing family roots.

The contract with Conway Village Fire District for fire and rescue services worked well this year. Additional costs, however, are involved this year and the Selectmen are currently reviewing the contract and will be meeting with the Conway Commissioners.

To the many people that serve on Town committees and make our lot easier, our thanks and an open invitation to join us for a brew from the coffee pot that we finally acquired.

CEMETERY TRUSTEES REPORT - 1992

The past year saw the completion of major repair work to the Town of Eaton Cemeteries.

The Capital Reserve Fund was used to finance the restoration of the wall surrounding the Eaton Cemetery as well as the wall separating the old and new sections. Many huge granite blocks that had toppled down were repositioned eliminating the possible slippage of several graves.

The summer of 1993 will complete the major restoration project of our cemeteries with the repair of broken and fallen stones in the Eaton Cemetery. The wall and stone repair was done by the Union Marble and Granite Works, who have specialized in cemetery restoration work throughout New Hampshire.

The entire history of our town, as to the founders and early settlers can be found in our cemeteries. In the past year a surprising number of people have made various inquiries looking for the graves of past family members and many compliments have been given as to the condition and upkeep of our cemeteries.

The Cemetery Trustees would like to set up a Memorial Fund to plant flowering trees along the front stone walls of Snowville and Eaton Cemetery as well as along the property line of the new Snowville section. Anyone wishing to donate may contact any of the Trustees.

The Trustees wish to thank Sherman DeWitt for the donation of his time and equipment to remove all the old stumps along the Snowville Cemetery wall.

CAPITAL IMPROVEMENTS PROGRAM

The Capital Improvements Program (CIP) Committee met in November to update the recommendations initially proposed in December 1987. The CIP is all of the following: a plan, a budget, a schedule: a growth management tool and a statutory requirement for communities that intend to control the timing of development through land use regulation. It is a six year plan of proposed spending for capital items based on projections of community needs, fiscal capability and demand for services. The CIP Committee is a sub-committee of the Planning Board composed of representatives of all other town committees and interested citizens. Members of the Committee were Joyce Blue (Chairman), Elwyn Thurston, Jim Coogan, Peter Lang and Judith Fowler.

A new series of recommendations was approved and is summarized below. Work on Stewart Rd has been completed for the time being and it has been recommended that work on Towle Hill Road should begin this summer. Bridge repairs on Potter Rd and Towle Hill Rd are also proposed. The recommendations have been accepted by the Planning Board and forwarded to the Board of Selectmen. The recommendations are subject to annual review.

WARRANT FOR ANNUAL MEETING OF THE EATON SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Eaton, County of Carroll, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on Tuesday, the 9th day of March, 1993, to vote for the following District Officers. Polls will be open for this purpose at 11:00 a.m., and will not close before 6:00 p.m.

ARTICLE 1. To elect a Moderator for the ensuing year.

ARTICLE 2. To elect a Clerk for the ensuing year.

ARTICLE 3. To elect a member of the School Board for the ensuing three years.

ARTICLE 4. To elect a Treasurer for the ensuing year.

ARTICLE 5. To elect an Auditor for the ensuing year.

YOU ARE ALSO NOTIFIED TO MEET AT THE SAME PLACE AT 4:00 O'CLOCK IN THE AFTERNOON ON THE SAME DAY TO ACT UPON THE FOLLOWING ARTICLES.

ARTICLE 6. To see if the District will vote to authorize the Eaton School Board to apply for, accept, and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b.

ARTICLE 7. To see if the School District will vote to raise and appropriate the sum of \$4,000.00 to be placed in the Capital Reserve Fund (School Bus), established at the 1975 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton.

ARTICLE 8. To see if the School District will vote to raise and appropriate the sum of \$10,000.00 to be placed in the Reserve Fund (Special Education), established at the 1987 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton.

ARTICLE 9. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District.

ARTICLE 10. To transact any other business that may legally come before this meeting.

Given under our hands, this 1st day of February, 1993.

EATON SCHOOL DISTRICT MEETING

MARCH 10, 1992

The annual meeting of the Eaton School District was called to order at 4:00 p.m. by School Moderator, Marc Bungeroth.

ARTICLES 1-5 were voted by ballot. The following were elected:

1. Moderator: Marc R.K. Bungeroth
2. Clerk: Elizabeth C. Bungeroth
3. School Board Member: Lawrence E. Ross
4. Treasurer: Susan Brooks
5. Auditor: James Worcester

ARTICLE 6. Alexander MacKenzie moved to authorize the Eaton School Board to apply for, accept, and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b. Lawrence Ross seconded the motion. The motion was carried unanimously.

ARTICLE 7. Alexander MacKenzie moved to raise and appropriate the sum of \$4,000.00, to be placed in the Capital Reserve Fund (school bus), established at the 1975 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton. Lawrence Ross seconded the motion. The motion was carried unanimously.

ARTICLE 8. Alexander MacKenzie moved to raise and appropriate the sum of \$10,000.00 to be placed in the Reserve Fund (special education), established at the 1987 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton. Virginia Hurley seconded. James Brooks amended the motion to reduce the amount to \$7,500.00. Alexander MacKenzie seconded the amended motion. James Brooks said the reason for this amendment is the fact that there is currently \$27,600 in the account and the school board felt a total of \$35,000 would cover expenditures. The amended motion carried unanimously.

ARTICLE 9. James Brooks moved to raise and appropriate the sum of \$445,979.00 for the support of schools, for the payment of salaries for school district officials and agents, and for the statutory obligations of the District. Jane Gray seconded the motion. The motion carried unanimously.

Carol Mayhofer asked Superintendent Benson what he was going to do about developing proficiency standards for graduation. Mr. Benson said he is interested in raising standards but first will be doing a needs assessment which, hopefully, be presented next spring. When questioned by Lawrence Ross, Superintendent Benson said he encourages all input from the community.

Paul Hennigan motioned that the meeting adjourn. Alexander MacKenzie seconded the motion. The meeting was adjourned at 4:17 p.m.

Respectfully submitted,
Elizabeth C. Bungeroth
School District Clerk

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the
School Administrative Unit Board
School Administrative Unit No., 9
Conway, New Hampshire

We have audited the accompanying general purpose financial statements and the individual fund financial statements of the School Administrative Unit No. 9 as of and for the year ended June 30, 1992, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Assets Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the School Administrative Unit No. 9 as of June 30, 1992, and the results of its operations for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District as of June 30, 1992, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

IF YOU HAVE A FIRE ...The Town of Eaton pays for all fire and rescue calls made by the Conway Fire Department out of tax monies; individuals pay nothing. You can save the Town a considerable amount of tax money by requesting your agent to include in your insurance policy - at nominal cost - a "Recovery Clause" which will pass on to the insurance company at least some of the cost of response by the Conway Fire Department. Contact the Selectmen or your agent for details.
