No Outstanding Debt

# AUDITOR'S REPORT

NORTH COUNTRY FINANCIAL SERVICES

P.O. Box 392, Franconia, NH 03580  
(603) 823-7186

Board of Selectmen  
Town of Franconia  
Main Street  
Franconia, NH 03580

I have examined the reports and accounts from the Board of Selectmen, Tax Collector, Town Clerk, Treasurer, Trustees of the Trust Funds, Franconia and Franconia-Mittersill Water Departments and the Abbie Greenleaf Library of the Town of Franconia for the year ended December 31, 1988. My examination was made in accordance with the New Hampshire code of Administration Rules Rev. 505.01 through 505.09 and generally accepted auditing standards as I deemed necessary in the circumstances.

In my opinion, these reports and accounts present fairly the financial position and the results of operations of the Town of Franconia for the year ended December 31, 1988.

Ralph Brigida, Auditor  
February 8, 1989

Conservation Commission .....	200.00
Interest on Temporary Loans .....	12,000.00
Retirement & Social Security .....	15,600.00
Insurance (Inc. Workers' Comp.) .....	15,500.00
Reassessment Reserve Fund .....	5,000.00
Bridge Reserve Fund .....	2,000.00
Land Use Fund .....	1,000.00
TOTAL	<u>\$514,235.00</u>

**ARTICLE 3.** To see if the Town will vote to raise and appropriate the sum of \$200.00 for planning and preparation, purchase of materials and maintenance of landscape and town beautification work done through the Conservation Commission.

**ARTICLE 4.** To see if the Town will vote to adopt the provisions of RSA 79-A:25 and vote to place 50% of all future land use change tax revenues in a conservation fund established in accordance with RSA 36-A.

**ARTICLE 5.** To see if the Town will vote to establish a Capital Reserve Fund under the provision of RSA 35:1 for the purpose of extraordinary legal fees and expenses related to present or foreseeable litigation involving the town or its officers and employees, and to raise and appropriate the sum of five thousand dollars (\$5,000.00) to be placed in this fund and to designate the Board of Selectmen as agents to expend.

**ARTICLE 6.** To see if the Town will vote to raise and appropriate the sum of six thousand dollars (\$6,000.00) for the purpose of updating the Town's Master Plan.

**ARTICLE 7.** To see if the Town will vote to raise and appropriate the sum of three thousand six hundred dollars (\$3,600.00) to rewire the basement of the Town Building.

**ARTICLE 8.** To see if the Town will vote to raise and appropriate an additional \$4,100.00 for the Abbie Greenleaf Library to cover anticipated expenses for 1989.

**ARTICLE 9.** To see if the Town will vote to raise and appropriate \$2,000.00 for the Franconia Area Chamber of Commerce to cover partially the payroll expenses of an information booth attendant for 1989. *(By Petition.)*

**ARTICLE 10.** To see if the Town will vote to raise and appropriate \$5,893.00 for final design and permits for the proposed Mount Eustis Landfill located in Littleton to be used by the 11-town solid waste district. The Upper Grafton/Lancaster Area Solid Waste District strongly recommends this appropriation as the best long term solid waste management plan.

**ARTICLE 11.** To see if the Town will vote to accept the report of the Franconia/Sugar Hill Police Study Committee and its recommendation to establish a village district for the purposes of accomplishing a joint police department for the Towns of Sugar Hill and Franconia.

**ARTICLE 12.** To see if the Town will vote to change the number of Trustees of the Abbie Greenleaf Library from 6 to 7 in order to be in compliance with RSA 202:6. (This new law requires that the board of Trustees of any public library in New Hampshire be composed of an odd number.)

**ARTICLE 13.** To see if the Town will vote to give up all rights to a small portion of Skyline Drive across property of Yule, Bunker and Alpine Ventures, starting at the southern boundary of Yule's property, at the intersection of Skyline Drive and Oakes Road, and continuing northerly 1,262 feet.

**ARTICLE 14.** To see if the Town will vote to instruct the town's representatives to the General Court to respond to our solid waste crisis by taking all necessary measures to insure that New Hampshire adopt legislation that will permit consumers to return for refund of deposit within New Hampshire all soda, beer, wine cooler and liquor containers and that all unclaimed deposit monies shall be collected by the state and no less than 80% shall be returned annually to local municipalities for the sole purpose of implementing, expanding and reimbursing community recycling projects. *(By Petition.)*

**ARTICLE 15.** To see if the Town will send a message to the legislature and Governor calling for a comprehensive toxics transition law requiring coordinated programs of planning, research, and development, education, enforcement, and economic incentives to achieve toxics reduction by substitution with safer substances.

**ARTICLE 16.** To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

**ARTICLE 17.** To hear the reports of agents, auditors, committes, or other officers heretofore chosen and to pass any vote relative thereto.

**ARTICLE 18.** To transact any other business that may legally come before the meeting.

Bruce P. Bunker  
Sally L. Small  
Ronald A. Hunt

Selectmen of Franconia

# FRANCONIA POLICE DEPARTMENT

During the year of 1988, there were many interesting changes in the Franconia Police Department.

The interior of the police station received a fresh coat of paint and new floor covering with new desks and file cabinets put in place. (Ed Phillips did an outstanding job.) Holding cells were converted into a supply room and an evidence room. A complete inventory of all department equipment was conducted while installing a system for maintaining and keeping it up to date. A case number and filing system has been initiated along with a daily department log. A 1988 cruiser was purchased with new radar, radio and strobe lights. A camera and fingerprinting kit have also been acquired.

The department took part in a "Say No To Drugs" program and contest with our local grammar school children. Prizes were furnished with Hayseed money and donations from Kelley's Food Store and White Mountain Concrete.

Hayseed funds were transferred into a separate account with three trustees allowing for more accountability. From this account, two new shotguns have been ordered, one for each cruiser.

Mark Montminy, our new full-time officer, was hired in December. Mark has had eight years experience as a police officer in the state of New Hampshire. The department has high hopes of hiring a third full-time officer in the near future.

The following statistics do not reflect any activity in town by any police agency other than the Franconia Police Dept. during 1988.

Criminal Cases	73
Criminal Arrests	42
Motor Vehicle Accidents	60
Motor Vehicle Arrests	67
Motor Vehicle Warnings	77
Assist Other Agencies	87
Assist Disabled Motorists	48
Domestic Complaints	12
Prowler Complaints	3
Dog Complaints	37
Bank Alarms	23
Open Doors	4
Abandoned Motor Vehicles	13
General Assistance to the Public	206
Vehicle Lockouts	35

We, the Franconia Police Department, thank the town's people for their support during 1988 and we look forward to serving you in 1989.

As Chief, I would especially like to thank my fellow officers for their dedication during the past year for a job well done.

Respectfully submitted,

Robert G. Malesky, Chief  
Franconia Police Department

## FRANCONIA FIRE DEPARTMENT

The Franconia Fire Department responded to 52 calls in 1988 which included chimney fires, brush fires, structure fires, motor vehicle fires, accidents, and an aircraft crash.

Mutual Aid was rendered to Easton, Sugar Hill, Littleton, and Twin Mountain, and was received by Franconia on two occasions.

The continuing inspection of commercial properties, and the building of a major new motel, have greatly increased the activities of the Inspection Officer.

We continue to implement fire protection programs in the school system.

All members continue to develop their skills through monthly training drills, seminars, and fire schools.

The growth experienced and anticipated in Franconia has encouraged us to look at future equipment needs which may include, but may not necessarily be limited to, the purchase of an aerial ladder truck, and the replacement of our attack pumper within the next five years.

Please call our emergency number 8123 if assistance is needed.

Respectfully submitted,

William L. Mead, Sr., Chief

## FRANCONIA LIFE SQUAD

The Life Squad once again has had a very busy year. We started in January with a monthly recertification program which is required to maintain our Emergency Medical Technician status. We helped host the Hayseed 88 Bluegrass Festival again which was a success even though for the first time it rained on us. We also provided medical support for the Rugby Tournament.

Through the support of Sugar Hill and Easton this year we were able to purchase many new items for the squad including new paging equipment.

Our yearly activity totaled 71 patients. The breakdown is as follows:

Chronic Medical Problems	12
Emergency Medical Problems	16
Motor Vehicle Accidents	26
Death by Natural Causes	1
Dry Runs	0
Household Emergencies	3
Athletic/Recreation Accidents	5
Dog Bites	1
Drug, Alcohol, Emotional, Poisons	5
Smoke Inhalation	0
Airplane Accidents	<u>2</u>
Total	71

Breakdown of patients per Town:

Franconia	47
Easton	7
Sugar Hill	15
Bethlehem	<u>2</u>
Total	71

Once again I wish to thank the Squad members for their devotion and hard work in making the Life Squad an asset to the communities of Franconia, Easton, and Sugar Hill. I also wish to thank the towns for their support of this organization.

Respectfully submitted,

Joel N. Peabody, Chief  
Franconia Life Squad

## RECREATION PROGRAM

### Summer Recreation Program

The summer program, under the direction of Karen Smith, had a very successful season. Jeannie Serino returned as the swimming instructor and helped 90 children improve their aquatic skills. Jennifer Larabee and Karen, with the aid of Jennifer Peters, brought many new activities to the program, so the enrollment increased as the season progressed. The Sugar Loafs, Zealand and other peaks were scaled, Ruggles Mine was explored, the Bike Path was mastered, and rafts were afloat on the lower falls of the Ammonoosuc River. The season ended with a trip to the Whale's Tale, the Granby Zoo, and a successful presentation of "Fairy Island", written and performed by the children.

	<u>1988</u> <u>Expenses</u>	<u>1989</u> <u>Budget</u>
Salaries	\$ 5,340.00	\$ 6,400.00
Workers Comp., S.S. & Unemployment Comp.	593.26	600.00
Bus Rental	1,479.20	1,800.00
Pool Rental	1,000.00	1,000.00
Insurance	310.00	350.00
Miscellaneous	905.94	100.00
	<u>\$ 9,628.40</u>	<u>\$10,250.00</u>

### Summer Baseball Program

Dave Sullivan directed another successful baseball season. The Little League team, led by Coaches Jeff Hultgren and Greg Connors, captured the Tri-Town All Star Championship for the third consecutive year, and brought the trophy home for keeps. Hal Tuttle ran another successful girls' softball season, and Lyn McIntosh managed two full farm-league teams.

	<u>1988</u> <u>Expenses</u>	<u>1989</u> <u>Budget</u>
Equipment	\$ 706.89	\$ 925.00
Insurance	327.40	325.00
Miscellaneous	82.00	150.00
	<u>\$ 1,116.29</u>	<u>\$ 1,400.00</u>

### Winter Recreation Program

The ice hockey teams had successful seasons this year. The Franconia Flyers, under the direction of Coach Barry Field and Assistant Coach Dave Wood finished the regular season in first place and captured second place in the final tournament in Berlin. The younger team, coached by Jim Cavanaugh, added ten new skaters and looks forward to a winning '89 season. The rink was painted by the Lafayette Lions Club and Cub Scout Pack 217 this fall and looks great.

	<u>1988</u> <u>Expenses</u>	<u>1989</u> <u>Budget</u>
Labor & Maintenance	\$ 3,915.50	\$ 2,500.00

Summer Enrollment Fees	2,340.00	2,800.00
	<u><u>\$15,968.05</u></u>	<u><u>\$16,830.00</u></u>

## PLANNING BOARD

The following is a summary of major matters of interest:

**Renbel Mountain Trust.** This project would cover 596 acres in Franconia, Sugar Hill and Bethlehem with 396 dwelling units. Franconia's portion would be 75 units on 120 acres. This proposal seems to be on hold since we have not heard from the developer since the original presentation in April 1988.

**BFG Contel.** The proposed project would consist of one building with 75 hotel suites including a bedroom, living room with wetbar, refrigerator, and a full bath. On September 28th the Planning Board voted to deny BFG's site plan application as not conforming to Franconia Zoning Ordinance. On October 13th, BFG petitioned the Grafton County Superior Court to reverse this decision and award damages to BFG. The town must file certified copies of its file and its response by February 3, 1989. If the judge then decides on a hearing, that date will be at the convenience of the court. Unfortunately the legal defense will add to our taxes.

On a more positive note:

**Zoning Changes.** The Board did find time to recommend a few changes in our zoning regulations and most were approved at the March 1988 Town Meeting.

**Forest Hills.** On November 29, 1988 the Planning Board approved the Forest Hills project consisting of 154 units on 231 acres to be developed in 8 phases within ten years. Phase #1 of 16 units will be ready for marketing in the spring of 1989.

**Old County Road Place.** In 1987, the Board approved this Planned Unit Development of 27 two to four acre lots on the southeasterly side of Rte. 116 just south of Bickford Hill Road. Two houses are nearing completion.

**The Village at Lovett's Inn.** Currently in process is an application by Lafayette Development Corp. for a cluster development of 93 units on 148 acres behind Lovett's Inn.

**Red Coach Inn.** A 65 unit motel with coffee shop, indoor pool and accessory shops on Wallace Hill Road is nearing completion.

Your Planning Board has a few problems we hope to address in 1989 and 1990:

1. Franconia is an attractive town to developers.
2. The Planning Board is made up of lay volunteers who are having to deal with increasingly sophisticated developers who often appear with their attorney, sometimes two, and a retinue of engineers, architects, professional planners, and even a video camera.
3. Our zoning ordinance and subdivision regulations were written and designed for a world that was far simpler and very different from the one we will face in the 1990's.
4. Our Master Plan was completed in 1980 and has not been updated.

5. The agenda of the Board's regular meetings on the 2nd and last Tuesday of each month have been concerned with routine business and public hearings with little time for the primary job of planning.

Plan and recommendations for 1989 and 1990:

1. A Master Plan Commission of approximately 25 volunteers with professional assistance from the North Country Council is already hard at work to update our 1980 Master Plan and present it to the town for approval in March 1990. This will be a map of our town's future, a comprehensive set of policies to guide growth and development, and a legally recognized foundation on which to base our ordinances and regulations.

2. Set aside approximately  $\frac{1}{2}$  of the regularly scheduled meeting times each month for study and revision of our zoning ordinances and regulations. It should be recognized that such a program will generate some static from both developers and town property owners who have come to expect compliance with their requests for immediate scheduling. The cost to the town of this approach would be for some assistance from the North Country Council and final review by legal counsel.

We believe this expense and the cost of the Master Plan would be more than offset by future legal defense fees if these steps are not taken.

3. Increase in various application and filing fees to make the administrative operation of the Planning Board more nearly self-supporting.

4. Support of David Schaffer's proposal for a capital reserve fund, similar to our Town Equipment Reserve Fund, for legal defense for possible future suits. The mere existence of such a fund would tend to make the less environmentally concerned developer look elsewhere to sell his wares.

We would like to thank David White for his many years as Board member and Chairman and Austin Macaulay for his long service as both regular and alternate member.

Respectfully submitted,

Frederick W. Griffin  
Chairman

## ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment, upon application, reviews and decides on alleged errors in administrative finding, and grants variances to the Zoning Ordinance to provide relief from hardship. The Board also has the authority to grant an exception for use in keeping with certain provisions as outlined in the Zoning Ordinance. The Board does not interpret or revise the ordinance. Rather, we are charged with reading and straightforwardly applying the provisions of the ordinance to the problems brought before us. We are empowered to grant special exceptions and variances, on a case-by-case basis, when such is appropriate and consistent with the letter and spirit of the ordinance.

Two appeals came before the Board in 1988. In these two cases, the board voted to:

1. GRANT a variance to the Estate of William Holt to waive the terms of the ordinance to permit a 19.4 foot setback resulting from inadvertent placement of the building too close to the property line.
2. GRANT a variance to Jan Herbert in order to subdivide a four-acre lot on Overbrook Road in the Turtle Hill Development, as the road was not built to town specifications.

The appointments of Mary Ellen Gilbert and Jane O'Connor expired in April. To fill their positions, the Selectmen appointed alternate Christopher Brooks as a full member and Barbara Barrand as the new alternate member. Chairman Ronald Hunt left the Board to serve as Selectman and Joseph Nelson was appointed to replace him.

This report would be incomplete without acknowledgement of the Board's gratitude to Ron and Mary Ellen for their many years of service. The heart of any small town is its people, and Ron and Mary Ellen's contributions have enriched us all.

Respectfully submitted,

Christopher Brooks  
Chairman

## CONSERVATION COMMISSION

The Franconia Conservation Commission has become involved in the state funded Land Conservation Investment Program (L.C.I.P.) during 1988 and with a specifically formed volunteer Task Force is working toward identifying the natural resource values of parcels of land proposed for protection. The "L.C.I.P." works with any landowner to negotiate terms of conservation easements which pose permanent voluntary restrictions on use of their land while allowing the land to remain privately owned. Any donation of conservation easements, land, or money is fully tax deductible and will help permanently ensure the natural ecology, unique scenic integrity and continued conservation use of open space that maintains the character of our town.

We would like to thank the many volunteers of the Commission and Task Force for their continued time and efforts as well as the donation of services and expertise of Reggie Tarr for the maintenance and care of plantings downtown.

With the rapid changes occurring in our area we urge residents to be informed and involved in the decisions being made for the future of our town. Conservation and preservation will determine the quality of growth in Franconia.

Respectfully submitted,

Gretchen Nellson Bunker

## CHAMBER OF COMMERCE

Following is the treasurer's report for our three-town Chamber of Commerce for 1988.

Significant efforts have been made over the past year to expand, streamline and articulate the Chamber's operations. On the expansion side, the Chamber has engaged a full-time Executive Director, paid entirely out of the proceeds of membership dues (\$3,461.52 from 10/1/88, including withholding taxes, etc.) to assist in the management, administration and furtherance of the Chamber's primary objective to provide cost-effective services to its membership and the local community. The Executive Director's principal functions are to serve as a focal point for the Chamber and to lend support to the various volunteer working committees in the organization.

On the streamlining side, the Chamber has revised its accounting system more clearly to reflect the surplus and deficits from its operations. Through this process, the Chamber intends to develop a long term plan to determine the best ways to focus its limited resources on the most cost-effective of its operations. The accounting system is now partially computerized and the complete system should be operational by the end of the first quarter 1989. Contributions totalling \$8,080 from the three towns were insufficient to cover the approximate \$11,500 cost of an information booth attendant, whose wages had to be supplemented out of the Chamber's general reserves.

On the articulation side, the functions of the Chamber have been divided into approximately two dozen areas of responsibility including cultural events, information collection and dissemination, memberships, directories, map making and other publications, general and cooperative advertising, all season cross-country trails, booth operations, Cannon Mountain liaison, matching State grants, and other responsibilities. This division of labor into permanent ("standing") working committees is intended to decentralize the Chamber and to preserve the specialized knowledge that develops in each area of responsibility in order that changes of directors or committee members do not cause a corresponding loss of this knowledge to the whole organization. Each standing committee will coordinate with the board of directors through a committee member who is also a director. Although not all committees have yet been formed nor all directors designated to specific committees, the goal of the Chamber is to fill all vacancies by the end of the first quarter.

The Chamber needs approximately 100 volunteers to contribute approximately two hours per month to committee activities. Such contributions, when accumulated, will provide major cultural and economic benefits to the community. Anyone willing to assist in the Chamber's activities is invited to contact the Executive Director at 823-5466 or 5661.

## THE FROST PLACE

In 1988 the Frost Place completed its twelfth season. It began in May with the arrival of poet Greg Delanty, the fifth Irish-Exchange Poet, while Mr. Thomas Lynch of Milford, Michigan, travelled to the Guthrie Centre in Newbliss, Ireland, as the Frost Fellow. Mr. Delanty gave readings at both Plymouth State and Dartmouth colleges as part of his month-long stay in Franconia. Mr. Lynch wrote that while in Ireland he "accomplished a year's worth of work in three weeks", so perfect were the conditions for making art. This is, indeed, the true meaning of residencies for artists.

On July 5th, the tenth Robert Frost Day in New Hampshire was celebrated. Mr. John Engels of Vermont, the 1988 Resident Poet, gave a reading of his poems to an audience of some 85 or 90 people, while Ms. Cleopatra Mathis of Dartmouth College gave a talk on the meaning of the Frost Place to poets in America.

From August 1st through the 7th, the tenth Festival of Poetry took place. Besides Mr. Engels, five other nationally prominent poets served as Guest Faculty to the 45 participants: Toi Derricotte, Paul Muldoon, Richard Howard, James Tate, and Rika Lesser. Each evening some 35 or 40 area residents and visitors joined the participants to hear readings by these poets. Both print and video media attended and reported on several of the readings and the Festival and the Frost Place generally.

Some 1400 people visited this year, and the Chamber booth reports several inquiries per day from people arriving in town expressly to see the Frost Place. National media included stories on the Associated Press wire as well as special photo features in southern and western papers. The 1988 budget finished well in the black.

Finally, last year's Town appropriation of \$5,500.00 for structural repairs to the building was spent (or firmly contracted for) in its entirety. The building is now in excellent shape, and the Board of Trustees extends its thanks to the Town and all its citizens for their generous support.

Respectfully submitted,

Donald Sheehan, Director

## FRANCONIA HISTORY-MUSEUM COMMITTEE

1988 has seen encouraging growth and development for the Franconia History-Museum Committee due to your support and the work of the committee members.

Some of the on-going and completed projects of the History-Museum Committee include:

During the summer of his Senior year at Plymouth State College, Raymond L. Holland indexed the old town records which are available at the Town Building.

Bernard Herbert of Franconia is leading an effort to collect information on casualty figures including names of residents of Franconia involved in conflicts from the American Revolution through the Vietnam Conflict. He is in contact with the Military Services Branch of the National Archives, Washington, D.C. This information will be used for future Memorial Day observances and special military dedications in the town.

The History-Museum Committee is delighted to pass along to you the news that Phyllis Herbert's EARLY HISTORY OF FRANCONIA, NH, received the 1988 James Tyler award for excellence in design for the Printer, Sherwin-Dodge of Littleton. This award is presented by the New Hampshire Graphic Arts Association.

The History-Museum Committee enjoys an outstanding and harmonious relationship with the Franconia Area Heritage Council. The Council has worked diligently along with the History-Museum Committee to encourage sales of the following books: THE HISTORY OF FRANCONIA, NH and THE FRANCONIA NOTCH GUIDE by S. Welch; EARLY HISTORY OF FRANCONIA, NH by P. Herbert; SAVING THE GREAT STONE FACE by F. Hancock. The Council has magnanimously agreed to use the revenues raised from the sale of books listed above and from memberships to promote historic projects in and for the town.

The project upper most in the minds of History-Museum Committee members at this writing is the future plan for the Sarah Welch property on Sunset Lane. No decision has yet been reached concerning its use. With the Selectmen's approval, we are about to begin the organization of the contents of the house, so that the building is available for whatever the future holds.

The History-Museum Committee is most grateful for articles donated for museum use. It is also grateful for the beneficent support of the Franconia Area Heritage Council and those who in turn support through their membership and donations.

Respectfully submitted,

Eileen Ball, Past Chairman  
Amy Bahr, Chairman

# *REPORT OF THE FRANCONIA/SUGAR HILL POLICE STUDY COMMITTEE*

## *To the Boards of Selectmen of Franconia and Sugar Hill.*

If we were to write a preamble to this report we probably would paraphrase the Preamble of the Constitution of the United States something like this: "We the People of Franconia and Sugar Hill in order to form a more perfect union, establish justice, insure mutual tranquility and provide for a common Police Force - - -"

The Franconia/Sugar Hill Police Study Committee was organized in August of 1988 after the voters in both towns had directed the Selectmen to investigate a way to form a joint Police Department. The committee is composed entirely of people who volunteered their services. From Franconia are Dan Fowler, Pat Haggerty, Carl Hilgenberg, Jayne O'Conner, Chris Collman, Hal Tuttle and Jere Peabody. From Sugar Hill are Everett Grass, Jeff Henault, Jean Ring, David McPhaul and Roger Aldrich.

At the organizational meeting it was unanimously decided that the committee would act as a "regional" committee without regard to town lines. Roger Aldrich was chosen as chairman, Carl Hilgenberg was chosen vice chairman and Kathy Didier was asked to be secretary.

At the very beginning we found that no other grouping of towns had ever done what our voters wished to do. The pioneering spirit is not lost and we have proceeded to find the way.

### THE PROCESS IN SUMMATION

The plan, which this committee is recommending that the towns adopt, is the result of extensive research and interviews with those whom the committee felt would be able to help us reach the best and most cost effective conclusion. To name a few:

1. We met with each towns police chief, former Chief Young, and Deputy Sheriff Holland. We asked for, and received assistance from Deputy Sheriff Gilbert of Grafton County on technical details and budget questions. We sought out and received information on Salary and Benefits from many towns in Grafton County and also received pertinent information on the Fair Labor Standards Act as it pertains to Law Enforcement.
2. We met with the New Hampshire Municipal Association representatives; Stephen L. Sawyer, Municipal Risk Manager, and Leslie G. Horne, Loss Prevention Coordinator. At the same meeting was Eric Hampson of the Franconia Insurance Agency. A lengthy discussion centered on coverage and Occurance vs. Claims Made Insurance.
3. We had extensive meetings, correspondence, and phone discussions with Laurence Gardner, Attorney for Sugar Hill and Stephen Samaha, Attorney for Franconia. These meetings also involved the Attorney Generals Office for the State of New Hampshire. This was perhaps the most significant and time consuming work that the committee undertook. It involved finding the legal entity under which a joint police department might work best while at the same time affording the separate towns due process as regards budget and operational procedures. In addition, three crucial questions were raised: a) How to begin; b) What to do with the present separate departments, their personnel, and current case load proceedings; and c) How to dissolve a joint department if the voters of one or both towns became dissatisfied.

4. Two sub-committees were formed to facilitate research on legal and budget matters.

- a) Budget Group: Studied past town reports from both towns pertaining to Police Budgets; sought out and received information from law enforcement agencies including the Grafton County Sheriff Department; analyzed a salary/benefit study of cities/towns in Grafton County; examined current employee benefit packages; and proceeded to develop a plausible budget for a start up first year operation that utilizes the assets of the two current separate departments.
- b) Legal Group: Met with Town Attorneys Gardner and Samaha to examine in detail the various legal avenues open; had contact with Rep. Densmore in regards to the passage of legislation that would be in the best interest of the towns; and reviewed reports from the State Attorney Generals Office.

*(note: The full committee met first to discuss various study topics, sub-committees researched items further, and finally the entire committee met to review and finalize sub-committee workings.)*

The above information is being reported in order that the towns may better realize the level of research and care which the Police Study Committee has given each aspect of its task. Outlined below are the three (3) primary options that are available to permit the legal formation of a single Police Department. Concluding this report is the recommendation of this committee to our Boards of Selectmen and to our fellow townspeople.

#### METHOD A, ADMINISTRATIVE ENTITY

An Administrative Entity very similar to the agreement proposed by the Franconia Selectmen prior to the formation of this committee. Basically it is a contract between the two towns with one or the other providing the police service for both.

On the positive side is the fact that this would probably be the easiest method to implement.

On the negative side we find that a joint administration would probably not be allowed by the Attorney General, who must approve the contract, unless enabling legislation were first passed by the General Court. Without this legislation the only joint administration possible would be a "gentlemen's agreement".

The committee does not favor this plan as the non-administrative town would not be properly afforded its say and it would be akin to taxation without representation.

#### METHOD B, SEPARATE LEGAL ENTITY

This set up is similar to the present Regional Refuse Disposal Districts. Once the officers of the entity are in place they establish the budget and procedures as they see fit. A budget hearing is held but the voters have little say on line items.

On the positive side is that it can be done.

On the negative side is the lack of voter control over operation and budget. Enabling legislation may be called for to satisfy its legal status.

#### METHOD C, VILLAGE DISTRICT

Attached to this report is a copy of Chapter 52 which covers the establishment and operation of a Village District. It operates within boundaries established by the selectmen. The voters within

these boundaries have the same degree of control as that afforded by the town structure. It is the opinion of both Attorney Samaha, representing Franconia and Attorney Gardner representing Sugar Hill that a joint police department can be formed in this manner. We have consulted insurance people and have been assured that coverage will be available.

While both attorneys concur that this offers the best avenue for the two towns to proceed in, there is concern over several factors that may have to be addressed by legislation and the Attorney Generals Office.

- a) No other town has done it for this specific purpose;
- b) The statute was not written for two or more towns to include the entire townships within the district boundaries;
- c) The escape clause in the statute is cumbersome and inadequate in the view of this committee; and
- d) Another layer of government is formed consisting of a separate voting and taxing district.

### WHERE DO WE GO FROM HERE?

It is the opinion of this committee that a clarification amendment needs to be introduced to Chapter 52 N.H.R.S.A. Which would clearly spell out the authority for entire towns to use this method and revise that section of the statute ie: disbanding districts

With these points in mind, a meeting was scheduled with “Ned” Densmore, Representative to the General Court for the purpose of introducing such legislation. This legislation will serve the interests of not only our two towns, but of any other towns in New Hampshire seeking out the best and most cost effective method of providing town services.

The state laws are full of special interest legislation that has been passed for the benefit of only one or two towns. This is not the intent of this committee’s recommendation; but rather to provide effective and workable legislation that will be of benefit state wide, and regardless of whether or not our towns fully utilize it.

### POLICE STUDY COMMITTEE RECOMMENDATION

With or without the proposed legislative amendment to Chapter 52, it is the majority opinion of this committee that METHOD C, VILLAGE DISTRICT is the preferable way to accomplish a joint police department for the two towns.

Included in the addendum to this report are:

- 1.) a structural outline of the proposed department;
- 2.) a preliminary minimum/maximum budget for a joint department;
- 3.) a copy of Chapter 52 of the N.H.R.S.A. re: Establishment of a Village District; and
- 4.) N.H. Municipal Association information re: insurance coverage.

Additional information regarding: 1.) occurrence insurance, which Mr. Hampson of Franconia Insurance Agency assures us is available and 2.) proposed legislation that Rep. Densmore will be presenting re: R.S.A. 52 will subsequently be supplied to the boards.

This committee recommends that the Board of Selectmen of Franconia and Sugar Hill proceed as soon as practicable to form a district under Chapter 52, N.H.R.S.A., for the purpose of providing police protection for the two towns.

This committee has worked extraordinarily well in our collective opinion and the members have enjoyed working together. If we can be of further assistance to the Boards of Selectmen in this matter we would be more than happy to take any action that they may request.

Respectfully submitted this \_\_\_\_\_ day of \_\_\_\_\_ 1988.
