Motion by J. Landry, seconded by R. Thompson. J. Landry explained that so far the Water Department has used up \$7,000.00.

\$ 2,000.00 on the Goodbout job to finish it.

2,000.00 for general maintenance

3,000.00 for the Loon Pond dam.

L. Woodward asked for an explanation. George McGee explained that pollution of rivers, etc., could run into a lot of money and that a sum of around \$70,000.00 was estimated in order to fix the Loon Pond area, providing for a new dam, etc., and was given by State Engineers when they inspected the area to see what could be done in order to insure a complete supply of water from there to the Town.

R. Bourassa asked about the Town of Lincoln supplying water to the Town of No. Woodstock. He was told that nothing definite had been settled on that situation yet.

E. Houle asked if anything would be done about the water situation for the coming Summer, pertaining to Boyce Brook. He asked if it could be re-dug to make it deeper and hold more water for a larger supply for those on the Highway. G. McGee said they did not recommend it as the watershed is very small. He said that Loon Pond and Boyce Brook should be adequate as this last Summer was an unusually dry Summer and has not happened in years before. E. Clark said that Boyce Brook was originally meant to be used for the highway only but that all the Town of Lincoln was put on it last Summer which drained it so. Loon Pond should be for the Town and Boyce Brook for the Highway people only. He said he thought that a dam should be built at Loon Pond to in-

sure more supply. Mrs. Hogan asked why this could not be done so they would be insured of enough water to keep in business. J. Adzarita asked why it could not be straightened out right away and not left until an emergency came up and then try to solve the problem. R. Russell suggested that a study committee be chosen to act on this problem and then call a special Town Meeting to decide what will be done about it.

J. Landry withdrew his motion for \$10,000.00

A motion was made by George Boyle for \$10,000.00 and seconded by R. Russell 72 yes—32 nos.

Article 24. To see if the Town will vote to raise the sum not to exceed \$3,000.00 and authorize the Selectmen to enter into an agreement with the Franconia Paper Corporation to lease the Lincoln Garage Building for a period not to exceed 10 years at a rental price of an amount not to exceed \$3,000.00 per year. Any earned income shall be applied against the rental price.

Motion by R. Thompson, seconded by E. Smith.

W. Canton read the following explanation from the Franconia Paper Corporation pertaining to the rental of the Garage.

The Franconia Paper Corporation will let their garage to the Town of Lincoln under the following provisions with a (10) ten year lease.

1. \$250.00 a month rent with heat and insurance and maintenance included.
2. Franconia Paper Corporation agrees to let the building in its entirety to the Town and to pay rent to the Town for any space they may use.
3. Any other income which may be derived from rentage of space, or by any other means will go to the Town.

In regard to the renting of the Franconia Paper Corporation Garage to the Town of Lincoln.

The Corporation agrees:

1. To repair top floor of garage.
  - (a) This will be done section by section until completed.
2. To paint front of building and paint on the building where "Lincoln Garage" is now paint-

ed, a name designating the choice of the people as to what the building shall be called.

3. To close up the present big door on the front entrance of the building and install entrance door in its place.

4. To install suitable stairs and platform and rails in front of the new front entrance.

5. To make necessary repairs to the jail at a cost not exceeding \$100.00.

6. To extend light and heating facilities to cover new offices.

7. To paint Selectmen's office and Show Room, so-called.

8. The Corporation will partition off and build offices as shown.

Namely; "A" for Town Clerk, "B" as Assembly Room for meetings and other uses which may be required for Town Officials.

9. The Corporation will not cut a doorway through at "Y" on plan or build any partition or spend money to house fire equipment on the top floor. This is entirely up to the Selectmen.

The Committee recommends that a committee be appointed to handle the rental of any space in the garage building.

Revenue from rentals in the garage was mainly from Faltin who rents tractor space down stairs during the Winter months amounting to about \$40.00 per month.

George McGee said that it appeared that some of the people were concerned about his being in the Lincoln Garage, that is some of his equipment, but that he wanted it known that he pays the stall rent as required. L. Sargent said he didn't

think the garage should be used for public purposes as far as rental space was concerned. Dr. J. Dooley made an amendment to Article 24, to authorize a commission of 3 to be appointed from the floor to supervise the use and maintenance of the garage. Seconded by Mrs. J. Dooley.

Vote in the affirmative.

The three people chosen were: W. Canton, L. Woodward, R. Thompson; the above were chosen with the highest number of votes in their favor from a slate of 4.

W. Canton — 71 votes  
L. Woodward — 81 votes  
E. Clark — 66 votes  
R. Thompson — 92 votes

3 votes were blank and one spoiled.

Article 25. To see if the Town will vote to authorize the Selectmen to trade in the old Payloader, and vote to raise and appropriate an amount not to exceed \$12,000.00, for the purchase of a new Payloader.

Recommendation made by R. Russell that the Town raise the sum of \$12,000.00 for a new Payloader.

Motion by J. Landry, seconded by E. Levasseur.

Vote in the affirmative.

Article 26. To see if the Town votes in the affirmative on the preceding article, if the Town will vote to authorize the Board of Selectmen to borrow on the credit of the Town the sum of money so raised and appropriated; and for this purpose to authorize the issuance of serial notes or bonds of the Town under and in accordance with the provisions of the Municipal Finance Act. Interest payable

annually, Principal, payable in five equal payments starting in 1962.

A motion on the above Article 26 was made by J. Landry and seconded by G. McGee that the Article be acted upon as read and requested a 2/3 vote.

Yes — 105      nos — none

A vote in the affirmative.

A discussion followed and an amendment to the article was made by E. Clark that the rate of \$10.00 be charged to Town residents and a rate of \$12.00 be charged to non-residents and that 2/3 of the earnings of the Payloader be set up in a fund to be used only for new Town machinery with 1/3 of the earnings be used for operator and fuel, and the earnings of this piece of equipment be available to defray Town costs for 1962. George Hooker made a substitute motion, that they move that the income of the Payloader be set aside to defray the expenses of 1962.

G. McGee was opposed to the rates of the amendment. He said \$6.00 per hour would be a fair price to charge residents of the Town. E. Clark said he had discussed the rates previously with G. McGee who had agreed that the \$10.00 and \$12.00 rates were feasible. G. McGee said he had thought this over and that the \$6.00 fee per hour to Town residents would be enough to defray the expense of the machine's use. G. Hooker said he thought they should itemize the expenses which would be clearer to all. G. McGee said he did not think we should stipulate a special fund as they would not be able to use it, he didn't think it would be legal. E. Clark withdrew his amendment to Article 26 and stated a new amendment; The rates to be \$6.00 per hour for Town residents of Lincoln at a going

---

rate and to non-residents and all contractors the rate to be \$12.00 per hour with all outside revenue to be itemized. Seconded by G. McGee. A vote to reconsider Article 26 was taken with all votes in the affirmative. A discussion followed on the amendment and the votes were; 96 yeases and no nos. A vote in the affirmative.

Article 27. To see if the Town will vote to rescind its vote taken whereby they voted to adopt the provisions of the Municipal Budget Act. The Town to continue operating under a Budget Committee elected by vote with the same duties and powers but not subject to the Municipal Budget Laws.

A motion was made by G. McGee and seconded by E. Levasseur to postpone this article indefinitely.

L. Sargent suggested we have the State men come up and explain this Municipal Budget Act to the Town people so that it may be more clearly understood. Dr. J. Dooley said he thought we should have someone come in and advise us and perhaps the Tax Commission could explain it to us. G. McGee was asked if he could influence someone to come in and explain the Act to the people and he said he would see if he could get Judge Marvin to come up.

A vote in the affirmative.

Article 28. To see what measures will be taken to provide for a Town Dump.

J. Landry asked for an explanation on the dump problem.

G. McGee said that the Franconia Paper Corporation sent a letter saying that they would no longer maintain a dump for the Town. It is the responsibility of the Town to take care of the present dump or provide one of their own.

---

## TOWN OF LINCOLN

---

A motion by E. Clark and seconded by G. McGee that the Town authorize the Selectmen to enter into an agreement with the U. S. Forestry Service to locate a dump on Federal land.

A discussion followed. G. McGee said the Town would be liable for anything that might happen, such as fires, etc. Dr. Dooley asked about the condition of the dump at present and if it could be covered over and made more sanitary and to absorb odors, smoke, etc.

Motion made by Roger Stewart, seconded by M. Plummer.

A vote in the affirmative.

The Town would have to assume the responsibility and liability of the dump now being used and the Company would not be liable for this dump.

A motion was made by George Hooker and seconded by J. Landry that Article 28 be reconsidered. This is pertaining to the Town Dump. The motion to be that we accept the Company offer of the continuing use of the present dump, clean it and to accept the fire responsibility and also include E. Clark's amendment along with this motion. The amendment is as follows: The Town authorize the Selectmen to enter into an agreement with the U. S. Forest Service to locate a dump on Federal land.

Motion by J. Landry, seconded by G. McGee.

A vote in the affirmative.

Article 29. To transact any other business that may legally come before the meeting.

Nominations were in order for members to replace the retiring Budget Committee. The following nominations were made:

---

## TOWN OF LINCOLN

Dr. J. Dooley, nominated by G. Hooker  
G. Parker, nominated by Jas. MacDonald  
R. Russell, nominated by E. Levasseur  
M. Tardif, nominated by E. Clark

Motion made by G. Hooker and seconded by E. Smith that nominations be closed and that the Clerk cast one ballot for the above candidates.

Vote in the affirmative.

James Adzarito made a motion which was seconded by G. McGee, that a committee be appointed consisting of the Board of Selectmen and the Water Commissioners, to study the water problem and that the study group submit a report to include possible solution in not less than six (6) weeks from the town meeting date and if the need is determined for immediate action, a special town meeting be called.

A vote in the affirmative.

M. Clark said he thought it should be entered into the town records for next year that a Capital Reserve Fund be set up for the Pay Loader. J. MacDonald said we could not do this. Ed. Clark suggested then that it be set up as a Sinking Fund. J. MacDonald said this would have to be put through the Budget Committee for their recommendation. Mr. Clark said he would do this.

M. Clark asked who had the authority to place articles in the Town Warrant and J. MacDona'd said the Selectmen only could do this at their own discretion.

Motion made by G. McGee and seconded by J. MacDonald to adjourn the Town Meeting. Vote in the affirmative. Time of adjournment 5:30 P. M. The following results were obtained after the votes were officially counted:

grades one and eight in both Lincoln and No. Woodstock schools. The High School Seniors were also included. Several teachers and the cafeteria personnel took this test. The test was given by Dr. William Prince, Director of Communicable Disease Control, N. H. Department of Health, assisted by State Nurse Loretta Russell and the local nurse.

The services of a Dental Hygienist were obtained through the Bureau of Dental Health. This service consists of teeth cleaning and the application of three treatments of Fluorine, the latter being an agent which helps prevent tooth decay. This was carried out in the first five grades of the No. Woodstock school. The same program is now being set up for the pre-school children of both towns.

Instructions on Home Care of the Sick were given to the High School Home Economics class. This class also had instruction on applying the Ace bandage.

The Christmas project was aided substantially by funds from the Salvation Army, the Elks and Emblem Club of Littleton, donations from friends and the high school students. As the result of this kindness, toys, food and clothing were bought and given out.

At this time I would like to thank all who helped on this project and for co-operation during the year.

Respectfully submitted,

NORA E. PARENT, R.N.

**Expenditures — Estimated and**

**Actual Revenues:**

(Exhibits A-3 & A-4)

As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$3,862.55, less a revenue surplus of \$2,163.78, resulted in a net budget deficit of \$1,698.77.

**Summary Statement of Receipts and Expenditures:**

(Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1961, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1961, is indicated in Exhibit B-2.

---

TOWN OF LINCOLN

---

**Statement of Long Term Indebtedness:**

(Exhibit G)

A statement of outstanding long term indebtedness as of December 31, 1961, showing annual debt service requirements, is contained in Exhibit G.

**Audit Procedure**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

**General Comments**

**Current Deficit:**

The current deficit (excess of current liabilities over total assets) decreased from \$17,426.58 to \$920.12 in 1961, as shown herewith:

	Dec. 31, '60	Dec. 31, '61
Total Assets	\$ 23,841.10	\$25,558.06
Current Liabilities	41,267.68	26,478.18
	<hr/>	
Current (Deficit)	(\$ 17,426.58)	(\$ 920.12)

---

**Surety Bond of Town Treasurer:**

The surety bond of the Town Treasurer should be increased from \$10,000.00 to \$20,000.00 in order that the amount of the bond may be more proportional to the amount of funds in the custody of the Treasurer.

**Conclusion:**

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Lincoln for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director

### LINCOLN SCHOOL BOARD REPORT

---

Your School Committee feels that its major function is to see that the school buildings are well maintained, well staffed, and that adequate equipment is supplied so that the education of your children is at the level you, the school district, demands.

Feeling that a decision must be made in the near future as to the direction in which the school district will move, the maintenance of the high school has been held at a minimum. The gymnasium floor has been painted and the roof over the science laboratory has been patched. Shelves have been built in the upstairs corridor for storage of library material.

The elementary building has been painted on the exterior. The school cafeteria has been completely painted; floors, walls, and ceiling.

Sufficient light for studying was not supplied by the method of lighting existing originally in both buildings. The wiring in the elementary building was not capable of handling additional loads. The top story of this building has been rewired and new light fixtures installed in these rooms.

Murray and Edward Clark donated materials and labor for basketball backboards and soccer goals. This new equipment was set in the playground with the assistance of Mr. Dean. The School Board wishes to thank them for their contribution and civic interest.

The past year has found changes in the high school faculty. The district was fortunate in the return of Miss Joan Lehan as the instructor in mathematics. Miss Lehan was the recipient of a National Defense Educational Act grant, and has been doing advanced study at Boston College. Mr. Floyd Ramsey and Miss Claire Gauthier have proved valuable re-

placements. From the results of national achievement tests, it may be concluded that there is an excellent group of teachers now in the secondary school.

David Burbank, of the present senior class, was one of twenty-three semi-finalists in the state on the National Scholarship Program. The scores obtained on the National Merit Scholarship and College Entrance Tests by the college preparatory students have consistently been above average. The elementary school staff remains the same as in the past and the work there is of high caliber.

During the past year there has been a continued interest in the faculty for advanced study. A large percentage of the teachers have traveled to Plymouth and Littleton to take courses supplied by the University of New Hampshire and Plymouth Teachers College. We now have an extension course given at the high school by the University. A majority of the faculty are enrolled.

The teachers' association spent a year in the study of the science curriculum. With the cooperation of the State Department of Education and other professional educators, a two day workshop was held at the beginning of the school year. A majority of the elementary teachers took a course in the teaching of science at Plymouth. Science equipment was procured under the National Defense Education Act. A new series of science textbooks were adopted in the elementary school. This has led to an enriched science program for your children.

Mr. Shea has introduced a week of camping experience for the seventh and eight graders. This program makes it possible for students to attend the Sargent Camp of the Boston University. This program provides opportunities in democratic living, assuming of responsibilities and in the development of initiative and self-reliance.

The library in the high school, under the direction of Mrs. Edmund DeGrace, is growing in the number of volumes and in the use of these by the students. A system has been instituted for the use of periodicals for research materials. A grant of \$634 from the National Forest will aid in development of this facility.

In keeping with progress, a television set has been purchased for use in the elementary school for educational science programs, half of the cost to be supplied by N. D. E. A.

The physical education program instituted last year is being carried on well. The addition of a trampoline and a vaulting side horse have completed the major equipment requirements. Soccer has been added as a varsity Fall sport. The cross-country team won the Pemi-League championship and placed third in state competition. The baseball team won the championship of the Pemi League. The Ski Team won the big one and came home from competition at Manchester as State Champions.

The School Building Committee have been holding regular meetings during the past year and have cooperated fully with the School Committee. It is felt by your committee that adoption of their recommendations, relative to a six-year comprehensive high school, is a necessity for the Lincoln School District in the near future or elements beyond your control will force your high school to be closed.

The Board would like to state in conclusion that it has enjoyed pleasant relations and full cooperation with your superintendent, Ronald A. Perham, and looks forward to the coming year as another opportunity to serve you for better education in Lincoln.
