LIBRARIAN'S REPORT FOR 1949

The Bookmobile from the N. H. State Library continues to make regular trips to our Library, but because of the cut in State appropriations it carries only children's books. For that reason we have not bought as many children's books as some years.

We wish to thank all the people who have given books and magazines to the Library during the past year.

The adult classes sponsored by the Library have been very well attended. The sewing classes, beginners being taught by Mrs. Kaye and advanced students by Mrs. Sargent of Woodsville, have been completed, and other craft classes are in progress. A woodcarving class is held every Monday night at the school house. Last August this group was asked by the League of N. H. Arts & Crafts to demonstrate their work at their annual fair at the Belknap Recreation Area in Gilford. A market is opening for wood-carved articles.

Classes in weaving, with Miss Lily Hoffman as teacher, rug hooking, taught by Mrs. Madelaine Wells, and stencilling, with Mrs. Lois Greer as teacher, are held twice a month and will continue through the Spring. There are still openings for new members in these classes.

The new library table and six new chairs for the children's part of the Library are a decided addition.

Respectfully submitted,

JANE E. PRATT,
Librarian

TEACHERS AND PUPILS:

Several changes have occurred, since last June, in the teaching staff of the Monroe Consolidated School.

Miss Connolly, after many years of service in Monroe, resigned to accept the principalship of a much larger school in Milford, New Hampshire. Miss Leota Whitcomb resigned to take a position in Milford, also. These resignations caused vacancies, not only in the positions of principal and teacher in grades VII and VIII, but also in shop, art, home economics, and lunch supervisor.

Mr. Eugene W. Carver of Raymond, Maine, a graduate of Cortland Teachers College, New York, was employed as principal, and teacher of social studies, art and shop in the upper grades. Mr. Carver taught last year at Eliot Junior High School in Eliot, Maine.

Mrs. Mildred Daniell, previously teaching grades V and VI in Monroe, accepted the VII and VIII grade position, as well as the work of Supervisor of the school lunch program and home economics instructor. Mrs. Daniell has also developed a class in craft work for the girls which has proven both instructive and popular.

Miss Margaret Downing of West Franklin, New Hampshire, was selected to replace Mrs. Daniell in

grades V and VI. She is a graduate of Plymouth Teachers College, class of 1949.

The enrollment of pupils remains quite constant, there having been a total of 101 in the combined grades of the elementary and secondary schools last year, while for the present school year, 97 are enrolled. A slight change in the time schedule of the elementary school has greatly relieved a long period of waiting between bus arrival and school opening, with the added convenience of the pupils reaching home earlier at night.

BUILDING AND GROUNDS:

A long range repair program was started by sanding and refinishing the auditorium floor. The same type of work is planned for the floors throughout the building, to be accomplished at the rate of two rooms per year. These floors were left undone during the war years, and are badly in need of refinishing. New sewer pipe was laid to relieve the clogged condition existing last year. As this is sealed iron, it should permanently prevent the ingrowth of tree roots which had caused much trouble in the past.

It was with regret that the Board accepted the resignation of Mr. Lewis Wright as janitor of the Monroe Consolidated School building. Because of ill health, Mr. Wright felt that he should give up this work. I would like to add a word of praise for the efficient and loyal manner in which Mr. Wright did his work. He was a part of the system and the system was also a part of his life.

Mr. Frank Gibson was employed to replace Mr. Wright and is efficiently continuing to do the work of school custodian.

GENERAL INFORMATION:

The loss of Lottie M. B. Underhill, R. N., who was taken from our school system by death last March, was keenly felt by the administration. Only expressions of praise are written in the files of Superintendents Page, Janes, Martin, Douglass, and myself, all of whom she served during the years of her active service in this Union.

Miss Helen D. Latulippe, a graduate of Mary Hitchcock School of Nursing, and of Simmons College School of Public Nursing was obtained to fill the position left vacant. Miss Latulippe is a resident of Plymouth, New Hampshire. The efficient manner in which she has taken over the work of School Nurse is commendable. The Union is fortunate in securing one with such qualifications and experience.

The loss of State Aid, in the several school districts of this Union, has made it necessary for the districts to curtail any immediate plans for a co-operative secondary school, as such plans depend somewhat upon both building aid and transportation aid from either the state or federal level, or both.

CONCLUSION:

My personal appreciation of the sincere interest of the members of the School Board in promoting the pupils' welfare and progress; of the professional integrity and loyalty of the teachers, and of the assistance and cooperation of the citizens of the district in general is hereby gratefully acknowledged.

Respectfully submitted,

PHIL A. BENNETT,
Superintendent of Schools
