Dear Dad,

Hi. How come you're eating with the Navy? Can't let that get out around here. After all, in the past, I've defended the Army right down to the mess.

Nothing much is happening around here. Today both Gretel and I had basketball games. Hudson Catholic beat us by eight points. Gretel's team beat Stow by a landslide.

This Friday, unless something dreadful happens, I'm going to the Rom. I'm being escorted by Ed. We intend to double with Chris and Anadya. Right now I don't know why I ever decided to go. It promises to be a big falling down flop.

The weather is still cold. I might spend a good part of vacation over at Thinnie's house. Why did Col Steele recommend the Post

College.

When you punctuated your salutation in the last letter you put a colon after DEAR Ed. You should have put a comma there. I RECEIVED a Band 2 B⁺ from Old Lady Turner, excuse

Dear Dad,

Hi. How 'come you're eating with the Navy? Can't let that get out around here.

After all, in the past, I've defended the Army right down to the mess.

Nothing much is happening around here. Today both Gretel and I had basketball games. Hudson Catholic beat us by eight points. Gretel's team beat Stow by a landslide.

This Friday, unless something dreadful happens, I'm going to the Prom. I'm being escorted by Gil. We intend to double with Chris and Knadya. Right now I don't know why I ever decided to go. It promises to be a big falling down flop.

The weather is still cold. I might spend a good part of vacation over at Winnie's house.

Why did Col Steele recommend the Post College.

When you punctuated you salutation in the last letter you put a colon after Dear Elz. you should have put a comma there. I received a B and + B⁺ from old lady Turner, excuse

me, Mrs. Turner. Louise misses you
an awful lot. She even accused Gretel and I
of forcing you to leave Thursday. "I think
you made Daddy leave."

School is as dull as ever. Except I'm
worried about next September. D. Woodsum
received her fourth rejection from a nurses
school. Yesterday in P.O. we saw a program
on T.V. ^{on} which I have several pamphlets.
World War II, the events and the men.

Well I can't think of
anything. So for now

Over and out love
