ON THE COVER

Emmanuel Church, Dublin, N. H.

The first Episcopal church services were held in Dublin on Sunday, August 9, 1874, when the Rev. Henry Mayer of Philadelphia conducted an Evening Prayer service in the Unitarian Meeting House at 4:00 p.m.

In 1879 and 1880 the Reverend Dr. Goodwin of the Episcopal Theological School of Philadelphia conducted services every Sunday afternoon during July and August, and in the summer of 1881 two theological students held Episcopal services in the Town Hall.

In July of 1883 the Reverend Reuben Kidner, who was one of the ministers at Trinity Church, Boston, and a graduate of Harvard College, A. B. 1875, and of the Episcopal Theological School. S.T.B., 1878, conducted an Episcopal service in the Town Hall, having been invited to come to Dublin by Mrs. Copley Greene. Mr. Kidner was instrumental in the founding of Emmanuel Church, and the story behind the building of the church and rectory is given in a letter he wrote in 1915, a portion of which reads as follows:

“Miss Caroline L. Rideout, a summer resident, urged the building of a church, and one day Miss Mary Green surprised me by sending a letter in which she said that she and her sister, Miss Margaret, would give two thousand dollars towards the building of a church in memory of her sister, Mrs. Casper Crowninshield, who had died in Dublin, December 28, 1885. Although some of us thought that a church was not needed, the Town Hall serving our purpose pretty well, there was nothing to do but to build. Mr. Crowninshield gave five hundred dollars, Mrs. Copley Greene and her children two hundred, and we soon had four thousand in hand.

“Dr. Hamilton Osgood and Prof. Raphael Pumpelly consented to serve as Trustees and building committee. Mr. Robert D. Andrews of the firm of Andrews and Jacques, Boston, was asked to prepare plans, which he gave as his donation to the enterprise. The design has been much admired, and a copy of it is to be found in one of the French cyclopedias of architecture. The contractor was Mr. A. L. Ball of Dublin.

“The chancel windows were designed by Mr. Fred-eric Crowninshield, and they are memorials of Mrs. Crowninshield.

“The building, under the name of Emmanuel Church, was consecrated by Bishop William Woodruff Niles of New Hampshire, August 3, 1888. Services have been maintained in the summer ever since, beginning in June and lasting until the first of October.

“The rectory was built in 1889.”

from History of Dublin

Except for a tremendous growth in trees, undergrowth and bushes, the church and rectory remain pretty much the same today, with the usual repairs and improvements including the installation of a re-furbished tracker-action organ in 1967. Services continue to be held, as in Reverend Kidner's day, every Sunday from the last Sunday in June through the first or second Sunday in September, and joint Communion services have been held for the past two summers with the Dublin Community Church, using one church in July and the other in August.

REPORT OF POLICE DEPARTMENT

Chief: Robert McLean
Officer: Donald Rajaniemi
Officer: Otto Sirois

Tel: 563-3711
563-3524
563-4691

With the help of a cruiser, with the help of a multi-band radio network, with the help of state, county and other area police agencies, crime investigation and prevention or apprehension is becoming a highly technical field. But there is still one basic tool: the local citizen. And that local citizen can arm himself with very simple equipment: pencil and paper. Write down license plate numbers of vehicles found or seen in unusual places or under unusual circumstances and report them to your police department at the earliest convenience. Report any suspicious person or activity by phone immediately either direct to your police officers or through the Mutual Aid System (Keene, 352-1100). A responsive citizenry can be of vast assistance to your police department in crime prevention and/or criminal apprehension.

During 1971, your police department investigated, responded, or acted on numerous complaints, accidents or violations. There were 75 persons taken to court. Out of the 75 one was filed, two dismissed, one Nol Pros, 3 pending, 4 suspended, 3 defaulted, and the rest convicted.

Each of us in Dublin knows that the police department can make as much of its job as the individuals in the department wish to make of it. However, your police are called upon frequently by the citizens. Complaints ranged from stray dogs to speeding vehicles, from noisy neighbors to noisy snowmobiles. Each task your department is called upon to perform requires time and in many cases additional administrative time, the writing of reports and/or investigations.

Thanks go again — not as a routine matter but in all sincerity — to Mr. Elliott Allison who watches our children morning and afternoon at the school crossing. Thanks also to Mrs. Allison who now and then substitutes for her husband at this highly important job.

Long in the minds of the townspeople has been the subject of a full-time police officer. At your 1972 town meeting you will be asked to consider a warrant article calling for a full-time police officer. I urge your full consideration of the matter.

Respectfully submitted
Robert N. McLean, Chief

REPORT OF THE DUBLIN FIRE DEPARTMENT, 1971

1971 was a rather calm year for the fire department. We were called upon 22 times for various emergencies. This is less than half the number of calls in 1970.

Mutual Aid out of town	3
building fires	3
chimney fires	1
dump fires	3
brush fires	3
car and truck fires	4
rescue	1
recusitator calls	1
stand by car accident	2
stand by fireworks	1

There were two fires of suspicious origin. One was definitely ruled arson by the State Fire Marshal's Office. However, no one was charged due to the lack of evidence. This is a most serious but difficult crime to prove.

The new truck chassis was ordered the day after town meeting, and was in operation by mid September. The entire job was not completed until late November. So far, the truck hasn't seen a fire, but it is ready in the event that we should need a fast water supply. The new truck has received extensive testing in all phases of its operation, and has proven to be far ahead of what we originally estimated that it would do. There are two exact copies of our truck now under construction for other fire departments. There are numerous other departments preparing to ask their voters about purchasing such a truck for themselves this next year. It has been a great compliment to the Town of Dublin for having pioneered one of the most modern pieces of fire equipment owned by any fire department, anywhere.

Nearly every man in the department is familiar with the operation of the new Hose Reel Pumper. We have spent twice as much time training this year as in the past. Much of this training has been on the new unit. However, the other trucks have had their share of training during the year. This year we had two trucks and nine men at the annual Meadowood fire school in Fitzwilliam in September. This is a highly advanced school for modern firefighting. There were 1200 men from seven states attending the school.

The Firehole Special had a poor start with slow delivery of our new dry hydrants to be installed this year. By the time they were ready, most of the funds had been spent patching holes in Glen Scribner's pond. The one

hydrant placed in service was installed by the Dublin Christian Academy in their pond. This will provide water for their area of town.

Many improvements were made on the fire trucks and fire station. The Christmas wiring was also improved upon due to our own fear of a short circuit in the fire station. This fear has now left us.

I would like to thank the men of the Dublin Fire Company for their continued support and interest in providing their fellow townspeople with a truly good fire department. The funds raised by the Company and donations received this year have purchased an additional 400 feet of 4 inch hose for the new truck. This year especially, the men have spent many hours away from home while mastering the numerous technical and mechanical innovations of our department. Almost everyone belongs to one or more organizations in this town, but these firemen are engaged in the most dangerous and tiresome occupation in existence today. To the men and their patient families, I say thank you again.

Respectfully submitted

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

LEST WE FORGET – IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellarholes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947 nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand – a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them **dead out** when leaving.
4. Most important – instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year – 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

HIGHWAY DEPARTMENT REPORT

I wish to thank the people of Dublin, especially my full and part time help, for their cooperation during this past year.

Summer Maintenance

Under Summer Maintenance, all dirt roads were graded and maintained several times, and gravel placed where needed. All bridges checked, with the bridge on Chesham Road being torn out and replaced with six foot concrete pipe.

The East Harrisville Road bridge was torn up and seven 15 inch iron beams placed in between the wooden ones and replanked.

Brush was cut back on Church St., Bond's Corner Rd., Old Chesham Rd., Pierce Rd. & L. C. Gerry Rd. About $\frac{1}{2}$ of roads were cut back with tractor mower and brush picked up.

The Upper Jaffrey Road, East Harrisville Road and some parts of the Craig and Bond's Corner roads were ditched.

Town Road Aid

Tar was mixed in place and sealed on the East Harrisville Rd., Bond's Corner Rd. (from town line to Bond's Corner), Charcoal Rd. from 101 to the golf course and about half of the Monument Rd. A total of 350 cubic yards of cold patch was used on all tar roads.

Town Dump

The dump was burned each day weather permitting, pushed back two or three times a week, and covered when necessary.

New Equipment

The new payloader worked out real well in helping speed up loading jobs and in pushing back the dump.

Respectfully Submitted,

Clarence Babneau

Highway Agent

REPORT OF SUPERINTENDENT OF CEMETERY

There were 9 burials, and one child was removed to the cemetery in Keene.

Six lots were sold during 1971. (still the biggest bargain in town at \$25.00 per lot plus \$200 for perpetual care).

I believe the Town, specifically the Planning Board, at this early stage, should start thinking of an expansion of the present cemetery or development of a new cemetery at a different location.

Reporting on the two special projects mentioned in the 1970 report:

1. State Public Works Department has started work on the cemetery curve. Vault is partially dismantled.
2. The Sewall Co. has completed the master plan and map of the cemetery showing location of all the lots. This turned out to be much more of a project than anticipated, mainly because records way back were not too accurate. (understatement of the year). However it is worth the money spent and will be beneficial not only now but in years to come.

The cemetery realized \$1,334.77 in income from perpetual care funds invested wisely by the trustees of the Trust Funds.

One highly successful project deserves special mention. The sixth grade at Dublin Consolidated School had planned several money-raising programs to pay the costs of their week at the Otter Lake Conservation School, Camp Union, Greenfield, N.H. during the month of January. The cost of raking the leaves from the cemetery, a job done every fall, was carefully figured, and a contract for \$300 to do the work was agreed upon with the sixth grade. It was left up to the children, and the adult advisors of the project, how many hours would be needed. Leaf raking sessions were held on four consecutive Saturdays in October and November. Most of the children took part each Saturday, and most of their parents helped out at least once. The amount of leaves was staggering, but the job was done, and done well, just before the first snow — a fine example of cooperation in which the Town, the children and their parents all contributed and all were rewarded.

Allan J. Fox

Superintendent of the Cemetery

AUDITOR'S REPORT

January 26, 1972

Board of Selectmen
Dublin, New Hampshire

Gentlemen:

We have examined the balance sheet of the Town of Dublin, New Hampshire as of December 31, 1971 and the related statements of revenues and appropriations and expenditures for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

SCOPE OF THE EXAMINATION

Explanatory comments on the major balance sheet items follow.

Cash on hand and in bank-treasurer—\$82,127.52.

Cash in bank was reconciled with the treasurer's books and the balance per bank statement was confirmed by corresponding directly with the depository.

Taxes receivable—\$27,969.23. The uncollected taxes agreed with the collector's detailed listing. The outstanding property taxes were verified by corresponding directly with the taxpayers.

Capital reserve fund — \$7,791.48. Interest received amounted to \$377.89. This fund is in the custody of the Trustees of Trust Funds.

Due to school department — \$98,387.51. The balance due to the school department was computed as follows:

Due to school department—Dec. 31, 1970	\$107,117 93
Appropriated 1971	201,808 51
	<hr/>
Paid to school district treasurer—1971	\$308,926 44
	210,538 93
	<hr/>
Due to school department—Dec. 31, 1971	\$98,387 51

Notes Payable — \$49,800.00. The loan from the Indian Head National Bank in connection with the construction of the fire station and the purchase of equipment was reduced from \$27,490.00 to \$23,560.00 during the year. The loan is payable at the rate of \$3,930.00 per year plus interest at 3% per annum.

During the year, the Town borrowed \$32,800.00 from the First National Bank of Peterborough for the purchase of a new fire truck and a payloader. The loan balance on the fire truck at December 31, 1971 was \$9,600.00. This loan is payable at the rate of \$2,400.00 per year plus interest at 4% per annum. The loan balance on the payloader at December 31, 1971 was \$16,640.00. This loan is payable at the rate of \$4,160.00 per year plus interest at 3½% per annum.

Excess of liabilities over assets—\$39,537.05. This balance represents the net liabilities of the general fund as reflected by the books and as ascertained from other sources.

REVENUE AND APPROPRIATIONS

The receipts as shown by the records were verified with the remitter insofar as practicable. The total receipts and disbursements as reflected in the selectmen's books agreed with those recorded in the treasurer's books. An inspection of vouchers and cancelled checks indicated that the disbursements were supported by invoices or other documents and were being properly recorded.

TRUST FUNDS

The balance of cash on deposit in the checking account and in the various savings accounts was confirmed to us directly by the depositories. Securities on hand were inspected or accounted for by us. We verified the dividends and interest received during the year.

The income received during the year on common fund investments was distributed to the various funds included in the common fund on a proportionate basis. Disbursements were made to various beneficiaries of the trusts.

The Town was paid \$1,226.51 as a reimbursement for wages paid on cemetery work for 1971. An additional \$1,108.26 was paid by the Trustees of Trust Funds to the Town on December 31, 1971; this amount was recorded by the treasurer January 10, 1972.

DUBLIN PUBLIC LIBRARY FUND

We inspected securities on hand and confirmed the balance in the various savings accounts by direct correspondence with the banks.

INSURANCE COVERAGE AND SURETY BONDS

Policies inspected by us indicated coverage as follows:

Jean B. Wenigman, Trustee of Trust Funds— term beginning March 9, 1971	\$18,000

In our opinion, the balance sheet of the Town of Dublin, New Hampshire, and the related statements of revenues and appropriations and expenditures present fairly the financial position of the Town as of December 31, 1971 and the results of its operations for the year then ended.

Very truly yours,
Smith, Batchelder & Rugg

APPRECIATION

Books and Magazines and Daily Newspapers: Mrs. McKee, Mrs. Tuttle, Mrs. Wenigmann, Mrs. Crocker, Mrs. Anable, Mrs. Curtis, Mrs. Hawkins, Mrs. Pool, Mrs. Trowbridge, Mrs. Sagendorph, Mrs. Carleton, Mrs. Wykeham Fiennes, Mrs. Sokoloff, Mrs. Wolfe, Dr. Donald Watt, Mr. Sewall, Dr. Stewart, Mr. North, and Yankee.

BOOKS GIVEN

In memory of Marion Leonard (former library trustee) by Miss Weitzel and Mr. and Mrs. Millard Worcester.
In memory of Fredericka James (former library trustee) by Mrs. Close, Mrs. Humphrey, Mr. and Mrs. Spiker, and Mr. and Mrs. Millard Worcester.

PROGRAMS

Mr. Andrew Elder talked on antiques and exhibited from his personal collection. Although a small audience, it was a most attentive and appreciative one.

The Dublin Extension Group held two of its meetings in the Gowing room and plans to hold most of its future meetings there. Extension Home Economics is an out-of-school education in family life, consumer education, health, home and community development. State and Federal funds support this program. The public is cordially invited to attend all meetings.

FILMS

Shown to the pre-schoolers weekly during their school year, a summer film program for all children for eight weeks each Wednesday morning, and two evening films.

OTHER ITEMS OF INTEREST

The Dublin Garden Club, which has kept its collection of garden books in the library for many years for patron

use, has now given these books to the library. We are indebted to Mrs. Norman Ballou, who volunteered and cataloged this collection of fifty five books. The Garden Club also supplied the library with beautiful plants selected and brought in by Mrs. Edward Whitney. Mrs. Gerry sent flowers which were arranged in the library by Mrs. Albert Rajaniemi. The color and fragrance has added warmth and hospitality. The Garden Club has added new titles in conservation and related subjects. We thank the Garden Club.

TREE PLANTING

Mr. Carl Webber has given and planted on the east lawn a ten foot rock maple tree. This tree will have a head start to replace the stately white birch whose years are limited in spite of root feeding and pruning. We thank Mr. Webber.

PAINTING AND REFURBISHING

In the reading and stack rooms, charging desk room and entry to Gowing room. Plans are still progressing on better lighting in the stack room.

CASSETTES

About ten libraries in our area are working together hopefully to be successful in an application for Federal funds. This program is open to libraries seeking to serve the unreached, physically handicapped, ethnic groups, busy or culturally isolated people in our midst. We believe a collection of cassettes exploring literature, languages, how-to-do-it projects, folk music, story telling, read-aloud novels, local histories, will serve a new dimension in library service to all our citizens. Our highschoolers are already familiar with this media in the Con Val library learning center.

INVENTORY

We are in the process of making a shelf list of the entire collection in the library for inventory and other needed use. This will, of course, take longer than a year to accomplish.

COMMUNICATIONS

A brochure is to be printed stating hours open, library procedures, fines, etc., and be freely given to patrons to better communicate the trustees library policies. A new sign will appear on the entrance door stating in large bold lettering hours open and a smaller sign noting the deposit box for returning books when the library is not open.

The trustees and I welcome suggestions at all times. This is your library.

PLANNING BOARD REPORT 1971

The Planning Board did not experience any major sub-division activity in 1971.

In view of the recent 35% increase in the population of the Town of Dublin, and the costly confusion similar growth has caused many towns in our State, the Planning Board has set the following goals for 1972.

First, to study and improve the existing zoning and sub-division ordinances, and help those undertaking new construction to be informed regarding Town regulations, as well as the regulations set up by the State.

Second, to submit a proposal to the Town on zoning which will follow closely the present pattern of civic, business, residential and recreational areas. The soil surveys and map studies presently in progress will be of great assistance in determining favorable locations for future growth.

Third, to prepare an economical plan to bring our present Town dump into focus with State regulations.

Fourth, to prepare a proposal for the much needed improvement of our Highway Department facil-

Fifth, to work with the State on the proposed new highway systems to run through Dublin.

The items mentioned above will have priority over studies for water supplies, sewerage disposal and building inspection. However, the Planning Board will submit a questionnaire in the spring of 1972 to get the reaction of the townspeople to growth, and expansion problems so that their opinions may be considered in drafting future proposals. In addition to this, plans are being made to have discussion meetings open to the public.

Robert W. Krogman
Acting Chairman, Planning Board

BOARD OF ADJUSTMENT REPORT

The Board of Adjustment has been in existence since 1963 when the Town authorized certain subdivision and land use ordinances and an initial board was appointed by the Selectmen.

The Board has the power to grant certain variances and rules on the legality of cases brought to it after public hearings are held.

1971 was the first year that the Board has been called on to perform its duties and although business has been light in the past, indications are that the Board will be much busier in the future.

The Board met and held one public hearing on a complaint on the sign regulations of the Town. The petitioner was denied and is currently proceeding to court to test the legality of the Town law.

In addition, the Board has been called on to give advice and counsel to several townspeople on different items.

CIVIL DEFENSE

Contrary to my report last year mentioning plans to rebuild the 7.5 KW generator in the Fire Station, this program was impractical and had to be dropped.

In its place I have acquired a 5 KW generator and it will be delivered and installed early in 1972.

A training film in mid-summer was a big success and we hope to do more along this line. Other area towns were also invited.

DUBLIN CONSERVATION COMMISSION, 1971

Seventeen meetings of the Dublin Conservation Commission during 1971 have resulted in the involvement of more and more people to help advise on conservation and environmental problems.

The Girl Scouts have taken on the project of researching our historic sites. Three Dublin School boys have helped us to begin gathering information on land use patterns. Questionnaires were filled out and returned which will help build an inventory of the Town's natural resources. The Town health officer and the selectmen have been most cooperative in answering many questions raised. The U. S. Department of Agriculture Soil Conservation Service in Keene, the Land Use Foundation and the New Hampshire Association of Conservation Commissions in Concord have contributed greatly toward our understanding of what "proper land use and development" means. A sub-committee has been formed which is studying and dealing with the problem of recycling waste paper and bottles. We have worked closely with the Planning Board on our priority objective, that of developing a plan for land use standards.

The Commission wishes to publicly thank the seventy-five private citizens and seven organizations whose donations helped realize a goal of \$4,500 needed for a soil survey of the whole Town. Field work by trained soil scientists was completed in October. By March 1, 1972 the Commission and the Planning Board will receive sets of maps detailing slope patterns, soil types, wetlands and drainage patterns of Dublin.

In the area of education \$50.00 was contributed to round out the amount needed to send our 6th graders to Camp Union for a week of environmental studies. It must be noted here that the youngsters themselves raised nearly \$700 towards this purpose. \$72.00 of our budget was used to send two Dublin high school boys to the Spruce Pond Ecology Camp for one week in July. The open meeting held in February was very successful and drew a capacity attendance of 145 persons interested in knowing more about their Commission and environmental issues in general.

An offer of 9 acres and water rights was accepted from an individual land owner in the swampy area of Howe Reservoir south of 101 including easement rights and restrictions against building within 50 feet of the shoreline on the above mentioned land that lies directly east of the

Charcoal Road. Other protective easements are pending in order to preserve the natural scenic beauty of this particular area, one of Dublin's eleven major wetlands.

The Commission is particularly indebted to certain individuals whose professional expertise was willingly offered on several occasions, including Theodore Kelsey, N. H. Soil Resource Conservationist; John Allen of the U. S. Department of Agriculture Soil Conservation Service; Allen King and Lawrence Rathbun of the Society for the Protection of N. H. Forests; David Birch, associate professor at Harvard Business School for urban environmental and growth planning; Malcolm Taylor, Executive Secretary of the N. H. Association of Conservation Commissions; Robert Dunning and Michael Zinke of the Land Use Foundation.

Resignations were accepted with regret from Mrs. Gouri Ivanov-Rinov and Norman Wight. New appointments to the Commission included Clarence Babneau, Shaun Kelly, Jr. and Mrs. James C. Robinson.

The Commission joined the N.H. Association of Conservation Commissions for a membership fee of \$25.00, and now receives the NHACC newsletter several times a year describing conservation activities and problem solving in towns throughout the state.

In summary, we have been most gratified by the public cooperation received so far. Our general aim is to involve all townspeople in the effort to plan, control and protect our unique environment according to the needs and desires of all Dublin citizens, and to avail ourselves of any advice we can get. It's a big job needing the involvement of more and more people — they being our most important resource of all.

Members of the Dublin Conservation Commission are:

RECREATION COMMITTEE REPORT

By vote of the town meeting of one year ago, the fourteen members of the 1971 Dublin Recreation Committee were directed to "investigate the acquisition of approximately 375 lake frontage feet with an adjoining two acres of land on Dublin Lake near or adjoining the present Women's Club Beach area to be used for recreational purposes by the residents of Dublin and to submit a proposal, including cost estimates, at the next annual town meeting . . . [and the] proposal may call for a partial implementation of this project . . ."

Everyone will remember that during the previous year the Allen Organization of Bennington, Vermont, was hired to evaluate six different sites on Dublin Lake and that the specific site recommended by the majority of last year's committee and finally settled on by the 1971 town meeting vote was that encompassed by a proposed town beach plan drawn by the Allen Organization.

This plan encompasses five separate pieces of property: (1) Part of the Lake Club property; (2) all of the Dublin Women's Club lake property; and the private lake properties of (3) Mrs. Beatrice Buffum; (4) Mrs. Louise W. Kelly; and (5) Mrs. Jane F. Hawkins.

To begin with, let me say that each member of our committee individually agreed not only to abide by the 1971 town vote but to put heart and soul into attempting to implement it. Thus, there was 100% agreement as to this basic premise of our efforts from the beginning of the town year and continuing through each of our ten subsequent official meetings.

Here, then, is the status of our work to date (January 10, 1972):

The Dublin Lake Club: We felt our appeal should be directed to the Lake Club and the Women's Club before approaching the three private property owners. Further, we felt we should approach the Lake Club as to the part of its shore property involved in the plan prior to approaching the Women's Club and all its lake property. However, even more important was the fact that one of the five property owners involved simply had to step forward and make a commitment in order to get the project moving in a positive direction. We asked the Lake Club to do just that — and its immediate cooperation and help was a tremendous boost to our efforts (and spirits!). At the Directors' Meeting in May and then, at the September annual stockholders' meeting, the Lake Club agreed to deed to the town of Dublin — for one dollar (plus possible sharing of costs in relocating the exit road) — roughly that portion of

Lake Club property involved in the plan. Stipulations were that such land was to be used exclusively for recreation purposes; and that transfer of title would depend on the town taking formal action within two years to establish this area for recreation purposes and that the town vote appropriate funds as may be necessary for that purpose.

The Women's Club: Following the May Lake Club Directors' vote, we discussed the situation at a Women's Club Meeting. Several weeks later, the Women's Club met again to vote — and, again, cooperation and unanimity with the basic thrust of our efforts was evidenced by their decision. The Women's Club voted to arrange a long-term lease (at one dollar per year) of their lake property to the town for recreation purposes with a number of comparatively routine conditions and four conditions particularly significant to our efforts.

To summarize these special four conditions: Before the lease arrangement between the Women's Club and the town can go into effect, each of the other four properties involved in the plan must be acquired by the town, i.e. the Lake Club property, and all of the lake properties of Mrs. Hawkins, Mrs. Buffum and Mrs. Kelly. Their reasoning behind these conditions was, we felt, understandable. They do not wish to give up all of their own private lake property without assurance that the subsequent increased use of it by more people will be, in turn, adequately compensated by increased area. Incidentally, there were more than 90 children involved in the Women's Club daily swimming program and membership has been increasing each year. If the recreation area does not come to pass, it is our opinion and the opinion of everyone in the Women's Club we've spoken to that membership will very soon have to be restricted — thus leaving the many Dublin people outside the Lake Club and the Women's Club with no place to swim, or enjoy Dublin Lake. (Our survey of 1970 indicated 692 men, women and children would use a recreation area on Dublin Lake).

Thus, with commitments from both the Lake Club and the Women's Club, we were ready to find a solution in regards to the three private property owners. We know how all three loved their lake properties and so we felt that our only moral and reasonable approach would be to offer equally attractive properties on the lake in trade. Perhaps someone with lake property would sacrifice by selling a portion of it, perhaps someone with two pieces would sacrifice by selling one, etc. So we sent a letter to everyone who owns property on Dublin Lake — explaining the situation and asking for suggestions, thoughts and advice.

Trade Lands: The response was most heartening. Mrs. Louisa Spencer and family offered to sell a portion of their field next to the lake property of Alexander James to the town specifically so that the town could offer it to the Kellys as a part of implementing the current recreation area plan. Then Mrs. Mary Brush Clark and family offered to sell a portion of her beautiful property on the east side of Alexander James to the town to offer to Mrs. Buffum. Further, the Dublin Lake Club indicated that a portion of its property beyond Lee and Jolley might be available if implementation of the town recreation area depended upon it. Thus . . . informal but sincere commitments on three pieces of property on Dublin Lake.

Mrs. Beatrice Buffum: Unfortunately, all of the above took much time, conversations, meetings, letters, etc. and by the time we were in a position to ask Mrs. Buffum whether or not she might consider the portion of Mrs. Mary Clark's property in trade for her own, she had left for Baltimore. We explained the situation in a letter with accompanying photographs. She answered, through her lawyer, that she did not wish to make any commitment concerning her property at this time and that she would be returning to Dublin in May, 1972.

Mrs. Louise Kelly: We have no official statement from the Kellys other than that of last year in which Mrs. Kelly stated, "I have now made plans not only to keep, but also to improve the property for my family's use and future." We recently explained by letter the offer of Mrs. Louisa Spencer and family - but we can readily appreciate why the Kellys feel any official response to that should await not only the 1972 Town Meeting but also Mrs. Buffum's return to Dublin in the spring.

Mrs. Jane Hawkins: Mrs. Hawkins has, throughout the year, demonstrated sympathy and understanding with the Dublin recreation area plan and her advice and cooperation were greatly appreciated by this committee. She and others have been trying vigorously to have the State highway widening in the area of the Women's Club Beach modified for the sake of our town's scenic values Cemetery heritage. In the spring of 1971, therefore, she informed the authorities and our Committee that the Frothingham lot could be negotiated with Town and State for their mutual benefit, provided the Cemetery were to be left untouched. We could not affect this situation as the Town vote and most of this Committee had approved the State layout. As the first snows arrived, however, the Cemetery vault was bulldozed out.

Mrs. Hawkins now tells us that, for conservation and

family reasons, direct transfer of her lake lot for town recreation will have to await how things look on completion of highway work and on conclusion of our other land grants. However, she would still consider land exchange or pursue negotiation with the Dublin Conservation Commission and we shall continue discussions with her during the spring.

In Addition to investigating the acquisition of land: We made a study of Women's Club use during the '71 season; an investigation of Lake Club beach use; we made a detailed study as to the management and operating procedures for the town beach including estimates of not only annual costs to the town but also possible sources of income; we supported and discussed a town skating area; we completed the engineer's survey map of the proposed recreation site, a project begun the previous year and to which Dublin Foundation most generously donated \$500 of the total \$640 invoice. We spent \$159.99 of our \$1,000 1971 appropriation. (Money not spent out of any town appropriation is automatically returned to the town general fund.)

In Summary: We could not ask the town to vote upon any recreation plan unless it was 100% complete – including not only annual operating and development costs, an estimate of which we do have, but also land acquisition costs. At this date, we cannot provide a total figure for the latter. It can be emphasized here, however, that no financial commitments whatsoever can be made without the consent of Dublin voters at a regular or a special Town Meeting.

We started the year needing five commitments from the five property owners involved in the plan voted favorably at last town meeting. We come to the '72 Town Meeting with five commitments – two in the proposed recreation area and three informal commitments for "trade" lake property outside the recreation area. (The two formal commitments within the recreation area are with the Lake Club and the Women's Club; the three informal agreements for possible "trade" lands outside the recreation area are with Mrs. Spencer, Mrs. Clark and the Lake Club.) Perhaps, then, after over three long years, there is a solution at hand – one that can be to the satisfaction of everyone involved. Both the Lake Club and the Women's Club agreements with the Recreation Committee remain in effect exactly one more year (until spring '73). Thus, our article in the warrant this year. We wish, to continue. We wish to bring to a special town meeting in '72 or the regular '73 meeting a complete proposal – one that can be voted upon, yes or no.

Finally, we applaud the past efforts, cooperation, concern and sacrifices of so many, many Dublin people – both summer and year 'rounders – toward a common but difficult goal. A goal intended to benefit all Dublin people. A goal for which, unfortunately, some must sacrifice more than others. A goal that each of us in his or her heart knows is right.

Respectfully submitted

REPORT OF THE DUBLIN COMMUNITY FOUNDATION

The Dublin Community Foundation in 1971 continued its support for various local projects. For those who may not remember the outline of the purposes for which this Foundation was established in 1966, the main objective is to receive contributions and maintain a fund, the principal and interest from which shall be applied

- A) For the benefit of Dublin Youth
 - 1) To establish and run activities to encourage athletic, recreation, artistic and creative skills.
 - 2) To operate and administer scholarship funds.
 - 3) To give financial support to Dublin youth so that they can take part in similar activities operated by other charitable organizations.
- B) For the benefit of all inhabitants of Dublin, to establish and operate public buildings, land, educational facilities or other charitable enterprises.
- C) To make contributions to other charitable organizations whose operations benefit directly or indirectly the inhabitants of the Town of Dublin.

Following the above aims in 1971 the Foundation contributed \$500 to the Dublin Recreation Committee to aid in its investigation of a possible Dublin Town Beach facility and recreational area on Dublin Lake; it made a grant of \$300 to the Dublin Pre-School to provide scholarship aid for children who might not otherwise be able to attend; it voted to contribute \$300 to the Dublin Women's Club to help defray the expenses of a second lifeguard at the Women's Club Beach for the summer of 1972; it voted to contribute up to \$200 for the expenses of surveying and laying out of a skating rink for the use of Dublin residents on land owned by the Millard Worcesters directly behind the Town Hall; and dependent on income available will discuss with the Conservation Commission a grant to be used as "seed money" in the initiation of a Dublin Land Bank.

The officers of the Foundation, elected at the Annual Meeting on September 11, 1971, presently are C. Mitchell Wenigmann, President; Edward F. Whitney, Vice President; C. Robertson Trowbridge, Secy-Treasurer and directors, representing various Dublin organizations, John J. McKenna from the Board of Selectmen, Frederick J. Marston from the School Board, and Lucille MacDonald, President of the Dublin Women's Club.

At the Annual Meeting a change in the By-Laws was voted to establish an annual membership classification for

anyone contributing \$5.00 in addition to the original Life Membership for those contributing \$100 or more. The Foundation having now been established for several years it was felt that a broadening of the base of support would involve more interested residents and allow the Foundation to play a more important part in activities of the Town. We therefore solicit the support of all.

Edward F. Whitney

Taxes Taken July 10, 1971

Note:

In 1971 the Legislature passed a "Resident" tax of \$10.00 which replaces the former Poll Tax of \$2.00 and Special Head Tax of \$5.00.

Under the new law (RSA 72 and 76 as amended by Chapter 476, laws of 1971) a tax of ten dollars (\$10.00), known as the "Resident Tax", shall be assessed on every inhabitant who was at least twenty-one years of age but not yet sixty-five years old as of July 10, 1971. Widows of veterans are exempt but veterans are not exempt from this tax.

Payment of this tax is due before registering a car or getting a fishing, hunting, or driver's license unless legally abated.
