## REPORT OF THE TOWN CLERK

To the Voters of the Town of Lisbon :

The town clerk respectfully submits the following report of the financial doings connected with his office, also a record of Vital Statistics for the year 1935.

Automobile Tax Permits :

During the fiscal year 1934, 698 tax permits were issued and the sum of \$2,193.07 was received and paid to the town treasurer. Due to the extension of the time for registering automobiles to April 1st, there were only 532 tax permits issued during the fiscal year 1935, and the sum of \$1,825.03 was paid to the town treasurer.

Dog Licenses :

There were 209 dogs licensed in 1934, and the sum of \$439.57 was paid to the treasurer. For the year 1935, 213 dogs were licensed and the sum of \$428.90 was paid to the treasurer. Although there were four more dogs licensed this year, there is a difference of \$10.67 paid in the preceding year. This is due to the fact that there were 22 females in 1934 and only 16 in 1935.

During the period covered by this report, aid was granted to 118 families representing 241 persons. The average cost was \$120.43 per family, or \$58.96 per person, for the year.

In preparing our budget for the poor appropriation for this period, we were assured that the state would reimburse 50 percent of the expenses for the entire year. Due to a shortage of state funds there was no reimbursement after October 30. Had the state funds been available during the rest of the year the poor expense for the year would have been \$42.00 under the appropriation.

In view of the probability that state reimbursement will be only 25 percent for six months, it would appear advisable to raise \$7,000.00 for care of the Town Poor for the coming year.

In considering this appropriation it should be recognized that part of the amount raised may be used, according to the discretion of the board of selectmen, for Work Relief projects.

Under the WPA there is in operation a Sewing project

in the police court room. Twenty women and a supervisor have been employed since Nov. 27, 1935. The material is supplied by the Federal government. Thro the hearty cooperation of Miss Bone, district nurse, practically all the finished garments have been distributed locally.

The following WPA projects have been in progress during this year. Under each project is listed the amount of Federal money spent in the town of Lisbon, making a total of \$4,810.37.

## Report of the Librarian of the

**LISBON PUBLIC LIBRARY**

---

On the first of September Miss Kelsea resigned as librarian after many years of efficient service in which the library grew from a collection of about 1800 books to over 5,000 and of a quality often commented upon as unusual for a town of the size of Lisbon.

The circulation for 1935 was somewhat smaller than for 1934, being only 21,106. The decrease was in the adult department. There was a small increase in the number of junior books and magazines taken, and it is interesting to note that over 1,000, or nearly one-fifth of the books read in this department, were non-fiction, proving its value as a means of education as well as of recreation. Poetry and biography were the favorites.

On the educational side every effort has been made to co-operate with the schools both in the selection of books and in making easily available outside reading lists and reference material. About 60 books have been sent at different times during the year to the North Lisbon school, thus taking some of the library to children to whom it is not easily accessible.

A few new reference books and the Readers' Guide have been added to the reference room, and its use for reference purposes has steadily increased. Only twice during the year has it been impossible to find material for which requests have been made, and as there have been many it speaks well for the library's collection of reference books.

Books have been borrowed from the State Library at Concord both for school and individual use. This privilege considerably broadens the usefulness of a small

library and, for a few cents in postage, is available to any one who desires it through application to the local librarian.

A number of magazines have been given to the library during the year and have added much to the pleasure of those who use the reading room. The givers are most cordially thanked, also Miss Barrett for the very useful books which she contributed.

The shrubs given by Mr. and Mrs. Fred Parker made a vigorous growth last summer and will soon add much to the attractiveness of the grounds. The gift is much appreciated by the library officials.

All residents of Lisbon are very cordially invited to use the library freely and to call upon the librarian at all times for any help that she may be able to give. She will also be very grateful for any suggestion that will help to increase the efficiency and usefulness of the library.

MILDRED G. CLOUGH, Librarian.
