TOWN WARRANT

The State of New Hampshire

The Polls Will Be Open from 10:00 a.m. to 7:00 p.m.

To the Inhabitants of the Town of Mont Vernon in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Mont Vernon on Tuesday, the tenth day of March, next at 10:00 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to adopt the provisions of RSA 72:66 for a property tax exemption on real property equipped with a wind powered energy system which exemption shall be in an amount of 100% of the cost of said wind system. (by petition)
3. To see if the Town will vote to adopt the provisions of RSA 72:62 for a property tax exemption on real property equipped with a solar energy heating or cooling system which exemption shall be in an amount of 100% of the cost of said solar system. (by petition)
4. To see if the Town will vote to repeal the provisions of RSA 466:30b which were adopted at the 1980 Biennial Election which provisions "make it unlawful for an owner of any dog licensed or unlicensed to allow said dog to run at large, except when accompanied by the owner or custodian and when used for hunting, herding, supervised competition and exhibition or training for such." (by petition)

Action on succeeding articles will be deferred until 7:30 p.m.

5. To see if the Town will vote to authorize the Selectmen and Treasurer to borrow money in anticipation of taxes.

6. To see if the Town will vote to authorize the Selectmen to convey property taken by the town in default of redemption of tax sales, the procedure to be as follows:

A. If to the party who failed to redeem the property, the consideration shall be the payment of all back taxes, including interest and penalties and all expenses related to said sale or sales, as determined by the Selectmen.

B. If to any other party, the sale shall be by public auction or sealed bids in accordance with N.H. RSA 80:42.

7. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95b.

8. To see if the Town will vote to adopt the provisions of RSA 76:15b, authorizing the Selectmen and Tax Collector to make partial billing to property owners in June of each year for property taxes.

9. To see if the Town will vote to authorize the Tax Collector to accept pre-payment of Resident Taxes, in order to comply with new State Statutes, RSA 72:1-1.

10. To see if the Town will vote to appropriate the sum of \$13,313.84 from Revenue Sharing Funds and to raise and appropriate the sum of \$60,896.07 through the issuance of bonds or notes upon the credit of the Town, for the purpose of purchasing a 672-A, John Deere Motor Grader, in compliance with the provisions of New Hampshire RSA Chapter 33. Furthermore, to authorize the Board of Selectmen to determine the terms, conditions, sale form and the time, date and place of payment of such bonds or notes and to determine the rate of interest or discount thereof.

11. To see if the Town will vote to rescind previous action taken at Town Meeting in 1970, on the appointments of the Recreation Committee members; from a five year term to a three year term.

12. "Article 5-A. To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state, or any city, town, or other governmental unit of the state to five percent." (by petition)

13. To see if the Town will vote to raise and appropriate the sum of \$7,664.92 for a police cruiser, providing fifty percent of the \$7,664.92 is to be reimbursed to the Town as a matching fund by the New Hampshire Highway Safety Agency.

14. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for the purchase of a four channel portable radio for the Police Department.

15. To see if the Town will vote to raise and appropriate the sum of \$1,250.00 to be matched by a donation of \$1,250.00 for the purpose of repainting the International Fire Truck, Number 2.

16. To see if the Town will vote to raise and appropriate the sum of \$228,974.01 for the 1981 Operating and Maintenance Budget.

17. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for the purchase of four acres of land adjacent to the Greenlawn Cemetery, from Frank and Muriel Gramstorff.

18. To act on reports of all Town Officers, Agents, Auditors, Committees, etc. and raise and appropriate any money relative thereto.

19. To transact any other business which may legally come before said meeting.

Given under our hands and seal, this sixteenth day of February, in the year of our Lord nineteen hundred and eighty-one.

REPORT OF THE BUDGET STUDY COMMITTEE

Articles 2 and 3. Ballot items: Wind and Solar Energy: The budget committee recommends support of these articles by a majority vote.

Article 4. Non-committal on repeal of dog ordinance.

Article 5. Unanimous to approve authorization for Selectmen and Treasurer to borrow money in anticipation of taxes.

Article 6. Unanimous to approve Selectmen to convey property.

Article 7. Unanimous to approve Selectmen to accept monies.

Article 8. Majority vote not to approve collection of taxes twice a year.

Article 9. Unanimous vote to approve pre-payment of Resident Taxes.

Article 10. Road Grader: Majority vote to approve passage of this article as written, for the amount of \$60,896.07.

Article 11. Non-committal on change of Recreation Committee length of term.

Article 12. Majority vote to “support the apparent intent” of this article.

Article 13. Majority vote not to approve passage of Police Cruiser, for the amount of \$7,664.92.

Article 14. Unanimous vote not to approve passage of Police Radio for the amount of \$1,000.00.

Article 15. Unanimous vote not to approve passage of article to paint the Fire Truck, for the requested amount of \$1,250.00.

Article 16. Budget Items: The town budget committee recommends that the proposed budget amount of \$228,974.01 be reduced to the amount of \$219,489.01 by reason of the following recommendations:

Item 10. Police budget: Budget committee recommends that the amount of \$19,090.00 be reduced to \$15,180.00 by a majority vote.

Item 52. Recreation Committee: Budget committee recommends that the amount of \$1,350.00 be reduced to \$775.00 by a majority vote.

Item 82. Capital Reserve Fund: (Fire Apparatus)
Budget committee recommends that this item be deleted from the budget for this year by a unanimous vote.

The budget committee has approved the passage of all other items in the 1981 budget.

Majority vote of the budget committee to reduce the operating budget by a total of \$9,485.00 and to approve a total budget figure of \$219,489.01.

Article 17. Unanimous to support passage of article to purchase for the town, the acreage offered by Frank and Muriel Gramstorff.

Respectfully submitted:

Roy Thomsen, Chairman
Alton Ryder
Wayne Kearsley

Roger Pinchard
Jane Conant
Bryant Ricker
David Lambarth

FRANK BLANCHARD, appointed 11/1/80

REPORT OF TRUSTEES OF TRUST FUNDS

Income from funds of the ten (10) Trusts committed to the supervision of the Trustees, five (5) of which are Skenderian Trusts, was distributed during the calendar year 1980 as requested and/or in compliance with dictates of the respective Trust. Such distribution provided assistance to the Conservation and Recreation Committees; the Beautification Committee; restoration work in Greenlawn Cemetery, in addition to care and maintenance of perpetual care lots; welfare as requested by the Overseer of Public Welfare, and health and medical aid in answer to personal requests when necessary; the Mont Vernon Volunteer Fire Department; and scholarships to eligible Mont Vernon students towards their educational programs. Ten (10) such scholarships were provided by the Skenderian Scholarship Trust.

In compliance with New Hampshire State Laws, some exchange by sale and purchase of certain stocks became necessary. However, it appears that investments will provide income to allow similar distribution of revenue in the ensuing year.

Mont Vernon residents are again reminded that prescribed rules and regulations of the respective Trusts must be adhered to and to do so certain requirements must be met. Scholarships available must be applied for on or before May 1st in order to comply with the Trust, allocate funds available, and meet the rules of Milford Senior High School. Furthermore, students already enrolled in schools of higher education are also eligible to apply for scholarship consideration, but too must meet the May 1st filing deadline.

Requests for funds by the Conservation and Recreation Committees must be made on or before June 1st in order to meet the requirements of the Trust and apportion funds available. Requests by others may be considered upon presentation, if funds available allow. Income from Trusts designated for the Fire Department and the Beautification Committee will be distributed automatically in March and December respectively.

All requests, applications and/or bills for funds from the various Trust Fund incomes must be in writing. This criteria is necessary in order to allow filing of them with the Office of the Attorney General, State of New Hampshire, should it be so requested

or become necessary, to substantiate proper compliance by the Trustee of Trust Funds with the mandate of the various Trusts.

For further information relative to the Trust or funds available, please contact any of the Trustees.

GEORGE D. KITTREDGE
 W. GUILD SMITH
 A. PAUL SCHNEIDERHAN

MONT VERNON FIRE DEPARTMENT

“Prevention is your best fire protection”

The proper way to summon the Mont Vernon Fire Department is to call 673-3131, which is the Milford Communications Center. They are equipped to sound the Mont Vernon Fire alarm.

During the year 1980, your Fire Department responded to 78 calls. This included a house damaged on Kendall Hill, damage to the Rogers house on Secomb Road, total loss of the McKelvie Camp on Brook Road, and loss of the boiler building at Riley's Lumber Mill on Christmas Tree Lane.

To the people burning wood, we suggest that the stove and stovepipe be properly installed, burn only dry wood, keep the stovepipe and chimney as clean as possible, and dispose of ashes carefully.

We would like to urge all people to equip their living and sleeping quarters with smoke detectors.

State Law requires that written burning permits be required for all outdoor burning when the ground is not covered with snow. These permits may be obtained from:

State Forest Fire Warden, Joseph Carleton	673-1972
State Deputy Fire Warden, Kevin Pomeroy	673-1609
State Deputy Fire Warden, Stephen Rand	673-8756

We are anxiously waiting delivery of the new Fire Truck, we expect it before Town Meeting.

JOSEPH G. CARLETON, Chief
ALAN J. SMITH, Deputy Chief
KEVIN POMEROY, Deputy Chief

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

MONT VERNON POLICE DEPARTMENT

This year because of the high expenses the department had to cut some of its patrol time and much needed radar time.

The police department has been understaffed this year but tried to answer all calls received. The town is growing and the police department needs to grow with it. We, the police department, wish to thank all of the townspeople who have helped us in the past year. This year the police department did not have much help from the police study committee. In the future we hope the police study committee will help in planning the future of the Mont Vernon Police Department. As Chief of Police I wish to thank the selectmen for their support and help. The department would like to see more help from the townspeople on the dog problem all townspeople have. I wish to thank all officers past and present for a job well done.

OTIS GARNETT, Chief of Police

The Mont Vernon Police Department received and acted upon the following complaints:

Aggravated felonious sexual assault	1
Alarms	12
Accidents	27
Animals	55
Automobiles	33
Burglary	16
Criminal Threatening	21
Criminal Trespass	14
Domestics	32
Mutual Aid	62
Suspicious Persons	14
Summons	46
Trash	16
Vandalism	22
Warrants Served	9
Juveniles	48
Court	64 hrs.
Paperwork	176 hrs.
Patrol	114 hrs.

RESCUE SQUAD

Mont Vernon residents who are members of the Amherst Rescue Squad help provide the town with emergency ambulance service. In 1980, the squad responded to 48 Mont Vernon requests for an ambulance.

All of the Mont Vernon members have attended courses to improve their skills in various phases of rescue or patient treatment.

An excellent course in vehicle rescue was provided by the Lily Pond Fire School (Lakes Regions); one Mont Vernon Squad member attended last spring.

Three Mont Vernon members are now qualified to use the Esophageal Obturator Airway, which is an advanced E.M.T. technique just introduced to our area during the past year.

Four of the Mont Vernon E.M.T.'s have spent time riding with the New York City Paramedics in the Bronx; this provided valuable experience which might take years to acquire for our small town.

There are currently 6 active members in Mont Vernon: Mary Backus, Judie Corbett, Ray Donahue, Bob Naber, Penny Schmitt and Cathy Sullivan

Anyone interested in joining the Amherst Rescue Squad should contact one of the above members for further information.

Respectfully submitted,

JUDIE CORBETT, Rescue Squad

DALAND MEMORIAL LIBRARY REPORT — 1980

The Daland Memorial Library had a productive year with current best-sellers and children's books in large demand. We like to buy and circulate the top ten fiction and non-fiction books as well as biographies, cookbooks and special interest works. It all depends on our finances.

The Hillstown Co-op which we joined last year supplies us rapidly with good quality books at reduced rates. The Co-op, which includes surrounding towns, also allows for speedy inter-library borrowing.

The library's floor plan has been used more judiciously and furniture has been rearranged to provide more open areas and easier access to the various reading centers. Because of this, the children's area has been expanded which makes for more access by more children at any one time. The grade school children still visit the library with their teachers on Thursdays.

There are four volunteers assisting Librarian Maureen Honychurch-Matz. They cover and catalog new books, type labels and help at the circulation desk. A scrapbook of Mont Vernon news items is being assembled by one of the group. Additional volunteers are needed as well as persons to start pre-school or adult reading hours. If you're interested, talk with Ms. Honychurch-Matz.

We appreciate the continuous support of the library and urge you to borrow books whenever possible. If you own books you no longer want, please check with the library before disposing of them.

SOUHEGAN REGIONAL LANDFILL DISTRICT

- \$30,000 operating surplus in 1980
- A "hold the line" budget for 1981
- no cost excavation of future refuse disposal areas

The Souhegan Regional Landfill District Committee is gratified to report these 1980 highlights to the taxpayers of Amherst, Brookline, Hollis and Mont Vernon.

The surplus was achieved through efficient day-to-day operations, application of preventative maintenance procedures which significantly reduced major repair costs, increased income from commercial haulers, and attentive financial management.

Improved knowledge of costs, careful analysis of operations and expected maintenance, and application of a portion of the 1980 surplus made it possible to budget 1981 operations at \$134,116 which is \$40 less than the 1980 budget. Estimated hauling expenses, chargeable to the sending town, is up \$3000 from \$19,000 to \$22,000.

The Town of Amherst, from whom the landfill property is leased, exercised its option to the sand and gravel that is not needed for landfill operations. During the year the Town, at no cost to the District, initiated excavation work to ready additional areas for refuse disposal. This mutually advantageous arrangement provides Amherst with sand and gravel that would otherwise have to be purchased. At the same time it eliminates expenses that would have to be shared by the taxpayers of all of the towns if the District had to pay for the excavation work.

Through the cooperation of the selectmen and citizens of Brookline and Hollis more people are going to the "dump" on weekdays. This does away with the problems previously encountered on weekends and makes it possible to handle the increasing amount of trash with the Districts' existing equipment. The Mont Vernon Selectmen are aware that their collection site hours may have to be modified during 1981 since additional refuse cannot be accommodated on weekends.

The District Committee acknowledges with thanks the constructive management contributions of Albert C. Dudley of Mont Vernon and Ronald E. Stillman of Amherst prior to their resignations as representatives of their towns.

WILLIAM I. MARBLE, Chairman - Amherst

FLORENCE H. PALMER, Secretary/Treasurer - Brookline

JAMES D. OTIS - Mont Vernon

DENNIS K. WHEELER - Amherst

FRANK WHITTEMORE - Hollis

PLANNING BOARD REPORT — 1980

The Mont Vernon Planning Board approved the subdivision of twenty-five (25) new lots this year. This constitutes an increase of twelve lots more than those approved in 1979. It is, however, the same number of lots that were approved in 1978. The largest approval concerned a nine (9) lot cluster development off Secomb Road.

The Planning Board revised and updated all approved ordinances. This work resulted in a new updated Mont Vernon Planning Board booklet. This booklet is now on sale at the Town Hall.

A check list to aid the Board and abutters was also drawn up and approved. This list will facilitate the checking of all necessary requirements for subdivision passage. A public hearing was conducted which resulted in the passage of RSA 155:a; Gravel Bank Operation Regulation. The Board also approved Non-residential Site Plan Regulations.

The Planning Board, with the combined efforts of all Mont Vernon residents, hopes to continue to make Mont Vernon a place to be proud of, both environmentally and economically. Our meetings are held the fourth Tuesday of each month at 8 p.m. at the Town Hall. Everyone is encouraged to attend.

The Board encourages and welcomes all ideas and input from Mont Vernon citizens concerning the town's present and future development.

REPORT OF THE CONSERVATION COMMISSION

Robert Breck, County Forester, met with us in January to inform us of a gift to Souhegan Valley Land Trust. Ten acres of the former Rathburn property will be held for the town by the trust.

This property is in the Purgatory Brook area and long range plans for it include using the ten acres for matching funds to acquire more property along the brook.

We helped sponsor Gail Garnett and Anna Rorabacher to Conservation Camp in June. Funds were provided by the Arthur Hazen Fund. Also in June, Mr. Walter Buck offered twenty-eight acres, at Horton Pond, to the town.

Our largest project of the year took place in September and October. We had the blueberries, at the Lamson Farm, brush-hogged. We hand cut all undesirable brush among the blueberry bushes, where machinery could not be used.

As soon as the Horton Pond acquisition is finalized, we plan on a project in 1981 in that area. This will help make another area more accessible to all of us, so we may enjoy another great natural area in our town.

MONT VERNON BEAUTIFICATION COMMITTEE

January 9, 1981

Members and officers of the Mont Vernon Beautification Committee in 1980 were Scott Foster, Chairman, Barbara Buck, Co-Chairman, Peg Hatfield, Secretary-Treasurer, Bryant Ricker and Joan Witham. The Committee held monthly meetings at the Town Hall. Among the projects for the year were locating the town boundaries and having proper signs installed, planting geraniums, installing trash barrels, planning for the addition of new trees to the Town Park next spring and providing the Christmas wreaths. The major undertaking in 1980 was the replacement of the large town signs on Route 13. The Committee is always looking for ideas from the townspeople for improvements.

REPORT OF THE RECREATION COMMITTEE - 1980

The 1980 season was an active year for the Recreation Committee. We had three new faces on the committee to go along with the old members, Kevin Pomeroy and Beverly Kittle. The new members were Charlie Levesque, Ken Witham and Doug Bianchi.

Having all these new faces gave us several new ideas. Some we put to use this year, like the Harvest Square Dance and the Winter Carnival Day at the Lamson Farm and we hope to have the other events scheduled this year.

The Harvest Square Dance was a success and will be continued this year. Everyone seemed to enjoy themselves, even though the turn-out was fairly small, due to bad weather. The Winter Carnival Day is designed to get every age group involved with a variety of events, such as tobogganing, skiing, snow-mobiling and sledding.

Along with the new ideas, we did well with previous programs. Softball was played three nights a week, every week from Memorial Day through Labor Day. This is our best participated program designed for all age groups. We also had volleyball during these weeks at the McCollom field.

The swimming program was expanded to two weeks with an excellent turn-out. The Richard McNamara family deserve the thanks of the town for the use of their pool and their time involved during these two weeks.

The Haunted Barn was a success again and our thanks go to Larry and Judi Corbett for the use of their barn.

All in all, we had a fun year with great plans for the future year ahead. We hope everyone enjoyed the activities as much as we all did. It is a pleasure to see all the new faces coming to join us at each event.

To: Selectmen of Mont Vernon

From: Road Commission

Date: January 8, 1981

REPORT FOR 1980

Summary:

Your newly formed Road Commission was both active and productive in 1980. We concentrated our efforts on:

1. The road grader situation, deciding to recommend lease-purchase of a replacement.
2. Projects for the next few years, assigning priorities to the major repair and rebuilding tasks facing the town.
3. Staffing and personnel policies.
4. Workmanship and level-of-service standards to guide the road department.
5. Cost control and financial planning.

The first two thoroughly dominated our attention; the third is complete but not yet documented; the last two were starts that will serve as a basis for 1981 activity.

By the end of 1981 we should have finished the start-up phase of the commission and have a sound basis for ongoing activities. In particular, we intend to have a better basis for future cost tracking, control, and budgeting and to have standards for voter approval.

Respectfully submitted,

ALTON V. RYDER, Chairman
W. GUILD SMITH
HOWARD WELCH
GARTH WITTY, Road Agent
ROBERT STRAW, Selectman

REPORT OF THE LAMSON FARM COMMISSION

1980 was another busy year for the Lamson Farm Commission. Major repairs and improvements were completed on the buildings and land and there were some interesting developments toward preserving the historic significance of the Farm.

Roofing and structural repairs were finished on the barn and the barn windows were repaired and reglazed. The central chimney was rebuilt above the roofline. The weakened foundation of the kitchen chimney required that it be torn down to the base and entirely rebuilt. Both chimneys are now in good repair. Rocks and boulders were removed from a large field and the field reseeded. Timberstand improvement continued. The Conservation Commission cut brush in the blueberry fields.

Word has come recently that the nomination papers of the Lamson Farm to the National Registry of Historic Places have been processed and approved by the State Historic Preservation Office. The papers are now in Washington for action of the Registry. The Lamson Farm Commission is eagerly awaiting the outcome.

The deteriorating exterior of the farmhouse demanded some attention. The Commission contacted the Society for the Preservation of New England Antiquities for expert guidance. An S.P.N.E.A. consultant surveyed the building and submitted a 59-page report which identifies important exterior features and describes good preservation techniques. Guided by the report and with the expert help of Mr. Clarence Richardson, painter, a few enthusiastic volunteers were able to begin scraping and priming before cold weather set in. Our goal is to complete the exterior painting in 1981.

In order to save money, volunteer help will be needed throughout this project of repainting the farmhouse, as well as in most improvements and developments at the Farm.

Although the S.P.N.E.A. report deals mainly with treatment of the exterior of the building, included in it are ideas helpful in developing a specific historic preservation plan for the buildings. The Historical Society is beginning work on the exciting task.

A most enjoyable highlight of the year was the First Annual Lamson Farm Day when nearly 200 people attended on a beautiful Autumn day. Proceeds from this event have been put toward building public toilets to facilitate future events at the Farm.

The Lamson Farm Commission is delighted to find that the Lamson Farm produces income sufficient not just for routine

maintenance but also for major rehabilitating undertakings. Donations have been an important part of this success. With more of them, much more can be done for these valuable, old buildings.

Individuals and groups are invited to send or bring their ideas and proposals for projects or uses of the Farm to the Commission through any of its members.

As a new community supercedes the old and we leave our agrarian heritage, the town of Mont Vernon is preserving in the Lamson Farm a unique property of outstanding beauty and historical significance to learn from and enjoy.

MONT VERNON HISTORIC DISTRICT COMMISSION

The Mont Vernon Historic District Commission had meetings on a regular basis with owners of properties requiring building permits for exterior alteration or new building throughout 1980.

The most notable addition to the Historic District inventory of homes is the new two story wood frame home constructed by Estey & Son on Main Street. This home is for sale at the present time.

The Commission also considered and reviewed the plans of Carl Silva to restore and repair the former Robert Thayer property on Main Street. This project is scheduled for completion in mid-1981.

The goal of the Historic District Commission in 1981 is to explore sources of funding, improve on the inventory of properties, and work within the framework of the ordinance.

Current members of the Commission include Carl Silva, Chairperson, Jane Conant, Secretary, Nancy Lynch, Bryant Ricker of the Selectmen's Board and Mary Collins, Planning Board representative.

Respectfully submitted,

CARL SILVA, Chairperson

SUPERVISORS OF THE CHECKLIST

1981 is the year for the Supervisors of the Checklist to register every voter in the Town of Mont Vernon.

A voter will automatically be registered if he/she voted in either the November 1980 general election or in the 1981 Town Meeting.

Those of you who did not vote in either of the previously mentioned meetings may register with the Town Clerk during office hours before August 1, 1981, or you may register with the supervisors at their scheduled meetings.

Respectfully submitted:

CYNTHIA KILIAN
JUDITH CORBETT
RONALD FRANK

AUDITORS' REPORT

To the Selectmen of Mont Vernon:

We have examined the statement of assets and liabilities arising from cash transactions of the Town of Mont Vernon as of December 31, 1980, and the related statements of revenues collected and expenditures paid for the year ended. Our examination was not made in accordance with generally accepted auditing standards, however, we did include such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The financial statements have been prepared in accordance with procedures prescribed by the State of New Hampshire which in certain instances are at variance with generally accepted accounting principles.

Respectfully submitted:

PAUL C. CHRESTENSEN

MINUTES OF THE ANNUAL TOWN MEETING

March 11, 1980

The Annual Town Meeting of Mont Vernon, New Hampshire, was opened by Moderator Walter Kilian at 10:00 a.m. on Tuesday, March 11, 1980. Moderator Kilian led the Pledge of Allegiance to the Flag of the United States of America. He then proceeded to read Articles 1 through 5 of the Warrant for the Annual School Meeting and Article 1 of the Warrant for the Annual Town Meeting, with action on the succeeding Town Warrant articles to be deferred until 7:30 p.m. this day. Mr. Kilian showed the empty ballot boxes, locked them and declared the polls open. He reminded those present that there would be no smoking in the polling area, per state law and local town law.

At 7:00 p.m. Moderator Kilian declared the polls closed, all present having voted. At 7:30 p.m. he called the Meeting to order in the upper Town Hall. He led the assembly in the Pledge of Allegiance. Reverend Richard Tulip led the assembly in prayer. Mr. Kilian stated the ground rules and procedures to be followed during the meeting. Available to the voters present were a list of Budget Committee Recommendations and a printed page showing the corrections to the order and wording of Articles 13 through 17, as posted in the Warrant but not as printed in the Town Report.

Article 2. Bryant Ricker, Selectman, moved, seconded by Bill Harcovitz to authorize the Selectmen and Treasurer to borrow money in anticipation of taxes. The motion carried by voice vote unanimously.

Article 3. Bryant Ricker made the motion, seconded by Keith Pomeroy, to see if the Town will vote to authorize the Selectmen to convey property taken by the town in default of redemption of tax sales, the procedure to be as follows:

A. If to the party who failed to redeem the property, the consideration shall be the payment of all back taxes, including interest and penalties and all expenses related to said sale or sales, as determined by the Selectmen.

B. If to any other party, the sale shall be by public auction or sealed bids in accordance with N.H. RSA 80:42. Discussion and explanation followed. The motion was passed by a voice vote.

Article 4. Bryant Ricker made the motion, seconded by Judith Corbett, to see if the Town will vote to adopt the provisions of RSA 76:15b, authorizing the Selectmen and Tax Collector to make partial billing to property owners in June of each year for property taxes. Bryant explained the purpose of the Article. The point was made that if the town does not have to borrow money this year at 8

to 9%, it will mean a reduction of the tax rate. There was discussion concerning the fact that the town can borrow money cheaper than individuals can. The motion was defeated by a voice vote.

Article 5. Bryant Ricker moved, Keith Pomeroy seconded, to see if the Town will vote to amend the action taken at the 1963 Town Meeting, creating the Beautification Committee, as follows: to delete the following language, "This Committee shall be self-perpetuating and the within four members shall be designated a term of 4, 3, 2 and 1 year lengths," and to insert therefore the following: "This Committee shall be appointed by the Selectmen, the terms of the members to be as follows:

1 member - four years

1 member - three years

1 member - two years

1 member - one year

Selectmen appointed annually."

There was discussion and an explanation by Mr. Ricker. The motion was passed by a voice vote.

Article 6. Bryant Ricker made the motion, seconded by Keith Pomeroy, to amend the action taken at the 1978 Town Meeting, creating the Highway Study Committee, as follows: To establish a five-member Road Committee to include the Road Agent, one Selectman, appointed yearly, and three other members appointed by the Selectmen. The terms of office, excluding the Road Agent and Selectman, shall be for three years except the first year they shall be for 1, 2, and 3 years. The committee shall be answerable to the Town as well as the Selectmen with specific duties as charged by the Selectmen. Darold Rorabacher, Chairman of the Budget Committee, stated that the Committee was in favor of this article. The motion passed by a voice vote.

Article 7. The motion was made by Bryant Ricker, seconded by Cynthia Kilian and Judith Corbett, to see if the Town will vote to adopt the provisions of RSA 56:40-A permitting applications for changes in party affiliation to be made with the Town Clerk. Moderator Kilian explained that this article should have been a ballot item. It will need enabling legislation, if passed, to be legalized, which can be done through Representative Joanne Head. The motion was passed unanimously by a voice vote.

Article 8. Bryant Ricker moved, Otis Garnett seconded, to see if the Town will vote to raise and appropriate the sum of \$10,300 for a police cruiser providing fifty percent of the \$10,300 is to be reimbursed to the Town as a matching fund by the New Hampshire Highway Safety Agency. Darold Rorabacher moved to amend the

article to read \$7,300, seconded by Paul Backus. Discussion included mileage costs, housing for the vehicle, the price difference between four-wheel drive Jeep Wagoneer vs a Buick LeSabre, and maintenance costs. A vote was called on the amendment. The amendment was defeated by standing vote: YES 59; NO 64. A vote was called on the main motion. The motion was defeated by standing vote: YES 50; NO 76.

Article 9. Bryant moved, Keith Pomeroy seconded, to see if the Town will vote to raise and appropriate the sum of \$210,775.05 for the 1980 Operating and Maintenance Budget. Mr. Ricker moved, Mr. Pomeroy seconded to go over the budget by line item, amendments accepted as we go. Darold moved and Roy Thomsen seconded to amend Article 9 to reduce the Town Officers' Expenses by \$200, to a total of \$11,650.00. Moderator Kilian then announced that if there was no objection amendments would be accepted and included by general consent if no objection is offered. Darold moved, seconded by Roy Thomsen, to amend the article to reduce the Town Building Expenses by \$350, to eliminate two new auxiliary lights for the Town Hall, to a new total amount of \$9,585. Darold moved, Nancy Lynch seconded, to reduce the police budget item by the amount of \$4,546 to a total of \$12,000. This amendment would reduce the budgeted hours and therefore the mileage of the Police Department. A voice vote on this amendment carried. Mr. Ricker continued to read each line item. Mr. Ricker moved to amend, seconded by Garth Witty, to insert a line item inadvertently left out - Highway Subsidy (Section 241:15) of the amount of \$9,305.46 under the section titled "Highways & Bridges." This is money received from the state, but must be included in the budget. Darold moved, seconded by Paul Backus, to reduce the Highway Maintenance budget by \$11,200, to a total of \$60,769. Road Agent Garth Witty stated what would be lost, if budgeted; gravel amounts lessened, tarring account reduced and less shimming of roads. A standing vote was called on the amendment. YES 54; NO 72. The amendment was defeated leaving the Town Maintenance item at \$71,969. Darold moved, seconded by Roy Thomsen, to reduce the Highway General item by \$7,200, the major portion of the cut was for road grader repairs, which the Budget Committee is not recommending at this time. The item passed by voice vote. Nancy Lynch moved, seconded by Paul Backus to amend the Town Maintenance account to the amount recommended by the Budget Committee plus gravel costs, thereby reducing the budgeted amount to \$63,644. The standing vote was YES 51; NO 53. The amendment was defeated. The question was raised of why the increase in Public

Welfare. Mr. Ricker explained that that section reflects increased costs to the town, most of which are state mandated. "Town Poor" is the only area the town controls. Darold moved, seconded by Paul Backus, to reduce the Recreation item by \$550 and to make the total amount \$800.00. He explained this reduction included \$450.00 for another week of swimming and \$100.00 for an end of year outing. There was considerable discussion concerning the need for recreation facilities provided, advantages of the swim program, mention was made that money could be used from the Skenderian Trust #4. Guild Smith, Trustee of Trust Funds, explained that money had already been requested for a different program other than swimming. Susan O'Halloran stated she saw no reason parents could not pay for that extra week, at the approximate cost of \$9.00 per child if the people wanted it. In the past parents had paid a token amount for the swim program, as it is a certified Red Cross Swim program. Joan Dwyer stated that future use of the Lamson Farm should be looked into for recreational purposes. Ken Witham stated that Mont Vernon people are co-participants in the Milford-Mont Vernon Community Athletic Association. Mont Vernon citizens may avail themselves of its services. A voice vote was called. The amendment to reduce the item to the sum of \$800.00 was passed. Darold Rorabacher moved, seconded by Bryant Ricker, that the Capital Reserve amount of \$5000.00 be reduced this year to 0. This fund is for Fire Apparatus. The purpose of eliminating the Fund appropriation is due to the warrant article concerning the purchase of a new Fire Truck, which if passed will be paid for either this year or over a multi-year period with notes. Moderator Kilian explained that if the article for the Fire Truck does not pass, this item can be returned to for further discussion. A voice vote was taken, the amendment passed. Moderator Kilian then called for a vote on the amended budget amount of \$202,234.51. The amended article passed by a unanimous voice vote.

Article 10. Selectman Ricker moved, Roy Thomsen seconded to see if the Town will vote to appropriate the sum of \$100 to be used with \$500.00 previously raised and appropriated for the purpose of erecting war memorial stones for the Korean and Vietnam conflicts. The motion was carried unanimously by voice vote.

Article 11. Bryant Ricker moved, Jay Wilson seconded, to see if the Town will vote to appropriate from accrued Revenue Sharing Funds the sum of \$1000 and raise and appropriate the sum of \$2900 for a total of \$3,900 for the purchase of a road sweeper for the Highway Department. After some discussion, a voice vote was called. The motion carried.

Article 12. Bryant moved, Joe Carleton seconded, to see if the Town will appropriate from accrued Revenue Sharing Funds the sum of \$5,800 for the purchase and installation of a fire alarm system in the Town Hall, Fire Station and hook up to the existing system in the McCollom School. Fire Ward Alan Smith explained there was need as the buildings are old and it had been a recommendation of the State Fire Marshal. Town Clerk Sarah Rorabacher stated that all Vital Records kept in the town hall would be in danger if a fire occurred. Voice vote was called and the motion passed.

Article 13. Joseph Carleton, Fire Chief, moved, seconded by Alan Smith, to see if the Town will vote to raise and appropriate the sum of \$65,000 to purchase a pumper tanker type Fire Engine to replace the present 1942 Fire Engine and to authorize application of the present balance of the Fire Department Apparatus Capital Reserve Fund toward that appropriation and to authorize the Board of Selectmen to place the 1942 Fire Engine out for sale by public bid after delivery of the new unit. Mr. Carleton moved, seconded by Garth Witty, to amend this article to read: To see if the Town will vote to raise and appropriate the sum of \$47,858, and authorize the withdrawal of \$26,000 from the Fire Department Apparatus Capital Reserve Fund to purchase a pumper tanker type Fire Engine to replace the present 1942 Fire Engine and to authorize the Board of Selectmen to place the 1942 Fire Engine out for sale by public bid after delivery of the new unit; the total purchase price of the new Fire Truck to be \$73,858. Fire Chief Joe Carleton explained the need of a new truck: our newest truck is 19 years old; one is 28 years old; one, 32 years old. Local insurance rates will not be affected if a new truck is not purchased, but we will need a truck within the next few years. The cost of new equipment is rising rapidly. Darold Rorabacher, speaking for the Budget Committee, stated that by a vote of 6-1 the Committee was in favor of the Fire Truck. Walter Collins moved, second unknown, to borrow the amount needed by means of five-year serial notes, RSA 33:8. After discussion, the motion and second were withdrawn. Moderator Kilian explained that Article 15, stated in the corrected page of the town warrant, went with Article 13. The words in Article 15... "the preceding article" should be changed to "Article 13". He further stated that if the vote on Article 13 was taken, the amount raised would come from this year's taxes and would need a simple majority to be passed; Article 15 would need a two-thirds majority vote. After a lengthy discussion, JoAnn Smith called the question. A voice vote was taken on the amendment to raise and

appropriate \$47,858 and to withdraw \$26,000 from Capital Reserve, as above. The amendment passed unanimously by voice vote. Eileen Naber moved, seconded by Barbara Ricker, to amend the motion to combine Article 13 with Article 15. Passed by voice vote. Moderator Kilian called for a vote on the amended Article 13 and 15 to read:

To see if the Town will vote to raise and appropriate the sum of \$47,858, and authorize the withdrawal of \$26,000 from the Fire Department Apparatus Capital Reserve Fund to purchase a pumper tanker type Fire Engine to replace the present 1942 Fire Engine and to authorize the Board of Selectmen to place the 1942 Fire Engine out for sale by public bid after delivery of the new unit; the total purchase price of the new Fire Truck to be \$73,858 and to see if the Town will vote to authorize issue of bonds or notes upon the credit of the Town for all or any portion of the sum raised and appropriated under Article 13 in compliance with the provisions of Revised Statutes Annotated of New Hampshire, Chapter 33 and to authorize the Selectmen to determine the terms, conditions, sale, form and the time, date and place of payment of such bonds or notes and to determine the rate of interest or discount thereof. A standing vote was called on the amended motion of Articles 13 and 15. YES 120; NO 2, Articles 13 and 15 passed.

Article 14. Bryant moved, Linda Foster seconded, to see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b. A voice vote carried unanimously.

Article 16. Bryant moved, Keith Pomeroy seconded, to act on reports of all Town Officers, Agents, Auditors, Committees, etc. and raise and appropriate any money relative thereto. David Lambarth, School Board Chairman, questioned why McCollom School was listed under Town Property in the assessment list. He questioned a Revenue Sharing item that Auditor Paul Chrestensen explained was correctly listed on a different page. There being no other reports, a vote was called on the motion; passed unanimously.

Article 17. Moderator Kilian asked for any other business to come before this Town Meeting. Keith Pomeroy, Selectman, recommended the Town give a vote of thanks to the following people who were not seeking re-election to various positions this year after serving many years: Frank Blanchard - Cemetery Trustee; Donald Cheever - Fire Ward; Vincent Swanick - Trustee of Trust

Funds; and William Harcovitz, completing 25 years as Supervisor of the Checklist. There was a standing ovation for all. Mr. Kilian announced that School Meeting would be next Thursday, March 20th, at 7:30 p.m. He then announced the results of the School and Town Ballots:

School Ballot		
For Moderator	Walter D. Kilian	113 votes
For Clerk	Penny L. Schmitt	109 votes
For School Board		
Member	David A. Lambarth	105 votes
For Treasurer	Nancy E. Mather	111 votes
For Auditors - two

For Auditors - two	Paul C. Chrestensen	105 votes
	Eileen E. Naber	106 votes
For Supervisor of		
the Checklist	Ronald A. Frank	106 votes
For Moderator	Walter D. Kilian	114 votes

The Moderator thanked the Budget Committee, for whom there was applause, and asked for volunteers for next year's committee. The motion was made by Robert Naber, seconded by Mr. Thomsen, to adjourn this Town Meeting. Motion carried and Moderator Kilian declared the Town Meeting adjourned at 10:45 p.m. and asked all newly elected officials present to remain to be sworn in to office.

Respectfully submitted,

SARAH B. RORABACHER, Town Clerk
 BETTE WILSON, Deputy Town Clerk

WARRANT FOR ANNUAL SCHOOL MEETING

The State of New Hampshire

T E N T A T I V E

To the Inhabitants of the School District in the Town of Mont Vernon qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the nineteenth day of March 1981, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To see if the District will appropriate a sum of \$430,000 or some other sum for an addition to the Village Elementary School and for purchasing equipment and furniture of a lasting character in connection therewith; to determine whether such appropriation shall be raised by borrowing or otherwise; or take any other action relative thereto.

2. To determine and appoint the salaries of the School Board and Truant Officer and fix the annual compensation of any other officers or agents of the District.

3. To hear the report of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

4. To choose agents and committees in relation to any subject embraced in this Warrant.

5. To see if the District will vote to authorize the School Board to make application for, accept, and expend on behalf of the District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.

6. To see if the District will vote to raise and appropriate the sum of \$3,000 for the installation of aluminum storm windows at the McCollom School or take any other action relative thereto.

7. To see if the District will vote to raise and appropriate the sum of \$1,500 to insulate the attic at the McCollom School or take any other action relative thereto.

8. To see if the District will vote to raise and appropriate the sum of \$10,500 to insulate the exterior walls and paint the exterior of the McCollom School or take any other action relative thereto.

9. To direct the School Board to implement a Kindergarten Program for all students using the funds of the already existing Readiness Program of \$16,704.00 budgeted for the school year 1981-82. (By petition)

10. To see what sum of money the District will vote to raise and appropriate for the support of the schools, for the payment of salaries for School District officials and agents, and for payment of the statutory obligations of the District.

11. To see if the District will authorize the School Board to apply for, accept, and expend Federal Funds from the Land and Water Conservation Fund in the amount of \$2,800, to match an equal amount to be provided by the Mont Vernon School Volunteers (\$1,800) and the School District (\$1,000) for the design and construction of a playground at the Village School.

12. To transact any other business that may legally come before said meeting.

MONT VERNON SCHOOL DISTRICT

INSTRUCTIONAL REPORT - 1979-1980

Faculty, Staff and Student Population

As the new school year began, faculty and staff members were ready to begin the year. A new addition to the faculty was Mrs. Martha Peck, our Physical Education teacher. The large third grade class moved up to Grade IV and the class population on the first day of school stood at thirty-two.

A new school aide, Mrs. Betsy Gaffen, was hired to replace the previous aide to work with the large Grade IV. Mrs. Gaffen holds a degree in Elementary Education and has provided the extra amount of individual and small group instruction that is necessary.

The extremely large first grade moved to the second grade. To accommodate this group, the aide was also asked to move with the group. Mrs. Lee Wadleigh was hired to replace the previous aide. Students were treated in small groups and in some cases, on a one-to-one situation. This greatly enhanced their learning, particularly at such a critical stage in their education. Mrs. Wadleigh also holds a degree in Elementary Education.

Academic Program

The results of our testing program, based on the Stanford Achievement Tests, are again very encouraging. As has been the case over the past few years, the scores have been significantly higher than the national norms. Of special interest were the results of the fourth grade test scores. There had been a slight decrease noted in the math sub-tests over the past two years. The trend has been reversed. This was due in part to focusing into the item analysis results and a careful look at the existing math curriculum.

The Readiness Class continues to be a critical component of the overall instructional program in Mont Vernon. Yearly evaluation of the program indicates continued progress.

Special Needs

The Special Needs Program continued to service students from Grades R through VI. The Special Needs Teacher attempts to meet the various needs of our Special Needs students. Students who are coded as having primary learning disabilities are seen by the Special Needs Teacher on a weekly basis. He also conducts remedial groups for students on a needs basis as requested by the classroom teacher. These are based upon the needs of particular students at any given time.

Through screening and testing sessions, weekly pupil staffings, etc., an individualized plan of instruction, complete with objectives

for learning, are developed for each child seen in the Resource Room.

We continue to emphasize the concept of early diagnosis as opposed to “mid-year” remediation.

Our enrichment groups continue to enjoy popularity and serve to provide extra challenge and motivation to certain students.

Curriculum Update

A committee was established, comprised of several teachers and the Principal, to adopt a new Science program. After reviewing much of the material on the market and reading through five different series, the Laidlow Science Program was selected for use during the 1980-81 school year.

Hot Lunch

The Satellite Hot Lunch Program continues to be successful with lunch counts averaging around seventy per day. The students are provided with nutritious, well-balanced meals which are quite varied in menu. Students have been able to partake of menus from roast turkey to hot dogs. The reduced and free lunch program is still in effect for this Satellite Lunch Program.

Educational Goals

The staff and administration of Mont Vernon Elementary Schools are extremely proud of the volunteer effort in both buildings. We pride ourselves in the fact that our citizens continue to be involved in actively supporting the schools.

Each school day provides new challenges for our students and staff alike. We continue to pledge our total commitment towards the ideal of educating each child based on their needs and abilities. We strive towards the goal of challenging all children, of providing enrichment for each student, of educating the whole child. Together, in harmony with the community and its myriad of resources, we will continue to provide what we feel is a quality program of instruction for our students, in an attempt to prepare them to become the involved and able citizens of the future.

MARION JACQUES DUBE, Assistant Superintendent
of Schools

GEORGE PARAS, Principal, Mont Vernon Elementary
Schools

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of Milford and Mont Vernon, I respectfully submit my first annual report as your Superintendent of Schools. This report will reflect upon the status of the School Administrative Unit since starting employment the end of August 1980.

The primary thrust, and prominent need, was to bring about fiscal integrity, and at the same time, convert the budgetary process to the new accounting system, known as Handbook IIR. Through the abilities of Mr. Buccitelli, Business Manager, the districts now have budgets converted to Handbook IIR, a ledger system for cash flow and accounts payable, as well as monthly reports submitted by the School District Treasurers which enables the office to provide each School Board with a monthly fiscal statement balanced to the penny. The system, as it is set up, enables the office to track each expenditure, resulting in better business management.

In the past, the central office made use of a computer service and prior to that, made use of a bookkeeping machine. This year, there is neither. Every bill paid, except payroll, is hand processed, entered into the various ledgers manually, and checks hand written. The new accounting system compounds the problem because of the increased number of accounts.

While the Business Manager and I have been concentrating on the fiscal matters, Mrs. Dube has been active in the supervision of staff members, developing an accountability model, assessing existing programs, and developing curriculum improvements. Through the joint effort of the three central office administrators, we will strive to develop the most efficient and effective educational program for the youth of Milford and Mont Vernon.

It has been a very busy, sometimes hectic, but always rewarding year. It would not have been possible without the dedication and long hours given by everyone involved. My sincere appreciation to the members of the School Boards, assistance and cooperation of professional colleagues, and the students and citizens who have contributed to the improvement of the education provided for your youth.

Respectfully submitted,

DAMON A. RUSSELL, Superintendent of Schools

REPORT OF THE MONT VERNON SCHOOL SUB COMMITTEE ON SCHOOL FACILITIES

The School Study Committee's Sub Committee on School Facilities was charged with:

- 1) the review of current facilities and recommendation of a continuing program of major maintenance.
- 2) the review of energy requirements for the present school facilities and to make recommendations related thereto, including insulation, storm windows, heating systems, etc.
- 3) to interact with the other Sub Committee established to study, evaluate and develop a proposal to return Grades 7 and 8 back to Mont Vernon.

After inspection of both buildings on July 2, 1980, the Sub Committee has addressed the first two items. The Sub Committee's discussions, following the inspection, centered around six (6) major topics and minor topics which were considered to be general maintenance. Its recommendations are as follows:

General Maintenance

To hire a full time custodian.

This Sub Committee feels that a thirty-hour maintenance schedule per week is too much for a part-time job and inadequate in terms of facility needs and upkeep. The Sub Committee feels that if a full time custodian position is offered, our chances are better in obtaining a competent maintenance person and thus, ultimately, save the town time and money presently spent on contracting many jobs out.

This full time custodian would perform tasks similar to but not limited to the following:

- A. Prior to the heating season 1980-81, reinsulate heat return pipes in the McCollom Building.
- B. Paint (touch-up) the outside of the Village School in two phases.
 - 1) scrape loose paint and seal knots, repaint lower clapboards as soon as possible.
 - 2) (next spring-summer) evaluate the result of painting to determine if the present peeling paint is due to an initial poor paint job or if it is, in fact, a moisture problem.
- C. Develop a painting schedule for the insides of both school buildings.

- D. Replace floor tiles as necessary in both buildings.
- E. Repair wooden steps in back of the McCollom School.
- F. Build up step area for fire escape in back of the McCollom School.

This Sub Committee also recommends that further consideration be given to the following projects that pertain to long-range major maintenance of the two facilities and energy considerations of both buildings.

A. Energy

Install aluminum storm windows prior to the heating season of 1980-81, on the first two floors of the McCollom School, at a cost approximating \$2,500.00.

B. Energy

Prior to the heating season of 1980-81, purchase insulation and have it laid over the McCollom School attic floor by the custodian, volunteers or both.

C. Major Maintenance

Paint the outside of the McCollom School Building.

D. Energy

Investigate the possibility of insulating the walls of the McCollom School prior to the next paint job, probably within three to five years.

E. Storage space - Library

If the 7th and 8th grade's return to Mont Vernon becomes a reality, the Sub Committee recommends that ample storage space be incorporated into that plan. If this plan is rejected by the town, we recommend that an alternate plan be investigated, utilizing the existing Village School foundation and trusses to achieve a 60 foot clear span, to house a maintenance area, storage area, possibly the library and an all-purpose area for the lunch program and perhaps physical education activities.

This Sub Committee investigated the Governor's Council on Energy and Historical District Funding for possible money available for long range maintenance plans. The initial outlay of money and the bureaucracy involved with the Governor's Council on Energy on its third and final phase of funding did not seem very promising for small school systems at this time. It was felt that our money would be better spent on purchasing energy saving items rather than on energy audits.

In regard to Historical District Funding, it was found that at present, they do not have funds to allocate. The Sub Committee does not feel that the School District should rely on funds from the Historical District. The schools should allocate from its own funds, money to accomplish its programs and investigate the Historical Funding only at such a time as any major maintenance projects, such as the painting of the McCollom School Building arises.

SCHOOL DISTRICT OF MONT VERNON, N.H.

ELECTION OF OFFICERS

March 11, 1980

At 10:00 a.m. Moderator Walter Kilian called the meeting to order, led the Pledge of Allegiance to the Flag, read the Warrant for the Election of Officers for the Mont Vernon School District and declared the polls open for balloting.

At 7:03 p.m., after all in the hall had voted, Moderator Kilian declared the polls closed and committed the ballots to the Ballot Clerks for counting.

At 7:30 p.m, March 11, 1980, Mr. Kilian read the results of the School District vote and declared the following elected:

Moderator	Walter D. Kilian
Clerk	Penny L. Schmitt
School Board Member	David A. Lambarth
Treasurer	Nancy E. Mather
Auditors	Paul C. Chrestensen (write-in) Eileen Naber (write-in)

SARAH B. RORABACHER, Deputy School Clerk

**SCHOOL DISTRICT MEETING
OF MONT VERNON, NEW HAMPSHIRE**

Mont Vernon Town Hall

March 20, 1980

The meeting was called to order at 7:30 p.m. by Moderator Walter Kilian who led the assembly in the Pledge of Allegiance. He then reviewed the election results of Mont Vernon School District Officers which took place on Tuesday March 11, 1980, at the Town Meeting. The Moderator reminded the assembly of the rules to be observed during this meeting and noted that the School District Warrant had not appeared in the Town Report due to a conflict with the printing deadline. Copies of the warrant were available to everyone present and the meeting proceeded with consideration of the warrant articles.

Article 1. To determine and appoint the salaries of the School Board and Truant Officer and fix the annual compensation of any other officers or agents of the District.

Martha Chrestensen moved that this article be tabled and acted upon under Article V. Dave Lambarth seconded the motion, which then passed unanimously by voice vote.

Article 2. To hear the report of agents, auditors, committees, or officers chosen and pass any vote relating thereto.

Ann Hunt presented the report of the School Budget Review Committee. After reviewing the main areas of cost increases, the committee commended the Board members for their efforts in coping with the present inflationary pressures and recommended acceptance of the budget as a reasonable response to the needs of our children.

Walter Kilian then read the Auditor's Certificate signed by Alan J. Smith which stated that, after examining the report of the School District Treasurer, it was found to accurately present on a cash basis the revenues collected and expenditures paid during the year.

Dave Lambarth moved that the School District Reports be accepted as presented orally and as printed. Bob Naber seconded the motion, which then passed unanimously by voice vote.

Article 3. To choose agents and committees in relation to any subject embraced in this Warrant.

Bob Naber moved that the School District authorize the Moderator to appoint a committee whose duties shall include making a study of the school facility requirements for the next five (5) years. Motion seconded by Dave Lambarth.

Bob Naber stated that the School Board had been aided con-

siderably by a similar study committee set up five years ago that had advised the Board on facility needs. The Board recommended re-establishing the same type of committee. The motion then passed unanimously by voice vote.

Article 4. To see if the District will vote to authorize the School Board to make application for, accept, and expend on behalf of the District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.

Martha Chrestensen moved that the School District authorize the School Board to make application for, accept, and expend on behalf of the District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source. Dave Lambarth seconded the motion, which then passed unanimously by voice vote.

Article 5. To see what sum of money the District will vote to raise and appropriate for the support of the schools, for the payment of salaries for School District officials and agents, and for payment of the statutory obligations of the District.

Dave Lambarth moved that the School District raise and appropriate the sum of \$584,446.75 for the support of the schools, for the payment of salaries for School District officials and agents, and for payment of the statutory obligations of the District. The motion was seconded by Bob Naber.

Walter Kilian stated the budget would be gone through line by line so that questions pertaining to specific items could be asked. Dave Lambarth made a statement regarding a new State requirement to post the budget and report to the State in a revised form. The budget appears in the Town Report under the old format because it had already gone to print, but the transition to the new form is being made by the District. This year's budget was posted in both the old and new formats.

Dave Lambarth began going through the budget and at 210.11 a question was asked regarding the salary negotiations and the base teacher's pay. Bob Naber responded that the Board looked at the cost of living for the area and the area base pay. On the basis of their findings the base pay will remain the same as last year. The method of calculating the increase in pay for teachers who have been in the District was changed and the salaries reflect an increase of 9.87%. Due to the need to hire an aide for the school lunch program (thus raising the salary budget by \$837.00), the total increase

reflected for salaries is 10.25%. The starting salary for new teachers is \$8835.00.

At 230.21 a question as to why the testing budget was almost double was answered by Dave Lambarth who explained that most testing is done in the second, fourth and sixth grades, and that, depending upon the size of those classes each year, the amount could go up or down. He also stated the cost of the testing and scoring had risen.

At 230.11 a question was asked about the difference between textbooks and workbooks. Dave Lambarth explained that the two accounts reflect the two different types of books used in the system, one being hardcover, reusable texts, and the other, softcover, expendable workbooks. Dave also explained that the Mont Vernon Schools have a five year curriculum review plan, which is not mandated by law. The increase in the textbook and workbook accounts also reflects the fact that the five year review plan recommendation for the science program for this year has been spread over two years, instead of one, to lessen the impact on the budget.

At 235.51 Dave Lambarth explained that the Special Education Consortium is an evaluating service and is the means this school board has chosen to be sure it meets all Federal and State requirements. Use of the Consortium is not required by law and is reviewed periodically by the Board. It is the most cost-effective way of dealing with satisfying the requirements of the law. Before use of the consortium, there were things mandated by law that were not being done and the Board feels that it is worth the money invested in the Consortium to avoid any future problems caused by the School District not being able to anticipate a problem. Bob Naber explained the kinds of problems that the District is expected to identify and deal with, and reiterated that the best way to handle this is through the Consortium.

At 535.14 a question was raised as to why the transportation costs had nearly doubled. Dave Lambarth explained the current bus contract with M & J Corporation. We are now in the second year of a five year contract at a fixed price exclusive of gasoline.

At 535.15 and 535.21 questions were raised regarding the late bus contract and field trip expenditures. Dave Lambarth stated that although field trips are not required by law, they are an integral part of our educational program. Funds for the late bus were added to the budget through a warrant article several years ago and have been included in the budget ever since as a way to allow all students the opportunity to participate in extracurricular activities. The cost of the regular buses is \$55.00 per bus per day for 180 days, plus gas.

The cost of the late bus is negotiated separately each year. A question was raised as to whether the Board is allowed to keep the late bus in operation, but assess a fee for each individual student who rides it. It was brought out that the late bus is probably the most energy-efficient means for transporting students, as well as a way of providing students access to research materials not available in Mont Vernon. After an explanation by the Board that there are a total of eight field trips across Readiness through sixth grade, including the sixth grade trip to Camp Union, Bryant Ricker made a motion that the amounts for Section 535.15 of \$2376.00 and Section 535.21 of \$1200.00, for a total of \$3576.00 be deleted from the 500 Series, Transportation. Motion seconded by Guild Smith.

Further discussion followed with indications from a number of people that the late bus and field trips are unnecessary, that students could perhaps find alternate means of transportation. Principal George Paras spoke and indicated that on many field trips the children are asked to help defray the costs, and that in a budget of over \$584,000 the total amount saved for transportation would be quite small. He pointed out that without the opportunities offered by the school and made possible through these funds, many students would never have the exposure to these experiences and for many it is a one-time chance. Dave Lambarth indicated that these trips are made in conjunction with the curriculum.

Walter Kilian asked Bryant Ricker and Guild Smith if they would be willing to split the motion so that the two budget items could be voted on separately. It was agreed to split the motion and move the question. The Moderator called for a vote to cut off discussion on the motion. So voted by voice vote.

The motion to delete the amount of \$1200.00 for field trips, Section 535.21, from the budget was then voted on by voice vote and defeated.

The motion to delete the amount of \$2376.00 for the late bus, Section 535.15, was then brought up for discussion. It was asked when the decision on this motion, if it were passed, would take effect. The answer was: in the 1980-81 school year. Further discussion ensued. The Moderator then called for a vote and the motion was defeated by a vote of 16 to 34.

JoAnn Smith then moved that the School Board investigate the feasibility of the School District assessing fees for children riding the late bus and thereby offsetting this cost in future budgets. Motion seconded by Barbara Ricker. The motion passed by voice vote.

Further discussion of the following line items occurred:

630.11 - Supplies. Dave Lambarth stated that this is based on a very detailed list of specific items needed for maintenance of the buildings. It was asked whether the school system is privy to contract purchasing of these items. It was explained that because the amounts are so small and because of lack of space for stockpiling these items, it is difficult to order in bulk. Mr. Paras said that the possibility is being explored.

640.11 - 645.11 -- The question was raised as to whether the District might be eligible for some kind of pilot study relating to wind conditions and energy efficiency at the schools. Dave Lambarth spoke for the Board in saying the poor energy efficiency of the two schools, especially the McCollom building, is a major concern to the Board, and they plan to pursue the problem. Dave stated that last year the Board had not anticipated the increased cost of oil and electricity adequately and that the figures in this year's budget were an attempt to deal realistically with possible future increases. Bob Naber stated that the Central Office negotiates the purchase of oil and that the Board would look into getting a better price next year.

635.11 - A question was asked regarding snow removal and Dave Lambarth explained that two years ago a Milford firm contracted for \$400.00 to remove snow. This firm had had the contract at the same price for the preceding two years as well. That firm went out of business. Last year the contract was put out to bid and the low bid of \$1600.00 was accepted, but thought to be high. This same process was followed and when bids came in this year the Board felt they were excessive and decided to have the work done on an hourly basis. This year it paid off. Paul Schneiderhan indicated that he felt that if the Board expected to contract someone for next year, the \$1000.00 proposed is too little. Dave Lambarth voiced disagreement with that analysis.

700 Series - Maintenance of Plant. Dave Lambarth stated that there has been only a slight increase over last year's spending until the last six weeks, during which time there has been a substantial increase. A question was raised as to whether the cost of providing the necessary repairs to have hot water at McCollom School would be included in the current or next year's budget. Dave Lambarth answered that it would be covered by the current year's budget.

800 Series - Fixed Charges. There was a question on Hired Auto Insurance. The Hired Auto coverage is for teachers and other School District employees who transport students in their cars.

900 Series - School Lunch. Dave Lambarth explained that the

reason for the rise in the cost of the lunch program is due to two factors: the hiring of a school lunch aide at a cost of \$837.00 and increased costs of the program of \$.025 per lunch.

1400 Series - Outgoing Transfer Accounts. Dave Lambarth explained that the reason for fluctuation in these accounts each year is due to the changing number of students at the junior and senior high levels from year to year, as well as an increase in rates. The budget is for an amount of \$1952.96 per student at the Middle School and for \$1618.94 per student at the Senior High. The Board is budgeting for 43 students at the Middle School and 104 students at the Senior High.

1477.94 - Handicapped. Dave Lambarth gave a brief explanation of the amount budgeted.

1477.34 - Union 40 Share. A question was raised as to the possible effect on the budget of Jules D'Agostino's resignation. Dave Lambarth stated that it would be unrealistic to look for any great savings.

Regarding how the tuition is paid to Milford, it was noted that it is paid each quarter. Any surplus in the School budget goes back to the Town to offset the amount of taxes raised the next year. These things were brought up in an effort to learn whether the Board might be able to use any of its money to produce income through investment or interest payments. There seems to be no way for the Board to do that.

Article 5 was read again by the Moderator, voted on and approved by voice vote.

Article 6. Robert Naber moved that the School District raise, appropriate, and authorize the School Board to expend up to but not to exceed \$4500.00 for the study, evaluation, and development of a proposal for returning Grades VII and VIII to Mont Vernon. Motion seconded by Dave Lambarth.

Bob Naber called on Walter Collins, Chairman of the Study Committee, to speak. He stated that the committee was a fact finding group and that they had tried to make the report as neutral as possible. He stated that the report gives no cost comparison of various plans, but the figures are based on trying to duplicate as much as possible the program now offered by Milford. Marion Dube, Teacher Consultant of School Administrative Unit #40, was asked to give her opinion. She congratulated the committee on their work, but stated that she personally felt that the children need the opportunity for exploration and experimentation offered by a larger environment than the one that could be offered in Mont Vernon. She enumerated a number of these opportunities. Walter Col-

lins and JoAnn Smith spoke on behalf of what the program would offer if the seventh and eighth grades were returned to Mont Vernon. It was pointed out that this expenditure, if the motion passed, would add about \$.20 to the present tax rate.

The motion was voted on and passed 30 to 23.

Article 7. To transact any other business that may legally come before said meeting.

Walter Kilian conveyed thanks to Superintendent Jules D'Agostino for his work over the past years. He also thanked the School Budget Committee and the School Study Committee for their work. He asked that anyone interested in serving on either the Budget or School Facility Study Committee for the coming year see him after the meeting.

The Moderator recognized Ann Roberts, Secretary to Jules D'Agostino. He then recognized Eileen Naber who made the following correction to the List of Graduates on page 29 of the Town Report: Jeanne Daunais and Harry Salisbury, Jr. were both National Honor Society Members and Top Ten Scholars. George Paras, Principal of the Mont Vernon Schools, was recognized to introduce two teachers who were present, Helen Quinlan and Ruthanne Fyfe, the first and second grade teachers.

The question was then raised as to selecting the committee to study the Grade VII and VIII proposal, and the Moderator stated that the purpose of the motion would best be served by having time to think about the appointments and that the article did not specify that the committee need be appointed at the School District Meeting. It was left that the School Board and the Moderator would work on the best possible appointments to the committee and that the Board and committee jointly would try to work out a long range plan. Bob Naber stated that it would be his intention, as a member of the School Board, to see that the committee would have a broad base. The Moderator indicated that he would consult with the School Board prior to appointing the School Facility Study Committee and that he would broaden its responsibilities to include the study encompassed in Article IV.

At 9:55 p.m. Walter Kilian declared the meeting adjourned.

Respectfully submitted,

PENNY L. SCHMITT, School District Clerk

Office of the Selectmen
Main St.
