Auditors.

REPORT OF SCHOOL BOARD

The School Board in submitting their annual report are able to state that they have tried to expend the money appropriated by the Town to the best advantage for the schools and still stay within the appropriation.

Quite extensive repairs have been made on the school houses and had the appropriation been larger we could have done better work on one where it is especially needed. In some cases window strips have been placed in order that less fuel may be required as well as the health of the teachers and scholars protected.

The past year has been especially pleasant to the board from the fact that citizens, parents and scholars have willingly given their aid to make our schools as near the State standard as possible without manual training.

We call your attention to the Superintendent's report for a more explicit account of the work and we extend our thanks to citizens, parents, superintendent, teachers and scholars who have aided us in working for the interest of our school.

ELLEN E. HOBBS,
HENRY P. COFRAN,
FRED W. SALTMARSH,
School Board.

FINANCIAL REPORT

Payment of interest on debt	52.50
Per capita tax	556.00
Insurance	150.00
Total	\$17,962.50

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

I herewith submit my twelfth annual report of the schools of Pembroke.

There were maintained during the year, nine schools for a school-year of 36 weeks with one change in the teaching force. Miss Lillian Henderson resigned on account of sickness and Miss Gertrude Doyle was elected in her place.

The school enrollment was 234, (117 boys and 117 girls) with a daily average attendance of 93 per cent, making a gain of 1 per cent from last year.

The schools were in session on an average 351.4 half-days, showing a gain over last year of 7 half-days.

This is an excellent record, for which the teachers deserve great credit.

The schools are in a wholesome condition, being well supplied with text-books, scholars' supplies and other equipment.

The school buildings, through the effort of the school board have been greatly improved.

The School Home is an important factor in the education of the child and should leave a lasting impression upon the mind for good character and citizenship.

The school building should be sanitary, comfortable, well-lighted, ventilated and heated and located on a lot large enough to afford wholesome health exercises and games.

To secure these benefits it is necessary to have the active cooperation of the citizens, especially at the annual District Meeting when the appropriations are made.

The expenditures for the support and maintenance of schools have increased, but in no greater ratio than personal business and other public expenditures.

HEALTH INSPECTION.

Health inspection has been conducted yearly, defects noted and cards sent to the parents telling them of these defects and urging remedial treatment. A few parents have heeded this advice and had these defects corrected, benefiting the child both as to health and to learning ability. The greater number of parents apparently pay no attention to these cards as the pupils return with adenoids, decayed teeth and enlarged tonsils.

If the danger of these defects to the child's physical and mental welfare is understood by the parents, it would seem that they would seek proper medical treatment.

Adenoids and bad tonsils are sources of dangerous diseases and are directly responsible for the backwardness of many pupils.

Many children have defective vision, which the medical inspector notes on the cards. Parents should be anxious to provide properly fitted glasses for such, as eye-strain causes headaches and affects the nervous system and general health of the child.

Of 432,000 school children who were examined in one of the New England states more than one in five had defective vision.

TEACHERS' MEETINGS.

The teachers' meetings held during the year have been well attended.

At one meeting Commissioner E. W. Butterfield gave his interesting lecture on the Law of Heredity. At another, Supt. Morris of Manchester, and Assistant Supt. Walker of Concord talked on the standardized tests.

Both speakers interested and instructed the teachers. Their talks were especially helpful at that time as the teachers were about to use the Curtis Standard Practice Tests in Arithmetic.

I have found the teachers industrious and working for the best interest of the pupils.

REPORT CARDS.

I would urge the parents to examine carefully the Report Cards brought home by their children and to confer with the teacher upon any item on the card not understood. These cards are a record of the child's attendance, conduct, effort and scholarship.

Parents and citizens are cordially invited to visit the schools frequently that they may get an accurate knowledge of the work of the school room.

In conclusion I express my appreciation for your co-operation and assistance.

Respectfully submitted,

HENRY S. ROBERTS.

GRADUATING EXERCISES

March	
Invocation	Rev. G. W. Farmer

REPORT OF SUPERVISOR OF MUSIC

Music for every child, and every child for music, is a good motto for the Music Supervisor.

I am glad to report progress in all departments of our music course and no lack of enthusiasm on the part of pupils in grade and rural schools. May, 1924, we observed National Song Week in each school and we are working on a program for May 3-9, 1925, which will include every pupil in the schools of Pembroke.

An invitation from Pembroke Grange to repeat our Memorial Day programs was accepted, and gave an opportunity for massed chorus work of the rural schools and a chance to listen to the individual school.

The topic "New Hampshire" for graduation day was of interest to all. The musical selections were from well known New Hampshire composers.

The able corps of teachers in all the schools enables us to carry on the course as it is laid out and step by step we faithfully try to bring about the last half of our motto, "Every Child for Music."

To the School Board, Superintendent and Teachers who so largely cooperate with me, I extend my thanks.

Respectfully submitted,

KATE L. SMITH,
Supervisor of Music.

REPORT OF SCHOOL PHYSICIAN

No. of pupils examined	190
No. of teachers examined	9
No. of janitors examined	1
No. car notices, physician to parents	7
No. instances of defects remedied since last examination	10
No. instances treatment secured since last examination	8
No. of cases found of:	
Defective teeth	27
Hypertrophied tonsils	17
Adenoids	1
Unvaccinated without proper excuse	6

I find the sanitary condition of school buildings, yards, and surroundings good.

Respectfully submitted,

EDMUND E. HILL,
School Examiner.
