Winnepesaukee Steamship Co., Inc.

vs.

Town of Center Harbor

**STIPULATION FOR FINAL DECREE**

It is hereby stipulated and agreed, subject to the approval of the Court, that the following decree may be entered.

It is ordered, adjudged, and decreed as follows:

1. The re-establishment of the boundaries of the town highway in issue by the Selectmen of Center Harbor by certificate dated October 7, 1964, recorded in the Office of the Secretary of State November 24, 1964, and in the office of the Town Clerk of Center Harbor November 27, 1964, is hereby approved and confirmed, except as to that portion of the right of way of such highway now occupied by the marine railway and winch house of the Winnepesaukee Steamship Co., Inc. All of such highway, except the excluded portion, shall be a Class V highway to be maintained by the Town of Center Harbor.

2. The portion of the right of way of such re-established highway which is now occupied by the marine railway and winch house of the Winnepesaukee Steamship Co., Inc., shall be deemed a Class VI highway to be kept open for public travel by pedestrians only, over the footbridge hereinafter provided for and to the width of such footbridge only, as if it were a highway subject to gates and bars and subject to all the provisions of R.S.A. 234:18.

3. Winnepesaukee Steamship Co., Inc., and its successors in title, shall construct on or before June, 1966, and continuously maintain in safe condition a footbridge for pedestrian travel over its marine railway, connecting with each end of the re-established Class V town highway. Such footbridge be at least four (4) feet in width, shall be railed on each side, and shall have two or more ascending steps and two or more descending steps. Travel on such footbridge may be suspended for periods not exceeding twenty-four (24) hours at a time when boats are being moved over said marine railway.

4. Winnepesaukee Steamship Co., Inc., shall remove on or before May 1, 1966, all debris and materials from the

right of way of such highway which are not affixed to the marine railway and winch house.

5. The Town of Center Harbor may construct and maintain a sewer line within the limits of the highway right of way under the said marine railway and winch house, with all rights and privileges sufficient to conform to minimum standards for Federal aid; provided that such winch house and marine railway shall not be removed in the process of such construction or maintenance. Municipal water lines may be constructed under such railway, and licenses for poles and wires may be issued to go over such railway, so long as the same do not interfere with the operation of such railway and are within the limits of the highway right of way.

6. Upon the abandonment of such marine railway and winch house, the portion of the highway right of way occupied by it may be reclassified as a Class V town highway without any award of damages to Winnepesaukee Steamship Co., Inc., or its successors in title. The marine railway and winch house shall be deemed abandoned if it is not used for an uninterrupted period of three (3) years, periods of national emergency excepted, by Winnepesaukee Steamship Co., Inc., or its successors in title, or if it is dismantled with intent not to rebuild.

7. The Town of Center Harbor shall maintain and enforce "No Parking on Either Side" signs and "Dead End Street" signs at both ends of the re-established Class V Highway.

8. Winnepesaukee Steamship Co., Inc., shall erect and maintain a short fence to hinder trespassing by pedestrians and bicycle riders around the northerly end of its winch house.

9. No damages or costs of court shall be awarded to either party in this action.

## Red Cross Secretary's Report

---

### American Red Cross Center Harbor Branch

Mrs. Gladys Bickford was elected chairman of the Center Harbor Red Cross at our Annual Meeting held April 20, 1965 replacing Mrs. Bertrice Obert who resigned after serving three years.

The Water Safety Program was resumed under the direction of Bruce Teague, a summer resident, and a very competent instructor. A large number of children enrolled for lessons. Adult lessons were also given one night a week.

The Red Cross Equipment Hospital bed, Wheel Chair, Walker and Crutches have been used a great deal this year. It is always available to anyone needing it.

Mr. and Mrs. Cuff have given the Red Cross a "Pole Cat Helping Hand" a device to be used by bed patients to assist them in exercising different parts of the body. This device is also available to any one needing it.

# Report of Forest Fire Warden and District Chief

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

## WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush ;
  - a. Always get a permit to burn from the warden.
  - b. Start your fire late in the day after 5:00 P.M.
  - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.
