SELECTMEN'S REPORT - TOWN REPORT 1990

PEOPLE - PLACES - THINGS

PEOPLE:

There have been several changes in our personnel this year. Devin Starlanyl is no longer the Health Officer. We thank Devin for her dedication. Steven Chickering was appointed in Devin's place.

Cassy Deedy is now the Parks and Recreation Director.

Duane Chickering was hired as our 4th full time police officer and successfully completed his training at the Police Academy.

We would like to take this opportunity to thank those serving the community on all of the Boards and Commissions. It would certainly be interesting to compute the total number of man/woman hours, not to mention the expertise donated to the betterment of our town.

Our 4th annual employees picnic was held at Ware's Grove with a good attendance in spite of the weather. Scott Ricci and "Buddy" Guyette are thanked for the party boat rides - always a pleasure. This annual picnic is held for all town employees, volunteers, boards, committees and their families. There are very few benefits that a community can give for the endless hours dedicated to the town. This picnic is a way of expressing our thanks and having fun in doing it.

Our Special thanks this year go to Olaf Tabur and Robert Jenisch who assisted our Public Works Dept. in the construction of our bridges - Bob with both the Westmoreland and Farr Road bridges and Olaf with his innovative engineering of the Edgar Road bridge.

The selectmen are in the process of walking the town lines as required by law every seven (7) years.

"Curt" Nowill attended assessing school this summer taking one of the advanced courses.

Jim Machleid has experienced his first year on the Board.

PLACES:

The Public Works Garage is nearing completion at the Transfer Station/Recycling Center.

The Town Hall roof underwent a complete reroofing with new slate installed. The weathervane was straightened and other minor repairs to the roof(s) made.

We experienced an oil spill at the Town Hall Annex at Town Meeting time, which was quite an education. The cost was kept at

a minimum due to the diligent action of our Office of Emergency Management and the work of the Public Works Dept.

The Welcome Farm on Route 9 received an enormous amount of attention with the proposal for an enclosed regional shopping mall.

The Catsbane area was tested for a possible aquifer with minimal results.

Pine Crest Drive, Foley Road and Mr. Arthur Drive were accepted as town roads.

THINGS:

We ask for everyone's patience as we complete entries into our new computer system. The payroll is now being done on the machine and our general ledger accounting will be following shortly. Our tax bills for 1991 will be done on the new system, so please bear with us and inform us if you should happen to find any errors.

The 1987 cruiser died early in 1990 and the motor from the 1985 was installed in the 1987. The 1987 cruiser is the town vehicle used by all departments on a scheduled basis.

The Police Department purchased a new 1989 cruiser to replace the 1987.

Thanking all,

Harold C. Nowill, Chmn.
Elizabeth A. Benjamin
James E. Machleid

DEPARTMENT OF PUBLIC WORKS REPORT FOR 1990

For 1990 we purchased a new Power Broom and York Rake as planned.

For 1991 our equipment needs include replacing the well-used, failing 1983 1-ton pickup with a new one. Also scheduled for replacement is the Massey Ferguson Backhoe loader. This light-duty 2 wheel drive machine has proven to be inadequate by its history of excessive down time and repair costs. It is a major piece of equipment to the Highway Department and is needed for establishing and maintaining crucial drainage systems, substituting for or supplementing our loader needs and for countless other odd jobs that continuously arise. It is also used on specific jobs for other departments such as digging graves for the Cemetery Commission and numerous functions at the Recycling Center/Transfer Station. The request is for a heavy duty 4 wheel drive machine.

A Construction/Reconstruction project completed in 1990 was the rebuilding of the boat ramp on Spofford Lake. A continued effort toward securing the riverbank along Mountain Rd. was done by cutting trees that leaned into the river and placing 2,400 yards of shale ledge along its bank. Other work planned was either altered or postponed due to having to repair a large culvert on Edgar Rd. that failed to pass the State inspection.

Construction/Reconstruction projects for the coming year include continued blasting on the Gulf Rd., opening drainage, widening narrow sections and the straightening of a very sharp corner. The ledge will be used to further secure and widen the riverbank on Mountain Rd. Another project is to do extensive drainage and tree work on the North Shore Rd. in preparation for resurfacing. We also plan on starting some needed work on newly acquired Pine Crest Drive and another effort will be made toward the installation of construction fabric on a very bad section of Old Swanzey Rd.

Tarring for 1990, the following roads were done: Spaulding Hill Rd., Sheila Ave., Cross Rd., Farr Rd., Pond Brook Rd., Twin Brook Rd., Spring St., High St., Joslin St., the intersection of Church St. where it meets Rt.9A and a short section of Welcome Hill.

Our tarring schedule for 1991 is North Shore Rd., Pine Tree Circle, Wildwood Rd. and the Old Brattleboro Rd. from Pond Brook Rd. to the second entrance to the new Highway Garage.

For 1990 there were 27 Driveway Permit applications issued. This figure is down by 12 for 1989 and 35 for 1988.

Being aware of the poor economic times we are facing, every effort has been made by the Selectmen, Budget Committee, myself and other department heads to keep this year's budget a responsible one.

SOLID WASTE / RECYCLING CENTER REPORT 1990

We have just completed our first full fiscal year of recycling. After reviewing my records of costs and revenue for the operations, I am encouraged with the positive results.

Figures shown are for January - December 1990

Recycled Items:

- Deposit Containers:	78,356 containers @ 5¢	\$3,917.80
- Aluminum:	9,364 lbs @ 30 - 40¢ per lb	
Aluminum foil	21 lbs @ 15¢ per lb	
TV Cable	32 lbs @ 15¢ per lb	
Rags	330 lbs @ 1½¢ per lb	\$3,007.43
- Plastic:	8,256 lbs @ 8¢ per lb	\$ 538.38
(large trailer load shipped 1/18/91, wt.unknown)		(after NHRRRA fees)
- Corrugated Cardboard:	50,680 lbs @ ½¢ per lb	\$ 253.00
- Newspaper	23.2 tons @ \$5 a ton	\$ 116.00

At the present time we have solid markets for all the recyclable items listed above, and the trucking is included. We have a market for mixed paper that is a break-even situation. The glass is crushed and added to the landfill materials. The true reward to the Town is the savings seen by keeping these materials out of the Keene Landfill at \$12 a yard plus trucking, and the ecological savings of our future. We have actually been able to decrease this Budget Item for the last two years in a row.

Other revenues (cost deferring)

Charge for tires:	125 tires @ \$2 ea.	\$ 250.00
Charge for whitegoods:	122 @ \$10 ea.	\$1,220.00

For the curious: 33 refrigerators; 24 hot water heaters; 21 stoves; 19 washers; 7 dryers; 7 dishwashers; 5 freezers; 5 furnaces; 1 air conditioner.

GRAND TOTAL OF REVENUES: \$9,302.61

Our cost per month for the transfer and landfilling of our unrecyclable solid waste ranged from a low of \$2,460 to a high of \$4,440 with an average of \$3,276 including container rental - for a yearly total of \$39,316. This is an impressive figure, considering that the last month's bill for the same services before recycling was \$10,200.

We are still working on adding tin and a larger variety of mixed paper to our list of recyclables to further reduce these costs. I also hope to eliminate the recyclable items we are still finding in the dumpsters, because it is costing us all money unnecessarily.

My thanks to the Recycling Committee, the attendants, the Selectmen, Joan and you, the Townspeople for helping to make our Recycling Center a success.

Respectfully,
Marshall Bills
Director of Public Works

REPORT OF THE CHESTERFIELD POLICE DEPARTMENT - 1990

This report is written to give the citizens of Chesterfield an outline of the Police Department and its activities in 1990 and our intentions for 1991.

We added a fourth officer to the staff in 1990 in order to keep pace with steadily increasing calls for service. Officer Chickering was hired in June and completed the 92nd Recruit Academy in the Fall.

1990 proved to be no different than preceding years. Our calls for service increased from 2780 to 4299. We targeted DWI and other serious motor vehicle offenses this past year with great success. DWI arrests went from 26 in 1989 to 52 in 1990. Accidents went from 98 in 1989 to 71 in 1990. Motor vehicle violations, 1212 to 1519.

I attended D.A.R.E. (Drug Abuse Resistance Education) training in October and began instructing one afternoon a week in the Chesterfield School on January 10. The D.A.R.E. program targets sixth grade students and teaches them how to deal with peer pressure, self esteem, resistance techniques, and other topics related to drug use and abuse. The program also gives me the opportunity to interact with all the students in the school and break down certain barriers that have existed between the students and the police.

This year's budget is a continuance of last year's. There are no programs added or purchases planned. The increases are held to funding the second half of the fourth position, 5.6% C.O.L.A., gasoline and training. There are no provisions for overtime, merit raises, or special investigations.

I would remind everyone that if you have an emergency, you must call Mutual Aid at 352-1100. The 363-4233 number at the office is only for business. I would ask that anyone seeing what they believe to be a crime to call us. You will be helping your neighbors.

REPORT OF THE EMERGENCY MANAGEMENT DIRECTOR

1990

ACTIVITY:

Several members have taken special training this year, in Disaster Services and Survey / Damage Assessment. During the year we have undertaken a survey of the town to assist in planning for hazardous materials emergencies, which is continuing. We also have plans to acquire a mobile power unit (portable generator) with state funds which will provide a versatile piece of equipment to assist us in emergencies of all types.

FEDERAL AND STATE FUNDING:

It is important to note that 50% of the total Emergency Management budget for Chesterfield is funded through the Federal Emergency Management Agency (FEMA), which means that the actual impact on the town is one-half of the budget amount listed. Additional funds available through the State may offset this remaining amount partially or in total.

WEATHER ALERT RADIOS:

All Chesterfield residents living within the ten (10) mile Emergency Planning Zone (EPZ) should have a weather alert radio in their home. These radios are used to issue a warning in the event of an emergency at the Vermont Yankee Nuclear Power Station in Vernon, Vermont. If you do not have one of these radios, or have one which is malfunctioning, please contact the Selectmen's Office for assistance. Any resident moving out of town should leave this radio in the house for use by the next occupant.

SPECIAL NEEDS:

We encourage anyone who feels that they may need help in evacuating their premises during any type of disaster to contact the Selectmen's Office and fill out a card indicating this. All information of this nature will be considered confidential.

ACCOLADES:

Due to a reorganization at the New Hampshire Office of Emergency Management, we have a new field representative, Joanne Beaudoin, who replaces Robert Pariseau. We wish Bob well and look forward to working with Joanne. Also, I would like to give a special thanks to the members of the O.E.M. in Chesterfield, who make our organization one of the best:

Stephen Bevis - Communications
Michael Chamberlin - Safety
Steven Chickering - Resources
Michael Plante - Damage Assessment
James VanOudenhove - Deputy Director

REPORT OF THE FIRE DEPARTMENT
1990
CHESTERFIELD/WEST CHESTERFIELD

OVERVIEW

This marks the first time that the fire departments have prepared a report of operational activity for inclusion in the annual reports of the town. We anticipate that this will now be done on a regular basis and that in so doing the townspeople will become better informed as to the fire protection services currently available to them as well as needs for the future.

FIRE PREVENTION

As we have done on an annual basis since 1984 members of the Chesterfield, West Chesterfield, and Spofford Fire Departments visited the Chesterfield School on October 8th to conduct fire prevention activities for students in grades K-8 as part of National Fire Prevention Week. This year's program included a fire drill, filmstrips and videos, a visit from Smokey Bear, outside presentations by fire, police, emergency medical services, a vehicle display, a live radio broadcast and, for the first time, a parents' program. We are already looking forward to next year and are anticipating an even better program!

INSPECTIONS

Much time was devoted to inspections this year with special attention given to the school, town buildings, and new construction. Inspections have up until now been conducted with help from the State Fire Marshall's Office in Concord, however, due to budget cutbacks at the State level, we can expect to see an even heavier burden placed on the local authorities with regard to responsibility for inspections and site plan review.

TRAINING

In 1990 regular meetings of the fire chiefs of the town's three village departments were initiated for the purpose of improving coordination and promoting uniformity and standardization. We expect this to continue and all agree it is an important step in the right direction. Monthly drills of each company are held as well as joint drills of the Chesterfield Fire Service (which also includes Westmoreland). Plans for next year include a second firefighter level 1 State certification course (17 firefighters were certified in 1989), training in the incident command system, and additional hazardous materials and rescue training.

FIRE STATION

This year we submitted to the budget committee a recommendation for funding for architectural plans and the establishment of a fire station building capital reserve fund. For a number of years now the Chesterfield Center station has been inadequate.

Because the building is not large enough to house all of the equipment, one truck is stored at a nearby residence. The newest piece of apparatus is in the station, but quarters are so tight the only way a driver can get into the vehicle is through the passenger side door. In addition, neither West Chesterfield nor Spofford have room to store a fire department rescue boat or the Office of Emergency Management's trailer-mounted generator.

We strongly urge you to visit all of the fire stations in town, especially the one in Chesterfield Center. It is important that you understand and realize the handicaps we operate under while continuing to provide you with the high level of service you have come to expect.

Respectfully submitted,

WILLIAM VOGEELEY
Chesterfield Fire Chief

JEFFREY W. TITUS
West Chesterfield Fire Chief

ANNUAL REPORT OF THE PUBLIC HEALTH DEPARTMENT
1990

I was appointed Health Officer on April 26, 1990. It was a new experience for me. I had many calls I had to refer back to Devin Starlanyl, the former Health Officer, for her assistance, and for which I would like to thank her.

Calls ranged from:

- septic problems
- noise pollution
- water testing
- dog bites
- lead poisoning
- day care licensing
- and minor problems at the Transfer Station

Many septic systems were replaced around the lake, which contributes greatly to the environmental betterment of Spofford Lake.

STEVEN CHICKERING
Health Officer

WELFARE DIRECTOR'S REPORT

We have found ourselves and our townspeople in a time of great need. As Welfare Director, I am servicing more people every day due to lack of employment at this time. Many people are "making do" with very little and find it difficult to ask for assistance. Our Welfare program works within the established guidelines of the New Hampshire Welfare Administrators' Guide which has served us well over the past years. The Town must, by State Law, offer what is referred to as General Assistance. This assistance is usually a temporary solution to a problem while further help is gained through other agencies. However, due to the many people in need at the present time and the lack of State staffing, the Town is experiencing a cost that it has a responsibility for at a time when it can least afford it. I would like to thank the churches in the community and the Chesterfield Fire Department for their extreme generosity at Christmas time to help make several families enjoy the holiday season where they may not have.

Work programs are established where time may be exchanged for assistance given. I will be organizing more programs in 1991 and may be calling on the community for participation when the time comes. In the meantime, if you have extras that you don't need, call me. Someone may be extremely grateful.

PLANNING BOARD
1990

1990 was a very busy year for the Board, despite the effect of the economy on development. Fewer residential lots were created, however, the number of site plan applications nearly matched last year. The following applications were approved after hearings and review:

Boundary Line Adjustments	2
Sub-divisions	5 totalling 12 lots
Multi-family Developments	0
Commercial/Industrial Site Plans	5
Ammended Site Plans	7

The Board continued to work on the Land Use Regulations and held a Public Hearing on these revisions. (These were adopted 1/7/91.)

The Office/Retail/Services Zone became a reality with the addition of several parcels of land by vote of the March 1990 Town Meeting.

The Town Building and Land Committee III began work in September. Formed to make recommendations for the siting of the identified building needs of the town, the committee gathered information and then hired the firm of Sheerr & McCrystal, Inc. to assist in preparing a Master Plan for the center of town to meet these building needs. A final report will be presented to the Board in February, 1991.

The Board activity which received the most attention was our response to the request of the Shopco Group to re-zone the Welcome Property to accomodate a Regional Shopping Mall. Funded by Shopco, the Board hired Holden Engineering to review traffic studies, RKG Associates to provide a fiscal impact study, and Michael Donovan to assist with planning and legal issues. An innovative zoning ammendment was developed which was site-specific - only a project very similar to the Shopco proposal, a 350,000 to 500,000 sq. ft. enclosed regional mall could be built on the site. The ammendment also contained additional requirements and restrictions and the re-zoning of an additional parcel on Rte. 9 to O/R/S to accomodate a veterinary clinic which had to be relocated. After a Public Meeting, a Public Hearing, countless hours of work, debate and testimony, the Board recommended, on a vote of 5 to 1, that the Board of Selectmen call a Special Town Meeting, so that the Town could vote on the proposed zoning changes. (The ammendment was defeated at the January 15, 1991 Special Town Meeting by a vote of 549 to 813.)

The state approved Water Protection Plan for the town,

developed by the Water Study Committee of the Conservation Commission with the assistance of Southwest Regional Planning Commission, is presently under review by the Board.

Plans for the coming year include the up-dating of the Town's Master Plan. An Advisory Committee of interested citizens will be appointed to assist the Board. Residents are encouraged to volunteer their services and support to this project by serving on this committee and by participating in the town-wide survey which will be conducted.

The Board continues to meet at least twice a month, our regular meeting being on the first Monday. Lawrence Lester and Kathleen Davidson were appointed as alternates to the Board. Our thanks again to Shelley Mitchell who has filled the position of Board Secretary with much skill and dedication.

**CHESTERFIELD
CEMETERY COMMISSION**

The Town Cemeteries were well maintained during the 1990 season with the help of an able crew supplied by the Department of Public Works.

Water was re-established in Spofford Cemetery with the installation of a new water line. Our thanks to former Commission member, Alvin Davis for his design and help in this project. Commission members, Louis Perham and David Hall also assisted the crew in the installation.

Paul Hubner was appointed to the Commission to replace Alvin Davis who resigned.

BUILDING INSPECTOR'S REPORT

1990 saw a decrease in new housing permits from 37 to 20. However, 3 permits issued in 1989 were revoked for non-construction, so housing statistics were down 14 units from 1989. Total permits issued were 152. The permits for the condominium units issued in 1989 have all been revoked for non-construction.

CHESTERFIELD LIBRARY REPORT - 1990

As we end another year, we, again, want to thank all of the community for the great support given to the library in so many ways. Donations of books, sale goods, time and money are all appreciated very much; as well as the wonderful participation in and support of library programs and events.

Activity in the library has increased greatly in 1990 in every respect. The summer was especially busy with many new patrons coming in. Book circulation rose by 1500 over 1989's total. The monthly average of books and materials circulated was 950. The following is a report of the years' activity as reported to the N.H. State Library:

**HOME HEALTH CARE AND COMMUNITY SERVICES, INC.
 REPORT TO THE TOWN OF CHESTERFIELD
 JANUARY 1, 1990 - DECEMBER 31, 1990**

ANNUAL REPORT

In 1990, Home Health Care and Community Services continued to provide home care and community services to the residents of Chesterfield. The following information represents a projection of Home Health Care and Community Services' activities in your community in 1990. The projection is based on actual services provided from January through September 1990 and an estimate of usage during October, November and December.

SERVICE REPORT

Office Visits	8 Visits	8 Visits
Meals-On-Wheels	2,368 Meals	2,368 Meals

Total Unduplicated Residents Served: 50

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

FINANCIAL REPORT

The actual cost of all services provided in 1990 with all funding sources is projected to be \$59,093.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town. In 1990, town support is projected to be \$5,300.00.

For 1991, we recommend an appropriation of \$5,000.00 to continue home care and \$1,300.00 for the Meals-On-Wheels Program to continue services at the current level.

Thank you for your consideration.

ADMINISTRATIVE REPORT

This school year has been characterized by "highs" and "lows" which have significantly affected the entire community. We were all elated with the appointment of Marty Mahoney as the new school principal and the prospects for the future were never higher.

The Middle East conflict has caused Marty's departure to serve our country. His absence, no matter how temporary, has clouded the optimism generated this summer and early fall. The collective attitude of the school staff has been exceptional with everyone pitching in to keep the school running smoothly. Paul Bartolomucci will be serving as the interim principal for the foreseeable future. We are all very pleased that Paul has been able to assist us in our time of need.

The Chesterfield School District has seen many positive improvements to the school and its programs over the past several years. The district also is in the midst of a significant growth spurt which places pressure on existing space and the school budget. The budget for 1991-1992, which has been prepared for your consideration, reflects the needs as generated by those pressures. Attracting a quality teaching staff has been a district priority and, with that commitment, a significant effort has been made to provide competitive salaries and appropriate educational programs for all of Chesterfield's children.

In the face of uncertain times and a troubled economy, your decisions at the district meeting this year will be critical to the future of the school district and its children. I am confident that the citizens of Chesterfield will make the necessary decisions which will allow the district to continue to provide quality education for its students.

*Mark Genovest
Assistant Superintendent for Towns*

PRINCIPAL'S REPORT

The continued support of the voters in the Town of Chesterfield is greatly appreciated. Because of your support, we have the ability to continue to provide a quality education for the largest number of students ever enrolled in Chesterfield School.

This past year, Mr. Lawrence E. Seavey left his position as principal of Chesterfield School to become an assistant superintendent in Vermont. Mr. Martin Mahoney, a popular Chesterfield resident and a former Chesterfield teacher, has returned to become principal of the school. Mr. Mahoney was selected New Hampshire Principal of the Year and he and Mrs. Mahoney travelled to Washington, DC where Marty was honored as a National Distinguished Principal of the Year.

The Principal's Advisory Council, which was created by Mr. Seavey, has been retired by Mr. Mahoney. Since Mr. Mahoney has been an active member of this community for many years and understands the problems of the school and the concerns of the community, he decided to disband the council and, instead, set up instructional teams. The team is comprised of the principal; Lorraine Johnson, school nurse; Jeanne Johnson, school counselor; and four instructional teams.

The Primary Instructional Team, led by Darlene Dunn - Grade 2, is comprised of Marilyn Goulas - Kindergarten, Abby Salamin - Readiness, Mary Morrisette - Grade 1, Priscilla Whitford - Grade 1, and Laurel Powell - Grade 1-2 (multi-age). As you can see, we have added a first grade and a new multi-age program. This is the second year we have housed public Kindergarten at Chesterfield School. Under the continued direction of Marilyn Goulas and teacher aide Rainy Kornfield, we are providing a successful program for about 20 students in each of the morning and afternoon sessions.

The Elementary Team, headed by team leader Audrey Ericson - Grade 3, also has some familiar faces returning and new teachers added. Karen LeDuc returns in Grade 3, Jamie Bromley - Grade 4, and Jeannette Gardner - Grade 4. Nancy Kenney is teaching Grade 5 and Teresa Starkey is teaching the new fifth grade class which needed to be added.

The Junior High Team, comprised of Mary Grove - Science, Mark Sonntag - Math, Diana Allen - English, and Betsy Yacubian - Reading, is led by Social Studies teacher Craig Hood. Team members are working to transform a junior high instructional program into a middle school program. The teachers will be developing integrated programs and flexible scheduling for the next school year. Our eighth graders continue to receive Algebra and Foreign Language through the new Distance Learning Program. Through this program our students are connected to an Algebra I or Foreign Language teacher at Keene Junior High School via an interactive video configuration. Budget constraints may make this the last year for this very successful program.

Physical Education teacher Jean Condon is team leader for special teachers Cindy Coffin - Art, Marcia Esche - Music, and Gail Grainger - Librarian.

Chesterfield School has a growing special needs population that is being taught by returning Resource Room teacher (Grades 5-8) Larry Ullrich. New to the school this year is Primary Resource Room teacher Emily Mills.

Our school continues to have a Chapter I reading program, taught this year by Eileen Breckell, and we continue to write grants for and receive funding under Chapter II.

The Friends of Chesterfield continues to be a very successful fundraising and parent involvement group at Chesterfield School. Co-chaired this year by Kathy Thatcher and Sue Sciuto, the Friends have run a gift wrap fundraiser, an Italian Night Supper, the concession stand for both baseball and soccer, and a very successful "Sock Hop" for parents, teachers and friends in the community. Through the efforts of so many parents and volunteers in this organization, the Friends have been able to fund many activities not covered under the school budget.

The students of Chesterfield continue to receive a quality education and continue to take responsibility for their own education as they work to become responsible citizens. The student council, under the staff leadership of school counselor Jeanne Johnson, has involved the student body in many school and community activities. The student council continues to sponsor the Red Cross Babysitting Class for the students of Chesterfield. Sixth, seventh and eighth graders voluntarily participate in the instructional aide program. Through this program the older students help read to and tutor the elementary and primary students. Outside the school, the students have been involved with helping the American Legion sponsor the Easter Egg Hunt and they helped decorate the Bert Anne Convalescent Home for St. Patrick's Day. In addition to a school-wide collection for Project Hugo, the students of Chesterfield have been sending packages and letters to members of the armed forces serving in the Persian Gulf. We are all very proud of the many activities, programs and events our students sponsor.

It is important to note that the student population continues to rise faster than our initial projections. The below-projected figures include only current residents with no allowance for an increase in school-age population as new residents move into our community.

ENROLLMENTS

	<u>Official (as of 12/1/90)</u>	<u>Projected, 1991-1992</u>
Kindergarten	39	45
Readiness	14	15
Grade 1	50	38
Grade 2	29	50
Grade 3	50	30
Grade 4	41	50
Grade 5	41	41
Grade 6	26	41
Grade 7	37	26
Grade 8	28	37
TOTAL	<u>355</u>	<u>373</u>

As you can see by the above projections, there continues to be an increase in the number of students we educate. There is also an increase in the dedication to quality education on the part of the entire Chesterfield School staff. We always take great pride in our students, their achievements, the creativity, and commitment of our teachers. It is only through the continued support of the community and the tireless effort of volunteers, parents, teachers, support staff and administration that we can provide a quality education to each of our students.

SCHOOL LUNCH REPORT

The second year in our new kitchen went really well. We felt more at home with our large surroundings and all the "bugs" of the first year seemed to have worked out.

Free and reduced lunches were offered to students who qualified. Menus were sent each month to WKNE for morning announcements. Each student was presented with a monthly menu and Friday remained as our lunch money collection day.

Government surplus was generous and is a real bonus to our program. They provided us with fish, hamburger, turkey, pork, ground turkey, canned fruit, vegetables, as well as flour and oil.

We ended the year "in the black", but still carried last year's debt. We shall continue to serve your children a balanced lunch and try to keep them happy, too! If you would like to have lunch with the kids, call the school office by 10:00 a.m.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

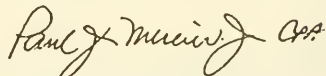

To the Members of the School Board
Chesterfield School District
Chesterfield, New Hampshire

We have audited the accompanying general purpose financial statements of the Chesterfield School District and the combining and individual fund financial statements of the School District as of and for the year ended June 30, 1990, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Chesterfield School District at June 30, 1990, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

[Note: The "General Fixed Asset Account Group" (Note 1B) refers to the business practice of tabulating fixed assets (usually to use their depreciation to offset profit). As non-profit organizations, school districts are not required to do this by the State. However, auditors regularly cite this as a deviation from "generally accepted [business] accounting principles". A copy of the full auditor's report is available in the office of the Asst. Supt. for Business, N.H.S.A.U. #29, 34 West Street, Keene, N.H.]

CHESTERFIELD SCHOOL DISTRICT MEETING
MARCH 10, 1990

The Moderator, Terry L. Wiggin, opened the polls at 10:00 AM for the purpose of voting. The following persons were appointed ballot clerks and took the oath of office from the Clerk, Diana S. Allen: Caroline Wiggin, Thomas Allen, and Sandra Wiggin.

At 7:32 PM the Moderator called the meeting to order for the purpose of acting on the articles in the warrant. The Moderator introduced officials of SAU #29, the Chesterfield School Board, Mr. Lawrence Seavey, principal of Chesterfield School, and Susan Newcomer, who was sworn in by the Clerk as Assistant Moderator.

The Moderator reviewed the rules which will be followed during the meeting. It was requested that speakers be recognized by the Moderator and identify themselves. It was stated that first time speakers on an issue will be recognized before those wishing to speak a second time. All motions should be submitted in writing for accuracy. If a motion is made to recess this meeting and reconvene at a later date, the same number of voters will be needed to vote at a reconvened meeting as those that voted to reconvene the original meeting. If a motion is made and accepted to reconvene this meeting, any previous motion voted on tonight cannot be reconsidered and voted upon at a later date.

The Moderator recognized Gary Winn who made a motion to dispense with the reading of the warrant and to read each article as it is taken up. Seconded by Richard Benjamin. The Moderator declared the voice vote to be carried in the affirmative.

Articles in the Warrant were disposed of as follows:

ARTICLE 1: Gary Winn moved that all reports contained in the Chesterfield Annual School District Report be approved as printed. Seconded by Robert Yacubian. The Moderator declared the voice vote on the motion to be in the affirmative.

ARTICLE 2: John Hudachek moved that the District vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from State, Federal or other governmental unit or a private source which becomes available during the 1990-1991 school year, provided that such expenditure be made for purposes for which a school district may appropriate money, and that such expenditure not require the expenditure of other school district funds; further, that the school board shall hold a public hearing prior to accepting a spending such money (pursuant to RSA 198:20b). Seconded by Thomas Davoli. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 3: Phillip Natowich moved that the District raise and appropriate the sum of \$70,000 to fund the anticipated deficit in the 1989-1990 budget. Seconded by Marcia Esche. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 4: Judith Palmer moved that the District raise and appropriate the sum of \$2,783,980 for the purpose of paying for the support of the schools, for the payment of salaries of School District officers and agents, and for the payment of the statutory obligations of the District. Seconded by Robert Yacubian.

Merton Yeaton moved that Article 4 be amended by increasing the amount by \$8,489 and that such increase be used to fund Distance Learning (\$2,789), co-curricular stipends (\$1,000) to bring stipend amount to \$500 for all sports or activities, and repairs to buildings (\$4,700) which will bring the amount closer to the one percent of the budget that has been used in other years for ongoing maintenance. Seconded by Cliff Lerner. Ruth Van Houten asked that it be noted in the minutes that all maintenance money be kept in the maintenance account. The Moderator declared the voice vote on the amendment to be in the affirmative.

William Vogeley moved that Article 4 be increased by the amount of \$1,500 and that such increase be used to fund National Dance Institute. Seconded by Richard Benjamin. The Moderator declared the voice vote on the amendment to be in the affirmative.

Jim Milani moved that Article 4 be increased by the sum of \$97,998 to be used as follows: \$36,639 to be used as a contingency fund for Special Education expenses with such funds to be used for no other purpose than those designated and the sum of \$61,359 to be used as a contingency fund for high school tuition expenses. Seconded by Wanda McNamara. The Moderator declared the voice vote on this amendment to be in the negative and the motion was defeated.

The Moderator then asked if there were further amendments or discussion. Hearing none, the Moderator then called for a vote on Article 4 as amended which would raise and appropriate the sum of \$2,793,969 for the purpose of paying for the support of the schools, for the payment of salaries of School District officers and agents, and for the payment of the statutory obligations of the district. The Moderator then called for a vote on Article 4 as amended. The Moderator declared the voice vote to be in the affirmative.

ARTICLE 5: The Moderator read Article 5 and then asked the Assistant Moderator to take the chair. Terry L. Wiggin moved that the voters of the Chesterfield School District vote to increase the size of the Chesterfield School Board to five members, in accordance with RSA 671:4 and if this article is adopted, at the 1991 Annual District Meeting voters will elect three school board members: one to a three year term, one to a two year term, and one to a one year term and that following the 1991 Annual District Meeting, all school board members' terms shall be three years in length. Seconded by James O'Neil. The Assistant Moderator declared a voice vote to be in the affirmative. The Moderator resumed the chair at this time.

ARTICLE 6: Cliff Lerner moved that the District approve the

following resolution by show of hands and that the results be recorded and sent to the Governor and the legislative leadership: We, the residents of the Chesterfield School District, find the State of New Hampshire to be negligent in the funding of public education, thus creating an undue burden on the local property taxpayers. We demand that the State of New Hampshire Legislature begin in earnest to study methods for substantially increasing State aid to education. Seconded by Susan Newcomer. A show of hands was used and the Moderator declared 76 yes votes and 2 no votes. The Moderator declared the motion passed in the affirmative.

ARTICLE 7: Susan Newcomer moved that the School Board consider an advisory motion that the day of the School District Meeting be changed to a week day from its present scheduled Saturday date. The Moderator was unable to determine the vote by a voice vote and called for a show of hands. The Moderator declared the vote to be 46 yes and 30 no.

Gary Winn asked that a straw vote be taken to indicate to the Budget Committee the wish of voters at this meeting to have all budget information available by the 15th of February. The Moderator declared a show of 30 hands.

Judith Palmer, School Board Chairman, offered three resolutions:

1. Whereas H. Charles Larracey has served the Chesterfield School District with equanimity and vision as Superintendent from July 1986 to the present

Coordinating the development and review of curriculum skills
seque for major areas of study to ensure evenness of
preparation of all NNSAU #29 students

Participating on the Chesterfield School Curriculum Study
Committee in 1988

Implementing the successful grant application for our
Distance Learning Program, which now offers special course to
our students through interactive tv

And always helping us to keep sight of the fact that
Chesterfield is a vital part of the SAU #29 Community of School
Districts

Be it resolved that the people of Chesterfield, our children,
and our school staff offer sincere appreciation and best wishes
for the future.

The resolution was accepted in the form of a standing ovation.

2. Resolved that the Chesterfield School District acknowledges
with appreciation the service of James VanOudenhove, a member of
the School Board from March 1988 to November 1989, who helped
to negotiate our new Board-Teacher contract and made significant
contributions to building maintenance and security at Chesterfield
School. The resolution was accepted in the form of applause.

3. Resolved that the Chesterfield School District gratefully
recognizes the contributions of Phillip J. Natowich who has
served as a School Board member since 1987. During that time he
was also a member of the SAU #29 Advisory Committee, the

Chesterfield SAU Study Committee, and the SAU #29 Unit Effectiveness Committee in addition to helping negotiate our new Board-Teacher contract. He has had a clear vision of the kind of staff and curriculum our school should have. With him, the children come first. The resolution was accepted with a standing ovation.

Tom Allen moved and Susan Newcomer seconded a motion that the meeting be adjourned at 9:35 PM. Motion was declared by the Moderator to be carried in the affirmative by a voice vote.

The official town checklist was used for the election of District Officials with 104 ballots cast at the ballot box and no absentee ballots cast.
