PAUL COLLINS
Building Inspector

REPORT OF THE TRUSTEES OF TRUST FUNDS Year Ending December 1, 1985

The approximate yield on investments for 1985 was 10.2% based on an initial principal and accumulated dividends of \$189,261.66 with income of \$19,345.59. This yield of 10.2% compares with 10.6% for 1984 and 9.9% for 1983. In addition, a capital gain of \$2434.19 was realized by the sale of the Duke Power Co. stock and the maturity of the G.M.A.C. bond.

A perpetual cemetery care fund was established in the name of John H. Ruee.

The additions to the capital reserve funds voted at Town Meeting March 12, 1985 were not received by the time the books closed on December 1, 1985.

1985 WARRANT AND BUDGET

WARRANT

To the Inhabitants of the Town of Danville in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Danville Fire Association Hall in said Danville, on Tuesday, the eleventh day of March, next at 10:00 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing. (By ballot)
2. To choose all necessary School District Officers for the ensuing year. (By ballot)
3. To vote on the following question: Are you in favor of the adoption of the amendment as proposed by the Planning Board for the Town Zoning Ordinance as follows: (By ballot)

ARTICLE VIII

WETLANDS CONSERVATION DISTRICT

A. Authority and Purpose

By the authority granted in N. H. RSA 674:16-17 and 674:20-21, and in the interest of public health, safety and general welfare, the Danville Wetlands Conservation District is hereby enacted to regulate the uses of lands subject to standing water or extended periods of high water table:

1. To control the development of structures and land-uses on naturally occurring wetland.
2. To prevent the destruction of natural wetlands which provide wildlife habitat, flood protection, groundwater recharge, pollution abatement, and the augmentation of stream flow during dry periods, and which are important for such other reasons as those cited in RSA 483-A:1-b.
3. To prevent unnecessary or excessive expenses to the Town to provide and maintain essential service and utilities which arise because of unwise use of wetlands.
4. To encourage those uses that can be appropriately and safely located in wetlands areas.
5. To preserve and enhance those aesthetic values associated with wetlands of this Town.

B. Administration

1. The enforcement of this Article shall be the duty of the Board of Selectmen and the Board is hereby given the power and authority.
2. The Selectmen shall establish rules and procedures for the application of this Article to all proposed uses other than proposed sub-divisions. The Planning Board shall establish appropriate rules and procedures for proposed sub-divisions.

C. District Boundaries

1. The Danville Wetlands Conservation District is defined as those areas of the Town that contain marshes, ponds, bogs, swamps, lakes, as well as the soils that are defined as poorly or very poorly drained by the National Cooperative Soil Survey conducted by the USDA Soil Conservation Service.
2. The District as herein defined is shown on a map designated as the "Town of Danville Wetlands Conservation District Map" and is a part of the official Zoning Map of the Town of Danville. Additional soil survey data prepared by a qualified soil scientist may be substituted for the Wetlands Conservation District map in determining the exact location of wetland boundaries.

For a detailed explanation of soil types, refer to "Soils Information for Resource Planning, Danville, New Hampshire," on file with the Town Clerk and the Soil Conservation Service in Exeter, N. H.

D. Permitted Uses

1. Poorly Drained Soils: Permitted uses in areas of poorly drained soil, are as follows:
 - a. Any use otherwise permitted by the Zoning Ordinance and State and Federal laws that does not involve the erection of a structure or that does not alter the surface configuration of the land by the addition of fill or by dredging except as a common treatment associated with a permitted use such as agriculture. A buffer zone of at least 75 feet shall be maintained between such an area and construction of a permanent structure or waste water treatment system.
 - b. Agricultural, including grazing, hay production, truck gardening and silage production provided that such use is shown not to cause significant increases in surface or groundwater contamination by pesticides or other toxic or hazardous substances and that such use will not cause or contribute to soil erosion.

- c. Forestry and tree farming.
 - d. Wildlife habitat development and management.
 - e. Recreational uses consistent with the purpose and intent of this article as defined in Section A.
 - f. Conservation areas and nature trails.
 - g. Water impoundment and the construction of well water supplies.
2. Very Poorly Drained Soils: Permitted uses in areas containing very poorly drained soils, marshes, swamps, bogs, open water and major streams are as follows:
- a. Uses specified under Section C.1 (a. through g.) shall be permitted except that no alteration of the surface configuration of the land, and no use which results in the erection of a structure, except as provided for in Section D.2(b.) below, shall be permitted. A buffer zone of at least 75 feet shall be maintained between such an area and construction of a permanent structure or waste water treatment system.
 - b. The construction of fences, footbridges, catwalks and wharves only is permitted, provided: (1) said structures are constructed on posts or pilings so as to permit the unobstructed flow of water; and, (2) the natural contour of the wetland is preserved.

E. General Provisions

1. Boundary Appeals: In the event that the Building Inspector, Conservation Commission or Planning Board questions the validity of the boundaries of a wetland area on a specific parcel of land, or upon the written petition of the owner or any abutter of the said property to the Selectmen, the Board may call upon the services of a qualified soil scientist to examine said area and report his findings to the Selectmen for their determination of the boundary. The cost of such appeal shall be borne by the petitioner.

"Qualified Soil Scientist" is interpreted to mean a person qualified in soil classification and who is recommended or approved by the Rockingham County Conservation District Supervisors.

2. Lot Size Determination: Areas designated as having poorly drained soils may be used to fulfill 50% of the minimum lot size or areas designated as having very poorly drained soils may be used to fulfill 25% of the minimum lot size required by town ordinance and subdivision regulations, provided that the non-wetland area is sufficient in size and configuration to adequately accommodate all required utilities such as sewage dis-

posal and water supply, including primary and auxiliary leach field locations. A combination of poorly drained and very poorly drained soils shall be treated as being all very poorly drained soils for the above determination.

3. Conflicting Provisions: In the event that the provisions of the Wetlands Conservation District are found to conflict with other provisions of the Danville Zoning Ordinance, the more restrictive shall apply.

F. Conditional Uses

1. A Conditional Use Permit may be granted by the Selectmen (RSA 674:21 II) for the construction of roads and other access ways, and for pipelines, powerlines, and other transmission lines provided that all of the following conditions are found to exist:
 - a. The proposed construction is essential to the productive use of land not within the Wetlands Conservation District.
 - b. Design and construction methods will be such as to minimize detrimental impact upon the wetland and will include restoration of the site as nearly as possible to its original grade and condition.
 - c. No alternative route which does not cross a wetland or has less detrimental impact on the wetland is feasible.
 - d. Economic advantage alone is not reason for the proposed construction.
2. Prior to the granting of a Conditional Use Permit under this Section, the applicant shall agree to submit a performance security to the Board of Selectmen. The Security shall be submitted in a form and amount, with surety and conditions satisfactory to the Selectmen and approved by the Town Counsel to ensure that the construction has been carried out in accordance with the approved design. The Security shall be submitted and approved prior to issuance of any permit authorizing construction.
3. The Selectmen, with the concurrence of the Conservation Commission, may require the applicant to submit an environmental impact assessment when necessary to evaluate an application made under this Section. The cost of this assessment shall be borne by the applicant. The Selectmen may also assess the applicant reasonable fees to cover the costs of other special investigative studies and for the review of documents required by particular applications.

G. Special Exception for Non-Conforming Lots

Upon application to the Board of Adjustment, a special exception shall be granted to permit the erection of a structure within the Wetlands Conservation District on vacant lots provided that all of the following conditions are found to exist:

1. The lot upon which an exception is sought was an official lot of record, as recorded in the Rockingham County Registry of Deeds, prior to the date on which this amendment was posted and published in the Town.
2. The use for which the exception is sought cannot feasibly be carried out on a portion or portions of the lot which are outside the Wetlands Conservation District.
3. Due to the provisions of the Wetlands Conservation District, no reasonable and economically viable use of the lot can be made without the exception.
4. The design and construction of the proposed use will, to the extent practical, be consistent with the purpose and intent of this Article.
5. The proposed use conforms with all other applicable ordinances and regulations of the Town of Danville.
6. The proposed use will not create a hazard to individual or public health, safety and welfare due to the loss of wetland, the contamination of groundwater, or other reason.

The Board of Adjustment may themselves, or on petition from the Building Inspector, Conservation Commission or abutters, hire a qualified consultant or consultants to prepare such studies as are necessary to determine whether the conditions set forth above have been met. The cost of such studies shall be borne by the applicant.

H. Exemption for Residential Structures

Notwithstanding other provisions of this Article, the construction of additions and extensions to one and two-family dwellings shall be permitted within the Wetlands Conservation District provided that: (1) the dwelling lawfully existed prior to the effective date of this Article; and (2) that the proposed construction conforms with all other applicable ordinances and regulations of the Town of Danville.

4. To see if the Town will vote to authorize the Selectmen to borrow Two Hundred and Fifty-four Thousand Dollars (\$254,000.) to construct a Municipal Complex, by means of serial notes over a five-year (5) period, and to apply toward the cost of the project all grants and interest re-

ceived, or take any action relative thereto.

5. Contingent upon passage of Article 4, to see if the Town will vote to raise and appropriate the sum of Forty-six Thousand Dollars (\$46,000.) to provide for additional finish details for the Municipal Complex and to pay the salary of a clerk-of-the-works. (Not recommended by Budget Committee.)

6. To see how much of the Parsonage Fund the Town will vote to spend for the ensuing year.

7. To see if the Town will vote to authorize the Selectmen to hire money for the use of the Town in anticipation of taxes.

8. To see if the Town will vote to authorize the Selectmen to sell Tax Title Property by public auction.

9. To see if the Town will vote to allow the Selectmen to reconvey title to tax deeded property to the former owners only upon repayment of taxes, costs, interest and other expenses incurred.

10. To see if the Town will vote to authorize the Selectmen to apply for, contract for and accept aid relative to natural disasters from the Federal Government Federal Disaster Assistance Administration in Washington.

11. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend without further action by the Town Meeting money from the State, Federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b.

12. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as setoffs against the budgeted appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon: \$7,000.00 for Sanitation; \$1,000.00 for Police; and \$1,000.00 for Fire.

13. To see if the Town will vote to authorize the Selectmen to adopt welfare guidelines in accordance with RSA 165:1.

14. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.) to be placed in the Colby Memorial Library Capital Reserve Fund.

15. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.) to be placed in the Capital Reserve Fund for the development of future recreation facilities. (Not recommended by Budget Comm.)

16. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000.) to be

placed in the Capital Reserve Fund for future fire truck purchases.

17. To see if the Town will vote to affirm the establishment in 1985 of a Capital Reserve Fund for the future purchase of a new police cruiser in the amount of Three Thousand Dollars (\$3,000.); and to raise and appropriate the sum of Five Thousand Five Hundred Dollars (\$5,500.) to be placed in the fund.

18. To see if the Town will vote that the first \$50. of the cemetery fee per burial space be placed in a Perpetual Care Fund for said cemetery lot, and the other \$50. be placed in a Capital Reserve Fund established by the 1986 Town Meeting for general cemetery maintenance and expansion.

19. To see if the Town will vote to raise and appropriate the sum of Fourteen Hundred Dollars (\$1,400.) for fill for the Old Meeting House Cemetery.

20. To see if the Town will raise and appropriate Eighteen Hundred Dollars (\$1,800.) to purchase two rebuilt portable scales and ramps for the Police Department. (Not recommended by Budget Committee)

21. To see if the Town will vote to raise and appropriate the sum of Two Thousand and Sixty-Four Dollars (\$2,064.) as their share of the budgeted 1986 costs associated with the Southeastern Rockingham County Sanitary/Solid Waste Management District (SERCSSMD) as required under N. H. RSA 149-M.

22. To see if the Town will raise and appropriate the sum of Three Thousand Dollars (\$3,000.) to hire professional services, to assist the Conservation Commission, in completing Phase I of the Wetlands Map. (Not recommended by Budget Committee.)

23. To see if the Town will vote to adopt the recommendations of the 1985 Salaries Review Committee, with hourly-rate salaries determined by Selectmen and appropriate Department Heads. Upon request to Selectmen, individual(s) may elect to be paid less than stated salaries.

24. We, the voters of Danville request that the Town appropriate \$500. to keep the Vic-Geary Center open and to keep the hot noon meals and meals on wheels operating out of there. Due to changes this fall, The Vic-Geary Center is no longer self-supporting; and needs additional funds to keep it open. The site services the following towns: Plaistow, Atkinson, Hampstead, Newton, Kingston, Danville, and Sandown. Last year out of the Center, the Program provided 21122 meals, 8596 at the Center, and delivered 12526 to the area's homebound. 284 area elderly from all

7 towns received meals and services. Over the year, from the Town of Danville that included 20 people going to the Center, and 3 receiving meals on wheels in their homes. We hope you will give serious consideration to helping maintain the Center. (By petition)

25. To see if the Town will vote to contract with Southern New Hampshire Ambulance, Inc. of Danville for ambulance service from April 1, 1986 to March 31, 1988 (2 years) and to raise and appropriate the sum of \$2852.50 for coverage of the 1986 fiscal year and that the Selectmen shall sign a contract that is agreeable and written by the attorney for the Town of Danville and the attorney for Southern New Hampshire Ambulance, Inc. (By petition)

26. To see if the Town will vote to change the manner in which the position of Budget Committee members-at-large will be filled, from elected to appointed by the Moderator. This article to take effect immediately! (By petition)

27. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

28. To transact any other business that may legally come before the Meeting.

The polls will be open from 10:00 a.m. to 7:00 p.m.

The second session of the Business Meeting will be held at 7:00 p.m. on Saturday, March 15, 1986, at the Fire Association Hall.

Given under our hands and seal, this twelfth day of February, in the year of our Lord nineteen hundred and eighty-six.

FOREST FIRE WARDEN AND FOREST RANGER REPORT

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FOREST FIRE STATISTICS - 1985

	State	District	Town
No. of Fires	1,605*	9	11**
No. of Acres	1,580	513.5	1.5

* Cost of Suppression \$246,017.

CARROLL M. KIMBALL
Town Forest Warden

EXETER AREA V.N.A., INC.

This non-profit community agency continues to provide health care to individuals and families of member towns in a time of change that is seeing more acute kinds of home care needs that may demand more "technical" care. Not too long ago, I.V. (intravenous) Therapy was associated with hospital care. Now patients are being discharged in more acute conditions including those who need I.V. therapy. The E.A.V.N.A. Nursing Staff has been involved in continuing education and training emphasizing preparation to competently care for these patients in their homes.

The Foot Care Clinics have grown and provide a much-needed service. The Flu Clinics and Blood Pressure Clinics continue. The Maternal Child Program, including the Well-Child Clinic, has seen increased activity and is seen as a key resource in the establishment of a healthful lifestyle for participating young children and their parents.

Funding continues to come from Medicare, Medicaid, patient fees, donations, and member Town appropriations.

Beginning in February 1986, the E. A. V. N. A. will publish a monthly agency newsletter that will be available to anyone through the copy received by the Town Selectmen.

MRS. JANET DANISEVICH, Town Rep.

MR. CLIFTON BROWN, Town Rep.

Board of Directors of E.A.V.N.A.

COLBY MEMORIAL LIBRARY

382-6733

The library continues to grow with new patrons, books, policies, magazines and ideas. This year over 300 volumes were added to the collection. Magazines now number 30 Adult and 4 Juvenile. Newspapers include the Danville Gazette, Kingstonian, Plaistow News and Boston Herald. The Academic American Encyclopedia was purchased from fine

moneys. Many residents have donated items which greatly helps the cost of the constantly expanding collection.

Circulation held steady, but there was a greatly increased number of patrons. Recent studies show that people use the library materials inside the building as much as they check them out.

In the Spring a much needed refurbishing of all paint both inside and outside the building was completed.

The Friends of the Library attended the annual meetings of the N. H. Assoc. of Library Friends and the N. H. Library Assoc. These meetings are important as they enable the Friends to learn what other Friends groups are doing, and how to benefit from State Library suggestions and recommendations.

During the past year the group purchased large print books, filmstrips and book marks with Library hours. An open House was held during National Library Week and a Christmas ornament contest was sponsored for elementary school children during Book Week. Books were given as prizes.

Members volunteered to keep the library open on Saturday mornings. The Librarian held an orientation meeting for prospective volunteers.

The Friends appreciate the public support for the three fund raising projects that they hold yearly; namely, the Easter Bake Sale, the table at the Firemen's Picnic and the Christmas Sale.

The Group recently established a Capital Reserve Fund for future library needs, in anticipation of the expansion of the library facility.

All residents of Danville are cordially invited to join the Friends Group. Meetings are held on the first Wednesday each month at 9 a.m. at the Library.

The Trustees and staff gratefully acknowledge the continued loyalty and support of the Friends Group.

With expansion in mind, the Trustees sponsored an article for preliminary planning which was submitted to the state in December.

In 1985 the Legislature created a new depart-

ment of Libraries, Arts and Historic Resources and passed new Public Library Standards. State Librarian, Shirley Adamovich, is the new commissioner. Your support at Town Meeting will enable us to become an associate library under the new department, with more hours open.

The present hours are: Monday and Tuesday 3:30-8:30 p.m., Wednesday 9 a.m.-Noon, Thursday 6:30-8:30 p.m. and Saturday 10 a.m. to Noon.

The Trustees and library staff, Debbie Meigs and Dottie Wilson, assistant thank you all who have given donations in all forms in 1985. Your library invites all Danville residents to come in and enjoywe'll have something for everyone.

PLANNING BOARD

The acceleration of land-development activity and issues concerned with the long-term growth of Danville made 1985 the busiest year ever for the Planning Board.

At the outset, we finalized six warrant articles for the March Town Meeting, including the article on "frontage exception for larger lots", which had received much stimulus and support from residents. All of these were adopted by the Town.

We distributed, collected, and analyzed the Citizen Survey to serve as a basis for the revised Master Plan. Over the course of 1985, we assisted the Rockingham Planning Commission in the preparation of the revised Master Plan. The bulk of the plan has been adopted at this writing.

From August to the end of the year, we held several meetings and discussions on the proposed zoning change to permit a tire-burning power plant and helped draft the final warrant article placed before the Town.

The Planning Board drafted Site Review Regulations as authorized by the Town last year, held a hearing, and adopted the regulations. The Planning Board also held several joint meetings with the Conservation Commission to help them develop a Wetlands Conservation District amendment for the Zoning Ordinance which will be placed before the Town at the 1986 Town Meeting.

The above items all represent special projects. The week-to-week activities concerned with subdivisions continued throughout the year and included 32 "preliminary consultations", some involving considerably more complex subdivisions than most proposed in previous years. We accepted eight subdivision applications and, after holding hearings, approved all of these in their final form.

Because of this level of activity, it was found necessary throughout the year to hold additional special meetings to handle the workload. If this trend continues, as it likely will, the Planning Board will need increasing support from the

Town. You have supported our membership in the Rockingham Planning Commission which has been a tremendous help in dealing with the details of drafting the Master Plan and the various regulations. We appreciate this support and urge its continuance.

We also badly need several new board members and alternates so that we can distribute the workload and ensure a quorum at meetings and hearings. In practice, it takes a year or so for a new member to gain the experience needed to deal comfortably with some of the more complex issues. Thus, it will take time to develop the required depth in the Board, and we urge those of you that feel you might enjoy this type of work to contact the Chairman of the Planning Board or the Selectmen. We need volunteers who are vitally interested in the long-term development of Danville, can commit two evenings per month to the job, and possess a large measure of common sense.

CONSERVATION COMMISSION REPORT

The Danville Conservation Commission was re-established in August 1985 with five new members. Our first activities were to develop a charter, to elect officers and to learn as much as possible about our roles and responsibilities. In early September we formally adopted a charter and elected current officers. We learned about the commission's role in the processing of permits for dredge and fill of wetlands by being presented with an application for a major project. As allowed by state law, we: intervened; held a public hearing; and worked with the Planning Board and applicant to reach a compromise. This resulted in relocation of a proposed road construction out of a wetlands area.

In conjunction with the Planning Board and with assistance from the USDA Soil Conservation Service, we prepared the proposed wetland zoning ordinance that is on the Town Warrant in 1986. We also participated in several working meetings with Exeter Energy on the proposed tire-to-energy plant. We reviewed the air quality permit application and compiled a detailed list of questions relative to the proposed pollution control design and waste storage.

We have joined the New Hampshire Association of Conservation Commissions and have participated in workshops on groundwater protection and wetlands. We also have begun a program to make conservation related educational material available to the townspeople. Finally, we meet at 7:30 p.m. the first and third Tuesday of each month and encourage the public to attend.

ALAN SHERWOOD, Chairman
CURT SPRINGER, Alternate Chairman
BETSY HACKETT, Treasurer
SUZANNE BOGANNAN, Secretary

ANIMAL CONTROL DEPARTMENT

The Animal Control Department had a very busy year keeping up with a varied variety of animal problems. We have a constant problem of people driving into town and dropping off stray animals. If you no longer want your pet or are unable to take care of him/her, please take the animal to the SPCA, located on Route 28, Methuen, Mass. It's not fair to the animal to have to locate food and shelter. All dogs in town should be restrained; if you care for your animal, keep them in your own yard. Some people have been told they do not have to license a dog that is old or one that does not go outdoors. This is not true! The State of New Hampshire requires that you license all dogs in this state with no exceptions.

If you have any questions concerning licensing your animals or any animal problems, please call my home at 382-5630, or my assistant's at 382-8132 or if neither are available, contact Police Dispatch at 382-4443.

BETTY KENT
Assistant (A.C.O.)

POLICE DEPARTMENT REPORT - 1985

This year has been one of learning, growth and change for me and my officers. I believe we have made some positive steps to create a more efficient department which has enabled us to better serve you the community.

I would like to sincerely thank the Board of Selectmen and the Townspeople for your cooperation during the past year. Clearly without your support none of our objectives for 1985 could have been met.

Over the past years, we have all watched our town and those around us increase in population. This change is inevitable and will continue. Although many factors are involved, I believe the statistics at the end of this report reflect this growth. The number of calls for service in 1985 has again increased over the previous year. Because of this, I have put into effect longer patrol time to allow more visibility of our cruiser in an effort to deter possible criminal behavior. This will also give us a quicker response time in case of an emergency. Your continued involvement in reporting any suspicious incidents or vehicles is still our best source of minimizing any criminal activity.

We have continued with in-service training for our police officers. Some have received as many as 210 hours of specialized training in a variety of

areas related to law enforcement. We now have officers certified in Firearms, Court Prosecuting, intoximeter operation, Radar operation, Juvenile Law, Self Defense, Fingerprinting, and several other specialized fields. Many of these classes were not required by the State of New Hampshire. It has been through the officers own dedication to contribute to not only their own education but to benefit the department as well.

We conducted several community service programs in 1985. We held a home firearm safety class and provided a Home Security Seminar which included practical demonstrations from several alarm companies. We had two seminars on home locking devices which we demonstrated various types of locks and explained which type should be used for different types of homes. Several youth programs were held this past year which included poster contests and prizes for the children. We co-sponsored the second annual Bike A Thon and sponsored our first annual fishing derby for the youth of town. All of these programs proved to be a success and we look forward to conducting these and more in 1986.

This past year we established a Police Explorer Program. This was done to expose the youth of town to the positive aspects of police work. For those who participated, we had trips to the County Jail and the Youth Development Center in Manchester. The explorers also enjoyed non police related trips too, such as going bowling in Haverhill. We are currently holding bi-weekly meetings and would encourage anyone else who would like to get involved to contact us.

The use of deadly force and vicarious liability in the line of duty has become a highly recognized issue. Accordingly, I instituted a comprehensive training program and police officers must qualify periodically in all phases of the firearms training program as a condition for continued employment. This program will remain in effect permanently.

Lastly, I want to discuss traffic accidents and speeding. During the past year we had 44 motor

vehicle collisions. Our cruiser was out on radar frequently. We issued 285 traffic citations and 304 warnings. We patrolled the roads and still the accidents keep occurring much too often. Here again the police department cannot prevent accidents unless we have the cooperation from drivers. I am aware, of course, that not all of these statistics involved residents of Danville, but neither can I tell you that none of our residents ever speed and get caught. They do. Please slow down, drive defensively, and please remember that the Law requires that all children age 6 and under must be buckled into a safety carrier or device.

As I review 1985 on a personal note, I believe that we have made good progress. I am proud of my officers and what we have accomplished. We are all looking forward to another productive and successful year.

FRANCIS P. WATERS, Chief
Danville Police Department

POLICE DEPARTMENT STATISTICAL BREAKDOWN - CALLS

Calls for Service:

CIVIL DEFENSE REPORT 1985

The Civil Defense Department has purchased two (2) multi-channel radios which will be used to coordinate state and local disaster relief activities. We have updated our disaster plan and it was submitted to the State for approval.

We have updated our radiation monitoring devices which have been supplied to us by the State. With this new and updated equipment, we will be better able to survive a local or national disaster.

FRANK WATERS

Civil Defense Director

HEALTH OFFICER'S REPORT

The following report is for the year 1985. A total of seventy four (74) calls were answered. A partial breakdown follows:

Septic Systems (new, updated, rejected)	57
---	----

Reportable Diseases	11
Drinking Water Tested	19
Problems with Well	1
Request for Hospital Equipment	2
Animal Bites	3

Please remember if you think you have a problem with your water or septic system, please call your Health Officer. We can evaluate your problem and probably recommend a solution.

Remember all septic system installations, all updated systems, all percolation tests and all new wells must be approved by the town Health Department.

FRANK WATERS
Health Officer
382-8869

FIRE DEPARTMENT

1985 Services

Fires in Buildings	11
Outside Fires	13
Car Fires	2
Smoke Investigations	3
Illegal Fires	3
Station Alerts	1
Motor Vehicle Accidents	17
Rescue Calls	45
Service Calls	8
Training Drills	20
Mutual Aid Rendered	23
Mutual Aid Received	13

Emphasis should be on prevention. With this in mind, the Fire Department continually sponsors educational programs for youth in home safety. We would like to stress that safety awareness is ongoing and adults as well as children must take an active part.

The State, Town and insurance companies have mandated that all fuel burning appliances (furnaces, stoves, fireplaces, etc.) be inspected for proper installation to insure safe operation. For your protection, we urge all Danville residents to have their equipment inspected and approved. In an effort to promote safety, for those who call for an appointment during calendar year 1986, we will be waiving the \$5.00 inspection fee.

We would like to remind you to periodically check your smoke and fire detection equipment, and inform you that state and local ordinances now require house current powered smoke detectors.

M. DAVID KIMBALL
Fire Chief

NOTES OF INTEREST

We would be remiss if we did not include in this year's Town Report mention of two other items of importance that occurred in the Town of Danville during 1985.

Early in the Spring of 1985, George Gorton retired both as Postmaster of the Danville Post Office and as Manager of Gorton's Store. Some of George's many civic duties include being a member of the Parsonage and Budget Committees, in addition to having been a former School Board Member and Fire Chief for Danville.

As is shown on the front cover, the Town of Danville celebrated its 225th birthday during the year, recognition of which was made during the Parade in conjunction with the 20th Annual Firemen's Picnic in September.
