SELECTMEN'S ANNUAL REPORT

Changes in people in 1990 included:

David Currier chose not to run again after 12 years of service as a Selectman because his State Senate duties were demanding more of his time.

Robert Robertson was hired to fill the vacancy in the Highway Department.

Paul Montray was hired to fill the vacancy in the Police Department.

Janice Duncan Hale was hired as Financial Assistant to replace Karen Chase.

Paul Rosa was hired as Planning Board, ZBA, and Board of Selectmen clerk.

Thomas Woodley was hired as the new Director of Town Services after Stephen Burritt resigned and went to work for the State of New Hampshire.

Accomplishments for 1990 include:

1) completion of the cemetery water line so both cemeteries on the Old Concord Road can be served;

2) installation of an Ultra-Violet disinfection system at the Charles Damour Wastewater Treatment Plant to comply with an EPA order limiting the amount of chlorine going into the river;

3) relocation of the Police Department into the former Gordon property (owned by the School District) because of structural deterioration in the Fire Station;

4) repair of the Fire Station so trucks could continue to be parked there;

5) creation of a parking area for sportsmen using the Contoocook River;

6) perambulation of Town lines with the Towns of Hopkinton, Bradford, and Deering;

7) supervision with the cooperation of the State Fire Marshal's Office of changes to several buildings in Town which needed to be renovated to meet fire codes.

Projects continuing into 1991 include:

1) finishing the Recycling Building which was constructed in 1990;

2) taking delivery of the new fire truck which was ordered in 1990;

3) constructing the handicapped accessible addition to the Tucker Free Library with the funds appropriated in 1990;

4) adopting the Town Personnel Policies which were revised by the Board and employees in 1990.

Concerns which continue to need attention include:

1) Planning for landfill closure

2) Solving space needs problems on a long-term basis

3) Disposing of sludge from the Treatment Plant

4) Scheduling and funding bridge repairs

5) Planning for expansion and repairs of the Sewer Collection System

6) Reorganizing the Town forces for efficiency

7) Meeting increased EPA demands for laboratory testing and quality assurance

In early spring 1990 it was learned that the concrete floor of the fire station was no longer safe for parking fire trucks. Making the problem more severe was that Police Department offices were located directly under the unsafe floor. A building committee was formed and pressed into action under the able leadership of Bob Carr. Arrangements were made with the School Board for the Police to relocate to the Gordon property on Western Avenue. The unsafe Fire Department floor and donated sand and gravel were used to fill the vacated Police office area in early October. A new concrete floor was completed and the fire trucks returned from the Highway Department Garage. The efforts, donated equipment, time and "at cost materials" provided by the listed volunteers is an example of what small Town America is all about.

STATE OF NEW HAMPSHIRE

TOWN WARRANT 1991

TOWN OF HENNIKER

To the inhabitants of the Town of Henniker in the County of Merrimack in said State qualified to vote in Town Affairs: (LS)

You are hereby notified to meet at Cogswell Memorial School Auditorium in Henniker on Tuesday the Twelfth of March, next, at ten of the clock in the morning to act upon the following:

1. To choose all necessary Town Officers for the Ensuing Year.
2. To vote on the following questions:
 - a. Amendment to the Henniker Zoning Ordinance re: Article XIII Administration, Sections 1301, 1302, 1303, and 1304.
 - b. Amendment to the Henniker Zoning Ordinance, as proposed by petition, re: no permits for construction costing one thousand dollars (\$1,000) or less.

THE POLLS WILL BE OPEN FROM 10:00 AM TO 8:00 PM FOR VOTING

You are hereby notified to meet at the Cogswell Memorial School Auditorium in said Henniker on Wednesday, the Thirteenth day of March, at seven-thirty of the clock in the evening to act upon the following:

3. To hear and act upon the reports of the Town Officers, Library Trustees, Trustees of Trust Funds, and other Committees.
4. To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.
5. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Police Department.
6. To see what sum of money the Town will vote to raise and appropriate for a new police cruiser.
7. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Fire Department.
8. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to purchase equipment for the new fire truck and life support systems, such purchase to be contingent upon the receipt of ten thousand dollars (\$10,000) for the sale of the fire truck.
9. To see what sum of money the Town will vote to raise and appropriate to replace the fire station roof.
10. To see what sum of money the Town will vote to raise and appropriate for the Rescue Squad.
11. To see if the Town will vote to raise and appropriate the sum of seventy-five thousand dollars (\$75,000) to purchase a new ambulance and authorize the withdrawal of thirty-eight thousand five hundred dollars (\$38,500) from the Capital Reserve Fund established in 1988 under the provisions of RSA 35:1 for that purpose. The balance to come from eleven thousand two hundred dollars (\$11,200) of donations and twenty-five thousand three hundred dollars (\$25,300) from general taxation.

12. To see if the Town will vote to raise and appropriate the sum of fourteen thousand dollars (\$14,000) to purchase hydraulic and pneumatic extrication equipment (commonly known as the "Jaws of Life"), such purchase to be contingent upon the receipt of NH Highway Safety Agency financial assistance in the amount of four thousand five hundred dollars (\$4,500), the receipt of two thousand seven hundred fifty dollars (\$2,750) for the sale of the 1973 Chevrolet ambulance and the sum of six thousand seven hundred fifty dollars (\$6,750) from general taxation.

13. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of an Emergency Services Building and to raise and appropriate the sum of fifteen thousand dollars (\$15,000) to be placed in this fund.

14. To see what sum of money the Town will vote to raise and appropriate for the repair of highways and bridges and repair or purchase of highway machinery.

15. To see what sum of money the Town will vote to raise and appropriate for 1991 road improvement projects.

16. To see what sum of money the Town will vote to raise and appropriate for a brush chipper.

17. To see what sum of money the Town will vote to raise and appropriate for Solid Waste Disposal.

18. To see what sum of money the Town will vote to raise and appropriate for a fire protection well at the Landfill.

19. To see what sum of money the Town will vote to raise and appropriate for the Tucker Free Library.

20. To see what sum of money the Town will vote to raise and appropriate to support the Henniker Athletic and Recreation Programs.

21. To see if the Town will vote to authorize the selectmen to appoint a committee to study and make recommendations for the care of abandoned cemeteries.

22. To see what sum of money the Town will vote to raise and appropriate for the operating expenses of Cogswell Spring Water Works. This sum is to be funded by water assessments.

23. To see what sum of money the Town will vote to raise and appropriate for the operating expenses of the Wastewater Treatment Plant (the Charles E. Damour Water Pollution Control Facility). This sum is to be funded by sewer assessments.

24. To see what sum of money the Town will vote to raise and appropriate for a Sludge and Septage Disposal Study.

25. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

26. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the state, federal or other governmental unit or private source which becomes available during the fiscal year, in accordance with the procedures set forth in RSA 31:95-b.

27. To see if the Town will vote to authorize the Selectmen to sell by sealed bid or public auction any lands which become available through the real estate tax lien procedure. A review of such properties shall be made with the Conservation Commission and the Planning Board prior to any sale actions.

28. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19.

29. To see if the Town will vote to establish a committee to study the feasibility of creating one department for the repair, maintenance, upkeep, and cleaning of all Town and School District owned buildings; said committee to consist of at least 2 members appointed by the Selectmen, 2 by the School Board, 1 by the School District Moderator, and 1 by the Town Moderator; and to direct said committee to make recommendations to the Selectmen and School Board by December 1, 1991, for inclusion in the 1991 Annual Reports. (By Request)

30. To see if the Town will vote to authorize the Selectmen to deed Lot 281-A (deeded to the Town on June 20, 1990, for non-payment of taxes) to Susan P. Williamson, upon receipt of payment for back taxes, costs, interest and any additional costs incurred by the Town for this property. (By Request)

31. To see if the Town will vote to discontinue and relinquish all interests of the Town therein; Grove Street beginning at Circle Street and terminating on Lot 391. (By Petition)

32. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000) to sponsor a Household Hazardous Waste Collection Day in cooperation with certain surrounding towns. (By Petition)

33. To see if the town will vote to accept the gift by Elizabeth and Philip Hustis of a portion of Tax Lot #414, consisting of approximately 713 square feet on Western Avenue, bounded and described as follows: Beginning at the granite bound set at the end of the retaining wall on the Northeast corner of Tax Lot 413; thence South $85^{\circ} 50' 42''$ East 15.82 feet to a point; thence South $1^{\circ} 50' 32''$ West 25.4 feet to a point; thence South $2^{\circ} 40' 28''$ East 74.89 feet to a point; thence North $10^{\circ} 19' 07''$ West 103.01 feet to the point of beginning. The acceptance of this gift is subject to approval of the Henniker Planning Board of a boundary line adjustment to effect this transfer and assumption by the Town of all expenses of transfer not to exceed One Thousand (\$1,000) Dollars. (By Petition)

34. To see if the Town will vote to strongly encourage our State to maintain its commitment to programs and services that serve the basic human needs of our poor, sick, disabled, children, elderly, and unemployed citizens. Further, we urge that the maintenance of this commitment should not result in a shift of financial responsibility to the local community. (By Petition)

35. As stipulated in Merrimack County Superior Court Agreement dated July 23, 1990; to see if the Town will vote to authorize the Selectmen to deed Tax Lot #47 (93 Warner Road, deeded to the Town on June 20, 1990, for non-payment of taxes) to Bertha L. Wells, upon receipt of payment for back taxes, costs, interest plus all statutory interest, costs and penalties, incurred by the Town for this property.

36. To transact any other business that may properly come before this meeting.

Given under our hands and seal this 25th day of February in the year of our Lord, Nineteen Hundred and Ninety-One.

Henniker Board of Selectmen
Wayne E. Colby, Chairman
Kenneth W. Ward
William R. Belanger

Henniker Town Clerk

**RECORD OF AFFIRMATIVE VOTES
AT ANNUAL TOWN MEETING 1990
MARCH 14, 1990**

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of seven hundred thousand dollars (\$700,000.00) for the design, site development, construction, and original equipping of a new (Police/Fire/Rescue) Public Safety Building and said sum to be in addition to any federal, state, or private funds made available therefore, and to authorize the issuance of not more than seven hundred thousand dollars (\$700,000.00) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33); to authorize the Town Officials to invest such funds and to use the earnings thereon for said project, and to authorize the Town Officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof; or to take any other action in relation thereto. (2/3 ballot vote required. Polls shall remain open and ballots shall be accepted by the moderator for a period of not less than one hour following the completion of discussion on this article.)

VOTED, to lay this article on the table until Tuesday, June 12, 1990, at 7:30 p.m.

ARTICLE 4: VOTED, that the Town raise and appropriate the sum of one hundred forty-eight thousand dollars and no cents (\$148,000.00) for the purchase of a fire truck; seventy-two thousand five hundred dollars and no cents (\$72,500.00) to come from the Capital Reserve Fund created for that purpose and the balance of seventy-five thousand five hundred dollars and no cents (\$75,500.00) to come from general taxation.

ARTICLE 5: VOTED, that the Town authorize the withdrawal of seventy-two thousand five hundred dollars and no cents (\$72,500.00) from the Fire Truck Capital Reserve Fund created in 1988 for the purchase of a fire truck. A committee consisting of the Board of Fire Engineers and a Selectman will be formed to select the truck to be purchased, and the Board of Selectmen will be designated as agents to expend.

ARTICLE 6. To see what sum of money the Town will vote to raise and appropriate to be added to the Fire Truck Capital Reserve Fund established in 1988 under the provisions of RSA 35:1.

NO MOTION WAS MADE ON ARTICLE 6.

ARTICLE 7: VOTED, that the Town accept the reports of the Town Officers, Library Trustees, Trustees of Trust Funds, and other Committees as printed in the 1989 Annual Report, subject to usual and customary audits.

ARTICLE 8: VOTED, that the Town raise and appropriate the sum of five hundred twenty-two thousand, five hundred and ninety dollars and no cents (\$522,590.00) to defray Town Charges for the ensuing year, divided as follows:

Town Officers Salaries	\$ 45,544
Town Officers Expenses	137,990
Election and Registration Expenses	2,000
Cemeteries	5,000
General Government Buildings	18,585
Assessor	8,500
Planning	21,700
Zoning	3,950
Legal Expenses	10,000
Advertising and Regional Assn.	1,337

Property Tax Map	3,414
Community Action Program	3,459
Hydrant Rental	3,000
Office of Emergency Management Communications	500 30,064
Code Enforcement Officer	14,320
Street Lighting	14,000
Sidewalk Maintenance	4,000
Visiting Nurse Assn.	4,200
Animal Control	4,625
General Assistance	10,000
Old Age Assistance	0
Patriotic Purposes (Memorial Day)	1,000
Conservation Commission	1,175
White Birch Community Center	3,000
Band Concerts	2,600
Interest on Tax Anticipation Notes	30,000
Insurance	138,627

and that the Town Officers be paid at the following rates:

Selectmen and Treasurer at \$1,500.00 per year; Town Clerk at \$11,000.00 per year; Collector of Taxes and Sewer and Water Assessments at \$11,000.00 per year; Director of Welfare at six dollars (\$6.00) per hour; and Ballot Clerks, Health Officer, Supervisors of Checklist, Surveyors of Wood and Lumber, and Moderator at four dollars (\$4.00) per hour.

ARTICLE 9: VOTED, that the Town raise and appropriate the sum of two hundred sixty-one thousand, one hundred sixty-two dollars and no cents (\$261,162.00) for the maintenance of the Police Department.

ARTICLE 10: VOTED, that the Town raise and appropriate the sum of thirty-six thousand dollars and no cents (\$36,000.00) for the maintenance of the Fire Department.

ARTICLE 11: VOTED, that the Town raise and appropriate the sum of two hundred ninety-eight thousand, nine hundred seventy-six dollars and no cents (\$298,976.00) for the repair of highways and bridges and repair or purchase of machinery.

ARTICLE 12: VOTED, that the town raise and appropriate the sum of one hundred fifty-eight thousand, two hundred forty-three dollars and no cents (\$158,243.00) for Solid Waste Disposal, and for Landfill Closure and Planning.

ARTICLE 13: VOTED, that the Town raise and appropriate the sum of fourteen thousand, four hundred fifty dollars and no cents (\$14,450.00) for the Rescue Squad.

ARTICLE 14: VOTED, that the Town raise and appropriate the sum of thirty-six thousand dollars and no cents (\$36,000.00) for the support of the Tucker Free Library.

ARTICLE 15: VOTED, that the Town raise and appropriate the sum of sixteen thousand, one hundred twenty dollars and no cents (\$16,120.00) to support the Henniker Athletic and Recreation Programs; and that these funds be earmarked for the support of Henniker children's town teams, and that payments be made through the Selectmen of Henniker and by the Town Treasurer.

ARTICLE 16: VOTED, that the Town raise and appropriate the sum of one hundred thousand dollars and no cents (\$100,000.00) for 1990 road improvement projects.

ARTICLE 17: VOTED, that the Town raise and appropriate the sum of fifteen thousand, eight hundred dollars and no cents (\$15,800.00) for the purchase of a new police cruiser.

ARTICLE 18: VOTED, that the Town raise and appropriate the sum of eighteen thousand seventy dollars and no cents (\$18,070.00) for the purchase of a new highway truck.

ARTICLE 19: VOTED, that the Town raise and appropriate the sum of one hundred four thousand dollars and no cents (\$104,000.00) for the purposes of construction of an addition to provide handicapped accessibility to the Tucker Free Library; construction is to be contingent upon receipt of grants and/or donations in the amount of thirty thousand dollars (\$30,000.00) or greater.

ARTICLE 20: VOTED, that the Town raise and appropriate the sum of fifteen thousand dollars and no cents (\$15,000.00) to be added to the Capital Reserve Fund established in 1988 under the provisions of RSA 35:1 for the purpose of an ambulance for the Rescue Squad.

ARTICLE 21: VOTED, that the Town raise and appropriate the sum of nine thousand dollars and no cents (\$9,000.00) for the construction of a waterline system in the Henniker Cemetery.

ARTICLE 22: VOTED, that the Town raise and appropriate the sum of two thousand five hundred dollars and no cents (\$2,500.00) for the design of a new Public Safety Building, and said sum to be in addition to any federal, state or private funds made available therefor.

ARTICLE 23: VOTED, that the Town raise and appropriate the sum of forty-eight thousand three hundred fifty dollars and no cents (\$48,350.00) for the purchase of a baler, a building to house the baler and for storage of material and processing, and a loader, all to be used in conjunction with expanding recycling at the Solid Waste Disposal Site. The grant in the amount of two thousand five hundred dollars and no cents (\$2,500.00) received from New Hampshire The Beautiful Fund for recycling, to be used as an offset.

ARTICLE 24: VOTED, that the Town authorize the withdrawal of seventy-five thousand dollars and no cents (\$75,000.00) from the Sewer Fund Capital Reserve for the purchase and installation of an Ultra-Violet disinfection system for the Wastewater Treatment Plant (the Charles E. Damour Water Pollution Control Facility), to meet the requirements of the EPA discharge permit.

ARTICLE 25: VOTED, that the Town raise and appropriate the sum of one hundred eighty-eight thousand twenty-eight dollars and no cents (\$188,028.00) for the operating expenses of the Cogswell Spring Water Works. This sum is to be funded by water assessments.

ARTICLE 26: VOTED, that the Town raise and appropriate the sum of two hundred thirty-four thousand four hundred thirty-one dollars and no cents (\$234,431.00) for the operating expenses of the Wastewater Treatment Plant (the Charles E. Damour Water Pollution Control Facility). This sum is to be funded by sewer assessments.

ARTICLE 27: VOTED, that the Town raise and appropriate the sum of two thousand three hundred dollars and no cents (\$2,300.00) for the purchase and installation of chain link fence for the outfield at the Town Hall athletic baseball field. (By Request)

ARTICLE 28: VOTED, that the Town authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 29: VOTED, that the Town authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the state, federal or another governmental unit or private source which becomes available during the fiscal year, in accordance with the procedures set forth in RSA 31:95-b.

ARTICLE 30: VOTED, that the Town authorize the Selectmen to sell by sealed bid or public auction any lands which become available through the real estate tax lien procedure. The Selectmen shall consult with and receive the agreement of the Planning Board and the Conservation Commission before selling any piece of land.

ARTICLE 31: VOTED, that the Town adopt RSA 41:9-a which would authorize the Board of Selectmen to establish or amend fees.

ARTICLE 32: FAILED to adopt the Town of Henniker Solid Waste Flow Control Ordinance.

ARTICLE 33: VOTED TO POSTPONE INDEFINITELY, that the Town authorize the Selectmen to accept 3,400 feet of a street to be known as Plummer Hill Road when the street meets Town specifications. (By Request)

ARTICLE 34: VOTED, that the Town designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment." (By Petition)

ARTICLE 35: FAILED to change Ezekiel Smith Road from Class V to Class VI. (By Petition)

ARTICLE 36: VOTED, that the Town instruct our elected officials to the NH General Court to support legislation which will look into restructuring the State Tax System in order to provide local property tax relief. (By Petition)

ARTICLE 37: VOTED, that the Town of Henniker send a message to the Legislature and Governor calling for a comprehensive toxics law requiring coordinated programs of planning, research and development, education, enforcement, and economic incentives to achieve toxics reduction by substitution with safer substances. (By Petition)

ARTICLE 38: DISCUSSED, combining line items in the budget
SUGGESTED, keep increase in taxes down
SUGGESTED, return naming of a certain section of Dodge Hill Road near Echo Lane back to Hemlock Corner.
DISCUSSED, house numbers on Ray Road
COMMENT, appreciation shown for voting on a Tuesday and Town Meeting on the next day. Appreciation shown for the paper the Selectmen sent out before Town Meeting.
CONSENSUS, Moderator asked if we should continue voting on Tuesday with Town Meeting on Wednesday following.

VOTED, that the March 14th, 1990, Town Meeting be recessed to Tuesday, June 12, 1990, at 7:30 p.m. at Cogswell Memorial School Auditorium in Henniker, New Hampshire, for the purpose of voting on ARTICLE 3, regarding a new Public Safety Building.

A true copy attest:

Janet Murdough
Henniker Town Clerk

(Rules of Mason's Manual was used at the annual Town Meeting 1990.)

The following questions appeared on the March 14, 1990 ballot:

1. Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700.

This passed by a vote of: YES 605 NO 138

2. Are you in favor of abolishing the Planning Board as proposed by petition of the voters of this town? (The Planning Board disapproves of this proposal)

This failed by a vote of: YES 169 NO 585

3. Shall we adopt the provisions of RSA 72:28, V and VI for an optional veteran's exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veteran's exemption is \$100 rather than \$50.

This passed by a vote of: YES 610 NO 140

4. Shall we adopt optional adjusted elderly exemptions from property tax? The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: For a person 65 years of age up to 75 years, \$12,000; for a person 75 years of age up to 80 years, \$18,000; for a person 80 years of age or older, \$24,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or, if married, a combined net income of less than \$12,000; and own net assets not in excess of \$35,000 excluding the value of the person's residence.

This passed by a vote of: YES 674 NO 80

**CONTINUATION OF MARCH 14, 1990
ANNUAL TOWN MEETING
HELD JUNE 12, 1990**

ARTICLE #3: (Was defeated by a paper ballot vote: NO: 202 YES: 80) The text of the article reads as follows: To see if the Town will vote to raise and appropriate the sum of six hundred thousand dollars (\$600,000.00) for the design, site development, construction, and original equipping of a new (Police/Fire/Rescue) Public Safety Building and said sum to be in addition to any federal, state, or private funds made available therefore, and to authorize the issuance of not more (than) the six hundred thousand dollars (\$600,000.00) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33); to authorize the Town Officials to invest such funds and to use the earnings thereon for said project, and to authorize the Town Officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof; or to take any other action in relation thereto.

(2/3 ballot vote required: polls were open for one hour following the completion of discussion on this article.)

ARTICLE #33: It was voted to reconsider Article 33, which was indefinitely postponed. VOTED: to authorize the Selectmen to accept 3,400 feet of a street to be known as Plummer Hill Rd. when the street meets Town Specifications.

A true copy of the two Articles voted on at the continuation of the annual Town Meeting held June 12, 1990, at 7:30 p.m.

TOWN OF HENNIKER, NEW HAMPSHIRE
LETTER OF COMMENTS AND RECOMMENDATIONS
December 31, 1989
AUDITORS REPORT

Plodzik and Sanderson Professional Association

February 16, 1990

To the Members of
the Board of Selectmen
Town of Henniker
Henniker, New Hampshire

We have audited the financial statements of the Town of Henniker for the year ended December 31, 1989, and have issued our report thereon dated February 16, 1990. In connection with our audit, we reviewed and tested the Town's systems of internal accounting control and operating procedures to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. The purpose of our review of these systems was not to express an opinion on internal accounting control, and it would not necessarily disclose all weaknesses in the system.

In the following paragraphs, we present our comments and recommendations for improving specific aspects of the Town's systems and procedures. We also refer you to the Appendix to this letter which explains the purpose of our review, its limitations, and the professional standards involved.

GENERAL

Typically, a report of this type places a greater emphasis on findings of a critical nature. Therefore, to put our comments and recommendations in proper perspective, it should be noted that the weaknesses observed are not necessarily the result of poor management. Oftentimes, they are due to factors outside the control of the Town's personnel, such as organizational restrictions, budgetary limitations, or inadequate software systems. We have noted many positive aspects of the Town's financial management and procedures which are not set forth in this report.

BUDGETING

Our audit of the 1989 financial statements revealed a couple of budgeting errors which resulted in a 1989 property tax revenue shortfall. First, the debt service paid by the General Fund amounting to \$45,000 in principal and \$37,615 in interest were omitted from the MS-2 (State budget form used to set the annual tax rate). Secondly, the Town did not request the maximum amount for refunds and abatements, after knowingly making one abatement in the vicinity of \$70,000 in 1989.

The errors noted above contributed almost entirely to the \$158,477 overdraft of appropriations. In addition, the estimated unreserved fund balance was far less than had been anticipated.

We believe the cause of this condition can be partially linked to the turnover that has occurred in the bookkeeping position. New bookkeepers cannot always be expected to understand the budgeting process and, as a result, one would expect to find some errors in attempting to fill out state budget forms.

We recommend that the Selectmen review all reports thoroughly before submission to the State. Internal reviews such as cross-checking internal appropriation reports to the State reports should be made a routine procedure. In addition, we feel it would be appropriate to examine the cause of the apparent high turnover in the bookkeeper position. Obviously, it is in the best interest of the Town to have continuity in this position, even if that means allowing for a part-time backup person.

TAX LIEN COMPLIANCE

State Statutes require that the Register of Deeds be notified within 30 days when full redemption is made on a property tax (RSA 80:70). In addition, State Statutes require the tax collector to notify the current owner of any impending tax deeds 30 days prior to the execution of the deed (RSA 80:77).

On more than one occasion, we found the Town to be in noncompliance with these statutes.

We recommend that the Tax Collector implement procedures to prevent this from reoccurring in the future.

In closing, we would like to express our appreciation to those persons whose cooperation and assistance during the course of our audit have helped us to achieve efficiencies in completing our audit.

After you have reviewed our report, we would be pleased to meet with you to discuss any questions that you might have.

Very truly yours,

PLODZIK & SANDERSON
Professional Association

TOWN VALUATION

COGSWELL SPRING WATER WORKS

BOARD OF WATER COMMISSIONERS ANNUAL REPORT

We completed the following projects for 1990: we replaced 4 fire hydrants, replaced the water line on Temple Road and established a capital reserve fund for replacement and improvement of the existing water system.

We are getting the desired results from our Corrosion Control Program. Regular sampling will continue to assure adequate treatment. We have dropped the levels of copper since the start of this program. The commitment to this program will require improvements to our facilities. More specifically, these improvements include a larger and safer building for the storage of chemicals and an expanded area and facility for the delivery and storage of pipe and materials. This will give us the potential for bulk delivery of chemicals to lower operating costs and will simplify the delivery and storage of pipe and materials.

For the coming year we will be replacing more fire hydrants and the water main on Hope Road. We will begin the installation plan for water meters and backflow prevention devices that is to be completed by the end of 1992. We need to establish a cross-connection program and the necessary regulations to enforce it. The establishment of this program is one very important part of gaining an exemption to the future mandatory disinfection regulations from EPA.

We hope to get a long range plan for the replacement and upgrade of our existing system. A part of this plan includes the expansion of our system including the site of a potential reservoir and well field and the estimated costs. The funding for this expansion could then be more adequately addressed at the time of any future needs.

WASTEWATER TREATMENT PLANT

Superintendent's Annual Report

The year 1990 continued to bring more requirements of reporting and operation of Wastewater Plants and personnel from the State and Federal levels. In September of 1989 we received our new discharge permit from the EPA. There are new limits for chlorine residual; an increased schedule of our Laboratory tests; inclusion of quarterly toxicity tests on our effluent and an annual priority pollutant scan of our sludge. These increases and a greater concern of quality assurance of our laboratory and operation, present new challenges.

The limits set for the chlorine residual required a major change in our disinfection process. After studying our options installing an Ultraviolet Disinfection System was the most cost effective solution to meeting our discharge permit requirement. Faced with an Administrative Order compliance deadline of February from the EPA, this system went on line in November and continues to give excellent results.

The new discharge permit increased several laboratory tests. These were Biochemical Oxygen Demand (BOD, strength of the wastewater); Total Coliform; Total Suspended Solids (TSS); PH and Settleable Solids of the effluent. Toxicity testing of our effluent and a Priority Pollutant Scan of our sludge. The BOD and Total Coliform tests increased from twice per month to weekly. TSS, PH and Settleable Solids increased to daily. We prepare the samples for the Toxicity tests and Priority Pollutant Scan then send them to an outside laboratory. We have written to EPA requesting a change in our testing requirement schedule for Chlorine Residual, PH, Settleable Solids, Toxicity testing and Priority Pollutant Scan. It appears that after a public hearing the requirements for Chlorine Residual and Settleable Solids will be changed. We are awaiting the outcome of the other three parameters.

Greater scrutiny of the operation of Wastewater Plants by the State and EPA will call for a Quality Control Quality Assurance (QA/QC) program. This requires more procedures for each test and an increase of laboratory control tests to insure that our results reported to the State and EPA are accurate.

Mary Dowse, Keith Gilbert, Norman Bumford and Joseph Damour competed in an "Operations Challenge." There are five events for the first annual state wide NH Water Pollution Control Association sponsored contest. We took first place against two other teams. This qualified us for the New England Water Pollution Control Association competition in Newport, Rhode Island. We competed against four teams from Vermont, Rhode Island, Massachusetts and Maine. Vermont won the contest. They went on to finish in the top 10 against more than 30 other teams at the national competition in Washington, D.C., in October. We finished in a tie with Rhode Island for second place. We were proud and honored to represent the Town of Heniker in this contest. We were the only team in Rhode Island from the same community.

For 1991 we hope to purchase and install full surface skimmers for our clarifiers. These will collect the floating solids before discharge. More work needs to be done to the collection system. This work includes: raising manhole covers to grade; repairing external leaks through the manhole risers; televising and flushing the main lines as necessary and eliminating the freezing problem of the sewer line over Route 202 & 9.

We need a study of the options for sludge disposal for when we are no longer allowed to landfill. Available options include land spreading or composting, either with Concord or locally. Any option will most likely include additional treatment before disposal.

Joseph P. Damour
Superintendent

TUCKER FREE LIBRARY

There has been a great deal of activity at the library this past year, both in the area of reading and programs. Circulation increased by 17.92%, contributing to a 153% gain in the past ten years. Over the same decade, participation in the children's programs escalated 1541%.

Although our patrons consist of a clear representation of the community, ranging from toddlers to senior citizens, it is encouraging to note the volume of children that use this library. In today's world, when books have to compete with T.V., video games, etc., it is very rewarding to see how enthusiastically Henniker's young people participate in library activities. The summer programs this past year had a total enrollment of 279 children and they read an amazing 3181 books in the allotted six weeks. More significant than the numbers is the fact that they enjoyed participating in reading and listening to stories.

As in previous years, the Friends of the Tucker Free Library continue to be a source of strong support. Their annual book/bake sale was very successful in raising money, some of which will be used to purchase audio tapes for the library and to help fund the childrens' summer programs.

This past year the library was honored to have trust funds established in memory of Helene and Kenneth Dermon and Dr. Francis O. Holmes. These new funds, together with the long established Marjorie B. Bennett, Sanborn Conner Brown, Scott J. Berry, James W. Doon, George Tucker, Preston, D. & W. & E.L. Cogswell, L.A. Cogswell, Willis Cogswell, Alice Colby, A.D. Huntoon, and Francis L. Childs funds benefit the library financially. However, more importantly, they serve to honor the memory of beloved and respected people. During the year, the library also received several "in memoriam" books, gifts which we are always pleased to receive.

At this point in time, the library's goal is to proceed with its project to make the building handicapped accessible. Henniker citizens generously voted, at last year's town meeting to allocate the requested partial funds. The library was successful in obtaining a Federal grant of \$40,000 and grants totalling \$15,000 from two private sources, the Samuel P. Hunt Foundation and the Cogswell Benevolent Trust. We hope to begin construction sometime in the summer of 1991. This will then enable us to address space needs existing in areas of the reference and non-fiction collections.

We realize that all the library's plans and accomplishments are made possible by the outstanding commitment which the town displays toward this institution. The Tucker Free Library would like to publicly acknowledge with gratitude this support which it receives from the community.

Peggy Ward
Librarian

ANIMAL CONTROL OFFICER'S ACTIVITY REPORT

The following is a summary of calls and complaints for January 1 to December 31, 1990.

Stray Dogs	69
Barking Dogs	19
Lost Dogs	87
Cats	31
Goats	2
Dog Bites	7
Abused Animals	3
Other/Misc.	37

The following animals were picked up and required retention and/or disposition.

Dogs	69
Cats	14
Skunks	4

I wish to thank the people in the community who have helped with the program to make Henniker a safer and peaceful neighborhood for both mankind and animals to live.

Walter H. Crane
Animal Control Officer

COMMUNITY ACTION PROGRAM

For the past twelve years, the Kearsarge Valley Community Action Program has been the focal point of social service delivery in this area, providing help when needed to the income-eligible and elderly, as well as to the community at large.

Community Action Program Belknap-Merrimack Counties, Inc., generates funds through the mobilization of available federal, state and local monies. Support for the local Area Center comes from a combination of federal appropriations and local tax dollars, so that the Kearsarge C.A.P. can provide Henniker with a variety of services from programs for local needs to outreach, referral, and direct assistance.

The town's appropriation of the requested \$3,632 in 1990 resulted in services to Henniker residents whose total value was actually \$55,910.56. These include congregate meals, meals-on-wheels, fuel assistance, USDA surplus foods, specific food supplements and medical and nutritional assistance to women, infants and children under the WIC program, and other programs most of which are limited to income-eligible applicants. For example, 44 households received fuel assistance, and 58 households received surplus foods. A detailed summary of the past year's services is on file in the office of the Board of Selectmen.

CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

The Central New Hampshire Regional Planning Commission (CNHRPC) is a voluntary association of 19 towns and the City of Concord in Merrimack and Hillsborough Counties. The Town of **Henniker** is a member in good standing of the Commission.

The CNHRPC is organized under RSA 36:45-53 to prepare coordinated regional plans and to assist communities with local planning activities.

Our accomplishments over the last year include:

Housing: We assisted communities in implementing the recommendations of *Affordable Housing Needs in the Central Region*, published in 1989. The report identifies low and moderate income housing needs in the Region by municipality.

Regional Plan: We prepared a draft of the land use element of the regional master plan. The draft is scheduled for public hearing in February of 1991.

Solid Waste: The Commission assisted the Central NH and Hopkinton-Webster Solid Waste Districts in obtaining state approval of their *Solid Waste Management Plans*. The Commission has assisted each district in the preparation of their plans and continues to assist with implementation.

Recycling: The CNHRPC prepared a regional recycling status update, funded by a grant through the Governor's recycling initiative.

Household Hazardous Waste Collection: The CNHRPC organized its second household hazardous waste collection on October 13, 1990, with collection sites in Bow and Warner. Cosponsors were the Towns of Allenstown, Boscawen, Bow, Bradford, Canterbury, Dunbarton, Hopkinton, Pembroke, Sutton, Warner, Webster, and Wilmot and Wheelabrator Concord, LP.

River Management and Protection: The Commission cosponsored the successful nomination of the upper Merrimack River to the NH Rivers Management and Protection Program. The Commission is cosponsoring the nomination of the Contoocook River this legislative session.

Water Resource Management and Protection Plan (WRM&PP): The Beaverdam Brook Plan, encompassing parts of Boscawen, Salisbury, and Webster is the first multi-town plan completed in New Hampshire.

Geographic Information System (GIS): The system, designed to map and manage geographic information, has been used in regional and town plans.

During 1990 CNHRPC activities in **Henniker** included assistance on the update of the capital improvements plan, providing samples of site plan review regulations, and presenting background information on site plan review.

Bill Klubben
Executive Director

CODE ENFORCEMENT OFFICER/BUILDING INSPECTOR

New home construction in 1990 was considerably less than previous years. There were 101 permits issued this year.

Breakdown is as follows:

Single family homes	9
Garages	12
Barns	10
Sheds	16
Home additions	21
Swimming pools	2
Signs	16
Misc.	15

Code enforcement and investigating building projects without permits required many hours. Looking forward to a productive year in 1991.

John Hendrickson
Code Enforcement Officer/Building Inspector

THE HENNIKER COMMUNITY BAND

The Henniker Community Band again brought a great deal of pleasure to the children and adults of Henniker and its environs. There were eight summer concerts and a Christmas Concert which were funded by the town. The sum of \$2,300 was given to cover the concerts plus the purchase of music. An added sum of \$300 was allotted for the annual Christmas Concert.

The band has consistently grown in numbers and in quality. Its members come not only from Henniker but also from Sutton, Hillsboro, Goffstown, Hopkinton, Suncook, Contoocook, Jaffrey, Bow, New London, Concord, Candia, Weare, Claremont, and Goshen.

We thank you all for your generous support and appreciation of our efforts and look forward to the 1991 concert season.

Angela Robinson
Music Director

1990 ANNUAL REPORT OF THE CONCORD REGIONAL SOLID WASTE/RESOURCE RECOVERY COOPERATIVE

I 1991 Budget

	Item Budget	Subtotals
1. Wheelabrator Concord Co. Service Fees		
(a) 1991 budgeted service fee	\$2,074,983	\$2,074,983
2. Bypass Disposal Cost Reserve		125,000
3. Franklin Residue Landfill		
(a) Operations and Maintenance	817,355	
(b) Bond and Loan Payments	446,138	
(c) Expansion Sinking Fund	521,224	
(d) Closure Sinking Fund	135,254	
		1,919,971
4. Cooperative expenses, including consultants and studies		443,367
TOTAL 1991 BUDGET		\$4,563,321
Less, portion of interest and surplus applied to 1991 budget		(410,378)
Net – to be raised by Cooperative Member Municipalities		\$4,152,943
1991 @ GAT of 110,893 tons, cost = \$37.45/ton		

II Summary

1990 completed our first full year of operations with positive results. We delivered 105,385 tons of trash from our 27 communities at a Co-op cost of \$36.45 per ton covering full cost of all operations, including our landfill, plus future landfill expansion and closure funds. While our delivered tons were down in 1990 we expect in 1991 to be much closer, due to operating experience, to our 1991 Guaranteed Annual Tonnage of 110,893 tons. Our operator at the Landfill, J.D. McLeod, continues to function in an exemplary manner and his efforts are greatly appreciated by the Co-op. Our tipping fee in 1991 was set at \$37.45 and we intend to commence the design and some construction of our Phase II Operations at the Landfill. Once again the communities should be grateful to their Co-op representatives who have given much time and effort since 1985 to pull this project together and to continue it into the coming years.

Ronald H. Ford
Project Director

CONCORD REGIONAL VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association continues to offer three major health services to the residents of Henniker: Home Care, Hospice, and Health Promotion.

Home Care Services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and paraprofessional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting.

Hospice Services provide professional and paraprofessional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping him/her remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical, emotional and spiritual needs. This is a Medicare Certified Hospice Program in New Hampshire.

Health Promotion Services focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate, or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Services rendered in the clinic setting are: child health, family planning, sexually transmitted disease, adult screening, immunizations, and HIV testing and counseling. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior Health services are provided at congregate housing sites. Professional and paraprofessional hourly home services are provided on a private fee-for-service basis. Emphasis is on promoting healthy children, families, and individuals through early intervention and health teaching.

Health Education and Instruction is part of each home visit or clinic visit.

Anyone in Henniker may request service: patient, doctor, health facility, pastor, friend or neighbor. All requests are answered, but continuing home care will only be provided with a physician's order.

A call to the Concord Regional Visiting Nurse Association (224-4093) between the hours of 8:00 a.m. - 4:00 p.m. seven days a week is all that is necessary to start services or make inquiries. A nurse is on call for hospice and home care patients; (224-4093) 4:00 p.m. - 8:00 a.m. daily.

Federal regulations specify that a charge is applicable to all visits. Fees are scaled for a person without health insurance and/or who is unable to pay the full charge. However, for fee scaling, federal regulations require a financial statement be completed by the patient or responsible person. Town monies subsidize those visits that are scaled or that no fee is collectible.

This Agency is certified as a Medicare/Medicaid Provider, licensed by the State of NH and is a member agency of the United Way of Merrimack County.

Total visits made during the year October 1, 1989, through September 30, 1990:

	No. of Clients	Visits
Home Care/Hospice	41	1123
Health Promotion	9	33
Total	50	1156

12 Senior Health Clinics
Henniker Health Fair

CONSERVATION COMMISSION

Although we continue to review and inspect dredge and fill applications, the building boom of the 80's has ended, so we receive fewer applications and therefore have more time to initiate projects that relate to the environment. One ambitious project that we began in 1990 is the Prime Wetlands designation program. It is a project that will require the volunteer help of numerous residents and will take about 18 months to complete. The program involves determining which of the town's many wetlands are the most valuable based on several criteria including size, fragility, uniqueness and aesthetic value. Areas which are determined to be prime wetlands receive special consideration and protection from the State Wetlands Board.

A number of residents have already volunteered to help with this project, but we welcome additional individuals with expertise in the environmental sciences, engineering and surveying as well as those who have an interest in nature and the outdoors. Please contact any Conservation Commission member for more information.

We are also considering a couple of other projects which would acquaint residents with the richness of Henniker's environmental resources. Because of worsening economic conditions there is a heightened awareness of energy conservation, so we are also investigating ways of better informing the community of conservation techniques.

One of the Commission's most noteworthy endeavors is to provide a partial scholarship for a local high school student's residence at the Society for the Protection of NH Forests' week-long Youth Conservation Camp in Windsor. The 1990 recipient was Tim Hooker. If you have a suggestion for a 1991 camper, please let us know.

Co-chair Zoe French retired in December. We will miss her knowledge of conservation issues and we are grateful for the energy and spirit she provided in reinvigorating the Commission over the past couple of years. We have added three members and still have one vacancy to fill. Please contact the Chairman if you would like to nominate a resident to the Commission.

Craig Blouin
Chairman

ANNUAL REPORT OF THE EMERGENCY SERVICES COMMITTEE

The Emergency Services Committee was commissioned by the Board of Selectmen on August 7, 1990. The purpose of the committee was to study, review and make recommendations regarding the immediate problems and long term solutions for the upgrade of the town highways, the provision of quarters for the Fire and Police Departments and the relief of the crowded conditions at the Town offices.

The ESC, with Board of Selectmen approval, designed and supervised the rehabilitation of the Fire Station and the renovation of the "so-called" Gordon House on Western Ave. With the help of approximately 100 volunteers and professionals (many professionals were also volunteers) the Fire Station received a new concrete floor and the Police Department is now housed on the refurbished first floor of the Gordon House. By November the work on both buildings was substantially complete and an open house was held on December 2, 1990. The Town's expenditure for the project was \$11,000 but the value of donated materials and labor is estimated at \$75,000.

Since November, the committee has been assigned the task of supervising the engineering and construction of the new Recycling Building at the Transfer Station. The project was substantially completed by December 22, 1990. The new facility will significantly improve the handling of recyclable materials; thereby reducing the costs of solid waste disposal.

The ESC has also provided the new Director of Town Services with refurbished office space on the second floor of the Gordon House.

The committee is also studying a comprehensive plan for the utilization of all Town buildings and therefore has deferred any short term solution of town office space needs until the larger plan is complete.

The criteria which govern the decisions of the committee, as it devises solutions to the Town's space requirements, are the need for the town to provide for and coordinate life saving/protection equipment and personnel and disaster control equipment. The committee must have a thorough understanding of the current material condition of town facilities, the level and type of maintenance provided, the nature of the operations housed within, and the affordability and lifecycle costs of any renovations or proposed construction.

Any long range plan must rank fire protection, rescue and disaster relief functions as of paramount importance. Because the Fire Station and attendant Disaster Control Center are so critical to the welfare of the community, these facilities have received the most detailed examination. The committee has concluded that the existing Fire Station has no potential for expansion to accommodate the greater length of newer vehicles or to allow for an upgrade of the Disaster Control Center.

The Emergency Services Committee is recommending a plan for the construction of a new emergency services facility and will encourage the utilization of a design to be built by volunteer professional services. Because of the current economic conditions, the ESC recommends that construction of the proposed facility be delayed until conditions improve, but that a warrant article authorizing \$15,000 a year be put to the voters each year until sufficient funds are available for the project without having to resort to a bond issue.

HENNIKER ENERGY COMMITTEE

Wise use of energy, energy conservation, and possible energy development, such as hydro power, are issues the committee has dealt with and will continue to work with, as needed. Energy assessments were performed on town buildings and various conservation measures have been suggested. Some conservation procedures have been put in place and others are being worked on. Responsible use of energy can make a positive economic contribution to the running of our town and on our quality of life.

Reporting for the Committee

FIRE DEPARTMENT REPORT

For the sixth year in a row, in 1990 the Henniker Fire Department had the fastest response time of the 18 fire departments in the Capital Area Mutual Aid Compact. The average response time of 1.9 minutes is the same as last year. The Department and the Town can be proud of this record.

The Department responded to 152 calls, an increase of 7 over last year. These calls included 2 appliance fires, 4 building fires, 4 brush and grass fires, 6 chimney fires, 3 drills, 1 dumpster fire, 1 extinguished fire, 28 fire alarm activations, 7 gas leaks and fuel spills, 4 investigations, 4 outside fires, 4 service calls, 9 smokes in buildings, 2 smoke investigations, 27 vehicle accidents, 7 vehicle fires, 3 downed wires, plus 36 mutual aid calls.

The big project this year was putting a new floor in the fire station to make it safe for parking trucks. This was accomplished with many hours of volunteer labor, donations of materials, and some monies from the Town. More insulation was added, making the building now completely insulated. The flat roof on the west side of the building leaks and should be replaced.

Ben Ayer
Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During the calendar year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All these fires are preventable, but ONLY with your help.

Please help our town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27 II), "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, **without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.**"

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

POLICE DEPARTMENT REPORT

The past year proved to be a very busy one for the department. Our town experienced 42 burglaries, 104 thefts, 5 traffic fatalities, 105 motor vehicle accidents and a serious sexual assault. The department was obviously also involved in many other police activities much too numerous to include in this report. For instance, we submitted 1,058 cases to the Henniker District Court. This number is significant to the community when you consider that in 1986 the department brought 480 cases before the court. This is an increase of approximately 120% over a four-year period. During this four-year span the cases increased appreciably each year topping 1,000 for the first time this year. There are numerous reasons for this number of cases such as increased population, increased traffic flow, 24-hour police coverage and stepped up traffic enforcement particularly on Route 202/9 which was responsible for four of the five traffic fatalities this year.

During the past year we made 22 arrests for drug violations. We also assisted the N.H Attorney General's Drug Task Force with the investigation and arrest of 4 people for the sale of narcotic and controlled drugs. Although this is not a large number, it does send a message that we are actively pursuing those who attempt to set up shop in our community. The entire department has undergone specialized training, provided by Police Standards and Training, dealing with such topics as Highway Drug Interdiction and will continue to receive extensive training in this area during the coming year. In addition, we maintain a close working relationship with both the N.H. Attorney General's Drug Task Force and the State Police. We will continue to maximize our efforts to curb any flow of drugs in our community.

On the positive side, during 1990 we moved into the Gordon Property which drastically enlarged our office and working spaces. This move certainly picked the officers' spirits up. It's nice not to have to walk outside to see if its raining or worry about a fire truck landing on your desk. If you have not yet taken a minute to visit the police station please do so. I think you will be pleasantly surprised.

During 1990 we also sent Officer Paul Montray to school to become a D.A.R.E. (Drug Abuse Resistance Education) Instructor. He successfully completed this very demanding school and began teaching this course in the middle school in January of 1991. This program is the most innovative drug program ever to be introduced into our communities and is now taught in many schools from Maine to California. The course teaches our children how to deal with peer pressure and is intended to build self esteem. It differs from other programs in as much as no scare tactics are used but rather enforces the idea that it's okay to "say no" to drugs and alcohol. We are very excited about this program and Officer Montray will be happy to discuss this program with any individual or organization upon request. I would like to give a special thank you to The Valley Bank which has entirely funded this program for this first 17-week session.

Finally, the Police Department wishes to extend a thank you to all of you that helped us renovate and move into our new quarters. The local businessmen were very generous and a lot of community members provided the much-needed elbow grease for painting and cleaning the building. I would also like to express my sincere gratitude to the Henniker Building Committee for all of the hours of planning, and hard work they did to make the renovations at the police and fire departments happen. They saved the community, and thus the taxpayers, tens of thousands of dollars by getting the volunteer labor and materials needed to complete these projects. You are truly appreciated!

Timothy Russell
Chief of Police

TOWN OF HENNIKER, NH CASES SUBMITTED TO HENN. DIST. COURT

PLANNING BOARD

ANNUAL REPORT FOR 1990

Subdivision activity continued its slow pace in 1990. The proposal for a Manufactured Housing Park, continued from 1989, was denied a special exception by the Zoning Board and as a consequence the Planning Board dismissed the application.

With an eye to busier times ahead, the Planning Board chose Caron Engineering as a consultant for the more complicated land-use proposals. Catapulting into the twentieth century, the Board purchased a computer which is also used by the ZBA and the Selectmen.

In June the Capital Improvements Plan, a section of the Master Plan, as presented by Lisa Hustis was approved. This plan anticipates Henniker's capital expenditures for the near future. The Board also endorsed the nomination of the Contoocook River and the North Branch under the New Hampshire Rivers Management and Protection Program.

The appointment of Paul Heirtzler as a member of the Planning Board was occasioned by the resignation of Peter Wright in July; Wright was appointed an alternate.

The regulation and status of excavations in Henniker was a major undertaking in 1990. To determine the rights of existing excavations as specified by State law, public hearings were held in the fall. Properties of Suzanne Dobbins, Spencer Bennett, David Foster, Michie Corporation, Granite State Forest Products, Pike Industries, Patenaude Properties and Herve Aucoin fulfilled the requirements and their rights to continued excavation were confirmed. Any others who wish to claim these rights should notify the Board without delay as those rights may expire.

In 1991, the Planning Board will continue to address outstanding excavation issues and devise procedures for site-plan review. Please attend meetings and hearings and voice your opinion about any issues that come before this board.

HENNIKER RESCUE SQUAD

The Henniker Rescue Squad ended 1990 having responded to 223 calls for assistance from the citizens of Henniker. This number of emergency calls represents a leveling of the frequency of calls after several years of increased response. There did seem to be an increased amount of critical and fatal calls this year, with a continuation of the number and severity of injuries of automobile accidents on Routes 202 and 114. I am working with the Police Chief and the Fire Chief on the Henniker Highway Safety Committee to aggressively seek ways to prevent these accidents and to respond to these incidents once they occur.

The members of the rescue squad continued to improve their skills and their service to the community with a continuation of our protocols for advanced life support with the Concord Hospital and with other local hospitals. More members passed courses to provide defibrillation and IV therapy for appropriate patients. Most of our members completed the two year refresher training program this year with the balance due to complete the program this year.

We have submitted a warrant article for funds to replace our current frontline ambulance. This unit is 10 years old and is beginning to cost us too much to maintain as a front line unit. It will continue to make an excellent backup unit as we sell the older van unit. Most of the money for the new ambulance will come from money in the capital reserve account and from donations made to the Friends of Henniker Rescue. The balance will be requested by appropriation.

We have been fortunate to have some new members join us this year, but our weekday response team could use a little relief from time to time. If any citizen is interested in joining, please speak to any squad member.

Our 1990 members include: James Crane, Chief; George Patterson, Asst. Chief; Steve Randall, Treasurer; Pat Luoma, Secretary; Cathy McComish, Training Officer; and members Robin Armstrong, John Belt Jr., Heather French, Varyl French, Karan MacEachern, Shelagh Mannix, R. Kevin Mather, Cathy Murdough, Riz Patterson, Adrian Pfisterer, Mike Sanserveri, Andy Twombly, and Harold Marcombe.

Chief

NEW HAMPSHIRE RESOURCE RECOVERY ASSOCIATION

EXECUTIVE DIRECTOR'S REPORT

1990 has been a very active year for the membership, Board of Directors and staff of the New Hampshire Resource Recovery Association. The accelerated pace of recycling program development at the local level is directly related to the residents of New Hampshire embracing their responsibility for environmental protection. The twentieth anniversary of Earth Day on April 22nd focused us on how fragile our planet is and the urgent need to protect and conserve our natural resources. Recycling is an obvious step for individuals, whether at home or at work, to participate in this effort.

The rapid growth of recycling has challenged the Association's staff to deliver effective services to an ever increasing number of members. Municipal membership presently stands at 202 of the 234 New Hampshire municipalities, or 86%. In addition, our associate members, which have grown to 171, have begun to take recycling seriously and have asked NHRRA staff for assistance in developing recycling programs and being connected to markets. Let me not try to kid anyone, it hasn't been easy. All our services have reached maximum capacity at various times throughout the year which has strained our ability as staff to deliver services.

As a quick overview of the services provided in 1990 to NHRRA members, NHRRA staff received on the average of 52 incoming phone calls per day, totalling out to 13,572 for the year. In addition, four issues of Recycling News were distributed to 2,000 people per printing. Staff made numerous visits to recycling centers, buyers and attended meetings with solid waste and recycling committees, boards of selectmen and municipal staff on an average of five per week, which totals to 260 for the year. At our annual New England Resource Recovery Conference and Exposition we had 900 people in attendance and through our 40 technical and education workshops, 1,200 people attended. It all adds up to a very active year for your association's six full-time and one part-time staff.

In the year ahead the focus will be "improved management" and "legislative initiatives." We will respond to the incredible increase in membership service requests by improving our management of the Cooperative Marketing Program, and developing more in-depth technical assistance services. Furthermore, legislative initiatives will be proposed that address our most pressing problem, the proliferation of toxic and hazardous materials that exist in our waste stream. To solve the solid waste crisis we must reduce not only the volume but also the toxicity of our waste. To do this, tax incentives must be established so that it pays to prevent pollution in our manufacturing and retail businesses. It is only with the creation of clean manufacturing processes that we can safely recycle, compost and recover energy from solid waste.

In all it has been a most hectic and rewarding year working with such an able staff in providing services to you, the NHRRA membership.

Gary J. Olson
Executive Director

HENNIKER RECYCLING COMMITTEE

The Committee has this past year continued working toward reducing the total amount of resources entering the Henniker wastestream. In addition to planning for increased rates of recovery, the Committee has distributed educational/instructional materials to the townspeople through direct means at the landfill or through publication of items in the Henniker Community News.

The Committee was involved in the process that resulted in the new resource recovery building, now in the final stages of construction. The new building will allow the opportunity for increasing the rate of resource recovery and so reducing the total tonnage of material that must be sent to outside disposal sites.

Of the 2,360 tons of material that were brought to the transfer station, 290 tons of resources were recovered. This 12.7% recovery rate resulted in a savings to the town of Henniker in the amount of \$13,485.00, a cost that would have been realized if this material had been transported to and deposited in the incinerator in Penacook.

The goal of the Committee for the coming year is to assist the town of Henniker in increasing the rate of resource recovery so as to benefit both the townspeople of Henniker as well as the local environment in and around southern New Hampshire.

Reporting for the Committee

WHITE BIRCH COMMUNITY CENTER

White Birch Community Center (WBCC) is a private, non-profit organization which focuses on the recreational, educational and social needs of the community so as to enable people to create a balance of work and leisure. As well as offering youth programs and senior citizen programs, WBCC also provides licensed child care and pre-school programs for children aged 18 months to 12 years.

YOUTH PROGRAM SUMMARY

The goal of the youth programs is to continue services to the children of Henniker as in the past.

From July through August, WBCC holds a Summer Camp for children. 55 different children in Kindergarten through fourth grade filled 160 Camper spaces. Camp was a lot of fun this past year – the children made a life-sized dinosaur, they met an archeologist, and visited the planetarium and the Stone Zoo, along with many other fun activities.

Outdoor Adventure Days for youths in fifth to eighth grades brought excitement to 27 children this year. There were trips to Canobie Lake Park, Water Country, Odiorne Point and Wallis Sand's Beach, and Weir's Beach Water Slide.

The 1990 Halloween Party had over 400 people in attendance. The Party was held at the NEC Field House and featured Henry the Juggler. The Pied Piper led the costume parade after which the "Most Original Costume" award was given to a stack of pancakes! In addition to the Halloween Party, WBCC also sponsors a Children's Fair, New Games Festival, Field Day, and other special events. We will continue with these activities in 1991.

SWIM PROGRAM

The 1990 Swim program served 70 children from ages 6-12. The program is taught by a Red Cross-certified instructor and offers lessons in levels ranging from pre-swim to beginners to advanced beginners to intermediate. 1990's enrollment represents an increase of 75% from last year's enrollment of 40 children. We hope to continue to serve many children with this important program.

SENIOR CITIZEN PROGRAM

WBCC has 345 Senior Citizens on our mailing list. In 1990, we sponsored Senior events that had an overall attendance of 848. Our goal is to continue with local trips, special events and the Collette Tour packages, while providing a consistent series of luncheons, afternoon, evening events, and summer activities for Seniors. The support of our **Volunteer** Senior Citizen Coordinator has been the single-most important factor in WBCC's ability to provide these services to Seniors.

Jackie Cowell
Executive Director
