

ANNUAL REPORT
OF THE
TOWN OF RYE
NEW HAMPSHIRE

For the Year Ended December 31

1991

*NHamp
352.07
R99
1991*

Two lifesaving stations were established in Rye, at Jenness Beach and Wallis Sands. The picture shows one of the lifesaving crews drilling in surf rescue operations. This coast patrol ran from 1874 through World War II. The photograph was taken by Clarence Trefry.

Collection of Rye Historical Society.

The **ELECTION** portion of the Rye Town Meeting will be held on **TUESDAY**, March 10, 1992, at the **RYE ELEMENTARY SCHOOL** from 9:00 A.M. to 7:00 P.M.

The **BUSINESS** portion of the Rye Town Meeting will be held on **SATURDAY**, March 14, 1992, at the **RYE JUNIOR HIGH SCHOOL** commencing at 9:30 A.M.

ALL RYE RESIDENTS ARE URGED TO ATTEND.

**IN MEMORIAM
PATRICK J. MCKEON
1919-1991**

Patrick J. McKeon, a Rye resident who chose to become involved in his community, and influenced many other residents to do the same. He served the Town for many years as a member of the Board of Adjustment, a Selectman and Chairman, and most recently the Budget Committee. Most of us remember Pat's eagerness to express his beliefs and opinions, especially on topics concerning town politics.

Pat exemplified patriotism by receiving multiple honors while serving his country in three wars; World War II, The Korean War, and The Vietnam Conflict. In most conversations with Pat, he enjoyed including a war story.

The Town of Rye will remember Pat for his love of God, his family, and his community.

DEDICATION

Dr. Sidney R. Baker was born in Rochester, May 22, 1916. He graduated from the University of New Hampshire, class of 1939, and entered Tufts University School of Medicine from which he graduated in 1943.

While doing his internship, he was commissioned a Lieutenant in the Naval Reserve Medical Corps. He reported for active duty on January 19, 1944 and served until September 24, 1946. Dr. Baker participated in the landing on the coast of Normandy.

On his return from service, he and his wife chose Rye as the town in which to set up practice because the community "personifies New England." His practice continued for more than 45 years.

Dr. Baker was the founder and commander of the Rye Ambulance Corps serving approximately 20 years. Additionally, he served as Rye's school physician for over 20 years. As a general practitioner of medicine for over 34 years in the Town of Rye he watched his patients enter and depart one generation after another.

Dr. Baker was a honorary member of the staff of the Portsmouth Regional Hospital, a member of the New Hampshire Medical Society, the American Medical Society, Rockingham County Medical Society, and the Portsmouth Medical Society.

In 1972, Dr. Baker was given a testimonial dinner by the Town of Rye for services rendered to it's people, above and beyond the expected. Also, in 1981, Dr. Baker was voted Outstanding Citizen of the Year by the Town of Rye.

Dr. Baker, a humanitarian, veteran, citizen, and physician passed away at his home on August 17, 1991. It was once stated, "Dr. Baker's unassuming manner, practical wisdom, and humble approach to life is the kind of strength one would hope to find in all people." Dr. Baker will be missed by the townspeople, but his legacies will live on.

The Board of Selectmen are honored to dedicate the 1991 Annual Town Report to Dr. Sidney R. Baker for his many years of devotion to the service and healing of humanity particularly the people of the Town of Rye.

SELECTMEN'S SECRETARY

Judith Doyle

SELECTMEN'S REPORT

The Selectmen met throughout 1991 on Monday evenings and additionally Thursday evenings as made necessary by the scheduling and activity within the Town of Rye. This was our first year having a five member Board of Selectmen, and we welcomed Mrs. Snyder, Mr. Cavaretta, and Mr. Drake. John J. Coffey was elected Chairman of the Selectmen for 1991.

There were some changes in personnel for the Selectmen's Office. Mrs. Snyder took over the duties of the Welfare Director, and Patricia Adams joined the town's staff in April as Selectmen's Assistant/Bookkeeper/Assessing Clerk.

Chief of Police Walter E. "Bud" Dockham, Jr. retired after thirty years of service to the Town of Rye. This Board wishes Bud well in his retirement.

There was a change in the Mosquito Prevention Program and Municipal Pest Management Services was awarded the contract for 1991. This item of controlled services will be bid annually to maximize the cost benefit for Rye's taxpayers.

As no one needs to be told, calendar year 1991 was a year for severe storms. We had to weather a Northeaster as well as Hurricane Bob. The Town of Rye is thankful to its many citizen volunteers who not only provided shelter at the Rye Junior High School for the storms, but ably served as hosts for those in need. The Board recognizes Mr. George Cushing, Principal of Rye Junior High School, and his staff for their outstanding service displayed during the storms. A reimbursement of forty thousand dollars has been received from FEMA (Federal Emergency Management Act) for funds expended during these coastal storms.

The long awaited sewer connection to the Town of Hampton became a reality on July 28, 1991 which marked the date of the sewer lines first use as well as the stop date for the discharge of raw sewage into the Atlantic Ocean. It is expected that the final phase of the sewer project should be completed this Spring.

Another item in process by the Selectmen is the replacement of the fuel tanks for town vehicles located at the Rye landfill; townspeople at the annual meeting set aside funds for the replacement tanks, and we are glad to report that they will be replaced under budget at a cost savings to the Town.

The Conservation Commission has been working hard to secure property that will be of benefit not only to today's citizens but to future residents of Rye.

Much work remains to be done on matters affecting the Town of Rye. Foremost among those items will be the selecting of the new Chief of Police and the closure of the inactive Grove Road Landfill.

The Board extends a special thank you to Rye Junior High students Mindy Anderson, Stefanie Gazda, Caroline Leonard, Heather McIntyre, Aaron

Murray, and Lauren O’Lerio who under the direction of Patricia Anderson and Peach Gazda made and donated to the Town two stained glass panels named “Marsh Dance”. The panels are located in the entry way (side door) of the Rye Town Hall. Also, additional thanks to Mrs. Linda Stevens for her assistance in the installation of the stained glass panels.

The Board wishes to extend its thanks and gratitude to the many volunteers on various boards, commissions, and committees that have dedicated so much of their time and talent on behalf of the Town of Rye. The Selectmen hope that the volunteer participation will continue. It is this spirit that makes the Town of Rye the place that we know and love.

Respectfully submitted,

Your Board of Selectmen
John J. Coffey, Chairman
Donald L. Stevens, Vice Chairman
Henry M. Cavaretta
Paula S. Snyder
Herbert R. Drake

BUDGET COMMITTEE REPORT

The Budget Committee has met twice a week during the months of January and February to prepare the Town and School Budgets for the 1992 budget year. We also met quarterly to review expenditures as the year progressed. At our spring meeting, the following officers were elected: Gary Chapman, Chairman; Frank A. Drake, Vice Chairman and John Moynahan, Clerk.

Wayne Powers was appointed by Moderator Sharon DeVries to fill the vacancy left when Paula Snyder was elected to the Board of Selectmen. The committee was saddened by the death of member Patrick McKeon, his experience in municipal matters will be missed. Jack B. Tobey was appointed by the Moderator to fill the term which expires in 1993. We welcome both members.

Our goal during these difficult economic times is to maintain a respectable tax rate without decreasing our present level of services. We continue to see a shifting of responsibilities from the federal level to the state level to the local governments. The pressure is on the Budget Committee to make the best decision possible regarding spending. However, the final decision rests with you, the taxpayer. We encourage you to attend the Town and School District Meetings in March.

Respectfully submitted,

Gary A. Chapman
Chairman

TOWN CLERK'S REPORT

OFFICE HOURS: Monday through Friday from 8:00 am to 4:30 pm, and Monday and Thursday Evenings from 6:00 to 8:00 pm.

The 1991 receipts reflect, I feel, the down economy of our region. The motor vehicle registration monies are \$18,591 less than this office earned in 1990. The volume of work, however, has not been reduced. Conversely, we've noticed an increase in overall volume. I think what the numbers tell us is that, in general, people are choosing to keep their present vehicles rather than purchase newer ones.

During 1992 there will be four elections in the Town of Rye: the Presidential Primary on February 18th, Town Meeting in March, the State Primary Election in September, and then the General Election in November. All of these will take place at the Elementary School on Sagamore Road. Polls are open from 9:00 a.m. to 7:00 p.m.

Dog owners should remember to license their dog between January 1 and April 30 of each year. An up-to-date Rabies Certificate is required, by statute, before a license can be issued. Each year we hold a Rabies Clinic at the Fire Station, usually in early April, where pets can receive the Rabies inoculation at a reduced price, and where we are present to license Rye dogs. We will advertise the date and time of the 1992 Clinic as soon as it is arranged.

In 1992 the Town Clerk's Office will officially combine with the Tax Collector's office, per last year's vote. This, of course, will be a new venture for us in many ways, but we anticipate offering a better service to Rye and its townspeople while at the same time saving money for the town, overall.

1991 RECEIPTS

Registration Certificates	\$ 457,560.00
Title Fees	1,908.00
Municipal Agent Fees	<u>9,504.00</u>

POLICE REPORT

The Rye Police Department has had some changes over the past year. One of those changes was that Chief Walter E. Dockham Jr. retired from the Rye Police Department with 30 years of Law Enforcement.

After the chief retired the Board of Selectmen left me, Sgt. Robert Howland, as Officer in Charge until a new Police Chief is hired.

I would like to thank the following police officers for their help over the past three months: Larry Severance, Peter Colbeth, Timothy Richards, Jeffrey Peirce and John Scippa. I would also like to thank Harriet Goff for her help and the people who assisted me from the Town Hall. Over the past year Rye Police officers took care of the following problems: Complaints 1077, Summons 358, Warnings 1034, Arrests 76, Accidents 112, Public Assists 461, D.E. Tags 122, Parking Tickets/Parking Enforcement 634, Open Door/Windows 21, Alarms - House/Businesses 313, Aid to other Departments 344, Escorts 10, Juveniles 89, Suspensions 3, Animals 40, Miscellaneous 1506.

Respectfully Submitted,

Sgt. Robert Howland
Rye Police Department

FIRE CHIEF'S REPORT

All apparatus and equipment is in good condition with current level of maintenance. Calls received for assistance this past year as follows; Alarm activation 30, Ambulance assist 8, Brush/grass 15, Chimney 5, Electric 28, Fuel spill 6, Hazardous material 1, oil burner 1, Investigations 27, Lockout 8, Medical aid 2, Mutual aid given 13, Mutual received 5, Outside fire 12, Police assist 7, Public assist 26, Structure fire 12, Motor vehicle accident 7, Motor vehicle fire 2, Unauthorized burn 8. The Department dispatched the ambulance 272 times, New Castle Fire Department 64 times, conducted 299 inspections, Issued 117 permits, 725 Fire permits and 111 Beach fire permits. As this report is written I have completed a report on a fire that was fatal to one of our residents. Again I implore you to check your smoke detector or install one if you do not have one. Remember, the life you save may be your own or a member of your family.

Respectfully submitted,

George W. Moynahan Jr.
Fire Chief

REPORT OF PUBLIC WORKS DIRECTOR

During the year 1991, the Town of Rye Highway Department reclaimed and resurfaced Central Road, 1000 ft., South Road, 2000 ft., and Locke Road; 3080 ft. Locke Road was shimmed and overlaid a distance of 1565 ft. The old sewer system on South Road is now being used as a storm drain from Central Road to the ocean eliminating a serious drainage problem. New drainage was installed on Grove Road, Perkins Road, Richards Road, Central Road, South Road and Acorn Acres.

The Rye Recycle Center processed 9.6 tons of HDPE Plastic, 66.66 tons clear glass, 52.89 tons of green glass, 18.96 tons brown glass, 196 tons newspaper, 23.38 tons of card-board, 82.01 tons scrap iron, 6.8 tons of aluminum cans, and 1.5 tons old batteries. Total income of \$12,940.38 was realized, plus cost avoidance of \$18,715.50 for a total value of \$31,655.88.

Thanks to the Fire and Police personnel for their assistance during the past year.

Respectfully submitted,

Cornelius "Bud" Moynahan
Public Works Director

BUILDING INSPECTOR'S REPORT

In 1991, 350 building permits were issued representing an increase of 48 over 1990. This increases our property valuation by \$4,464,000, close to a million dollars over the 1990 figures.

The permit breakdown includes 8 demolition, 26 electrical and/or plumbing, 33 paving permits for driveways and parking areas, 28 either new or rebuilt septic, 13 fireplace and chimney or stone wall and 233 general permits with masonry, structural, electrical, plumbing, insulation and septic in various combinations. Of that total, 15 permits were for new starts compared to 10 in 1990. Each of these permits required at least one inspection, the majority required three to five. Each new house or major reconstruction required will require a final inspection, termed a Certificate of Occupancy, upon completion.

Since 1985, enforcement of the Building Codes has resulted in decreasing violations. As one example, I found no violation of the Life Safety Code regarding fireplace/chimney construction during 1991 as compared to several years ago when a large number were condemned.

The Rye Beach-Jenness Beach Sewer, Phases I through IV, is proceeding on schedule. Several hundred more inspections will be necessary to complete the entire project. More than 150 sewer permits were issued during 1991.

This is a very busy office as witnessed by a recent survey that recorded up to 45 walk-ins plus an average of 20 telephone calls per day. My first priority has always been to serve the needs of our citizenry whether I was officially on duty or not.

I want to thank my Town Hall co-workers for their cooperation, Peg Millar for numerous volunteer hours over the past five months and the people of the Town of Rye for their support over the past six and one half years.

Respectfully submitted,

William R. Jenness
Building Inspector

MOSQUITO CONTROL COMMISSION REPORT

Rye has a wide variety of mosquito breeding habitats. This season we concentrated our efforts on eliminating mosquito development in stagnant waters of saltmarshes, red maple swamps, roadside ditches, and marshlands. We primarily utilized a bacterial insecticide that is a parasite of mosquito larvae. It has been very effective when applied to breeding areas. It is in high demand throughout the world.

The spring of 1991 was exceptionally dry. Many woodland, snowmelt breeding areas produced little, if any, mosquito development because water was not in abundance. The saltmarshes flooded regularly during spring and summer requiring much time and effort for control. Our bacterium insecticide did not work properly during one saltmarsh flood which led to a large mosquito emergence in July. The remaining saltmarsh floodings were successfully controlled. Hurricane Bob visited in mid August leaving over seven inches of rain. The mosquito breeding that followed was unprecedented. Many of the woodland sites that only breed mosquitoes in the spring were found to be breeding in late August following the hurricane rainfall.

We have scheduled a number of improvements for 1992. We plan to update our list of breeding sites found throughout Rye. We did not have access to information gathered in previous years to aid our efforts in 1991. We plan on identifying more areas and invite any input that residents can provide. We also plan to improve our larviciding efficiency by accurately mapping saltmarshes and their areas of mosquito breeding. Videotaping saltmarsh areas will aid in mapping and serve as a future reference. We plan to repair greenhead traps and design modifications to improve their effectiveness.

If a property owner suspects mosquito breeding in adjacent static water areas, the Mosquito Commission will investigate upon request. You, as an individual, can make a difference. Let us know how you feel we can improve our efforts. Let's work together to minimize the mosquito menace!

Respectfully submitted,

Dave Dawley, Chairman

Michael Morrison, Entomologist

ANIMAL CONTROL OFFICER'S REPORT

1991 brought numerous raccoon complaints again. I would like to suggest that people take a little time and put some kind of wire covering over the tops of their chimneys. This will prevent raccoons from nesting in the chimneys and even getting inside houses. Raccoons can cause a lot of damage. A little time spent covering the chimney could save thousands of dollars in damage.

During 1991, 116 complaints were received by the Animal Control Officer. These complaints are broken down as follows: 5 verbal warnings; 6 written warnings; 11 dogs released to owner; 24 dogs impounded; 23 dogs released; 1 adoption; 1 dog hit but not killed; 3 dog bites; 1 damage done by dogs; 22 wildlife; 8 livestock; 11 cats and 78 cats and dogs reported missing.

A total of 566 dogs were licensed in 1991. I would like to remind people that it is a state law and a town ordinance that all dogs shall be licensed by April 30.

Respectfully submitted,

Elizabeth A. Sheehy
Animal Control Officer

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N.H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N.H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, and open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fires. Before doing any open burning, it is recommended that you contact your local Fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

Respectfully submitted,

Lee Gardner,
Forest Ranger

RECREATION COMMISSION'S REPORT

It's times like these that prove the true importance of the Recreation Department. The declining economy forces people to seek out alternative leisure activities to help reduce stress and increase the community's quality of life.

In 1991, the Rye Recreation Department worked hard to address these issues. There were many new programs offered to the town's people as well as our "old stand-bys" which continue to be successful year after year.

In the Spring, 30 children took part in the Recreation Department/ 4H Babysitting Clinic. They received many hours of valuable training. Fourteen of these children also received their certification in Infant-Child CPR and First Aid.

Our 2 playgrounds were very successful, too. Jr. Playground and Summer Playground were well attended with a total of 130 children.

Our 4th of July Celebration was well attended and our town's people were entertained by "High Jinx' Jugglers who were terrific and Rye's own Music teacher, Ed Matthews, and his band, "Street level Swing" entertained everyone with great music. Once again, the evening finished with a big bang with a spectacular fireworks display. The Recreation Department also provided a float in the Portsmouth 4th of July parade which focused on welcoming our troops home from Saudi Arabia.

For the 3rd year, the Recreation Department once again offered the 5 Star soccer camp. This camp had 105 boys and girls between the ages of 5-13 running around the Rec field learning soccer skills from 8 coaches from all over the world.

Christmas was a busy time around the Recreation office. We had an evening of "Santa Calling" to the children of Rye, a Christmas House Decorating Contest and Christmas Coloring Contest (Both judged by residents of Webster at Rye), as well as the Rye Christmas parade. By the way, We won 1st Place!

The following programs were offered to the community in 1991 and we hope to continue providing a wide variety in the future. Please feel free to join us for Parent-Tot Fitness, Playgroup, Craft Classes, Co-ed Volleyball, Fitness Classes, Christmas Shopping Trip to Boston, Red Sox Field Trips, and other special events.

For more information about Recreation programs or if you have a talent you'd like to share, please feel free to give us a call at 964-6281.

Respectfully Submitted,
The Rye Recreation Commission

BEACH REPORT

The summer of 1991 began early in May with 90 degree temperatures that fluctuated between the high 70's to middle 80's through-out the balance of the season and with very little rain it was ideal for all beach activities. Even the wind cooperated by blowing from the West which accounted for the good weather and the off-shore breeze which helped to keep the sea-weed away from the coast line. The ocean water reached 70 degrees right on schedule, the first week in August, as it has for the past 11 summers that we have been recording this information.

In spite of the crowds brought on by the exceptional weather, we are pleased to report we had no drownings or serious injuries.

A special thank you to everyone who visits our beaches for their cooperation in helping to keep them clean and safe.

We are currently reviewing the dog ordinance as it pertains to the beaches, for possible revision, and we would welcome your suggestions. Please write to me c/o the Rye Town Hall or call me at 436-4484.

Respectfully submitted,

Ken Fox
Beach Commissioner

LIBRARY DIRECTOR'S REPORT

1991 was the busiest year ever for the Rye Public Library. Circulation of materials reached an all-time high of 62,090: 36,885 adult materials and 24,627 children's materials. Interlibrary Loans (items borrowed from and by other libraries in the state) numbered 578, or more than 11 items per week. The number of Library cardholders reached 3503 in 1991.

Staff included Kathleen Rudden, Library Director; Susan Bucklin, Children's Librarian; Robin Leblanc, Librarian; Deanie Brownell, Marjorie Little, Tricia Quinn, Janet Scott, Deborah Tamulit, Library Assistants; Gregg Smyth and Susie Boyle, Pages. Faithful volunteers included Irene Maskwa, Pam Anthony and Kay Brodhead. We said a reluctant goodbye to Teddy Wyatt, who was an integral and valued member of the staff for many years. She continues to help the Library as president of the Friends of the Library.

Staff attended professional workshops, classes and meetings. Kathleen Rudden and Susan Bucklin attended the New England Library Association Meeting in October, and the New Hampshire Library Association Spring Conference in April. The entire staff attended the Fall Conference of the New Hampshire Library Association in November.

Over 1,400 attended children's library programs during the year. Among the regular offerings were Storyhours; Parents & Terrific Two-Year-Olds; afternoon movies; and visits to and from schools and other groups. Special events included "Here Comes Trouble", performed by Ha' Penny Theater; a party in honor of author Roald Dahl; a chocolate-making party; a sand sculpture party at the beach; and summer evening family read-alouds. 157 children took part in the 1991 "Some Enchanted Reading: summer reading program, during which they corresponded about books with "Jake", Rye Public Library's Dargon-in-Residence.

Adult programming served 200 people in 1991. "Consider the Source: Old Tales Retold", a reading discussion series, was held in the spring, sponsored by the New Hampshire Humanities Council. In the fall, the New England Humanities Council helped us to offer another series, "Yankees & Strangers: the New England Town from 1636 to 1992." Both were excellent programs and were well attended.

The staff is getting ready to automate some of the functions of the library, such as circulation and the catalog. In preparation an inventory and barcode labelling project has begun and is progressing well. Books withdrawn from our collection have been given to the Rye Elementary School (thanks to Pam Jautaikis, School Librarian) and sent to Nicaragua for distribution there.

Many community members helped the library a great deal in 1991. Thanks are due to Jeanne and David Short for their generous help in the Christmas Parade. Peter Case, former trustee, mowed the Library lawn and trimmed

bushes during the warm weather, and helped to shovel snow from the walk during the cold weather. Our Teddy Bear's Picnic was a success due to the efforts of many wonderful volunteers. Eagle Scout Mike Passero organized the preparatory steps for our project to renovate the Children's Room and to provide handicap accessibility.

The Friends of the Library continue to be a great support by helping around the Library and by contributions from their fundraiser, the annual Book and Bake Sale. This year their contributions enabled us to place a computer in the Children's Room which can be used for research and word processing. We also thank Mrs. Teddy Wyatt, who suggested that funds donated in memory of her husband, Roy Wyatt, be used to purchase a special piece of computer equipment.

Respectfully submitted,

Kathleen A. Rudden
Library Director

RYE PUBLIC LIBRARY TRUSTEE'S REPORT

1991 saw continued growth in the Rye Public Library, with circulation up over eight per cent. The Staff and Trustees feel this is in part due to the local economic conditions; perhaps families will borrow books instead of buying them, and also due to the especially terrific job done in children's programming.

This June, we celebrated the 80th anniversary of the Rye Public Library with a little birthday celebration, complete with cake and a plaque commemorating the Librarians who have served the library over the eighty years.

Much of the Trustees energy this year has been devoted to fund raising, and the impending renovations to the ground floor to move the children's collection across the hall, and to make the library handicap accessible. In July the fourth annual Teddy Bear's Picnic, held at Parson's Field was another huge success. The end of July, the Trustees honored local citizen Elizabeth A. Greene for her contributions to our community, and held a reception in her honor. The fall focused us back on the issue on the renovations, and wrapping up plans to begin construction. We are excited about the space which we will gain, and the population which we will be able to serve with the installation of the new mechanical lift. All renovations should be completed by early spring.

The Trustees welcomed Mark Epply to the board in late spring. Mark filled the vacancy left by Peter Case's resignation and has been a valuable and well respected Trustee in his short term.

The Trustees also wish to thank Kathleen Rudden, Susan Bucklin, and their Staff who have done an outstanding job this year, our busiest ever, with only the addition of one part time assistant. We have had many compliments this year on the way the Staff has assisted the public. We urge those of you who have not used the Rye Public Library in many years to come it and see all the library has to offer.

Respectfully submitted,

Susan M. Moynahan
Chairman, Board of Trustees

PLANNING BOARD REPORT

During 1991 the Planning Board had 12 formal applications presented. The applications and decisions were as follows:

Helen Kacoyanis/Silvio Balzano, 10 Cole Noyes Avenue, Lot Line Elimination, Granted.

Thomas Hague, 808 Washington Road, 2 Lot Subdivision, Granted.
Seacoast Pools, 50 Lafayette Road, Site Review, Ongoing.

Heidi & James Fardelman, 120 Brackett Road, 2 Lot Subdivision, Not Accepted.

Bert Ham, Sagamore Road, 10 Lot Subdivision, Denied.

McLean Subaru, 14 Sagamore Road, Site Review, Approved.

Chris & Robert Metivier, 75 Grove Road, 2 Lot Subdivision, Approved.

Shanahan/Brown, 595 Central Road, Lot Line Revision, Approved

Featherbed Assoc., 1000 Washington Road, Site Review, Ongoing.

Goyette/Concannon, 24 Locke Road, 2 Lot Subdivision, Deferred for Board of Adjustment action.

Bruce Graves, 192 Wentworth Road, Site Review, Unfinished.

Scruton/Ceely, 711 Brackett Road, Lot Line Revision, Granted.

During 1991 the Planning Board also spent a considerable amount of time reviewing proposed changes to the Land Development Regulations. After Public Hearing, the Board approved several new regulations which will aid the Board in the performance of its duties.

In March of 1991 the Board presented the following proposed amendments to the Town voters which were approved:

- (1) Adoption of a new Coastal Area Overlay District which provides protection over proposed development in order to lessen the potential impact in the coastal area.
- (2) A clarification of the definitions of "dwelling" and "dwelling unit" to clarify that motel and tourist camp units and other similar commercial accommodations are not dwelling units.
- (3) Amendment to the official Zoning Map to relocate the boundary of the Commercial District at 1245 Washington Road to the easterly property line of the parcel so that it no longer splits the parcel.
- (4) Adoption of the Interim Growth Ordinance which restricted seasonal conversions in 1991 in areas to be served by the new sewers so that the Planning Board could prepare permanent regulations for seasonal

conversion which protect the Town from uncontrolled intensification of properties along its coastline. On the 1992 Town Ballot is a Seasonal Conversion proposal which sets forth minimum standards for conversion along our coast, and we ask for your support of this amendment.

In 1992 the Planning Board will begin a review to update our Master Plan in order to determine which changes are necessary through natural change and which changes are required by law. We will be forming long-range planning committees to study many issues facing Rye's future, and we would welcome any and all participation from the citizens of Rye.

Respectfully Submitted,
Brenda J. Semprini, Chairman

BOARD OF ADJUSTMENT REPORT

The Board of Adjustment consists of five members appointed by the Selectmen for varying terms of three years each. The members for this year are Chairman, Lee Seaver; Clerk, Jo Catalino; David Wajda, David Rosania, and Frank Drake.

Regular meetings are scheduled for the first Tuesday of each month in the Court Room at the Town Hall for the purpose of acting on appeals from the terms of the Zoning Ordinance

The public is invited to our meetings. We will continue to hear each appeal on its merits and render decisions which we believe to be in the best interest to the Town and its citizens.

Respectfully submitted,

Jo Catalino, Clerk

AMBULANCE CORPS REPORT

1991 was a challenging year for the Rye Ambulance Corps. During the course of the year we responded to 271 calls for medical aid. We'd like to express our thanks to the Rye Fire and Police Departments for their assistance in dispatching the ambulance and helping out at the scene whenever asked.

Perhaps the greatest challenge the ambulance corp has faced in 1991 is not in the treatment of medical emergencies, but rather in the continuing lack of willing volunteers. In the past few years we have had several members move out of the area and we have not had new volunteers willing to take their place.

As a result, for the first time ever the ambulance corps has had to hire personnel from the area to assist with weekend coverage. Our pool of volunteers has dwindled and to be fair to them and their families it was necessary to make this move. The result of this hiring and having to pay for our own insurance coverage is an anticipated financial shortfall of \$32,759. In order to make up this shortfall we have submitted a warrant article to be voted on at the 1992 town meeting.

The members of the ambulance corps enjoy what we do and find it immensely rewarding to be able to bring some help and comfort to people at a time of need. Having to come before the town with a financial request has not been an easy decision, but it is a financial reality.

As we look towards the future it is obvious that there is a need for others in the town to step forward and be willing to help. If several new people joined the corps, our manpower situation would quickly begin to take care of itself. The result being an ambulance corps better able to serve Rye in the future and likely reduced future budgetary needs.

We would ask that any person interested in gaining more information about the corps, please see any member of our organization. If you leave your name and phone number at the fire station we would be happy to get in touch with you.

Our thanks to the members of our Board of Directors for their fine leadership and to the many citizens of Rye who have expressed their support for us in the course of this past year.

I would like to take this opportunity to remind everyone that the Rye Ambulance Corps, Inc. is a nonprofit, private organization, dedicated to serving the emergency medical needs of the town of Rye. The members of the Corps thank you for your continued generosity and support.

In order to make our job easier and save precious time in an emergency, I'd like to remind you of the need to have your house number displayed in an obvious location on your house. Your cooperation in this matter is greatly appreciated.

Through the dedication and commitment of our volunteers and governing Board of Directors, we will continue to provide quality emergency medical care to the town of Rye in 1992.

Respectfully submitted,

Robert J. Whittet
President

CONSERVATION COMMISSION'S REPORT

1991 was a busy year for our board. We reviewed thirteen dredge and fill permits. All but two we approved with conditions. A lot of time was spent on site walks along the oceanfront which sustained an unusual amount of damage due to the strong storms and related high tides we had this year.

We are still having problems with people starting wetlands related projects without the proper permitting. We had hoped that by communicating more closely with the other land use boards that we could eliminate some of the confusion. We are presently working on a handout for wetlands applications and timber cutting. These handouts will take each applicant through the permitting process from start to finish and should further eliminate confusion. It is our hope to have these available after the new zoning changes so that they will be up to date.

Our work on the marshes was slowed in order to stop, step back, and take a hard look at what direction we were going. With the help of John Roanowicz and Balsams Engineering we were able to set priorities and start a master plan for restoring our ever important marshes. Two of our biggest priorities are to restore tidal flushing by cleaning out channels and waterways, and to get phragmites under control by cutting and spraying. We will be enlisting the aid of the Shock Incarceration Troops (which were relocated to Laconia this last year) and any volunteers we can muster.

Within the last few years we have noticed a dramatic increase in the number of deer in town. Trying to prevent overcrowding, overbrowsing, property damage, lyme disease, and increased road kills, we sponsored two deer hunting hearings to inform the public of some of these problems. We thank the Fish and Game Department for coming out in force to answer questions and make recommendations as to ways of holding the deer population to an acceptable level. We would also like to thank Doc Olsen, Herb Drake, and Ritchie White for their help on the panel. Last year also saw an increase in moose sightings and even one moose road kill. Our board attained deer crossing signs which were put up to warn people of the danger spots. Please be careful driving in these areas especially at night.

One of our most important achievements was to finally come to terms with the bank and the Land Conservation Investment Program (L.C.I.P.) on the purchase of the Adams Tract (58.7 acres) located between Sagamore Road, Pioneer Road along Berry's Brook. We agreed to a price of two hundred thousand dollars (\$200,000): one hundred and twenty thousand dollars (\$120,000) to be paid by the Town of Rye and, eighty thousand dollars (\$80,000) to be paid by the L.C.I.P. As of this writing there are still a few small details to iron out, but we are hoping for a closing in early February. This long sought after piece of land will be a welcome addition to our lands open to

public use, as one of the most valuable natural resources in Rye.

We welcome to the Commission full time members Ritchie White and Kennard Lang, and an alternate member, Pat Anderson. The Commission would like to thank Susan Kutzleb and Susan Elsea, who stepped down this year, for their years of service on the board.

I would like to thank all of the members of the board for their time and support. I would also like to thank the Selectmen and their staff for all their help and support in Conservation issues. Environmental issues will continue to be in the forefront. Our board is the most directly involved with these issues. We encourage anyone from the Town of Rye to contact the commission with any questions, comments, or concerns.

Respectfully submitted,

Jim Rand, Chairman

HISTORIC DISTRICT COMMISSION REPORT

The Rye Historic District includes four areas in the Town of Rye. One area extends along Washington Road from the west end of Grange Park to the intersection of Central Road including 500 feet either side of the road centerline. It also includes the State of New Hampshire Isles of Shoals islands, the Brackett Road Massacre Site, and the Cable House located at 20 Old Beach Road.

The Commission is responsible for preserving the buildings within the District, encouraging their maintenance, insuring that new structures and alterations to existing structures are in visual harmony with their neighbors, and reviewing new uses of land or buildings within the District. The purpose is to preserve the history of the Town of Rye, maintain property values, foster civic beauty, strengthen the local economy, and provide an opportunity to benefit the education, pleasure, and welfare of all Rye citizens.

The Commission meets and consults as needed to fulfill its' mission. It worked closely with several groups during the design process on several projects. The Rye Junior High School administration and a student; Terry Allen, worked closely with the Commission in designing a sign for the Rye Junior High School. The Rye Library has been consulting the Commission on the visual impact of a proposed handicapped access ramp for the library. The First National Bank of Portsmouth reviewed repairs to the Rye Branch building to insure that the building looked the same after the repairs. The Commission also worked with the Rye Conservation Commission and the Rye Historical Society to assure the preservation of the Brackett Road Massacre Site as it had been intended.

The Commission continues to focus on issues at Parsons Field. It worked closely with Mrs. Tobey to define the wording for the dedication plaque and supported the warrant article that was passed at Town Meeting. It continues to review the use of signs at Parsons Field and plans another Public Hearing to elicit public comment.

The impact of the development of Pease Air Force Base on the Rye Historic District is of concern to the Commission, especially the effects of noise. The Chairman represented the Commission at the Rye meeting of the Pease Development Authority in January. The possible impact of development will be monitored.

The Rye Historic District Commission serves not only as a review board but also as a forum for public comment on each project. The public is welcome to attend all Commission meetings. All property owners and Rye Town officials are encouraged to review projects with the Commission from the early stages, when changes are easiest. A major project for 1992 will be to review the application of the sign ordinance within the Historic District. Public comments and suggestions are welcome.

Respectfully submitted,

Richard E. Kutzleb, Chairman

TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Rye, in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Rye Elementary School in said Rye on Tuesday, the 10th day of March, 1992, next, at nine o'clock in the forenoon until seven o'clock in the evening to vote on the following subjects:

ARTICLE 1. To choose a Moderator for two (2) years, two (2) Selectmen for three (3) years, a Town Clerk/Tax Collector for one (1) year, a Cemetery Trustee for three (3) years, a Supervisor of the Checklist for six (6) years, a Library Trustee for three (3) years, a Trustee of Trust Funds for three (3) years, a Budget Committee Member for one (1) year, two (2) Budget Committee Members for three (3) years, two (2) Planning Board Members for three (3) years.

ARTICLE 2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March 1962 annual meeting.

ARTICLE 3. On petition of Douglas Abrams and at least 112 other voters of the Town of Rye "Are you in favor of decreasing the Board of Selectmen to 3 members (RSA 41:8-d)?"

ARTICLE 4. To see if the Town will vote to amend the Rye Zoning Ordinance to wit:

AMENDMENT NO. 1. Condominium Conversion

SECTION 503: CONDOMINIUM CONVERSION is hereby amended as follows:

I. Amend Section 503.1 as follows:

503.1 Permitted By Special Exception: In any district conversion of existing dwelling units and buildings allowed by Sec. 503.4 to condominium ownership shall be permitted as a special exception granted by the Board of Adjustment, only if all the provisions herein are met.

(Note: New language underlined)

II. Add a new Sec. 503.4 as follows:

503.4 Motel and Tourist Camp Units

Within the Coastal Area District only, motels and tourist camps may be converted and/or redeveloped to residential use in the condominium form of ownership by special exception

subject to the foregoing provisions of this section (except Sec. 503.3 A.) and subject, in addition, to the following requirements:

A. The motel or tourist camp must be existent as of March 12, 1991.

B. The entire development shall be converted.

C. The residential density shall not exceed the following limitations, which the Planning Board has determined fairly reflect the existing developed density of various coastal neighborhoods. This density shall include all units converted under either Sec. 503.3 or Sec. 503.4, and it shall be calculated using only the non-wetland part of the lot.

<u>AREA</u>	<u>TOTAL NO. UNITS/ACRE</u>
Jenness Beach	5.0
Locke's Neck	2.0
Rye Harbor	2.5
North Beach	3.0
Wallis Sands	4.0
Fairhill Manor	4.0

D. In no case shall there be a greater number of residential units on a parcel than the number of units which predated the conversion.

E. Sufficient sewage treatment capacity shall be available for lots within the Town's Sewer Service Area. For other lots, a state approved on-site waste disposal system shall be required.

F. Site Plan review approval shall be obtained from the Rye Planning Board.

Section 503.4 shall not be construed as conflicting with Sections 601, 602 of the Zoning Ordinance, and Sections 601 and 602 shall not be applied to prevent a conversion which complies with the above criteria.

AMENDMENT NO. 2. Building Permit Fees

Delete 801.2 Building Permit Fees to delete in its entirety Section 801.2 A and B, and re-number Sec. 801 sub sections accordingly.

Note: This amendment will be effective only if the Town Meeting adopts the proposed warrant article authorizing the Selectmen to establish or amend fees pursuant to RSA 41:9-a.

AMENDMENT NO. 3. Revised Parking Requirements

Amend S 500 OFF-STREET PARKING AND LOADING, as follows:

S 500.1 - Unchanged

S 500.2 - Delete in its entirety and replace with the following:

S 500.2 Minimum Number of Parking Spaces. The number of parking spaces required by the "Table of Minimum Off-Street Parking Requirements" shall be provided for: (1) any new building, structure or land use; (2) any existing dwelling enlarged by more than twenty-five percent (25%); (3) any existing dwelling or other building in which new dwelling units are built; (4) any conversion of seasonal dwelling units to year-round occupancy; (5) condominium conversions; and, (6) any expansion or change of use of a non-residential or multi-family building, structure or site.

- A. All required parking shall be provided on the same lot or on abutting lots under common ownership. Parking spaces shall have adequate and safe driveways and means of circulation and shall have access/egress to the street on which the lot has frontage without crossing other lots.
- B. Parking requirements for uses not listed in the "Table of Minimum Off-Street Parking Requirements" shall be based upon the requirements for the most similar listed use in the table.
- C. For mixed uses the parking requirement shall be determined by the sum of the requirements for component uses. Examples: shopping centers, office parks with general and medical offices, auto sales and service establishments, etc.
- D. The Planning Board may require additional parking during site plan review if it determines that application of the "Table of Minimum Off-Street Parking Requirements" will not provide adequate off-street parking. However, the Planning Board shall not allow fewer parking spaces than required by the table.

TABLE OF MINIMUM OFF-STREET PARKING REQUIREMENTS

<u>Type of Use</u>	<u>Minimum Number of Required Parking Spaces</u>
<u>RESIDENTIAL</u>	
Single family dwelling	2
Other dwellings	2 per d.u.

Dwelling units (d.u.'s) in
mixed-use structure

1.5 per d.u.

Warehouse, truck terminal	1 per employee on maximum shift; or 1 per 1000 sf gross floor area, whichever is greater
Manufacturing	1 per employee on maximum shift; or 1 per 600 sf of gross floor area, whichever is greater

TABLE OF MINIMUM OFF-STREET PARKING REQUIREMENTS

<u>Type of Use</u>	<u>Units of Measurement</u>	<u>Parking Spaces Per Unit (i.e. Ratio)</u>
<u>RECREATION</u>		
Bowling alley	Lane	4.0
Golf driving range	Tees & employees	1.0 per tee; 1.0 per employee
Miniature golf	Holes	1.5
Golf course	Holes	4.0 & 50% of accessory use component if applicable
Swimming pools	Water area	1.0 per 75 sf
Skating rink	Rink area	1.0 per 300 sf
Marina	Berths (slips)	1.5 - at least 10% of spaces large enough to accommodate cars & trailers
Racquet courts	Courts	4.0
Community center Recreation center Amusement center	Gross floor area or patrons at maximum capacity	1.0 per 250 sf or 1.0 per 4 patrons (whichever is greater)
Other outdoor recreational or amusement facilities	Patrons at capacity	1.0 per 4 patrons

S 500.3 - Delete paragraph A so that section now reads:

500.3 Location of Parking Spaces: No off-street parking shall be located within the required front yard area nor within ten (10) feet of any lot line in any district.

S 500.4 - Delete in its entirety.

S 500.5 - Re-index to S 500.4.

AMENDMENT NO. 4. Cease and Desist Orders

To amend Sec. 803.2 of the Zoning Ordinance as follows:

803.2 Cease and Desist Orders: The Building Inspector may issue violation and cease and desist orders, including cease and desist orders permitted by RSA 676:17-a, as amended, personally, or by Town Counsel on his request, and further either the Building Inspector or the Selectmen in his stead as to enforcement hereof only, shall make such orders and decisions, and take any and all actions as may be deemed by him, or them, to be reasonably necessary to prevent violation of this Ordinance, as well as to secure the intent of this Ordinance.

(Note: new language underlined.)

AMENDMENT NO. 5. Business Districts

To amend Sec. 210 of the Rye Zoning Ordinance to change certain retail, restaurant and tourist accommodation uses from uses permitted by special exception to uses permitted by right, provided said use receives Site Review approval from the Planning Board as follows:

210.1 Permitted Uses. In a B District the following uses are permitted:

- A. Any use permitted in any residential district, including accessory uses so authorized and subject to all limitations there applicable.
- B. Retail establishment for the sale of groceries, dry goods, and other items commonly related to the retail grocery business.
- C. Drug stores, barber shop, beauty parlor, tailor shop, TV service, retailing of toys and hobby crafts, bicycle shop and other similar uses.
- D. Gift, novelty and sports shops.
- E. Restaurant, tearoom, ice cream shop, or similar place serving food or beverage.
- F. Motel, tourist camp, lodging house, and hotel, but only in accordance with the provisions of Section 504 of this Ordinance, insofar as applicable.

210.2 Uses Permitted by Special Exception: In a Business Zone the following uses are permitted by Special Exception:

- A. Greenhouse or horticultural enterprises.

- B. Hospital, convalescent or nursing home, home for the elderly, religious or educational institutions.
- C. Municipal use.
- D. Public utility building or use necessary to the public welfare.
- E. Membership club.
- F. Condominium conversions in accordance with Sec. 503.
- G. Mobile homes in accordance with Sec. 400.
- H. Quarries, pits and turf farms in accordance with Sec. 502.
- I. Any use of the same general character as any of the uses herein allowed.

210.3 Dimensional Requirements.

Retype A-E as is.

Add: "F. If applicable, the buffer requirements of 202.10 shall apply."

AMENDMENT NO. 6. One Building - One Lot Rule

Amend Sec. 202.4 so that the "one building - One lot rule" is only applicable to the residential districts, as follows:

Delete existing language:

202.4 Lots: Every building hereafter erected shall be located on a lot herein defined, and in no case shall there be more than one (1) building on one lot, except as hereinafter provided.

New language:

202.4 Lots: In the Single Residence and General Residence Districts only, there shall be no more than one (1) principal building on one (1) lot.

AMENDMENT NO. 7. Building Permits Required

Amend the existing section to read as follows:

801.1 Building Permits Required

No land shall hereafter be used for building or development, and no building, structure, or subsurface waste disposal system hereafter erected, enlarged, demolished or moved, in whole or in part for any purpose, until a building permit

shall have been issued by the Building Inspector. Said permit shall indicate the proposed use and/or development of the land, building, structure or subsurface waste disposal system, and that said use complies with the provisions of this Ordinance.

General maintenance and/or repairs of said structure, building or subsurface water disposal system costing less than \$500 shall not require a building permit.

NOTE: Amount is presently \$1,500.

AMENDMENT #8 RE: MERGER

To amend Sec. 601.1 "Non-Contiguous Lot Rule" by changing the title to "Merger Rule;" by breaking the existing text into subsections; and by adding clarifying provisions, as follows:

601.1 ~~Non-Contiguous Lot~~ Merger Rule:

Such lot must be in separate ownership and not adjoining with other lots in the same ownership.

A. If two or more adjoining lots, in single or joint ownership and of record at the time this ordinance takes effect, do not meet the requirements for lot area or frontage or depth established by this Ordinance, the lots involved shall be considered as a single undivided lot of record for the purposes of this Ordinance. In the event that vacant undeveloped land is located between two developed lots, said vacant land shall be joined evenly with the developed lots.

B. Developed adjoining lots shall not be merged under this provision unless the uses of such developed lots are accessory to each other. Examples of such accessory uses include, but are not limited to: (1) a dwelling on one lot and a garage, barn or shed on an adjoining lot; (2) a tourist cabin business occupying adjoining lots; and (3) a motel on one lot and a restaurant on the adjoining lot; where both are operated as one integrated business premises.

C. No structure or building shall be erected on any non-conforming lot if the owner of said lot owns any adjoining vacant land which would create a more conforming lot if said vacant land were combined with the lot deficient in area.

D. Where a question exists as to applicability of this merger rule, the Planning Board shall make the administrative determination.

(Note: New language underlined, deleted language struck over.)

AMENDMENT NO. 9 SEASONAL CONVERSION.

Add a new Sec. 202.11 to the Rye Zoning Ordinance as follows:

Sec. 202.11 Conversion of Seasonal Dwelling Units:
Conversion of existing seasonal dwelling units shall be allowed in all zoning districts provided that:

- A. There shall be a minimum lot size 7,000 s.f. per dwelling unit;
- B. There shall be a minimum of 600 s.f. ground floor area per dwelling unit;
- C. There shall be State and/or Town approved septic system or Town sewer with sufficient capacity available;
- D. There shall be two (2) off street parking spaces per dwelling unit;
- E. Inspection and approval shall be obtained from the Rye Fire Department for heating system.
- F. Water lines shall be located 4 feet underground or insulated to prevent freezing; and
- G. An occupancy permit shall be obtained from the Town of Rye.

AMENDMENT #10.

Section 203 of the Rye Zoning Ordinance entitled Single Family Residence (SR) Districts and hereby amended to add the following Section 203.1 (G) to the list of permitted uses and re-letter the present subsections G and H to H and I respectively:

Section 203.1 (G)

Golf course use, provided that such use constitutes a minimum of 5,000 yards and occupies a minimum of 60 acres.

AMENDMENT #11. EDITORIAL CHANGES.

(1) Amend Section 202.3 F to change lot area and depth requirements for lots in the Industrial District as follows:

- F. Area of Lot: No building shall be erected on a lot containing less than ~~fifteen thousand (15,000)~~ forty-four thousand (44,000) square feet. The frontage of any lot shall be at least ~~100~~ 150 feet, and the depth of any lot shall be at least ~~100~~ 150 feet.

NOTE: New language underlined, deleted language struck over.

(2) Amend Section 301.3 Disputes About Wetlands Boundaries by deleting "Qualified Soil Scientist is interpreted to mean a person qualified in soil classification and who is recommended or approved by the Rockingham County Conservation District Supervisors." and inserting in place thereof "Qualified Soil Scientist is interpreted to mean a person qualified in soil classification and who is licensed by the State of N.H. "

(3) Amend Section 702.1 Filing of Appeals by deleting "of twenty dollars (\$20.00)." in order to remove outdated amount of filing fee.

(4) Remove definition of Base Flood, Floodproofing, Flood, Floodplain and remove all references to Floodplain Hazard District wherever it appears.

NOTE: Flood Hazard District is now a separate ordinance with its own definition section.

ARTICLE 5. To see if the Town will vote to amend the Building Code of Rye, NH to wit:

AMENDMENT 12. ADOPTION OF BOCA NATIONAL BUILDING CODE

As authorized by RSA 674:52, the Building Code of Rye, New Hampshire, hereinafter "Code" is hereby amended to adopt by reference the BOCA National Building Code, hereinafter "BOCA Code."

A. Full Title of Code.

The BOCA Code which is adopted by reference is:

The BOCA National Building Code, Eleventh Edition, 1990, as published by the Building Officials and Code Administrators, Inc.

B. Exceptions to BOCA Code.

There are no local insertions in, deletions from or exceptions to the above-cited BOCA National Building Code, except as follows:

1. The enforcement penalties and remedies of the BOCA Code are not adopted. Enforcement penalties and remedies shall be as provided RSA 676:15-17. Further, Section 4 of the Code is hereby amended to the extent necessary to incorporate all of the enforcement provisions, fines and civil penalties allowed by RSA 676:15-17 and any future amendments thereof.
2. Any provision of the BOCA Code which conflicts with the Rye Zoning Ordinance or with State regulations shall not apply.

3. Sections 123.0 and 124.0 of the BOCA Code relative to "Board of Survey" and "Board of Appeals, respectively, are not adopted.

C. Local Provisions Different From BOCA Code.

The following provisions of the BOCA Code and different from the local code. On these matters the local Code shall govern.

1. BOCA Sec. 623.9.1 requires a 4 feet high enclosure around swimming pool. The local Code requires a 5 feet high enclosure.
2. BOCA Sec. 112.2 invalidates a building permit if work has not commenced within 6 months. The Rye Zoning Ordinance provides one year for work to commence pursuant to a building permit, and permits may be renewed once for an additional year.

D. Conflicts.

If there are any other conflicts between the BOCA Code and the local Code other than those noted in B and C, above, the stricter requirement shall govern.

E. Simplified Adoption of Updates or Revisions.

In accordance with RSA 674:52 (VI), the nationally recognized code hereby adopted by reference may be amended to substitute revised versions of said nationally recognized code (or revised parts thereof) for previously adopted versions following a public hearing by the Planning Board, approval by the Selectmen and recording by the Town Clerk.

You are hereby further notified to adjourn to meet at the Rye Junior High School on the fourteenth day of March, next, at nine-thirty o'clock in the forenoon, to vote upon the following subjects:

ARTICLE 6. To see if the Town will vote to raise and appropriate the sum of sixteen thousand dollars (\$16,000) for the purpose of purchasing computer equipment, (hardware and software), to be used jointly by the Fire and Police Departments.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 7. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of

constructing a boat launch area to be located off Route 1A on town property on the north side of Pine Tree Bridge to include a launch ramp and a parking area subject to state and local regulations, and to raise and appropriate eight thousand dollars (\$8,000) to be deposited in this fund and to designate the Selectmen to expend.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 8. On petition of Robert J. Whittet and at least 84 other voters of the Town of Rye, to see if the Town of Rye will raise and appropriate the sum of thirty two thousand seven hundred fifty nine dollars (\$32,759) to assist the Rye Ambulance Corps, Inc. a non-profit volunteer organization, in providing emergency service to the citizens of Rye; and to indicate to the selectmen, town approval for continuing financial support for the ambulance service.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 9. On petition of John C. Squires and at least 30 other voters of the Town of Rye, to see if the Town will vote to create a Capital Reserve fund under the provisions of RSA 35:1 for the purpose of constructing a new Safety Building to be known as the Safety Building Capital Reserve fund and to raise and appropriate twenty-five thousand dollars (\$25,000) to be deposited in this fund and to designate the Selectmen to expend.

THIS ARTICLE IS NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 10. On petition of David A. Dawley and at least 35 other voters of the Town of the Rye, to see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars (\$8,000) of which Four Thousand Dollars (\$4,000) will be reimbursed by a grant from the New Hampshire Coastal Zone Management Program for the purpose of developing a management plan to preserve and protect the Berrys Brook--Bellyhack Bog Watershed area.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 11. To see if the Town will vote to accept the budget submitted by the Budget Committee and pass any vote in relation thereto, and to raise and appropriate such sums of money as may be necessary to defray town charges for the calendar year 1992.

ARTICLE 12. To see if the Town will vote to amend the RYE PARKING ORDINANCES to include no parking on the south side of Marsh Road, no parking at the "T" at the end of Alehson Street, and no parking on both sides of South Road from Route 1A west 600 feet.

ARTICLE 13. To see if the Town will vote, pursuant to RSA 41:9-a., to authorize the Board of Selectmen to establish or amend fees for: (1) the issuance of any licenses or permits that are part of any regulatory program which has been established by vote of the Town; and (2) the use or occupancy of any public revenue-producing

facility established by vote of the Town. Such fees and the notice and hearing requirements for establishment thereof shall conform to the requirements of RSA 41:9-a, as amended.

ARTICLE 14. On petition of James Drake Brown and at least 32 other voters of the Town of Rye to authorize the Selectmen to accept on behalf of the Town of Rye a road known as **DRAKE LANE**, this being a road completed in accordance with the Rye Planning Board approved specifications, on Plan No. 83441, entitled Subdivision Plan for Oliver, Southworth and Brown, Locke Road at Ocean Boulevard. The Rye Public Works director has confirmed that said road is in conformity with specifications controlling construction of new roads in Rye, New Hampshire.

ARTICLE 15. On petition of Elizabeth M. Yeaton and at least 28 other voters of the Town of Rye: Are you in favor of offering the full-time elected officials of the Town of Rye a full benefit package equal to that offered all other full time Town Hall employees? This package presently includes Health and Dental insurance, Retirement Fund, Life Insurance, Vacation and Sick Leave, Personal days and Longevity.

ARTICLE 16. To see if the Town will vote to adopt revisions to the current Town Dump Regulations (on file at the Town Clerk's Office) as proposed by the Recycling Committee and approved by the Board of Selectmen at their February 3, 1992 meeting. A copy of the proposed revisions are on file at the Town Clerk's Office.

ARTICLE 17. To see if the Town will vote to allow a five percent (5%) discount on all property taxes paid within thirty days from the date of mailing of tax bills.

ARTICLE 18. To see if the Town will vote to authorize the Selectmen to sell to the highest bidder at public auction or sealed bid such surplus Town equipment as is not traded in on new equipment in 1992.

ARTICLE 19. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town gifts, legacies and devises made to the Town in trust for any public purpose, as is permitted under RSA 31:19.

ARTICLE 20. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

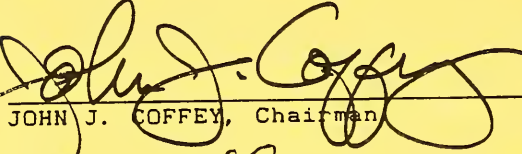

ARTICLE 21. To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require pursuant to RSA 80:80.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action

by the Town Meeting, money from the state, federal or governmental unit or private sources which becomes available during the fiscal year. Pursuant to NH RSA 31:95-b.

ARTICLE 23. To transact any other business which may legally come before this meeting.

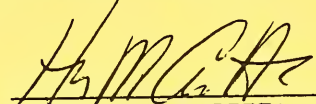

Given under our hands and seal this twelfth day of February in the year of our Lord, nineteen hundred and ninety two.

JOHN J. COFFEY, Chairman

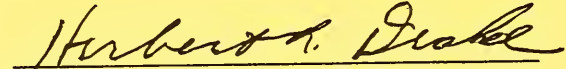

DONALD L. STEVENS, Selectman

HENRY M. CAVARETTA, Selectman

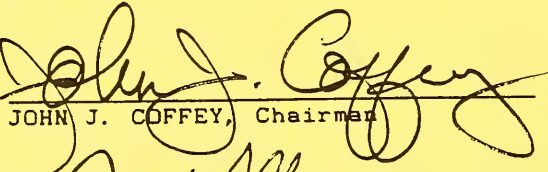

PAULA S. SNYDER, Selectman

HERBERT R. DRAKE, Selectman

HERBERT R. DRAKE, Selectman

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Rye
Rye, New Hampshire

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Rye as of and for the year ended December 31, 1991, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Assets Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Rye as of December 31, 1991, and the results of its operations (and cash flows of nonexpendable trust funds) for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town as of December 31, 1991, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

January 20, 1992

To the Members of the Board of
Selectmen and Administrative Assistant
Town of Rye
Rye, New Hampshire

We have audited the financial statements of the Town of Rye for the year ended December 31, 1991 and have issued our report thereon dated January 20, 1992. In connection with our audit, we reviewed and tested the Town's systems of internal accounting control and operating procedures to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. The purpose of our review of these systems was not to express an opinion on internal accounting control, and it would not necessarily disclose all weaknesses in the system.

In the following paragraphs, we present our comments and recommendations for improving specific aspects of the Town's systems and procedures. We also refer you to the Appendix to this letter which explains the purpose of our review, its limitations, and the professional standards involved.

GENERAL

Typically, a report of this type places a greater emphasis on findings of a critical nature. Therefore, to put our comments and recommendations in proper perspective, it should be noted that the weaknesses observed are not necessarily the result of poor management. Oftentimes, they are due to factors outside the control of the Town's personnel, such as organizational restrictions, budgetary limitations, or inadequate software systems. We have noted many positive aspects of the Town's financial management and procedures which are not set forth in this report.

SEWER FUND BUDGET

The sewerage system became operational in the fall of 1991, and a sewer department was established to reflect operating revenues and expenses. However, no budget was enacted at the annual Town Meeting or a special Town Meeting covering this department's operations. This is contrary to the Municipal Budget Act, which requires an appropriation for any monies to be expended.

Being aware of this fact, the Board of Selectmen have notified the Director of the Department of Revenue Administration in a letter dated December 20, 1991.

TOWN OF RYE
NEW HAMPSHIRE

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1991

Expenditures from the fund totaled \$9,584, which were paid from service fee revenue of \$17,529.

GENERAL ACCOUNTING RECORDS

We were pleased to note during the audit that the condition of the Town's accounting records was greatly improved over the previous year. There were however, several general ledger accounts for receivables and payables which were not reconciled. One example was the police outside detail receivable. It is very important that an adequate record be maintained of all invoices which are sent out by the Town and that receipts be reconciled to such invoices so that amounts which are not collected within a reasonable time may be investigated and rebilled.

Several of the payroll deduction accounts had incorrect balances at year end; some of which could be attributed to mispostings from the beginning of the year. We reviewed reconciliation procedures with the Town's bookkeeper, and are confident that all balance sheet accounts will be reconciled monthly in the future.

ESCROW ACCOUNTS

There are several escrow accounts established in the Capital Projects Fund to hold retainage due to various contractors. The interest on these accounts is paid over periodically to the respective contractor. During the year, there were instances where retainage amounts were reduced, but the balances in the escrow accounts were not, which resulted in overpayments of interest to contractors.

We recommend that procedures be established to ensure that, when retainage amounts are reduced, the escrow account balances are reduced accordingly so that the contractors receive only their due share of interest earned.

CAPITAL PROJECT FUND MANIFESTS

Throughout the year, the Selectmen have signed handwritten manifests to approve disbursements from the Capital Project Fund. In some cases, changes have been made to manifests by either crossing off or adding check numbers and amounts. It was not readily determinable whether these changes were made before or after the Selectmen had approved the manifests.

We recommend that the Selectmen initial any changes on manifests to acknowledge their authorization of the same.

AUTHORIZATION OF PAY RATES

When testing the payroll for the year, we found that written documentation of all pay rates and benefits for employees was not always adequate. In some

TOWN OF RYE
NEW HAMPSHIRE

LETTER OF COMMENTS AND RECOMMENDATIONS

DECEMBER 31, 1991

cases, the bookkeeper had nothing in writing to indicate at what pay step various employees were to be paid. It also appeared that certain employees were being paid a holiday bonus, based on a verbal agreement.

We recommend that all pay raises and bonuses be approved in writing and that a folder be maintained for each employee showing his or her appropriate rate of pay.

In closing, we would like to express our appreciation to those persons whose cooperation and assistance have helped us to achieve efficiencies in completing our audit.

After you have reviewed our report, we would be pleased to meet with you to discuss any questions that you might have.

Very truly yours,

*Olczak & Sanderson
Professional Association*

TOWN OF RYE, NEW HAMPSHIRE

PURPOSE AND LIMITATIONS OF REVIEW

The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the Town's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of the Town is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Town taken as a whole. However, our study and evaluation disclosed conditions that we believe result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of the Town may occur and not be detected within a timely period.

These conditions are described in the preceding report and were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the 1991 financial statements. This report does not affect our report on these financial statements January 20, 1992.

The preceding report is intended solely for the use of management and should not be used for any other purpose. This restriction is not intended to limit distribution of this report, which, upon acceptance by the Members of the Board is a matter of public record.

* In addition to employer's required share, Fire & Police employees contribute 9.3%, as required by NH state law.

** Fire & Police employees pay 10% of health insurance, and the Town pays 90% of the health insurance per Fire & Police contract. All other employees pay 20% of health insurance, and the Town pays 80% of the health insurance per the contracts with the exception of single coverage which town pays 100%.

*** The Town pays 100% single dental coverage only (2 plans).

**** The Town pays total cost of this plan. The Life Insurance policy is valued at \$7,500.

HEALTH OFFICER'S REPORT

This past year continued to be as busy and as productive as 1990. The installation of sewer lines has lessened the ground contamination problems that have been ongoing for many years. I am optimistic that in 1992 there will be even fewer complaints. Inspections of schools, daycare facilities, restaurants, and other food vending establishments continues. I am pleased to again report a virtual one hundred percent compliance to RSA 143A (statute requiring that restaurants and food vending operations meet specific guidelines in order to obtain an operating license).

Hurricane Bob and the subsequent storm caused damage to this area but, luckily, wells and other water supplies were not seriously affected. The number of livestock related complaints decreased somewhat from 1990, and there were no reported cases of rabies in Rye. Requests for water testing were somewhat less than in 1990.

I thank the Board of Selectmen, the various officials of the town, and the citizens of Rye for their cooperation and support. I have enjoyed serving the people of Rye, and I look forward to a busy 1992.

Respectfully submitted,

Gail Ann Snow, MD
Health Officer

JUVENILE REPORT

On January 16, 1992 the D.A.R.E. Program will be starting at the Junior High School. All of the sixth grade classes will be participating for this seventeen week program. The classes last approximately three hours one day a week. The instructor for this year's program will be Officer Jay O'Neil of the Exeter Police Department. Officer O'Neil is a graduate of the fall 1991 D.A.R.E. Instructors class and is looking forward to teaching the program in Rye.

The Rye Police Department will be conducting a bicycle safety program at the Elementary School in the spring, at which time bicycles may be registered. The police department will be enforcing the rules and regulations of bicycle safety. We are finding that too many people are riding bicycles at night and the bicycles are not equipped with lights and reflectors. If you plan to ride at night, be sure your bicycle is properly equipped with the necessary safety equipment.

The Rye Police Department wishes you a safe year, and we are looking forward to visiting the schools.

Respectfully submitted,

Sgt. Robert Howland
Officer-in-Charge

TRUSTEES OF TRUST FUNDS

In these times of economic stress and low interest rates on investments, it has been a challenge to maximize the trust funds earnings. However, as in the past, the trustees have continued to plan and keep current on investments that are stable and secure.

We wish to acknowledge a donation in the memory of Ethel Winston Gooding for the care and beautification of Central Cemetery. Also, the Manuel Fund which was pending at our last report, has been finalized.

As noted in our financial report for 1991, all the trust funds in the trustees' care have performed well. The following is presented to show an overview of the total amount of approximately \$896,000 held in trust: The Cemetery Perpetual Care funds gained \$1,837.13 on sale of stocks, and had income of \$37,586.39; the Dalton Fund had a \$2,228.39 gain on sale of stocks and an income of \$15,237.34; the Manuel Fund earned an income of \$2809.45 in 1991, with a total income to date of \$13,174.26; and the Library Fund earned \$9951.29 which was paid to the Library Trustees for their use at the Rye Public Library.

The capital reserve funds have increased as indicated in the Statement of Miscellaneous Funds and as passed by the Town Meeting vote of March 1991, as follows: Fire Truck Fund \$15,000; Revaluation Fund \$30,000; Records Restoration \$3,000; Town Employees' Accumulated Leave Fund was increased by a net amount of \$7,626.18. The Library Construction Fund expended \$40,000.

All funds have been audited by both Town auditors and the State Department of Revenue, as required.

Respectfully submitted,

Christopher S. Christo

Jane E. Ireland

F. Stephen Cullen

RECYCLING COMMITTEE REPORT

In September the Board of Selectmen established a Recycling Committee to investigate solid waste management issues and make recommendations to the Town. The Committee, which includes a number of veterans from previous Dump Committees, was charged with three major tasks, First, to evaluate the Town's recycling efforts and make recommendations regarding the need for additional equipment. Second, to investigate alternative disposal options for the waste currently landfilled in the brush dump, an area next to the recycling center which will be full in no time. And third, review and make recommendations as appropriate regarding the Town Dump Regulations.

As a result of both the Town's mandatory recycling ordinance and the efforts of many dedicated individuals, the following materials are currently recycled or reused: newspaper, corrugated cardboard, metals, aluminum cans, glass, plastic, oil, batteries, tires, grass, brush, clothes and other reusable items. Although our recycling efforts are commendable, achievements by other communities suggest that we can do better. In 1992 the Committee will be collecting the necessary data to identify potential areas of improvement and chart the Town's progress.

Having met with Bud Moynahan and his staff to discuss ways of increasing our recycling levels, we recommend that a high density baler be acquired. The baler, which is necessary to compact and wrap recycled materials for shipment, will result in increased material revenues, increased operating efficiency at the recycling center and lower disposal fees at the landfill. We have researched the availability of grant monies and determined that a 50% matching grant is available if we act quickly.

Regarding the brush dump, the Selectmen specifically requested that the Committee investigate the potential of expanding the area currently being landfilled. New state regulations make any expansion an expensive proposition by requiring state-of-the-art environmental controls such as a liner, leachate collection, buffer zones, and ground water monitoring. A discussion with the Department of Environmental Services convinced us that such an expansion does not represent an economically feasible option for the Town.

In 1992 the Committee will investigate ways of reducing the quantity of waste deposited in the brush dump, thereby lengthening its life. Although use of the brush dump is restricted to Rye residents or contractors disposing of Rye generated waste, the Committee is concerned that non-Town waste is being deposited at the brush dump. We are investigating the possibility of re-issuing bumper stickers to reduce the disposal of non-Town waste at our facility. In the meantime we remind everyone to remove your bumper sticker from your car upon resale or otherwise maintain possession of any stickers issued in your name.

Over the last few months the Committee has had some lively discussions regarding the appropriateness of the regulations and policies currently governing the use of Rye's solid waste facilities. Areas of concern include disposal fees which may inhibit recycling or encourage roadside dumping; illegal use of the brush dump; and restrictions on the removal of materials for reuse. We hope to have recommendations ready for consideration at the 1992 Town Meeting.

As we look forward to increased levels of recycling in 1992, we solicit your thoughts, participation and cooperation. Thank you for recycling; it's good for the environment AND the tax rate.

Respectfully submitted,

Rye Recycling Committee
David C. Demme, Chairman

REPORT OF THE SPECIAL TOWN MEETING OF THE TOWN OF RYE, NEW HAMPSHIRE FEBRUARY 20 , 1991

At 6:00 pm on the 20th of February 1991, Moderator Sharon DeVries called the meeting to order, and led the assembly in the Pledge of Allegiance. The Moderator read the warrant:

Article 1. To see if the Town will vote to ratify the actions of the Selectmen as approved by the Southeast Regional Refuse District (SRRDD) 53-B in accordance with the agreement bylaws (Article V, Section 5.3. (c)) to allow the Town of Rye to withdraw from that portion of the Town's agreement with the SRRDD 53-B which deals with the Recycling/Resource Recovery Facility subject to the following terms and conditions:

(a) Rye to pay the District all assessments due the District for Recycling/Resource Recovery for the District Fiscal year through the quarter in which the Effective Date of the withdrawal occurs.

(b) The "Effective Date" shall be the date on which the Legislative Body of the Town of Rye votes to expressly approve the withdrawal and the terms and conditions thereof at a duly called and held Town Meeting.

(c) There shall be no return of funds assessed by the District for Recycling/Resource Recovery for the District Fiscal Year in which the Effective Date occurs or any previous District Fiscal Year.

The Moderator briefly stated the rules of the meeting, explaining the use of a secret ballot if petitioned, motions for reconsideration, and that everyone wishing to speak would be given that opportunity. She called for a motion.

It was moved by Selectman John Coffey, seconded by Jack Tobey, to adopt this article as read.

Jack Tobey said the Board of Selectmen has voted not to take part in the Recycling part of the 53-B District and the District has voted to release us. He said the next step was a formal vote by Town Meeting. He urged passage of the article.

John Coffey said this is a matter of dollars and cents, and that Rye would lose it's economic advantage if we were to take part in the project in Fremont. He too urged passage of this article.

Jack Squires and Bettey Tobey also spoke in favor of this article.

Donald Stevens said that the Board of Selectmen have asked to withdraw from 53-B but that the District will not allow that. He promised to continue in the effort to withdraw from 53B and establish our own district.

It was **moved** and seconded, to move the question. Motion **carried**.

Moderator DeVries called for a vote on Article 1. **Show of Hands. Article 1 is declared Adopted by Unanimous Show of Hands.**

It was moved and seconded to Adjourn. So Voted.

Meeting adjourned at 6:15 p.m.

Respectfully submitted,
Jane E. Ireland, Town Clerk

**REPORT OF THE ANNUAL TOWN MEETING
OF THE TOWN OF RYE, NEW HAMPSHIRE
MARCH 12, 1991**

Results of Ballot Voting

Article 1. To choose a Selectman for one (1) year, two (2) Selectmen for three (3) years, a Treasurer for three (3) years, a Cemetery Trustee for two (2) years, a Cemetery Trustee for three (3) years, a Library Trustee for three (3) years, a Trustee of Trust Funds for three (3) years, two (2) Budget Committee Members for three (3) years, a Planning Board Member for two (2) years, and a Planning Board Member for three (3) years.

Results of Article 1 are recorded on the accompanying ballot facsimile.

Article 2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March 1962 annual meeting.

Results of Article 2 are recorded by the School District Clerk.

Article 3. (As proposed by petition of Rye voters in accordance with RSA 41:45-a.) Are you in favor of having the office of town clerk combined with the office of tax collector, thereby creating a new office of town clerk-tax collector to be held by one individual?

Results of Article 3: Yes = 780; No = 366. Article 3 is declared ADOPTED.

Article 4. Zoning Ordinance Amendment Questions, proposed by the Rye Planning Board.

Amendment 1. Are you in favor of the adoption of Amendment 1, as follows: To add a new Coastal Area Overlay District which would apply only to Rye's coastal area and which would: (1) establish special requirements for variances to build on vacant non-conforming lots; (2) limit building height to 28 feet dwellings on either side (whichever is greater); and (3) limit dwelling coverage to 20% of the lot and impermeable coverage (including buildings) to 50% of the lot, in order to lessen the potential impact of public sewers on development in the coastal area?

Results of Amendment 1: Yes = 761; No = 386. Amendment 1 is declared ADOPTED.

Amendment 2. Are you in favor of the adoption of Amendment 2, as follows: To amend Section 503 Condominium Conversion to permit, by special

exception, in the Coastal Area District only, the conversion of existing motels and existing tourist camp developments to residential condominium ownership, providing the resulting residential density does not exceed the density of the surrounding neighborhood?

Results of Amendment 2: Yes = 501; No = 628. Amendment 2 is declared DEFEATED.

Amendment 3. Are you in favor of the adoption of Amendment 3, as follows: To amend the definitions of “dwelling” and “dwelling unit” to clarify that motel and tourist camp units and other similar commercial accommodations are not dwelling units?

Results of Amendment 3. Yes = 760; No = 308. Amendment 3 is declared ADOPTED.

Article 5. Petition Zoning Ordinance Amendment Questions.

Amendment 4. Are you in favor of the adoption of Amendment 4, as proposed by petition of Rye voters, as follows: To amend Section 203 of the Single Residence (SR) District to allow golf courses, including golf courses that are part of residential lots, as permitted uses in the SR District? (This article is recommended by the Planning Board)

Results of Amendment 4. Yes = 494; No = 676. Amendment 4 is declared DEFEATED.

Amendment 5. Are you in favor of the adoption of Amendment 5, as proposed by petition of Rye voters, as follows: To amend the Official Zoning Map to relocate the boundary of the Commercial District at 1245 Washington Road to the easterly property line of the parcel so that it no longer splits the parcel? (This article is recommended by the Planning Board)

Results of Amendment 5. Yes = 759; No = 354. Amendment 5 is declared ADOPTED.

Article 6. Interim Growth Management Ordinance, proposed by the Rye Planning Board.

Amendment 6. Are you in favor of the adoption of Amendment 6, as follows: To adopt, for one year, the Interim Growth Management Ordinance which restricts seasonal conversions in areas to be served by the new sewers, so that the Planning Board can prepare and propose permanent regulations regarding seasonal conversions?

Results of Amendment 6. Yes = 876; No = 245. Amendment 6 is declared ADOPTED.

 ADOPTED 876 YES
 DEFEATED 245 NO

**TURN BALLOT OVER
FOR SCHOOL DISTRICT**

REPORT OF THE ANNUAL TOWN MEETING FOR THE TOWN OF RYE, NEW HAMPSHIRE MARCH 12, 1991 AND MARCH 16, 1991

At 9:00 a.m. on March 12, 1991 at the Rye Elementary School gymnasium, Moderator Sharon DeVries declared the polls open. Mrs. DeVries commenced the reading of the Official Town Warrant. It was moved by Jane Ireland, seconded by Elizabeth Yeaton, to waive the further reading of the Warrant. So voted.

Moderator DeVries announced that pursuant to RSA 659:49, Absentee Ballots would be processed and cast at 3:00 p.m.

School District Moderator Gary Holmes read the Official School District Warrant in its entirety.

Ballot voting ensued.

At 7:00 p.m., Moderator Sharon DeVries announced that the polls were closed. There were 1183 ballots cast. Results of the Ballot voting are shown on the accompanying pages.

At 9:00 a.m. on the 16th day of March 1991, the business portion of the Annual Town Meeting was called to order by Moderator Sharon DeVries. She introduced Mike Passero of Boy Scout Troop 181, and Michelle Sleeper of Troop 2160 of the Girl Scouts, who led the assembly in the Pledge of Allegiance.

Moderator DeVries opened the meeting by saying that it was with great pride in our country and in democracy that she began the meeting. Mrs. DeVries said we all share in extending our good wishes to our service men and women and their families, and their safe return. She thanked Tippy Duffy for her efforts in decorating the center of town in honor of those serving in the Gulf and our Selectmen for supporting and endorsing her effort.

The moderator then introduced those at the podium: Dave McAnaney of Kimball Chase Engineers; Janet Thompson, Administrative Assistant; Henry Cavaretta, Selectman; Herbert Drake, Selectman; John Coffey, Chairman of the Board of Selectmen; Donald Stevens, Selectman; (Mrs. DeVries pointed out that the fifth member of the Board of Selectmen is Paula Snyder who is sitting in the front row and is still acting as Chairman of the Budget Committee. At the completion of this meeting, Mrs. Snyder will be sworn in as Selectman and resign as a Budget Committee member.) Jane Ireland, Town Clerk; and Michael McCarthy, Town Counsel.

Mrs. DeVries announced the results of Tuesday's election. She said there is no smoking allowed, and asked non-voters of the Town of Rye to sit on the left side of the gymnasium. She explained that voting would be done using the

cards you were given when you checked in, so that when she asked for hands to be raised you should raise the yellow card. Mrs. DeVries further announced that coffee and doughnuts as well as lunch was available in the cafeteria. She called attention to the Town Report page 44, having to do with the purging of the Checklist and she explained this process.

Moderator DeVries stated the rules of the meeting: We will follow the articles on the warrant in order. However, if there is a related article which appears later on in the warrant, the moderator said she would point that out. Mrs. DeVries said she would try to recognize the sponsor of the article and then open for discussion; she would try to give anyone wishing to speak an opportunity to do so before allowing anyone to speak again. All comments are to be addressed to the Moderator. We will vote by raising the voter card. State your name when speaking. Any motions to amend any article must be in writing unless they are one or two words. Motions for reconsideration of a vote, other than the Bond Issue vote, must be immediately after the results of the vote are declared, and before any new business comes up, by someone on the prevailing side. Requests for secret ballot must be made before we take the vote, in writing, by five voters. Reconsideration by secret ballot requires the signature of seven voters.

Moderator DeVries reminded those assembled that the first article we are to consider must, by law because it's a Bond Issue, be voted by secret ballot. She explained the voting procedure for this. The ballot box will remain open for one hour, although we will continue with business after everyone has again been seated. After the hour has elapsed we will count the ballots and announce the vote.

Mrs. DeVries pointed out an error in the Annual Report. She said the numbering of the Articles is correct up to Article 15. However, when these were printed the Article about voting to accept the budget was omitted and therefore the numbering of the actual official warrant is different than the numbering in the book. There is a new warrant article 16, which is to vote to accept the budget. So, she said, from the point at which we vote to accept the budget onward, I will be announcing two numbers, one is the number that's on the revised warrant and one will be the number in your book. Mrs. DeVries pointed out that in any case, she will be reading the article so we will know which article we are on.

Moderator DeVries pointed out another error in the Town Report - on the back cover "Directory", the hours open to the public, The Selectmen's Office and the Town Clerk's Office say 8:00 am to 1:30 pm. The actual times should be 8:00 a.m. to 4:30 p.m.

Article 7. To see if the Town will vote to raise and appropriate the sum of two million, four hundred thousand dollars (\$2,400,000) for the purpose of constructing and equipping sewers and sewerage facilities which encom-

passes the developed Jenness Beach Service area.

Two million, four hundred thousand dollars (\$2,400,000) is to be raised by the issuance of serial bonds or notes under and in compliance with the provisions of the Municipal Finance Act (N.H.R.S.A. 33 as amended), and to be in addition to the sums previously appropriated for the construction of sewerage facilities of the town and to authorize the Selectmen to issue and negotiate such bonds or notes to determine the rate of interest thereof, and to take such actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Rye. This Article requires a two thirds vote. This Article is recommended by the Budget Committee.

It was moved by Donald Stevens, seconded by Lester Stevens, to adopt this article as read.

Selectman Donald Stevens addressed the assembly, thanking them for electing him last year and allowing him and the other Selectmen to work as the managers of the sewer project. He said this morning he was asking for continued support on the project. Mr. Stevens went on to explain the way the new sewer system would work, by means of a gravity sewer to a pumping station, pumped into a force main all the way to the Town of Hampton's treatment plant. The Town of Rye has a twenty year agreement with the Town of Hampton to process any effluent pumped from our pumping station to Hampton's treatment plant. By using a municipal sewer we negate the necessity of individual septic tanks and leaching fields. Mr. Stevens said a year ago we bought a force main. We also own the pumping stations, one at Jenness Beach, one at the Abenaqui, one on Church Road. These have been purchased, are pretty much in place, and almost ready for operation. That was in the Bond Issue of November 1989. The balance of that project is in the gravity sewers covering certain areas of Ocean Blvd., Sea Road, South Road, Church Road, Old Beach Road, etc. Mr. Stevens said he was now asking for support to continue installing more gravity sewers to access property into the Jenness Beach District. He said the project which was approved in November 1989 was based on sound construction and engineering costs at that time. Fortunately for the Town of Rye, construction costs were substantially less than what we have the authority to bond. There is presently in excess of a half a million dollars of the original bond issue that won't be needed or used for the project that you've already approved. However, if you vote in the affirmative today on Article 7, those monies may be used to go along with Contracts 5 and 6 for their completion. Mr. Stevens explained the funding for the project, saying that the Federal Government would give us \$1,570,000., the State of N.H. Grant is \$620,000. (over a 20 year period). The cost to you today, before Article 7, is \$1,710,000. With the proposed project you're going to add another \$2,520,000. Who's going to pay it? Mr. Stevens said the Selectmen have worked long and hard and have adopted a Sewer Cost

Recovery Ordinance. He said the long and the short of it is very simple. If we go away from here today having defeated Article 7, the users are going to be paying \$7.22 per front foot as an annual bond repayment for the sewer. Through taxes we're going to raise \$260,000 which all of us, users and non-users alike will pay. If you go along with this project and allow us to complete Contracts 5 and 6, the number \$7.22 per front foot carries out for the total project cost because we're going from 130 users to in excess of 500 users, the entire cost recovery will be borne by the user. Mr. Stevens urged passage of this article now, while we can take advantage of a down economy and the related interest rates.

Mr. Lester Stevens clarified a question regarding the numbers on the exhibit board. Randy Crapo recommended tabling this article until we've had a chance to review the ordinance. The Moderator clarified that Mr. Crapo was making a **motion** to table Article 7. His motion was duly seconded by Debra Crapo. The moderator ruled that she would allow discussion on the motion to table in conjunction with the Article discussion. Don Stevens responded that the Board of Selectmen have adopted a Sewer Use Ordinance and a Cost Recovery Ordinance which are a matter of public record. He said these have been done as fairly and equitably as possible, though there will always be hardships. Mr. Stevens said there is a contingency fund for this purpose. He again stated that the Board was working diligently on this project and asked for the support of the assembly.

Michael Hassel-Shearer asked about the problem of un-used septic tanks sitting in the ground. Mr. Stevens again responded, saying that it is required that these septic tanks be excavated, pumped dry, inlet and outlet pipes broken from it, and re-filled with suitable material and covered. All septic tanks will be rendered totally useless as soon as that property is tied in to the sewer. The cost of this will be borne by the user. In answer to a question from Clifford Vogt, Mr. Stevens said this is a compulsory tie-in.

Moderator DeVries called for a **vote** on the motion to table Article 7. She said this requires a two-thirds vote to pass. Show of Hands. **Motion to Table Article 7 is DEFEATED.**

Patrick McKeon said he is in favor of the sewer but that he questions the fairness of the ordinance where it's based on footage. Mr. Stevens said the Cost Recovery Ordinance is established on a minimum 50' frontage and a maximum 170' frontage, not unlike your property tax bill. He pointed out that the greater your frontage on the street, the greater the cost of laying the gravity sewer in front of your property, and secondly, by doing it this way, those of you who itemize your income tax deductions would be able to take the interest portion of the cost recovery from your Federal Income Tax.

Dr. O'Brien asked if the ordinance would be presented to the legislative body. Mr. Stevens said we've had numerous hearings on the two ordinances. Last year the Town Meeting put that issue into the hands of the Selectmen as

acting sewer commissioners and it is within our authority to adopt and enact a sewer use ordinance and a sewer cost recovery ordinance.

Steve Wentzell also questioned the fairness of the ordinance, and said the need for this is not apparent to him. Don Stevens said this area was targeted because of shallow distance to bedrock (ledge) and a very high water table. Mr. Wentzell noted that the water table has risen and he said he thought much of this was caused by a lot of the building which was going on in the area. He said potentially these people may be effecting the water table more than he is and yet he is being asked to bear the burden of the cost of this project. He said again that the need was not apparent and it does not seem equitable and the new building in town is impacting as much or more than the mandatory user.

In answer to a question regarding \$500,000 mentioned in the Civic League News, Don Stevens reiterated that there is no half a million dollars. He said the Board has the authority to bond that amount of money but they do not have the need to borrow it because it hasn't been expended. This amount represents borrowing power, not actual dollars in hand.

It was moved and seconded to **move the question. So voted.**

At 9:55 a.m. ballot voting on Article 7 commenced. The Ballot Box remained open one hour. At 11:00 a.m. the Moderator declared the Ballot Box closed, and the votes were tallied. **Results of Secret Ballot on Article 7: (Two-thirds required to Pass) Yes = 220; No = 68. Article 7 is declared ADOPTED.**

After the assembly completed voting by secret ballot on Article 7, the moderator called the meeting back to order, saying that we would continue with business through the hour that the ballot box must remain open. Dwight Hamsley **moved** to bring Article 14 forward for consideration at this time. His motion was seconded by Irene Rand. **So voted.**

Article 14. To see if the Town will vote to raise and appropriate the sum of fourteen thousand nine hundred dollars (\$14,900) to continue with the work relative to the implementation of Open Marsh Water Management. This article is recommended by the Budget Committee.

It was moved by Frank Ciolek, seconded by Gene Ritzo, to adopt this article. Discussion followed. Susan Kutzleb, a member of the Conservation Commission, explained how the OMWM project was implemented and said the long term benefits for the environment in the Town of Rye is immense and she urged a "yes" vote. Lester Stevens, also a Conservation Commission member, spoke of the work that has been done since this article was passed last year. He thanked Gene Ritzo for his efforts in helping us to acquire the use of the Shock Incarceration Unit from the State Prison to do the labor in the marshes. Mr. Stevens pointed out the great monetary savings to the town because of these efforts. He said that the cost of this article to the tax payer, based on an average home assessed at \$200,000, is 60¢. He urged approval of the article.

John Coffey said notwithstanding the work put in by Mr. Ritzo, the program was a phenomenal success for the Town of Rye. He said the problem he had is that the continuing study of OMWM is not linked with that program- those persons in the Shock Incarceration Unit could be used on any project within the Town of Rye. Additionally, he said, we are in the throes of a recession. He said he wondered why the Town needs to continue studying and philosophizing on this problem. He urged a “no” vote.

Herb Drake said he’s started right off the bat being on the opposite side of Mr. Coffey. Mr. Drake said he supported Article 14 because he feels the expenditure of \$14,900 for this project is a priority and a necessity. Mr. Drake said he serves on the New England Fisheries Management Counsel representing New Hampshire, and he is Vice Chairman of the Habitat and Estuary Sub Committee. Rep. Drake stated that 51% of the food chain in the ocean is derived from the estuaries and the marine marshes along the coast. The marsh study is a good investment, he said, and deserves support and we should get on with the job, recognizing that our marshes mean a lot to the whole marine environment.

Dwight Hamsley said the key word is that we are in a recession. He related the history of the project, pointing out that each year he has spoken against it. Mr. Hamsley said he has a Batchelors in professional studies, he is a “certified docent” from the Society for Protection of New Hampshire Forests, he studied under Frank Richardson, and water has an uncanny way of getting where it wants to go - it can cut through rock. The marshes, he said, can take care of themselves given time. Mr. Hamsley said he’d asked Frank Richardson to come speak on this and he said he was too busy. He said he agreed with Mr. Coffey, this thing is a money pit, and please vote “no”.

Laura Famolare, Chairwoman of the Conservation Commission and Planning Board member, said she agreed with Herb Drake on this one. Mrs. Famolare corrected Mr. Coffey by saying that the Shock Incarceration Unit can only be used in the Town of Rye for projects that have state-wide significance. We cannot use them all over the town. Mrs. Famolare explained the value of the OMWM project. She said this provides scientific data so that, for instance, the Shock Incarceration Unit can know where to dig. Mrs. Famolare corrected some of Mr. Hamsley statements, and also pointed out that Mosquito Control is an entirely different subject, which does not have any bearing on this. In closing, Mrs. Famolare quoted from a letter that Frank Richardson, Senior Wetlands Inspector for the State of New Hampshire, had written to the Conservation Commission: “OMWM offers a viable and natural alternative to restore tidal circulation, reduce the adverse impact of alien plants and enhance the productivity of our salt marshes. The fact that they also contribute significantly to mosquito control offers what I feel is a socially desirable benefit in addition to tidal marsh restoration. I wish you success in having OMWM implemented in the Town of Rye.”

It was **moved** and seconded to move the question. **So voted.**

Show of Hands. Results of vote on Article 14: Article 14 is declared ADOPTED.

Dr. O'Brien said he wished to comment on the previous article, and said he's had a longtime interest in Mosquito Control and he had looked at this article carefully and had been prepared to speak against it. He said this article, originally, was to locate, plan and develop sites in which this work would be carried out. Based on the past appropriations, we have thirteen of these sites already developed. No work has been done. Dr. O'Brien quoted from last year's minutes. He said we're drawing a map for a trip we ain't gon'a take. It's a waste of money.

Article 8. On petition of Elizabeth Tobey, and at least twenty-five (25) other voters of the Town of Rye to see if the Town will vote to raise and appropriate the sum of six hundred dollars (\$600) to place, in 1991, a plaque on a rock in Parsons Field to designate the land as Parsons Field and commemorating the efforts, by Rye townspeople, to preserve the land for the benefit of the town. And further, the plaque should read as follows:

PARSONS FIELD

Commemorating the Parsons Family who settled this land and the efforts of one hundred and fifty-one (151) families of Rye, who in 1978, spearheaded a movement to preserve the land to be held in perpetuity, as open space for a town common for the benefit of all Rye residents.

This article is recommended by the Budget Committee.

It was moved by Frank Ciolek, seconded by Dick Tompkins, to adopt this article. No discussion.

Show of Hands. Results of vote on Article 8. Article 8 is declared ADOPTED.

It was **moved** by Susan Moynahan and seconded by John Moynahan to take Article 15 (16 on official Warrant) out of order and consider it before Article 9, as the two are interrelated. **So voted.**

Article 16. On petition of Susan M. Moynahan and at least twenty-nine (29) other voters of the Town of Rye to see if the Town will vote to change the purpose of the existing Library Capital Reserve Account to read: For the purpose of constructing, renovating and equipping a Library building, including land acquisition ... excluding the word "new" referring to the Library building from the original article, and adding the word "renovating". This Warrant Article was established at the 1988 Town Meeting. This article requires a two-thirds vote.

It was moved by Susan Moynahan, seconded by Christi Hassel-Shearer, to adopt this article.

Show of Hands. Results of vote on Article 16. Article 16 is declared ADOPTED.

Article 9. On petition of Abbie Jean Brownell and at least thirty (30) other voters of the Town of Rye to see if the Town will vote to raise and appropriate the sum of forty thousand dollars (\$40,000) for the purpose of upgrading the Town Library facility including but not limited to solving the water drainage problem, addressing handicap accessibility, renovating the downstairs conference room for multi purpose programming, upgrading the childrens' facilities and automation; and authorize the withdrawal of forty thousand dollars (\$40,000) out of the Library Capital Reserve Fund created for that purpose.

This article is recommended by the Budget Committee.

It was moved by Susan Moynahan, seconded by Christi Hassel-Shearer, to adopt this article.

Susan Moynahan explained the need for this article. In response to a question from Mr. Tompkins, Mrs. Moynahan said in essence we are not raising taxes to raise the \$40,000, we are removing the \$40,000 from Capital Reserve.

Show of Hands. Results of vote on Article 9. Article 9 is declared ADOPTED.

It was **moved** by Gerald Terpstra, seconded by Don Stevens, to take up Article 17 (18 on Official Warrant), out of order. **So voted.**

The moderator commented that it was her understanding that this article has been rendered moot by virtue of Tuesday's ballot vote on a zoning question. John Coffey **moved** to **indefinitely postpone** Article 17 (18 on Official Warrant) at this time. His motion was seconded by Jack Squires.

Show of Hands. Results of vote on Article 18. Article 18 is declared INDEFINITELY POSTPONED.

Article 10. To see if the **Town** will **vote** to ratify the financial terms of the collective bargaining agreement reached on February 1, 1990 between the Board of Selectmen and the Rye, NH Town Employees' Association which calls for an estimated 1991 wage increase of \$11,712 and an estimated benefit increase of \$8,451, and a 6% wage increase and all related benefit costs for 1992. And further, to raise and appropriate the sum of \$20,163 for 1991, such sums representing the additional costs attributed to the 5% 1991 wage increase and 16.9% health insurance increase, and a 12.74% dental insurance increase over those benefits paid in 1990, in accordance with the collective bargaining agreement.

TOWN HALL EMPLOYEES		HIGHWAY EMPLOYEES	
1991 Wages	\$3,682	\$8,030	TOTAL \$11,712
1991 Benefits	2,510	5,941	TOTAL 8,451
			<hr/>
		*TOTAL	\$20,163

This Article is Recommended by the Budget Committee.

It was moved by John Lear, seconded by Therese Zartarian, to adopt this article.

Gerard Terpstra spoke in favor of the article.

Show of Hands. Results of vote on Article 10. Article 10 is declared ADOPTED.

Article 11. To see if the Town will vote to ratify the financial terms of the collective bargaining agreement reached on December 27, 1989 between the Board of Selectmen and the Fire and Police Association which calls for an estimated 1991 wage increase of \$20,928 and an estimated benefit increase of \$10,288, and a 6% wage increase and all related benefit costs for 1992. And further, to raise and appropriate the sum of \$31,216 for 1991, such sums representing the additional costs attributed to the 5.5% 1991 wage increase and 16.9% health insurance benefits paid in 1990, in accordance with the collective bargaining agreement.

FIRE EMPLOYEES		POLICE EMPLOYEES	
1991 Wages	\$10,441	\$10,487	TOTAL \$20,928
1991 Benefits	5,709	4,579	TOTAL 10,288
			<hr/>
		*TOTAL	\$31,216

This Article is Recommended by the Budget Committee.

It was moved by John Lear, seconded by Therese Zartarian, to adopt this article.

Dr. O'Brien asked if this means multiple year contracts have been precluded. John Coffey said it was his understanding that there was a recent N.H. Supreme Court decision requiring acceptance by the legislative body of multi-year contracts. That is why it is on the warrant for this session.

Show of Hands. Results of vote on Article 11. Article 11 is declared ADOPTED.

(At this point in the meeting the moderator announced the results of the secret ballot vote taken on Article 7, the ballot box having remained open for a least one hour. The results are shown with Article 7 on page 4 of this record.)

Article 12. To see if the Town will vote to raise and appropriate the sum of thirty five thousand dollars (\$35,000) to allow the Selectmen to implement Phase I of the Hydrogeologic investigation of the Grove Road Landfill (inactive) as required by the State of NH, Department of Environmental Services, Waste Management Division.

This Article is Recommended by the Budget Committee.

It was moved by Gary Chapman, seconded by John Moynahan, to adopt this article.

Don Stevens explained that this site has been identified by the State of New Hampshire as a closed landfill. They ordered a proper closure plan to be submitted and implemented on that area, thirteen years ago. For thirteen years there has been no real action. Rye Water District has started an investigation of the site. In July or August of 1990 the Board of Selectmen received a letter from the Department of Environmental Services of the State of New Hampshire indicating that they were going to give us thirty days to complete a closure plan. This \$35,000 is for the implementation of a hydrogeologic investigation of the Grove Road landfill, which should take about six months. From this investigation we will apply to the State to allow them to permit for a closure plan. Next year I will ask for more money to develop a closure plan and construction documents. The process will continue into the following year as well. In answer to a question from Herb Drake, Don Stevens said his opinion is that because of the inaction by the Town, i.e., the Selectmen, Rye Water District (who owns the property) was never forced into compliance and because of our default the State has now identified it as a Town problem because the Town contributed to the filling of it and we are now required to close out the site. Dr. O'Brien asked what the quality of the water had to do with the filling of the site? Mr. Stevens said it was his understanding that we needed to insure that some materials don't leach beyond the closure site. Mr. Drake spoke of the history of this site, dating from 1920 and expressed his surprise that the State took so long to address this.

Show of Hands. Results of vote on Article 12. Article 12 is declared ADOPTED.

Article 13. To see if the Town will vote to raise and appropriate thirty five thousand dollars (\$35,000) for the removal and replacement of both gasoline and fuel tanks at the distribution center located at the Highway Department on Grove Road as required by the NH Code of Administrative Rules, PART Env-Es 411 (copy on file at the Town Clerk's Office).

This Article is Recommended by the Budget Committee.

It was moved by Don Stevens, seconded by Howard Heflin, to adopt this article.

Don Stevens said once again the State has established guidelines and regulations for towns to follow. He explained these guidelines and said he'd like to see the Town come into compliance to insure that we don't contaminate any of the area around the recycling facility. He pointed out that the town saves substantial dollars from wholesale to retail fuel costs by having our own fuel tanks. Mr. Terpstra said he has first hand knowledge of this type of thing, and urged passage of the article.

Susan Moynahan asked if the Board would consider above ground tanks when replacing the existing tanks as these are not regulated by the State in the same manner as in-ground tanks are regulated. Mr. Stevens indicated that this has been a consideration, although the fire hazard would probably preclude

it. Mike Hassel-Shearer asked about getting out of this business altogether by paying a little extra for gasoline from a private concern. To this Don Stevens responded that the difference in cost is substantial, and we need to guarantee 24 hours per day availability to our departments.

Show of Hands. Results of vote on Article 13. Article 13 is declared ADOPTED.

Article 15. To see if the Town will vote to accept the budget, submitted by the Budget Committee and pass any vote in relation thereto, and to raise and appropriate such sums of money as may be necessary to defray town charges for the calendar year 1991.

It was **moved** by Paula Snyder, seconded by Frank Drake, to adopt a budget in the amount of **\$5,395,055**.

(The moderator reminded the assembly that this is the article which does not appear in the Town Report and the reason we've had the numbering problem.)

Discussion: Mr. Lester Stevens asked if the salary for the full-time Recreation Director is included on line 28. Paula Snyder clarified that the amount is in the budget.

Mr. Mike Hassel-Shearer proposed an **amendment** to the budget, to reduce Line item #1, Town Officers' Salaries by \$7875. from \$182,937. to \$175,062., seconded by Christi Hassel-Shearer.

Mr. Hassel-Shearer said this was to reduce the amount of the Selectmen's salaries back to last year's level.

John Coffey said that frankly he was somewhat nonplused by that motion. Last year the town meeting passed an article for five selectmen and should have known at that time that there would be salaries incurred for the five selectmen. He urged defeat of the motion.

Bill Jenness, Building Inspector, said he thought the hourly wage for a selectman is pretty small. Don Pongrace said he is pleased and proud that we were able to get five people to run for a job like this and that we should not withhold this amount of money from them. Dr. O'Brien said he felt this motion was petty and disgraceful.

Mr. Hassel-Shearer said it is not meant to be insulting or disgraceful. We are in a depression and we are increasing the number of people. I have not, he said, indicated which way I will vote. All I want to do is see if we want to increase the portion of the town government budget by this much money.

Vote on the amendment to the budget. Show of Hands. The Amendment is declared DEFEATED.

There being no further discussion, the moderator called for a vote on the article.

Results of vote on Article 15. Show of Hands. Article 15 in the amount of \$5,395,055.00 is declared ADOPTED.

Article 17. To see if the Town will vote to allow a five percent (5%) discount on all property taxes paid within thirty (30) days from the date of mailing of tax bills.

It was moved by Sally Stram, seconded by John Coffey, to adopt this article.

Paula Snyder recommended, again this year, not approving the 5% discount. She said it is not a true discount. That money is added to your taxes, and then taken away. Last year \$270,000 was added to your appropriation to increase your taxes. From last year we still have over \$400,000 outstanding in uncollected taxes. This says to me that we have a number of people in town that are having a hard time paying their taxes. Why should we increase the burden to these people. The only thing this 5% does is increase the burden on our citizens who cannot pay their taxes.

John Coffey spoke in favor of the article because he likes the concept, he said, of the 5% discount. I favor that; it feels good. Mr. Coffey said it is a good incentive to pay the tax bill.

Dick Carey said he interpreted this as a way the town saved money by not having to go out and borrow. Paula Snyder said paying this 5% does not help us run the town. Betty Greene said the right way is to have no discount, and she urged a “no” vote. Mr. Ray Jarvis asked if it was correct that there is only about thirty days between when we can get the 5% discount and when the 12% interest begins? Elizabeth Yeaton, Tax Collector, said the interest always starts on December 1st, providing the bills go out on time. Mr. Jarvis said he feels it is unfair that because I can pay my taxes a couple weeks early, that those people that can't have to pay more in order to make up for my 5% discount. Lester Stevens asked why should we add it on so we can take it off and then some of us get zapped again? Don Stevens said he doesn't look at this as a penalty to those who can't pay their taxes, but rather as a penalty to those who will not pay their taxes. David Demme said the discount makes no sense to him because it works directly opposite from most incentives, and subsidizes the people who do, have more money. In answer to a question from Herb Drake, Mrs. Yeaton clarified that the amount of interest charged is set by the State of New Hampshire.

Results of vote on Article 16. Hand Count: Yes = 132; No = 80. Article 17 is declared ADOPTED.

Article 19. On petition of Bruce E. Walker and at least twenty-six (26) other voters of the Town of Rye to see if the Town will vote to authorize the Selectmen to accept, on behalf of the Town, a road known as “Merrymeeting Lane”. The same being completed according to the specifications approved by the Planning Board and the Selectmen, on Plan #50604 Titled Subdivision of “Parsonage Woods”, and further that the Director of Public Works and Highways shall confirm to the Selectmen that said road is in conformity with such specifications.

It was moved by Dick Carey and seconded by Jack Squires, to adopt the article as read.

Mr. Carey gave a little history of the road. Bob Barber mentioned that School buses have been using this road. Dr. O'Brien asked if this now meets the approval of the Director of Public Works. The answer was "yes".

Results of vote on Article 19. Show of Hands. Article 19 is declared ADOPTED.

Article 20. On petition of Doug Abrams and at least sixty-seven (67) other voters if the Town of Rye to see if the Town of Rye will vote to instruct the Selectmen and all other appropriate Town officials to participate in the Emergency Response Planning process, and to develop and implement emergency response plans for the Town in the event of a nuclear or other emergency situation.

It was moved by Dick Tompkins, seconded by Barbara Tompkins, to adopt the article as read.

Mr. Tompkins spoke of the importance of emergency planning. Jon Cyr, Rye Director for Emergency Management, said we will get equipment if we vote for this which won't cost the town a penny.

Results of vote on Article 20. Show of Hands. Article 20 is declared ADOPTED.

Article 21. On petition of Walter E. Dockham, Jr. and at least twenty-four (24) other voters of the Town of Rye to see if the Town will convey by deed to Mary F. Barnes and Joan and James Cassin, any interest the Town may have in the "paper street" abutting Lots 145 and 121, Tax Map 5.2, off Perkins Road. We understand that the purpose of the conveyance is to create good record title for the property and that the "paper street" has already been released from Town use automatically under New Hampshire law.

It was moved by Mike Netishen and seconded by Jack Squires, to adopt this article.

Results of vote on Article 21. Show of Hands. Article 21 is declared ADOPTED.

Article 22. To see if the Town will vote to authorize the Selectmen to sell to the highest bidder at public auction or sealed bid such surplus Town equipment as is not traded in on new equipment in 1991.

It was moved by Howard Heflin, seconded by Jim Brown, to adopt this article as read. No discussion.

Results of vote on Article 22. Show of Hands. Article 22 is declared ADOPTED.

Article 23. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town gifts, legacies and devises made to the Town in trust for any public purpose, as permitted under RSA 31:19.

It was moved by John Coffey, seconded by Donald Stevens, to adopt this article as read. No discussion.

Results of vote on Article 23. Show of Hands. Article 23 is declared ADOPTED.

Article 24. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

It was moved by Don Stevens, seconded by John Coffey, to adopt this article as read. No discussion.

Results of vote on Article 24. Show of Hands. Article 24 is declared ADOPTED.

Article 25. To see if the Town will vote to appoint the Selectmen as the agents to administer the general fund trust fund under the provisions of RSA 31:19-a, known as the Town Employees' Accumulated Leave as approved by the 1990 Town Meeting.

It was moved by John Moynahan, seconded by Steve Wentzell, to adopt this article as read. No discussion.

Results of vote on Article 25. Show of Hands. Article 25 is declared ADOPTED.

Article 26. To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

It was moved by Gerard Terpstra, seconded by Paula Snyder, to adopt this article.

Results of vote on Article 26. Show of Hands. Article 26 is declared ADOPTED.

Article 27. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the state, federal, or governmental unit or private sources which becomes available during the fiscal year. Pursuant to NH RSA 31:95-b.

It was moved by John Coffey, seconded by Don Stevens, to adopt this article as read.

Frank Drake reminded those present that the people in the cafeteria have cooked a lot of hot dogs, and the Girl Scouts are selling cookies.

The moderator called for a vote on Article 27.

Results of vote on Article 27. Show of Hands. Article 27 is declared ADOPTED.

Article 28. To transact any other business which may legally come before this meeting.

Dr. O'Brien said we would be remiss to close the meeting today without paying some tribute to Jack Tobey who served this town loyally. Although I did not, he said, always agree with some of his decisions, he was always available to talk over problems and I'm sorry he's not here today. He's done a good job, and I certainly want him to know that we all appreciate it.

APPLAUSE.

Dr. O'Brien also said the town is morally and legally bound in negotiations and we certainly intend to live up to all stipulations thereof, but I would like this meeting to put the Selectmen on notice when negotiations are re-opened, there are several critical problems which must be addressed. One of these is we must develop a "use or lose" policy on sick leave and vacation time. Otherwise we're creating a financial monster that we'll never be able to meet.

APPLAUSE.

It was moved by John Coffey, seconded by several voters, to **ADJOURN.**
So voted.

The meeting adjourned at 12:10 p.m.

Respectfully submitted,

Jane E. Ireland
Town Clerk

A true record, **ATTEST:**

Jane E. Ireland
Town Clerk

Transcribed from tape.

TOWN CLERK'S REPORT OF MARRIAGES FOR YEAR ENDING DECEMBER 31, 1991

DATE	GROOM'S NAME AND PLACE OF RESIDENCE	BRIDE'S NAME AND PLACE OF RESIDENCE
Jan. 1	David H. Colby, Rye, NH	Bettina Caminati, Rye, NH
