DOG LICENSING

REQUIREMENTS

Each dog over three months old must be registered by its owner or keeper prior to April 30th each year. The Town Clerk shall provide to the registrant a tag which shall be worn by the registered dog. The tag shall carry the name of the town, the year issue for the license, and the registered number of the dog. These tags shall be furnished by the Town Clerk at the expense of the City or Town. No license shall be issued the Town Clerk until a certificate of rabies is produced by the person registering the dog.

FEES

- 1) For each altered dog, the fee will be \$6.50 (beginning in 1994)
- 2) The fee for each regular dog will be \$9.00 (beginning in 1994)
- 3) The Town Clerk must be satisfied with the certificate presented by the person registering the dog which attests that the dog has been altered.

EXEMPTIONS

- 1) For dog owners 65 or over, the fee shall be \$2 for the first dog, but the regular fees shall apply to any additional dog.
- 2) No fee shall be required for the registration and licensing of a seeing eye dog used by a blind person, or a hearing dog used by a deaf person.

GROUP LICENSES

- 1) Any person who keeps five or more dogs shall by April 30th each year pay the required fee and obtain a license authorizing him or her to keep the dogs on the premises described in the license. The Town Clerk may not deny a group license to any person who complies with the requirement.
- 2) Group License Fees: If the number of dogs does not exceed five, the fee shall be \$12; if the number exceeds five but is less than 10, the fee is \$20; if the number exceeds 10, but does not exceed 25, the fee is \$25. For each dog in excess of 25, the fee is \$1.

SELECTMEN'S REPORT

In December, Governor and Council approved the two year, \$700,000 grant to the Town of Whitefield for the Littleton Regional Hospital Clinic to be built in the Whitefield Station and former Frank's buildings. The project is proceeding ahead at this point, and we hope to have the buildings ready for occupancy by the end of the summer.

We also learned that Dartmouth Hitchcock Clinic selected Whitefield as the location of the new regional dialysis center. They are in the process of looking at sites, and hope to be in operation around July 1st.

Crotched Mountain Foundation went out to bid for their elderly housing project in the former C.D. McIntyre building in late 1995. They were awaiting firm commitment from HUD to start the project when the federal government shutdown slowed up the project. We hope to see construction begin soon.

In 1995, a new video store, Silver Screen Video opened on Lancaster Road and a pre-school enrichment program, The Children's Garden, opened on Jefferson Road.

On Town Meeting Day the voters of Whitefield will vote on a proposed additon to the Comprehensive Development Guide dealing with the regulation of Sewage Sludge and Residential Septage Storage and Land Application. Copies are available at the Town Office.

Jason Henry of Whitefield and graduate of White Mountains Regional High School was hired in the summer as our new patrolman. Jason successfully completed the 12-week police academy in the fall, and we welcome him. John Severance took over as Superintendent of the Water Department in July, and Chet Hall joined the Public Works Department.

John Severance put together a Joint Loss Management Program for the Town and is serving as the Town's Safety Coordinator. We thank John for his efforts.

The road improvement program continued in earnest in 1995 with paving to Gould Road, East Whitefield Road, Spring Street, Maple Street, Park Street, and the Fire Station Parking Lot. Road reclamation projects included: West Forest Lake Road, Kimball Hill Road, Spencer Road, Pierce Road, Hall Road, Knot Hole Road, Nutting Road, Partridge Lane, and McMahan Drive.

The following new equipment was purchased in 1995:
1995 Ford Crown Victoria Police Cruiser
1972 CAT Road Grader
Philadelphia Tramrail Baler, Model 50001 HD and
Melroe Bobcat Front End Loader for the Transfer
Station.

A grant for \$5,000 from N.H. The Beautiful was awarded to the Town for the purchase of these two items.

At the end of 1995 the Town received a \$7,000 CDBG Feasibility Grant to complete an architectural study for providing a handicap accessible Town Hall. This project will be completed in 1996.

The Selectmen would like to thank the many volunteers who make up the various boards, committees and departments that make Whitefield an example for other communities throughout the North Country and the State of New Hampshire.

The Whitefield Ambulance Service underwent several challenges this past year. Several members were certified in the use of the "Defibrillator and E.O.A." (airway maintenance). Five members attended the "D.A.R.T. Landing Zone" course and are now certified to set up landing zones for the D.A.R.T. helicopter at a trauma scene. The squad had two members receive the E.M.T. - Intermediate certifications and have been starting I.V.'s on call as necessary.

Between transports and support to the Fire Department, we responded to 315 calls. This increase has prompted a membership and recruiting drive for 1996. As of the end of December, the squad has received applications for six new people to be starting courses as EMT's or First Responders. Anyone interested in learning about the service or joining us is urged to speak with any member.

The squad has started a fund raiser to purchase a second defib unit for use on the back-up ambulance. This life saving unit will be purchased strictly through fund raising events.

The squad is asking for the Town's support for the warrant article for protective gear. The dangers that emergency care providers encounter has grown in recent years. The members have extensively researched protective equipment this past year and has issued this request to ensure that each member is adequately protected at the scene of an emergency; so that the members do not become injured or ill while performing their volunteer EMS duties.

WHITEFIELD ECONOMIC DEVELOPMENT CORPORATION
1995 ANNUAL REPORT

The Whitefield Economic Development Corporation has been involved in the efforts to locate the Littleton Regional Hospital Medical Clinic in downtown Whitefield. The efforts of a number of people were involved in preparing the grant request and then following through to implement the project.

After almost one year, the grant request has been approved and on December 20, 1995 the Governor and Council approved the project so that the funds are now available. There are still many activities to be accomplished before the Medical Clinic becomes a reality. Hopefully the project will be complete by late summer 1996.

We also worked with Fleet Bank to obtain the property behind the bank parking lot for a Town parking lot. The legal transactions have been completed and work on the parking lot will be undertaken in 1996.

We have participated in the Master Plan Update process for the Mt. Washington Regional Airport, and we look forward to providing any assistance we can to the Airport Commissioners to make the airport a truly regional operation, benefiting everyone in this area of the north country.

The Economic Development Corporation needs the input of the residents of the Town of Whitefield so that we can target our efforts to respond to your concerns. We invite you to attend our meetings or to give us your thoughts. For more information, or to offer your ideas, contact Sam Chase at 837-2466.

Sam Chase, President

1995 was a relatively quiet year with only two structure fires within the community. We believe that the fire prevention education trend of the 90's has been instrumental in reducing serious incidents. Fire hazards, such as improperly installed heating units, unsafe electrical cords, overloaded electrical circuits, failure to maintain and clean chimneys, and improperly stored combustible materials increase the risk of fire. Every household and business in the community should regularly check for the existence of these and other hazards. The department remains available for installation inspections.

A carbon monoxide analyzer has recently been acquired by the Fire Department enabling us to test for this odorless, colorless gas that can be produced by incomplete combustion in heating devices as well as automobiles. Carbon monoxide can cause serious illness and death. Carbon monoxide detectors are now available for homes and businesses providing early warning of an increase in this deadly gas.

The members of the Fire Department wish to thank the Police Department, Life Squad, Highway Department, the North Pac Mutual Aid, and the residents of Whitefield for their continued assistance and support.

In 1995 the Department responded to 45 calls:

Motor Vehicle Accidents	8	Recycling Center	3
Structure Fires	2	Tree on Line	1
Chimney Fires	3	Auto Alarms	4
Smoke Checks	3	Car Fires	4
Mutual Aid Requested	16	Jaws	1

FIRE DEPARTMENT NOTICE

All outdoor open fires require a written permit. This includes all outdoor incinerators and any type of barrel burning. Permits may be obtained from Chief Tiny Miller, 837-9910 or Deputy Chief Alan Smith, 837-9645.

Thank you.

Forest Fire Warden

WHITEFIELD PLANNING BOARD

1995 will be remembered as the year of the great Sludge Wars. Yes, sludge came a knock, knock, knockin' on our back door. The proposal to utilize an 1800 acre parcel of clear cut land for commercial sludge spreading actually wound up spreading more fear than septage. The townspeople overwhelmingly felt that a "you make it, we take it" philosophy was inconsistent with Whitefield's image as a quiet residential community.

Members of the Planning Board were stunned as a "no sludge...we won't budge" crowd of over 150 people attended our public hearing. This easily shattered our previous attendance record of one.

In the end, pardon the expression, the sludge proposal disappeared down the drain and the town was flushed with success. Reacting to the many real concerns expressed by the public, however, the Planning Board has developed a new ordinance, setting up strict regulations and restrictions for any proposed sludge spreading in Whitefield. This will eliminate the need to go through a "change of use" determination and will also mean that we won't have to ever again deal with this issue on an emergency "learn as you go" basis. Please vote yes on adopting our sludge regulations.

Here's hoping that 1996 will be a less interesting year.

Respectfully submitted,
Stanley A. Holz, Chairman

ANNUAL REPORT
1995
Whitefield Police Department

It is often said the only things you can be sure of are "death and taxes." In police work you can also add an ever increasing case load. The close of 1995 marks the first year that our major case load exceeded 300, hitting an all time high of 327 cases - almost one new case each day.

The increased case load coupled with our being one officer short for almost 10 out of 12 months resulted in a most demanding year for our officers and by year's end only their great drive and dedication kept the department functioning at normal levels.

In resolving our manpower shortage, the board of selectmen agreed that it was time to take a new recruiting approach. In the past, Whitefield has always hired only already certified police officers. Although in theory this practice saves the town money by not sending that officer to the Police Academy, in practice this does not always work as you greatly reduce the pool of prospective candidates available to pick the best possible person for our needs. To expand the list of qualified people available to us the certified only restriction was dropped resulting in a great increase in the number of viable candidates available. When all the testing, written, physical and oral boards was complete we were left with four excellent prospects to choose from. After much deliberation the board of selectmen for the first time in ten years selected a local candidate, Jason Henry, to attend the 107th Class of the NH Police Academy.

Mr. Henry, a long-time resident of Whitefield, was graduated from WMRHS in 1991. He continued his education attending Plymouth State College attaining a four-year degree in Physical Education. Officer Henry graduated on November 17, 1995, with the 107th Class of the NH Police Academy and is currently serving the citizens of Whitefield.

DEPARTMENTAL STATISTICAL COMPARISONS - 1994/1995

	<u>1994</u>	<u>1995</u>
Arrests	187	170

1995 provided the single biggest increase and largest caseload ever experienced by the Whitefield Police Department. We investigated 327 criminal complaints, a 20% increase over 1994. Of these 327 complaints, 303 were closed by either arrest or court prosecution. This figure continues to represent a closure rate of 92% of cases handled and maintains the department far above the national average. A partial breakdown of criminal complaints handled in 1995 follows:

Theft/Burglary	31
Sexual Assaults/Abuse	8
Simple Assaults	39
Bad Checks	17
Drug/Alcohol Related	46
DWI Arrests	25
Mischief/Trespass	43
Use/Possession Firearms	2

The Whitefield Public Library continues to increase its circulation as well as its use as a community resource. Many groups, such as the Economic Development Committee, Historical Society, Coos Quilters, local Writers Group, and North Country League of Women Voters have come to depend upon the library's meeting room as a center for their activities.

The Coos Quilters continue to be the best "friends of the library" we could ask for. Their annual quilt raffle this year enabled them to donate over \$1,000 to our operating budget. Members are from Whitefield and surrounding towns, and work hard on the sewing (and selling) to benefit the library. Our circulating collection of quilting books is just about unsurpassed.

"Saddle Up A Good Book" was the theme of the 1995 Summer Reading Program. 65 children completed a total of 744 books. 37 readers were prize-winners, having completed at least 10 books on or above his or her reading level. (Many of these children were first-time participants.) Prizes were awarded at the end of the program, with funding made available from the Melissa Hamilton Fund.

Our Book Sale was, once again, a tremendous success. Thanks go to the many volunteers who helped carry books and tables. Donations of books

and other materials are accepted at the library throughout the year. Proceeds from the sale are used to augment our book budget.

Many generous gifts and donations have enabled us to upgrade our collection. The North Country League of Women Voters has given generously, and several memorial books were presented during the year. A very sizable donation was made in memory of Lowell M. Paro, to add to the fund created to make the building handicapped-accessible. Gifts of books and other library materials are always welcome, whether to complement our collection or for the book sale.

The Library Board of Trustees meets at the Library on the first Thursday of each month at 7:30 p.m. Valuable assistance has been provided this year by Pauline Golden, Margaret O'Donnell, and Karen Murray, who all help to run the library smoothly and efficiently. Pauline Golden's friendly attitude will be greatly missed by all of us as she "retires" with her husband to the southern part of the state.

Sandy Holz, Librarian

WHITEFIELD RECREATION COMMITTEE

The Recreation Committee said good-bye to long-time committee members, Francis Matott and Margaret O'Donnell in 1995. We thank Francis and Margaret for their many years of dedicated service to the Recreation Committee. They will be missed.

We welcomed new members, Steve Cox, Mark Lufkin, Dennis Streeter, and Larry Rexford to the Committee. We look forward to working with them in the years to come.

Adrianna Champney of Whitefield and WMRHS Physical Education teacher joined us as our new Recreation Director. We were fortunate to be able to utilize the Whitefield Elementary School to conduct our summer program. Many thanks to Mr. Kelley and his staff for putting up with us. Many thanks to our summer program staff members: David Rode, Kevin Hoverman, Clark Lombardi, and Leah Holz. Swimming lessons were held at the Spalding Inn pool under the direction of Jacki Scott. We would like to thank both of them.

In 1996, the Recreation Department is offering ski lessons at Bretton Woods and Cannon Mountain. Many thanks to Larry and Kathy Rexford for assisting with setting up the Bretton Woods program. We have a total of 116 students participating in both programs.

WHITEFIELD SAFETY PROGRAM

The Selectpeople of Whitefield implemented a Joint Loss Prevention Program which is the proper name of the Whitefield Safety Program. Shortly after accepting this written document in October, the State of N.H.-Labor Department notified all employers that they must have a written safety program in place by January 1, 1996. A summary report of the Whitefield Safety Program was filed with and accepted by the N.H. Department of Labor.

A Joint Loss Prevention Committee comprised of all departments has been formed with an even number of management and employee representatives. This committee meets once each quarter. One of the first tasks of this committee was to do a safety inspection for each of the buildings owned by the Town of Whitefield. This provides the Department Heads and Selectpeople with a list of safety issues to address. This committee also reviews all accidents and incidents that occur each quarter and makes recommendations on how to prevent their reoccurrence.

Two hour safety training sessions are held once a month on various topics. These sessions are for all Town employees with Whitefield residents welcome. Snowplow Safety, Back Injury Prevention, Work Station Safety-Ergonomics, and Trenching and Shoring seminars are provided free of charge by Dave Witham of Compensation Funds of N.H. Public Service Company of N.H. provided personnel with an excellent safety seminar on downed electrical lines in December. This was very informative and useful with numerous trees and lines taken down in the several wind storms of 1995. Documentation of these safety seminars should help hold the line on, and maybe even lower, our insurance rates.

This program is in its infancy stage, but the level of safety awareness has improved dramatically since the Selectpeople implemented it. A surprise inspection by our insurance carrier at a water leak repair near the intersection of Route 3 and the Whitefield School entrance resulted in a letter of commendation for the Town of Whitefield.

Respectfully submitted,
John Severance

WHITEFIELD WATER DEPARTMENT REPORT

The year of 1995 has been a very active time for the Water Department. With the Selectpeople's decision to dedicate a full-time person to the Whitefield Water System, many positive projects have begun. The ever-increasing concern for safe, abundant drinking water and numerous EPA requirements have positioned all towns with public water supplies toward a goal of compliance. The Town of Whitefield is fortunate to have people like Winnie Placey, Ed Betz, and Bill Robinson with the foresight to initiate upgrading the Whitefield Water System over the last few years. Whitefield was, and continues to be, one of the first towns in the North Country to stay abreast of the Safe Drinking Water Act.

The implementation of a Wellhead Protection Program will be a major step in providing the Town of Whitefield with water source protection for years to come. This program also will save the Town of Whitefield thousands of dollars in Phase II and V chemical testing through waivers.

Updating location maps for the Whitefield Water System's mains and valves has begun in earnest and should provide the Town with an inventory of all water fixtures and mains when completed. This information will also provide a water system "layer" map for a Geographic Information System, when the Town of Whitefield upgrades the tax maps.

Leak detection is a major component for the miles of waterlines in the Whitefield Water System. Much of the water system is in the woods and wetland areas throughout Whitefield make this a slow, time consuming task. Undetected leaks cost us all money in pumping costs, and we appreciate the many people who have contacted us about suspicious wet areas this past year.

The meter reading program is finally in full operation and has received mixed reviews. This is a fair way of paying for water usage and has helped in detecting many household leaks throughout Whitefield in the past year. Thank you to the many residents for helping straighten out the meter "routes" over this past year.

Four of our old Ludlow fire hydrants were replaced in 1995 with the inclusion of a six inch gate valve for each. We will continue to replace a few of these fifty year old hydrants each year and eventually will have all 102 of our system's fire hydrants modernized with individual gate valves for each.

I would like to say thank you to the "highway" crew and Fire Department for all the help this past year and am looking foward to a productive 1996.

Respectfully submitted,
John Severance

REPORT TO DISTRICT ONE CITIZENS

As Executive Councilor for District One, it is a privilege for me to communicate with the citizens of this town and area which are a part of District One of 98 towns and four cities.

The five member Executive Council is at the top of your Executive Branch of Government. The NH House and Senate make laws and pass into law a budget. It is then the constitutional and lawful duty of the Governor and Council to carry out those laws and budget. The entire Judicial Branch of judges are all nominated by the Governor and confirmed by the Council. The Governor and Council also nominate and confirm 267 Commissioners and Directors to terms of office in the various state executive branch departments.

The Governor and Executive Council also are required by law to nominate and confirm dozens of citizens to various volunteer boards and commissions. If anyone is interested in serving, they should forward their resume directly to Governor Merrill or my office at the State House. A list of these boards and commissions may be obtained by calling my State House Office at 271-3632.

The year ahead will prove challenging in the area of town, county, and state administration of the recently passed House Bill 32 which reallocates, reorganizes most of the Health and Human Services Department of NH State Government. It is extremely important that local and county officials stay in close touch with their State Senators and State Representatives. I have asked Health & Human Services Commissioner, Terry Morton to appoint at least 15-20 people from each county to act as advisers to this office as commission. If any of you are interested in serving, please call his office direct at 1-800-852-3345, ext. 4331, or send him a note at his office on Hazen Drive, Concord, NH, 03301, expressing your interest.

As of this writing, there is still about \$270,000 waiting to be matched by local dollars in the Economic Development Matching Grant Program and \$275,000 waiting to be matched in the Joint Tourist Promotional Program. Both of these programs can be accessed by calling 271-2411.

Some \$9 million is waiting at the Office of State Planning (tel. no. 271-2155) in the Community Development Block Grant Program. A town, county, regional economic development council or other regional group is eligible to apply.

The Governor's Advisory Commission on Intermodal Transportation has submitted our recommendation to the Governor on various projects submitted to us by towns and regional planning commissions. It is now up to the Governor to submit his recommendations to the House and Senate by February 15, 1996 and then it's up to those two bodies of state government as to the final disposition of the plan. I don't look for much in the way of new highways, bridges, and transportation projects due mainly to the lack of money. Hopefully, we'll be able to keep in good repair the transportation system we've got.

It is amazing the advice and technical assistance available in State Government to citizens, businesses, and local municipalities. The Office of Industrial Development has a very attractive brochure listing technical, financial and community resources available for the asking by calling 271-2411.

Should my office be of help in matters relating to the Executive Branch, please know that I welcome the opportunity to respond. It is a pleasure to serve you.

THE CALEB GROUP
COMMUNITY SERVICES PARTNERSHIP
30 HIGHLAND STREET, WHITEFIELD, NH 03598

The Community Services Partnership is an interfaith network of volunteer caregivers and service coordination that provides assistance to area elders to help them maintain or enhance an independent lifestyle.

The Service Coordinator provides an initial assessment to determine individual needs. When requested, the Coordinator helps link in-need elders with existing services and benefits. Volunteer caregivers are made available to assist elders with shopping, transportation, errands, chores, handyman services, friendly visiting, telephone reassurance, and business help. The elderly person's right to choose services is the focus of the Community Services Partnership.

Volunteer caregivers are neighbors helping neighbors through their churches and communities. They are generous, caring people who share a responsibility for helping others. These people have a genuine concern for older people. They are trained men, women, and young adults who can give non-medical support to homebound individuals.

Volunteer services can be requested by families, friends, or neighbors or older adults themselves. Currently, these folks, along with churches, home health services, hospitals, and nursing homes are requesting services for elders in need of a little assistance.

There is no fee for the volunteer service or service coordination provided by the Community Services Partnership. As a non-profit program, we are dependent on individual, organizational, business and foundation support for the continuation of this free program. The requested amount of \$3,000 will help support this program during 1996.

If you would like to be a volunteer, request a volunteer, or know someone who would benefit from this program, please call the Program Director at 837-9179.

Respectfully submitted,

Program Director

FOREST FIRE WARDEN
STATE FOREST RANGER

In calendar year 1995, our three (3) leading causes of fires were Children, Non-Permit fires not properly extinguished, and Smoking Materials.

Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

1995 Fire Statistics

Forest Ranger Reported Fires	Fires Rptd by County:		
Number of Fires for Cost		Belknap	11
Share Payment	465	Carroll	50
		Cheshire	39
Acres Burned	437	Coos	17
		Grafton	26
Suppression Cost	\$147,000+	Hillsborough	71
		Merrimack	49
Lookout Tower Reported Fires	555	Rockingham	106
		Strafford	78
Visitors to Towers	26,165	Sullivan	18

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers, two mobile patrols, and three contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

NORTH COUNTRY COUNCIL
ANNUAL REPORT

This last year has been a year of great growth for the Council. The high point of the year came with North Country Council's move to the new regional resource center on November 1st. The center will provide expanded information, data, and resources. It will bring together under one roof, public technical assistance providers, businesses and non-profits for regional advocacy and partnership. The new center, located at the Rocks Estate in Bethlehem, offers conference facilities, electronic network connections and technical assistance.

It has also been a very productive year for the regional transportation planning program. We have undertaken a scenic byway project in the Connecticut River Valley involving 13 towns, and will in the near future expand this effort to the remaining 38 towns in the region. We have also completed a list of projects to be included in the state ten-year highway plan. We have completed the North Country program for transportation enhancement funding and have been active in transportation projects at the local and regional level.

We have had a successful public works development program this year. Littleton's industrial development project and Conway's sewer project are underway. We have started to work to fund a sewer expansion project in Haverhill and a water development project in Berlin. The total of these four projects exceeds \$6.5 million. In addition, we have provided detailed engineering assistance and leadership on 16 additional projects across the region totaling \$10 million.

The Council hosted the Third Annual Ingenuity Fair which exhibited the manufacturing and business creativity of the North Country to 10,000 visitors. We also conducted our fourth annual business survey of the 3000+ businesses in the region. We have been working on the development of a regional commercial kitchen with the Town of Lancaster and the state Rural Development Council. We also have updated the NCC industrial marketing video with support and assistance from DRED and Fleet Bank.

The Council continues to be actively involved in telecommunications, from a legislative and coordinative role. In addition, we have been participating in a variety of state-wide forums to make sure our telecommunication needs as a region are being heard.

Recognizing that adequate and affordable health care is an essential component of the region's economic infrastructure, the Council is committed to supporting and facilitating regional efforts to improve the coordination and delivery of health care services. Our involvement has been prompted by our work with CHOICE, Inc., a non-profit education and cost containment organization that is affiliated with the NHMA. In that same period of time, we've been meeting with local health care providers to get their views on the region's health care practices, problems, and potential solutions.

On the solid waste front, the Council is providing solid waste technical assistance to all member towns on solid waste and recycling issues.

We have continued our commitment to community planning assistance. We have provided four training sessions in the region for local planning boards. We have also provided project assistance to 17 towns on local land use, planning and design issues and have worked with virtually every town in the region to answer short-term planning questions.

North Country Council is participating in a national demonstration highway planning corridor project with three other regional planning commissions along Route 16 under the auspices of the NH Department of Transportation. Our segment of this project involves approximately 90 miles of Route 16 beginning at the southern end of the Mt. Washington Valley and ending in Wentworth Location. The project involves an intensive land use and transportation assessment and will be both GIS and data base formatted. The public participation process has been designed to involve all the communities along the corridor to develop innovative land use and traffic management recommendations.

This coming year promises to build on the progress of 1995. We will see the growth and development of the regional center, the establishment of a business resource library and a community design center in cooperation with several major universities. On behalf of the Board of Directors of NCC, we thank you for your involvement in the Council, and we look forward to serving you in 1996.

Sincerely,
Preston S. Gilbert
Executive Director

NORTH COUNTRY ELDERLY PROGRAMS

North Country Elderly Programs is requesting funding in the amount of \$3,000 from the Town of Whitefield. This is a request for assistance based on the services Senior Meals and Senior Wheels provides to your community.

During Fiscal Year 1994-95, the Senior Meals program provided 11,512 meals that were approved by a registered dietician and served through our congregate and home delivered meals programs. Congregate meals provides a comfortable, friendly atmosphere in which to join friends for a warm nutritious meal and either conversation or an educational experience. The homebound clients also benefit from a friendly smile of the delivery person and the knowledge that someone will be checking on them regularly.

The Senior Wheels service transported 3,398 times during Fiscal Year 1994-95 versus 3,285 which indicates the need for and a slight increase in this service.

North Country Elderly Programs' staff is dedicated to serving those in need throughout your community. Our programs help individuals to live their lives with dignity and independence for as long as possible, thus relieving family and community members of some stresses (financial, emotional, and physical) associated with caring for an aging individual.

Most sincerely,
Kathryn Campbell-McKenna
Assistant Director, NCEP
Tri-County CAP, Inc.

TRI-COUNTY COMMUNITY ACTION PROGRAM

Again this year, Tri-County Community Action Programs, a private, not-for-profit agency, requests funding assistance for our Outreach Program in Whitefield in order to provide necessary social services.

For the year 1996, we would like to request \$1,550 from the Town of Whitefield.

The following monies were expended to assist Whitefield residents:

1994-95 Fuel Assistance (109 applications 254 individuals)	\$35,684
Weatherization (5 households)	9,603
Salvation Army	82
Neighbor Helping Neighbor	150
FEMA	877
Emergency Fund	390
Homeless Grant	485
	<hr/>
Total	\$47,271

In addition, 314 duplicated individuals were helped through our food pantry and through our information and referral services.

I greatly appreciate your cooperation in working together to help the low-income elderly and handicapped residents of Whitefield, and look forward to serving your community in 1996.

Sincerely,
Harriet E. Forbush
CAP Outreach Coordinator

WEEKS HOME HEALTH SERVICES, INC.

Weeks Home Health Services is a not-for-profit subsidiary of Weeks Memorial Hospital serving seven towns: Dalton, Groveton, Jefferson, Lancaster, Whitefield, Randolph, and Stark.

The services provided are Skilled Nursing, Home Health Aides, Homemaking, Physical and Occupational Therapy, and Speech Pathology within a person's home.

Other services provided are community screening and influenza vaccine clinics.

Our commitment to quality is evidenced in obtaining Joint Commission on Accreditation of Healthcare Organization's accreditation and continued Medicare and State recertification.

No one is denied service because of their inability to pay, and frequency of visits depend on need.

Services provided to the Town of Whitefield for the Fiscal Year October 1, 1994 to September 30, 1995 are as follows:

VISITS	1995	1994
Skilled Nursing	1393	1101
Physical Therapy	284	296
Speech Therapy	25	3
Occupational Therapy	12	16
Home Health Aide	2062	2197
Homemaker (1/2 hour units)	2451	1820

In past years we have based our request on the population figures obtained from the State Planning Office. Weeks Home Health has determined that again this year the agency will not request an increase in the amount of town support.

Requested support \$6,866.93

Thank you for your continued support which enables Weeks Home Health to continue providing community health care.

Sincerely,
Roxanna White, R.N.
Executive Director

WHITE MOUNTAIN MENTAL HEALTH
AND DEVELOPMENTAL SERVICES

1995-96 has been a challenging year for all healthcare providers, and WMMH&DS has not been exempt from the many pressures currently being exerted upon our field. Our outpatient mental health programs have been working to continue to provide high quality care in an environment in which brief, focused interventions have become essential. This new attention to "managing care" has meant that many people who were previously covered by health insurance for our services now find themselves uninsured or underinsured. In spite of this difficult reality, we have continued to serve outpatients from locations in Littleton, Lincoln, Lancaster, Woodsville and Warren. MAINTAINING THIS VARIETY OF SITES IS COSTLY, BUT WE ARE ACUTELY AWARE OF THE PREFERENCE OF LOCAL COMMUNITIES TO HAVE MENTAL HEALTH SERVICES AVAILABLE LOCALLY. This year we have focused particularly on the needs of children and elders. We now offer an array of services to both of these populations. During 1995, based on feedback from the communities we serve, we have added staff in both of these programs. As a result of these efforts, we are now able to offer the following:

SERVICES TO CHILDREN AND FAMILIES:

*COMPREHENSIVE ASSESSMENTS OF CHILDREN AND FAMILIES, INCLUDING:

- Psychological Testing by a Ph.D. Clinical Psychologist;
- Substance Abuse Assessment by Certified Alcohol and Drug Abuse Counselor;
- Clinical Assessment by a team of experienced clinicians, including a Board Certified Psychiatrist;
- Medication evaluation, if indicated;
- Vocational Assessment if indicated in the case of adolescent referrals;

- *ANGER MANAGEMENT through participation in a specially developed Martial Arts curriculum designed and led by an experienced clinician and Martial Arts instructor;
- *INTENSIVE EXPERIENTIAL PROGRAM (3 hours per day) for adolescents with sever behavioral and emotional problems;
- *IN-SCHOOL SUPPORTS for children with severe emotional and behavioral problems;
- *IDENTIFICATION AND COORDINATION of the network of services available to the family;
- *FAMILY THERAPY
- *PLAY THERAPY
- *ASSESSMENT AND TREATMENT OF ATTENTIONAL DISORDERS, including medication recommendations when appropriate.

SERVICES TO ELDERS:

- *Information, Referral and Support to Families;
- *Home-Based Screening and Assessment;
- *Case Management and Coordination of available community services;
- *Crisis Intervention;
- *Medication and Medication Management;
- *Consultation to three area nursing homes.

In addition to these recently augmented programs, we continue to offer all the other programs the community has grown to expect from our organization. These include:

- *24-hour Emergency Services;
- *Case Management, Housing, Medication and Vocational Services to persons with severe and persistent mental illness.
- *Common Ground - extensive, individualized supports and vocational placements to person with developmental disabilities;
- *EARLY INTERVENTION services the infants and toddlers;
- *THE RECOVERY CONNECTION - substance abuse treatment.

In the era of shrinking state and federal support, we are subsidized to provide treatment only to the most severely mentally ill individuals in the community. We look to you to help support our services to the many other children, families, and elders who look to us for care.

IN 1995, 48 RESIDENTS OF WHITEFIELD RECEIVED \$53,424 OF CARE. THESE PEOPLE WERE EITHER UNINSURED OR UNDERINSURED, AND WERE NOT ABLE TO PAY THE FULL COST OF SERVICES. AS A RESULT, WHITE MOUNTAIN MENTAL HEALTH AND DEVELOPMENTAL SERVICES SUBSIDIZED THESE SERVICES. We look to you, the community, to make a contribution to assist us in continuing this subsidy.

Respectfully submitted,
Jane C. MacKay, CCSW

WHITEFIELD VILLAGE CENTER
SENIOR CITIZENS CLUB, INC.

The members of the Whitefield Senior Citizens Club would like to thank their friends and the voters of Whitefield for their financial assistance during the past years. As you know, the property at 37 Jefferson Road has been sold, and the Club is now meeting at the Senior Meal site. It was disappointing to give up the lovely old building, which we had hopes of turning into a facility for community service, but death and declining membership made that goal unobtainable.

However, we are looking forward to an active 1996, using our time and efforts to reach out to those in the community who need a helping hand, while enjoying the many area functions offered to the senior citizen groups.

With many thanks.

Sincerely,
John G. Kilby, Chairman
Board of Directors

Board of Selectmen
Town of Whitefield
Whitefield, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Whitefield, New Hampshire, as of December 31, 1994 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1 to the financial statements, the Town does not accrue the current portion of accumulated vacation pay in the General Fund in accordance with generally accepted accounting principles. The effect on the general purpose financial statements of this departure from generally accepted accounting principles cannot be determined.

The general purpose financial statements referred to above do not include the general fixed assets account group, which should be included in order to conform with generally accepted accounting principles. The amounts that should be recorded as general fixed assets are not known.

In our opinion, except for the effect on the financial statements of the omissions described in the third and sixth paragraphs and except for the effects of the matters discussed in the fourth and fifth paragraphs and except for the effects of such adjustments, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Whitefield, New Hampshire, as of December 31, 1994 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Whitefield, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully submitted,

Board of Selectmen
Town of Whitefield
Whitefield, New Hampshire

In planning and performing our audit of the general purpose financial statements of the Town of Whitefield for the year ended December 31, 1994 we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The material that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated March 9, 1995, on the financial statements of the Town of Whitefield.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Town personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters or to assist you in implementing the recommendations.

1) Library

Finding: The Library does not reconcile their bank statement on a monthly basis.

Recommendation: The Library should reconcile their checking account to the bank statement on a monthly basis to ensure all activity is entered into the check register.

Management's Comments: The Library will reconcile their checking account to the bank statement on a monthly basis.

2) Tax Collector

Finding: During the course of our audit we noted that the Tax Collector makes deposits on a weekly basis. We noted that cash on hand usually was in excess of \$500.

Recommendation: Per RSA 45:35I the Tax Collector must make deposits daily or whenever cash on hand exceeds \$500. This would also maximize the amount of interest earned on deposits.

Management's Comments: The Tax Collector will, when possible, deposit cash when it gets in excess of \$500.

3) Trust Funds

Finding: The Trustees of Trust Funds have custody of stock certificates and also have an investment in a mutual fund which are not included in the annual report. The source of these funds are unknown. There is also an indication that a bank may be holding additional shares.

Recommendation: The Trustees of Trust Funds need to review their records and determine where these funds originated from and report them on their annual report. They should also contact the bank to determine the status of the additional stock certificates.

Management's Comments: The stock certificates and investment in the mutual fund will be included in our annual report in the future. Determining the source of these will be impossible. We know they had something to do with the Whitefield Cemetery Association. We will attempt to determine the status of the stock shares in Eastern Utilities Associates.
