REPORT OF THE COMMISSIONERS

Sidewalk History: One of the important matters addressed by the Commissioners of the Village District is that of sidewalks - installation and maintenance/repair. We are proud of our sidewalk system. When the Rye-Hampton sewer line was installed through our District in 1991 much of our sidewalk was destroyed. The contractor replaced these sections, the District replaced some other sections, and we thought everything would be set for a while along 1A. Then came the October, 1991 storm and destroyed parts of the two walks on top of the shale piles. These were repaired in the spring of 1992, and we certainly feel we have the most beautiful one and one quarter miles of oceanfront walkway in New Hampshire.

Walkers: On a sunny weekend in July we tried to determine how many people used the sidewalks along Ocean Boulevard. On each of three days we made four trips along the route and counted the people walking. The totals on Friday were 31, Saturday 31 and Sunday 63. The time covered on each of these days was 20 minutes. One hundred people a day using the sidewalk is probably an underestimate. In ten weeks well over one thousand. The point is that our sidewalk system is well used and appreciated. We have just installed two additional benches for the convenience of our walkers.

Costs: Sidewalks are a large financial commitment for the Village District. (In 1991/92 sidewalk expense was 46% of our budget, for 1992/93 it is 29% of our proposed budget).

The total cost to repair the sections destroyed by the October, 1991 storms was \$9,523. We are able to handle emergency situations of this nature by drawing on the Little Boar's Head Improvement Fund, which is administered by the Trustees of Trust Funds, Town of North Hampton. We were partially reimbursed for these expenditures by monies from the Federal Emergency Management Act - and the total cost to the District was \$3,100.

Trees: Under the charter from the State, (March 1, 1905 and subsequent statutes in 1909 and 1911), the Village District may oversee the "planting and care of shade and ornamental trees." Our current problem is not with the planting, but with the cutting down and removal of the dead willow trees on Willow Avenue. We are working with the Town (Willow Avenue is a Town road and is also designated a "scenic road") for the removal of these trees.

Celebration: The Town of North Hampton was founded in 1742 - and is celebrating its 250th anniversary all of 1992. The 250th Anniversary book includes articles on Little Boar's Head. The House Tour, on September 12th, will include several houses in the District.

Growth: The Village District had 9 houses shown on the map of 1857. In 1890 there were 24 houses. In 1920 there were 46 and today there are 158 houses.

Volunteers: Many small towns operate well with residents participating in all phases of local government. If any resident wishes to volunteer for any of our positions would you please let us know so that we may include you in the election proceedings.

REPORT OF THE 1991 ANNUAL MEETING VILLAGE DISTRICT OF LITTLE BOAR'S HEAD

The Annual Meeting of the Village District of Little Boar's Head was held in Union Chapel on Willow Avenue in said District on September 3, 1991 (being the first Tuesday in September as required by law) and commenced at 6:30 p.m. The Meeting was properly Noticed by being posted outside said chapel as well as in the North Hampton Town Offices. About thirty people were present.

R.A. Southworth, Chairman of the Commissioners, opened the meeting and announced that the first order of business would be the election of a Moderator. There was one nomination and Mr. Herb Philbrick was unanimously elected for a one year term.

Article One: Mr. Virgil Marson was unanimously elected as Clerk of the District for the ensuing year. Mr. John P. Begley was unanimously elected as Treasurer of the District for the ensuing year. Mr. Carl A. Keyser was unanimously elected as Auditor of the District for the ensuing year, but not before he had encouraged anyone else to have an opportunity at the job. No one responded.

Article Two: Mr. Robert A. Southworth was unanimously elected as Commissioner of the District for three years.

Article Three: Announcement was made that the reports of the Clerk, Treasurer, Auditor, the Zoning Inspectors, the Zoning Board of Adjustment, the Commissioners, and others were available in the booklet entitled "Annual Report" and it was the decision of the meeting, unanimously, to accept the reports as printed and place them on file.

Article Four: The Budget for the ensuing year was discussed (p.16 of Annual Report), and unanimously approved. It should be noted that the total budget for 1991-1992 is \$13,000., down from \$14,200. the previous year. Mr. Southworth commented that less money had been spent this last year because the entire ocean side had been dug up for the Rye-Hampton sewer line and hence less lawn care was possible. This enabled the Village District to lay new sidewalk at a cost of \$8,850. which has resulted in almost entirely new walk along Little Boar's Head.

Article Five: This article, enabling the Village District to borrow money in anticipation of taxes, was passed unanimously.

Article Six: This article, which enables the District to receive monies from almost any source without further action by the District in accordance with RSA 31 was passed unanimously.

Article Seven: This article, which gives the Commissioners, or any two of them, authority to transfer funds from the Operating Account to the Trust Fund administered by the Trustees of Trust funds for the Town of North Hampton, and also allows transfer from the Trust Funds to the Operating Account, was passed unanimously.

Article Eight: This general funding article enables the Village District to raise and appropriate the necessary funds to operate the District. This year these funds are \$13,000. and the article passed unanimously.

Article Nine: Mr. Martignetti reported that he is concerned about hunting and gunfire within the Village District. After some discussion, the Commissioners agreed to contact the Police Chief and see what steps could be taken to legally restrict gunfire. It was noted that a) there are increased number of deer and b) several persons had received bullet holes in their houses. On another matter, Mrs. Phebe Mixter reported a nuisance from a continuously running generator in a nearby house. They will contact the owner directly.

There being no further business, the meeting was adjourned at 6:55 p.m.

Respectfully submitted,
Virgil Marson, Clerk of the District
