SELECTMEN'S REPORT

Although a continuing effort was made during 1980 to restrict Town expenses to budget allocations, appropriated funds were insufficient to meet the high cost of maintaining necessary Town services in several areas of operation, notably the highway, police and fire departments and public welfare. Unfortunately the outlook for 1981, with continuing inflation, promises no relief for the taxpayer. Our share of the anticipated budget for the Hillsboro-Deering Cooperative School will probably exceed last year's levy by some \$40,000. The proposed Town budget for the year 1981 (exclusive of education) represents an increase of approximately 5% over the amount allocated for 1980.

The improvement of Town services, which has been a constant goal of the Board of Selectmen, particularly in recent years, hopefully will become more evident as the revamping of Deering's Volunteer Fire Department fulfills current expectations. The Town's burgeoning population, already surpassing 1,000 inhabitants, needs greater fire protection. An enlarged force of dedicated volunteers, eager to acquire the necessary training for the avocation, together with more serviceable vehicles and equipment, will substantially improve Deering's ability to protect property from the ravages of fire.

State assessors are presently engaged in the revaluation of all properties in the Town. When this undertaking has been completed, a booklet of the new assessment values will be mailed to each property holder at the time their final tax bill is mailed. A public hearing will be held later in the year at which time taxpayers will have an opportunity to discuss assessments with the State assessors.

All taxpayers are reminded again that failure to return completed inventory forms by April 15, 1981 may disqualify them for consideration should they subsequently wish to file tax appeals. Failure to return an inventory form may also subject the taxpayer to a penalty. These forms will be mailed first class.

On behalf of all citizens of the Town of Deering, the Board of Selectmen extend a well-deserved vote of thanks to Robert P. Nugent for his many years of service to the Town. Bob has given most generously of his time, particularly during the eight years he has served on the Planning Board. Although he is retiring from the Planning Board as of March 12, 1981, we are assured of his continuing interest in Town affairs and the availability of his expertise.

Respectfully submitted,

THOMAS G. ALLEN

POLICE DEPARTMENT REPORT

Once again the Police Department experienced a very busy year. The calls answered this year were nearly double the calls last year. Fortunately we didn't have a great number of serious calls, although a young man from out of state was killed in an automobile accident on Route 149.

As you will recall, last year at this time a new dispatch center was in the works. June 1, 1980 the new dispatch center went on line. This dispatch center is working out very well. The efficiency of handling police, fire, and rescue calls has been greatly improved.

As requested each year, please advise the Police Department (464-3600) when your home is going to be vacant. During patrol we will take a closer look at your home. This does help to reduce the chances of burglary.

Respectfully submitted,
WILLARD A. CAMPBELL

CONSERVATION COMMISSION REPORT

The annual meeting of the Association of New Hampshire Conservation Commissions held in Concord in November, 1980 focused attention on two of the ongoing concerns of the Deering Conservation Commission: the preservation of an intrinsic asset, our wetlands, and the preservation of the natural beauty of our rural community. While continuing in its obligation to monitor all Dredge and Fill applications, the Deering Commission has joined other New Hampshire Commissions in initiating a systematic wetlands inventory. The first step in this process, a soils map compiled by the Hillsborough County Soils Conservation Service will be completed by the summer of 1981. The second area of shared concern stressed at the annual meeting was the importance of advocating the passage of the "Bottle Bill" so that the natural beauty of our community can be maintained. This year the Commission reinstated the annual May Clean-Up Day in the hope that the bill might be passed during the next session of the Legislature. Bottles once more constituted the main content of the trash picked up at this year's Clean-Up Day.

The towns of Henniker and Bennington have agreed to cooperate in the installation and cost of erecting Town Line signs. Having previously purchased the signs and installed those on the Hillsboro-Deering line, the Commission this year purchased from the state all posts needed to install the remaining signs including those on roads shared with Weare and Francestown. By spring all thirteen signs should be in place.

Under the sponsorship of the Commission, Aileen McWalters attended the 1980 session of Interlocken Conservation Camp in Hillsboro Upper Village. She reported enthusiastically on her experience. Any young Deering resident between the ages of fourteen and seventeen interested in attending the camp might contact the Conservation Commission for information.

As the "conservation conscience" of Deering the Commission

expressed to the Selectmen its concern over the proposal by the road agent to cut a number of trees on Glen Road, designated a "scenic road" by a vote of the townspeople at Town Meeting several years ago. Of particular concern was the ravine area, not only because of its unique beauty but also because of the potential accident hazard and inevitable road deterioration. Since designating a road as "scenic" does not affect the right of the landowner to work on his own property, the Commission also contacted the owners of the ravine area to acquaint them with the views of the Commission. It was decided not to cut the trees in question.

The Commission thanks Ellen Warwzynski and Frank Perreault whose terms expired this year and Polly Pierce who resigned, for their many contributions and welcomes Jean Bertrand, Betsy Neville-Bright and Villa Ramsay who were appointed to fill those vacancies.

DEERING VOLUNTEER FIRE DEPARTMENT

1980 has been a year of transition for the Fire Department. Since last August there have been significant changes in both membership and equipment.

Since my selection by the Board of Selectmen as Fire Chief, I have made two line officer appointments. John Snow has been appointed as Captain in charge of the men and equipment responding from the Old County Road Firehouse and Jerry Donovan is Captain in charge of the firemen and equipment stationed in West Deering. Additional appointments include: Thomas Copadis, Administrative Officer; Carl Hammond, Communications Officer; Gordon Rich, Maintenance Officer; Douglas Craighead, Training Officer and Joanne Devine in charge of the proposed "CPR" Group.

In recent months, the Fire Department membership has grown from approximately 13 primarily non-resident members to more than 40 members. All new members are Deering residents.

The Fire Department has also begun a comprehensive training program. John Snow, Jerry Donovan, David Merrill and Carl Hammond have attended 88 hours of intensive schooling, and all have

become certified by the State of New Hampshire Fire Training Service. All four have continued their training to become certified instructors. Approximately 20 formal training sessions are planned for the complete membership during 1981.

In recent months the Fire Department has begun to up-grade its equipment. We have tentatively acquired an engine from the Henniker Fire Department. It is stationed at the Old County Road Firehouse, replacing the Forest Fire Service Pumper. The latter has been moved to West Deering. Two 1200 gallon tankers have been acquired from the U.S. Government as surplus property. They have been reconditioned by Fire Department members and with some additional outfitting will be significant additions to the Department. One tanker will be stationed at the town hall and the other in West Deering, giving the town substantially increased coverage.

Presently, the Deering Fire Department has no formal mutual aid agreements with any other Fire Departments. However, Hillsboro and Weare respond to fires in Deering. Hillsboro's cost for responding is projected to double in 1981 and Weare has indicated the possibility of charging for responses in town this year. We are endeavoring to up-grade our department so that in the near future we will be able to seek formal mutual aid agreements with these towns as well as others. Mutual aid agreements are means of avoiding charges for responses by other Fire Departments.

Our rebuilding efforts have not gone unnoticed by other Fire Departments. We have received tremendous support and assistance from the officers and men of the Hillsboro and Weare Fire Departments, as well as departments in the towns of Henniker, Antrim, New Boston and Hudson. Also the support and cooperation of Ray Farrell and the Deering Board of Selectmen has been invaluable. However, it has been most gratifying to see the support and participation of the people of Deering. Without this support this up-grading could never have been undertaken.

The Deering Fire Department's goal is to build an exceptionally effective small town Fire Department, which everyone in town can be proud of, participate in and depend upon. Our philosophy is to accomplish this goal in the most cost effective manner possible. We are well on our way toward accomplishing this goal and thank you for your support.

Respectfully

KENNETH A. PIERCE, Chief
Deering Fire Department

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

PLANNING BOARD REPORT

The year 1980 saw an almost complete collapse of the real estate market in this area. As a result, the Planning Board did not have a single application for a subdivision from a developer. Only five applications were filed. All were approved. One application from December 1979 was also approved in 1980. Two of the subdivisions were annexations to abutters and did not create any new lots. The largest subdivision was three lots. A total of five new lots were created this year.

This lull in development due to the present economic situation probably will not last much longer and the Planning Board must

be prepared to meet the challenges which will arise. In spite of the slowdown in the real estate market our population continues to grow at an alarming rate. In the past decade our year-round population increased from 578 to 1046, an 81% growth rate. By 1990 the figure will probably be over 2000.

The Planning Board has nearly completed its Master Plan which seeks to provide some control over this anticipated growth to keep it from overwhelming the Town. It is hoped that all interested persons will study the Plan when it is published and will give the Planning Board the benefit of their views of the Plan at the public hearing which will be held soon after.

Townpeople are always welcome at Planning Board meetings which are normally held on the second Wednesday of each month.

N.H. REGIONAL PLANNING COMMISSION

1980 marks the tenth year that the Central New Hampshire Regional Planning Commission has been in existence. During this period the Commission has continued its involvement in studies of both a local as well as a regional nature.

The Commission is solely an advisory body to the member communities and as such is often invited to provide technical assistance and advice on local projects.

As part of this ongoing technical assistance the Commission has been pleased to provide valuable assistance to the Planning Board in completing the Town Plan and will publish the Plan in 1981. The Commission also has provided assistance in preparing an ordinance on gravel pits as required by State statute as well as furnishing many valuable publications.

The Commission, this past year, again hosted a series of legal seminars for local officials and an open house on alternate energy sources.

The Commission hopes to be able to continue to serve the needs of its member communities in the future and appreciates the past support of its activities by the Town of Deering.

HISTORIAN'S REPORT

The United States Bureau of the Census has issued population figures for minor civil divisions for 1980 and the figure for Deering is 1047. The first Census for 1790 reported our population as 928, so it seems that during two centuries we have gained few in number. In 1820 we had our largest population - 1415, and in 1920 our smallest population - 287.

The decade from 1970 to 1980 shows the largest change - from 578 in 1970 to 1047 - and if we add as many from 1980 to 1990 (which seems possible) we shall then have our largest population.

However, the type of population has changed since 1820, when agriculture was the principal occupation and large families were common (with grandparents, bachelor uncles and spinster aunts living together with parents and children), to a town in which fulltime farmers are few and far between, but many families have gardens and a minimum of livestock, a cow, goat, horse or poultry. Families with more than four children are the exception rather than the rule.

Trailers have replaced many of the houses which have burned or fallen down due to having been unoccupied for long periods. We have two trailer parks in town as well as smaller groups and individual trailers scattered throughout the town.

As Historian I have answered phone requests for Deering information. Recently I was able to tell a woman, who knew her great grandfather was born in Deering, the date and place of his marriage and his and his bride's residences at that time, which was information she did not have.

HEALTH OFFICER'S REPORT

The Health Officer is once again happy to report that there were no serious problems to be dealt with by the Board of Health this past year.

A few minor problems arose which were resolved quickly and easily on location or by telephone.

A lack of snow and rain over the past two years presents a potential problem to many. Conserving water should be seriously considered by all until the water table is built back up again.

During this period of drought extreme care should be taken to maintain the water bodies from contamination and pollution.

The Health Officer again asks that any Deering resident or non-resident who has a question or problem relating to the health and well being of the community, which is everyone's business, please feel free to contact me.

May the 1980's bring health and well being to all.

Respectfully submitted,
Dr. JAMES M. CAREW
Health Officer

DEERING HISTORICAL SOCIETY

"HISTORY UNITES US FOR THE FUTURE"

The Deering Historical Society was duly organized, as an independent organization of the Town, under the advisement of the Selectmen. The Society was officially recorded in August by the State of New Hampshire as a non-profit organization, affixed with both the State and Town Seals. The identification number of the Internal Revenue Service was received in August from the Federal Treasury Dept.

The Deering Historical Society was honored to accept membership in two State Organizations, 1 - The Association of Historical Societies of N.H. Inc.; 2 - The N.H. Old Grave Yard Association.

Several funding organizations had responded with substantial favor to our submitted proposals regarding the old town garage, but due to unavoidable circumstances it was necessary to abandon the plan. Consequently without a building or a budget--no monies could then be requested.

Therefore, it became essential that the Society immediately shift its focus from an Historical Building to visible and tangible benefits to the Town itself.

1. A framed Plaque recording all charter members with the beautiful reverse side of the Town Seal - Artist, Mrs. George Wolf.
2. To beautify and improve the Town Common.
3. To establish an "Historic Trail" by identifying historic houses and buildings with an artistic marker and date.

Four public meetings and programs were held in the Town Hall.

April - Historic Aspects of Deering - Guest Speaker Mr. Harold Titcomb.

An illustrated lecture on the artifacts from the Ira Kimball Place.

June - Slides and Lecture on Nutrition and Foods - Guest Speaker Mrs. B. T. Hunter.

August - History of West Deering at the turn of the century with extensive exhibits, pictures, artifacts, etc. Presented by Mrs. Nellie McAlister and her family.

November - Special Program "Where the Wind Blows Free". The historical highlights of Dunbarton. Guest Speakers were Mr. Webster Burn Lane and Mr. Gardner Mills.

Two fund raising projects were conducted with tremendous success -

1. Old-fashioned Country Auction
2. Deering's Historic Cook Book

Future Programs Include:

1. March 28th "America the Beautiful", a national organization, will hold a special meeting in the Deering Town Hall with State and National focus and prestige.
2. April 11th - The Old Grave Yard Assn. will hold its annual State Meeting at the Deering Town Hall.
3. Research Project on the Indians of Deering, conducted by the 4th & 5th grades, under the Direction of Mrs. Villa Ramsay.
4. Many enjoyable fund raising events are being planned.

It is with sincere appreciation and gratitude to all who have contributed so generously to make this initial year an outstanding success, with anticipation, enthusiasm and participation.

Our theme "History Unites Us For The Future" gives all of us a realistic unity, it is our moment of a new beginning as we stand firmly on the solid foundation of the past - on the people who lived here before us.

In acts and deeds we must be worthy of ourselves, for it is our values that sustain this town.
