RESULTS OF THE 1984 LITTLETON WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Littleton in said State qualified to vote in Town and State affairs;

You are hereby notified to meet at the Town Hall on the thirteenth day of March, being the second Tuesday of March, at eight o'clock in the forenoon (the polls are to open at 8:00 A.M. and may not close prior to 6:00 P.M., business meeting to be held at the High School Auditorium at 7:00 P.M.), to act upon the following:

ARTICLE 1. To choose one Selectman for the term of three years, one Park Commissioner for a three-year term, a Town Treasurer for a one-year term, three members of the Board of Trustees of the Public library for three-year terms, one Trustee of Trust Funds for a three-year term, one Supervisor of the Checklist for a six-year term, and one Moderator for a two-year term. (Ballot vote.)

The following Town Officers were elected:

Selectman - Joseph A. Wiggett
Park Commissioner - John Simon
Library Trustees - E. Ralph Aldrich, Constance Bacher,
Ruthanne Price
Trustee of Trust Funds - Ivor E. Watts
Supervisor of the checklist - Bernard Elton Cady
Moderator - Gerald H. Winn

ARTICLE 2. Are you in favor of increasing the Board of Selectmen to five members? (Ballot vote.) (By petition in accordance with RSA 39:3 and RSA 41:8-b.)

This was defeated by a vote of 813 to 550.

ARTICLE 3. Are you in favor of the adoption of Amendment No. 1 to the Zoning Ordinance as proposed by petition of the voters of this Town, as follows?

"To see if the Town will re-zone the property on East side of Route 135 and the North side of I-93 owned by C. George McLure and Patricia McLure. From 'Commercial 111' and 'Rural' districts to 'Industrial' except for 500 feet easterly from the easterly boundary line of Route 135 shall be 'Commercial' with said lot being approximately 61 acres. As more particularly shown on the plan attached to the petition."

(The Planning Board disapproves this amendment.) (Ballot vote.)

Article 3 was approved by a vote of 905 to 435.

ARTICLE 4. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance relating to signs? (Ballot vote.)

Article 4 was defeated by a vote of 970 to 358.

ARTICLE 5. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance, as follows?

"To create a Commercial LV zone, the boundaries of which would lie on either side of Meadow Street from Main Street to Interstate 93, and run to the Ammonoosuc River on the southerly side and to the present C-1 zone line on the northerly side, which is 250 ft. deep between Main Street and Dells Road, and 500 ft. deep between between Dells Road and Interstate 93.

The Table of Use Regulations and the Table of Lot Requirements shall both be the same for the C-LV zone as for the present C-1 zone.

Section 6.03 'Setback' shall be amended by adding the following to the last sentence, 'except that this reduced setback shall not apply to the C-LV zone.'" (Ballot vote.)

Article 5 was approved by a vote of 669 to 558.

ARTICLE 6. To see if the Town will vote to appropriate such sums of money as may be necessary to satisfy the purposes specified in the budget as posted.

Article 6. This was amended to increase the Library appropriation from Seventy Two Thousand Dollars (\$72,000.00) to Seventy Four Thousand Seven Hundred Fifty Dollars (\$74,750.00). This was approved. An amendment to restore a contribution in 1984 of \$6,229.00 for White Mountain Mental Health & Development Services was also approved. The total budget approved by the voters was \$1,653,689.00.

ARTICLE 7. To see if the Town of Littleton shall call upon the Governor and Executive Council, its State Representatives and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electrical rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town of Littleton, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's desire. (By petition in accordance with RSA 39:3.)

Article 7 was defeated.

ARTICLE 8. To see if the Town will vote to authorize the sale of an automobile currently being used by the Police Department and vote to authorize the expenditure of a sum not to exceed Ten Thousand Dollars (\$10,000.00) from the Town's capital reserve fund pursuant to RSA 35:15 for the purchase of an automobile for the Police Department.

Article 8 was approved by voice vote.

ARTICLE 9. To see if the Town will vote to authorize the expenditure of a sum not to exceed Twenty Thousand Dollars (\$20,000.00) from the Town's capital reserve fund pursuant to RSA 35:15 for the purpose of conducting a study and for the making of improvements to the Town Hall.

Article 9. This amendment was proposed by Lyle Bulis. "Develop a comprehensive plan to include a structural analysis, current use and possible future use assessment, and to recommend to the voters an action plan for the Littleton Town Building. The plan cost is not to exceed \$6000.00." This was approved by the voters.

ARTICLE 10. To see if the Town will vote to require all moneys in the Parking Meter Fund, now or in the future, consisting of meter funds and ticket fines be transferred to the General Fund at the end of each fiscal year and that all expenses relating to the parking meters, including the Meter Person, be charged to the General Fund.

Article 10. This article was defeated.

ARTICLE 11. To see if the Town will vote to accept a fire tanker from the Eureka Fire Hose Company in consideration of transferring the old fire tanker to the Eureka Fire Hose Company plus One Dollar. (\$1.00).

Article 11 was approved by voice vote.

ARTICLE 12. To see if the Town will vote to appropriate the sum of Four Thousand Five Hundred Dollars (\$4,500.00) to be used by the South Street Traffic Study Committee to retain a consultant to study alternatives.

Article 12. This was amended to read: I move that the Town vote to appropriate the sum of \$4,500.00 to be used by the South Street Traffic Study Committee to retain a consultant to study alternatives. To be expended only and if the Selectmen receive favorable response from the B&M Railroad relative to acquiring necessary right-of-way over the B&M Railroad property angling westerly of Cottage Street and northerly B.M. Railroad tracks. This was voted in the affirmative.

ARTICLE 13. The Town voted to appropriate the sum of \$20,000.00 for the purpose of correcting problems with well water systems along Mann's Hill Road.

ARTICLE 14. The Town voted to appropriate \$86,000.00 for the purpose of reappraising the real estate in the Town for tax assessment purposes and authorized the expenditure of \$30,000.00 from the Town's capital reserve fund for this purpose and further authorized the withdrawal of \$56,000.00 for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 15. The Town voted to appropriate \$35,000.00 for the purpose of preparing new Town tax maps and authorized the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 16. The Town voted to appropriate \$1,900.00 for the purpose of making improvements to the library building and authorized the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 17. The Town voted to appropriate \$3,600.00 for the purpose of purchasing Scot Air Packs for the Town Fire Department and authorized the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 18. The Town voted to appropriate \$7,500.00 for the purpose of the Town's Bicentennial Celebration and authorized the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 19. To see if the Town will vote to appropriate Nine Thousand Dollars (\$9,000.00) for the purpose of purchasing two snowblows for the Town highway department and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

Article 19. The Town voted to appropriate \$2500.00 for the purpose of repairing snowblows in the Town highway department and authorized the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 20. The Town voted to appropriate \$5,000.00 for the purpose of making land improvements in the Town parks and authorized the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 21. The Town voted to authorize the sale of a vehicle currently being used by the Highway Department and voted to appropriate \$32,000.00 for the purpose of purchasing a dump truck for the Town Highway Department and authorized the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 22. To see if the Town will vote to appropriate Twenty-five Thousand Dollars for the purpose of making repairs and erecting signs on the Town bridges and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

Article 22 . The Town voted to appropriate \$2500.00 for the purpose of making repairs and erecting signs on the Town bridges and to withdraw the amount required for this purpose from the Federal Revenue Sharing Fund. (Note: the amount was changed from \$25,000.00 to \$2500.00.)

ARTICLE 23. The Town voted to authorize the Selectmen to sell and convey the property acquired by the Town by Tax Collector's Deed, the sale to be by public auction or by advertised sealed bids.

ARTICLE 24. The Town voted to appropriate \$130,000.00 to purchase the Beaton property, so-called, currently being occupied by Crosstown Motors on West Main Street and located in front of the Town Garage. The vote was 79 yes - 28 no.

ARTICLE 25. The Town voted to authorize the Selectmen to borrow moneys, from time to time, for current indebtedness of the Town for the ensuing year, in anticipation of taxes to be collected for the year 1984 and to be paid therefrom.

ARTICLE 26. The Town voted to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit, or a private source or bequest which becomes available during the fiscal year in accordance with the procedure set forth in RSA 31:95-b.

ARTICLE 27. The Town voted to authorize the sale of a Fire Department Pumper and authorized the expenditure of a sum not to exceed \$7,500.00 to purchase a used Fire Pumper to replace it.

ARTICLE 28. To transact any other business that may legally come before the meeting. A standing round of applause was given to outgoing Selectman Vonley M. Ruggles.

The meeting was moved to adjourn - time 11:06 p.m.

Given under our hands and seals this 27th day of February, 1984.

Vonley M. Ruggles
Richard L. Hill
Wayne P. Golden

SELECTMEN OF LITTLETON, N.H.

LITTLETON WARRANT
The State of New Hampshire

To the inhabitants of the Town of Littleton in said State qualified to vote in Town and State affairs:

You are hereby notified to meet at the Town Hall on the twelfth day of March, 1985, being the second Tuesday of March, at eight o'clock in the forenoon (the polls are to open at 8:00 A.M. and may not close prior to 6:00 P.M.; business meeting to be held at the High School Auditorium at 7:00 P.M.), to act upon the following:

ARTICLE 1. To choose one Selectman for the term of three years, one Park Commissioner for a three-year term, a Town Treasurer for a one-year term, three members of the Board of Trustees of the public library for three-year terms, one Trustee of Trust Funds for a three-year term. (Ballot vote.)

ARTICLE 2. Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for town zoning ordinance as follows? (Ballot Vote)

To add to section 2.01: The zoning map, which shall be kept in the office of the Town Clerk shall carry the Town seal and the certification of the Board of Selectmen.

ARTICLE 3. Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for town zoning ordinance as follows: (Ballot Vote)

To add new section 2.02: that amendments shall be entered promptly after approval on the zoning map, and a record noted on the map.

ARTICLE 4. Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for town zoning ordinance as follows: (Ballot Vote)

To change Auto Sales from a use permitted by right, to a use allowed by special exception in the Commercial zones.

ARTICLE 5. Are you in favor of the adoption of Amendment No. 4 as proposed by the planning board for town zoning ordinance as follows: (Ballot Vote)

To change the minimum lot size required in Industrial zones from the present 2 1/2 acres to 1 acre.

ARTICLE 6. Are you in favor of the adoption of Amendment No. 5 as proposed by the planning board for town zoning ordinance as follows: (Ballot Vote)

To adopt this definition of Sign and include it in the definitions, Article XIV: Sign is any medium, including its structure and component parts, which is used or intended to be used to attract attention to the subject matter for advertising purposes.

ARTICLE 7. Are you in favor of the adoption of Amendment No. 6 as proposed by the planning board for town zoning ordinance as follows: (Ballot Vote)

To include in Article VIII, Sign Regulations, this statement of purpose. Purpose. The regulation and control of the location, size, type, and the number of signs permitted shall be governed by the provisions of this article. The purpose of this article shall be to safeguard and enhance property values; to protect public and private investment in buildings and open spaces; to preserve and improve the appearance of the community as a place in which to live and to work; to attract non-residents who come to visit or trade; to encourage sound signing practices as an aid to business and public information; and to promote the public health, safety and general welfare.

ARTICLE 8. Are you in favor of the adoption of Amendment No. 7 as proposed by the planning board for town zoning ordinance as follows: (Ballot Vote)

To allow temporary signs of all types in any district by deleting the words "conducted for educational, charitable, non-profit or political purposes" from existing section 8.04.

To allow a free standing direction sign in Industrial districts as follows:

One per business entity.

Size may not exceed 4 square feet in each of 2 sides.

Number of directional signs limited to number of major entrances to industrial area.

The sign must not be within 5 feet of any public right-of-way.

The location of the sign must not hinder public safety.

ARTICLE 9. Are you in favor of the adoption of Amendment No. 8 as proposed by the planning board for the town zoning ordinance as follows? (Ballot Vote)

To bring the ordinance into conformity with State law by deleting section 12.03 of the current ordinance which reads "In cases where a permit has been denied or revoked the applicant may appeal to the Board of Selectmen who shall inform the applicant of their decision within 10 days."

ARTICLE 10. Are you in favor of the adoption of Amendment No. 9 as proposed by the planning board for the town zoning ordinance as follows? (Ballot Vote)

To change section 12.04 to "Any person who violates any provision of the Littleton Zoning Ordinance may be made punishable by a fine or not more than \$100 for each day that such violation continues after the conviction date; provided, however, that the total fines imposed for any single violation shall not exceed \$500."

ARTICLE 11. Are you in favor of the adoption of Amendment No. 10 as proposed by the planning board for the town zoning ordinance as follows? (Ballot Vote)

To include Day Care Services in the Table of Use, Article III, and allow it to occur in all zones by Special Exception.

To adopt this definition of day care services and include it in the definitions, Article XIV: Babysitting or child care services provided for 7 or more non-resident children at one time.

ARTICLE 12. Are you in favor of the adoption of Amendment No. 11 as proposed by the planning board for the town zoning ordinance as follows? (Ballot Vote)

To add Group Care Facilities to the Table of Use, and that such facilities may be allowed in all zones except Industrial by Special Exception.

To adopt this definition of Group Care Facilities and include it in the definitions, Article XIV:

Therapeutic residences that provide a sheltered or transitional environment for persons as an alternative to drug treatment centers, mental or penal institutions.

ARTICLE 13. Are you in favor of the adoption of Amendment No. 12 as proposed by the planning board for the town zoning ordinance as follows? (Ballot Vote)

To adopt this definition of Condominium: The legal arrangement in which a dwelling unit in an apartment building or residential development is individually owned but in which the common areas are owned, controlled, and maintained through an organization consisting of all the individual owners.

ARTICLE 14. Are you in favor of the adoption of Amendment No. 13 as proposed by the planning board for town zoning ordinance as follows? (Ballot Vote)

To adopt the proposed "Reorganization Package" for the entire Ordinance. This re-orders the Articles and some sections in order to make the Ordinance more easy to understand and apply; this reorganization does not make any change in the text of the Articles or sections. Where new Articles or sections are approved by the town at Town Meeting in 1985, they will be so included within the structure of the reorganization.

ARTICLE 15. Are you in favor of the adoption of Amendment No. 14 as proposed by the planning board for town zoning ordinance as follows? (Ballot Vote)

To add the following Article regulating Home Occupations. To delete from Table of Use: Home Tradesmen, Home Industry, and Home Shop.

ARTICLE IX HOME OCCUPATIONS

9.01 Purpose

Home occupations may be conditionally allowed through the process described in order to allow diversity in employment available to Town residents, to support the variety of uses characteristic of small towns, and to allow reasonable growth. At the same time, the Ordinance intends to protect the character of the Town's residential neighborhoods and keep neighborhood residents free from nuisance.

9.02 Definition

A home occupation is that accessory use of a dwelling that shall constitute either entirely or partly the livelihood of a person living in the dwelling, subject to the following conditions in section 9.03. The home occupation shall be clearly secondary to the use of the property as a residence. Only a minor portion of the residence shall be used to operate the home occupation.

9.03 Standards

9.03.01 No home occupation shall be permitted that:

- A. Changes the outside appearance of the dwelling or is visible from the street.
- B. Generates traffic, parking, sewerage or water use in excess of what is normal in the residential neighborhood.
- C. Creates a hazard to person or property, results in electrical interferences, or becomes a nuisance.
- D. Results in outside storage or display of anything.

9.03.02 Parking for the home occupation shall be provided on-site.

- 9.04 The following are permitted home occupations provided they do not violate any of the provisions of the previous standards or definitions:
- A. Dressmaking, sewing, tailoring, knitting and shoe lacing;
 - B. Painting, sculpturing, or writing;
 - C. Telephone answering;
 - D. Home crafts, such as model making, rug weaving, lapidary work, and cabinet making.
 - E. Tutoring, limited to four students at a time;
 - F. Home cooking and preserving;
 - G. Computer programming;
 - H. Babysitting or child care services for 6 non-resident children or fewer at a time.

9.05 Procedure

Any proposed home occupation shall meet the above standards. If not specifically permitted by 9.04, it shall be considered a conditional use. Such a conditional use shall be granted or denied by the Zoning Board of Adjustment upon consideration of the standards of 9.03, in which case the general requirements for special exception must also be met.

ARTICLE 16. Are you in favor of the adoption of Amendment No. 15 as proposed by the planning board for town zoning ordinance as follows? (Ballot Vote)

1. Add definition of Manufacturing.

Manufacturing: The assembly, fabrication, processing, packaging, or other industrial operations including research and development, meeting all the requirements of the performance standards listed in Article VII.

2. In the Table of Use Regulation:

a. Change "Major Manufacturing, research and testing laboratories not perceptible without the use of instruments at the lot boundaries" to "Manufacturing".

b. Change "Minor Manufacturing, research and testing laboratories not perceptible without the use of instruments at the lot boundaries. Not to exceed ten employees." to "Manufacturing, not to exceed ten employees."

3. Add new provision to Article VII, Manufacturing Use Performance Standards.

ARTICLE VII MANUFACTURING USE PERFORMANCE STANDARDS

7.01 All uses shall comply with the following:

7.01.01 Sound. The volume of sound inherently and recurrently generated shall be controlled so as not to become a nuisance to adjacent use.

7.01.02 Vibration. An operation which creates intense earthshaking vibration, e.g., heavy drop forges, heavy hydraulic surges, shall not be discernible beyond the property lines of the industry.

7.01.03 Odor. No emission of odorous gas or other odorous matter in such quantity as to be readily detectable at any point along lot lines without use of instruments shall be permitted.

7.01.04 Toxic or Noxious Matter. No discharge beyond lot lines of any toxic or noxious matter in such quantity as to be detrimental to or endanger the public health, safety, comfort or welfare, or cause injury or damage to property or business, shall be permitted.

- 7.01.05 Glare and Heat. No direct or reflected glare or heat shall be detectable from any Residential-district boundaries.
- 7.01.06 Dust and Fly Ash. No solid or liquid particles shall be emitted in such quantity as to be readily detectable at any point along lot lines or as to produce a public nuisance or hazard beyond lot lines.
- 7.01.07 Smoke. No smoke shall be emitted in such quantity as to become a nuisance.
- 7.01.08 Waste. All waste disposal and removal shall comply with appropriate local, state and federal requirements.

ARTICLE 17. Are you in favor of the adoption of Amendment No. 16 as proposed by petition of the voters of this Town? (Ballot Vote)

To extend the Residential I Zone on the westerly side of the Gilmanton Hill Road, so-called, at/or near the Littleton - Bethlehem Town line so as to extend the Residential I Zone to include a 28 acre parcel of land now owned by Bocash, said land to become part of the Residential I Zone, instead of being part of the Rural Zone in said Town.

(The planning board approves of this Amendment.)

ARTICLE 18. To see if the Town will vote to appropriate \$196,900.00 for the purpose of making repairs to the Town's bridges on Reddington and Beacon Streets, such sums to be raised by the issuance of serial notes and/or bonds under and in compliance with the provisions of the Municipal Finance Act and to authorize the Selectmen to issue and negotiate such notes and/or bonds and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, sale and delivery of such notes and/or bonds as shall be in the best interests of the Town.

ARTICLE 19. To see if the Town will vote to appropriate the sum of \$225,000.00 for the purpose of replacing the bridge at Bridge Street and for improvements related thereto, such sums to be raised by the issuance of serial notes and/or bonds in a sum not to exceed \$225,000.00 under and in compliance with the provisions of the Municipal Finance Act and to authorize the Selectmen to issue and negotiate such notes and/or bonds as needed and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, sale and delivery of such notes and/or bonds as shall be in the best interests of the Town. The total estimated cost of the project is \$2,225,000.00, 80% of which shall be paid for by the federal government, 10% of which shall be paid for by the State of New Hampshire, and 10% of which shall be paid for by the Town.

(By petition in accordance with RSA 39:3.)

ARTICLE 20. To see if the Town will vote to appropriate such sums of money as may be necessary to satisfy the purposes specified in the budget as posted.

ARTICLE 21. To see if the Town will vote to appropriate \$20,814.00 for the purpose of making final payment on the headworks project of the Town's sewage treatment plant and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 22. To see if the Town will vote to appropriate \$7,000.00 for the purpose of codifying all of the Town's ordinances, by-laws, rules, and regulations and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 23. To see if the Town will vote to appropriate \$20,000.00 for the purpose of implementing a computer system for the Town and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 24. To see if the Town will vote to appropriate \$7,000.00 for the purpose of making repairs to the Town building and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 25. To see if the Town will vote to appropriate \$60,000.00 for the purpose of purchasing one dump truck and two pickup trucks and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 26. To see if the Town will vote to appropriate \$43,914.00 for the purpose of replacing the curbing on Main Street and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.

ARTICLE 27. To see if the Town will vote to appropriate \$100,000.00 for the purpose of closing out the Town's landfill.

ARTICLE 28. To see if the Town will vote to appropriate \$6,500.00 for the purpose of making repairs to the library roof.

ARTICLE 29. To see if the Town will vote to modify previous town votes and policies to require individual property owners to pump and clean their own sewage or waste disposal systems at their own cost; provided, however, that the Town shall continue to construct said sewage or waste disposal systems in accordance with the current policy.

ARTICLE 30. To see if the Town will vote to appropriate a sum not to exceed \$50,000.00 for the purpose of completing preliminary engineering on a proposed access road to South Street.

(By petition in accordance with RSA 39:3)

ARTICLE 31. To see if the Town will vote to accept as a town road the road recently constructed through the Industrial Park to Mt. Eustis Road, so-called, thereby connecting previously accepted portions of said road running from South Street, so-called.

ARTICLE 32. To see if the Town will vote to authorize the Selectmen to reconvey the real estate known as Tuck Lane, which was mistakenly conveyed by Roger M. Strain by deed dated December 17, 1984 and recorded in the Grafton County Registry of Deeds, Book 1531, Page 957.

ARTICLE 33. To see if the Town will vote to authorize the Selectmen to sell and convey the property acquired by the Town by Tax Collector's Deeds, the sale to be by public auction or by advertised sealed bids.

ARTICLE 34. To see if the Town will vote to authorize the Selectmen to borrow monies, from time to time, for current indebtedness of the Town for the ensuing year, in anticipation of taxes to be collected for the year 1985 and to be paid therefrom.

ARTICLE 35. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit, or a private source or bequest which becomes available during the fiscal year in accordance with the procedure set forth in RSA 31:95-b.

ARTICLE 36. To transact any other business that may legally come before the Meeting.

Given under our hands and seals this 25th day of February, 1985.

Board of Selectmen
Town of Littleton
1 Union Street
Littleton, New Hampshire 03561

We have examined the financial statements of the Town of Littleton for the year ending December 31, 1984, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and included such tests of the accounting records as we considered necessary in the circumstances.

The financial statements of the Littleton Water and Light Department for the year ending December 31, 1984 have not been included in the accompanying financial report. However, another firm has been engaged to audit that department's financial statements for the year ended December 31, 1984.

The Town of Littleton has not maintained a record of its general fixed assets, and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial statements.

In our opinion, except for the effects of the omission of a statement of fixed assets, and the omission of the statements of the Littleton Water and Light Department as discussed in the preceding paragraphs, these financial statements present fairly the financial position of the Town of Littleton at December 31, 1984, and the results of its operations and changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1984

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Littleton conform to generally accepted accounting principles applicable to governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of Accounting - The accrual basis of accounting is followed by the Trust and Agency Funds. The General Fund and Special Revenue Funds utilize the modified accrual basis of accounting whereby revenues are recorded when measurable and available and expenditures are recorded when the liability is incurred.

General Fixed Assets - As is the usual practice in the state of New Hampshire, fixed assets are not capitalized in the accounting records when acquired. Funds used to acquire general fixed assets and/or make the debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made. Generally accepted accounting principles require that general fixed assets be capitalized and accounted for in a separate fixed assets group of accounts.

Continued Appropriations - Appropriations for certain projects and specific items not fully expended at year end are carried forward as continued appropriations to the new year in which they supplement the appropriations of that year. At the year end, the continued appropriations are reported as a component of the fund balances and are detailed as follows:

General Fund	
Beaton Property	\$130,000
Sewer Treatment Plant Redesign	37,500
South Street Traffic Study	<u>4,500</u>
	<u>\$172,000</u>
Special Revenue Funds	
Revenue Sharing	
Bookkeeping Equipment	\$ 1,319
Library Renovations	764
Fire (Scott Air Packs Repairs)	1,040
Reappraisal	50,345
Tax Maps	17,989
Library Improvements	1,338
Fire (Scott Air Packs Purchase)	3,600
Parks and Playground	194
	<u>\$76,589</u>

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1984

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Trust Funds	
Reappraisal	\$30,000
Cemetary	9,881
Library	4,672
Town Hall Improvements	1,200
	<u>\$45,753</u>

Investments - Investments in marketable securities are carried at cost.

Taxes Collected for Others - The Town collects taxes for Littleton School District and Grafton County which are remitted to them as required by law. These funds are accounted for in the general fund.

Inter-Fund Transactions - During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services, construct assets and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

Retirement System - Members of the Police Department and Fire Department are automatically members of the New Hampshire Retirement System. Membership is voluntary to members of the Highway Department and Town Offices. Under this plan, participants contribute annually a percentage of compensation which is fixed by law and dependent upon age when contribution begins. The Town's contribution rate for normal cost of the plan is based upon an actuarial valuation of the state plan. In addition, the Town is contributing to the Special Legislative Annuity being paid monthly to retired employees in accordance with RSA 100-A. The amount, if any, of the excess of vested benefits over pension fund assets for the Town of Littleton is not available since all employers contributing to the New Hampshire Retirement System are treated in the aggregate.

The Town has no past service cost obligation. The total pension cost to the Town for the year was \$54,424. This includes payments made to a separate pension plan made on behalf of the Town Manager.

Property Taxes - As prescribed by law, the Tax Collector sells at tax sale, all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at the tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1984

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related cost due. If property is not redeemed within the two-year redemption period, the property is tax deeded to the lienholder.

NOTE B - PURPOSE OF FUNDS AND ACCOUNT GROUPS

The accounts of the Town are organized on the basis of the funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town.

Governmental Funds

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction or improvement of capital facilities are accounted for in the Capital Projects Funds. Such resources are derived principally from proceeds of long term notes or bonds and from federal grants.

Debt Service Funds - This fund accounts for the accumulation of resources for, and payment of, general long term debt principal and interest.

Fiduciary Funds

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as an agent by the Town for others.

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1984

NOTE B - PURPOSE OF FUNDS AND ACCOUNT GROUPS (CONTINUED)

Account Groups

General Long Term Debt - This account group is used to account for the unmatured principal of the Town's general long term debt. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long term liabilities are not recognized as governmental fund type liabilities.

NOTE C - GENERAL LONG TERM DEBT

General long term debt is summarized as follows:

Sewer Serial Note :

Interest Rate	Original Amount	Issue Date	Maturity Date	Outstanding Balance
10.40%	\$132,000	1982	1985	\$ 40,000

NOTE D - DISTRICT COURT

Beginning in 1984, the District Court is under the jurisdiction of the State of New Hampshire.

STATEMENT OF TOWN MANAGER

I have served as Interim Town Manager since Christopher L. Rose left to return to Michigan on November 26, 1984.

When the tax collector, Karl Maloy, became ill, the office staff filled in for him and managed to get the tax bills out. Members of the National Honor Society at Littleton High School donated their time in a spirit of civic responsibility. This year for the first time, the Board of Selectmen voted to omit the listing of unpaid taxes from the Town Report.

During my short tenure, I concentrated on preparing the budget for 1985. With a new bookkeeper, a new secretary, and no tax collector, it was a challenging task. Thank you Joan Santy for sharing ten years' worth of knowledge, thank you to Mildred Littleton Garway for her boisterous good humor, thank you to Debra Davidson for her willingness to take on any project, and thank you to Thelma Santy for quietly working in the middle of chaos.

The town of Littleton has a lot to be proud of in the employees of all the departments. It was a pleasure to work with them.

Respectfully submitted,

Kathryn T. Wendelowski
Interim Town Manager

LITTLETON DEPARTMENT OF PUBLIC WORKS & HIGHWAYS

The winter season of 1984 was spent plowing some, but more sanding and salting as there was little snow, more rain and sleet.

When we were not working on streets and outside roads, we hauled cover to the dump.

Summer season of 1984 we worked on the Partridge Lake Road. From Red Sails camp to the end of the blacktop, culverts were replaced, ditches cleaned, and hot top replaced. Grom Foster Hill road back to the lake, ditches were cleaned, culverts replaced, gravel hauled and hot top replaced.

As there was not much storage space for salt, the salt vendors asked to have a larger shed built in back of the Town Garage, which we did. Cry or Brooks Road off Mount Eustis Road was regraded and sealed with asphalt (oiled), and then sealed after a week or ten days. The grader worked on the gravel roads three or four times during the season and gravel was hauled to some of these roads.

Much time was spent on the Mann's Hill water project, and the backhoe and one truck worked with the Water Department on water leaks. Catch basins were repaired, a new storm drain line was put in on West Elm Street, with two new basins.

The street sweeper did the spring clean up, then was out from time to time to try to keep the streets looking good.

Some 4,600 yards of sand was hauled to the stockpile at the Town Garage for winter use.

SEWERS -- We worked on 17 septic systems, nine complete systems, eight repaired systems, meaning either tanks or leaching areas and in some instances both.

SIDEWALKS ___ We did little on sidewalks. We repaved a small section on Main Street, Pleasant Street and Union Street.

DUMP ___ Some 5,000 yards of material was hauled from Mount Eustis to the dump for cover, and some of the streets sweepings and some waste from ditching work was also taken to the dump for cover.

Respectfully submitted,

William J. Bedor
Superintendent of Public Works

LITTLETON POLICE DEPARTMENT

Reflecting on the past year reveals many changes within the department. New and exciting challenges presented opportunities for professional growth for each member of the police force.

In an effort to continue advancement in the field of law enforcement and better serve the citizens of Littleton, the following officers attended week long training sessions at the New Hampshire Police Academy: Sergeant Larry Blaisdell, Breath Examiner Operator, Officer Michael Devine, Officer Survival School, Officer Mikel Dyne, Arson Investigation. Four officers also became certified in Radar Speed Measurement, they are Sergeant Fred Gilbert, Officers Ralph Brooks, Michael Devine and Mikel Dyne.

It was also a great honor for our department to be chosen as one of ten from the State of New Hampshire to send an officer to Rensselaer, New York to become certified in the Horizontal Gaze Nystagmus Sobriety Tests. (A new nationwide standardized type of sobriety test.) I'm proud to say that Sergeant Larry Blaisdell is now one of 500 instructors nationwide capable of teaching this new technique. His responsibility will be to certify officers in the northern part of our state.

With the help and support of the Littleton Emblem Club, our fingerprinting program for local children was a tremendous success. We plan to offer this service on a yearly basis through our school system.

Our school safety patrol was reinstated this academic year. New traffic vests were donated by the Littleton Lioness Club. We are working very closely with both Mrs. Rhonda Jenness, third grade teacher at our Lakeway Elementary School, and the sixth grade students, to insure that our young walkers arrive in the school yard safe and sound.

In September, we were privileged to be part of a coordinated effort with the Littleton Hospital and Supervisory Union #35 that resulted in the state's first drunk driving demonstration for area high school students. This event was so well received that plans are underway to undertake this project again next year. I would like to extend my sincere thanks to the following organizations for their invaluable assistance over the past year: The Littleton Fire and Highway Departments, all area police departments as well as the New Hampshire State Police, the New Hampshire Safety Services, the Grafton Country Sheriff's Department and the Littleton Fire-Police Association.

On behalf of the Police Department, I thank you for your

continued support. I'm very proud and honored to have been appointed the Town's new Chief of Police and look forward with enthusiasm to serving the needs of our citizens.

Sincerely,

Louis P. Babin

LOUIS P. BABIN
Chief of Police

LITTLETON FIRE DEPARTMENT

In the 1984 season the Department responded to 149 emergency fire calls and 123 non-emergency calls. These consisted mostly of tanker work for other departments.

Last year we again completed fire inspections of businesses. The wood stove and chimney inspections have diminished some. Most of the jobs inspected, were good, fire safe set-ups. There are always a few that need a few improvements before being approved.

Fire prevention demonstrations and talks were carried out at the local schools. It is always interesting to talk and listen to the young people of the town. Most of the young people also had tours of the fire station and it's equipment. This was done mainly during Fire Prevention Week, although we had a few at other times during the year. Fire drills were also carried out in all the schools.

The Department purchased a 1962 International 1,000 gallon per minute pumper from the St. Johnsbury Fire Department. This truck replaced our 1958 Dodge 500 G.P.M. Pumper, which was inturn stationed out at Partridge Lake at Colicchio's for added protection in that area.

When the new truck was purchased we decided to do some remodeling in the apparatus room. We moved the bunk room wall back four feet, which allowed us to arrange the trucks the way we wanted them: that being the International in back and the Dodge tanker in front, and Engine 3 & 4 are stationed on the other side. The Chevy tanker was given to the Public Works Department for their use in flushing lines, and culverts, and also filling the sweeper. It will still be available to us if needed in an emergency.

During the past year we dispatched for the Police Department on holidays, week-ends, and week nights after 2:00 A.M.. Some of the new duties required of the Department this past year included: tending to the Mount Eustis Dump on Tuesdays, Thursdays, and Saturdays; a time check every hour; and a fireman awake and on duty all night long. The cleaning duties of the Town Building are back with us.

Be aware that there are firemen on duty 24 hours a day, seven days a week. These are dedicated men whose main concern is savings lives and are ready to respond when ever called upon, no matter how minor the problem might be.

We wish to extend a fire safe year to all in 1985.

Respectfully submitted,

Richard C. MacKay
Fire Chief

CIVIL DEFENSE AGENCY REPORT

A quiet year with no major incidents or expenditures to report.

In the early spring this agency was contacted by the State Civil Defense Department and put on 24-hour stand-by to provide aid and/or material should flooding in the Berlin area develop to disaster proportions. Locals agencies there were able to manage the situation and situation and conveyed their thanks to all the North Country communities for their readiness.

Program papers for the town have also been filed with the Federal Emergency Management Agency (FEMA) making Littleton eligible for disaster assistance should the need arise.

Respectfully submitted,

ROBERT NEWMAN
Coordinator

PLANNING BOARD REPORT

1984 was a productive year for the Littleton Planning Board.

The board met twenty-eight times over the year in regular monthly meetings, work meetings and special meetings. Major activities begun or completed were:

1. Completed major revision of Planning Board's Subdivision Regulations, bringing up to recommended state standards.
2. Successfully enacted the new Site Plan Review process for commercial sites, informing the public by newspaper articles and special mailings to businesses.
3. Proposed numerous Zoning Amendments for the 1985 warrant to revise, clarify and bring the Zoning Ordinance up to date.
4. Began working with the North Country Council on Phase I of the New Master Plan.
5. Recommended creation of New Industrial II Zone which passed at Special Town Meeting in October.
6. Began review of subdivision and site plans with Town Departments to better coordinate future development.
7. Recommended contracting for a "circuit-rider" part-time professional planner on a one year trial basis through the North Country Council.

The following is a summary of subdivision and site plan consideration for 1984:

I. Subdivisions:	considered	10
	approved	9
	withdrawn	1
II. Boundary Line Changes:	considered	6
	approved	6
III. Site Plans:	considered	8
	approved	8
IV. Joint hearings with Zoning Board of Adjustment		1

Major goals for 1985 are:

1. To complete phases I and II of the Master Plan with the North Country Council.
2. To prepare a recommendation for the 1986 budget that zoning boundaries be drawn on the property maps so that all property owners and the Planning Board can see precisely where the boundaries lie.
3. To review the Sign Ordinance and suggest revisions and changes for the 1986 Town Meeting.
4. To better serve the public by providing more assistance and guidance in the planning process with regular office hours for the part-time "circuit-rider" planner.

One recommendation the Planning Board would like to make is that the Planning Board be made responsible to coordinate all future studies and committees formed to study such matters as town bridge needs, town waste disposal needs, town fire station needs, etc. These are projects that in the past have been delegated at Town Meeting to "Ad-Hoc" committees. For consistency, and to avoid duplicated effort these projects need to be addressed with the Town Master Plan in mind. The Board recommends:

- A. That any similar future Citizen committees should have at least two Planning Board members who will provide two-way communication between the committee and the Planning Board.
- B. That findings of the committee should be presented to the Planning Board with time for review and comment, before presentation to the Selectmen and the voters at Town Meeting.

The Littleton Planning Board appreciates the cooperation, assistance and support provided by the Town Manager, Acting Town Manager, Town Department heads and employees, the Zoning Officer, Zoning Board of Adjustment, the Selectmen, and the North Country Council and would like to thank all citizens and applicants who participated in the planning process in 1984.

Respectfully submitted

Littleton Bicentennial

February 12, 1985

To the Citizens of Littleton:

Throughout most of the summer the festive appearance of Main Street made it easy to see that we were celebrating.

The Littleton Bicentennial brought forth the co-operative effort, talent and creativity that we possess as a community.

The individuals who organized and worked on committees to bring each Bicentennial event to a successful conclusion were well pleased with the community's response. In addition, it was a pleasure to have many of our friends and neighbors from other towns in the area join us in the celebration.

The Bicentennial has also given us a marker with which to measure our progress as a community. Littleton's history notes the strength of our heritage. It is now up to all of us to accept the challenges of continued community improvement that lie ahead.

Very truly yours,

Lyle E. Bulis

Wilma L. Bulis
Chairmen

LITTLETON WATER AND LIGHT DEPARTMENT REPORT

Activity in 1984 included both the "normal" as well as the "unusual" non-repetitive projects. The activity that may be considered normal include the following as related to the WATER system:

Water Mains: breaks 4
Water Services: new, replaced and repaired 31
Hydrants: new 2; repaired 3; replaced 1; repainted 200; flushed
Pump Stations: serviced 10 times
Gate Valves: street marked 470 units
Gale River: inlet serviced 250 times
Water Samples: 370 chlorine tests

As related to the Electric System:

Poles: new 45; replaced 12
Pole Transformers: new 17, replaced 19
Service Calls: 75
Distribution Lines: replaced 1200 feet
" " : extended 6500 feet, 3 phase Hendrix cable
" " : 4200 feet to serve I-93 contractor
Sub-stations: tested oil in transformers, circuit breakers, regulators
Street Lights: new 2; replaced 5
Meters: new 30; re-calibrated to + - 1% 225
Electrical Services: new 19; replaced 10

Among the unusual activities, those of major significance include:

Extensions or replacement of old, undersized water mains; these included an extension of 2200 feet up Manns Hill to elevation 1250 so that 3 residences might have potable water to replace water from road-salted wells.

To raise water to this elevation it was necessary to install a pump station near the bottom of the hill where there was sufficient water in existing mains to satisfy boosting pumps. Because of elevation difference and need for domestic pressure at the top, the pump-pressure system develops 150 P.S.I. With this high pressure each domestic connection to the main required pressure limiting controls and anti-syphon devices to avoid contamination if reverse flow should occur. All residents along the main were given the opportunity of connection to Town water; there are 15 so connected. This installation was made by Department employees with splendid cooperation of the Public Works Department.

An old 2" main on Kilburn St. was replaced with 6", between Owen and Bronson Sts., to remedy low pressure and improve fire-flow.

A 6" main was installed across Whitefield Road to minimize dependence on a 2" main.

Oak Hill Reservoir received major attention this year. Oak Hill has two principal functions: one, it serves to balance the system from elevation 1077 furnishing water during peak hours, with low reversal during non-peak hours and two, it provides a one million gallon reserve for domestic and fire-flow needs. After a number of citations from the

N.H. Water and Pollution Control Commission, noting tests for bacteria had been showing too high a count, the Commissioners made the decision to "line and cover" Oak Hill to isolate it from environmental pollution. Two major conditions contributed to control of purity; one, because it was an open body that dissipated chlorine to sun and wind and, two, there was leakage, through cracks in the basin, from ground watersources around it.

The "line and cover" system recommended by the N.H.W.&P. Commission is utilized in other N.H. water systems as well as in Maine and other states. The liner and cover are made of synthetic fibre-reinforced Hypalon. The liner is protected from abrasion on the bottom and sides by a heavy synthetic felt material. Liner and cover are pressure sealed where they meet around the periphery. Snow-melt and rain water is pump-siphoned off the cover. The covered Oak Hill was put in service in late November.

Two breaks occurred in our principal 12" water main from Gale River. This line was installed in 1964, making the facility 80 years old.

Our electrical system also received major attention this year. The final section of the 34,000 volt transmission line was replaced with a larger size cable to reduce annual power loss of approximately \$17,000 and to provide additional system capacity for future load growth. This new section runs from Slate Ledge Rd. to I-93 and was placed in service November 4, 1984.

Overload protection at Lafayette sub-station was improved, to give greater protection to our large transformers, by installation of a new circuit breaker and surge coils.

As this report is written, we are installing "brown-out" protection in the 3 sub-stations. This protection will automatically shut down a sub-station should there be a loss of power on any one or two phases at the stations, thus protecting customer and W&L heavy equipment. Localized "brown-outs", that do not affect the sub-stations, can still occur on remote circuits. These generally are caused by storm and falling trees.

The Department continues to study street lighting with the view to reducing power consumption with an improvement in light output. An experimental installation of High Pressure Sodium lights has demonstrated a saving of 60% power used with a large increase in light output. Further study seems indicated to determine whether such lighting might be applied on a broader scale.

At present W&L headquarters has no way of monitoring operating conditions at the sub-stations or pumping facilities. The Department is looking into a telemetering system that, with instruments at headquarters, will permit continuous monitoring of both the electrical and water systems.

At present we are dependent upon a telephone call from a customer advising that a problem exists. This procedure wastes time and does not indicate whether a major facility is in difficulty. By instruments, any deviation from the normal can be read following an alarm that indicates an abnormal condition. Being able to spot a minor trouble spot before it becomes critical would save down-time and allow concentration of man-power at the trouble zone.

LETTER OF TRANSMITTAL

Board of Water and Light Commissioners
Lafayette Avenue
Littleton, New Hampshire 03561

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Littleton Water and Light Department for the years ended December 31, 1984 and 1983.

One of the enclosed audit reports must be given to the Town Clerk for retention as part of the permanent records.

The provisions of Chapter 71-a, Section 21, requires that the auditors' letter of transmittal shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Littleton Water and Light Department for their assistance during the course of the audit.

Very truly yours,

Robert H. Thomas CPA

LITTLETON WATER AND LIGHT DEPARTMENT

Certificate of Audit

We have examined the accounts and records of the Littleton Water and Light Department for the years ended December 31, 1984 and 1983.

Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Littleton Water and Light Department at December 31, 1984 and 1983, and the results of its operations for the years then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding year.

Very truly yours,

Martin & Thomas,
Public Accountants

LITTLETON WATER AND LIGHT DEPARTMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1984

1) Accounting policies - The financial statements reflect the application of the following accounting policies:

- A) Inventories are valued at cost on the first-in, first-out basis.
- B) The Company provides for depreciation on the straight-line method. The rates used are derived from the following estimated useful lives:

	<u>Electric Department</u>	<u>Water Department</u>
	<u>Years</u>	<u>Years</u>
Artesian Wells		100
Equipment	3-10	20
Transmission and Distribution		
Poles, Wires, Etc.	28 1/2	
Flowage Rights, Dams, and Waterways	100	
Accessory Electric Equipment	28 1/2	
Sub-station Equipment	28 1/2	
Underground Conductors	28 1/2	
Line Transformers	28 1/2	
Meters	28 1/2	33 1/3
Street Lighting Equipment	28 1/2	
Water Storage Reservoirs		100
Purification Equipment		10
Transmission and Distribution Mains		100
Settling Basis		100
Hydrants		50
Buildings	50	50
Gale River - Source of Supply		100
Pump Station - Mt. Eustis		100
Area Lights	28 1/2	
Office Equipment	20	
Miscellaneous General Equipment	10	
Shop Equipment	25	
General Tools and Implements	10	
Stock Room Equipment	25	
Pump Station Equipment		20
Communication Equipment	20	
Distribution System Structures	50	

2) Pension Plan - All eligible employees are covered under the New Hampshire Retirement System. The Department's contribution to the plan was \$8,427 in 1984 and \$7,802 in 1983.

3) Restricted Assets - This account represents cash which is restricted for the following reasons:

	<u>1984</u>	<u>1983</u>
Capital Improvements and Replacements	\$ 87,490	\$ 68,825
Customer Deposits - Refundable	108,621	89,811
90	\$ 196,111	\$ 158,636

- 4) Exhibit D - Net Loss From Operations - Included in this loss is a rebate to customers in the amount of \$205,003 for the month of December 1984, and \$87,962 for the month of December 1983. Although the rebate reduces operating income, creating an operating loss, it was granted because other income was sufficient to cover it.
- 5) Fuel Charges Billed and Purchased - Fuel charges bill by New England Power Co., to the Department are billed to customers in the following month. Therefore, there will always be a discrepancy between the fuel charges billed and the fuel charges purchased.

LITTLETON PUBLIC LIBRARY

The first general library objective under the Policies of Government of the Littleton Public Library states: "To assemble, preserve, and administer in organized collections, book and related educational and recreational material in order to promote through guidance and stimulation, the communication of ideas, an enlightened citizenry, and enriched personal lives." This year's lively use of the library, along with another 9.5% increase in circulation and expanded programming, has certainly met the fulfillment of this objective.

Assisting us in improving our service to the community, are the area groups and businesses that continue their generous support. The Auxiliary of the Fraternal Order of Eagles repeated their annual donation for the purchase of large print books. Norton Pike Company continued its funding of children's programs and the Village Book Store donated 20% of one day's book sales during National Library Week. 36 other businesses and organizations helped us in some way.

The Senior Girl Scouts volunteered many hours to paint the bookcases and chairs in the Children's Room. The event was coordinated by Pam Daly, a scout and library aide.

Children have an active interest in our library and its resources. Over 200 of them joined our summer reading program with its Bicentennial theme. Storyhours and films were popular and so were vacation video programs. Two Disney films, "Snow White" and "The Rescuers", sponsored by the North Country Library Coop, were a huge success. The Vic 20 computer was in constant use.

The New Hampshire Bar Association sponsored a series of 12 Brown Bag Continuing Legal Education Programs for area lawyers using our video cassette machine.

National Library Week featured unique programs. Colby Sawyer History Professor Allen Koop delivered a slide lecture presentation on the German POW Camp in Stark, New Hampshire. The event was funded by the New Hampshire Council for the Humanities. Philip Ross Eck, local author of A GOOD DEATH, discussed the thriller genre and his writing technique. He was jointly sponsored by the library and the Village Book Store. T. Downing Bowler from the North Country Computer Center demonstrated a billing system for small businesses on our Apple IIE computer. The North Country Writers began a 10-week series of creative writing seminars for published writers and novices, led by Catherine Young, a professional writer.

A multi-media display on White Mountain art was presented as the library's contribution to the Bicentennial. Funded by the New Hampshire Council for the Humanities, "Discovering the White Mountain Landscape" consisted of an exhibit of paintings and 4 slide lectures.

Funded by the New Hampshire Council for the Humanities and sponsored by the North Country Library Coop and the White Mountain School, a unique year long project "Yesterday, Today and Tomorrow: A Historical Action Project," was launched in September. It placed Historian in Residence, Bradford Smith, in the area to provide research, programming and consultations to libraries, historical societies, and schools. His first slide lecture, "Lost Towns," focused on abandoned communities in northern New Hampshire.

"The Mystery and the Detective" was a 12-week book discussion group led by Dr. Mortimer Fisch. The detective was examined as a character in British and American fiction.

Kathryn Wendelowski, Library Director, was granted a 2-month leave of absence to take the position of Interim Town Manager. Her background in administration and finance led to the appointment by the selectmen.

Jean Dodge was hired in February as an able replacement for Sally Haskell. Our volunteers, Gwen Howe, Eleanor Kretsinger, Shirley Nocky and Ruth Price have been a great help to us all.

Respectfully submitted,

ELLEN MORROW
Acting Librarian

LITTLETON HOSPITAL REPORT

Littleton Hospital was able to reduce its request to the voters of Littleton for financial support this year because of four factors: 1) careful management of funds; 2) prudent investment in the purchase heads to reduce hospital costs and 4) favorable reimbursement levels from Medicare.

An overwhelming number of patients treated over the past year at the hospital continued to indicate strong satisfaction concerning their care and treatment while hospitalized or treated on an outpatient basis. The confidence in and support of Littleton Hospital by the community continues to be strong and is appreciated.

1984 proved to be an exciting year. We received accreditation by the Joint Commission for Accreditation of Hospitals. Mobile CT scanning will be offered during the coming year as a new service for our patients. New members of our medical staff have arrived and are actively pursuing their practices. These and many other accomplishments continue to help us provide highly skilled diagnostic and treatment services.

Our operating budget exceeded \$7 million in 1984 and specific volumes of service were: patient days - 13,449; admissions - 2,623; births - 208; emergency visits - 8,938; operations - 1,371. We wish to thank the residents of Littleton for continued support in offering the best care at reasonable cost levels.

Sincerely,

LeRoy Deabler
Executive Director

WHITE MOUNTAIN MENTAL HEALTH & DEVELOPMENTAL SERVICES
DIRECTOR'S REPORT

The following services have been provided during the calendar year 1984. Please take notice of the variety of programs available through our agency. Your town's contribution helps us to continue to provide these services.

Developmental Services

- Early Intervention. The screening, diagnosis and treatment of children ages 0-3 who have a "developmental delay". A "developmental delay" is defined as a physical or mental handicap which slows down the normal development of a child. This service is offered to the children and their families in their homes. Last year, we provided:

- . 1200 hours of service
- . a public screening
- . service to 40 families
- . 15,000 miles of travel to provide home service.

- Sheltered Work Service. This service includes vocational training and remunerative work. We serve an average of 20 people a day who have either emotional or developmental handicaps. A sample of our service includes:

- . open 239 days
- . over \$18,000 paid to clients for their work
- . subcontract work for local industry
- . over 500 hours of vocational training.

- Activities Services. Activities Services are directed at teaching essential life skills to our developmental clients. This includes daily living skills, basic education and pre-vocational training. Last year, we provided:

- . over 900 hours of instruction
- . 200 hours of speech therapy.

- Day Habilitation Services. Instruction and training for our most severely impaired population. We currently serve six multiply handicapped adults who were all former residents of Laconia State School.

Mental Health Services

We provide a comprehensive array of services to our twenty-two town catchment area. The fact that we operate four service sites (Lancaster, Lincoln, Littleton and Woodsville) helps us to extend mental health services to people throughout our service area. The types of service we provide include: emergency service, individual, family and group therapy, case management, alcohol counseling, and a psychiatric day program. The following information may help to describe the work we have accomplished during this past year:

- . 408 open cases
 - 20% children
 - 69% adults
 - 11% elderly
- . 199 additional cases seen during the year
- . over 12,000 hours of service
- . 9,000 hours of sheltered work (vocational service)

I hope this brief outline will help to describe some of the work we have been doing during this past year. We have had an extremely active year serving the citizens of Coos and Grafton Counties. We look forward to your continued support.

Respectfully submitted,

DENNIS C. MacKAY
Area Director

WHITE MOUNTAIN MENTAL HEALTH & DEVELOPMENTAL SERVICES
FISCAL SUMMARY - FY 1985

<u>Expenses</u>		<u>Income</u>

NORTH COUNTRY HOME HEALTH AGENCY

North Country Home Health Agency serves residents of Haverhill, Benton, Bath, Landaff, Lisbon, Lyman, Littleton, Monroe, Bethlehem, Franconia, Sugar Hill, Easton, Twin Mountain, Lincoln and Woodstock. The following services were provided:

Skilled Nursing Care	4274 Visits
Health Promotion and Newborn Visits	408 Visits
Physical Therapy	399 Visits
Speech Therapy	157 Visits
Home Health Aide	5931 Hours
Homemaker	2110 Hours
Family Assistants	2889 Hours

The Agency provides in-home services for the treatment of disease, and public health activities for prevention or intervention of disease to people of all ages.

In-home services include nursing care, physical therapy, speech therapy and Homemaker/Home Health Aide care, under the direction of the patient's physician, to homebound patients.

The Family Assistant program works with parents to strengthen child-rearing skills and help families cope with problems. A total of 48 children and their parents received this service.

During the first six months, 15 well-child clinics were held and 3 dental screenings. In July, the State did not renew its Child Health contract with the Agency in an effort to consolidate its funds. In addition, 3 genetics clinics were held and 2 pediatric diagnostic screenings.

Blood pressure screenings for town employees were held twice during the year, with 84 employees attending in 5 locations.

North Country Home Health Agency's main office is at 60 High Street, Littleton, with satellite offices in Lincoln and Woodsville.

Services to residents of Littleton include: 1484 Nursing Visits, 283 Physical Therapy Visits, 31 Speech Therapy Visits, 2705 Home Health Aide Hours, 1018 Homemaker Hours and 100 Health Promotions. There were 115 visits made to the office by residents on a drop-in basis.

Respectfully submitted,

Phyllis E. Rogers, Director

LITTLETON PARK COMMISSIONER'S REPORT

1984 was another successful year for the Parks and Playgrounds.

Our summer program directed by Pierre Lafitte served several hundred children and young adults. It's our desire to expend this program to accommodate the many requests.

Thanks to the Federal Revenue Sharing Fund, we were able to have the tennis courts in Aphorp resurfaced. Also the Fund was used to purchase loan to improve Remich Park Field. The tennis court at Remich Park is another project plan for the future.

We have met with the North Country Council to discuss our part in the Town's Master Plan update. More meetings are planned for the coming year.

Our summer maintenance program, led by Darrell Champagne was boosted, thanks to Jennie Walsh and her staff. Our 200th Birthday Party was a great success, in part, due the excellent condition of Remich Park.

The pool was given a coat of paint in accordance with our safety program, a new diving board was installed. Motors and other pool equipment were repaired.

Steps from the Little League Field were built, night lights behind home plate were installed by the Littleton Water & Light Dept.

Stairs in the broadcast tower were installed. All bleacher seats were inspected, repaired and painted. New paint and repair to the hockey boards at Remich Park was also done.

Repairs to surface of the bridge at the Dells was done, now open to walk traffic. We desire to construct a covered bridge at the site of the present Dells' bridge. Any assistance would be most welcome.

Many thanks to the Boy Scouts Troop 209 for the good deeds done at the Dells, Good Job Fellows.

Mt. Eustis Ski Area readied for the coming winter season, hopefully once again this lovely site will be utilized.

A special thank-you to Maxine and Bruce.

Both ice rinks were open for 1984-85 season, an average of 50 people daily use the ice.

Parks and Playgrounds are used by hundreds during the year, be it a sporting event or just a quiet walk.

Thank-You for your support.

Meetings are held 2nd & 4th Thursdays, upstairs at the Town Building at 7:00 P.M.

Respectfully submitted,

George A. Santy, Chairman
John Simon
Meg Tilton
Littleton Park Commissioners

THE LITTLETON CONSERVATION COMMISSION

The Littleton Conservation Commission continues to concern itself primarily with the management of the Dells and the Kilburn Craggs. During the summer of 1984, walking trails were swept and brush removed at the Dells by the Boy Scout group under the direction of John Pilgrim. One commission member, David Merrill, met with a representative from the State Department of Public Works and Highways to examine the heavy siltation of the Dells Pond, which the commission believes has been partly caused by construction on I-93 in the area of the feeder stream entering the pond under Route 18.

A new agreement was signed with the White Mountain Star Gazers snowmobile group relative to winter use and maintenance of selected trails in the Dells. The question of repair of the bridge at the Dells entrance off the Dells Road has not yet been settled.

Plans are still in process to mark a hiking trail to the Craggs and to establish an appropriate off-road parking area for hiking trail users.

The Littleton Conservation Commission was initiated by Town Meeting in 1965. For an historical review, readers are referred to the Littleton Town History, published in 1984, pages 522 to 526 inclusive.

Current commission members, appointed by the Selectmen are:

Caroline Gale
David Gilpin
Patrick Lally
David Merrill
Carleton Schaller Jr.
Paul Shaw

LITTLETON COMMUNITY CENTER
PRESIDENT'S REPORT 1984

The year 1984 will long be remembered by the residents of Littleton, as well as, many non-residents as the year we celebrated the 200th Anniversary of the issuing of its Charter. It was just 100 years later in 1884 that Charles F. Eastman, one of the leading citizens of Littleton, completed a home for his family on the Main Street, a grand mansion, and one of many to line the Main Street of Littleton. Thirty-five years later in 1919, 119 Town's people became Incorporated and organized the Littleton Community Center. In 1920, at the Town Meeting, it was voted to dedicate and support the Community House as a Memorial to the Soldiers and Sailors of World War I.

In the sixty four years since that time thousands of people have used this Center for Meetings, gatherings and social functions, and we hope that these same uses will and can continue for another Century.

To keep the Center in top notch condition is the responsibility of many hard working concerned citizens and committees and by all working together we have maintained a well kept and attractive Center.

We work on a strict budget, but keep up with necessary repairs and changes needed. This year, as there were not too many things to be replaced, or repaired, our spendings stayed within our budget.

After three years as Host and Hostess, David and Stella Harris left so as to spend the necessary time in raising their growing family. We were fortunate to find Wilfred and Virginia Bergeron to become Host and Hostess and their duties began in October.

It is with much appreciation and thanks to all who serve on the various committees for all their work and time they have devoted to the Center. Few Towns can boast of such a fine Center as we have where so many people can make use of the facilities. We thank all the Organizations and Citizens who have made donations to the Center and hope you will continue for many years to enjoy it.

Winston H. Merrill,
President

LITTLETON AREA HISTORICAL SOCIETY

Officers for 1984 were:

President--Margaret B. Colby (Mrs. Reginald M.)
First Vice President--Richard F. Hamilton
Second Vice President--Shirley V. Burrington (Mrs. Horace)
Corresponding Secretary--Beatrice C. Doane (Mrs. Arlin T.)
Recording Secretary--Phyllis H. Goad (Mrs. Lester)
Treasurer--Margaret A. Buffington (Mrs. Earle)
Auditor--Lawrence M. Colby
Curators--Linda and Peter McShane
Assistant Curator--Lester A. Goad
Directors--Rita C McAvoy (Mrs. George E.) to 1985; Miss Frances M. Heald to 1986; Gilbert P. Pike to 1987

The 17-year-old Society proved its worth in Littleton's Bicentennial Year as a prime source of facts, photos and ideas as well as continuing to receive, preserve and display memorabilia of historic importance.

The Museum in the Library is open on Wednesday and Friday afternoons and by appointment. Society membership numbered 281. Many are new names; many of the total are from outside the area. Too often death removed treasured associations. The Permanent Endowment Fund serves as a vehicle for memorials to loved ones. It has now reached over \$1900.

Dues remain the same: Sustaining, \$25; Contributing, \$10; Family, \$5 and Individual, \$3. Guests are always welcome at programs but memberships are a positive indication to the too few volunteer workers that the purposes of the Society are valuable. Fortunately, the Bicentennial events increased interest and income to the highest level to date. Funds were added from the efforts of the Littleton Stamp and Coin Co., Inc. when part of the proceeds from postal first day covers were shared with the Society.

Programs were tailored to foster preservation of the Opera House and Federal Building; to honor the first settlement by the Nathan Caswell family (Founders' Day was at that site with talks by the Dr. Robert Campbell family and by H. Hubert Merrill); to cooperation with the High School Reunion; to welcome the National Stereoscopic Association tour and to promote and attend the Bicentennial concert as well as aiding all celebration events and media requests for data and photos.

Two entries appeared in the parade. In Richard Hamilton's antique car a guest was Miss Betsy Phipard of New York City--a descendant of Edward Kilburn and several earlier Littleton families. Our Grand Prize Society float, constructed by George Herbert and his family, depicted a Littleton cabin of 1784 when Littleton received the news that by vote of the Legislature on Nov. 4, 1784, Littleton had become a separate town. On the float were: H. Hubert Merrill (a direct descendant of Nathan Caswell) as Nathan; Peg Colby as Mrs. Caswell; Linda and Peter McShane as Peggy and Caleb Hopkinson (second settler family in town).

Belgian horses pulling the float were from Lyndonville, Vt. The plaque for winning first in the historic division of the parade and the gold cup for Grand Prize are in the Museum. Period costumes for the five people (including the driver) were privately rented and pertinent artifacts were from members of the Society. Mr. Herbert gave the framework of the float to the Society, which in turn donated it to Littleton Scouts to be used as a framework for a shelter on their land.

The Society contributes to the Library and the Community House. It belongs to the N.H. Historical Society and to the Association of Historical Societies of N.H. At the Alumni Banquet on June 16, John H. Colby was presented Deluxe volume, number One, of the new Littleton History by our Society in appreciation of an important goal reached. The Museum also owns one deluxe volume and a "working copy" standard edition.

Reginald M. Colby carried out the postcard assignment. Five color views of Littleton (39,500 cards) cost the Society \$2314.38. Through local outlets and private sales, \$1044.50 has been returned to the treasury in six months.

Cooperation with the schools continues. The Littleton Courier has featured contrasting scenes, "Littleton, Yesterday and Today" as well as Linda McShane's column, "The Museum Log." Date plaques are available from Shirl F. Lakeway. The historians, Wilbur W. Willey and Mrs. Lakeway (and other members) have answered genealogical questions.

Many displays were produced by Linda and Peter McShane for various places and occasions as well as for the Museum. There was cooperation with Brad Smith, first Historian in Residence, who dealt with North Country libraries, The White Mountain School and many historical groups.

Publicity of Littleton's celebration appeared in local and New England newspapers, in the New Hampshire Profiles magazine, and in the national "Stereo World."

The Society will lend its copy of the audio tape of the November concert and the several video tapes of Bicentennial events.

We extend our gratitude to the always helpful Library staff and Trustees and for Community House hospitality. Gifts, attention and attendance at the Museum are very welcome.

I am more than grateful, personally, to officers, committees and Society friends who have assisted me these last three years.

Respectfully submitted,

MARGARET B. COLBY
President

NORTH COUNTRY COUNCIL ANNUAL REPORT

Calendar year 1984 saw the North Country Council, Inc. observe its twelfth year of successful operation for towns in the North Country. The Council, as a regional, non-profit, public planning agency chartered under NH RSA 36:45, is responsible for providing assistance in local community planning, economic development, solid waste, transportation, and municipal services.

In Littleton, we've participated in a variety of projects. We have worked with local officials and the Industrial Development Corporation on the completion of the EDA-funded improvements at the Industrial Park and sought funding to develop improved access to the Park. We have assisted local and state officials in the marketing of specific industrial sites and vacant buildings in Town, including advice on developing and funding a comprehensive local marketing strategy.

We prepared two successful CDBG applications, totalling \$71,000, which will result in the rehabilitation of 14 housing units for low-to-moderate income residents. We're assisting in the implementation and administration of this project.

The Master Plan update is underway. We're advising the Planning Board on the entire comprehensive planning process and have this year completed the natural resources and the population and economics sections. The Council prepared revised Subdivision Regulations and proposed Excavation Regulations for the Board's review. We proposed Site Plan Review Regulations and assisted in their initial use by the Board. Technical and procedural advice and ideas were provided to the Board as they prepared amendments to the Town's Zoning Ordinance. We have also worked with the Board in trying to improve the subdivision review process.

In solid waste, the Council assisted the Town in complying with a deficiency order by the State at the sanitary landfill. We are working with Littleton and other area towns in preparing a long-term solid waste plan for the Upper Grafton Solid Waste District.

In economic development, the Council hosted in the spring two region-wide economic development conferences with over 200 business, industry and government leaders attending. From the conferences, regional strategies were developed to address such issues as highway improvements, air service, regional promotion, mechanisms for regional communication, development funding, and regional job expansion. As an outgrowth of these conferences, the Council is presently coordinating the preparation of a North Country Videotape project, which, when complete, will examine the potential for industry to locate in the North Country. The Videotape will be available to Chambers of Commerce, local development corporations, and municipalities in order to promote their communities to businesses looking to expand or relocate in the North Country.

The Council has provided information and guidance to several towns on federal and state grant and loan programs. This past year saw well over \$2.0 million in Community Development Block Grant funds come to the region for such activities as housing rehabilitation, water and sewer system improvements, a downtown revitalization study, an industrial park feasibility study, and business revolving loan funds.

Community planning assistance has emphasized master planning and improvement in local land use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's assistance takes many forms: regional workshops, newsletters, regulation review and update, and assistance on a regular or one-time basis for subdivision and site plan applications. Subdivision review workshops were held in Littleton, Campton, and Dalton and we co-sponsored the Municipal Law Lecture Series in Twin Mountain.

Overall, the Council's major objective is to work with North Country towns in solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

LITTLETON HISTORY COMMITTEE REPORT

In the summer of 1984, an impartial professional observer wrote, "By any criteria this is an exceptional town history. First, it is the story of one of New Hampshire's most progressive towns; second, it represents the cooperative efforts of unnumberable researchers and writers; third, it is undoubtedly the most comprehensive contemporary history of a North Country town ever written; and finally, all of the information is presented in a fascinating and highly readable style. Best of all, however, it is a chronicle which will delight everyone who has ever lived in Littleton or visited the town, as well as those who want to learn more about this unusual community."

The history referred to is the updated chronicle of Littleton happenings of the past 200 years, "Littleton, crossroads of northern New Hampshire". Excitement was high when the 650-page volume made its initial appearance at the every-three-years Littleton High School Alumni Reunion June 16, 1984 at the high school. Since then, more than 800 copies have been purchased by present and former residents of the community and others interested in this bustling White Mountains town.

This current historical book updates Littleton's progress since the original history made its appearance in 1905. The publication of "Littleton, crossroads of northern New Hampshire's" officially launched a gala summer-long celebration of Littleton's 200th anniversary.

As the celebration drew to a musical conclusion at a Bicentennial Concert in November, the consensus was that Littleton had made history in 1984 while paying tribute to all those who had made history in the past.

It was in July of 1980 when the Board of Selectmen, anticipating Littleton's Bicentennial, named a volunteer committee comprising Mary E. and Frances M. Heald and John H. "Jack" Colby to organize the updating of the original Littleton History. Upon the death of Mary E. Heald in 1982, Reginald M. Colby was appointed as her successor. From the beginning, the Littleton Area Historical Society provided impetus for the ambitious undertaking and gave the project its full support and encouragement.

It was at Town Meeting on Tuesday, March 10, 1981, that an article calling for an appropriation from Federal Revenue Sharing Funds in the amount of 35,000. was approved for the updating task. (The vote stipulated that the interest from the allocation would also be available to the committee to help assure its financial commitments, but the Town Attorney gave an adverse ruling on this so the interest was not available.

With a unique 1,500. grant from the New Hampshire Charitable Fund, recognizing the worthiness of the undertaking; funds from the Town from the sale of the

Mildred C. Lakeway booklet; and an enthusiastic reception to a Special Limited Edition of the history at a special supporting price, on the part of civic-minded individuals, organizations and businesses, the four-year endeavor has been not only a cultural and historical success, but has been financially rewarding.

The committee, dedicated to the commitment given to it by the Town Meeting vote to return all proceeds over and above expenses to the Town for other worthy projects, is happy to report that a check in excess of \$23,000. will be remitted to the Town Treasurer by the treasurer of the history project, Lawrence M. Colby. This may well be a landmark in Town financing -- to have the bulk of an appropriation returned intact. As sales of the remaining 1200 copies of the history continue, additional refunds will be made. It is appropriate to point out that had the committee been given the use of the interest on \$35,000. commitment could now have been considered repaid -- and there are still copies of the history to be sold and income derived by the Town.

"Littleton, crossroads of northern New Hampshire" resulted from the leadership of the committee and the cooperative participation and assistance of more than 225 people who comprised the committees numbering over 25. These committees will be found listed on page 11 of the new history.

In his concluding comments in a Foreword to the history, Jack Colby said, "Littleton also has been blessed with more than its share of public-spirited leaders with visions of what the town could become. These persons earlier were characterized as people of 'enterprise, honor and public spirit, all of whom were interested in promoting the common weal.' History repeated itself over the years as each period of need featured the emergence of strong-willed men and women who gave generously of their time and financial reserves to keep their hometown in the vanguard of Grante State communities."

Compiling the material reflecting 200 years of life in such an active and progressive community as Littleton has been a demanding experience, creating a new appreciation for people and events of the past. Coupled with the historical volumes of 1905, "Littleton, crossroads of northern New Hampshire" bridges the 200 years to 1784 when the name Littleton, earlier known as Chiswick (1764), and then Apthorp (1770), became one that endured. The celebration of 1984 provided residents of today with reasons to rejoice, and residents of years to come with a benchmark upon which they themselves can measure Littleton's leadership role in the North Country. Referring back to the earlier comment by an interested observer, we would add one

Littleton History Committee Report (cont'd)

final thought he expressed concerning the new Hisroty: "It is an incredible record of the Town's past 200 years and best of all, a fitting keystone for Littleton's 1984 Bicentennial observance."

The Littleton History Committee, in presenting this final report relative to the assignment given it by the Selectmen in 1980, recommends that Lawrence M. Colby be prevailed upon to continue as history project treasurer to coordinate the continuing distribution of the remaining copies. The designated official sales agent isthe Village Book Store. Mr. Colby has placed on file with the Town Treasurer a current financial statement.

With this report the Littleton History Committee terminates its commitment, but not without a final work of thanks and appreciation to everyone -- Town officialsa and private citizens -- who joined in the labor and share in the success, and to note that original unedited material collected from organizations and committees has been placed in archives for easy reference with the Littleton Area Historical Society.

If you have not purchased your copy of the new history, we urge you to do so while copies are still available. You and your heirs will cherish this source of historical references.

LITTLETON AREA CHAMBER OF COMMERCE
EXECUTIVE DIRECTOR'S REPORT 1984

The Chamber has successfully completed its Program of Work for 1984. That Program of Work included:

- WINTER - Santa's Visit to Littleton
Shop Littleton Area Christmas Campaign
Downtown Christmas Walk/Open House
Membership Drive
Annual Meeting
- SPRING - Brochure Placement and Development
Downtown Revitalization Clean-Up Weekend
After Bite \$50,000 Trout Tournament
- SUMMER - SummerStreet '84
Information Booth Referral System
Sidewalk Sale
N. H. Chrysler-Dodge International Regatta
- FALL - Art Show/Lobster Festival/Antique Car Show
Fall Foliage Network/Placement
Moonlight Madness

We were fortunate this year in that virtuously all Chamber events experienced nice weather and fine crowds. I might also add that in addition to our planned Program of Work in 1984, the Chamber also worked actively on behalf of the Community to provide the following functions and services:

- 1) Actively formed and organized on a continuing basis a Downtown Revitalization Committee.
- 2) Actively worked in conjunction with the Littleton Bi-Centennial Committee, and specifically handled the bunting decorating of the store fronts of the downtown district.
- 3) Hosted a winter Easter Seals Ride-In project bringing to Littleton thousands of winter consumers for the first week in February (will again host for '85).
- 4) Undertook renovations, at the Chamber's expense, for beautification of the information booth.
- 5) Hired two full-time personnel to man the information booth. This provided for an earlier opening in the spring, and later closing in the fall.
- 6) Produced, for the first time in the history of the Town, a full colored Town Brochure with increased distribution and vastly increased quantity.

- 7) Lastly, but most importantly, the Chamber worked actively through our Business & Industry Task Force Committee with the Town Officials and L.I.D.C. to help procure the location of Hitchiner Mfg. in the Town of Littleton.

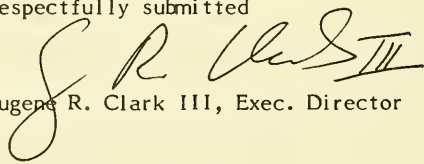

As I stated, the above tasks were handled in 1984, in addition to the standard budgeted Program of Work the Chamber annually undertakes. In 1984, the Chamber has also experienced a successful Trout Tournament, SummerStreet, Regatta, and several Retail projects. Many of these points mentioned were done at the Chamber's expense, and were not budgeted items within the 1984 budget, yet undertaken for the good of the Chamber members and the Community as a whole.

Upon completing my two years as Executive Director of the Chamber, I feel the Town has much to be proud of. The events undertaken on behalf of the community are regionally recognized and have given name recognition to this area as a place to visit and enjoy oneself. I trust the future goals of the Chamber will involve an even more intensified effort to market the area as a whole, an increased effort for Downtown Beautification & Revitalization, and a continued thrust to entice Industry to locate in our community.

I am pleased to report the Chamber is presently operating without indebtedness to local financial institutions; a situation which was not so last year and one which needed to be eradicated in order to assure the future vitality of the Chamber.

I have thoroughly enjoyed my term as Executive Director and sincerely thank the Chamber Board of Directors and past President Joan McDonald for the support and guidance they have given me.

Respectfully submitted

Eugene R. Clark III, Exec. Director

WHITEFIELD REGIONAL AIRPORT COMMISSION
REPORT TO THE TOWN FOR 1984

1984 was a very exciting and active year for the Whitefield Regional Airport and its Commission. Mr. Donald Herbert moved to Portland, Maine and resigned from the Commission. The Town of Carroll appointed Mr. Jess Sylvester to the Airport Commission. We look forward to an active and supportive roll from the Town of Carroll as well as all towns served by the airport.

In May construction was started on the runway rehabilitation project. Midway Excavators Inc., completed the superb job ahead of schedule. The resurfacing has greatly improved the sunway and makes the airport safer for aircraft.

In March the New Hampshire Aeronautics Commission notified the airport that the localizer instrument approach system at Whitefield would be turned off. This left the Regional Airport with a less accurate and more restrictive NDB approach which would affect safety and severely restrict aviation interest in the North Country. The Whitefield Regional Airport Commission gathered support for repairs to the localizer from citizens of the North Country, politicians and users of the airport.

The New Hampshire Aeronautics Commission refused to ask the Governor Council for emergency maintenance repair funds. With Help from the North Country Council a Community Block Development Grant was obtained for replacement of the approach facility. Most of the local Share for the Grant came from users of the airport. Construction for replacement of the localizer was started in October and completed in January 1985.

Added to the list of regular corporate users are Bretton Woods Resort and Riley Tire Company. Corporate Aviation continues to grow at the airport along with an increased in privately owned airplanes being based here. Even an ultralight is now based at the airport.

Gary Sanborn is still selling fuel and renting hangar space and airplanes. Dave Astle gives flight lessons while B&B Aircraft maintenance business is growing.

1985 will require the Regional Airport Commission to continue with programs for the improvement and efficient operation of the airport. With continued support from both the business community and the towns served by the Regional Airport, the Airport will be able to support your economic growth and aviation needs. Again thank you

TO THE CITIZENS OF GRAFTON COUNTY

Grafton County Commissioners submit the following report in a continued effort to communicate with you on a more direct basis.

The county fiscal year 1985 tax rate to towns increased by 6.76%, mainly due to increased liabilities and mandates for services. One reason is that the child placement budget has escalated from \$40,000. in fiscal year 1982 to over \$250,000. in fiscal year 1985. These costs are a direct result of RSA 169 when towns succeeded in getting laws changed to place financial responsibility on the counties. Also, the settlement statute, RSA 164, was changed regarding accumulating days for settlement, so that once the County has liability, the liability now remains with the County indefinitely. In addition, as experienced towns and cities, the cost of nursing care rapidly increased because of reduced federal and state funding, and will continue to increase at the local level with property taxes funding more of these services in the future.

We anticipate some budget relief with the new unified court system as soon as total costs of the court operations are fully funded by the State as intended in the legislation.

Because of the increasing unfunded mandated services and the unknown nature of federal and state participation in those mandated services, it becomes more difficult each year to budget in a realistic manner - a problem shared in common with towns and cities.

We are continuing energy conservation measures, with appreciable cost savings to the taxpayers. Window modification, with a five year payback, is one of our long term conservation measures, as well as modification to the heating control system.

Correctional needs and facilities are continually monitored and reviewed to comply with current standards and regulations. Studies have been completed and new construction was not recommended at this time.

In accordance with federal revenue sharing requirements, all county facilities and services are regularly reviewed for compliance with handicap regulations.

The Commissioners hold regular weekly meetings every Monday and encourage public attendance. Grafton County budget is processed through May and June and the Commissioners welcome input and strongly recommend your attendance at the public hearing normally held in mid-June.

We appreciate your continued interest and support.

GRAFTON COUNTY COMMISSIONERS:

Dorothy Campion-Corcoran
Arthur E. Snell
Leonard F. Anderson

LITTLETON INDUSTRIAL DEVELOPMENT CORPORATION REPORT

The Littleton Industrial Development Corporation is a non-profit organization, established through the efforts of the Littleton Chamber of Commerce, the town selectmen, and other interested area citizens, as an entity to own and develop the Littleton Industrial Park and to take the responsibility to lead the town's effort to attract new and desirable industrial employers.

1984 was a busy and successful year for LIDC. The \$777,000 EDA assisted construction program was completed. A new access road was constructed through to the Mt. Eustis Road, and water, sewer, and electric lines are in place. Many of the lots were graded and drainage and water retention systems designed and constructed.

The highlight of the year was the decision by Hitchiner Manufacturing to purchase the North Country Complex and commence production in Littleton. In excess of 200 individuals were employed by Christmas, 1984, and Hitchiner continues to add employees each week. Governor Sununu is quoted as saying, "Littleton has landed a first class prize." This excellent economic news is the direct result of the September, 1983 Industry Weekend, sponsored by the LIDC and the Business and Industry Task Force, a subcommittee of the Littleton Area Chamber of Commerce.

The Board of Directors has been expanded to 15 positions and four new Directors have been added. King Covey, after ten years of dedicated service to the community as President of LIDC, has decided to devote more time to the expanding requirements of the Littleton Planning Board. Paul McGoldrick was elected as President with Edward Hennessey becoming Vice President, and James Tibbetts continuing in his position as Treasurer. We salute King for his persistence, fairness and leadership during sometimes difficult times. He provided insights into the present and future which have lead us to our current enviable position. There is much to do, but together, we have created a solid foundation for further advancement in the best economic interest of all our area citizens.

Transportation by Staff/Volunteers	
Adults	<u>21</u>
Children	<u>23</u>
Emergency Day Care	<u>3</u>

The Littleton Self-Help Clinic offers services to the victims of family violence. A network of 10 host homes were used during the past year to house victims and their children on a 24-hour emergency basis. Transportation to shelter, court police, hospital, and appointments, as well as child care were offered. The Clinic maintains a 24-hour emergency telephone line through Don and Linda Ross at Tell Call Services. Advocates assisted victims with obtaining restraining orders and in dealing with administrative agencies in obtaining needed services. Caring and trained volunteers were constantly on call to offer the victim assistance, support and referrals. The Information and Referral Services were made available to all members of the North Country Community. The Clinic provided peer and support counseling on an individual, as well as, a group basis. No charge of any kind is made for the services of the Clinic.

Trained speakers are available to any community group or organization to speak on any aspect of family violence. In 1984 programs on family violence were done at the White Mountain School and several community groups. Our volunteers worked closely with area police departments and the District Court in order to assist the victims of violence within the home.

Again for 1984, the rate of volunteerism was extremely high for the Domestic Violence Task Force. This included 12,135 volunteer hours, donated advertising, rental space, housing, food, and professional services amounting to a total of \$60,780.00 in donated, in-kind services. As members of the New Hampshire Coalition Against Family Violence, we met at least once a month with all thirteen task forces across the state to plan, coordinate and implement services on a state-wide level. All services are closely monitored and, in part, funded by the New Hampshire Coalition.

The staff, volunteers, and Board of Directors of the Littleton Self-Help Clinic wish to express our sincerest thanks to all who gave of their time, energy, finances, and support to assist in the operation of our services. It is through the efforts of the many volunteers and through the financial support of the residents of the Town of Littleton that we are able to offer needed services to the victims of violence within the home.

Respectfully submitted,

Judith Parker
