As an affiliated library we were again the recipient of the \$100.00 grant from the State Library with the stipulation that it be spent for reference books. These yearly checks have enabled us to increase our collection considerably, especially in history and the sciences. We were also allotted ten sight-saving volumes by the State Library to help those readers who need very large print. For the second year RCA gave to the library fifty recordings, ranging in type from popular music to classical.

As in the past, we have been very fortunate to have so many books, two magazine subscriptions, and hundreds of back copies of magazines given to us. Many of the elementary school pupils make use of these for their oral and written projects. In the gift collection of books were many duplicates, making it possible to send 109, sixteen of which were duplicates, to the Swiftwater branch collection.

During July and August Linda Lamarre conducted

seven highly successful story hour sessions for children up to the age of ten. Attendance averaged sixteen. Linda has also put up seasonal window displays for the holidays, Valentine's, Easter, etc. The trustees and I deeply appreciate her loyal cooperation.

We have attended several of the cooperative book-buying meetings. Mrs. Bess Reed attended the State Library Development Meeting held at Waterville Valley in the fall, and she is currently serving as chairman of the North Country District Council.

We are fortunate to have the new heating system which makes the library comfortable even in sub-zero weather, and the heat in the room back of the library now makes it useful as a place for study or conference.

LOUISE C. BAILEY  
Librarian

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

### **Fire Permit**

A **Fire Permit** is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be **prior to 9:00 a.m. and after 5:00 p.m.**

### **Exceptions**

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

## Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.

3. For failure to totally extinguish a camp or cooking fire before leaving it, the same penalties as in (1) above.

4. For dropping inflammable material in or near woodland, maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

In the spring, our red phone system was installed.

We have four phones at different locations, which gives us a much better communications system than we had in the past. For fire calls **DIAL 747-2144**.

We purchased 400 ft. of new 600 lb. test 2½ in. hose for our pumper. A new Indian pump and parts to rebuild our other back pumps were purchased from the State Forestry Service. We also had a deluge nozzle donated to the department. This nozzle needs some repairs, but we hope to make these repairs and have this piece of equipment available when needed.

A new roll up door was also installed during the summer to replace a door that was badly rotted. This new door is the type recommended by the Fire Insurance Underwriters.

We again wish to extend our deep appreciation to the citizens of Bath who have given us their support.

### 1969 - 1970

During the past year several significant changes have taken place with reference to the educational oppor-

tunity of Bath children. The tuitioning of grades seven and eight students to the Haverhill Academy Junior High has proven to be a very successful operation for our junior high youngsters. Also, two grades per teacher at the Bath Elementary School has significantly improved the teaching and learning situation within the classroom. High School students attending Woodsville High School have had the opportunity to attend a fully comprehensive high school with all the curricular and extra-curricular opportunities any youngster may want.

Tuition is the major item in our school budget that seems to provoke the most discussion when one studies our budget carefully. To alleviate any thought that tuition charges in this area are out of line, a list of district tuition charges follows:

Haverhill Cooperative School District

Elem. \$550 Jr. H. \$650. Sr. H. \$850

Lisbon Regional School District

Elem. \$640 Jr. H. \$670 Sr. H. \$760

St. Johnsbury Academy (9-12)	\$1,325
St. Johnsbury Vocational (9-12)	1,325
Bradford Academy (9-12)	900
Blue Mountain (7-12)	1,000
Peacham Academy (9-12)	975
Orford High School (9-12)	753
Plymouth Area School (9-12)	1,165

This year's budget indicates a terrific increase in many areas but especially in tuition. Added costs and more children are the answer. In other areas teachers' salaries are increased along with the employment of a music teacher.

Equally important to the legal voters of Bath is the use of the non-partisan ballot in all school elections.

The polls must be open for five hours, all officers must file with the School District Clerk, all ballots must be printed. These are only a few highlights of the law that was recently passed by the New Hampshire Legislature.

May I take this opportunity to thank the Bath School Board, Teachers and taxpayers for their fine support during the past year.

Sincerely,

NORMAN H. MULLEN  
Superintendent of Schools

**SUPERVISORY UNION #23  
REPORT OF SUPERINTENDENT'S SALARY**

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the superintendent.

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of Supervisory Union #23, during 1969-1970, will receive a salary of \$16,000.00, which is made up as follows: \$3,000.00 to be paid by the State Department of Education and \$13,000.00 prorated among the several school districts. Allowance of \$1,500.00 for travel within the Union is also prorated as stated above.

The table below shows the proration of salary and travel to each school district:

<b>District</b>	<b>Salary</b>	<b>Travel</b>
Bath	\$ 666.90	\$ 76.95

1968-1969: 2 pupils were tested at the White Mountain Community Services Center at Littleton.	

In Sept. 1968 a lazy eye clinic sponsored by the N. H. Division of Health and the Woodsville Cohase Lions Club was held at the Woodsville Elementary School. Pre-school children were tested for lazy eye blindness (amblyopia) and when symptoms were found they were referred to their eye doctor for follow-up testing. In order to correct this condition, it is important to find it and treat it as early as possible.

In May 1969 nineteen pupils were screened for Speech and Hearing problems by the staff from the Portsmouth Rehabilitation Center.

June 3, 1969 was registration for pupils entering the first grade in Sept. 1969.

A measles Susceptibility Survey was done in grades 1-6. This was done to find how many children had had neither measles nor the measles vaccine. In Bath we found that there were five pupils in this category.

All routine vision and hearing screening tests were completed. Referrals were made when defects were found.

Several meetings were attended during the year. Especially helpful were the conferences held at the White Mountain Community Services Center in Littleton.

Dr. Anthonisen met with the school nurses and discussed problems such as school phobias, the drug issue and many topics as requested by the group. The staff, Mr. Froburg and Miss Page, were most helpful with counseling school staff and parents when needed.

During the first semester I attended a course given at Laconia. Dr. Margaret Riggs lectured on "Special Educational Problems and Techniques".

I have enjoyed working in the Bath School and want to thank Mr. Mullen, Mr. Savoy and his staff, the parents and pupils for their continued support of the school health program.

Respectfully submitted,

MURIEL LaMOTT, R.N.  
School Nurse
