- On Suppression of Moths and Beetles.*—The Mayor, Aldermen Coogan and Tinker,

INAUGURAL ADDRESS

BY

HON. CHARLES G. WALDRON

January 2, 1924.

GENTLEMEN OF THE CITY COUNCILS:

We have assembled here today, at the dawn of the new year, and voluntarily pledged ourselves to administer the affairs of the city to the best of our abilities, and with due regard for the common weal. We have been intrusted with responsibilities which we can neither evade nor deny. With co-operative effort we can secure a measure of success which will justify the confidence reposed in us by our fellow citizens; if personal interests are permitted to supersede our obligations to the electorate, the end we should all have in view will fail of realization.

FINANCIAL SUMMARY

Our financial statement as of January 1, 1924, is as follows:

Bridge bonds, 4%	\$ 45,000.00
High school bonds, 3½%	20,000.00
City hall bonds, 3½%	75,000.00
Highway note, 4½%	30,000.00
Water works notes, 3½%	55,000.00

Total outstanding indebtedness, exclusive of the \$10,000.00 missing bonds \$225,000.00

Decrease in our bonded debt for the year

1923\$ 25,000.00

Early in the year the city councils provided for a bond issue not to exceed \$20,000.00 for the purpose of improving our public highways. A study of conditions in financial centers seemed to suggest conservation of resources, rather than the imposition of an interest-bearing obligation at abnormal rates, consequently such improvements as have been made have been financed through ordinary channels, with the confident belief that the consequent encroachment upon the treasury reserve can be restored without recourse to measures inimical to the public good.

Cash in the treasury January 1, 1923 . . . \$65,562.74

Cash in the treasury January 1, 1924 . . . 48,572.99

Outstanding taxes January 1, 1923 . . . \$ 6,519.54

Outstanding taxes January 1, 1924 . . . 11,123.85

In considering the financial condition of the city, it is a matter of gratulation that at the close of the coming decade the present bonded debt of the city will have been retired under the maturity plan under which the several obligations were funded. Few cities of our population and wealth can present as favorable a financial showing as the city in which we live.

With your permission I should like to touch briefly upon a few of the outstanding features and achievements of the administration just closed.

Early in the year public exercises of a most interesting character were held commemorative of the twenty-fifth anniversary of the departure of the Strafford Guards for active participation in the Spanish-American War. It was a source of great

pleasure to meet so many of the veterans of that conflict in the building from whose portico they were given a farewell message upon their departure for the front by the officials and citizens of Dover.

In the month of August the Tercentenary Celebration of the first permanent settlement of New Hampshire was fittingly observed. It seems unnecessary for us to dwell upon the unparalleled success attending the commemoration of that important event in the history of our city, as the memory of that happy occasion will live long in the memory of those who were privileged to be present during those wonderful days.

It seemed particularly fitting that the first volume of Dover's history should be issued coincident with the three hundredth anniversary of the town's settlement. This magnificent volume of historical, genealogical and industrial data of the early settlers of this ancient town should be in the library of every home in this city.

The establishment of modern traffic signals in congested centers, operating automatically, are permanent and attractive auxiliaries to the policing of our public thoroughfares, and are greatly appreciated by the traveling public.

The introduction of physical culture in our public schools became a feature of the school curriculum during the past year. Under the direction of Physical Instructor Anderson very satisfactory progress is being made.

The purchase of land on Portland street has brought to a realization a long desired addition to our voting accommodations. The removal of the present ward house in ward five to this new location will add materially to the comfort and convenience of the voters in that ward and save to the city the

annual rental charge for the land upon which it has been located for so many years.

A lasting memorial to Private William H. Dobbins has been placed on Broadway, at its junction with St. Johns street, which not only establishes a permanent testimonial to the valor of Dover's sons in the great World War, but a fitting recognition of the personal tribute paid by Private Dobbins to the great cause of humanity.

The assurance that Dover is soon to come into possession of the triangular piece of land immediately north of the building near Tuttle square, known as the "Old Dover Hotel," through the munificence of Miss Susan Woodman, provides a desirable opportunity for a small recreation center which permits unusual opportunities for ornamental development.

The beauty of the city lies, in no small measure, in its shade trees. A systematic effort has been made to preserve this beauty and safeguard the public from injury. The shade trees of our city have been well cared for during the past year. The trees have long been neglected, and consequently it has required quite a large expenditure of money to put them in proper shape. Another year I am sure will bring a wonderful improvement in this condition.

Combining the city streets and the country roads, Dover has about ninety miles of highways, and under the heavy traffic of today the cost of maintaining these avenues of travel is constantly increasing. I believe that a sufficient appropriation should be made so that the suburban roads should have more money expended on them in the future than has been the case in the past, so that the people living in the outside districts may have a decent road to drive over, as this is practically all the benefit the

residents in those localities derive from their contributions to the city treasury.

Last year I recommended that some method be provided, either by legislation or through the finance committee of the councils, which would give the mayor and city government some authority and responsibility in regard to the highway department. This suggestion was put into effect during the past year and worked out to excellent advantage. It was brought about through a joint conference of the street commissioner and the joint standing committee on finance, and I recommend a continuance of this policy the coming year, only on a larger scale.

New road building machinery has been purchased and put into operation during the past season, and the new roads constructed by the process thus made effective show that the money was well expended. The highway department is in a position where it should be enabled to do more permanent and satisfactory construction work this year than ever before.

It is with pleasure that I am privileged to state that the Rollins Memorial Building connected with the Wentworth Hospital has been provided with many valuable pieces of furniture during the past year, the gift of Mr. Edward W. Rollins. For his continued kindness to and interest in the city in which he lives, I desire to make grateful acknowledgment.

The trustees of Pine Hill Cemetery have finally come into possession of the "Sterling place," so called, which permits the future development of the cemetery along lines contemplated in the topographical survey made several years ago, which survey guides the development of the cemetery grounds, both in the construction of walkways and the grading of lots.

These are but a few of the many achievements which mark the passing of the year 1923. Without entering into detail respecting the possibilities for even greater development during the year upon which we are just entering, I bespeak your active co-operation in giving to our constituents an administration which shall mark a new era in our municipal life.

Dover, N. H., December 31, 1923.

ANNUAL APPROPRIATIONS, 1923

Band concerts	
\$400,00 from the money coming from the state. The arrangements for such concerts to be under the direction of the joint standing committee on finance.	
Brown-tail moths and other tree pests, suppression of	\$ 2,500.00
To include such sum as may be considered necessary to unite with state and federal authorities in the work of exterminating the white pine blister menace.	
Cemeteries	2,000.00
and income of the department. All coal to be furnished without expense by the committee on municipal coal supply. The department to assume the care of the Grand Army lot.	
City debt	3,000.00
\$10,000.00 from money coming from the state, and \$12,000.00 from income of the water department.	
City hall committee	4,500.00
and income of the department. All coal to be furnished without expense by the committee on municipal coal supply.	
Contingent expenses	7,000.00
and all municipal income not otherwise herein appropriated. To include	

the publication of the history of Dover, Fourth of July observance, the erection of such war memorials as the councils may authorize, including the dedication of such memorials and other military observances, and the payment of claims against the city not properly chargeable to other municipal divisions. Disbursements to be under the charge of the mayor unless otherwise provided.

County tax	\$28,402.27
Currier fund	
Income of fund to be applied by the mayor, under conditions imposed in the trust.	
Dover water works	5,825.00
The water department to pay the city hall committee \$200.00 for rent of rooms in the city building, also reimburse the city for all interest paid on the water debt, and \$12,000.00 toward the reduction of the water debt.	
Elections	1,750.00
Fire department	22,500.00
To include the installation of a fire alarm box at the intersection of Milk street with Mt. Vernon street, and a similar box on Portland street near the intersection of Atlantic avenue with said Portland street. All coal to be furnished without expense by the committee on municipal coal supply.	
Guppy poor fund	
Income of fund to be applied by the	

mayor, under conditions imposed in the trust.	
Highways	\$80,000.00
For the maintenance of the various interests under the management and control of the street commissioner. To include purchase of steam roller, asphalt plant, oiling streets, etc., \$6,500.00 for state highway maintenance, \$2,500.00 for state highway construction, \$3,333.00 for state highway construction under federal aid plan, and so much as may be available of \$20,000.00 for resurfacing and reconstruction of highways other than those under state control, the particular highways or sections thereof to be so resurfaced or reconstructed to be determined in joint conference of the street commissioner and the joint standing committee on finance of these councils.	
Health department	9,200.00
and income of the department. To include maintenance of clinics, \$50.00 to the city hall committee for rent of rooms in city building, repairs to incinerator and liability insurance.	
Insurance	5,100.00
To be apportioned by the mayor.	
Interest	6,872.73
and income from interest on daily bank balances, also reimbursement from water department for interest paid on the water debt.	
Lands and buildings	1,000.00

Memorial Day observance	\$ 375.00
To be divided as follows: C. W. Sawyer Post, G. A. R., \$275.00; Dover Post, American Legion, \$50.00; J. W. Christie Post, Veterans of Foreign Wars, \$50.00.	
Municipal coal	10,000.00
For coal to be furnished the city hall committee, Wentworth hospital, fire and cemetery departments. To be distributed by the joint standing committee on finance.	
Parks and playgrounds	4,500.00
To include supervision of playgrounds and removal of tree pests. The above sum, together with any and all income accruing to the department, to be expended under the direction of the board of park commissioners.	
Police department	15,875.00
and income from police court fines, fees, etc. To include the continuation of the gratuity heretofore allowed Ex-City Marshal Thomas W. Wilkinson, for the year 1923. The department to pay the city hall committee \$500.00 for rent of rooms in the city building.	
Printing and stationery	
\$1,250.00 from money coming from the state.	
Public library	7,750.00
and income of the department. To include the amount required by law, and the payment of \$1,050.00 to the school committee for heating and janitor service.	

Repairs of schoolhouses	\$ 1,000.00
and \$5,000 from money received from registration of motor vehicles. To include internal and external improvements to, and general care of, the various school properties.	
Salaries	11,950.00
To include the mayor, city clerk, city treasurer, city messenger, collector of taxes, city solicitor, board of assessors and clerk of said board, city physician, clerk of the common council, overseer of the poor, sealer or weights and measures, justice and clerk of the municipal court, and probation officer.	
Schools	96,500.00
and income of the department. To include all the legal requirements, cleaning schoolhouses, heating and janitor service for the public library, and \$2,000.00 to provide a physical director for the public schools. The school committee to pay the city hall committee \$500.00 for rent of rooms in the city building.	
State tax	
\$33,016.50 from money coming from the State.	
School tax	
\$2,998.00 from money coming from the state.	
State tax, polls	
\$2.00 per capita on all polls not exempt under provisions of law.	
Street lighting	15,900.00

Support of paupers	\$ 7,000.00
and all department reimbursements.	
Tercentenary celebration	
\$10,000 from money received from registration of motor vehicles. Funds to be paid out by order of the commit- tee on tercentenary celebration ap- pointed by these councils, subject to the approval of the mayor.	
Wentworth hospital	19,500.00
All coal to be furnished without ex- pense by the committee on municipal coal supply.	
Total	<hr/> \$370,000.00

ANNUAL REPORT
OF THE
JOINT STANDING COMMITTEE ON FINANCE

DOVER, N. H., Jan. 2, 1924.

TO THE CITY COUNCILS OF THE CITY OF DOVER:

The undersigned, joint standing committee on finance of the city of Dover, have examined the books and accounts of the city treasurer, John Q. Pike, and compared the footings of the receipts and disbursements with the accounts kept by the city clerk, and find the same in agreement.

We have carefully examined and verified all bonds, securities and trust fund accounts belonging to the city, and are satisfied that all funds and other property for which the city treasurer is officially responsible are accounted for, leaving a cash balance in banks to the credit of the city proper, of \$48,-572.99.

A complete list of the bonds and securities above referred to is hereto appended.

Respectfully submitted,

CHAS. G. WALDRON,
OWEN COOGAN,
JOHN J. DURKIN,
HERBERT W. TINKER,
BERNARD J. CONNORS,

Joint Standing Committee on Finance,

Total resources	\$	7,060.51
Total expenditures		7,046.96
<hr/>		
	\$	13.55

The increase of expenditures over normal years is largely due to the increased charge for board at the county farm and the several children's homes, as well as the advance in rents throughout the city. The industrial situation during the last two months of the year also inflated the cost of this department 100 per cent. over normal. During my term a claim of \$600 was filed against an estate for assistance rendered, which no doubt will be granted and turned over to my successor.

I want to thank every member of the city government and officials of the city for their help, courtesy and co-operation throughout the year.

WILLIAM H. GOVIN,

Overseer of the Poor.

ANNUAL REPORT
OF THE
BOARD OF POLICE COMMISSIONERS

HIS HONOR, THE MAYOR, AND GENTLEMEN OF THE
CITY COUNCILS:

We have the honor to submit the following report of the business of the Dover police department for the year 1923.

The organization of the Commission is as follows: Fred N. Beckwith, chairman; James H. McKeon, clerk; Charles E. Lord.

The department has had a very busy year, which can be seen by the city marshal's report. The department is greatly pleased over the many complimentary remarks from citizens and visitors relative to the capable and courteous service rendered during the tercentenary celebration by the local officers and their able assistants from other cities.

The department experienced a severe blow during the past year as a consequence of the sudden death of Assistant Marshal John McDonough. An efficient officer, respected and beloved by his extensive acquaintance in our city, his departure is keenly felt by the department.

PERSONNEL OF THE DEPARTMENT
FOR THE YEAR 1924

CHARLES C. CROWLEY, City Marshal.

RAYMOND P. LOUGHLIN, Assistant Marshal,

WILLIAM D. LOTHROP, Sergeant.

PATROLMEN

William A. Brownell,	Harris J. McGlone,
William S. Scanlon,	Edward F. McDonough,
Frank E. Tuttle,	Earl E. Hostler,
Harry McCarthy,	George A. LaBonte,
	Frank W. Jones.

FINANCES

Appropriation	\$15,000.00
Income	6,477.17
Refund, ex-city marshal	36.46
	<hr/>
	\$21,513.63
Expended	23,411.32
	<hr/>
Deficit	\$ 1,897.69

This deficit was due to the fact that there was no provision made to pay for the services of extra officers necessarily on duty during the tercentenary celebration.

The report of the city marshal is herewith annexed and made a part of this report.

Respectfully submitted,

FRED N. BECKWITH,
JAMES H. MCKEON,
CHARLES E. LORD,

Police Commissioners.

Dover, N. H., December 31, 1923.

ANNUAL REPORT
OF THE
CITY MARSHAL

TO THE HONORABLE BOARD OF POLICE COMMISSIONERS
OF THE CITY OF DOVER:

GENTLEMEN:—I have the honor to submit herewith the annual report of the city marshal, police department, Dover, N. H., for the year ending December 31st, 1923.

During the year just past there have been some changes in the personnel of the department. On June 14th occurred the death of Assistant Marshal John McDonough. I feel that the police department, as well as the city, has lost an efficient and conscientious official. Raymond P. Loughlin was promoted to fill the vacancy, and Frank W. Jones elected patrolman to fill the vacancy occasioned by the advancement of Patrolman Loughlin. Earl Hostler was chosen to fill the vacancy caused by the resignation of Everett L. Towle, and George LaBonte to fill the vacancy caused by the resignation of John A. Barry.

The department has had a very busy year. There have been seven automobiles seized by the officers for illegal transportation of alcohol, and all cars thus seized have been turned over to the county officials. There have been ninety arrests and convictions for violations of the prohibition laws, and there has been collected from these violators in fines and costs the sum of \$5,753.16.

Twenty-two extra officers from other police departments were employed, and rendered excellent

service, during the tercentenary celebration held in August, which passed off without a single accident or complaint of any kind.

The number of arrests during the year has been 361, of which 357 were males and 4 were females.

The arrests were for the following causes, viz:

Assault	14
Aggravated assault	1
Assault with intent to kill	2
Absent without leave from Battery B, 197th Artillery	3
Bastardy	1
Breaking, entering and larceny in the night time	7
Breaking, entering in the night time with in- tent to steal	1
Concealing leased property	1
Carrying loaded revolver	2
Carrying revolver	1
Caused to be operated an unlicensed automo- bile	1
Cruelty to animals	1
Carrying concealed weapon	1
Drunkenness	154
Disorderly conduct	1
Excessive rate of speed	13
Enticing girl under 18 years of age from home	1
Escaped prisoners	1
Gambling	4
Illegal possession of liquor	57
Illegal transportation of liquor	21
Illegal possession of narcotics	2
Idle person	2
Insane	1
Keeping liquor for sale	6
Keeping lottery tickets for sale	1

Keeping a gambling house	1
Larceny	3
Non-support	4
Negligently and carelessly discharging a fire arm	1
Operating automobile under the influence of liquor	7
Operating automobile without license	3
Operating automobile at a speed greater than reasonable	5
Operating unregistered automobile	1
Operating motor cycle under influence of li- quor	1
Receiving money for act of prostitution	1
Recklessly operating automobile	3
Refusing to stop for an officer	1
Street walker	1
Safe keeping	17
Selling liquor	6
Stubborn child	1
Using profane language	1
Wanted by Federal officers of Maine	2
With intent to cheat and defraud	2
<hr/> Total	361

They were disposed of as follows:

Appealed	20
Bound over to superior court	15
Committed to house of correction	35
Continued for sentence	24
Committed to county jail	9
Committed to state hospital	1
Case continued for February grand jury ...	1
Delivered to out of town officers	2
Discharged without trial	40

Defaulted bail	6
Delivered to house of correction	2
Discharged on disclosing	1
Delivered to United States marshal	2
Discharged after trial	5
Delivered to federal officers	4
Nol-prossed	8
Paid fines and cost	145
Paid costs	7
Placed on file	3
Suspended, mittimus at call of court	31

Total	361
-----------------	-----

Number of lodgers put up at police station during the year	334
Number of doors and windows found unlocked by the patrolmen and owners notified	157
Number of street lights reported out by the patrolmen and the Twin State Gas and Electric Co. notified	248
Amount of lost and stolen property recovered by the department and delivered to the owners	\$ 1,249.50
Fines and costs paid into city treasurer	6,477.17
Fines paid into the state	493.82

FINANCES

Appropriation	\$15,000.00
Income	6,477.17
Refund Ex-City Marshal Thomas W. Wilkinson, 15 days' pay	36.46
	<hr/>
	\$21,513.63

Expended	\$23,411.32
Resources	21,513.63
	<hr/>
Deficit	\$ 1,897.69

This deficit was due to the fact that there was no provision made to pay for the services of extra officers necessarily on duty during the tercentenary celebration.

I wish at this time to thank the Honorable Patrick W. Murphy, also Clerk Bert Wentworth and City Solicitor James McCabe, for their assistance and co-operation. I wish to express my sincere appreciation to the officers of the department who have proved their loyalty to me and have performed their duties faithfully during the past year.

Respectfully submitted,

CHARLES C. CROWLEY,
City Marshal.

Dover, N. H., December 31, 1923.

MORTALITY STATISTICS

In the following table is presented a classification of the causes of death in the city of Dover during the year 1923, exclusive of non-residents brought to this city for treatment in hospitals or other public institutions.

Mortality rate for 1923, 13.62 per 1000; a decrease of .30 from the determined rate for the previous year.

I. General Diseases:

Cancer of intestine	1	Cancer of stomach	1
Influenza	1	La Grippe	2
Pulmonary tuberculosis	3	Tubercular enteritis	1
Tubercular meningitis	2	Addison's disease	1
Secondary anaemia	1	Hypernephroma	1
Carcinoma cervix uteri	1	Tuberculosis of lungs	1
Diabetis	3	Typhoid fever	1
Pernicious anaemia	1	Miliary tuberculosis	1
Carcinoma of breast	1	Cancer of liver	1
Cancer of pancreas	1	Cancer omentum and colon ...	1
Phthisis pulmonalis	2		

II. Diseases of the Nervous System and the Organs of Special Sense:

Cerebral hemorrhage	13	Apoplexy	7
Paralysis agitans	1	Cerebral meningitis	2
Softening of the brain	1	Lateral sclerosis	1

III. Diseases of the Circulatory System:

Chronic endocarditis	1	Arterio sclerosis	8
Angina pectoris	6	Pericarditis	1
Fatty degeneration of the heart	2	Endocarditis	1
Mitral regurgitation	1	Dilatation of heart	1
Chronic myocarditis	2	Embolism	1
Endocarditis	1	General arterio sclerosis	1
Auricular fibrillosis	1	Myocarditis	6

IV. Diseases of the Respiratory System:

Pneumonia	3	Lobar pneumonia	11
Broncho pneumonia	3	Acute bronchitis	3
Pulmonary oedema	1	Angina pectoris	1

V. Diseases of the Digestive System:

Ulcers of the intestines	1	Gastro enteritis	4
Indigestion, acute	3	Ileo colitis	2
Peritonitis	3	Intestinal obstruction	2
Ulcer of stomach	1	Enteritis	1

VI. Non-Veneral Diseases of the Genito-Urinary System and Annexa:

Pyelo nephritis	1	Interstitial nephritis	5
Uraemia	1	Chronic nephritis	4
Cystitis	1	Chronic Brights disease	1
Disease of prostate	1	Acute nephritis	1

VII. The Puerperal State:

Premature birth	8
-----------------------	---

VIII. Diseases of the Skin and the Cellular Tissue:

Gangrene of leg	1	Septicaemia of face	1
-----------------------	---	---------------------------	---

IX. Diseases of the Bone and of the Organs of Locomotion:

None

X. Malformations:

None

XI. Early Infancy:

Marasmus	2	Undeveloped	1
Mal nutrition	1	Asphyxia of labor	2
Icterus neonatorum	1	Premature births	10

XII. Old Age:

Senility	3
----------------	---

XIII. External Causes:

Burns, accidental	2	Railroad accident	2
Automobile accident	1	Fractured femur	1
Murder	1	Shooting	1
Illuminating gas poisoning ..	1	Suicide by shooting	1
Fracture of hip	1		

XIV. Ill Defined Diseases:

Unknown	1	Surgical operation	1
Natural causes	1		
		Stillbirths	8

INFECTIOUS AND CONTAGIOUS DISEASES REPORTED

One hundred and forty-two cases of infectious and contagious diseases have been reported and investigated during the year, as follows:

Chicken pox	14	German measles	23
Impetigo	6	Measles	47
Mumps	2	Scarlet fever	3
Typhoid fever	7	Infantile paralysis	1
Tonsilitis	1	Tuberculosis	3
Whooping cough	35

MILK A REAL FOOD

Because milk is a fluid and cannot be chewed as can steak and vegetables, many persons think of it only as a beverage. In spite of this rather general belief, milk contains more actual solid materials than do many of the well known solid foods.

Milk inspections:

Number of samples of milk collected	49
Number of samples sent to state laboratory ..	26
Number of samples sent to University of N. H.	22
Number of samples collected of dairies	3
Number of samples found below legal standard	8
Number of samples found below standard of cleanliness	13
Number of samples milk collected from stores	11
Sediment test:	
Fair	7
Poor	4

For the proper enforcement of the laws governing the production and sale of milk, the collection of milk samples and a survey of the widely separated dairies is absolutely essential.

Under the Sanitary Food Law all sales of milk and cream at stores, shops or other places where merchandise is retailed, shall be in the original closed or capped bottles or other receptacles as delivered to the retailer by the producer or distributor. This rule is not to be construed as applying to sales of milk by restaurants, hotels or other places where such is to be consumed on the premises.

It has been the purpose of the local department of

public health to enforce the various regulations affecting the care and sale of this important element in the dietary of our people. Producers and dealers have responded promptly to all suggestions of the department, and have manifested a commendable readiness to co-operate in every way to improve the standard of their product wherever it has been found below the legal requirements.

WATER SUPPLY

Samples of water have been taken from our municipal water supply at different periods, in co-operation with the superintendent of the water department, for analysis by the state chemist, with the following results:

May 2—Showed slight trace of colon infection.

August 1—Showed an appreciable fecal contamination.

August 23—Indicated appreciable fecal contamination.

September 1—Good.

During the past season the floor of the receiving basin at the pumping station was cemented, thus permanently removing all possible sources of contamination at that important point from vegetable induction.

As a further safeguard against contamination field surveys have been made of Willand Pond and other sources of supply.

Samples of water have also been taken from independent sources of supply as follows:

June 29—Cistern of Eugene Levasseur.

July 19—Well of A. H. Woodward.

July 24—Well of William Penn Tuttle; spring of William Penn Tuttle; well of DeWitt Nute.

August 14—Spring of William Penn Tuttle; Pil-

grim Oak Spring, farm of F. H. Roberts; Hall's Spring, farm of James W. Cook.

October 11—Well of Albert Gage; well of Robert Kleuesener.

October 25—Well of William Penn Tuttle.

November 7—Well of F. C. Halliday.

The examinations of the water from the springs on the farms of Fred H. Roberts (Pilgrim Oak Spring), and James W. Cook (Hall's Spring), were made for the purpose of securing definite assurance of their availability for domestic uses during the tercentenary celebration last August. The analysis proved them to be of excellent quality, and copies thereof were placed at each spring.

SANITARY INSPECTIONS

This important work of the department has been given careful attention throughout the year.

The placarding of houses during the periods of infection, the fumigating of rooms occupied by infected patients, the investigation of complaints, the removal of dead animals and the improvement of plumbing has required no little attention.

The unsatisfactory conditions that have heretofore existed at the local passenger station of the Boston & Maine railroad have been greatly improved by the installation of new plumbing, and the women's toilet and retiring rooms are now kept in a neat and sanitary condition by the matron in charge. The members of the Civics Department of the Woman's Club have been of great assistance in bringing about these results.

Forty-two bathrooms and forty-one flush closets have been installed during the year, thus permitting the demolition and removal of the unsightly sheds and outbuildings formerly used for closet purposes.

ASHES AND REFUSE MATERIAL

Heaped-up waste cans are not only a source of annoyance to the employes of the department, but a direct violation of the rules of the department. When a can of ashes or waste material is placed out for collection, it should not be filled above the brim. If it is so filled the first gust of wind sweeps litter into the streets and upon the sidewalks. An impression of disorder and filth is thus created, and the collector is blamed for a condition which is solely due to the indifference of the contributor.

The collector of ashes and refuse material during the year has reached a high daily average. With convenient dumping places it has been possible to maintain the service with the equipment at our disposal. Eighteen hundred and seventy-nine loads of ashes have been hauled to the several dumps.

SEPTIC TANKS

With the introduction of septic tanks, the problem of the householder who had no means of connecting with the public sewer found its solution. With a properly constructed tank he can enjoy the minor advantages of his more centrally located neighbor at a minimum of cost and with no subsequent demands for repairs or replacements.

Eleven tanks have been constructed during the past year in different parts of the city.

INCINERATOR

The incinerator continues to take care of all refuse matter collected by the department as well as all combustible material delivered at the plant by private conveyance. A daily record has been kept of the quantities of refuse material destroyed, which reaches the rather surprising total of 11,353 loads. Of this total, 3,568 loads were hauled to the incin-

erator in automobile trucks, 5,104 in private teams and 2,681 by the department.

The building is open during the cold months of the year from 7 o'clock in the morning to 12 o'clock, noon, and from 1 to 4.40 o'clock in the afternoon, except on Saturday afternoons, when the building is closed. A man is in constant attendance during business hours. During the remainder of the year the opening and closing hours remain the same, but the service is continuous throughout the day.

CLEAN-UP CAMPAIGNS

The "Spring Clean-up" opened April 30th, and continued to the fifth of May, inclusive. Four hundred and ninety loads of waste material were hauled to the incinerator and disposed of during the six days.

There is only one way in which Dover may keep clean and that is for each individual to do his or her part. "Get the habit and keep up the habit!" should be the slogan if we are to approach the ideal in civic cleanliness.

The "Fall Clean-up" opened October 15 and continued to October 20, inclusive. Notwithstanding the fact that it rained intermittently during three of the days included in the schedule, interfering materially in the general consummation, a total of 345 loads of material was collected and taken to its destination, an increase of forty-four loads over the total of the preceding year.

PEST EXTERMINATOR

Mr. H. T. Pitts, a professional rat exterminator, inaugurated an intensive campaign against the rodents in September, introducing a method for which he claimed especially satisfactory results. Mr. Pitts presented credentials of a highly commendatory character from officials of surrounding towns, endorsing his methods as worthy of trial.

While the campaign was not entirely satisfactory, the dump at the incinerator plant, which was particularly infested, was planted with the material with particularly gratifying results.

REPORT ON TUBERCULOSIS WORK

Miss Eva Whitehead, District Nurse

The past year has been full of activity along tuberculosis lines. Until the work got on its feet in Dover, the clinic work was considered the most important. It was necessary to get in touch with the root of the trouble first. During the past year more emphasis has been placed on prevention and the teaching of proper hygienic living. This teaching might apply to all classes. None of us live as we should, even when we know better, and we, as a nation, are beginning to show it. Processed and demineralized foods have done much to weaken us, and overwork, overplay, overexercise, overworry and unnatural hours of activity without rest have completed our downfall. At the very beginning our race was physically fit, but undeveloped intellectually. We have gained intellectuality and are now physically unfit. This was proven to us during the recent war, which brought us many staggering but valuable lessons. If we are to build up our race and make it a virile race as well as intellectual, we must begin now. Therefore the work along these lines is being extended in that direction. How? In various ways. The children are considered first, for they are to carry on what we are now building on a small scale. They are being taught in the schools while the parents are being instructed in the homes. In order to reach the parents in the homes we have used the Woman's clubs and churches, and several health talks have been given to the half grown girls of the Girls' clubs. Also a weekly instructive talk on tuber-

culosis and prevention was carried on six weeks in Foster's Democrat.

This, of course, is only branching out; the usual clinic work has been carried on as formerly. This branch of the work consists of case-finding and bringing in for examination, afterward watching over and instructing. Thirteen clinics were held during the past year, attendance averaging from 25 to 30 at a clinic. Owing to the work being done along educational lines and including the county, bedside work is not done on a large scale, but 100 bedside calls were made during the year. This means supplies, advice, oversight and weekly baths. Dover boasts of 11 arrested cases brought about by proper hygienic living. More and more we hope to add to the number who enjoy rather than shrink from our New England winters. All that is needed and lacking is vitality, and Nature will supply that if we give her a chance.

VENEREAL CLINIC

The function of this clinic is to give proper examination, advice and treatment free, or at cost, to those who are financially unable to employ a physician.

As may be readily understood, the ethics of the case precludes publicity of individual treatments or the advantages accruing to those submitting themselves to the beneficial ministrations of the experienced attendants in charge of the work.

The work of the clinic for the past year may be briefly summarized as follows:

Number of admissions	7
Patients receiving treatment or examinations during the year	15
Administration or arsphenamine intravenously	67
Total number of treatments	229

Early last season barrels were placed at convenient locations on the Dover Point road for the reception of waste material and for special use of campers.

The Civics department of the Dover Woman's club had printed instructions placed on these barrels calling attention to their purpose and suggesting their use. Travelers by automobile promptly showed their appreciation of the innovation, with the result that it was necessary several times during the summer months to collect the accumulations of waste paper, boxes, etc., which would otherwise have been scattered along the roadside and detracted from the scenic beauty of the state highway.

Respectfully submitted,

WILLIAM E. WHITELEY,

Executive Officer of the Board of Health.

Dover, N. H., December 31, 1923.

ANNUAL REPORT
OF THE
STREET COMMISSIONER

TO THE CITY COUNCILS OF THE CITY OF DOVER:

GENTLEMEN:—I am submitting my annual report for the year ending December 31, 1923, showing the financial condition, also a summary of the work done by the various departments under my supervision.

Total	\$	9,629.92

FOURTH STREET BRIDGE

This bridge has been practically rebuilt, the work being done by F. W. Carleton of Bath, Me., to whom the contract was let. All parts were treated with a coat of creosote as a preservative, cement abutments were put in at the approaches on both ends and the roadway treated with an application of tarvia A. The total cost, including contract and work done by city employees, was \$7,769.07.

CENTRAL AVENUE BRIDGE

This bridge has been thoroughly cleaned by sand blasting, a coat of lead applied and painted, the work being done by M. M. Divine of Boston, Mass., on contract. Total cost, including engineer's service, \$1,798.00.

FRESH CREEK BRIDGE

Minor repairs have been made as occasion required. Cost of labor and material, \$53.29.

LOWER WASHINGTON STREET BRIDGE

The central part of roadway has been replanked. Labor and material, \$181.30.

Owing to the state highway department diverting traffic over the Dover Neck and Middle roads while construction was in process on the Dover Point road, we were obliged to scarify, grade and roll these roads from Court street to Tuttle lane in order to place them in as good condition as they were previous to making this a detour.

Work has been started to rebuild the Knox Marsh road. Owing to weather conditions we were obliged to discontinue labors until next year.

On July 27 the cart sheds at the city farm were partially destroyed by fire; these have been rebuilt.

Many demands are made upon the department for work which can not be classified; this work is done as the occasion requires.

I wish at this time to thank all those who have assisted me in any way in the performance of my duties during the past year.

Respectfully submitted,

MAURICE N. LAYNE,

Street Commissioner.

DOVER PUBLIC LIBRARY

OFFICERS FOR THE YEAR 1923

TRUSTEES

CHARLES G. WALDRON, ex-officio, mayor of the city.
HERBERT W. TINKER, ex-officio, president of common
council.

FRED HOOPER HAYES, elected 1900, term expires 1925

CLARENCE I. HURD, elected 1901, term expires 1926

MINNIE P. MORRILL, in charge of Cataloguing.
ETHEL W. DEVIN, in charge of Reference Work.

Janitor,
JOHN B. CALCUTT.

DOVER PUBLIC LIBRARY

ANNUAL REPORT OF THE BOARD OF TRUSTEES

TO THE CITY COUNCILS OF THE CITY OF DOVER:

The board of trustees report that the close of the year 1923 finds the public library in excellent working condition and its books well arranged on the shelves, a condition made possible by the addition of new steel shelving last year. The building has had its floors and stairs refinished, and under the new janitor and his assistant has undergone a thorough cleaning in doors and out; the windows of the basement have been screened against snow and ice pressure, and the shrubs and trees have been pruned and cared for.

The vacancy on the board, caused by the death of Mr. E. R. Brown last year, has been filled by the election of Hon. John Kivel to the place. Judge Kivel's well-known ability and judgment will render him a welcome addition to the board.

For the usual detailed account of work and financial condition, reference should be made to the reports of the librarian and treasurer, appended to and made a part of this report.

For the trustees,
CLARENCE I. HURD,
Secretary.

FINANCE COMMITTEE'S REPORT

TO THE TRUSTEES OF THE DOVER PUBLIC LIBRARY:

This is to certify that we have examined the financial accounts of John Q. Pike, treasurer, from January 1 to December 31, 1923, and find them to be correctly cast, properly vouched and the balance on hand to be as represented.

We have also examined the several investments and find them to be as represented in the report.

DWIGHT HALL,

JOHN KIVEL,

Finance Committee.

Dover, N. H., January 19, 1924.

DOVER PUBLIC LIBRARY

REPORT OF THE LIBRARIAN

TO THE BOARD OF TRUSTEES OF THE DOVER PUBLIC LIBRARY:

GENTLEMEN: The report of the librarian, showing the work of the library for the year 1923, is herewith presented.

THE YEAR'S GROWTH

Total number accessions	820
Received from the U. S. Government, but not accessioned, 3017 volumes and pamphlets.	
Worn out volumes withdrawn	232
	<hr/>
Total increase for the year	588
	<hr/>
Total number of accessioned volumes Dec. 31, 1923	50,746

THE WORK OF THE LIBRARY

The library was established in November, 1883, and opened to the public in January, 1884. It is therefore just concluding forty years of service. In this time it has issued more than two million books

for home reading, a work which cannot have failed to make its influence felt in the life of the community. From the first its purpose has been to serve all citizens impartially, all churches, all nationalities, old and young and rich and poor. This purpose has never varied, but the manner of administration has seen many changes, all in the direction of more liberal policies and greater usefulness.

Several milestones mark the course of the years. One was in 1888, when about a dozen town histories were bought and a beginning made toward a local history and genealogical collection. In last year's report mention was made of the large increase in money value of some of the volumes in this collection, which has grown with the years and now is valued at many thousands of dollars. It completely fills one room and attracts to itself many visitors from out of town, some of whom come from a distance and board in the city in order to spend days here in research work.

Another milestone was the first purchase of music, in 1895. This was an innovation, and it was only after considerable discussion and some misgivings that the sum of ten dollars was voted for the experiment. The amount bought ten music books, which were speedily worn out by constant use. More books were added, and a few years later, because a beginning had been made, the library received as a gift the fine music collection of Mr. John W. Tufts, a native of this city but long a teacher of music in Boston. Some years after that, by the will of Dr. James E. Lothrop, for many years a trustee and friend of the library, a bequest of one thousand dollars was received, the interest to be expended annually for music. Thus this department has grown until it now

fills the larger part of the fine arts room, where it is constantly consulted and widely used.

Still another milestone was the establishment in 1897 of a children's corner in one of the crowded rooms in the city building, where the library was then housed. When the present building was completed in 1905, a children's room had been planned and well equipped and here young readers have always found much pleasure. From the first, the effort on the part of the library has been to provide good material, to aid the children in the right use of it, and to stimulate, during the impressionable years of childhood, the formation of right habits of thought and high ideals of living. During the year just closed 13,081 books have been taken from the room for home use and 11,242 little visitors have sat at its tables. From it, the attendant in charge, Miss Parker, has given aid to parents and teachers, in the early part of the year kept up the story hour, and is now conducting a series of reading clubs in which the children are finding much enjoyment.

When the library was first open to the public its reference department consisted of two encyclopedias and one dictionary. These were multiplied and added to with handbooks and atlases and indexes and other reading aids till it became a well furnished reference library. In those early days it was generally reckoned that the number of books circulated was the measure of the usefulness of the library. All those who know libraries in this age realize that this is by no means true and that the reference use, although uncounted, is a large factor in the value of a library to its community. Especially is its educational use felt and so steadily has grown the connection of library and school that now pupils are sent regularly in school hours to do work in the ref-

erence room. Most of this work comes under the hands of Miss Devin, who is admirably fitted to care for it.

In those opening days the library equipped itself with a card catalogue of its books by author and title, and was exceedingly proud of the achievement, for card catalogues were then in their first stage, and their worth all unproven. This catalogue numbered perhaps 5000 cards. Subject work was soon found necessary, and in course of time analytics of books dealing with diversified matter were added. As the library grew, more and more work went into the catalogue and it was brought to a high degree of excellence by Miss Ida F. Hollingworth, who, loving the work, gave to it many years of careful oversight. At her death it came under the charge of Miss Morrill, who is industrious and painstaking in her work. It now contains approximately 115,000 cards and is the key which opens to practical use the material hidden between book covers.

In no part of library work, however, have more radical changes come about than in the circulation department, and every change has been a step forward in making books more accessible to the public. At first the books were kept behind a rail, and a person wanting something to read consulted the catalogue and made a list of numbers desired. With this list the attendant travelled around the shelves, often finding nothing in from a list of forty or more numbers. Whereupon the applicant laboriously made another list or went away unsatisfied. Now the applicant may go directly to the shelf, select what pleases him, and instead of one book only, may have half a dozen or more at a time if needed. Vacation privileges have also been granted, so that a person going away for several weeks may take

his supply of reading with him. Our foreign friends have been considered, and the library now provides books not only in English and Latin and classical Greek, but also in French, German, Spanish, Italian, Yiddish and modern Greek. Of the books issued during the forty years of the library's life, nearly a million were books other than fiction. Some of these were of cultural nature, essays, poetry and drama; some were informational—history, travel and science; and some were technical, works relating to industries and occupations. It is probable that the books of this latter class are less well known than the others, but they have been of practical aid to the readers, many of whom have borne personal testimony to their helpfulness. The large work of circulation demands not only intimate acquaintance with books, but also friendly knowledge of the widely differing tastes of those who use them. This is Miss Jenkins' work, and her success in it is attested by the large number of people who regularly seek her aid in book selection.

THE YEAR'S WORK

The circulation for the year has been 67,004, of which 53,923 were from the main library and 13,081 from the children's room, the total showing 8351 less than last year. For the first time in years the library does not report an increase in circulation. In the unprecedented weather of last winter, with its continued deep snows, the circulation fell about 3000 in the first three months, compared with the same three months of the preceding year. In the two midsummer months, when the whole city was working for the tercentenary celebration, the circulation again dropped about 2000 and was slow in recovering

in the fall. It is now coming up, however, and the work from the main room began to show an increase in November. It was in circulation only that the work decreased at all. In reference use the books were consulted as never before in the history of the library. The different organizations of the city in their various floats for the historical parade, sought not only pictorial effect but historical accuracy in all details. They came to the library for information, for ideas, and for pictures ranging over a wide variety of subjects. Of the 134 floats in that remarkable parade, at least one-half showed the influence of library use. The library's own contribution to the parade was a decorated car, surmounted by two large silk flags and bearing on either side a mammoth open book with the words: In 1775, 199 volumes; in 1923, 50,000 volumes. It was designed to show the early establishment of a library in the town, and its growth; and especially to emphasize the library idea throughout the country—the open book under the flag.

EXHIBITIONS

The principal exhibition of the year was held in midsummer at the time of the tercentenary celebration. The library had spent much time and work in its preparation, and when it was opened was gratified at the large number of visitors who came to it. It comprised maps and plans of the early settlement, showing the location of the settlers' lands and houses, the highways, the church, the jail, the pillory, the stocks, and the garrison houses. Following that came the early industries, the establishment of the factories, the development of the different churches and schools, and present day conditions; and finally came a collection of several

hundred portraits of citizens, past and present, before which returning visitors lingered long and found many familiar faces. The exhibit remained open a month and was seen by large numbers of people, many of them strangers to our city, some of them citizens who had not known before the resources of the library, and others still were young people and school children, and foreign born citizens, in whose hands the future of the city will sometime rest.

In November was held the usual annual exhibit of illustrated children's books, known as Children's book week. The display this year was made especially attractive by the use of many fine posters designed by pupils in the schools under the direction of the art teacher, Miss Comley.

For several weeks an exhibit of great interest has been shown in the fine arts room, consisting of 30 photographs in color, which are probably the first to be shown of a new color process that reproduces with exactness color effects in nature and portraiture. They have been much admired for their beauty and scientific interest.

At the present time an exhibition is being opened in the upper corridor which promises to draw to the library many visitors. It is an art exhibit showing the work of Dover artists. Sixty-five paintings, both oil and water colors, are shown, a number of fine pencil drawings, a monotype, an etching and several portrait bronzes. The display will come as a surprise to many people, for few persons had known the amount of good original work that was being done here.

In closing this report the librarian desires to acknowledge the kindly interest of the trustees in the various phases of library activity, and her appre-

ciation of their substantial recognition of the work of the assistants.

Respectfully submitted,

CAROLINE H. GARLAND,

Librarian.

Dover, N. H., December 31, 1923.

Whole number of books in library, 50,746.

In addition to this number of volumes entered on the accessions book, the library also owns:

A collection of 3800 book plates.

A collection of about 2800 mounted pictures.

A collection of minerals.

Maps and coast survey charts.

Many hundreds of periodicals, consisting of unbound files, duplicates and incomplete sets, carefully arranged for consultation.

THE WENTWORTH HOSPITAL

REPORT OF THE BOARD OF TRUSTEES

GENTLEMEN OF THE CITY COUNCILS:

We have the honor to submit herewith the eighteenth annual report of the board of trustees of the Wentworth hospital, for the fiscal year ending December 31, 1923.

STATISTICAL

YEAR	Patients Admitted	Accident Cases	Emergency Cases	Ambulance Cases	Per Cent Accident and Emergency Cases
1906	75	3	6	15	12.0
1907	307	40	25	49	21.2
1908	338	32	22	43	16.0
1909	325	51	48	42	30.5
1910	400	50	63	67	28.2
1911	421	41	35	66	18.0
1912	415	35	31	70	15.9
1913	466	75	56	52	28.0
1914	441	57	73	72	29.5
1915	552	61	69	58	23.5
1916	480	61	56	75	24.4
1917	513	49	47	71	18.7
1918	759	50	49	128	13.0
1919	710	84	83	106	23.5
1920	950	84	52	77	14.3
1921	1008	50	61	57	11.0
1922	960	68	58	71	14.2
1923	1106	113	83	78	17.7

As will be seen by the foregoing tabulation, the year 1923 established a new record for admissions, while the number of "accident" cases exceeded, by over thirty-four per cent., the record of previous years.

The number of days of free and partially free service rendered and the number of days' service for which established rates have been charged, during the eighteen years the hospital has been in operation, are presented in the following table:

YEAR	No. of Days Free Service	No. of Days Partially Free	No. of Days at Regular Rates	Total Days
1906	101	48	1,129	1,278
1907	991	199	5,172	6,362
1908	1,637	480	5,367	7,484
1909	2,078	415	5,466	7,959
1910	2,370	469	5,194	8,033
1911	2,148	595	6,005	8,748
1912	2,416	980	5,249	8,645
1913	2,101	1,452	6,591	10,144
1914	2,687	872	5,707	9,266
1915	2,623	1,490	6,746	10,859
1916	1,860	1,458	5,257	8,575
1917	2,075	1,360	5,836	9,271
1918	2,627	1,529	8,182	12,338
1919	1,800	1,986	7,320	11,106
1920	1,640	1,801	8,727	12,168
1921	2,256	1,740	9,398	13,394
1922	2,603	2,234	8,190	13,027
1923	2,931	1,707	9,818	14,456
Totals	36,944	21,115	115,354	173,113
Average per year	2,053	1,173	6,408	9,618

The actual disbursements for hospital maintenance during the year just closed, as obtained by deducting the sum of the several donations and other income received in trust for specially defined purposes from the total expenditures as presented in the report of the treasurer, was, in round numbers, \$56,200.00. Upon this basis the average daily cost per patient for the past year was \$3.88, while the average daily income per patient for the same period was only \$2.41. With a remunerative service of 11,525 days at an average daily deficit of \$1.47, and an absolutely free service of 2,931 days at an average daily cost of \$3.88, it must be apparent that the hospital, like all other public institutions of a similar character throughout the country, labors under a very serious handicap. In fact the actual cost of this free service at the Wentworth hospital for the year 1923 was considerably in excess of the entire appropriation set apart for general hospital maintenance during the years antedating the World War.

These distributive benefactions are not only of inestimable value to the community, but stand forth as significant testimonials to the philanthropic and co-operative spirit of our people.

During the past year it seemed advisable to revise the schedule of rates for hospital service to meet, in part, the steadily increasing operating cost of the institution.

The new rates are as follows:

DOVER PATIENTS

Ward rooms, per day	\$	3.50
Ward beds, per day		2.50
Private rooms: Hanson		4.00
Private rooms: Nealley		4.00
Private rooms: Seavey		5.50

Private rooms: Lothrop	\$	6.00
Private suite, per week, Williams		50.00
Children under twelve years of age, per day		2.00
Babies in obstetrical ward, per week ..		5.00

All patients admitted at private room rates to pay extra for X-Ray examinations.

Flat rate of \$3.00 to cover microscopical work of any kind, for all patients except those admitted free.

All serums and vaccine charged extra.

Plaster work for private room patients, \$3.00.

NON-RESIDENT PATIENTS

Patients living outside the limits of the City of Dover will be charged fifty cents per day over local rates.

Non-resident patients requiring the services of a graduate nurse will be charged the usual price for such service, including the nurse's board at the hospital.

Non-resident patients occupying ward beds will be charged \$10.00 extra for major surgical operations, and \$5.00 for minor operations; if occupying private rooms the charge will be increased to \$15.00 for major operations, and \$7.50 for minor operations.

All examinations extra.

None of the foregoing rates to include the services of a special nurse.

All nurses, whether attending local or non-resident patients, to be engaged by the superintendent.

OBSTETRICS

The following table shows the total number of births in the city, by years, since the hospital has been in operation, and the yearly ratio of such births occurring at the hospital.

YEAR	No of Births in City	No. of Births in Hospital	Per Cent of Births in Hospital
1906	315	5	1.59
1907	294	13	4.42
1908	328	38	11.59
1909	307	37	12.05
1910	322	34	12.73
1911	303	44	14.52
1912	260	47	18.08
1913	288	45	15.62
1914	244	36	14.75
1915	317	55	17.35
1916	310	46	14.48
1917	266	50	18.80
1918	334	104	31.14
1919	355	102	28.73
1920	367	128	34.88
1921	359	145	40.40
1922	311	123	39.55
1923	320	142	44.35

The obstetrical work of the institution grows apace with the increased facilities provided for this department of hospital activities. With a total birth registration in the city for the year 1923 of 320, the ratio of these births occurring at the hospital reached the surprising total of 44.35 per cent.

While the year 1923 leads in percentages in this phase of work, the number of children born at the hospital in 1921 exceeded the total for the past year by two. The number of births in the city for 1921, however, exceeded the record for the past twelve months by thirty-nine.

There seems no need to dwell upon the minutiae of administration or the measures adopted to insure

all patients admitted to the institution the highest measure of professional service. The personnel of the technical and executive staffs as well as the general equipment of the hospital is maintained at the highest possible standard of efficiency, and the institution ranks with the best of its class in the achievement of those worthy aims and purposes to which it is dedicated.

To the various guilds which have so generously contributed to our needs, to those public spirited citizens who have so substantially demonstrated their interest in the institution, and to Mr. E. W. Rollins, whose continued solicitude for the comfort and well-being of the attaches of the hospital has been so conspicuously manifested during the past year, we desire to express our deep sense of appreciation.

The reports of the superintendent and the treasurer are hereto attached and made a part of this report.

Respectfully submitted,

CHARLES G. WALDRON,
HERBERT W. TINKER,
JOHN KIVEL,
ASHTON ROLLINS,
GEORGE T. HUGHES,
JAMES CAVANAUGH,
GRACE B. HENDERSON,

Board of Trustees.

Dover, N. H., December 31, 1923.

THE WENTWORTH HOSPITAL

REPORT OF THE SUPERINTENDENT

TO THE BOARD OF TRUSTEES:

GENTLEMEN:—Your superintendent submits the following report for the year 1923:

GENERAL SURGICAL OPERATIONS

Operations	Diseases	Cured	Relieved	Not Relieved	Death	In Hospital
Amputation	Infected fore finger		1			
Amputation	Thumb	1				
Amputation	Fibroma of breast	1				
Amputation	Crushed fingers	1	1			
Amputation	Hammer toe	1				
Amputation	Gunshot wound of femur	1				
Amputation	Osteomyelitis of toe		1			
Amputation	Carcinoma of breast	5				
Appendectomy	Appendicitis acute	43			1	1
Appendectomy	Appendicitis acute with gangrene	1				
Appendectomy	Appendicitis chronic	14				
Appendectomy	Appendicitis with stricture of colon	1				
Appendectomy	Appendicitis acute with abscess	4				
Appendectomy	Appendicitis acute with pregnancy					1
Appendectomy and exercised	Appendicitis acute with lipoma	1				
Cholecystectomy	Ruptured duct, gall stones	1				
Cholecystectomy	Gall stones	1			1	1
Cholecystectomy	Gall stones	4				
Cholecystotomy, appen.	Gall stones and appen.	1				
Circumcision	Phimosis	10				
Circumcision, adnectomy and tonsillectomy	Phimosis, adenoids and enlarged tonsils	4				
Curetage	Discharging sinus					1
Curetage	Osteomyelitis	1	2			
Dressed	Crushed finger		1			
Dressed	Abrasion on knee	1				
Excised	Lipoma on hip	1				
Excised	Cyst, on back	1				
Excised	Enlarged cervical glands	1				
Excised	Sebaceous cyst	2				
Excised	Infected glands	1				
Excised	Exostosis	2				
Excised	Urethral caruncle	1				
Excised	Tubercular breast	1				
Excised	Carcinoma of breast	1				
Excised	Parotid gland	1				
Excised	Ganglion	1				
Excised	Lipoma on back	2				
Excised, curetted and extracted	Growth, necrosed bone, teeth	1				
Extracted	Impacted teeth	1				
Extracted	Splinters	1				
Extracted	Infected teeth	1				
Exploratory incision	Carcinoma with obstruction of bowels				2	
Exploratory incision	Abdominal adhesions	1				
Exploratory incision	Cancer of liver and stomach				1	
Gastrorrhaphy	Perforated stomach				1	
Hemorrhoidectomy	Hemorrhoids	9				
Herniotomy and appen.	Hernia inguinal and appen.	1				
Herniotomy	Hernia ventral	2				
Herniotomy	Hernia inguinal	10				
Herniotomy	Hernia femoral strangulated	1				

GENERAL SURGICAL OPERATIONS

Operations	Diseases	Cured	Relieved	Not Relieved	Death	In Hospital
Herniotomy	Hernia inguinal strangulated	1				
Mastoidectomy	Mastoiditis	5	1			
Nephrectomy	Nephrolithiasis	1				
Nephrectomy	Renal calculus with abscess	1				
Nephropexy	Floating kidney	1				
Not treated	Cleft palate and hare lip			1		
Not treated	Congenital dislocation of hip			1		
Opened and drained	Infected finger	3				
Opened and drained	Infection of face				1	
Opened and drained	Infected gland		2			
Opened and drained	Infected hand	2				
Opened and drained	Infected ear	1				
Opened and drained	Parotid abscess	1				
Opened and drained	Infected cervicle glands	5	1			
Opened and drained	Fistula in ano.	2				
Opened and drained	Infected heel	1				
Opened and drained	Infected leg	1				
Opened and drained	Abscess of face	1				
Opened and drained	Tubercular hip joint		1			
Opened and drained	Scrotal abscess		1			
Paracentesis	Empyema	1	1			
Reduced and enucleated	Comp. frac. sup. max. trauma of eye	1				
Reduced	Frac. femur	6	1			
Reduced and treated	Frac. femur, senile dementia				2	
Reduced	Dislocated shoulder	1	1			
Reduced	Frac. of tibia and fibula	5				
Reduced	Subglenoid dislocation	1				
Reduced	Frac. of ulna and radius	2	2			
Reduced	Dislocation of humerus	2				
Reduced	Dislocation of elbow	1	1			
Reduced	Frac. of fibula	3	3			
Reduced	Frac. of tibia	2				
Reduced	Fractured ribs	1				
Reduced	Frac. ribs and dislocation of clavicle	1				
Reduced	Frac. and dislocation of elbow		1			
Reduced	Frac. of humerus		2			
Reduced	Dislocated radius	2				
Reduced	Greenstick fracture		1			
Reduced	Colles fracture		2			
Reduced	Dislocated femur	1				
Reduced	Frac. of tibia and fibula and dislocation of ankle	1				
Reduced	Comp. frac. of left fibula					1
Reduced	Greenstick frac. of ulna and radius		1			
Reduced	Frac. of femur and dislocation of hip		1			
Reduced and sutured	Frac. of patella	1				
Reduced and sutured	Frac. of humerus, clavicle and femur, contusions				1	
Reduced	Comp. frac. ulna and radius					1
Reduced and sutured	Frac. nose and lip	1				
Reduced and sutured	Comp. frac. of fingers		1			

GENERAL SURGICAL OPERATIONS

Operations	Diseases	Cured	Relieved	Not Relieved	Death	In Hospital
Resection	Empyema	1				
Sutured	Incised wounds on head..		1			
Sutured	Lac. of hand	1	1			
Sutured	Lac. of lip	2				
Sutured	Lac. of wrist	1				
Sutured	Diverticulitis with gangrene					1
Sutured	Hare lip	1				
Sutured	Incised wound of arm	1				
Sutured	Lac. of face	1				
Sutured	Lac. of fingers	1				
Sutured	Lac. of scalp	1				
Sutured	Incised scalp		1			
Sutured	Incised wound of face		1			
Sutured	Scalp wounds and abrasions		1			
Sutured	Incised hand		1			
Sutured	Rectal fistula traumatic		1			
Sutured	Lac. on body	1				
Sutured	Lac. of thigh	1				
Treated	Carbuncle on neck	1				
Treated	Infected jaw	1				
Treated	Comp. frac. of skull	2				
Treated	Sprained ankle	1	1			
Treated	Obstruction of bowel					1
Treated	Frac. of femur and cerebral hemorrhage					1
Treated	Burns on three-fourth of body					1
Treated	Burns of entire body					1
Treated	Burns of extremities	1	1			
Treated	Burns on one-half the body	1				
Treated	Hypernephrosis			1		
Treated	Gangrene of foot		1			
Treated	No diagnosis			1		
Treated	Varicose ulcer	1				
Treated	Enl. prostate gland		1			
Treated	Cancer of rectum			1		
Treated	Sprains	1				
Treated	Sprains and shock	1				
Treated	Dis. of femur, shock, internal hemorrhage					1
Treated	Comp. frac. of femur, com. frac. of elbow, shock, int. hemorrhage.					1
Treated	Incised thumb	1				
Treated	Intestinal obstruction with perforation					1
Treated	Orchitis	1				
Treated	Infected heel	1				
Treated	Carcinoma of pancreas				1	
Treated	Bruises on face	1				
Treated	Bullet wound of neck	1				
Treated	Frac. of tibia			1		
Treated	Trauma of scrotum	1				
Treated	Gall stones		1			
Treated and dressed	Frac. of skull and incision					1
Urethrectomy	Urethral stricture	1

The following donations have been received:

Apples: Lee and Charles Tasker.

Books: Mrs. Harold Brown, Rev. Dr. Sloane.

Compress: Miss Susan Woodman, Mrs. Stacy Hanson, Mrs. Gorman.

Card table: Mr. E. W. Rollins.

Clock with Westminster chimes: Mr. E. W. Rollins.

Easter lilies for wards: What-so-ever club.

Flowers: Mrs. Garvin, Mr. Frank Libby, Mrs. Albert DeMerritt, Mrs. Nathan Wimpfheimer, St. Mary's Society, Mrs. L. E. Griffin, Newmarket, N. H.; C. L. Howe, Mr. Knox, St. Thomas church, Mrs. Ford and Mrs. Baker, Mrs. George G. Neal.

Fruit: Hospital club.

Green tomatoes: Mr. Goodearl.

Glass irrigating bottle: E. W. Rollins.

Ginger ale: Hospital club.

Ice cream for nurses: Mr. H. M. Davis.

Magazines: St. John's M. E. church, Miss Lura Mathes, Mrs. Smith, Portsmouth, N. H.

Money for nurses: Mr. Wong Ork, Mrs. Boyle.

Postcards: Mrs. Harold Brown, Rev. Dr. Sloane.

Rolls for player piano: Mr. Mesereau, Jerry Haley, Mr. and Mrs. W. E. Rowe.

Ripe tomatoes: Mrs. C. Pinkham.

Rugs and stair carpet: Mr. E. W. Rollins.

Night shirts: Mrs. Harold Brown.

Set of Dickens for nurses library: Anonymous.

String beans: Lee and Charles Tasker.

Forty-six dollars to be expended for nurses' library: Miss Cora Corson.

Fifty dollars to be expended for nurses' library: Miss Lizzie Pope.

Fruit: Hospital club.

Novel for nurses' library: Miss Frances Hyde.

The year has had its usual problems and additional responsibilities, due to the greater number of beds and the administration of the Gladys Rollins' Memorial Home for Nurses.

Our classification by The American Medical Association is Class B. We need a laboratory equipment, a technician and a larger X-Ray equipment and a different system of records for patients, in order to be in Class A. This I feel strongly should be done, but cannot be done without additional expenditures. Staff meetings are also included. Many hospitals in the United States and Canada are trying to meet these requirements, because it means better care for the patients because of the aids to diagnosis.

We have nineteen nurses training, and of that number four graduate within three months. The Bell system of record keeping has been inaugurated by the vote of the board of nurse examiners under the commissioner of education. This takes a great deal of time. The class work is more and more exacting and the superintendent has not the time to give to both classes and hospital administration. The result is that both lose in a greater or less degree.

The laundry is a most expensive item, but our own laundry is absolutely incapable for lack of enough equipment to do the work. Until we have an adequately equipped plant our work will have to go out.

Mr. E. W. Rollins has, during the year, given us a beautiful clock, three large rugs and a stair carpet for the Gladys Rollins' Memorial Home. He also has given us two large rugs for the superintendent's room in the administration building.

We have had \$112.00 given the superintendent for the purchase of books. With the co-operation of Miss Garland a selection has been made and the nucleus for a good library started.

The Hospital club has been most generous with its fruit fund and in many other ways. The committee for the making of dressings has been most faithful in attendance. Every year seems to bring an increasing number of friends to the hospital, but no group has had so long and so continued an interest as the surgical dressings committee of the Hospital club.

We admitted more patients in 1923 than any preceding year. The hospital is growing and filling a real need in our community life.

I thank the board of trustees for their interest and courtesy of the last year. I should like to express to Mr. Fred E. Quimby, clerk of the board, thanks for his unfailing kindness and uniform courtesy.

Respectfully submitted,

GRACE P. HASKELL,
Superintendent.

THE WENTWORTH HOSPITAL

REPORT OF THE TREASURER

TO THE BOARD OF TRUSTEES.

I submit herewith the report of the treasurer of the board of trustees of the Wentworth hospital for the year ending December 31, 1923.

RECEIPTS

Balance from 1922 account		\$ 100.50
City appropriation	\$22,500.00	
Grace P. Haskell, Supt.	33,356.41	
Interest on trust funds	1,515.00	
Nurses' Home—E. W. Rollins donations	1,466.68	
	<hr/>	\$58,838.09
Total		<hr/> \$58,938.59

EXPENDITURES

Salaries	\$23,573.48
Groceries and provisions	13,146.10
Maintenance	1,028.64
Ice	1,263.71
Medical and surgical sup- plies	5,355.69
Light and power	1,470.18
Furnishings	4,160.16
Transportation	606.53
Repairs	2,218.08

Laundry and engineering supplies	4,779.80	
Free bed funds	735.00	
Miscellaneous	67.59	
	<hr/>	58,404.96
Balance, cash on hand		533.63
		<hr/>
Total		\$58,928.59

TRUST FUNDS

James E. Lothrop	\$ 1,034.41
Martha E. Hanson	5,121.21
Emma J. Sanborn	3,493.26
B. Frank Nealley	5,416.85
Abbie M. Sawyer	4,333.48
Caroline Hanson	400.00
Leola Worthen	690.72
Arioch Wentworth	20,000.00
Nancy E. Lougee	1,654.84

Respectfully submitted,

JOHN Q. PIKE,

Treasurer.

Dover, N. H., December 31, 1923.

DOVER WATER WORKS

OFFICERS FOR THE YEAR 1923

CHARLES G. WALDRON,
Mayor of the City and President of the Board.

HERBERT W. TINKER,
President of the Common Council and Clerk
of the Board.

GERALD A. SCARR,	Term expires April, 1924
ALTA E. BICKFORD,	Term expires April, 1925
JOHN CLANCY,	Term expires April, 1926

JOHN Q. PIKE, Treasurer.

PATRICK J. HUGHES, Superintendent.

FRANK E. NASON, Office Clerk.

EDGAR A. BATCHELDER, Engineer at Pumping Station.

Meeting of the Water Commissioners, second and
last Tuesday of each month.

Office of the Water Board and Superintendent,
City Building.

DOVER WATER WORKS

ANNUAL REPORT

OF THE

BOARD OF WATER COMMISSIONERS

TO THE MAYOR AND CITY COUNCILS OF THE CITY OF
DOVER, N. H.

GENTLEMEN:—According to the provisions of the ordinance relative thereto, the board of water commissioners respectfully presents to you the thirty-sixth annual report of the condition of the department, together with the report of the superintendent, for the year 1923.

RECEIPTS AND EXPENDITURES

RESOURCES

Jan. 1, 1923, cash on hand	\$ 4,947.69
Collected and paid to the city treasurer	53,298.18
	<hr/>
Total	\$58,245.87

EXPENDITURES

Expenditures for 1923	\$54,277.62
Jan. 1, 1924, cash on hand	3,968.25
	<hr/>
Total	\$58,245.87
Paid city of Dover, reduction of debt	\$15,000.00
Paid city of Dover, interest	2,275.00
	<hr/>
Total	\$17,275.00

MAINTENANCE

Distribution piping	\$ 2,558.62	
Meter service	1,941.42	
Pumping station	13,028.75	
Service piping	2,560.70

Total		\$33,244.79

CONSTRUCTION

Meter service	\$ 161.05	
Distribution piping	3,442.01	
Service piping	154.77	
		<hr/>
		\$ 3,757.83
		<hr/>
		\$54,277.62

DEBT

The debt is now \$55,000. The notes representing this indebtedness call for the payment of \$15,000 per year for the years 1924 to 1926 inclusive, leaving \$10,000 to be paid in the year 1927, when the water debt will have been liquidated.

FILTER BED, RECEIVING BASIN AND RESERVOIR

During the year both filter beds have been periodically cleaned and scraped, the bottom of the receiving basin has been cemented, and a new anchor post iron fence has been erected around the basin, replacing the old wooden one, which was beyond repair. A start has been made towards improving

the grading of the banks around the basin and filter beds, which work it is contemplated to continue in 1924, until the grounds are in keeping with the nature of this valuable city property.

The reservoir has been thoroughly cleaned during the year, and the wooden fence around same has been repaired and painted and is now in good condition and should last a few years longer, eventually to be replaced with an iron fence.

We have installed a liquid chlorine apparatus at the pumping station as an additional safeguard in protecting the purity of the water supply.

The main chimney at the pumping station has been repaired and put in first-class condition by the cementing of all open seams and the installation of a new cap piece to replace the old one, which was broken and in a dangerous condition.

HYDRANTS

We have installed eight steamer connection hydrants at locations where we thought it most advisable, in place of some with only two and one-half inch hose nozzles, thus giving our outlying districts a greater protection in case of fire. All hydrants have been painted during the year.

EXTENSIONS

We have extended our mains at Merry street to Ridge street by laying 142 feet of six-inch cast-iron pipe, also at Tolend park and the Middle Dover Point road, by the installing of two-inch C. S. galvanized iron pipe to take care of the service in these sections.

DEPARTMENT RECORDS

Among the valuable records of the department is a set of drawings showing the location, size and

elevation of mains and fixtures under ground. These were started by Percy M. Blake, the engineer in charge at the time the municipal system of water works was installed.

Since that time small drawings have been made from time to time of all new construction, piping and gates.

During the year we have had prepared larger drawings of these smaller ones, made to correspond with those furnished by Engineer Blake.

The work was very skillfully and satisfactorily done by a recent graduate of our local high school, Mr. Francis Dawson, which certainly reflects great credit not only on Mr. Dawson's ability as a draughtsman, but to the value of the training that pupils may enjoy who are fortunate enough to be able to pursue the higher grades in our local schools, for an expert would be unable to note any difference in style or quality of the drawings furnished originally from those made by Mr. Dawson.

PIPE SHOP AT CITY FARM

We have started the putting of this building in better repair by the construction of a cellar seven feet high with cemented bottom, which repairs should be completed early in January, 1924, after which we contemplate installing the steam heating plant formerly used in the old ward house on Fifth street at the time the building was used for a domestic science school.

The physical condition of the system on top of ground is being kept in good condition and systematically improved. Our mains under ground are standing up well with few breaks, but our service pipes, especially those that have been in for thirty years or more, will continue to need renewals more

often from year to year, until all the old service pipes have been replaced with cement-lined pipe, the outside surface of which has been treated with a special paint for protection against rust.

During the coming year it is planned to repair the cement facing walls of the filter beds, which have commenced to crumble and are weakening in places.

Contemplated improvements in the removal and replacement of meters needing repairs are planned for the coming year.

WATER SUPPLY

On December 31, 1923, the height of the water in Willand Pond measured $42\frac{1}{2}$ inches above the zero mark.

A detailed report of the work done this year, including changes, repairs and improvements, also the receipts, expenditures and the amount of uncollected water rates, may be found in the superintendent's report, which is annexed to and made a part of this report.

For the splendid spirit of co-operation we have received during the year from every source, to each and all, your commissioners are duly grateful.

Respectfully submitted,

CHARLES G. WALDRON,

JOHN CLANCY,

A. E. BICKFORD,

GERALD A. SCARR,

HERBERT W. TINKER,

Water Commissioners.

DOVER WATER WORKS

REPORT OF THE SUPERINTENDENT

TO THE BOARD OF WATER COMMISSIONERS:

Herewith is presented the thirty-sixth annual report of the superintendent, showing the present condition of the department, the extensions and improvements made, with a statement, in detail, of the receipts, expenditures, abatements and uncollected water rates for the year 1923.

The pumping units at the high pressure station are in good condition. Except for a few minor repairs nothing was needed at this station.

At the low pressure station the motor-driven centrifugal pump in well No. 1 has run practically every day during the year.

I would renew the recommendation of the former superintendent that the motor-driven eight hundred gallon pump in well No. 2 be replaced with a pulley-driven five hundred gallon pump, to be connected with the kerosene engine. This substitution would, in my opinion, place this station in a better condition to meet any emergency that may arise. I would also recommend the enlarging of the aerating chamber.

Considering the dry spell in 1923, we were favored with an abundant supply of water. The level of the water in Willand pond reached its highest point in May, sixty-two and one-quarter inches above the zero point. At the close of the year it was forty-two and one-half inches above.

An analysis of the samples of water by the state chemist shows it to have been in a satisfactory condition during the entire year.

The drawings, showing the size, location and fixtures under ground which were started by Percy M. Blake, who was the engineer at the time of the installation of the system, were finished this year. The work was done by Francis Dawson, a graduate of the Dover high school.

He also finished a set of drawings of all construction up to date in pocket-sized book form, which makes them easier to handle in case of breaks in the system.

The work of this young man reflects credit, not only to himself, but to his teachers, for the very satisfactory manner in which it was done.

Our distributing system has been extended 142 feet on Ridge street, at Gilman heights section, and one hydrant added; 133 feet on Brooklyn avenue and 228 feet on Alberta avenue, what is known as Tolend park; 689 feet at Middle road to Dover Point.

The department has replaced eight hydrant barrels with those fitted with steamer nozzels, on the outskirts of the city, to further protect these areas in case of fire.

We also moved two hydrants, one at the junction of St. John street and Broadway, to just below the Grimes residence; the other at the junction of Locust street and Central avenue to across the street, on the right hand side of Locust street going toward Sawyers. These hydrants were moved in order to provide a more suitable location for the erection of the Dobbins and Christie memorials.

The sand in both filter beds has been periodically raked and scraped as in the past.

Cost of upkeep of Reo truck is stated below:

Gallons of oil, 37½, cost, \$52.50; gallons of gas, 495, cost \$105.52; repairs, \$331.64. Total, \$489.66.

Total distance travelled, 4532 miles.

The following is a summary of some of the work accomplished this year:

Services: Added	19
Discontinued	1
Repaired inside street line, charged to owner	74
Repaired outside street line	90
Shut off for owner to make repairs	14
Frozen	4
Number of services at date	2102
Meters: Repaired	196
Repaired by the department	181
Repaired at the factory	15
Replaced with new	15
Frozen	21
New meters set	24
In use at date	1819
Hydrants: Added to system	1
Repaired	13
Gates set in hydrant branches	3
Leaks: In distributing system	3
In fire system	2
Feet of new 6-inch cast-iron pipe laid	142
Feet of wrought-iron cement-lined pipe laid	917
Feet of galvanized pipe laid	228

The following is a monthly statement of the elevation reached by the water in Willand pond, for the years 1919, 1920, 1921, 1922, 1923, as recorded by

the altitude gauge set January 1, 1909, at the level of the water, at that date, and established at zero.

MONTH	1919 (above)	1920 (above)	1921 (above)	1922 (above)	1923 (above)
January,	23½ in.	27 in.	53½ in.	28 in.	52½ in.
February,	23 in.	26¾ in.	54 in.	26 in.	46 in.
March,	28 in.	36¾ in.	57½ in.	30 in.	43½ in.
April,	33 in.	49¾ in.	59½ in.	43½ in.	58 in.
May,	38 in.	53½ in.	58¾ in.	48 in.	62¼ in.
June	39 in.	52½ in.	55 in.	59 in.	59 in.
July,	36½ in.	51½ in.	51¾ in.	66 in.	50 in.
August,	31 in.	49½ in.	46½ in.	65 in.	46 in.
September,	30 in.	44½ in.	41 in.	63½ in.	40 in.
October,	28 in.	45½ in.	36 in.	60 in.	38½ in.
November,	26 in.	46 in.	30 in.	55 in.	38 in.
December,	28 in.	51¾ in.	29 in.	51¾ in.	42½ in.

The following is the rainfall in inches as recorded at the pumping station for the years 1916 to 1923, inclusive:

	1916	1917	1918	1919	1920	1921	1922	1923
Jan.	.83	2.50	1.07	.92	0	1.20	0	.90

PATRICK J. HUGHES,

Superintendent.

DOVER WATER WORKS

SUMMARY OF STATISTICS

For the year ending December 28, 1923, in form recommended by the New England Water Works Association.

DOVER WATER WORKS, CITY OF DOVER, STRAFFORD COUNTY, NEW HAMPSHIRE

GENERAL STATISTICS

Population at date, 13,029.

Date of construction, 1888-1889.

By whom owned, City of Dover.

Source of supply, pond and springs.

Mode of pumping (whether gravity or pumping),
pumping.

PUMPING STATISTICS

High Service Station

Builders of pumping machinery, George F. Blake,
Lawrence Machine Co., DeLaval Pump Co., Westing-
house and General Electric Co.

Description of fuel used, electricity and coal.

Brand of coal, Pool 10, R. O. M.

Average price of coal per gross ton, delivered,
\$8.88.

Coal consumed for the year, 52,800 lbs. for heat-
ing.

Coal consumed for the year, 5,400 lbs. for power.
Amount of water pumped with coal, 614,000 gallons.

Average static head against which pump works, 168 feet.

Average dynamic head against which pump works, 185 feet.

Electric driven pump—description of power:

Alternating, 3 phase, 60 cycles, 550 volts, 1700 R. P. M.

1. K. W. H. of electricity used, 305,375.
2. Pumpage by electricity, 251,353,000.
3. Gallons pumped per K. W. H., 823.
4. K. M. H. used per 1,000,000 gallons pumped, 1212.
5. Total pumpage for the year, 251,967,000 gallons.

Cost of pumping, figured on pumping station expenses, \$9,414.10.

Per million gallons pumped, \$37.36.

Per million gallons raised one foot (dynamic), \$0.20.

Low Pressure Station

Description of power:

Alternating, 3 phase, 60 cycles, 550 volts, 1500 R. P. M.

Average static head, 18 feet.

Average dynamic head, 25 feet.

K. W. H. electricity used, 26,138.

Gallons pumped per K. W. H., 4784.

K. W. H. used per 1,000,000 gallons pumped, 209.

Total pumpage, 125,052,000 gallons.

STATISTICS OF CONSUMPTION OF WATER

Estimated total population at date, 13,029.

Estimated population on lines of pipe, 12,500.

Estimated population supplied, 12,500.

Total consumption for the year, 251,967,000 gallons, (Venturi meter).

Passed through meters, 130,643,230 gallons, (consumers' meters).

Percentage of consumption metered, 52 per cent.

Average daily consumption, 702,885 gallons.

Gallons per day to each inhabitant, 53.9.

Gallons per day to each consumer, 56.2.

Gallons per day to each tap, 335.

Cost of supplying water, per million gallons, figured on total maintenance, \$131.94.

Total cost of supplying water, per million gallons, figured on total maintenance plus interest on debt, \$140,97.

STATISTICS RELATING TO DISTRIBUTING SYSTEM MAINS

Kind of pipe, cast-iron and wrought-iron, cement lined.

Sizes, from 4-inch to 16-inch.

Extended, 142 feet during year.

Discontinued during year, none.

Total now in use, 25.3192 miles.

Length of pipes less than 4 inches in diameter, 1145 feet.

Number of hydrants added during the year (public and private), 1.

Number of hydrants (public and private) now in use, 236.

Number of stop gates added during the year, 3.

Number of stop gates now in use, 293.

Number of stop gates smaller than 4-inch, 2.

Range of pressure on mains, 54 lbs. to 114 lbs.

SERVICES

Kind of pipe, wrought-iron, cement lined.

Sizes, 1 to 4-inch.

Extended, 863 feet.

Discontinued, 32 feet.

Total now in use, 19.3151 miles.

Number of service taps added during the year, 19.

Number now in use, 2102.

Average length of service, 47 feet.

Number of meters added, 24.

Number now in use, 1819.

Percentage of services metered, 86.

Percentage of receipts from metered water, 70.

Number of motors added, none.

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
FOR THE YEAR 1923

In accordance with the laws of the State of New Hampshire, the school committee of the city of Dover presents its report for the year 1923, it being the fifty-second in the series of reports of the city district.

THE SCHOOL COMMITTEE, 1924
CHOSEN BY THE PEOPLE

Members	Term Expires
Melvin B. Pray	Ward 1, Jan., 1926
John W. Morrison	Ward 1, Jan., 1925
Hazelle C. Whitehouse	Ward 2, Jan., 1926
Fannie W. Stiles	Ward 2, Jan., 1925
Frank R. Bliss	Ward 3, Jan., 1926
Charles A. Fairbanks	Ward 3, Jan., 1925
James F. Whitehead	Ward 4, Jan., 1926
Frank P. Waldron	Ward 4, Jan., 1925
George E. Brennan	Ward 5, Jan., 1926
Michael Duffy	Ward 5, Jan., 1925
Hon. Charles G. Waldron, Mayor, ex-officio.	

CHOSEN BY THE CITY COUNCILS

Members	Term Expires
Clarence I. Pinkham	Ward 1, Jan., 1925
Margaret M. Gorman	Ward 2, Jan., 1926
Moses J. Desautels	Ward 3, Jan., 1925
Norman E. Seavey	Ward 4, Jan., 1926
James F. Dennis	Ward 5, Jan., 1925

Annual meeting—The second Thursday in January, at 7.30 o'clock, P. M.

Stated meetings—The second Thursday in each month, at half-past seven o'clock, P. M.

ORGANIZATION FOR 1924

Chairman,
CHARLES G. WALDRON,
58 Grove Street.

Secretary,
MARGARET M. GORMAN,
66 Hill Street.

SUB-COMMITTEES, 1924

Finance and Claims:—Dennis, Whitehouse, Pinkham, Stiles, Morrison, Bliss, Mayor Waldron (ex-officio).

Text-Books:—Frank P. Waldron, Stiles, Duffy, Bliss, Morrison.

Music and Drawing:—Whitehouse, Brennan, Whitehead, Duffy, Dennis.

Health:—Gorman, Frank P. Waldron, Dennis, Duffy, Whitehouse.

High School:—Mayor Waldron, Brennan, Stiles, Whitehouse, Gorman.

Grammar Schools:—Stiles, Frank P. Waldron, Duffy, Whitehead, Pinkham.

Primary Schools:—Duffy, Desautels, Dennis, Stiles, Morrison.

Suburban Schools:—Brennan, Whitehead, Desautels, Gorman, Dennis.

Industrial Training:—Desautels, Whitehouse, Duffy, Gorman, Dennis.

Evening School:—Frank P. Waldron, Pinkham, Duffy, Stiles, Bliss.

Truancy:—Duffy, Frank P. Waldron, Stiles, Brennan, Dennis.

Mothers' Relief:—Stiles, Gorman, Whitehouse, Pinkham, Desautels.

Superintendent of Schools,

J. E. WIGNOT;

Office, City Building.

Office hours:—On school days, 8 to 8.30 A. M. Mondays and Fridays, 7.30 to 8.30 P. M. Tuesdays, Wednesdays and Thursdays, 4 to 5 P. M. Saturdays, 8 to 10 A. M.

Treasurer,

HARRY A. MORRISON;

Office, City Building.

Office hours:—9 A. M. to 12 M.; 2 to 4 P. M.

Truant Officer,

SIDNEY E. TAYLOR;

Office, City Building.

Office hours:—8 to 9 A. M., and 1.30 to 2 P. M. on school days.

SCHOOL CALENDAR

FOR THE YEAR 1923-1924

All schools open September 4, 1923. Sixteen weeks to December 21, 1923.

Vacation one week.

All schools open January 2, 1924. Eight weeks to February 22, 1924.

Vacation one week.

All schools open March 3, 1924. Eight weeks to April 25, 1924.

Vacation one week.

All schools open May 5, 1924. High school, six weeks to June 13, 1924. All others, five weeks to June 6, 1924.

FOR THE SCHOOL YEAR 1924-1925

All schools open September 2, 1924. Sixteen weeks to December 19, 1924.

Vacation two weeks.

All schools open January 5, 1925. Eight weeks to February 27, 1925.

Vacation one week.

All schools open March 9, 1925. Eight weeks to April 30, 1925.

Vacation one week.

All schools open May 4, 1925. High school, six weeks to June 12, 1925. Grade schools five weeks to June 5, 1925.

ANNUAL REPORT
OF THE
COMMITTEE ON FINANCE AND CLAIMS

DOVER, N. H., December 30, 1923.

The committee on finance and claims of the school committee of the city of Dover, N. H., respectfully submits the following report of the receipts and expenditures for the year ending December 31, 1923.

JAMES F. WHITEHEAD,
 CHARLES G. WALDRON,
 CHARLES A. FAIRBANKS,
 NORMAN E. SEAVEY,
 JAMES F. DENNIS,
 MELVIN B. PRAY,
 JOHN W. MORRISON,
 Committee on Finance and Claims.

RECEIPTS

Balance, Jan. 1, 1923	\$ 1,027.49
Appropriation for 1923	96,500.00
Tuition	3,392.50
Dog licenses	944.45
Public library, heating and janitor service	1,050.00
Smith-Hughes industrial fund	1,831.95
Income from M. A. and M. T. departments	141.00
Sale of books and supplies	21.28
Rebate on street railway tickets	54.21
	\$104,962.88

Expended\$105,091.85

Deficit*\$ 128.97

CLASSIFICATION OF EXPENDITURES

Administration:

Clerical expense of school board	\$ 150.00	
Salaries of other district officers	50.00	
Superintendent's salary in excess of \$2000	1,500.00	
Superintendent's expenses ..	515.71	
Truant officer and school census	746.38	
Other expenses of administration	1,156.76	
	<u> </u>	\$ 4,118.85

Instruction:

Principal and regular teachers' salaries	\$66,810.00

ANNUAL REPORT
OF THE
SUPERINTENDENT OF SCHOOLS

TO THE SCHOOL COMMITTEE:

I have the honor to submit herewith my sixth annual report, together with the reports of the headmaster of the high school, the school nurse, the truant officer, the director of physical training, the music teacher and drawing teacher; I have incorporated also the customary tables and statistical data.

A NEW DEPARTMENT

The outstanding feature of the year has been the creation of a new department of school activity, with a director of physical training at its head. For many years the school officials have been working to bring about a system of physical training in the public schools, realizing that thereby the health and physical welfare of the children would be greatly promoted. It seemed a desirable and wise thing to do; but, until this year, it seemed impossible to move the matter beyond the "recommendation" stage and bring it to a successful issue before the Finance Committee of the city government. Happily, the money for the purpose was raised this year without opposition, and the department has been in operation for four months under the direction of Mr. E. F. A. Anderson, who brings to this work all the necessary elements of natural aptitude and special training to make it a success. He has great faith in

it, enthusiasm, fundamental insight as to the meaning of the work, understands how to organize it, and possesses special ability to teach it. I can see that great good has been done already within the short time the work has been going on; but the maximum benefit will not be seen until the department is equipped as it should be with playground apparatus. This is our greatest lack, and the department will be hampered in giving best results until this is furnished. This means, of course, an increase in the school funds for the coming year. We should consider the money as an investment which will yield good returns in the form of better health and greater usefulness in the rising generation. Incidentally, the teaching of good sportsmanship and fair play is a consideration of no small importance.

Our other special departments of music and drawing have accomplished splendid results during the year. No change was made among the teachers of these subjects. I hope that none will occur for a period of years. Continuity of service by good teachers means success.

CHANGES IN THE TEACHING FORCE

I'll venture the statement that fewer changes were made in the teaching force during the past year than in any previous year in the history of the school department. This is a good sign.

Miss Hallie Stimpson, for four years the most capable and popular teacher of the Back River school, resigned in June, and left us for the sake of marriage. She was a good citizen and her going was a matter of regret to everyone who knew her and her work. The vacancy was filled by the selection of Miss Mina Forrest, who took special training at the Keene Normal school, preparing herself for the work

which she took up in September. She has made a good beginning. The fact that she lives in the neighborhood works to the mutual advantage of herself and her school. The school department is fortunate in having secured her services at this school.

Miss Frances Cartland, teacher in the Hale first grade, resigned in June, thereby terminating a period of service which has been a rare privilege to those whom she taught, and a pleasant memory to all who knew her and her work. The profession of "teacher" lost through her going a member who showed promise of great achievement, and, we hope, after a short period of rest, she may return to the ranks once more and fulfill the promise. Miss Edna Ordway, Dover girl, just graduated from Plymouth Normal school, took up her duties in September and has filled the position since that time in a most capable manner.

Mrs. Virginia S. Thayer resigned as teacher of domestic science and Miss Mary E. Cavanaugh, teacher of the 7th grade, Central school, was elected to the position. Miss Cavanaugh prepared herself by a special course at Keene Normal school and, because she has always possessed a strong natural bent toward work of this kind, she is succeeding admirably with it. Miss Fanny L. Morrison was elected to the 7th grade Central school position left vacant by Miss Cavanaugh. Miss Morrison is a teacher of exceptional ability and left a position paying a much higher salary in Brookline, Massachusetts, to come to Dover. We were lucky to secure the services of so able a teacher. Mr. Daniel Flint of Boscawen was elected teacher of manual training in the position left vacant by Mr. Ray M. Batchelder. The salary was increased in this posi-

tion, making it possible to secure a man of experience. Mr. Flint has succeeded admirably.

There were three changes in the high school. Miss Mildred B. Glawson, in the French department, Mrs. Pauline H. Stimson, in the commercial department, and Mr. Leonard R. Philbrick, teacher of algebra and English, all declined reelection in June. Their positions were filled by the election of Miss Mary C. Boyd of Dover in the French department, Miss Jennie M. Whitehouse of Farmington, New Hampshire, in the commercial department, and Miss Ruth Dunbar of Campello, Massachusetts, in Mr. Philbrick's position. Taken as a whole, the teaching force in the high school is stronger today than at any time within my knowledge. Continuity of service by good teachers is the foundation of progress.

EVENING SCHOOLS

These schools continue year by year to be about the same size numerically and to be of practically the same character. There is a class of older men (all of Greek nationality), who attend pretty regularly at the Sherman school throughout the school year of 60 sessions. Mr. Peyou has taught this school with good success for several years. Miss Henderson, Mrs. Folsom and Miss Sherry have classes in the high school ranging from beginners learning to speak, read and write English, up to advanced classes doing about 8th grade work. Men and women of all ages are found in these classes. The attendance dwindles perceptibly at Christmas time, and it is usually necessary to close a class or two during the winter term. The strike in the cotton mill has affected the attendance in these three classes unfavorably this fall. The work done is of good quality. Finally, there are classes of women taught at the Neighborhood House by Mrs. Crewe. These

women are taught some domestic arts branches as well as English. It is unique work conducted in a most efficient manner, and the good attendance shows that it is appreciated by the scholars.

THE ANNUAL SCHOOL CENSUS

I doubt if it is generally known that a school census, meaning a house to house canvass, is taken annually of all the educable children in the city. The main purpose of this census is to make it possible to enforce the attendance law. The census is taken by the truant officer. My purpose in mentioning this matter is to call attention to a growing dissatisfaction with the pay allowed for this work. In 35 cities reporting the expense of taking the school census, two cities pay \$.20 (twenty cents), per school child, two pay \$.10 (ten cents), while the general average is a little more than \$.06 (six cents) for each school child. The city of Dover pays for this work a sum which averages about \$.018 per school child. It is doubtful if we can continue to get this work done for this amount of money. The city should pay what the work is worth, and a fairer basis of pay would be to fix a rate at so much per child enumerated; for instance, \$.05 (five cents).

LIMITS OF SCHOOL DISTRICTS

It is impossible to adhere strictly to the limits of school districts as published annually in this report, without overcrowding some schools and stripping other schools of most of their pupils. Hence, I have to transfer children out of the district in which they belong and sometimes place them where they have a longer walk to school than they would have if they attended in their own district. There is no help for this, and, so far as it is humanly possible, the fair and square thing has been done; yet parents complain,

and many times seem unwilling to understand the circumstances. Many parents ask for reasons of personal preference, to have their children transferred out of their proper district. Their requests have been granted whenever it has been possible to do so without confusion. This whole question is a vexed one and I bespeak patience and a spirit of reasonableness from parents in handling it. It is absolutely impossible to settle this matter to the satisfaction of everyone concerned, strive as one may to do so.

TRANSPORTATION

The finance committee have measurably improved the transportation. Higher rates in some instances are now paid than formerly. Improved barges were bargained for and secured. This action was taken after the budget for the year had been fixed. This will increase the cost of transportation next year and proper allowance should be made for the increase in the estimates.

ODD ITEMS OF INTEREST

The teachers are doing successful work in prevention of accidents in the street. None have come to my notice this year. There have been a few accidents in the mechanic arts department due to carelessness which no teacher can wholly prevent. The department is protected by accident insurance and the machines are all equipped with necessary safety guards. No serious epidemic has appeared during the year. We have had none for a period of years. May we not fairly attribute this to the work of our school nurse?

The no-school signal has been seldom heard this year; but we lose about three weeks of the school year because of holidays, institutes and bad weather.

This is excessive wastage of school time and could be reduced materially. However, the per cent. of attendance, 94, is high; 167 pupils have been neither absent nor tardy during the year.

The cost of tuition in the high school has been raised from \$55.00 to \$70.00. This is a reasonable increase when the average cost per pupil in the high school is nearly \$100.00 for teachers' salaries, text-books, supplies and apparatus alone. The number of high school tuition pupils by towns is as follows: Rollinsford, 14, Madbury, 6; Durham, 18; Lee, 17; Barrington, 2; New Durham, 2; Strafford, 1; Somersworth, 1; Boston, 1. Elementary tuition pupils by towns are: Rollinsford, 5; Madbury, 6; Rochester, 2; Somersworth, 1.

I wish to call attention of all parents to the time of sounding the no-school signal printed on page — of this report, and to urge all to familiarize themselves with the hour. Hundreds of telephone calls might thus be avoided each year.

In conclusion, I wish to assure you that our schools have done well during the past year and are, at the present time, almost without exception, in good condition. Many fine text-books have been bought for the scholars, the teaching force has remained almost intact, much equipment has been added to the mechanic arts department, the health and physical welfare of all the pupils have been well looked after, the quality of the teaching has been, on the whole, excellent. And yet, we must keep in mind that there is room for improvement.

Respectfully submitted,

J. E. WIGNOT,
Superintendent.

ANNUAL REPORT
of the
HEADMASTER
of the Dover High School

TO THE SUPERINTENDENT OF SCHOOLS:

SIR:—I respectfully submit my sixth annual report of the Dover high school.

ATTENDANCE

	1918-1919	1919-1920	1920-1921	1921-1922	1922-1923	1923-1924
September enrollment	268	286	314	382	405	383
September per cent of attendance .	94.5	97.5	97.7	98.3	98.7	98.2
September tardiness	41	35	22	4	4	2
Fall term attendance	272	290	319	389	410	389
Fall term percentage of attendance	97	98.3	98.5	98.03	98.13	98.43
Fall term tardiness	92	92	85	55	50	31
Tuition pupils ...	47	38	45	44	61	59
Fall term percentage left school .	11			7	9	6

The attendance is not so large as that of the school year of 1922 and 1923. This is due to the loss of undergraduates during the vacation and to the rather large percentage of those who completed the work of the city grammar schools, but did not enter the high school in September.

Early in the summer months, after the completion of the previous year's work, a carefully arranged program was prepared for the next school year. The pupils were so grouped and distributed in classes that the smallest possible number might be in the various divisions. This adjustment has given the teachers abundant opportunity for good class room

instruction. Through such arrangement the pupils have derived great benefit, and are in better condition to improve the character and quality of their daily work.

The city regulation which requires the headmaster to hold a teachers' meeting on Thursday afternoon of each week, with few exceptions, has been carried out and has helped to unify the work of the instructors. These meetings have dealt with the various phases of school life, and especially with the individual pupil. Suggestions and advice in regard to improving the quality of the work have been followed with good results and the standard of the school has been materially raised.

According to statistics, our graduates have made most excellent records in higher institutions. In the New Hampshire University, twenty-one of the Dover graduates during the past semester have been placed on the honor list. In other colleges our students have made commendable records. Such information is encouraging and proves that our pupils are interested in their school work and are taking advantage of the opportunities offered.

ENROLLMENT BY CLASSES

Term 1.

Candidates for diplomas in June, 1924:

	1st Year	2d Year	3d Year	4th Year	Totals
Boys	68	46	39	30	183
Girls	73	50	39	44	206
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
	141	96	78	74	389

Graduates of the city grammar schools:

The following tabulation will give the per cent. of these pupils who entered the high school in September, 1923:

Sawyer school	87.5
Sherman school	50
Central school	92.5

The per cent. of such admissions for the past six years:

	1918	1919	1920	1921	1922	1923	Average
Sawyer	84	90	80	85.3	91	87.5	86.3
Sherman	60	68	48	84.8	87.5	50	66.4
Central	80	80	97.5	92.5	92.5	92.5	89.1

This table shows that approximately seventy-seven per cent. of the grammar graduates entered the high school in the fall term.

Young people should be encouraged to remain in school and to prepare themselves for greater usefulness in the world. The public has generously taxed itself for the support of the public school and it is regrettable that so many boys and girls fail to take advantage of their educational opportunities. After completing a course of study in the high school, those who have the ability, and whose parents can bear the expense, should enter some technical, trade school or college. As has been said in a former report, "Education, under normal conditions, is the open door to success in life."

The data below will give a comparison of all pupils leaving school in the summer months of 1922 and 1923:

	1922			1923		
	Boys	Girls	Total	Boys	Girls	Total
Juniors	3	2	5	2	9	11
Sophomores ...	5	4	9	4	4	8
Freshmen	8	4	12	13	17	30

Nearly fifty pupils, for various reasons, did not appear at the opening of school in September. The loss is nearly double that of last year.

The percentage of the present enrollment by classes:

	Boys	Girls
Seniors	40.54	59.46
Juniors	50.	50.
Sophomores	47.91	52.09
Freshmen	48.22	51.78

The total enrollment for the past term has been one hundred and eighty-three boys and two hundred and six girls.

ENROLLMENT BY COURSES

	Class		Sci.	Com'l		M. A.		D. A.		Gen. Total	
	B. G.	B. G.	B. G.	B. G.	B. G.	B. G.	B. G.	B. C.	B. C.	B. C.	
Seniors	1 10	11 4	5 24	11 0	0 3	2 3	74				
Juniors	0 14	24 0	1 16	13 0	0 6	1 3	78				
Sophomores	6 23	25 2	1 17	12 0	0 7	1 2	96				
Freshmen	13 23	25 1	5 37	24 0	0 13	0 0	141				
	<u>20 70</u>	<u>85 7</u>	<u>12 94</u>	<u>60 0</u>	<u>0 29</u>	<u>4 8</u>	<u>389</u>				

ENROLLMENT BY SUBJECTS

English literature and rhetoric	387
Modern history	32
Zoology and botany	78
Mathematics (not including commercial arithmetic)	301
Physics	69
Industrial history and commercial geography	36
Bookkeeping	43
Business law and political economy	46
Stenography and typewriting	37
Latin	92
French	184
Chemistry	25
Greek and Roman history	39
Mechanical drawing (independent of mechanic arts work)	2
Domestic arts (four classes)	29

Commercial arithmetic and penmanship	38
Mechanic arts (four classes)	60

MECHANIC ARTS PUPILS BY CLASSES

Seniors	11 or approximately 14.8%	of the class
Juniors	13 or approximately 16.66%	of the class
Sophomores	12 or approximately 12.5%	of the class
Freshmen	24 or approximately 17%	of the class

Entrance enrollment for the past six years:

	1918	1919	1920	1921	1922	1923	Total
	39	43	55	88	71	60	356
Loss during each year	19	18	11	5	5	5	63

The program in this department has greatly increased in value during the past six years. It is under the guidance of competent instructors in wood and iron work. The citizens ought to give this practical arts course greater encouragement and financial support. Mr. Pierce, the state inspector, made an official visit to this department in October, and his report shows that he was much pleased with the teaching and the work of the pupils, and was also pleased to find that the equipment had been improved and enlarged. This curriculum, in a measure, meets the needs of many boys who intend to leave school at the completion of a four years' course of study. Their preparation has fitted them to enter some useful occupation which calls for technical training and skill in the use of tools.

On November 15 the department had an open-shop-period, from seven until 9 in the evening. The parents of the pupils and others interested were invited to visit and inspect the shops. A goodly number took advantage of the opportunity to see the boys at work and to get an idea of the type of the projects completed. Parents are especially urged to visit this department, as such visits tend to encourage the boys to greater efficiency in their shop work.

LIST OF PROJECTS

WOODWORK

Tool boxes, picture frames, plant stands, meat boards, cake boards, nail boxes, tabourets, book ends, book cases, sewing screens, serving trays, sandwich trays, hall trees, telephone stands, piano benches, medicine cabinets, library tables, desks, tool cabinets, shelves, etc.

WOODTURNING

Lamps, candle sticks, rolling pins, chisel handles, file and screwdriver handles, bench vise handles and various woodworking tools. A large amount of turning has also been done in connection with pattern making.

MACHINE SHOP PRACTICE

Parts for pack-screws, counter sinks, six spur and cup centers for lathes, test bar. An arbor press and a jig saw have been completed. Two bench lathes and two bench grinders are under construction. A large amount of shop repairing has been done.

DOMESTIC ARTS PROGRAM

Pupils:

Seniors	3 or approximately 4%	of the class
Juniors	6 or approximately 7.6%	of the class
Sophomores	7 or approximately 7.3%	of the class
Freshmen	13 or approximately 9.2%	of the class

This program offers a splendid chance for young women to prepare themselves to supervise and manage a well regulated home. Every encouragement should be given by parents and citizens that the girls, especially those interested in home projects, may take advantage of this course of study. It will equip them for immediate service.

INSTRUCTION TRIPS

1. Steam heating system—Mrs. Pinkham's home.
2. Hot air heating system.
3. High school heating system.
4. High school ventilating system.
5. High school temperature control.
6. Telephone exchange.
7. Bro-Be-Co.
8. M. & M. Bakery.
9. Horton's Studio.
10. Royal Restaurant.
11. Twin State Gas & Electric Co.
13. Dover pumping station.
14. Lothrop's Music Rooms.
15. Mechanic arts department.
16. Domestic arts department.
17. Dover Steam Laundry.
18. Gas house.
19. Hatch's store.
20. Margeson's store, Portsmouth.

- MUSIC—"Barcarolle" *Boehnlein*
ORCHESTRA

Award of Prizes

COURSES OF STUDY

There are six courses of study in Dover high school, which have been approved by the state department of education. These are sufficiently varied in character and content to meet the needs of young people who desire to equip themselves for honorable citizenship.

PRIZES

The class of 1923 won the trophy for excellence in scholarship. The gold medal for merit in oratory was granted to Louise Jacques Raymond, and the second prize, a five dollar gold piece, was presented to Florence Alice Hayes.

OTHER SCHOOL ACTIVITIES

In the opera house on April 6, 1923, under the direction of Miss Eleanor Burwell, the senior class presented Shakespeare's play, "The Comedy of Errors." The drama was well patronized by parents, citizens and friends of the students. Every one that took part in the play did credit to the class and Dover high school.

The cast of characters: The Duke of Ephesus, Thomas H. McGrail; Aegon, Russell W. Folsom; Dromio of Syracuse, Frederick C. Smalley; First Merchant, John P. Fitzgerald; Dromio of Ephesus, Walter T. Pulsifer; Gaoler and Balthazar, Robert V. Sentner; Officer, Frank B. Moody; Antipholus of Syracuse, Francis C. Minnehane; Adriana, Ruth H. Smith; Luciana, Marjorie H. Gale; Antipholus of Ephesus, John J. McDonald; Angelo, Haven D. Layne; Luce, Lucinda F. Brown; Second Merchant, Lawrence J. Fluet; Lesbia, Irene M. Fluet; Pinch, Francis W. Lennon; Soldiers, Eugene W. Larochelle

and Arthur W. Greenaway; Abbess, Florence A. Hayes.

ATHLETICS

Great interest has been manifested in athletics. The selection of a skilled physical instructor for the students has been very beneficial. Mr. Anderson has given unstintedly of his time and energy in improving the athletics. His efficient work with the young people has met with unqualified success. All interested in physical training should feel that a move has been made in the right direction.

DECORATIONS

It was generally understood by teachers and pupils that all receipts from the school play, after meeting necessary expenses, should be equally divided between athletics and schoolroom decoration.

In June the graduating class presented a life sized statue of Abraham Lincoln. This was unveiled in the first corridor of the high school building. It was presented by the president of the class and accepted by the chairman of the school committee. The statue is a great addition to the decoration of the building. It is the intention of the headmaster that all entertainments shall furnish money for the purpose of purchasing appropriate sculptural masterpieces. By this method, not only can the building be made attractive, but the pupils will become familiar with the best in history, literature and art.

GRADUATING EXERCISES
of the
DOVER HIGH SCHOOL
June 21, 1923

Program

MUSIC—"Marche Pontificale" *Gounod*
THE ORCHESTRA

MUSIC—"Summer Fancies" *Metra*
THE SENIOR CHORUS

PRAYER

REV. DAVID A. PEARSON

Pilgrim Hymns in recognition of Dover Tercentenary:

"Every Sabbath they come together by ringing of a bell, about nine of the clock or before. The pastor begins with a solemn prayer. The teacher then readeth and expoundeth a chapter. Then a psalme is sung which everyone of the ruling elders lines out." *Thomas Lechford*

"DUNDEE"

"Let not despair, nor fell revenge,
Be to my bosom known,
O, give me tears for others' woes,
And patience for my own."

"OLD HUNDREDTH"

"Showt to Jehonah all the earth,
Serve ye Jehovah with gladness,
Before Him come with singing mirth,
Know that Jehovah, He is God,"

"PSALM 23"

"The Lord to mee a shepheard is,
Of want then shall not I;
He in the folds of tender grasse,
Does cause me down to lie"

THE SENIOR CHORUS

MUSIC—"Flower Song" *Lange*
THE ORCHESTRA

Address to the Graduates

HON. ERNEST W. BUTTERFIELD
State Commissioner of Education; Concord, N. H.

MUSIC—"Recessional" *De Koven*

Presentation of Diplomas

MR. JOHN W. MORRISON
Chairman of the School Committee

Presentation of Prizes and Certificates

MR. MORRISON

MUSIC—"A Beautiful World" *Frantz*
THE CHORUS

MUSIC—"Marche Militaire" *Schubert*
THE ORCHESTRA

GRADUATES, 1923

CLASSICAL:—Nina Irene Farrand, Marjorie Harriet Gale, Maude Annie Gibson, Vivian Elva Knight, Helen Alice McKone, Alice May Perkins, Walter Trueman Pulsifer, Robert Verrill Sentner, Charlotte Marie Smith.

SCIENTIFIC:—Russell Willand Folsom, Leo Francis Garvey, Samuel Waldo Hoitt, Haven Dwight Layne, Margaret Shaw Marnoch, Philip Edward McCabe, Thomas Henry McGrail, Frank Bailey Moody, Roland Francis Pinkham, Frederick Christopher Smalley, Fred Byron Stone, Marion Wentworth, Henry Ambrose Willey, Frank Henry Young,

COMMERCIAL:—Marjorie Ethel Brown, Katherine Frances Carroll, Margaret Dorothy Cash, Catherine Mary Cassily, Eliza Metcalf Cook, Rosamond Margaret Cutler, Thelma Adela Daniels, Madeline Gouin, Arthur Wilfred Greenaway, Florence Alice Hayes, Annie Esdale McFadden, Genevra Mann McGraw, Martha Lillian Morrison, Mary Wellenor Prescott, Marion Margaret Sherry, Frances Siegel, Ruth Horne Smith, Mary Helen Smith, Evelyn Cousens Spinney, Beatrice Desmond Sprague, Hazel Dorothy Tuttle, Ruth Libby White.

DOMESTIC ARTS:—Frances Lucinda Brown, Irene Mary Fluet, Grace Elizabeth Gerrish, Mary Alice Marston.

MECHANIC ARTS:—Robert Gale Cassell, Joseph Cole, Leslie George Davis, Francis Stephen Dawson, John Patrick Fitzgerald, Lawrence Joseph Fluet, Orrin Fredette, Homer Cecil Johnson, Eugene William Laroche, Francis William Lennon, Robert Hodgkins Reynolds, Frederick Arthur Tebbetts.

GENERAL:—Elizabeth Houghton, John Joseph McDonald, Francis Cecil Minnehane, Ruby Libbey White.

CERTIFICATES

RECIPIENT OF STENOGRAPHY CERTIFICATE:—Annie Esdale McFadden.

The following graduates entered postgraduate institutions in September:

NEW HAMPSHIRE UNIVERSITY:—Margaret Dorothy Cash, Catherine Mary Cassily, Joseph Cole, John Patrick Fitzgerald, Lawrence Joseph Fluett, Russell Willand Folsom, Grace Elizabeth Gerrish, Leo Francis Garvey, Samuel Waldo Hoitt, Haven Dwight Layne, Margaret Shaw Marnoch, Edward Philip McCabe, John Joseph McDonald, Thomas Henry McGrail, Frank Bailey Moody, Alice May Perkins, Rolland Francis Pinkham, Walter Trueman Pulsifer, Robert Hodgkins Reynolds, Robert Verrill Sentner, Frederick Christopher Smalley, Charlotte Marie Smith, Mary Helen Smith, Fred Byron Stone, Frank Henry Young.

JACKSON COLLEGE:—Marjorie Harriet Gale, Vivian Elva Knight.

KEENE NORMAL:—Madeline Frances Gouin, Mary Alice Marston, Martha Lillian Morrison.

PLYMOUTH NORMAL:—Frances Lucinda Brown, Elizabeth Houghton.

WENTWORTH INSTITUTE:—Robert Gale Cassell.

FORMER GRADUATES

NEW HAMPSHIRE UNIVERSITY:—Ruth Evadne Churchill, 1917.

TEACHERS

The retention of experienced teachers during the past year has been most favorable for the educational welfare of the school. The progress made by the student body has been very noticeable. The headmaster is always pleased to co-operate with

parents, teachers or other interested citizens in the management of the high school. Nothing great in education, or in other lines of business, can be accomplished without united effort. Therefore, we urge the citizens to visit the various departments of the school and inspect the teaching and the classroom work.

DEFICIENCIES

In accordance with city requirements, deficiencies have been sent out nearly every two weeks to parents whose children have not been able to meet the required ranks in their studies. Personal letters have also been mailed so that parents might know the exact numerical standing of their children in school. A record of all such notifications has been filed in the office for future reference.

At the beginning of the school year it would be well for the parents to consult with the headmaster in regard to courses of study, in order that their children may choose the curriculum best fitted for them. If the right course is chosen, very few changes should be made, as such action often tends to fickleness on the part of the student and failure to obtain promotion.

POSTGRADUATE WORK

Pupils are often undecided as to the future career in life. For this reason it would be to their advantage to consult the headmaster and learn from him the character of the various institutions in our own New England. Often times a little help and encouragement will assist deserving young people of ambition and ability to pursue a course of study which will improve their conditions and earning capacity in life.

In conclusion, I wish to express my appreciation

to you, the teachers and all who in any way have aided me in the management of the high school.

Respectfully submitted,

CHARLES L. WALLACE,

Headmaster.

Dover, N. H., December 18, 1923.

Number of graduates of the high school during the last ten years:

	Boys	Girls	Total	Per Cent.	
				Boys	Girls
1914	18	39	57	32	68
1915	21	36	57	37	63

1922	190	215	405	47	53
1923	180	202	383	47	53

The classical curriculum fits for an academic course at college and for normal schools. It should be chosen by those who wish to be lawyers, physicians, clergymen, teachers and the like.

The scientific curriculum fits for a scientific course at college. It should be taken by boys who wish to become civil, mechanical and electrical engineers or to do other similar work.

The commerce curriculum fits for their work clerks, cashiers, bookkeepers and stenographers. It is the curriculum for those who wish to engage in any form of merchantile or clerical work.

The mechanic arts curriculum trains artisans. It is for those boys who are to do skilled mechanical work. Under this head come plumbing, steam fitting, drafting and mechanical and electrical work.

The domestic arts curriculum trains for the work of the home and for normal schools. It is for the election of girls who wish to become nurses, dress-makers, milliners and teachers, and for those who desire a thorough knowledge of the activities of the home.

The modern language curriculum offers a larger choice of subjects than do the other curricula and is open to pupils whose aim is a high school education rather than a training for any particular object.

Pupils admitted to the high school, with the approval of their parents, must select one of the above curricula and take for graduation all the subjects therein. Changes from one curriculum to another may be made only by making up all branches included in the chosen curriculum. The work of any curriculum may be completed in four or more years, and extra studies may be taken only with the principal's consent, approved by the superintendent.

February 14, 1918.

Program of the Dover High School amended by replacing mechanical arts curriculum by Vocational mechanics arts curriculum. These changes are allowed.

(Signed) E. W. Butterfield,
State Superintendent.

In curriculum I, at least two years of a modern language must be taken if it is begun before Senior Year.

NOTE:—Each pupil to select at least three years of two of the following: Latin, French, German, Mathematics, Science.

Each pupil required also to take four studies each year, one of which must be English, and Am. Constitutional History must be taken in the fourth year.

REPORT OF THE SCHOOL NURSE

MR. JACOB E. WIGNOT, SUPERINTENDENT OF SCHOOLS,
DOVER, N. H.

The following outline of work done by the school nurse from January, 1923, to December, 1923, inclusive, is respectfully submitted.

Visits to schools	424
Visits to schools for inspections	124
Visits to schools for follow up work	54
Talks on health and hygiene	182
Treatments	51
Miscellaneous visits	67
Home visits	64

FINDINGS OF PHYSICAL INSPECTIONS

Eyes, 52 cases, treatments secured	15
Ears, 7 cases, treatment secured	2
Malnutrition, 276 cases, gained in weight	270
Orthopedic defects, 5 cases, being treated	2
Glands, 1 case, treatment secured	1
Adenoids, 9 cases, treatment secured	8
Tonsils, 10 cases, treatment secured	8
Defect of breathing, 4 cases, being treated	1
Defective teeth, 285 cases, treatment secured	83

COMMUNICABLE DISEASES REPORTED

Chicken-pox	5
Pediculosis	21
Pneumonia	2
Measles	28
Measles, German	14
Skin diseases	24
Typhoid fever	1
Tonsilitis	2
Whooping cough	30

Tuberculosis clinic—Ten cases have been reported to the clinic this year, five have been discharged and the remaining five are negative.

Communicable diseases—Many persons do not know that the law of New Hampshire requires that communicable diseases should be reported to the board of health by the physician in charge of the case, or, if there is no physician on the case, it should be reported by the head of that household. School children should be reported by their teachers to the superintendent's office, and by him reported to the board of health. Many cases are very mild and the parents do not call a physician and take no precautions against the spread of the disease, but a mild case of any communicable disease, unrestrained, may cause many virulent cases. There would be fewer epidemics if the parents would report all these diseases.

Teeth—The teeth should be cared for from their first appearance. The longer the first teeth are kept in, in good condition, the better and more regular the permanent teeth will be. The Dover Visiting Nurse Association is planning to start a pre-school dental clinic, which will be a good thing and may lead to the caring for the teeth of all needy children up to sixteen years of age.

Malnutrition—Malnutrition is not caused very often by poverty. In Dover, as well as in other places, nearly all the children 10 per cent. or more under weight are the children of the well to do.

CAUSES OF MALNUTRITION

Physical Defects—Such as adenoids, diseased tonsils, decayed teeth, etc.

Lack of Home Control—Parents should guide and control their children.

Over Fatigue—Late hours, over activity, too hard school and social programs, etc.

Faulty Food Habits—Eating irregularly, fast eating, too many sweets, tea and coffee, insufficient breakfast, too long between meals, not eating enough, improper food.

Faulty Health Habits—Lack of fresh air and exercise, insufficient sleep and rest, worry, etc.

These causes can be eliminated.

SIGNS OF MALNUTRITION

Bodily—Paleness, lines under the eyes, mouth breathing, flabby muscles, round shoulders, projecting shoulder blades, stooping posture, curvature of spine, prominent abdomen.

Nervous—Restless, forgetful, "contrary," inattentive, timid, irritable.

Under weight for height the best test.

Children need three meals of wholesome food each day. They need plenty of rest and sleep, so that they may get up in time to eat breakfast enough to last until the noon meal, or if they have a lunch, it should be fruit, or a piece of bread and butter, or possibly a drink of milk. In the Pierce school last term they began to serve milk at the morning recess, but it is too soon to draw any conclusions. This mid-morning serving of milk is not intended to take the place of breakfast, just to supplement it. The milk is paid for by those who use it. Good clean milk is good for young or old, and a pint a day would be a good balance wheel for all. The children enjoy the exercises given them by Mr. Anderson, and we hope they will be greatly benefitted by them. We hold before them the goal of 100 per cent. good health for all.

FRANCES HYDE,

School Nurse.

REPORT OF TEACHER OF MUSIC

TO THE SUPERINTENDENT OF SCHOOLS AND MEMBERS
OF THE SCHOOL BOARD:

It is with great pleasure that I submit this, my first report, as supervisor of music in the schools of Dover. The work has been a joy to me, marred only by my own limitations.

May I express my appreciation of the co-operation of the teachers in my efforts, of the wise counsel of Mr. Wignot and the hearty response of the superintendent and school board to my request for additional text-books and music. We are especially grateful for the Victrolas and records.

In the sixteen months of my service we have made a little progress toward our ideal of having every child singing, and loving to sing, beautiful, inspiring songs, every child reading the music required in his grade and every child playing some musical instrument.

The grade teachers are doing splendid work and are being provided with the necessary material for the vocal part of our work. But in instrumental work we still need much help.

We have a High School Mandolin Club that is doing good work and growing in numbers and interest. We have some of the instruments needed in a high school orchestra and good work is being done with the material at hand. We have a grammar school orchestra composed of ambitious boys and girls.

It can readily be seen that but few individuals can afford to buy the instruments needed in a well-

balanced orchestra. Consequently, we may have at one time several violins and no wind instruments, and at another too many cornets drowning out the strings. I was much pleased the other day to have a little grammar school girl tell me that she was to have a 'cello. Some day she will be welcome in the high school orchestra.

We need instruments owned by the city and loaned to the pupils, under bonds. We need free instruction in these instruments, given as a necessary part of the children's education or preparation for life.

While we wait for these great things, we are doing what we can. We realize that interest and enthusiasm must be generated and developed from the entrance of the child into the first grade. It cannot be deep and abiding, nor developed in the majority of the children, rather than the favored few, if left until the high school where the time for music is so limited and other interests crowd out much that is wholesome and fine.

So we are organizing a primary school orchestra as soon as the little instruments are provided. Plans are under way for the formation of a class for violins, where pupils who cannot afford private lessons may pay a small sum weekly for competent instruction. Victrola records of the various instruments are in each grammar school and the children are taught to recognize each instrument as it is heard, and a little about how its is played and its place in the orchestra.

I wish to express my appreciation of the co-operation of Mr. Wallace in many ways, and especially in giving me one period a week with the senior class. But very little progress in part singing will be made in the high school until each class has one period a week and the State Board allows credits for work in music. While all serious study in music

is dropped for three years and every other study has the stimulus of the credit system which compels a certain standard for graduation, it is too much to expect the interest in the subject to carry very far in the one period a week for the last year.

I wish the members of the School Board, and the citizens generally, could see us as we crowd together one hundred and fifty children in the little upper hallway of Sawyer school, or could go to any one of the four-roomed buildings and see nearly two hundred children gather in one room, some in seats, some on boards laid between the seats and some standing, while they sing with joy and enthusiasm. I think they would better appreciate how much we need an assembly hall and a piano in each building.

May we all realize that music is a power for good in the lives of our children and in the future of our country. Too long and too far has the pendulum swung in the direction of material things. Educators everywhere are urging the necessity of emotional control and guidance and the moral and spiritual uplift which comes best through good music. I am happy to have a part in this great work and grateful to all who have made it a success.

Respectfully submitted,

MINNIE L. EATON,

Teacher of Music.

REPORT OF TEACHER OF DRAWING

TO THE SUPERINTENDENT OF SCHOOLS:

I respectfully submit to you a report of my work as supervisor of drawing.

It is the aim of the drawing department to give instruction that will promote manual skill, better reasoning power and an appreciation of the beautiful.

The work in the grades begins first with the fall nature study, which is a great source of information in design work used later in the year. November and December are given over to holiday problems, involving construction, design, crayon and water color practice, according to grade. January and February to object drawing and illustration, March and April to design and May and June to nature study.

Construction work tends to develop manual skill, to promote originality and self reliance and to furnish children with clear ideas of workmanship.

Art, when combined with life's environment, becomes a growing human benefit. Utility may become attached to art without subtracting from the beauty of art. Every handicraft or manufactured object may become an article of beauty, when art is added, and still retain its utility.

Design is taught in a practical way by application to objects of use constructed by the class.

Drawing, painting, design, color and handicraft are each an important element in art; to know something or much of each will help that much toward better understanding of the whole. Each is an im-

portant link in the study of art, and the true artist acknowledges its importance.

Representation teaches children to observe more closely and to appreciate the color and form of the objects. Thus art in the graded schools has become a means of developing close attention and keen observation.

FREEHAND DRAWING, HIGH SCHOOL

What art education has accomplished for the high school student.

It gives them:

1. Ability to recognize and enjoy the works of great artists and craftsmen.

2. Ability to select good wall pictures for school, home, office and clubrooms; to choose suitable frames and to hang pictures properly.

3. Ability to choose good pottery and tableware in regard to form, color, texture and use.

4. Ability to arrange flowers in bowl or vase.

5. Ability to arrange fruits and vegetables for table decorations.

6. Ability to use color theory with a correct vocabulary.

7. Ability to recognize and enjoy fine color in textiles, pictures and nature forms.

8. Ability to build or select harmonious color combinations for costumes, home furnishings and gardens.

9. Ability to letter, using simple capitals.

10. Ability to recognize the relation between lettering and design or illustration in book covers, programs, announcements, posters, advertisements and printed pages.

11. Ability to choose or make good seasonal greeting cards, menu cards and place cards.

12. Ability to arrange rugs and furniture in an orderly manner.

13. Ability to arrange articles on shelves, mantels, dressers and tables in order.

14. Ability to discriminate between abstract design and pictorial representation and to decide the proper place of each.

15. Ability to recognize the relation of design to structural lines in dress, architectural details, gardens and home furnishings.

16. Ability to visualize when one reads.

17. Ability to base choices on art principles when buying or designing, rather than to be guided by passing modes introduced for commercial purposes, and to recognize fine line, form and color in inexpensive materials as well as in expensive wares.

18. Ability to influence the retailers' stock by demanding art in industrial products.

19. Desire to add to the beauty of the home by eliminating objects not beautiful or useful.

20. Civic pride, which demands fine buildings, fine street lamps and fountains and traffic signs, beautiful city and streets and parks and the elimination of billboards which detract from civic beauty.

21. Ability in graphic representation to convey information to builders, interior decorators, designers and advertisers.

22. Ability to enjoy the art elements of dark and light, line form and color, in natural scenery, in pictures and in the industrial product.

The real work of the art supervisor in the public schools is to provide experiences to the students which shall lead them to the appreciation of beauty in nature and art, thus enriching their lives and making them better citizens. This is done through teaching the fundamental principles of

drawing and design. The instruction is centered around the life interests of the student as first, personal; second, home and school; third, commercial; fourth, industrial; fifth, civic.

MECHANICAL DRAWING, HIGH SCHOOL

The work of the first year consists principally of elementary drawing, including geometric problems, lettering, use of instruments, developments and projections. Absolute accuracy and attention to details are of great importance in first year work, for without these as a foundation advanced work will be retarded and drafting worthless. Throughout the work the aim is to train the boy to form habits of carefulness, accuracy and neatness that will be of use to him in future life.

Respectfully submitted,

SYLVIA G. COMLEY,

Teacher of Drawing.

REPORT OF DIRECTOR OF PHYSICAL EDUCATION

TO THE SCHOOL COMMITTEE:

Upon assuming my duties as director of physical education it was necessary to prepare the lesson material for each grade for the year. This was a slow and painstaking job that required about seven weeks.

The regular work in the schools was begun the first of November by taking a posture test in all the grades from the third through the eighth. This test was given at the beginning to get a general idea of conditions before beginning the regular work. Seven hundred and nineteen took this test, with one hundred passing, for a school average of 15.9 per cent. On the first of December another test was given, more severe than the first. Out of the seven hundred and eighteen taking it, two hundred and forty-five passed, for an average of 34.1 per cent. This was an increase of over 100 per cent. in one month's time. This fine improvement would not have been possible had it not been for the wonderful co-operation and enthusiasm of all the teachers. These tests will be made monthly to note improvement.

Physical education is not only to develop the physical side of a child's life, but also the mental and moral. This is taken care of somewhat by the work in the class room, but I believe there are no better means of developing these than through play and athletic competition. It is our purpose, so far as space, time and equipment will allow, to encourage

this for all. Basket-ball for boys and girls will begin at once for as many as possible. In the spring baseball and soccer will be encouraged, and track, if suitable space can be obtained. It is hoped that when favorable, suitable apparatus for the lower grades may be obtained.

Besides the grade work there has been the direction of high school athletics. This year a greater number have reported for the major sports than any year previous, and it is the purpose, when favorable, to develop intramural athletics for the benefit of all. In this athletic training the main purpose is to develop men and women in developing their mental and moral side of life and training them to be leaders.

Respectfully submitted,

E. A. F. ANDERSON,

Director of Physical Education.

TRUANT OFFICER'S REPORT

TO THE SCHOOL COMMITTEE:

I respectfully submit the following report for the year ending December 21, 1923.

Number of complaints from teachers	169
Number of complaints from superintendent	2
Number of complaints from St. Charles's school	111
Number of complaints from St. Mary's academy	10
Number of complaints from other sources . .	4
Whole number of complaints received	296
Number of cases of absence investigated . .	284
Number of cases of tardiness investigated . .	12
Number of children found absent without good reason	85
Number found to be truant	18
Number of visits to schools	361
Number of visits to families	345
Number of visits to manufacturing establishments	63
Number of arrests	2
Number of children prosecuted	2

S. E. TAYLOR,

Truant Officer.

SCHOOL CENSUS

DOVER, N. H., Dec. 13, 1923.

TO THE SCHOOL COMMITTEE:

I respectfully submit the following report of the annual enumeration of school children, as required by law.

1. Whole number of children enumerated 5 years of age or older and under 16, inclusive: Boys, 1188; girls, 1153; total, 2341.
2. (a) Whole number of children registered as members of local public schools on September 30, 1923, 1464. Of these, how many are over 16? 179.
(b) Number of children registered in parochial or other private schools and institutions on September 30, 1923, 930. Of these, how many are over 16? 33.
(c) Number of children enumerated (5-16) who are attending high school or academy outside the district, 2.
(d) Number of children enumerated (5-16) who are attending elementary schools outside the district, 1.
Total number of children (5-16) reported in schools, 2185.
3. Number of children enumerated who are not registered in any school in the district or elsewhere, between 5-8, 118; 8-14, 0; 14-16, 38; total, 156.
4. Total number of children (5-16) accounted for, in school and out of school, 2341.

5. Number of children (5-16) reported in 2, (a) or (b), who live in other towns, 10.
6. Whole number of resident children accounted for, 2553.
7. Number between the ages of 10 and 16 not able to read and write in the English language, 9.
8. How many of these illiterate children were born in New Hampshire? 3; elsewhere in the United States? 1; in foreign countries? 5.
9. Number 10 years of age or over who, on September 30, were in Grade I, 0; in Grade II, 15.
10. Of the children (8-14) reported in 3 as not registered in any school, how many are excused by the school board on account of physical or mental disability? 0.
11. Of the children (14-16) reported in 3 as not registered in any school,
 - (a) How many have completed the course of study for elementary schools? 37.
 - (b) How many have been excused by the school board because of physical or mental condition? 1.
 - (c) How many have been excused from attendance by the Commissioner of Education? 0.
12. Number of defective children between 5 and 16: Blind, 0; deaf and dumb, 0; feeble-minded, 0; total, 0.

S. E. TAYLOR,
Enumerator.

NO SCHOOL SIGNAL

The following resolutions were adopted January 4, 1918:

RESOLVED—That the “No School Signal” will be 2-2, 2-2, 2-2, 2-2, on the fire alarm bells, followed by the 2-2, 2-2, on the siren whistle on the Williams’ Belt factory.

When given at 7.40 A. M., it means that no forenoon session will be held in either high or grade schools. When sounded at 7.55, the high school will be in session, but not the graded schools.

The signal for no afternoon session shall be given at 11.15 A. M., or at 12.45 P. M.

VISITS

By the superintendent, to all schools	396
By members of school board	16
By citizens	979

LIMITS OF SCHOOL DISTRICTS

The following table of limits gives the general outlines of the districts, which are subject to such changes as may be necessary from time to time.

GRADE VIII

Sherman School—East of Central avenue, Ham street and south to and including Stark avenue. West to Central avenue from the B. & M. R. R. to and including Silver street to Belknap street. Suburban districts.

Sawyer School—The northern part of the city bounded on the south by the city hall limits.

Central School—All of the southern and western part of the city not included in the above limits.

GRADE VII

Sawyer School—The northern part of the city bounded on the south by the B. & M. R. R., east to

the Cocheco river, and Fourth street west of the Cocheco river.

Central School—South of the Sawyer limits to Silver street, and as far west as Belknap street; south on Central avenue to Stark avenue and east of these streets. Suburban districts.

Belknap School—All of the southern and western part of the city not included in the above limits.

Sherman School—On the east side of Central avenue, Ham street and south to and including George street and Payne street. On the west side from the B. & M. R. R. to and including St. Thomas street and west to Belknap street. In addition, Rollinsford, Fresh Creek, Garrison Hill district and Blackwater.

GRADES VI, V

Sherman School—On the west side, from the B. & M. R. R., to and including St. Thomas street and west to Belknap street. In addition, Rollinsford, Fresh Creek, Garrison Hill district and Blackwater.

Sawyer School—The northern part of the city bounded on the south by Fourth street, west of the Cocheco river, the B. & M. R. R., between Cocheco and Central avenue and the northern Sherman limits.

Belknap School (b)—South of the Sherman limits to the lower end of Central avenue and as far west as Locust street.

Belknap School (a)—All of the southern and western part of the city not included in the above limits.

GRADES IV, III, II

Sawyer School—The northern and western part of the city. The southern boundary is Cocheco river and Fourth street west of the Cocheco river; the eastern boundary is Park street.

Pierce School—East of the Sawyer limits and as far south as Portland street.

Varney School—East of Central avenue south from Pierce limits to George street and west to Payne street; west of Central avenue, south from Sawyer limits to Silver street and Rutland street and including these streets.

Hale School—South of Varney limits to rural districts. Pupils from Garrison Hill district and Blackwater will be transported to the school having the smallest number of pupils.

GRADE I

Sawyer School—The northern and western part of the city. The southern boundary is Cocheco river and Fourth street west of the river, the eastern boundary is Park street.

Pierce School—East of the Sawyer limits and south to Portland street.

Varney School—East of Central avenue south from Pierce limits to Silver street and Rutland street and including these streets.

Hale School—South from the Sherman and Varney limits to Watson street and 227 Locust street.

Welch School—South of the Hale limits to the rural districts.

**PROGRAM FOR SPECIAL TEACHERS AND
JANITORS, 1923-1924**

DOMESTIC SCIENCE—GRADE GIRLS

MARY E. CAVANAUGH

Monday—8.20-1.30, Central VIII; 1.30-3.30, Sherman VIII.

Tuesday—8.30-10.30, Central VIII; 1.30-3.30, Ventral VII.

Wednesday—8.20-10.30, Sawyer VII; 1.30-3.30, Belknap VII.

Thursday—8.20-10.30, Sawyer VI; 1.30-3.30, Belknap VI A.

Friday—8.20-10.30, Sawyer VI; 1.30-3.30, Belknap VI B.

MANUAL TRAINING—GRADE BOYS

DANIEL FLINT

Monday—8.30-10.30, Sawyer VIII; 1.30-3.30, Sherman VIII.

Tuesday—8.20-10.30, Central VIII; 1.30-3.30, Central VII.

Wednesday—8.30-10.30, Sawyer VII; 1.30-3.30, Belknap VII.

Thursday—8.30-10.30, Sawyer VI; 1.30-3.30, Belknap VI A.

Friday—8.30-10.30, Sherman VI.

MUSIC

MINNIE L. EATON

Monday—8.30-9, Sawyer I; 9-9.30, Sawyer II; 9.30-10, Sawyer III; 10.30-11, Dover Point or Back

River; 1.30-2, Pierce I; 2-2.30, Pierce II; 2.30-3, Pierce III; 3-3.30, Pierce IV.

Tuesday—8.30-9, Sherman V; 9-9.30, Sherman VI; 9.30-10, Sherman VII; 10.25-11.05, high school; 1.30-2, Belknap VII; 2-2.30, Belknap VI; 2.30-3, Belknap VI and V; 3-3.30, Belknap V.

Wednesday—8.30-9, Sawyer IV; 9-9.30, Sawyer V; 9.30-10, Sawyer VI; 10-10.30, Sawyer VII; 10.30-11, Sawyer VIII; 11-11.30, Sawyer VII; 1.30-2, Hale I; 2-2.30, Hale II; 2.30-3, Hale III; 3-3.30, Hale IV.

Thursday—8.30-9, Central VII; 9-9.30, Central VIII; 10-10.40, high school assembly; 1.30-2, Varney I; 2-2.30, Varney II; 2.30-3, Varney III; 3-3.30, Varney IV.

Friday—

DRAWING

SYLVIA A. COMLEY

Monday—11.02-11.42, high school; 1.30-3.30, Sawyer school.

Tuesday—8.30-10.45, Belknap school; 11.02-11.42, high school; 1.30-3.30, Sawyer school.

Wednesday—8.30-10.10, Sherman school; 11.02-11.42, high school; 1.30-3.30, Varney school.

Thursday—8.30-10.45, Hale school; 1.30-3.30, Pierce school.

Friday—8.25-9.45, Central school; 11.02-11.45, high school.

JANITORS

HIGH SCHOOL

John B. Calcutt, residence, 136 Court street.

5.30-11.30 A. M.; 12.30-4.00 P. M. Six days per week.

SOUTH SIDE

Newell J. Winn, residence, 35 Belknap street.

Varney, 8.00-8.30, 11.00-11.30 A. M.; 2.45-3.30
P. M.

Belknap, 8.45-9.15, 10.30-10.45 A. M.; 2.00-2.30
and 3.30 P. M.

Hale, 9.30-10.15 A. M.; 1.30-1.45, 3.45-4.00 P. M.

NORTH SIDE

Branch McKay, residence, 6 Granite street.

Sawyer, 8.15-9.00, 10.05-10.30 A. M.; 1.25-2.15
and 3.45 P. M.

PINE HILL CEMETERY

REPORT OF SUPERINTENDENT

TO THE BOARD OF TRUSTEES:

The beneficial results of a definite policy of development, as adopted by the board of trustees of Pine Hill cemetery in the early days of its official life, is so conspicuously manifest in the improved appearance of the premises under their charge, as to render abortive any argument favoring a return to the ineffectual system of former years.

During the past year, in addition to the work necessarily incident to the general care of the grounds, foundations have been laid for twenty-four monuments and sixty-five headstones and markers. The regulation that all work of this character must be performed by the department, not only reduces the initial cost to the individual owner, but further inures to his advantage by practically guaranteeing him immunity from subsequent replacements.

Six lots on Avenue E have been lowered during the past season, which brings to completion the improvements begun several years ago immediately east of the Memorial Chapel. The grade of the grounds in that locality has been localized and the entrance to the cemetery greatly improved.

Twenty lots, together with the necessary walkways and avenues have also been completed in the new addition during the year, and the dwelling house on Court street repaired and placed in excellent condition for occupancy.

The purchase of the Sterling farm adjoining the new grounds, makes possible long desired improvements in the appearance of the easterly addition to the cemetery. The old and unsightly barn on the newly acquired property is being torn down and the work of improvement already started.

Four lots have been brought to grade immediately north of North avenue, and as this work progresses it will find ready expression in the improved appearance of the north-west section of the cemetery grounds.

Strafford Lodge, No. 29, A. F. & A. M., and other lot owners in the immediate vicinity of the Grand Army lot, are to be highly commended for their active co-operation with the cemetery trustees in improving their holdings. While the ultimate consummation of these improvements involved quite a large expenditure of time and money—an outlay voluntarily assumed by the owners of the lots—the cemetery authorities gladly availed themselves of the opportunity to supplement the efforts of the lot owners by enlarging and regrading the adjacent avenues, thus making it more convenient, both for vehicles and pedestrians to travel to and from this important section during memorial and other services.

Following is a list of the interments for the year 1923:
