RESULTS OF THE 1986 LITTLETON WARRANT

To the inhabitants of the Town of Littleton in said State qualified to vote in Town and State affairs:

You are hereby notified to meet at the Town Hall on the eleventh day of March, 1986, being the second Tuesday of March, at eight o'clock in the forenoon (the polls are to open at 8:00 A.M. and may not close prior to 6:00 P.M.; business meeting to be held at the High School Auditorium at 7:00 P.M.), to act upon the following:

ARTICLES 1. To choose one Selectman for the term of three years, one Town Clerk for a three year term, one Park Commissioner for a three year term, a Town Treasurer for a one year term, three members of the Board of Trustees of the public library for three year terms, one Trustee of the Trust Funds for a three year term, one moderator for a two year term, one Supervisor of Check List for a six year term. (Ballot vote)

The following Town Officers were elected:

Selectman - David E. Harris
Town Clerk - Thelma C. Santy
Treasurer - Lillian Sylvestre
Park Commissioner - George A. Santy
Trustee of Trust Funds - Howard J. Collins
Moderator - Gerald H. Winn
Supervisor of the Checklist - Donald S. Sargent
Library Trustees - Sharon B. Edgar, Michael L. Garroway, Gwendolyn Howe

ARTICLE 2. "Shall we adopt the provisions of R.S.A. 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In additions, the taxpayer must have a net income of less than \$10,000 or if married, a combined net income of less than \$12,000 and own net assets of \$30,000 or less, excluding the value of the person's residence." (By petition - Ballot vote)

This article was voted 773 yes t o 148 no. Passed.

ARTICLE 3. "Shall we adopt the provisions of R.S.A. 72:37 for the exemption for the blind from property tax? This his statue provides that every inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of \$15,000.00." (By petition - Ballot vote)

This article was voted 713 yes to 169 no. Passed.

ARTICLE 4. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

To change the definition of frontage to allow private streets that are approved by the Planning Board in a subdivision to provide lot frontage.

This article was voted 511 yes to 333 no. Passed.

ARTICLE 5. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for town zoning as follows? (Ballot vote)

To change the definition of Multi-Family Housing to include examples of multi-family housing types, "such as, but not limited to, condominiums, apartments or other common wall or row-type housing units."

This article was voted 458 yes to 355 no. Passed.

ARTICLE 6. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

To establish the boundary between the R-1 and Rural Zones on Mann's Hill Road as a point which represents the boundary between the Armstrong and Allison properties (now or formerly).

This article was voted 483 yes to 288 no. Passed.

ARTICLE 7. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

To extend the R-1 Zone to encompass an area known as "Greenwood Acres" located off of Elm Street.

This article was voted 492 yes to 315 no. Passed.

ARTICLE 8. Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

To extend the R-1 Zone to an area between the Gilmanton Hill Road and Cyr Road and from the Mount Eustis Road to the Bethlehem Town Line, excluding the present R-II areas.

This article was voted 457 yes to 311 no. Passed.

ARTICLE 9. Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

To establish a procedure for questions about the application of district regulations to lots which fall into more than one zone through a special exception from the Zoning Board of Adjustment.

This article was voted 488 yes to 267 no. Passed.

ARTICLE 10. Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

From ARTICLE IV, Section 4.02 Table of Use Regulations, delete the category of "expressly prohibited uses" and delete the symbol (-) from the table and add a sentence: "All uses not listed as permitted or special exception uses are not allowed."

This article was voted 394 yes to 338 no. Passed.

ARTICLE 11. Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

From ARTICLE IV, Section 4.02 Table of Use Regulations, delete the phrase "(involving substantial trucking)" which presently follows the use "warehouses" in order to allow warehouses which do not involve trucking.

This article was voted 450 yes to 314 no. Passed.

ARTICLE 12. Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

From ARTICLE IV, Section 4.02 Table of Use Regulations, delete the phrase "(bakery and food processing plants)" which presently follows the use "wholesale" in order to allow other types of wholesale uses.

This article was voted 490 yes to 278 no. Passed.

ARTICLE 13. Are you in favor of the adoption of Amendment NO. 10 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

To amend Section 6.01 on fence regulations to allow a fence surrounding an outdoor swimming pool to be no less than four feet and not more than six feet in height, without a special exception from the Zoning Board of Adjustment, to require that fences, screens, and retaining walls along or in the vicinity of property lines not become unsafe and unsightly and in the case of a finished fence, a finished surface must face the abutting properties.

This article was voted 531 yes to 252 no. Passed.

ARTICLE 14. Are you in favor of the adoption of Amendment No. 11 as proposed by the Planning Board for town zoning ordinance as follows? (Ballot vote)

For Multi-Family Housing and Cluster Single - Family developments as currently allowed in Town, to establish requirements for density, set-backs, public services, and other features.

This article was voted 402 yes to 331 no. Passed.

ARTICLE 15. Are you in favor of the adoption of Amendment No. 12 as proposed by the Planning Board for Town zoning ordinance as follows? (Ballot vote)

To combine ARTICLE XI (Administration - Zoning Officer) and ARTICLE XIV (Enforcement and Penalties) and clarify that the Zoning Officer administers and enforces the Zoning Ordinance, clarify when an application for a zoning permit must be submitted, the responsibility of the Zoning Officer in reviewing permit applications and in insuring compliance once approved, and in terms of a fine in the event of a violation of the ordinance, a limit on the amount of fine is removed, and the date from which the fine can be assessed is changed to be either the conviction date or the date of written notice.

This article was voted 280 yes to 492 no. Defeated.

ARTICLE 16. To see if the Town will vote to appropriate \$3,550,000 for construction of a secondary treatment plant and related costs. Of this amount, \$2,662,500 will be provided from federal sources; \$887,500 will be raised by the issuance of municipal serial notes and/or bonds under and in compliance with the provisions of the Municipal Finance Act, with \$710,000 reimbursed by the State of New Hampshire. This article further authorizes the Selectmen to issue and negotiate such notes and/or bonds and to determine the rate of interest thereon, and to take such other action as may be necessary to effect the issuance, negotiation, sale and delivery of such notes and/or bonds as shall be in the best interests of the Town. (2/3 Ballot vote required)

The polls were opened for one hour to vote by ballot on this article. A two-third vote is required to pass. There were 208 yes to 66 no. Passed.

ARTICLE 17. To see if the Town will vote to appropriate such sums of money as may be necessary to satisfy the purposes specified in the budget as posted.

An amendment by Selectman Hill was made to increase the Selectmen's salaries from the \$3,000.00 in the budget, to \$2,000.00 for the Chairman, and \$1,600.00 a year for the other two Selectmen, making a total of \$5,200.00 This amendment was passed. He then asked that the Selectmen's expenses be decreased by \$600.00 from \$1,800.00 to \$1,200.00 - this was approved. The Fire Department budget was increased by \$20,000.00, to buy new gear for the firefighters. It was also voted to include \$2,500.00 so that the street lights will remain on until sunrise. The total budget was increased by \$24,100.00 - from \$2,064,693.00 to the final budget of \$2,088,793.00. The final budget of \$2,088,793.00 was approved by the voters.

ARTICLE 18. To see if the Town will vote to establish a capital reserve fund for closure of the municipal landfill, and to appropriate \$100,000 to that fund, and name the Board of Selectmen as the agents of that fund as required by R.S.A. 35:15.

This article was approved by voice vote.

ARTICLE 19. To see if the Town will vote to appropriate \$60,000 for necessary repairs to the Town Building.

This article was approved by voice vote.

ARTICLE 20. To see if the Town will vote to appropriate \$3,000 to evaluate the feasibility of a municipal building at the site of the former Beaton property on W. Main Street.

This article was defeated by voice vote.

ARTICLE 21. To see if the Town will vote to appropriate \$11,555 to be used to fund a portion of a proposed regional study of solid waste disposal alternatives.

This article was approved by voice vote.

ARTICLE 22. To see if the Town will vote to appropriate \$143,000.00 for the purpose of making improvements to the library to provide safe and reasonable accessibility to the library for the elderly and the handicapped. (By petition)

This article was defeated by standing vote.

ARTICLE 23. To see if the Town will vote to transfer ownership of the remaining unsold copies of the 1984 edition of the Littleton Town History, to the permanent endowment fund of the Littleton Area Historical Society upon payment of \$3,000 by the Society to the Town. \$3,000 represents the outstanding balance of the \$35,000 appropriated by the 1981 Town Meeting for the project.

This article was approved by voice vote.

ARTICLE 24. To see if the Town will vote to adopt welfare guidelines as proposed by the Board of Selectmen.

This article was approved by voice vote.

ARTICLE 25. To see if the Town will vote to modify previous Town votes and policies to cease installation of new septic systems. Provided, however, that septic systems in place at the time of this vote will continue to be maintained and pumped at Town cost, but systems installed after this vote will not be maintained or pumped at Town cost.

An amendment was made to this article - to allow those with existing building permits for rural areas to be grandfathered to allow for installation and maintenance at Town cost- (meaning to continue existing Townpolicy). This article, with amendment, was passed by a vote of 71 yes to 44 no.

ARTICLE 26. To see if the Town will vote to abolish Site Plan Review authority given to the Planning Board in accordance with R.S.A. 674:43. (By petition)

This article was voted not to abolish Site Plan Review authority.

ARTICLE 27. To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Littleton and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the US Department of Energy's (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan. (By petition)

This article was approved by voice vote.

ARTICLE 28. To see if the Town will vote to authorize the Selectmen to borrow monies, from time to time, for current indebtedness of the Town for the ensuing year, in anticipation of taxes to be collected for the year 1986 and to be paid therefrom.

This article was approved by voice vote.

ARTICLE 29. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit, or a private source or bequest which becomes available during the fiscal year in accordance with the procedure set forth in R.S.A. 31:95-b.

This article was approved voice vote.

ARTICLE 30. To see if the Town will vote to authorize the Selectmen to sell and convey real estate acquired by the Town by Tax Collector's Deed, and to further authorize the Selectmen to sell any other personal property owned by the Town which is no longer used for municipal purposes. In every instance, sale shall be by public auction, or advertised sealed bids.

This article was approved by voice vote.

ARTICLE 31. To transact any other business that may legally come before the Meeting.

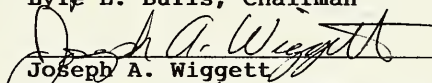

Dr. Richard Hill spoke of his concern over the problems of the town bridges. He stated there was an engineering report outlining what was necessary for Littleton to do to protect its bridges. He said the problems will grow worse if the bridges are not maintained.

The meeting adjourned at 9:10 p.m. (this being the second night of the meeting.)

Given under our hands and seals this 11 day of February, 1986.

Lyle E. Bulis, Chairman

Joseph A. Wiggett

Richard L. Hill, DVM

SELECTMEN OF LITTLETON, NH

LITTLETON WARRANT
The State of New Hampshire

To the inhabitants of the Town of Littleton in said State qualified to vote in Town and State affairs:

You are hereby notified to meet at the Town Hall on the tenth day of March, 1987, being the second Tuesday of March, at eight o' clock in the forenoon (the polls are to open at 8:00 a.m. and may not close prior to 6:00 p.m.; business meeting to be held at the High School Auditorium at 7:00 p.m.), to act upon the following:

ARTICLE 1. To choose one Selectmen for the term of three years, one Park Commissioner for a three year term, a Town Treasurer for a one year term, three members of the Board of Trustees of the Public Library for three year terms, one Trustee of Trust Funds for a three year term. (Ballot vote)

ARTICLE 2. Are you in favor of the adoption of Amendment No. one as proposed by the Planning Board for the Town Zoning Ordinances as follows:

To amend Article XV, Section 15:01 on Enforcement and Penalties to read as follows: "Any person who violates any provision of this ordinance may be made punishable by a civil fine of not more than \$100 for each day that such violation is found by a court to continue after the conviction date or after the date on which the violator receives written notice from the Town that he is in violation of this ordinance, whichever date is earlier."

(Proposed by the Selectmen, approved by Planning Board.)

ARTICLE 3. Are you in favor of the adoption of Amendment No. two as proposed by the Planning Board for the Town Zoning Ordinances as follows:

To amend Article II, Section 2.01 on Definitions, to include the following phrase: "Accessory uses to include but not limited to garages, swimming pools, carports, and sheds."

ARTICLE 4. Are you in favor of the adoption of Amendment No. three as proposed by the Planning Board for the Town Zoning Ordinances as follows?

To create a new section in Article VI on Special Provisions addressing Yard Sales and Flea Markets.

"6.03.01 DEFINITION. A "YARD SALE" or "FLEA MARKET" for the purpose of the ordinance shall be deemed to be the sale of used items offered to the public in an indoor or outdoor display on property normally used for puposes other than such sales. Examples of other purposes include but are not limited to residences, vacant lots, and commercial properties. This ordinance section shall also include "barn sales", and "garage sales" or other similar activities.

6.03.02 TIME LIMIT. No property located in any area of the town not zoned for retail sales shall be used for the purpose of operating a yard sale or flea market for more than 10 days in any calendar year. Any property so designated in the zoning ordinance as allowing retail sales may be used for the same in excess of this limitation provided all appropriate permits and licenses are obtained. It should be the responsibility of the owners of the premises to ensure that the time limitation contained herein is not violated.

6.03.03 SIGNS. No sign advertising any yard sale or flea market as controlled by this ordinance shall be posted more than two hours prior to the commencement of the sale and all signs shall be removed no more than two hours after its termination. No signs shall be posted on any property, including utility poles, without the permission of the owner thereof. It shall be the responsibility of the person or persons operating the yard sale to comply with this provision.

6.03.04 NOTIFICATION TO POLICE DEPARTMENT. Any person wishing to operate a yard sale or flea market within the Town of Littleton shall notify the Littleton Police Department no less than 24 hours prior to the commencement of the sale. This notification shall include the location of the sale and the proposed times and dates of the event. Any person operating such a sale and any person attending the same shall comply with all requests and requirements of the Littleton Police Department or its individual officers with regard to the flow of traffic and parking of vehicles in connection with such sale.

6.03.05 PENALTY. Any person who violates any of the above provisions shall be subject to a penalty. This will be done in accordance with Article XV of the Littleton Town Zoning Ordinances."

(Proposed by Selectmen, approved by Planning Board.)

ARTICLE 5. Are you in favor of the adoption of amendment No. four as proposed by the Planning Board for the Town Zoning Ordinance as follows?

To add to Article II, Definitions, the definition of Yard Sales and Flea Markets. Section 2.38 will read as follows: A "YARD SALE" or "FLEA MARKET" for the purpose of this ordinance shall be deemed to be the sale of used items offered to the public in an indoor or outdoor display on property normally used for purposes other than such sales. Examples of other purposes include but are not limited to redidences, vacant lots, and commercial properties. This ordinance section shall also include "barn sales", "garage sales", or other similar activities.

ARTICLE 6. Are you in favor of the adoption of amendment NO. five as proposed by the Planning Board for the Town Zoning Ordinances as follows?

"To change the present industrial district, bordered on the North by the Amonoosuc River, on the West by the Route 93 overpass, on the East by Bridge Street and on the South by the R-I zone along South Street, to a Commercial-I zone. (This change does not effect the present R-I zones along both sides of South Street)."

(Proposed by Selectmen, approved by Planning Board)

ARTICLE 7. To see if the Town will vote to appropriate such sums of money as may be necessary to satisfy the purposes specified in the budget as posted.

ARTICLE 8. To see if the Town will vote to appropriate \$144,700 for road improvements.

ARTICLE 9. To see if the Town will vote to appropriate \$100,000 to the reserve fund established by the 1986 town meeting for closure of the municipal landfill.

ARTICLE 10. To see if the Town will vote to appropriate \$25,000 for improvements to the Town Hall heating system.

ARTICLE 11. To see if the Town will vote to create a special unpaid committee to be known as the Upper Grafton/Lancaster Area Refuse Disposal Planning Committee pursuant to RSA 53-B:1 and appropriate a sum not to exceed \$19,323 for investigative engineering services. This committee shall study the advisability of establishing a Regional Refuse Disposal District and shall report back to the Selectmen and the Town for further action at a subsequent Town Meeting.

ARTICLE 12. To see if the Town will vote to establish a capital reserve fund for purchase of a fire truck, and to appropriate \$10,000 to that fund, and name the board of Selectmen as the agents of that fund as required by RSA 35:15.

ARTICLE 13. To see if the Town will vote to appropriate \$2,592 for contribution to a regional household hazardous waste collection project.

ARTICLE 14. To see if the Town will vote to appropriate \$18,454 for increases to members of the Police bargaining unit. Pay rates are according to the units proposed pay scales as outlined in the factfinders report, with step increases given on anniversary dates of hire - based on length of service.

ARTICLE 15. To see if the Town will vote to rescind previous appropriations of \$23,722 previously committed from the federal revenue sharing fund, for the purposes of reappropriation. This amount represents the remaining balance from the following previous allocations: 1983 articles 12, 14, and 15; 1984 articles 15, 19, 20, and 21; 1985 article 25.

ARTICLE 16. To see if the Town will vote to appropriate \$21,000 for purchase of communications equipment, and further to authorize withdrawal of \$21,000 for this purpose from the federal revenue sharing account.

ARTICLE 17. To see if the Town will vote to appropriate \$130,000 for the purchase of highway equipment (street sweeper and loader) and further to authorize withdrawal of \$92,871 for this purpose from the federal revenue sharing account.

ARTICLE 18. To see if the Town shall adopt the provisions of RSA 72:1-c which authorizes any town or city to elect not to assess, levy, and collect a resident tax.

ARTICLE 19. To see if the Town will vote to appropriate \$336,000 for the Mill Street project, with \$286,000 from the community development block grant received for that purpose, and the remaining \$50,000 to come from the parking meter fund.

ARTICLE 20. To see if the Town will vote to establish a capital reserve fund for a solid waste disposal facility, and name the Board of Selectmen as the agents of that fund as required by RSA 35:15.

ARTICLE 21. To see if the Town will vote to authorize the Selectmen to sell the following parcels of real estate owned by the Town as described by the following map and lot numbers of the Town tax map: Map 107, Lot 20; Map 111, Lot 14 & 51; Map 112, Lot 80; Map 114, Lot 3; Map 117, Lot 46; Map 120, Lot 34 & 73; Map 123, Lot 72; Map 125, Lot 26; Map 202, Lot 8; Map 229, Lot 5; Map 251, Lot 22.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to exchange a portion of real estate owned by the Town described as Map 125, Lot 33 for a portion of real estate owned by Edward and Ruth Marland described as Map 125 Lot 34 upon such terms and conditions as the Selectmen deem appropriate.

ARTICLE 23. To see if the Town will vote to abolish the Parks Commission, and place the responsibility and authority for Town Park Facilities and Recreation Programs with the Board of Selectmen. And further, to empower the Board of Selectmen to appoint an advisory committee to recommend a plan for the maintenance of the Parks, and for the establishment of recreational and leisure time activities. (By petition)

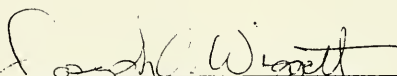

ARTICLE 24. To see if the Town will vote to authorize the Selectmen to borrow monies, from time to time, for current indebtedness of the Town for the ensuing year, in anticipation of taxes to be collected for the year 1987 and to be paid therefrom.

ARTICLE 25. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit, or a private source or bequest which becomes available during the fiscal year in accordance with the procedure set forth in RSA 31:95-b.

ARTICLE 26. To see if the Town will vote to authorize the Selectmen to sell and convey real estate acquired by the Town by Tax Collector's Deed, and to further authorize the Selectmen to sell any other personal property owned by the Town which is no longer used for municipal purposes. In every instance, sale shall be by public auction, or advertised sealed bids.

ARTICLE 27. To transact any other business that may legally come before the Meeting.

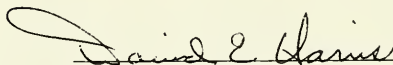

Given under our hands and seals this 11 day of February, 1987.

Joseph A. Wiggett, Chairman

Lyle E. Bulis

David E. Harris

Board of Selectmen
Town of Littleton
1 Union Street
Littleton, New Hampshire 03561

We have examined the financial statements of the Town of Littleton for the year ending December 31, 1986, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and included such tests of the accounting records as we considered necessary in the circumstances.

The financial statements of the Littleton Water and Light Department for the year ending December 31, 1986, have not been included in the accompanying financial report. However, another firm has been engaged to audit that department's financial statements for the year ended December 31, 1986.

The Town of Littleton has not maintained a record of its general fixed assets, and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial statements.

In our opinion, except for the effects of the omission of a statement of fixed assets, and the omission of the statements of the Littleton Water and Light Department as discussed in the preceding paragraphs, these financial statements present fairly the financial position of the Town of Littleton at December 31, 1986, and the results of its operations and changes in financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Littleton conform to generally accepted accounting principles applicable to governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of Accounting - The accrual basis of accounting is followed by the Trust and Agency Funds. The General Fund and Special Revenue Funds utilize the modified accrual basis of accounting whereby revenues are recorded when measurable and available and expenditures are recorded when the liability is incurred.

General Fixed Assets - As is the usual practice in the State of New Hampshire, fixed assets are not capitalized in the accounting records when acquired. Funds used to acquire general fixed assets and/or make the debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made. Generally accepted accounting principles require that general fixed assets be capitalized and accounted for in a separate fixed assets group of accounts.

Continued Appropriations - Appropriations for certain projects and specific items not fully expended at year end are carried forward as continued appropriations to the new year in which they supplement the appropriations of that year. At the year end, the continued appropriations are reported as a component of the fund balances and are detailed as follows:

General Fund

Redington Street and Beacon Street Bridges	\$ 27,840
Landfill Closeout	50,233
Sewer Treatment Plant Redesign	37,500
Town Building Repairs	43,191
	<u>\$158,764</u>

Special Revenue Funds

Revenue Sharing

Bookkeeping Equipment	\$ 1,319
Library Renovations	764
Fire (Scott Air Packs Repairs)	973
Tax Maps	99
Parks and Playgrounds	194
Snow Plows	469
Dump Truck	6,200
Codification	5,821
Town Building Repairs	1,935
Truck Purchases	13,705
	<u>\$ 31,479</u>

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments - Investments in marketable securities are carried at cost.

Taxes Collected for Others - The Town collects taxes for Littleton School District and Grafton County which are remitted to them as required by law. These funds are accounted for in the general fund.

Inter-Fund Transactions - During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services, construct assets and service debt. The accompanying governmental and fiduciary funds financial statements reflect such transactions as transfers.

Retirement System - Members of the Police Department and Fire Department are automatically members of the New Hampshire Retirement System. Membership is voluntary to members of the Highway Department and Town Offices. Under this plan, participants contribute annually a percentage of compensation which is fixed by law and dependent upon age when contribution begins. The Town's contribution rate for normal cost of the plan is based upon an actuarial valuation of the state plan. In addition, the Town is contributing to the Special Legislative Annuity being paid monthly to retired employees in accordance with RSA 100-A. The amount, if any, of the excess of vested benefits over pension fund assets for the Town of Littleton is not available since all employees contributing to the New Hampshire Retirement System are treated in the aggregate.

The Town has no past service obligation. The total pension cost to the Town for the year was \$37,279. This includes payments made to a separate pension plan made on behalf of the Town Manager.

Property Taxes - As prescribed by law, the Tax Collector sells at tax sale, all uncollected property taxes in the following year after taxes are due, where applicable. The purchaser at the tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers. Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax deeded to the lienholder.

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

NOTE B - PURPOSE OF FUNDS AND ACCOUNT GROUPS

The accounts of the Town are organized on the basis of the funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund entity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

Governmental Funds

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction or improvement of capital facilities are accounted for in the Capital Projects Funds. Such resources are derived principally from proceeds of long term notes or bonds and from federal grants.

Debt Service Funds - This fund accounts for the accumulation of resources for, and payment of, general long term debt principal and interest.

Fiduciary Funds

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as an agent by the Town for others.

TOWN OF LITTLETON
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

NOTE C - PRIOR PERIOD ADJUSTMENT, GENERAL FUND BALANCE

In connection with the 1985 year end audit, improper classifications in the Highway Block Grant Aid Program were discovered. The effect of this was to understate the 1984 General Fund Balance by \$42,065 and overstate the Special Revenues Fund Balance by \$42,065. The balance sheet items have been restated from amounts previously reported to give retroactive recognition to the effects of this adjustment.

NOTE D - NOTES AND/OR BONDS AUTHORIZED, UNISSUED

The Town voted, at the 1985 Town Meeting, to raise a sum not to exceed \$225,000 by the issuance of serial notes and/or bonds for the purpose of replacing the bridge at Bridge Street and for improvements related thereto.

The Town voted, at the 1986 Town Meeting, to appropriate \$3,550,000 for the construction of a secondary treatment plant. Of this amount \$2,662,500 will be provided by Federal sources and \$887,500 will be raised by the issuance of municipal serial notes and/or bonds, with \$710,000 to be reimbursed by the State of New Hampshire, as the notes and/or bonds mature. To date, no action has been made by the Town to issue any of the above notes and/or bonds.

TOWN MANAGER'S REPORT

The revaluation of 1985 continued to be the major issue of 1986. The work withstood review by the State Board of Tax and Land Appeals, but many values were changed as individual appeals were reviewed. This process included changes in tax map reporting, property card data, computer records, rebate checks, and tax bills. As we enter the third year of the project, there are still some appeals yet to be heard by the State Board and the courts. Along with the revaluation came the adoption of a new elderly exemption by town meeting, and many new applications for current use land assessment. All of these factors combined to make the year particularly demanding on town hall personnel, and difficult for those who needed their attention. This year should mark a return to normalcy in the conduct of town business.

The tax rate was also a big issue in 1986. While the 22 percent overall increase, and 50 percent municipal increase were widely reported, the reasons for their occurrence were not generally understood. Five reasons combined to create the large increase. One, was a decrease in town valuation due to corrections and participation in the current use program. Second, was an increase in the money raised to make refunds to those who paid tax bills which were later reduced when value corrections were made. Third, was the absence of general revenue sharing fund appropriations which would normally be used to offset the tax rate. Those funds received in 1986 will be appropriated in 1987, but Congress has eliminated that program, and no funds will be received from this year forward. The fourth reason for the increase was a mistake by the State when it set the 1985 rate too low. This shortage had to be made up in the 1986 rate. The final contributor to the increase was a 1.2 percent increase in town spending over the previous year. The rate increase was quite unexpected in light of such a small spending increase, but it has heightened our awareness as a community to review the

services we provide. The final determinant of that review will be the appropriations voted by the town meeting.

1986 saw much work which will result in 1987 town meeting proposals. A survey of the condition of town roads, and a review of land in town ownership are two major proposals before the meeting. An ordinance codification and review was undertaken throughout the year and will be completed in 1987. It was also a year of transition as the Mill Street project was funded for 1987 construction, landfill alternatives were studied, Richard MacKay retired as Fire Chief, 911 emergency service was introduced, a pay and classification plan was established, and the computerization of town records continued.

1986 was the first year in several that there were more volunteers for appointment to town boards and committees than there were positions available. This is a healthy sign of citizens participation which is so important for town government. As always, I thank all of those who took time to participate in 1986, and extend an invitation to all of you to get involved in 1987.

Respectfully submitted,

Tom Landry
Town Manager

LITTLETON POLICE DEPARTMENT

It has been the goal of your department to serve your needs and to make our community a safer and better place to live. This was not only accomplished through the enforcement of our state and local laws but through our education programs in the schools, special events, public safety announcements and with the daily interactions that we have with our community members.

Training was once again a primary goal of this department. We all feel it is imperative to undergo regular training in order to keep up with the rapid changes that law enforcement is experiencing today.

Sergeant Fred Gilbert attended a firearm's instructor refresher course and became recertified on the Intoximeter. He also completed a six session management course which was instructed by Mr. Robert Tawney of the New Hampshire Municipal Association. Corporal Ralph Brooks attended the Police Prosecutor's School, Police Instructor's School and a six session management course. He also became recertified on the Intoximeter. Officer Herbert Lloyd completed a course on Radar Speed Measurement and was recertified on the Intoximeter. Officer Donald Marsh attended a week long training session on Interviews and Interrogations. Officers Michael Devine and Mikel Dyne were recertified on the Intoximeter. Dispatcher Mary Ann Duranty attended a 40 hour dispatching school at the Maine Criminal Justice Academy in Waterville, Maine. I was fortunate enough to attend seminars on Retention of Personnel, Bank Secrecy Act, Law Related Education, and a six session course on Management Skills.

Our in service training programs dealt with firearms qualifications, accident investigation. All full time employees were certified in Cardiopulmonary Resuscitation.

I would like to welcome Officers Jeffrey Stiegler and David Miller to our force along with our new parking enforcement officer, Mrs. Sue Bourque. We wish them well in their new careers.

Officer Stiegler graduated from the 75th training academy in August. Officer Miller is presently enrolled in the academy. The ten week program deals with the criminal justice system, basic law, criminal procedure, patrol procedure and concepts, criminal investigation, officer survival and civil liability.

The major change for the department was the inception of the 9-1-1 emergency system. During the first several months everyone was somewhat hesitant in using this number but as of late a majority of our emergency calls are coming in on the 9-1-1 line. When calling the 9-1-1 line remember that there is no need to dial the prefix 444. Also remain calm, state the nature of your emergency along with an exact location. George M. Stevens & Son Co. kindly donated emergency phone stickers which are available at the police and fire departments, the town clerk's office and at their office.

Over the past 12 months the officers have made 502 motor vehicle arrests, 337 misdemeanor arrests and 52 felony arrests. The violation and misdemeanor level offenses were handled in our district court while the felony arrests were disposed of in the Grafton County Superior Court.

There were also 104 juvenile arrests. Five of these were violations, 80 misdemeanors and 14 felony cases. Six of these cases involved runaways and acts of truancy while an additional 6 cases were turned over to our diversion committee. All of these cases including the felony charges were disposed of in our district court.

In addition to the arrests we handled approximately 6,000 service calls, 349 vehicle assistance calls, 306 animal complaints, 329 alarms, 179 medical emergencies, 119 domestic complaints, 180 open doors, 1,157 motor vehicle stops, 77 fire department assists, 273 traffic details and escorts, 94 vandalism reports, 127 theft and burglary reports, plus an additional 2,249 calls for citizens concerns and complaints.

I'm very pleased to announce that 1986 was a fatality free year for our community. We did respond to 290 motor vehicle accidents of which 28 involved personal injuries, 6 motorcycle accidents of which two involved personal injuries, 9 bicycle accidents of which 7 involved personal injuries and 3 pedestrian accidents.

In closing I would like publicly to thank the following agencies for their most valuable assistance during this past year:
Fire Chief Steve LaDuke and his firefighters, Superintendent Henry Sherburne and his fine staff, Mr. James Thyng and the crew at the Water and Light Department, Chief Richard Grayson and the officers of the Lisbon Police Department, Chief Howard Sanborn and the officers of the Bethlehem Police Department, Chief Gary Young and the officers of the Franconia/Sugar Hill Police Department, Chief Joseph Ciccarelli and the officers of the Whitefield Police Department, Chief John Gardiner and the officers of Carroll Police Department, Chief Brad Whitcomb of the Dalton Police Department, Chief Robert Ward of the Monroe Police Department and Troop F Commander Lieutenant Thomas Kennedy and the members of the New Hampshire State Police.

Your police department is again as in the past sincerely grateful for your support, your understanding and your encouragement. We will continue to serve you and provide you with the highest level of professional law enforcement.

Respectfully submitted,

Louis P. Babin

Louis P. Babin
Chief of Police

Back row L to R: Michael Devine, Mikel Dyne, Herbert Lloyd, Chief Louis Babin, Thurita Grammo, Dana Johnson, Jeffrey Stiegler, Donald Marsh.

LITTLETON HIGHWAY DEPARTMENT

Right to Left: Tank Sylvestre, Bob Grammo, Bill Bushway, Don Leonard, Dave Bowles, Superintendent Henry Sherburne, Dana Haynes, Bob Fenner, Larry Jackson, Norm MacLeod, Don Boyle.

PUBLIC WORKS & HIGHWAYS

The major road projects for the summer involved working on Pleasant Street and Mann's Hill. We installed 1300 feet of storm drain on Pleasant Street and extended the storm drain 126 feet on the front side of Mann's Hill. We lowered four culverts and replaced five culverts on the back side of Mann's Hill. We resloped shoulders, grader patched, and sand sealed four miles of the Mann's Hill Road.

We rebuilt 33 catch basins and installed 6 new basins. We cut brush on the back roads, hauled 600 yards of crushed gravel onto our back roads and used 150 tons of cold patch to patch potholes and cross ditches. We hot topped a portion of Railroad Street and Pleasant Street from Oakhill Avenue to Pine Street.

We rebuilt a stonewall on Grove Street, repaved sidewalks on Grove Street, Maple Street, Clay Street and a short section of High Street from School Street to Jackson Street.

We installed four new septic systems and repaired eight old systems this year.

The department worked with the Water and Light Department changing a number of hydrants and utility poles. We also helped install 1700 feet of new eight inch water line on Pleasant Street from Oakhill Avenue to Pine Street.

We have hauled to the landfill around 10,000 yards of material to use for cover. The majority of the cover has been hauled from our pits on the back side of Mt. Eustis.

Respectfully submitted,

Henry Sherburne
Highway Superintendent

LITTLETON FIRE DEPARTMENT

The year 1986 has seen many changes in the Fire Department. On June 1st I was appointed to the position of Chief to replace Chief Richard MacKay, who retired after 30 years of dedicated service to the Town of Littleton and the Fire Department.

Some of the changes made were repainting the fire station, new uniforms for the full time firefighters, and revamping of the fire apparatus to coincide with training techniques learned in the Firefighter Certification Program.

Littleton presently has 16 call personnel and 6 full time personnel certified to state standards, with 16 additional planned for 1987. An ongoing maintenance program was started to insure our readiness at all times. As a result of Town Meeting new bunker gear was purchased this year for all the firefighters. This represents the latest state of the art gear available. During recent training exercises this gear has proven its worth in protection from firefighting. Also initiated this year was an inspection program to help aid the fire department and the community in fire safe practices.

The Littleton Fire Department is made up of a permanent force of six members and a call company of 35 members. All full time personnel are certified to state standards.

I would like to take this opportunity to thank the entire call company for their total dedication to the firefighting efforts of the department. The call company is the backbone of the fire department.

Planned for next year is more training both in firefighting and basic medical practices, a continuation of our inspection and maintenance programs, and a community fire education effort.

We, the Fire Department, see the need for larger quarters. The current fire station is much too small for our apparatus, and with your support we hope to change this situation soon!

I would like to thank the residents of Littleton for their support in 1986 and we look forward to serving you in 1987.

Respectfully submitted,

Steven A. LaDuke

PLANNING BOARD MESSAGE FOR 1986

1986 was the year that the Littleton Planning Board came into its own. The Board tackled a number of issues (Road Standards, Development on Substandard Roads) that previous to this might have been over-looked. With the circuit rider program expanding from 13 to 25 hours per week in July of 1986, the Board was able to rely further on professional planning assistance. Office hours expanded to three days per week to provide additional hours of operation for the applicants convenience.

The Planning Board also sought to improve communication between themselves and the Town's Department Heads. Joint meetings were held with the Highway, Water & Light, Fire, and Police Departments on projects of mutual concern. Information is now routinely requested from these and other Town Departments on projects of concern.

The following are a few of the highlights of a very productive planning year:

1. Subdivision & Site Plan Review summary:
 - Site Plan: 12 approvals
 - Subdivision: 12 approvals, totaling 26 new lots of approximately 144 acres
 - Minor lot line adjustment: 4 approved
2. The adoption of Town Road Standards
3. Review of Town property for future use. (22 lots totaling 450 acres)
4. Revision of the Site Plan Review regulations
5. Completion of the Master Plan Community Survey
6. Instituted internal review process for subdivision and Site Plan Review
7. Approximately 140 building permits were issued

The Planning Board has also established a number of goals for the 1987 planning year.

1. Completion of the Master Plan
2. Develop a "Fair Share" plan for upgrading substandard town roads
3. Review of subdivision/zoning regulations
4. Improve communications with the community concerning the operating of the Planning Board

The Littleton Planning Board would also like to thank the Towns Department Heads, the Town Manager, the Selectmen and especially the residents of Littleton for their continued support and cooperation in the Planning Boards effort to make the Town of Littleton a community to be proud of.

Respectfully submitted,

Frank Dodge, Chairman
LITTLETON PLANNING BOARD

PARKS & PLAYGROUNDS

In 1986 the Parks Program and the use of the facilities were increased by many existing organizations and new programs.

The Park Commission would like to thank Jim Ramsey for coaching the 13-15 year old girls softball team in its first year of intercommunity organization.

Brian Nelson took over the Bidy & Giddy Basketball program. Once again thanks Dave Stoddard for the many hours given to this program in past years.

This spring, ground was broken for an all purpose field. The field will be used by the school, the community, and the recreation program. It also opens up many possibilities for future development of recreational facilities.

The day camp program had a great year. Attendance to the program was the best ever. Along with the open recreation program, over 200 children attended on a daily basis. The Park and Pool programs generate about 30 jobs for the youth of our Town.

At the end of this year, a new Park custodian was hired by the Park Commission. We would like to welcome Brian Lineman to the staff and commend him on the outstanding job that he has already done in the building, with the equipment, and with the skating program.

In the Fall, the pool had major repairs due to cracks in its base and the walls. The small pool was sandblasted and painted. The big pool will be painted this coming spring.

Yours in recreation,

John Simon
Pierre Lafitte
George Santy

PARK COMMISSIONERS

TOWN OF LITTLETON

New Hampshire

03561

Town Offices
1 Union Street
Tel. (603) 444-3996

Fellow Citizens of Littleton:

This past year has been a most rewarding and difficult year for our community.

Difficult in the respect that the major problems facing our community brought confrontations between many members of our citizenry. Rewarding because progress is being made. Decisions are being made. We are moving ahead. Honest debate is healthy and certainly helps in the decision making process.

This past year we received a grant of \$286,000 for the Mill Street Project. This project will be started in 1987 and when completed, will really be an enhancement to our community, helping to relieve our parking problems on Main Street, as well as starting to revitalize this area of town.

The solution to our solid waste problem is being actively worked on as an area concept. We are working with our sister communities to solve their problem and ours. The area concept will reduce the cost of this project for all communities involved. You will be a major player in the solution of this problem. After years of discussion, this problem will be solved.

A plan has been developed to address the ongoing maintenance and reconstruction of our streets and highways. This will ensure our community from having to face huge expenditures in the future. Expenditures that can be avoided if we keep up our basic maintenance programs and coordinate our efforts with other departments in our community.

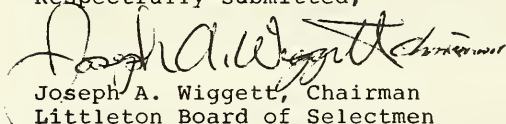

Our planning and zoning process continues to improve being more responsive to its clients and laying the basic ground work for orderly growth.

We have made tremendous strides in the area of personnel. We now have a meaningful personnel policy job descriptions, a wage classification system and are in the process of implementing a merit pay system. A system to reward those town employees who perform above and beyond what is expected of them as employees. Department heads are receiving the training necessary to properly implement these programs. Management training learning how to work and communicate with people in a never ending task. If we are to have an effective management team, we must and will continue to offer such training for our managers. The result will be a more efficient cost effective and municipal operation.

Citizen participation this year has been outstanding. Many have volunteered to serve on boards and task forces, others have contributed with their concerns and comments. I thank each and every one who has participated. It is greatly appreciated.

The spirit of cooperation that now exists in our community between citizens, town employees, appointed and elected boards is outstanding. As long as we continue to work together, we can and will solve our problems, preserving the integrity of our community and at the same time not taxing ourselves to a point where many of us cannot afford to live in what we have built. Difficult decisions lie ahead. Together, with trust and understanding and an open line of communication, we will make these decisions and continue to make Littleton a better place to live.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Joseph A. Wiggett". The signature is fluid and cursive, with a large initial "J" and "W".

Joseph A. Wiggett, Chairman
Littleton Board of Selectmen

LITTLETON WATER AND LIGHT DEPARTMENT

1986

It was a good year, and a year of hard work. At times we wondered if weekends weren't just intended for major thunderstorms and high winds. We're still thankful to the volunteers, the Fire Department, the Police Department and the Public Works crews who turned out on the evening of June 29th to assist the Department with the clearing of broken trees and the repair of many broken power lines.

Below are some numbers which reflect some of the activities of Department personnel over the course of the year. The more significant events are discussed in the paragraphs that follow:

WATER SYSTEM-	Over a million gallons a day delivered.
MAINS:	Breaks 3
WATER SERVICES:	New 15, Replaced 9, Repaired 8
HYDRANTS:	New 1, Replaced 1, Repaired 2, Flushed 213
WATER LINES:	New 1675 feet 8", New 535 feet 6", Replaced 45 feet 4"
SERVICE CALLS:	201, includes 22 calls after hours
ELECTRIC SYSTEM-	Over 44,500,000 KWH delivered.
POLES:	New 41, Replaced 21, Transferred 7
TRANSFORMERS:	New 19, Replaced 17
DISTRIBUTION LINES:	Line Extensions 6585 feet, Line upgraded 1442 feet
STREET LIGHTS:	New 15 (I-93), Replaced 4 (Main Street)
METERS:	New 84, Recalibrated 297
ELECTRICAL SERVICES:	New 43, Replaced 17
SUBSTATIONS:	New Power Survey Recorders, Upgraded Brown-out protection all stations, new regulators at South Street
SERVICE CALLS:	Electric 561, includes 98 calls after hours, Meter service 1218

MAJOR ACTIVITIES, 1986:

WATER SYSTEM-

The Department replaced the last of the 4" water main on Pleasant Street. The new 8" line, approximately 1300 feet in length, has increased the flow capability of the main. Residents on the Manns Hill side of the new line should notice more volume at a slightly higher pressure.

Residents in some areas noticed orange tipped surveyor's

stakes being driven by men carrying electronic equipment. They were hired by the Department to locate deep, bedrock water wells. The firm, BCI Geonetics, has a 90 per cent success rate at finding large volumes of water beginning with a study of high altitude photography called fracture trace analysis. Even imagery from space satellite is analyzed. Now, ground work has been completed and test wells will be drilled before spring.

The Department hosted a Cross Connection Control seminar in March. The session was held at Continental 93 Motor Inn and was attended by 50 or more interested people from Littleton and surrounding towns, including plumbers, Selectmen and Commissioners who wanted to know more about protecting their water systems from contamination. Howard Hendrickson, Vice President of Water Service Consultants and Harry Stewart, Senior Sanitary Engineer of the N.H. Water Supply and Pollution Control Commission, gave informative presentations.

ELECTRIC SYSTEM-

The picture above was taken on September 18, 1986. The Department had to replace a 55 foot pole that had been broken in an accident. Todd Ross and Richard Newton are seen transferring cable carrying 34,500 volts to Littleton substations. Also shown is the mast attached to the top of the boom on the Department's new Line/Materials Handling vehicle. Without that truck the transfer of lines while they were "hot" would not have been possible according to Burton Ingerson, Outside Superintendent.

In addition to constructing over a mile of new power line, Department crews removed six poles from hazardous locations on Pleasant Street. Residents there, and town snow plow operators, have noticed a wider, safer road. Four high pressure sodium lights were put up at the intersection of

Pleasant and Main. They replaced the old fluorescent fixtures and will become the look of the future. Testing revealed that, for the same wattage, the "new" lamps do a better job of lighting the street, and, with a 24000 hour service life, they will be much less expensive to operate.

At each of the four substations, Frank Hubley, P.E., installed an upgraded brown out protection system designed to prevent substation damage. Also installed were test stations to accept new power survey recording instruments. With these sophisticated recorders, the Department will gain a better insight into optimal substation operation. The recorders are portable and can be set up at customer locations for electric power surveys when requested. At South Street Substation new regulators were installed to complement the larger transformer installed in 1985. At Lafayette, booster transformers were installed to permit main transformer operation at a higher, more efficient voltage.

A new IBM System 36 computer was installed at the office to replace the obsolescent System 32 for which a maintenance agreement was no longer available. Added to the office staff is Sara Marvin, our new Rates Clerk. Added to the outside work force in 1986 were Howard Tewksbury, Richard Carignan and Kevin Sorrell.

1987 FORECAST OF MAJOR EVENTS:

In 1986 the demand on the electric system exceeded that required in 1985 by 6 per cent, a very high rate of growth. Continued growth at such a rate will require additional equipment and facilities in order to continue to provide reliable electric service at reasonable cost. The demand for water increased as well but more significant is the fact that the Department will need to find alternative and supplemental sources of water to meet future demand and to meet new Federal and N. H. Water Supply and Pollution Control Commission quality standards.

In 1987, Department activities will include:

- (1) Major upgrade of the Lafayette Substation
- (2) The installation of new lighting on Main Street
- (3) The installation of thousands of feet of new electric cable
- (4) The construction of a new 12" water line under the new Cottage Street Bridge
- (5) The drilling of deep, bedrock wells
- (6) The installation of back-up chlorination equipment at the Trudeau Road and Railroad Street chlorinators.

But, more importantly, perhaps, is the need to develop and implement long range plans to meet the growing utility needs of the people of Littleton. The Department now has a five year plan designed to address those needs while permitting the Board of Commissioners a continuity of operation. The plan, a capital budget expense forecast, was presented to the Selectmen on January 26, 1987. The introduction to that

plan, in large part, follows for your information:

INTRODUCTION

The Water and Light Department was established over eighty years ago by the New Hampshire Legislature. Since then, many changes have taken place, not only in volume of electricity and water consumed but in the nature of their use by all types of customers. As might be expected, many elements in the Department's plant and equipment have been replaced or modified to meet the changing requirements over the same period.

Some major elements in the water system date from original construction in 1903-04 including the main water line from the base of Mt. Garfield 11 miles away and the Apthorp Reservoir just outside of town. There are also old water mains in town that are now too small for the job and made smaller by an 80 year accumulation of minerals and oxides. This has resulted in reduced circulation and lower flow rates. The number of water consumers, on the other hand, has almost doubled in the last 40 years putting additional stress on undersized mains and distribution lines. More water is being used today and our consumption is very close to the limit that our major source can supply during periods of peak demand.

In very recent years, the Federal Government has focused attention on the quality of water being distributed to consumers. National in scope and stemming from the Congressional passage of the "Clean Water Act of 1974," this act places responsibility for water quality enforcement on all of the States. The State of New Hampshire has established regulations for quality control measures of all public and private water systems. These regulatory measures include Cross-Connection prevention control by all users, system filtration or other treatment alternatives, the covering of open reservoirs, higher volume and flow standards requiring larger distribution piping, and replacement of surface water sources with deep, ground water supplies. These changes will necessitate some new facilities and upgrading of present facilities. The costs involved in assuring ourselves of an adequate supply of quality water mandates a need for water conservation and a means for controlling its use. Our reliance on a fixture calculation is no longer adequate. Meters are necessary as they allow for the fair distribution of costs, water conservation and system statistics with which growth, trends, seasonal and system changes can be analyzed.

Our electrical distribution system has seen many alterations over the years to meet increased power consumption requirements. During the last 40 years, we have nearly doubled the number of our customers. At the South Street Substation transformers and regulators had to be replaced because the old units could not be depended upon to provide reliable service to Department customers including the hospital. Spare parts were no longer available to repair the old units. The new South Street Substation has increased capacity and

can take some of the load off our Lafayette Substation which has been near its peak output for some time.

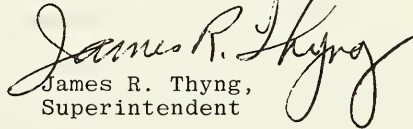

Increased Commercial activity on Lisbon Road is placing higher electrical loading on the long distribution line from Partridge Lake Substation. The substation in the industrial park will soon be too small.

Perhaps the most important change in the last 25 years has been the changing load pattern by all types of consumers. Residential loads have increased on the average because of the many electrically operated appliances now found in most homes. Commercial usage has increased due to large refrigeration and air-conditioning loading. Industrial consumers now have many more large unit loads. When these changing load patterns are put together, we see a large increase in KW demand. Demand charge, the fee for the electric capacity a utility must have available to meet its customers' peak requirements, now represents over 50 per cent of our cost of power, the remainder of our power cost is for the energy actually consumed (or KWH).

KW demand is a key factor in our planning. Since 1982, just four years ago, the Department had to accommodate almost a 20 per cent increase in demand. Substation capacity upgrade and new substation construction are dependent on how fast KW demand requirements increase. How to reduce or control the use of this KW demand, then, is now being studied as an important way to conserve electric energy. More efficient usage can prevent the unnecessary expenditure of funds for facilities before they are needed.

The Department continues to work to maintain its low consumer cost of electricity and is taking steps to improve system dependability. We strive not to be so caught up in today's activities that our only concerns for the future are the problems we will face tomorrow. We're looking ahead. We are planning to "be there" to meet the growing needs of our community.

Respectfully Submitted,

James R. Thyng,
Superintendent

LETTER OF TRANSMITTAL

Board of Water and Light Commissioners
Lafayette Avenue
Littleton, New Hampshire 03561

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Littleton Water and Light Department for the years ended December 31, 1986 and 1985.

One of the enclosed audit reports must be given to the Town Clerk for retention as part of the permanent records.

The provisions of Chapter 71-a, Section 21, requires that the auditors' letter of transmittal shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Littleton Water and Light Department for their assistance during the course of the audit.

Very truly yours,

Robert H. Thomas CPA
Martin & Thomas,
Public Accountants

LITTLETON WATER AND LIGHT DEPARTMENT

Certificate of Audit

We have examined the accounts and records of the Littleton Water and Light Department for the years ended December 31, 1986 and 1985.

Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Littleton Water and Light Department at December 31, 1986 and 1985, and the results of its operations for the years then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding year.

Very truly yours,

Robert H. Thomas CPA
Martin & Thomas,
Public Accountants

LITTLETON WATER AND LIGHT DEPARTMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

- 1) Accounting policies - The financial statements reflect the application of the following accounting policies:
- A) Inventories are valued at cost on the first-in, first-out basis.
- B) The Company provides for depreciation on the straight-line method. The rates used are derived from the following estimated useful lives:

	<u>Electric Department</u>	<u>Water Department</u>
	<u>Years</u>	<u>Years</u>
Artesian Wells		100
Equipment	3-10	20
Transmission and Distribution		
Poles, Wires, Etc.	28½	
Flowage Rights, Dams, and Waterways	100	
Accessory Electric Equipment	28½	
Sub-station Equipment	28½	
Underground Conductors	28½	
Line Transformers	28½	
Meters	28½	33 1/3
Street Lighting Equipment	28½	
Water Storage Reservoirs		100
Purification Equipment		10
Transmission and Distribution Mains		100
Settling Basis		100
Hydrants		50
Buildings	50	50
Gale River - Source of Supply		100
Pump Station - Mt. Eustis		100
Area Lights	28½	
Office Equipment	20	
Miscellaneous General Equipment	10	
Shop Equipment	25	
General Tools and Implements	10	
Stock Room Equipment	25	
Pump Station Equipment		20
Communication Equipment	20	
Distribution System Structures	50	

- 2) Pension Plan - All eligible employees are covered under the New Hampshire Retirement System. The Department's contribution to the plan was \$ 3,237 in 1986 and \$ 5,467 in 1985.

- 3) Restricted Assets - This account represents cash which is restricted for the following reasons:

	<u>1986</u>	<u>1985</u>
Capital Improvements and Replacements	\$ 130,656	\$ 103,166
Customer Deposits - Refundable	<u>147,727</u>	<u>123,446</u>
	<u>\$ 278,383</u>	<u>\$ 226,612</u>

- 4) Exhibit D - Net Income From Operations - Included in this income is a rebate to customers in the amount of \$ 118,476 for the month of December 1986, and \$ 103,478 for the month of December 1985.
- 5) Fuel Charges Billed and Purchased - Fuel charges billed by New England Power Co., to the Department are billed to customers in the following month. Therefore, there will always be a discrepancy between the fuel charges billed and the fuel charges purchased.

LITTLETON PUBLIC LIBRARY

In 1986, the Littleton Public Library initiated its first fund raising campaign, and brought in over \$14,000.00. Some of the money was used to defray operating costs, and the rest was placed in a book endowment fund. The response from everyone in the community was enthusiastic--gifts ranged from \$5.00 to \$1,000.00, with most in the \$10.00 and \$20.00 range. Those are the ones which indicate widespread support.

One of the most exciting donations was from the Rotary Club members who created a mini-park in front of the library to celebrate 60 years of community service. Through their generosity, the crumbling brick steps were replaced with long-lasting granite. When the snow melts, the area will be beautifully landscaped with the help of the Garden Club.

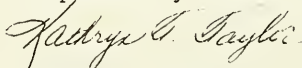

Even though we had to close off the front entrance to the library, the circulation of materials remained high. We were also closed on Saturdays for almost three months in an effort to cut costs.

We had expected to suspend the Summer Reading Program, but a group of local businessmen spearheaded by David McLure, stepped forward with money without being asked. Thanks also to Paul McGoldrick, Tender Corporation, and Littleton Stamp and Coin. The Littleton Lioness Club raised money which will, in part, fund the program for 1987.

In October of 1986, the Trustees learned that Kathryn Taylor had been elected as Librarian of the Year by the State Board of Library Trustees. I am proud of the honor and thank all the Trustees for their support. A special thanks to Ellen Morrow who shares all my enthusiasms--for books, people and especially the Littleton Library. Pam, Jean, Shirley, Amy and Traci kept the operation going while I was writing grants and working with community organizations. Dot Titus and Gwen Howe helped out as volunteers, and Pat kept the shelves in order.

Although 1986 began on the discouraging note of a budget cut, it ended on a wave of enthusiasm as we received lots of local and statewide support.

Respectfully submitted,

KATHRYN T. TAYLOR
Director

LITTLETON HOSPITAL REPORT

This year resulted in many changes for Littleton Hospital. The selection and implementation of a new management contract with HCA of Nashville, Tennessee was probably the most significant decision made. Already we have benefitted from improvements in strategic planning, labor productivity, medical records and business office assessments. One of the major advantages in this association will be reimbursement systems which will keep up to pace with federal regulatory changes. Also, improved group purchasing contracts will be achieved.

Our largest payor, Title XVIII or Medicare, is only going to increase payments by about 1.15% in 1987. Our professional organizations are voicing concern at the congressional levels to obtain budget relief. Needless to say, this will create pressure on the organization to become more efficient and to diversify into other revenue producing ventures. One example of diversification is the swing bed program whereby patients can qualify as skilled nursing facility clients at lower than hospital reimbursement rates. These patients may remain in the hospital and recover sooner without financial penalties to the hospital.

Our fundraising efforts have been successful thanks to trustees, medical staff, employees, auxiliary and other friends of the hospital. The goal of \$250,000 is within reach! The 1987 building program will establish "same day" or outpatient surgery, an expanded conference room, new library, and new pharmacy. The work should be completed by February 1987 at a cost of nearly \$1 million. We are going to offer optimal services to our area residents and seasonal visitors. In early 1987 we will be offering ophthalmology surgery under the leadership of Dr. Alfred Thomas and Dr. Ted Houle. Also, we plan to provide alcohol and drug detoxification and follow-up care to patients in need of such services.

Small hospitals are having difficulty in maintaining viability. Some surveys indicate that 15% of our hospitals will go out of business in the next ten years. The past ten years saw about a 10% decline in total hospitals. As a regional resource for health and medical services we plan to survive these industry trends and to grow stronger and more cost effective. Your loyal support and positive goodwill should strengthen our posture in maintaining a needed hospital system in the North Country for many decades to come. I feel especially privileged to have served you for almost seven years in a management role at Littleton Hospital.

LeRoy Deabler
President

WHITE MOUNTAIN MENTAL HEALTH & DEVELOPMENTAL SERVICES
16 Maple Street, P.O. Box 599
Littleton, NH 03561

November 21, 1986

Chairman
Board of Selectmen
Littleton, NH 03561

Dear Selectmen:

This letter is our annual request to be included on your 1987 Town Warrant. This year is different in that our request will only be for support of our mental health services and not for developmental services. This is occurring because of an agreement which was developed earlier this year with the Grafton County Commissioners.

We have in the past sought support from both the county and towns for all services. This has been a controversial decision which has been challenged on a number of occasions. During this year's negotiations with the County, the issue was again addressed. The ultimate decision was that our developmental services programs would seek county support and we would appeal to the towns for support of our mental health services. I believe that all parties involved felt this to be an equitable decision.

The County agreed to declining levels of support over a three-year period to allow us time to develop funding alternatives. Now more than ever, we are in need of your support. Please give our request of \$8608.70 serious consideration during your budget hearings and town meetings.

Sincerely,

Dennis C. MacKay
Area Director

1986 Director's Report

The following information is provided to give you a brief description of the type of work in which we are involved.

Mental Health Services - We operate one full-time and three part-time offices. The full-time office is located in Littleton at 16 Maple Street. The part-time offices are located in Woodsville at Cottage Hospital, in Lincoln at the Lin-Wood Medical Center, and in Lancaster at Weeks Memorial Hospital.

Last year, we provided the following services to our twenty-two town catchment area:

. Children's Services - evaluations of children and/or their families, as well as treatment (therapy). Last year, we averaged 110 children's cases per month.

. Adult Outpatient Services - psychiatric, psychological evaluations, treatment (therapy) including individual, conjoint, family and group services. Annually, we do 60% of our treatment with this population. We recorded over 5,000 visits for children and adult services.

. Emergency Services - we operate a 24-hour-a-day phone line to respond to psychiatric emergencies. Last year, we saw 361 people in person on an emergency basis.

. Inpatient Services - we provide inpatient services through local general hospitals and a psychiatric inpatient unit (8 beds) in Berlin. We also make referrals to private hospitals and New Hampshire Hospital. We had 318 visits performed by our clinical staff in 1986.

. Case Management - services which help to keep clients in the community who otherwise might need institutional care. We had over 1,200 contacts in this supportive services program.

. Alcohol Services - individual and group services to individuals with alcohol or drug problems. During this past year, we have provided more than 1,224 hours of service.

. Partial Hospitalization - a day program for clients in need of more intensive services, including: therapy, vocational training, skills for independent living, and working with the clients to integrate into the community. This past year, we provided 4,742 hours of service to clients in this program.

. Work Stations in Industry - a vocational program aimed at helping clients acquire vocational skills, develop good work habits, and teach job-seeking skills. The program is located off site and the clients are engaged in real work for which they are reimbursed.

We seek your support to help us to continue to provide these services. Community support is essential to help pay for program expenses which are not covered by insurance or other grant support. We are appreciative of your past support and urge you to continue to help us.

Respectfully submitted,

Dennis C. MacKay
Area Director

NORTH COUNTRY HOME HEALTH AGENCY, INC.

During 1986 The North Country Home Health Agency, Inc. continued to provide intermittent Skilled Nursing, Therapies, Homemaker/Home Health Aide and Parent Aide services to 15 towns in Northern Grafton and Coos Counties, including Littleton. 1986 was a very challenging year for us. As a result of tighter regulations fewer Littleton Residents were able to take advantage of third-party reimbursement (including Medicare) for home care. Because of increased partial fees for service from individual clients and the continued support of the Town of Littleton, we were able to provide the necessary home services to allow Littleton Residents to remain in their community and avoid or postpone nursing home placement. Town monies were used to provide the following services:

1033 Nursing Visits
534 Therapy Visits (Physical, Speech and Occupational)
1519 Home Health Aide Hours
1475 Homemaker Hours
754 Parent Aide Hours

In addition there were 59 Health Promotions by RN's to assess and evaluate problems.

Littleton has had a Community Nursing service since 1924. Today the North Country Home Health Agency continues the service and tradition established 63 years ago by the people of Littleton to provide for the health needs of their neighbors and friends.

We value your financial support and commend you for your concern for those in need of home care in Littleton.

Respectfully submitted,

Mary E. Presby, R.N.

Executive Director

LITTLETON CONSERVATION COMMISSION

The Conservation Commission met this spring with the Park Commissioners to discuss the needed repairs to the Dells bridge and other areas in the Dells. There are still no firm ideas on what to do about the bridge deck at the main entrance on Dells Road. Possibilities are to construct a small covered bridge for foot traffic or to repair the bridge as it is now for emergency vehicles. There is a chance that state funds may be available for this. Input by the community would be appreciated. Also discussed with the Park Commissioners was the availability of and the use of the trust funds left to the Dells by Mr. Remick. There should be about \$7500. available from interest accrued on the \$6000. original principal. This may not be enough but with the possibility of volunteer help and donations this project may be completed.

A meeting was held with the county forester to discuss plans to perhaps cut a few of the large trees in the Dells to earn money and to open the area to more light. As of now no firm plans are set as some people would like to see the area remain as natural as possible. Again input from the community will allow us to make a decision that will benefit the people.

Members have also attended meetings concerning the impact of construction on wetland areas and the protection of lands for the use of future generations to enjoy. We continue to review Dredge & Fill permits in the town and report any concerns to the Wetlands Board in Concord.

Respectfully submitted,

LITTLETON CONSERVATION COMMISSION

LITTLETON COMMUNITY CENTER

President's Report 1986

The Center has been giving service to Littleton now for sixty-six years. This old Victorian house, with its interior carved cherry woodwork, stained glass windows and beautiful oil paintings by Edward Hill and others, tend to make it an elegant house that thousands of people (nearly 20,000 this year) use everyday, for meetings, information, health aids, and nonprofit organization sales. The Center is governed by fifteen voluntary directors and officers. Our hostess Virginia and host Wilfred Bergeron are ready to help and make you welcome.

Repair work this year consisted of reshingling the cupula and entry at the annex and the porch roof at the main house. Drainage and tile were put in at the rear of the annex to drain the hillside in back. Our host did numerous other improvements both inside and out at the house and annex.

We are proud of the beautiful Christmas decorations in the house and on the lawn. It added a lot to Littleton's Main Street and all credit goes to the Bergerons.

We want to thank those who have given donations, their time, and all who have made this your "Home Center". Thanks to the Village Green and Kelly the Florist for the number of different flowering arrangements; to the Garden Club for the beautiful and well kept window boxes; to the Littleton Public Works for plowing, sanding, and maintenance; to the Police, Fire, and Water & Light Depts. for policing, protection, and safety; and all that assisted in any way. A special thanks to all officers and committees that have worked to make this landmark a place Littleton is proud of.

Respectfully submitted,

Winston Merrill, President

Officers for 1986 were:

LITTLETON AREA HISTORICAL SOCIETY

Officers for 1986 were:

President: Horace A. Burrington
First Vice President: Marquerite E. Clark
Second Vice President: Shirley Burrington
Recording Secretary: Margaret B. Colby
Corresponding Secretary: Beatrice C. Doane
Treasurer: Ruth P. Nute
Auditor: Lawrence M. Colby
Curators: Linda and Peter McShane
Assistant Curator: Frances M. Heald
Historian: Wilbur W. Willey
Directors: Gilbert F. Pike to 1987; George H. Herbert to 1988; Winston H. Merrill to 1989.

The Littleton Area Historical Society, founded in 1967, continues in its efforts to discover, collect and preserve material which may help establish or illustrate the history of this area. Many items of historic interest are on display in our Museum located in the lower level of the Library. Volunteers staff the Museum Wednesdays and Fridays from 2 to 5 p.m. Appointments are also made for people with special interests or problems. Linda McShane, the curator, prepares new and different exhibits throughout the year to encourage repeat visits. A number of magnetic tapes of recent historic events and of some Society meetings are available. We had approximately 250 visitors during the past year and would like very much to increase this number.

We appreciate the many gifts to the Museum and hope you will continue to think of the Historical Society when it becomes necessary to dispose of historic treasures. We are especially interested in photographs that will help establish conditions in Littleton's past. Any such photographs will be gratefully received and carefully studied for possible inclusion in our photo file.

Programs during the past year were: "Dusting off Littleton Town Records" and "Interview with Miss Agnes Glode" (long time Saranac Glove Company employee) by Mrs. Greta P. Neault; "The Story of Thayers Inn" told by Linda McShane. (This meeting also included a tour of the Inn); "Four Generations of Spencers-pharmacists" by Mr. and Mrs. John Spencer; "Founders Day", a picnic at the Rock's Estate. Two films "Loggin Life" and "Whose woods these are" were presented by Mr. Jeff Wallner; "Toys to Remember" by Frances Heald; "35 Years of Public Service" by Dr. Richard L. Hill; "History Postscripts-behind the scenes of the 1984 Littleton Town History" by "Jack Colby; "Patriotic Post Cards and Stamp Collectibles" by Winston H. Merrill.

Preservation of the Apthorp Charter of 1770 and the Legislative Act of 1784 has been completed and these priceless documents are now on display in the Museum. The Society received a grant of \$250 in support of this work

from the Northern New Hampshire Foundation a division of the New Hampshire Council on the Humanities.

Work of the Glenwood Cemetery Project Committee, Chairman Reginald Colby, progresses well. House date plaques are available from Winston Merrill. At the Art Festival the Society sold Littleton post cards; Historic Glimpses of a North Country Community, Littleton, New Hampshire by Mildred Lakeway; Littleton and the White Mountains by Paul R. Clay; and Littleton, Crossroads of Northern New Hampshire the 1984 Town history. These items are also available for sale at the Museum.

The Society appreciates the action of the voters at Town Meeting transferring ownership of the remaining unsold copies of the Town History to the Permanent Endowment Fund of the Littleton Area Historical Society upon payment of \$3,000 to the Town. The Endowment Fund accepts gifts and memorial contributions.

All interested people are encouraged to attend our meetings. Memberships in the Society are greatly appreciated. They remain at: Individual, \$3; Family, \$5; Contributing, \$10; and Sustaining, \$25.

We wish to thank the Library staff for their fine assistance and the use of their facilities throughout the year. Also, thanks to the Community House staff for their exceptional service.

Respectfully submitted,

Horace Burrington
President

NORTH COUNTRY COUNCIL
ANNUAL REPORT

Calendar year 1986 was a busy and productive year for the North Country Council as it continued to provide a wide range of assistance to towns and cities in the North Country.

The Council is a regional non-profit, public agency chartered under NH RSA 36:45 and is responsible for providing its member communities assistance in local community planning, economic development, solid waste, transportation, and various other community services. Besides the direct assistance the Council provides each community, it is an advocate for all North Country towns in legislative and funding issues at the state and federal governments.

Growth and development is no longer unique to southern New Hampshire; North Country towns are experiencing similar growth pressures. The Council recognizes the impacts associated with this development to schools, roads, waste disposal, water, etc. The Council is dedicated to assisting town officials with these complicated issues. Because most of the Council member towns do not have a staff of their own to do the research, answer the questions and respond to incoming requests, the Council has revised the way we help member towns. Now, each town has a staff person assigned to assist the local officials of that town with their daily needs. In this way, the Council serves its membership more efficiently.

In Littleton, the Council assisted the Town in preparing the Mill Street Public Facilities project which was funded for \$246,000. The Council assisted the Planning Board by providing continuing circuit-rider planning, and technical assistance which included revising the Town's Master Plan. We provided planning assistance to the Upper Grafton/Lancaster Solid Waste District and submitted the 10-year plan to the State. The Council helped the Town with several economic activities including development of a Community Profile to be used for industrial development promotion, in cooperation with the Littleton Industrial Development Corporation. We also coordinated the development of a regional industrial promotion program aimed at creating manufacturing jobs in Littleton and the region.

Economic Development is an important part of the Council's overall agency mission. This year the Council developed two marketing products: a regional brochure promoting the region and community profiles which the ten growth communities in the region are using to market their industrial development potential. The Council also produced a series of magazine advertisements, along with a display at the Eastern States Exposition, promoting the North Country as the sensible place to do business. The Council is now developing a workshop series on industrial development marketing for local officials in the region who are actively seeking economic development.

This past summer the Council co-sponsored the very successful North Country legislative tour. Over 285 legislators and their guests toured the North Country getting a glimpse of the life, economy, and culture that makes our region unique. A follow-up legislative reception was held in December to develop a legislative agenda for 1987. The tour

and reception should have future beneficial legislative impact to the North Country.

The Council again provided information and guidance to several towns on federal and state grant and loan programs. This past year saw the Council administer over \$3.0 million in Community Development Block Grant funds. The funds cover such activities as housing rehabilitation, downtown revitalization, business revolving loan funds, and housing rehabilitation feasibility studies.

Community planning assistance has emphasized master planning and improvement in local land use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's assistance takes many forms: regional workshops, newsletters, regulation review and update, and assistance on a regular or one-time basis for subdivision and site plan applications.

The Council again co-sponsored the Municipal Law Lecture series with the NH Municipal Association. The Law Lecture this year covered such topics as local planning board procedures, administration and enforcement of ordinances and review of recent court cases and state law changes regarding local land use planning.

Overall, the Council's major objective is to work with North Country towns in solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

LITTLETON AREA CHAMBER OF COMMERCE

The year of 1986 has been a year of change for the Littleton Area Chamber of Commerce. The size of the Board of Directors has been pared from 15 members to 9 individuals. In October, our Executive Director tendered her resignation. As of this writing, a new Director has been chosen. The Chamber is looking forward to its future.

In June, the Littleton Trout Tournament brought 800 anglers to Moore Dam Lake. 1986 was the first year where the top prize could not be insured. The grand prize was purchased from a local auto dealer. The usual donation was made to the New Hampshire and Vermont Fish & Game Departments.

The 17th Annual Art Show and Sale brought many talented artists to show their wares on the streets of Littleton. The prestige of this event continues to grow.

Visitors to the area, who stopped at our information booth and office, totalled over 7,500.

Once again, balsam wreaths with white lights adorned the streets of Littleton at Christmas time. The cost of these wreaths came from contributions from the community. The Littleton Water & Light Department furnished the manpower to hang the wreaths. The Chamber also saw to it that Santa came to town.

This was the first year for the Chamber's "Spirit of Christmas" promotion. This promotion entitled 4 individuals to a \$250.00 spending spree and enabled the Chamber to contribute \$850.00 toward the local Christmas projects for the needy.

The 1st Annual Dream Dance and Auction took place in December. This fund raiser was a huge success and plans are being made for next year's event.

We express our appreciation to the Town of Littleton for its support, to the Chamber Board of Directors, for their willingness to give their time and energy, to our members, and the local media. All this support helps make Littleton the "best town North of the Notch."

Respectfully submitted,

Marlene Gallinelli

<u>EXCESS OF RECEIPTS OVER</u>		
<u>DISBURSEMENTS</u>	<u>\$ 491</u>	<u>-0-</u>

We appreciate the opportunity to submit the following report in our continuing effort to directly communicate with our constituents, realizing your concerns and our accountability for a fiscally conservative budget.

We have heard that budget message and continually strive to meet mandated and essential services in the most efficient and effective, yet economical manner possible. This has been reflected in tight county budgets the last two years, resulting in decreased county tax requirements. Some towns may have seen increased county taxes due to evaluation and apportionment formula used by the NH Dept. of Revenue Administration. However, public services at the county level still usually reflect more equitable distribution of tax dollars. County tax averages 6.2% of base property taxes.

The County is facing the same problems in the insurance market as the towns. However, we have joined in the N.H. Municipal Association's insurance programs for most coverage needs at reasonable cost. We shall also have to deal with the loss of Revenue Sharing funds in the next budget.

It is too early to make a comprehensive report on the new welfare system under Senate Bill 1. We do know that with the change in program liabilities, county costs will substantially increase, and towns should realize a decrease in welfare assistance payments. County focus under SB-1 is to serve the needs of the children, the elderly and disabled. Because the north country is growing with changing needs, growth in the elderly population, and expanded service requirements, we must look to the future to meet those needs.

The House of Correction occupancy figures have grown dramatically due to weekend sentencing, new DWI laws, and continuous one year sentencing to avoid incarceration at state prison, causing overcrowding at the correctional facility. One option now under consideration is the construction of a two story dormitory type addition for 30 beds. The result would be a net increase of 18 beds meeting space standards under a plan in line with previous jail study recommendations, and at far less cost than a new facility.

The Farm continues to be self-supporting, provides work for inmates, and offers access for experimental projects. The Register of Deeds net profit margin is 3.6% of county revenues. The Sheriff's Dept. provides essential services in transport, superior court, dispatch, and other law enforcement activities, with increased revenue in fees. The Nursing Home is one of the finest in the State.

We are proud of our county, of the dedicated staff, exemplary services and high standard facilities. Commissioners meet weekly and encourage public attendance. We welcome facility tours. Our thanks and appreciation to all.

Respectfully submitted,

GRAFTON COUNTY COMMISSIONERS:

Dorothy Campion-Corcoran, Chairperson
Arthur E. Snell, Clerk
Leonard F. Anderson, Commissioner

FY 1986 EXPENDITURES

LITTLETON INDUSTRIAL DEVELOPMENT CORPORATION REPORT
JANUARY, 1987

The Littleton Industrial Development Corporation is a non-profit organization, established in 1974 through the efforts of the Littleton Chamber of Commerce, the Town Selectmen, and approximately 150 other interested area citizens as an entity to own and develop the Littleton Industrial Park and to accept the responsibility to lead the Town's effort to attract new and desirable industrial employers.

Burndy Corporation, Kenmartin Enterprises and Hitchiner Manufacturing continue to provide stable, quality employment opportunities. The 1986 primary efforts of the Directors of LIDC have been devoted to negotiations for sale of Industrial Park property to two major prospects. The successful sale of four acres to TBC Realty in October of 1986 will lead to the completion of a 20,000 square foot building in June, 1987. The sale proceeds of \$60,000 could not be reflected on the June, 1986 financial reports on the next page.

A second prospect, a major Southern New Hampshire firm, selected 20 acres, conducted land borings and visited Littleton on several occasions. Littleton was selected as their top choice for expansion but at this moment all plans are on hold pending clarification of possible new national ownership.

A highly successful three day "Legislative Tour" was conducted in June, 1986. LIDC raised nearly one third of the funds required to entertain 170 members (and spouses) of the 1985-86 New Hampshire Legislature. They toured the North Country and visited five separate sites in Littleton, were presented with a Littleton "tote" bag full of Littleton gifts and received a special edition of the Littleton Courier welcoming them to "The Capital of the North Country."

The engineering contract for the proposed Bridge Street Bridge replacement and access road into the Industrial Park has been awarded and approved by Governor and Council. Initial construction is scheduled for 1989 and a \$15,000 LIDC initiated grant from EDA was successfully negotiated by Town Manager Tom Landry, to be used for preliminary engineering on the access road.

I-93 will be fully completed in 1987 and the expected pressures for residential, commercial and industrial growth are here! We have a solid foundation with many enviable attributes and we must continue to work together to take full advantage for the benefit of all our citizens and employers.

Respectfully submitted,

LITTLETON INDUSTRIAL
DEVELOPMENT CORPORATION

LITTLETON SELF-HELP CLINIC

The Littleton Self-Help Clinic continues to serve the needs of the survivors of family violence and sexual assault. Our free services include: emotional support, accompaniment to hospital and police, court advocacy to assist the survivor in obtaining a restraining order for protection, following through on criminal charges, weekly support group, referrals and assistance to other agencies, and a 24 hour crisis line that will enable a person to be connected with our trained volunteers 7 days a week, any time of the day or night. We also offer safe homes, access to shelters and transportation. We are also there just to listen and help a person sort through the options and help develop a plan for survival.

Our growth in this past year has pointed out our need for additional staff and volunteers. The clinic has seen a dramatic increase in the reported cases of family violence and has assisted more than 3 times as many people through the court process. This year, we are emphasizing community education and training in the areas of family violence and sexual assault and development of other areas of our program.

As one of the thirteen task forces that meet monthly as part of the New Hampshire Coalition against Domestic and Sexual Violence, we are subject to regular assessments of our services and assistance in our growth and development. We also receive continuing education and new information in our fields.

At this time, we would like to thank the Littleton Police Department for their support, perseverance and thorough handling of these very sensitive issues, and the Littleton District Court for their flexibility.

Respectfully submitted,

Linda A. Dunn
Direct Services Coordinator
