TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newport, qualified to vote on Town Affairs:

You are hereby notified and warned to meet at the Town Hall in said Town of Newport on the second Tuesday of March next at nine o'clock in the forenoon to act upon the following subjects:

Article 1. To elect a Selectman for a term of three years; to elect a Town Treasurer; and a Town Clerk for the ensuing year.

Article 2. To elect a member of the Trust Fund Commission for three years and all other officers, Auditors, Agents, and Committees necessary for the Town Business.

Article 3. To see if the Town will vote to authorize the Selectmen to employ State Auditors to inspect and audit the books of the Town and its departments for the ensuing year, and pass any vote in relation thereto.

Article 4. To hear the reports of the Selectmen, Town Treasurer, Auditors and Committees heretofore chosen and pass any vote in relation thereto.

Article 5. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on the notes of the Town in anticipation of Taxes, and pass any vote in relation thereto.

Article 6. To see what discount the Town will vote to allow on 1952 taxes if paid within ten days of the posting of the tax invoices.

Article 7. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds or in any other manner.

Article 8. To see if the Town will vote to approve and adopt the recommendations of the Budget Committee, raise and appropriate the various sums contained in the report and listed in the Budget which include the following recommended special appropriations:

(a) To see if the Town will vote to raise and appropriate the sum of \$1,015.72 provided the State will contribute \$6,771.44 to the town to be used for T. R. A. Roads, and pass any vote in relation thereto.

(b) To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the collection of garbage for the ensuing

year, and pass any vote in relation thereto.

- (c) To see if the Town will vote to raise and appropriate the sum of \$400.00 for Blister Rust Control, and pass any vote in relation thereto.
- (d) To see if the Town will vote to raise and appropriate the a sum of \$15,000.00 to be used for the Carrie F. Wright Hospital at Newport, and pass any vote in relation thereto.
- (e) To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purpose of publicizing and promoting the natural advantages and resources of the Town, together with other Town in the Dartmouth-Lake Sunapee Region, and pass any vote in relation thereto.
- (f) To see if the Town will vote to raise and appropriate the sum of \$1,050.00 to be used for the Richards Free Library, and pass any vote in relation thereto.
- (g) To see if the Town will vote to authorize the Selectmen to purchase the Handsaker Lot adjacent to the Town Highway Sheds, for use by the Highway Department, and to raise and appropriate the sum of Two Hundred Dollars (\$200.00) for the same, and pass any vote in relation thereto.
- (h) To see if the Yown will vote to raise and appropriate the sum of Twelve Hundred Dollars (\$1,200.00) for the purchase of a new Police Cruiser to be used by the Police Department, and pass any vote in relation thereto.
- (i) To see if the Town will vote to raise and appropriate the sum of \$3,290.00 provided the State contribute \$3,290.00 for the repair of Elm and Main Streets in the Town as authorized under Apportionment "B" of Chapter 83, Laws of 1951, and pass any vote in relation thereto.
- (j) To see if the Town will vote to raise and appropriate the sum of Seven Thousand Dollars (\$7,000.00) for the purchase of a new truck for the Highway Department, and pass any vote in relation thereto.
- Article 9. To see if the Town will vote to adopt the provisions of Chapter 441, Sections 8 through 13, Revised Laws of New Hampshire 1942, as amended, entitled "Curfew Regulations", and pass any vote in relation thereto.

Article 10. To see if the Town will vote to extend its parking area to include parking facilities on the East side of North Main Street adjoining the Newport Common, and pass any vote in relation thereto.

Article 11. To see if the Town will vote to extend its sewer line from the intersection of Maple Street with Bradford Road and East Mountain Road, so-called, along East Mountain Road for a distance of approximately four thousand (4,000) feet, and to either raise and appropriate the sum of \$10,880.00 for such purpose, or instruct the Selectmen and Town Treasurer to issue notes or sewer bonds for the said amount of \$10,880.00 as obligations against the Town. Said obligations to be signed by the Selectmen and Town Treasurer, they to determine the rate of interest to be paid. Said sewer serial notes and/or sewer serial bonds in the amount of \$10,880.00 to be issued in compliance with the laws of the State of New Hampshire, and pass any vote in relation thereto. (This article and the appropriation therefore of \$10,880.00 is submitted without recommendation of the Budget Committee.)

Article 12. To see if the Town will vote to adopt the provisions of Chapter 171-A of the Revised Laws relative to playing games of beano.

Article 13. To see if the Town will vote to discontinue as a public highway the street known as River Street, so-called, in Newport, from its intersection with main street, so-called, easterly to its intersection with the westerly line of Laurel Street, so-called, and to pass any vote in relation thereto.

Article 14. To see if the Town will vote that the Brampton Woolen Company, in payment for permission to close River Street, if the Town so votes, build a bridge across Sugar River and Road Bed and road at the same level as north end of Laurel Street, connecting with Central Street, and that said Bridge and Road shall be built before the Selectmen can deliver a confirmatory deed to the land and to pass any vote in relation thereto.

Article 15. To transact any other business which may legally come before said meeting.

(Polls shall be open for the reception of ballots at 9:30 A. M. and shall not be closed earlier than 7:00 P. M.)

Given under our hands and seal at Newport, New Hampshire, this 23rd day of February, 1952.

DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION Concord, New Hampshire

February 19, 1952

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Newport for the fiscal year ended December 31, 1951; and, with exceptions as herein noted, found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the Town of Newport on December 31, 1951, and the results of operations for the period under review.

Respectfully submitted,

(Signed Harold G. Fowler)

OFFICE OF THE TOWN MANAGER Newport, New Hampshire

February 6, 1952

To the Board of Selectmen and Citizens of Newport:

It is a privilege to have currently completed my second year in the service of the Town of Newport. During this period, progress has been made toward more coordinated and effective operation of the business in which the Town of Newport engages. All Departments have strived to improve and expand services rendered by each to the people of the community and to their homes, businesses and institutions.

Chapter 55 of the Revised Laws of New Hampshire, 1942, as amended, places with the Manager full control and responsibility for every Department in the Town except the School Department. My full time and energy are directed to the over-all administration of the affairs of the Town. I make every effort to see to it that a full dollar's value is received for every purchase made and for all work done. I do my utmost to coordinate the activities and duties of all the Departments of the Town of Newport, always attempting to effectuate savings by eliminating unnecessary waste in manpower and in purchasing. I am constantly striving to improve the many services rendered by the Town to its residents.

I work as hard at public relations as at anything else in the Town, knowing that any government under which people wish to operate can only be successful if the majority of the people of the Town like what the government of the Town is giving them and doing for them. I am a public servant, and I attempt to be one in every sense of the word, by making myself personally available to all the citizens of the Town individually, if they so desire, to discuss problems and to listen to petitions. However, at the same time, I am very cautious to coordinate the individual wishes of the people with what is best for all the people of Newport for the common good.

One of the things for which I am most grateful is the constant everyday encouragement which I receive from the citizens of the Town of Newport in one way or another.

I am submitting herewith the Annual Report of the Town of Newport, and I would recommend its study by everyone in order that he may be able to more accurately appraise and understand the services being rendered and the accomplishments which are being made.

I am grateful for that help and cooperation given to me by the Board of Selectmen. I am also grateful to all the employees of the Town with whom I work daily, for their cooperation and energy

in the performance of their work.

Respectfully submitted, ROBERT C. VIOLETTE Town Manager

The following chart shows the method by means of which each dollar raised by taxation was divided and allocated to the various departments of the town government during 1951:

REPORT OF THE FIRE DEPARTMENT

To the Board of Selectmen, Town Manager and Citizens of Newport:

I herewith submit my report as Chief of the Fire Department for the year ending December 31, 1951.

The number of calls for the year total 115, listed as follows: 99 still calls, 9 box alarms, 1 false alarm, 2 brush fires and 4 out of town calls.

Property involved in fire amounted to \$120,500.00, insured value, for the year. Our fire loss for the year has been \$13,701.00, insured value.

The personnel of the Department is well trained and equipped.

I wish to thank the Firemen, Town Manager, Town Fathers and the Citizens of Newport for their splendid cooperation during the past year.

Respectfully submitted,
HERBERT H. WRIGHT,
Chief of the Fire Department

### REPORT OF WATER DEPARTMENT

To the Board of Selectmen and Citizens of Newport:

I herewith submit the Annual Report of the Water Department for the year ending December 31, 1951.

Main line extensions were made as follows:

Summer Street: 1458 ft. of 6 in. cast iron
Guild Road: 50 ft. of 6 in. cast iron
Pollard Mills: 242 ft. of 3/4 copper tubing

Services were laid to nineteen additional houses. Two new hydrants were added to our system. One on Summer Street and the other on the Guild Road.

The actual cash received during the year and turned over to the Town Treasurer as follows:

Water Rents	\$20,771.25
Labor and Materials	966.40
Refunds	108.12
	\$21.845.77

Respectfully submitted,
ROBERT C. VIOLETTE
Town Manager

### REPORT OF SEWER DEPARTMENT

I herewith submit the Annual Report of the Sewer Department

To the Board of Selectmen and Citizens of Newport:

for the year ending December 31, 1951. Expended for Labor and Materials for Construction and Maintenance \$ 2,287,95 Cash received from customers during the year, and paid into the Town Treasury: Entrance Fees 884.00 Labor \$1,006.50 Materials 385.76 1,392.26 2.276.26 Cost of Gustin system to Dec. 31, 1950 \$122,096.52 Construction and repairs during the year 2,287.95 \$124,384.47

Deduct:
Cash received for entrance fees to Dec. 31, 1950 \$23,788.88
Received during year 884.00 \$24,672.88

Cash received for labor and materials to Dec. 31, 1950 \$16,441.90

Received during year

Net cost to date

### CONSTRUCTION AND REMARKS

1,392.26 \$17,834.16 \$42,507.04

\$81,877.43

During the year, fifteen houses on Newport Heights were connected onto the newly constructed sewer line. We still have four that are hesitating, and there is no doubt in my mind that drastic measures will have to be taken. The others had work done by the contractor or by local plumbers, so I hope that by early spring the project will be completed.

Also connected to the system were four new houses.

Respectfully submitted,

ROBERT C. VIOLETTE,

Town Manager

## ANNUAL REPORT

of the

Marian M. Currier

IN MEMORIAM ELLA MACK DONOVAN 1904-1951

Many years of devoted service in the Newport Schools.

### REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Newport:

I submit herewith my fourth annual report as Superintendent of Schools

### FINANCES

This year Newport is receiving state aid for education in the amount of \$28,041.44. This is in pleasant contrast to the past two years when no state aid has been received. It has served to reduce the amount of money raised locally for school purposes as follows:

District Assessment (raised locally)

1949-50 - \$159,600.71

1950-51 - \$173,181.03

1951-52 - \$147,371.30

The purpose of state aid funds is to "equalize educational opportunity" in the various towns and cities of the state. A balance should be found for the use of state funds for education between reduction of the local tax rate and improved school facilities and services.

As a community that benefits substantially under the present state aid distribution, we need to work for popular support for state aid to education. Unless this is done, there is no certainty that Newport will continue to receive state funds for education at or near the present level beyond 1952.

### SCHOOL BOARD ACTIONS

An agreement has been reached with the local chapter of the Daughters of the American Revolution to maintain and preserve the Red School House, located on the Goshen Road. (The building was painted and the grounds cleaned up by the janitors last summer.)

The rate of pay for substitute teachers was raised from \$7.00 to \$10.00 per diem.

Plans are in process to obtain a portrait of the late George B. Wheeler, generous benefactor of the Newport Schools. This portrait will be hung at the Wheeler Gym.

### MUSIC

Mr. Joseph Herne, Supervisor of Music, reports on musical activities as follows:

"Approximately one-third of the Junior High and Senior High School students take part in musical activities. In the past two years, we have purchased a new oboe, bass clarinet and twelve steel music stands.

We have just completed a successful drive to replace and add

more uniforms for the Newport School Band. This we did through the combined efforts of the band members and the various local organizations who contributed towards them. The Band plays at athletic activities and school functions, concerts and attends State Festivals.

This year the Towle High School Glee Club has a total membership of 108. Rehearsals are held three times weekly. The Glee Club participates in concerts and also attends State Festivals.

We have also a Junior Band, Junior Orchestra and Junior High School Glee Club.

Music groups and their membership follows:

Newport School Bank
Towle High School Glee Club
Junior Band
Junior Orchestra
Junior High School Glee Club

54 members
108 members
25 members
21 members
65 members

Two private instrumental teachers are here  $2\frac{1}{2}$  days each week giving 50 lessons. Violin lessons are given free of charge during school time and at present there are 10 children taking lessons. Approximately 30 children are taking piano lessons from local piano teachers.

The growth and development of the school music department has been largely due to the strong support and cooperation of the parents and the Superintendent."

### FIRST AID COURSE

The Red Cross Standard First Aid Course was completed by the Newport teachers in the spring of 1951. Instructors were Mr. Richard Parker and Mr. Henry Allen.

### TRANSPORTATION

To prevent overcrowding and also continue to carry high school students, it was necessary to make some changes in bus routes. They are as follows:

- 1. Unity Road was combined with Whitcher Road.
- 2. East Mountain-Goshen Road was extended via Pollards mills (Pollards Mills pupils previously went on Unity Rd. bus)
- The Guild route was extended to the Sunapee line. (this eliminates a number of pupils walking on a heavily-traveled highway.)

A Summary of Transportation Statistics for four years is included elsewhere in this report.

We are now transporting 287 elementary and 48 high school students for a total of 335. Conservatively, the District is saving 20% over the cost of transportation on a contract basis.

### REPAIRS

Minor repairs and the regular summer cleaning of all buildings were carried out by the janitors. Principal items at the various buildings were:

### Towle:

An additional row of lights in Chellis Auditorium to provide more foot-candles since this area is used as a Study Hall during the school day.

Chellis Auditorium, the typing room and the girls' basement were painted.

100 desks in Rooms 4 & 5 were sanded and re-finished.

A sump pump was installed in the boiler room.

Some new class room locks and 1 panic bolt were installed.

### Richards:

Additional cabinets were constructed in the Home Economics Laboratory.

Two boilers were re-nippled.

Sidewalks to the Main Building were covered with hot-mix.

### Primary:

An automatic heat valve was installed.

A larger water line was connected to the building.

Two toilets were replaced.

Some worn stair treads were re-surfaced.

The wooden fence around the playground was repaired and stained.

The exterior trim was painted two coats.

### NEW EQUIPMENT

The major items of new equipment are as follows: Towle:

One electric typewriter

Eight regular typewriters were exchanged

Six library chairs

Some instructional material for Chemistry and Biology

### Richards:

A stoker was installed for one boiler One additional sewing machine — Home Economics Three woodworking benches — Shop

### Music Department:

One bass clarinet

Ten additional band uniforms were obtained through donations from local organizations and through money raised by the band.

### SCHOOL BUILDING NEEDS

The size of our school population (1100) and the capacity utilization of our school plant at the present time causes me to bring to your attention some of the limitations of our school buildings and some of the situations that will develop within the next few years unless relief is obtained.

We are now using all the class room space available. At the same time, our elementary class size is at or near the maximum number of 35. This year the three divisions in Grade 2 are running from 42 to 44 pupils per teacher. Such a class size is far too great for effective instruction and should be rectified next year. I recommend that at least one temporary class room be provided so that these pupils may be placed in divisions of reasonable size.

In the upper elementary grades (5-8) there are approximately 100 pupils per grade. This number is divided into three divisions. However, our present sixth grade is split into only two divisions as the total number in the grade is 67. The small size of this grade is the result of a promotional policy started six years ago whereby a large number of pupils were retained in Grade 1. When the present sixth grade is graduated from the Richards Building in two years time, we will be one class room short to house the oncoming grades. It is not too soon to begin to plan how that additional class room will be provided two years hence.

In two years time we will need a minimum of two more class rooms to provide for our present elementary pupils.

a. To replace the temporary class room obtained for Grade 2.

b. To provide for a normal-sized Grade 6 (needed in 2 years.)

To consider solutions for providing elementary class rooms alone would not solve a pressing need for space at Towle High School. The problem there shows every indication of becoming more acute as larger elementary classes progress to high school.

There has been a steady increase in the enrollment at Towle High School (Grades 9-12) in the last few years and this trend is likely to continue as the following enrollment figures indicate:

School Year	Enrollment
1948-49	259
1949-50	262
1950-51	286
1951-52	295
1952-53	315 (Estimate)
1953-54	325 (Estimate)

This year, with an enrollment of approximately 300, Towle High School is operating beyond capacity. It was necessary to bring about 10 desks into already crowded class rooms in order that each student might have a home room station. (Since the con-

struction of the Wheeler Gym and the conversion of the old Study Hall (Room 2) into locker and shower rooms, there are approximately 40 fewer home room desks.)

In order to give you a picture of the situation, I shall list a few of the limitations that are seriously hampering the offering of our high school:

- There are no facilities at Towle for vocational courses.
   We have one class in Woodworking for freshmen at the
   Richards School. No courses in Metal Work, Electricity,
   Machine Tool, Auto Mechanics and allied subjects are
   offered. A large segment of our school population could
   benefit by such courses. They are as essential to a pre sent-day high school curriculum as the Academic or Com mercial courses.
- 2. There are no facilities for Home Economics at Towle. Some high school courses are offered at Richards, but the one Home Economics laboratory is used by both junior and senior high girls. The space, equipment, time and faculty is inadequate to properly provide for a complete high school Home Economics course. (The enrollment in this year's class in Clothing and Textiles is 32, and there were 10 to 15 girls who wished to take the course, but could not because of space limitations.) The sewing laboratory is normally equipped for about 20 students.
- The one small science laboratory in the building is used for both Physics and Chemistry. There are no laboratory facilities available for classes in Biology and General Science.
- 4. Chellis Auditorium is used for a study hall where students must work at tablet-arm chairs in a situation certainly not conducive to the best study habits.
- In order to use Chellis Auditorium for school assemblies, study hall chairs, tables and other equipment must be moved. Furthermore, the hall is over-crowded with 300 students.
- 6. The school's library is housed in one corner of the auditorium in what was formerly one approach to the stage.
- There is no separate room for showing movies. It is necessary to shift classes in order to make a room available for moving pictures a vital part of the learning process today.
- 8. There are no conference rooms nor any adequate quarters in which to conduct guidance services.
- There is seldom a period in the day when all class rooms are not in use. The size of some classes is such that they can meet only in certain rooms - making the problem of

scheduling a most difficult one.

- 10. We have several classes with more than 40 students far too many for effective instruction.
- All members of the staff are carrying heavy teaching schedules. There is little time available for remedial or supplementary work.

As we consider school building needs, I have tried to point out that there are certain problems at various levels of the system. How can we best proceed to improve the school plant so as to better provide for our young people?

I believe we should devote our attention to considering additions at Towle High School to provide:

- 1. Facilities for Shop courses.
- 2. Facilities for Home Economics.
- Additional class rooms to transfer Grades 7 & 8 to the Towle building.
- 4. Transfering Grades 7 & 8 to Towle would release class room space at the Richards building to take care of our needs for the elementary grades.

Any program of school building should be preceded by careful study and planning. This should be a cooperative activity on the part of citizens, School Board and school personnel.

Newport's school housing problem is such that we should begin to make plans. I recommend that:

- 1. One temporary class room be secured for next September.
- 2. A Citizens Committee be appointed to work with the School Board to make a study of our school building needs.

The ultimate solution of our building program rests with the people. In my opinion, the time to begin to plan is now. I would be remiss in my duty if our present limitations and future needs were not brought to your attention. To postpone the planning stage for long will result in serious over-crowding and makeshift arrangements within two or three years.

Respectfully submitted,

GORDON B. FLINT
Superintendent of schools

A group of teachers at work at the 3-day Workshop in Art, held at Newport on November 26-28. All elementary teachers in the Union attended and, by completing two follow-up meetings, may obtain one credit of college work through this in-service training.

Various types of art materials were demonstrated with the emphasis on art projects and activities that could be carried on in the regular class room to correlate art with the teaching of other subjects.

The Workshop was especially valuable to the teachers inasmuch as there is no Supervisor of Art in this School Union.

### ANNUAL REPORT OF THE PRINCIPAL

January 14, 1952

Superintendent Gordon B. Flint, Newport New Hampshire

Dear Sir:

It is my privilege to report to you on the educational progress of the past year at Towle High School and Richards Junior High School. A supplement of statistical tables is attached which includes the following:

Table I Enrollement by Grades

Table II Tuition Pupils

Table III Attendance Record

Table IV Perfect Attendance 1950-51

Table V Honors List 1950-51

Table VI Student Activities Financial Statements

Table VII Prize Speaking Contest Results

Table VIII Towle High School Graduates - Class of 1951

Table IX Richards School Graduates - Class of 1951

The significant accomplishments of the past year which have contributed to the progress and welfare of our schools are these:

1. Revision and Expansion of the Standard Testing Program. Standardized educational tests, because of their objectivity and definiteness, reveal to the teacher the status of the achievement of his class. They point out individual differences in capacity and achievement. They reveal the result of special types of emphasis, or of special methods of instruction. They open to the administrator and the teacher hitherto untouched sources of information useful in giving the pupil proper educational and vocational guidance. In their modern conception, they reveal to the teacher the specific weakness of individual pupils so definitely that he is in a position to apply effective instructional and corrective methods.

We have discarded several of the outmoded tests and have adopted in their place new devices for measurement which possess greater validity. Our testing program now includes the following:

Subject	Test 12		Grade
Chemistry	Columbia Research Bureau		12
Achievement	Essential High School Achieve-		
	ment Test		12
Franch	Columbia Research Burgay	10	11 12

Math	Davis Test	11
Latin	White Test	9, 10
American Hist.	Crary Test	11
Physics	Dunning Test	11
English	Cross Test	10
Plane Geometry	Columbia Research Bureau	10
Biology	Nelson Test	10
Algebra	Lankton Test	9
English	Barrett, Ryan, Schrammel Test	9
Mental Ability	Terman-McNemar Test	9
Achievement	Otis-Orleans Standard Graduation	
	Test	8
Achievement	Metropolitan Achievement Test	7, 8
Mental Ability	Otis Test	7

Supplementing our own standard testing program are the testing programs administered by personnel from the University of New Hampshire Testing Service, the Boston University Testing Service, and the New Hampshire Employment Service.

A few of the important outcomes of this comprehensive testing program are: (1) It establishes a more adequate basis for the guidance of the pupil while he is in school and in the selection of his later life activities; (2) It enables the teacher to realize the actual ability of the pupil and to utilize it adequately; (3) It provides the basic data for adjusting pupil assignments to the ability of the learner; and (4) It enables the school to evaluate its methods of instruction and the instructional materials used.

### 2. Establishment of an Organized Guidance Program

It is apparent that guidance is inherent in every part of the school that is concerned with assisting the pupil to make choices, adjustments, and interpretations. The classroom teacher can no more be divorced from guidance than can the counselor; in many ways he is fundamentally more important. On the other hand, to identify all of guidance with the teacher would be equally fatal. Adequate guidance requires the cooperation of all parts of the school and the many community resources available. This realization has dictated the creation of an organized guidance program which is designed to provide students with these services:

### (1) Knowing and understanding the individual.

We are striving to know each student's home and social background, school history, academic aptitude, growth and success in different fields of study, health, educational and vocational interests, special aptitudes, particular personal problems, personality, and plans for the future. Much of this information comes from the testing program. Questionnaires, rating scales, ancedotal records, autobiographies, and sociograms are also sources

of data.

All of these facts are tabulated on a guidance folder kept for every pupil but kept confidential.

(2) Group Informational Services;

Information that will meet young people's educational, occupational, personal, and social needs is given as units within various academic courses, as well as through school assemblies, extracurricular activities, and conferences with representatives from colleges, nursing schools, the Armed Forces, etc.

(3) Counseling;

By employing an additional part-time teacher it has been possible to lighten the teaching loads of two teachers whose training qualifies them to counsel individual students and assist them with their problems. Mr. Bugbee has been working with pupils in the senior and sophomore classes. Pupils enrolled in the junior and freshman classes are interviewed by Mr. Buinicky.

We have accumulated an extensive library of literature explaining the opportunities in the various occupations and professions. These materials are invaluable to students in making decisions and plans for their future.

(4) Placement;

Assistance is given to students, school-leavers, and graduates to find suitable jobs or to enroll in institutions of higher learning where they may be prepared for a career of their choice.

The school has taken full advantage of the services of the regional office of the New Hampshire Employment Service. All non-college pupils in our last graduating class were tested and registered by personnel from this agency. Several of these pupils were placed on their first job largely because of the efforts of this organization.

(5) Follow-up of Graduates;

Surveys to determine what our graduates are doing in the world are made at regular intervals. These are particularly worthwhile because they provide data which help us to evaluate our school program and because they offer clues as to where changes and improvements can be made.

Widespread Pupil Participation in the Schools' Music Offerings.

Through music the spirit of young people may be quickened, their feeling exalted, and their impulses disciplined for richer individual and social living. Education for our youth should include guidance that will steadily develop their appreciations and skills, so that they may participate in music adapted to their expanding powers.

Under the leadership and direction of Mr. Joseph Herne, the following organizations are providing pupils with opportunities

for enrichment through music:

(1) Newport School Band	54 members
(2) Towle High School Glee Club (Approx.)	100 members
(3) The Rhythm Raiders (Dance Band)	9 members
(4) Orchestra	20 members
(5) Richards Jr. High School Glee Club	60 members
(6) Junior Band	25 members

(7) Twelve pupils participated in the music workshop at the University of New Hampshire during the past summer.

(8) Approximately sixty pupils are receiving individual instruction from Mr. Herne, Mr. Minor, and Mr. Williams. There is no charge for Mr. Herne's services.

The organizations listed above practice regularly during the school year and make frequent public appearances in conjunction with numerous school and community activities.

Revision of Certain Aspects of the Junior High School Program;

Of the numerous innovations injected into the educational program at the Richards Junior High School, I believe these to be particularly worthy of mention:

- (1) After a lapse of several years, the prize speaking competition was revived and received the hearty approval of pupils, parents, and teachers. I am happy to report at this time that the Newport Business and Professional Women's Club has endorsed this project and, through its sponsorship, this most worthy event promises to remain a fixture on the school's program in the years ahead.
- (2) By acquiring the services of a special teacher we were able, not only to classify our eighth grade pupils in conveniently sized groups, but also, to place each child in a school environment which provided the best stimulation and opportunities for growth.
- (3) Thanks to the excellent cooperation of both the student body and teaching staff, a diversified program of social activities was carried out. Without question, extracurricular activities have very specific curricular functions in that they help to round out the many-sided development of children by affording types of educative experiences difficult to provide through the subject offering of the school. Extracurricular activities afford additional opportunities for pupils to demonstrate initiative, leadership, self-expression, and good citizenship.
- (4) For the first time in several years, the graduation exercises were held in the Newport Opera House. The large and enthusiastic audience present for these exercises indicates that this change was a popular one.

(5) To enable parents and friends to witness the accomplishments of pupils in the school's Manual Training and Home Economics Departments, we introduced last year, as an annual feature, the Manual Training-Home Economics Exhibit. The consensus of opinion of the many who attended was that this event served a useful purpose in that it gave recognition to pupils who had done outstanding work.

To the students, parents, teaching staff, assistant-principals, and citizens who have contributed to the well-being of our educational efforts, I wish to express my sincere gratitude.

Respectfully submitted, JOHN E. SIDERIS Principal

### SCHOOL WARRANT

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Newport, in the County of Sullivan, in the State of New Hampshire, qualified to vote in district affairs.

You are hereby notified to meet at the Town Hall in said District on the eighth day of March, 1952, at two o'clock in the afternoon to act upon the following subjects:

- Article 1. To choose a Moderator for the ensuing year.
- Article 2. To choose a Clerk for the ensuing year.
- Article 3. To choose a Member of the School Board for the ensuing three years.
  - Article 4. To choose a Treasurer for the ensuing year.
- Article 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
- Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
- Article 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
- Article 8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
- Article 9. To see if the district will vote to authorize the School Board to appoint a committee of not more than four citizens to work with the School Board to investigate present and future school needs and pass any vote thereto.
- Article 10. To see if the District will vote to authorize the School Board to sell the land and buildings known as the North Newport School and to convey the same to the purchaser by proper deed in the name of the school district.

Article 11. To transact any other business that may legally come before said meeting.

Given under our hands this 18th day of February, 1952.
