Amendment No. 1

CHANGE

To change Article 1, Section 1 to read:

“No buildings, additions or structures shall be erected or moved without a permit and no structure shall be altered to an extent affecting the total value without the approval of the town building inspector to whom adequate plans and specifications of the proposed building or alterations shall be submitted. A fee of not more than 2 cents a square foot or less than \$5.00 based on total living and non living areas shall accompany each application submitted. After issuance of a permit, construction must be commenced within six months and be substantially completed within two years, except that the Building and Safety Ordinance Committee may extend the time of completion upon application. In the event that in the opinion of the Building Inspector restrictions under Article 1 are not being met, the permit shall be revoked.

Amendment No. 2

NEW (to read)

Article 1, Section 7

## SOUTH HAMPTON TOWN REPORT

“Permit and fee for any structure of 5001 square feet or over shall be determined by the Building and Safety Ordinance Committee and the Selectmen.

Amendment No. 3

## SOUTH HAMPTON TOWN REPORT

The following action will help:

1. To teach our children the danger of lighted matches .
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn –
  - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
  - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A.M. and 5:00 P.M.
  - c. Have equipment on hand to control the fire before you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

## SOUTH HAMPTON TOWN REPORT

### LIBRARY TRUSTEES REPORT

During 1968 your library continued to move forward towards its objective of furnishing the best possible service to adults and young people alike.

The installation of a telephone meets one more requirement for qualification for membership in the New Hampshire Statewide Development Program. Residents are reminded that borrowed books may be renewed by calling the library at 394-7696 during library hours.

The trustees are grateful to the Board of Selectmen for the installation of new stairs which markedly improve the physical appearance of the approach to the library.

The librarian and trustees have continued to attend various work-shops and book-buying meetings. Mrs. Donald Miller, trustee, served on the Committee for the Southeast District Advisory Council of the Statewide Development Program.

We have received notice that we will again be the recipients of a State Aid Grant of \$100.00 for fiscal 1969.

The trustees are very proud of the fact that the Administrative and Book Selection Policies of the South Hampton Free Public Library have received special attention from Mrs. Rachel Sanborn, Supervisor for the Southeast Library District. They will serve as models for other libraries.

The trustees acknowledge with thanks the continued help of the Friends of the Library. The Historical Committee of the Friends has been especially helpful in continuing to enlarge the collection of local historical material available for public use.

## SOUTH HAMPTON TOWN REPORT

Mrs. Dora Isabel Jewell Munn presented the Trustees with a gift of \$10.00 for the Library Building Fund in loving memory of her parents, Frank and Mary E. Jewell. This fund was started by the Fidelity Grange in 1933 and the Trustees hope that it will continue to grow annually.

We wish to thank everyone who contributed to the successful operation of your library this year through gifts of books, money and time.

Respectfully submitted,

Natalie E. Blinn

### REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass. result-escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yards of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow of the need to be careful with outdoor fires and fire sources.

In behalf of the Department I would like to thank all persons who worked along with us, State Police, Sheriff's Department, Local Chiefs and Officers of bordering towns, Mr. Lloyd Currier and Mr. Edmund Roy.

Again, as in the past, the radios have been a great help.

We would also wish to thank the Conservation Officers who have worked with us in a few cases. Also all people who gave of their time this summer to search for lost youngsters. We have worked long hours answering many miscellaneous calls. We have donated our time to all town organizations, and local Ball Clubs. We have attended many meetings with other Police Departments and State Police. Many nights were spent cruising with both the State Police and the Sheriff's Department.

We have tried to serve you courteously and for the best interests of the town.

Thank You

The Police Department  
John Santosuosso, Chief

**REPORT OF THE PLANNING BOARD**

Your Planning Board began the year with two new members; Fred Kozacka taking Albert Gray's seat and William Brunet taking Horace Cressy's seat. We hold regular meetings on the first Tuesday of each Month and townspeople are always welcome to attend. The need for some type of zoning is still being studied and will in the future be brought forward to the town. This year we have asked the town to consider some changes in the bylaws. We consider these necessary to keep our bylaws up to date. This planning board is striving to keep South Hampton in line with an orderly growth pattern.

Thanking you for your cooperation and trust,

Chairman, Calvin E. Eaton

**REPORT OF THE CONSERVATION COMMISSION**

Members of the Commission have attended state and county meetings. The most important of these was a meeting at the County Building which the county conservation commissioner handed our soil texture maps to each town, showing the texture of the soil for agriculture, leeching of septic tanks, gravel banks and all top soil.

We also received information on how to obtain monies on surveys or worthwhile town projects.

## SOUTH HAMPTON TOWN REPORT

**REPORT OF LOCAL CIVIL DEFENSE DIRECTOR**

1968

In January a meeting of all Civil Defense personnel was held at the Town Hall. At this meeting the Civil Defense plan for South Hampton was reviewed and discussed.

A Regional Conference for Civil Defense Directors and Local Government Officials was attended by Selectmen Jewell Currier, Calvin Eaton and Civil Defense Director Lloyd M. Currier.

On February 6, Kenneth Field of the University of New Hampshire had shown a film entitled "Fall Out." After the film there was a question and answer period relating to Fallout Shelters and Civil Defense Organizations as related to the smaller towns. Copies of the basic Civil Defense Plan for each group were distributed to the responsible Civil Defense Officials.

In September 19, 1967 a request for a generator to be used as a source of emergency power for the Town Hall was submitted to the State Civil Defense Agency. On February 29, 1968, Selectmen Jewell Currier, Calvin Eaton, and Civil Defense Director Lloyd M. Currier went to the Mary Hitchcock Hospital at Hanover, New Hampshire to determine if a generator available under this program would be suitable. An evaluation of the unit determined that the cost of repairs would exceed the amount of money which should be spent by the town.

On March 12, a 16 hour Radiological Monitor Training course was approved under the Civil Defense Adult Education Program. This course was completed May 7, 1968 by fourteen members of the South Hampton Civil

Defense Unit and the Kensington Civil Defense Director. Mrs. H. Taylor acted as Secretary and Mr. James Latford of Kingston was the Instructor.

A room has been completed in the basement of the Town Hall to be used as a Civil Defense Office and Communication Room. The labor was contributed by Selectman Mike Santosuosso and Lloyd Currier.

All program papers and progress reports have been submitted to the New Hampshire Civil Defense Agency and were approved for 1968.

I wish to express my appreciation to the Selectmen and to all those of South Hampton who contributed their time and effort to the success of the Civil Defense Program for 1968.

SOUTH HAMPTON TOWN REPORT  
**SOUTH HAMPTON SCHOOL DISTRICT**  
**WARRANT - ANNUAL MEETING**  
**THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District in the Town of South Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

**YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN SAID SOUTH HAMPTON ON MONDAY, MARCH 3, 1969, AT 8:00 O'CLOCK IN THE EVENING , TO ACT UPON THE FOLLOWING SUBJECTS:**

**NOTICE:** School District Officers are to be elected at the town meeting (to be held at the South Hampton Town Hall beginning at 2:00 P.M. on Tuesday, March 11, 1969) in accordance with the statutory election procedure adopted by the District at its March 1966, Annual Meeting.

1. To see what action the District will take relative to the reports of Agents, Auditors, Committees, or Officers chosen.
2. To see if the District will vote to establish a contingency fund to meet the cost of unanticipated expenses during the year, and further, to see if the District will appropriate the sum of five hundred dollars (\$500.00) for this purpose.

Note: This is an annual article required by R.S.A. 198:4b. There is no money raised by taxes since the amount is budgeted both as income and as expenditure.

3. To see if the District will raise and appropriate the sum of two thousand dollars (\$2,000.00) to be placed in the capital reserve fund created at the March, 1965, meeting for the purpose of "constructing, reconstructing, and equipping a public school or acquisition of a building to be used as a public school by the District or the acquisition of land for the District.

## SOUTH HAMPTON TOWN REPORT

4. To see if the District will accept the provisions of Public Law 89-10 (Elementary and Secondary Education Act), designed to improve educational opportunities with particular reference to children of low income families and if the District will appropriate a sum not to exceed \$600.00 for such particular projects as the School Board may determine to be in the best interests of the District, and further to authorize the School Board, as agents of the District, to make application for, receive and expend said funds.

Note: There is no money raised by taxes since the amount is budgeted both as income and an expenditure.

5. To see if the District will raise and appropriate the sum of fifteen hundred dollars (\$1,500.00) for preliminary plans in connection with possible school construction including test borings, surveying, legal fees and architectural advise, and to authorize the school board, as agents of the District, to contact for this work and to take such action as may be required to effectuate the purpose of this article.

6. By petition of Mrs. K. Imbrescia and ten (10) other voters of the school district, to see if the School District will tuition the 7th and 8th grade pupils to other schools in surrounding towns, Amesbury Jr. High, Exeter Area Jr. High, Sanborn Regional School.

7. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District.

8. To transact any other business that may legally come before said meeting:

SOUTH HAMPTON TOWN REPORT  
REPORT OF THE SUPERINTENDENT OF SCHOOLS

SOUTH HAMPTON TOWN REPORT  
*REPORT OF THE SUPERINTENDENT OF SCHOOLS*

To the Members of the South Hampton School Board:

I respectfully submit to you my third annual report as Superintendent of Schools in the South Hampton School District.

During the days just prior to the opening of schools in Supervisory Union 21 a special meeting of all district principals was held. The purpose of this session was to set the stage for improved public relations. The tone of the entire meeting was to stress the fact that there exists a communications gap between home and school. As a part of the program presented we invited representatives from the news media to a round table discussion. For approximately two hours a great deal of healthy dialogue was generated. The media specialists advised us as to the procedure we might follow to strengthen and bridge the gap. It was a most rewarding experience to say the least. I have seen in the relatively short time since that session until this writing some remarkable effort along the public relations front. Teachers are involved in this operation and it is well that they should be. We need to "tell it like it is" when we relate school matters to our citizens. Supervisory Union 21 is not alone in this communications lag for I have read that on a nationwide level over 50% of proposed bond issues for new school construction were turned down by voters. This indicates to me that citizens are not well informed on school problems. This situation has resulted through no fault of the tax-

## SOUTH HAMPTON TOWN REPORT

payers. Hundreds of school systems budget annually large sums of money to help foster good relations with the several "publics" they serve. This is money well spent provided the program is well developed and on-going throughout the calendar year. School men should realize that sound programs of public relations are not made up of gimmicks or "bags of tricks" but simply the ability to convert ordinary communications into something more meaningful and appropriate.

The problems yet to be solved in the schools of this state are closely tied to receipt of additional state financial assistance. The local taxpayer has carried an impossible burden in this state and there is wide-spread reluctance to shoulder additional expense.

Consider if you will, however, the dilemma this places your school board and school administration in. While we are still experiencing a steadily rising school population we must realistically plan for this growth. We would therefore be remiss in our duties and responsibilities if we did not bring these matters out into the open. We are not asking for anything that we cannot justify in the budget currently under study and preparation.

Last year in my annual report I listed motivation and organization for change as being a troublesome task for there is resistance to innovation and change by those who think change is frivolous and therefore expensive. The education enterprise cannot operate by maintaining the status-quo in the decade just ahead. This problem in my estimation must be met squarely by better coordination and cooperation of the total staff. Everyone must become involved.

## SOUTH HAMPTON TOWN REPORT

The voices of the teachers are getting louder and stronger as they show concern for the problems within their profession. This movement is a general one being carried on across the nation. Almost daily we read of teacher unrest as it especially comes close to their own welfare. In New Hampshire there is already formed a systematic network of communication designed to keep teachers abreast of legislative decisions emanating out of Concord. We are facing a critical period here in New Hampshire when one considers the problems of the teaching profession. We can all expect to hear more about state minimum salaries, state negotiation laws, teacher supply and demand, curriculum revision and standardization, program evaluation, to mention but a few.

As we study the 1968-69 school budget appropriations in Supervisory Union 21 we note that the grand total of the eight districts amounts to \$3,581,983.45. Readers will agree that local school business is indeed "big" business. Interesting also in the fact the total amount appropriated to pay instructional salaries for 1968-69 in Supervisory Union 21 amounts to \$1,832,225.00 or 51.2% of the total appropriation. The total professional staff numbers 243. Some critics have been heard remarking about the high cost of administering the school program whereby the fact of the matter is that for 1968-69 a mere 2.6% was earmarked for administration.

During the course of the school year administrators and school board members alike keep a sharp eye on the enrollment pattern. Many of the items placed in the budget must reflect the enrollment projection.

At the end of November in 1967 there were 4175

## SOUTH HAMPTON TOWN REPORT

students enrolled in the eleven schools of the Supervisory Union as compared to 4364 at the same time in 1968. This is a jump of 189 in one year. Let me take you back a bit further to compare enrollment of November 1966 with that of 1965. In 1966 there were 4000 students against 3890 in 1965 or an increase of 110. There is a strong indication that our growth is being stepped up as time marches on. There is of course a whole set of obvious problems and urgencies connected with a rising school population that does not need discussion in this report.

The enrollment statistics as of January 2, 1969 are as follows:

(see attachment #1)

School board attempts to employ a school lunch director did not materialize this year. The board was advised that the position is an important one and to use caution in finding the right person to administer the program. Because of the Federal Government subsidy in such programs there are records which must be maintained and audited. The School Board will make every attempt to find a lunch supervisor for the 1969-70 school year.

The school housing situation in South Hampton changes slightly over last year. However, once again I must show concern about the potential growth possibilities. Concern must be shown for what this means to present enrollment and class make-up especially in our double-graded situation. Needless to say it is most difficult to find teachers willing to take on the double-graded assignment.

As school people we must continue to properly evaluate our methods and techniques used in teaching. This

## SOUTH HAMPTON TOWN REPORT

year teachers and administrators have spent considerable time in studying curriculum. Several staff members are enrolled in graduate courses offered by nearby colleges and universities. At this writing there are two extension courses scheduled to commence in mid-January. One is offered by Boston University and will deal in family living education. This course will be held in the Seabrook Elementary School. The other, a University of New Hampshire course, will deal with the teaching of Reading scheduled to be held at the Marston School in Hampton. It is expected that some 60 or 70 teachers will enroll in these valuable courses.

The chart below lists the budget appropriations (exclusive of bond issues) for all districts in Union 21. This chart shows dollar amounts spent for costs of administration complete with the per centage factor. Also included in column III is the amount expended for instructional salaries with the appropriate per centage of the total budget. At the bottom is presented the overall totals and averages.

(see attachment #2)

As in the past it has been my pleasure to be associated with your schools in South Hampton. I have found your school board members extremely dedicated to the duties and responsibilities of their office. They serve many long and tedious hours attempting to solve school connected problems. Their cooperation with the administration is commendable. Your principals, teachers and other staff members are making a fine contribution to the educational program in South Hampton.

Respectfully submitted,

Paul L. O'Neil

The School Board and School Administrators feel it proper and fitting that community recognition be given to Mrs. Gladys E. Chaddock, teacher of grades 1 and 2, who has enjoyed a perfect attendance record. The unusual part of Mrs. Chaddock's attendance record is that for the past eight years, which is as long as she has taught at the Barnard School, she has never been absent from her desk. Congratulations to you, Mrs. Chaddock, for your splendid achievement.
