A Glance at 1958 Activities

SELECTMEN AND MANAGER REPORT (General)

1958 has been an eventful year at least, as far as town functions are concerned.

The weather as usual was unpredictable and it gave the Highway Department a bad time during the first three months as well as the last month of the year. Costing the town over \$7,500 more than was appropriated.

Through Civil Defense funds and town funds the balance of the fire trucks plus one truck in the Water Department and one in the Highway Department were equipped with radio. An overdraft was caused in part by adding two walkie talkie units for the Fire Department.

The Water Department improvements through the Fuller Fund are in operation and all that remains to be done is the finish grading around the pump house, tank location and the completion of roads into each site. We should save approximately \$50,000 out of the \$250,000.

The new Planning Board as voted last Town Meeting was appointed by the Selectmen with John Robinson elected chairman. They met monthly and their report is elsewhere in the Town Report. Terms of the members were by drawing lots, with Richard LaPerle, one year; John Robinson, two years; Robert Sheldon, three years; Edward Saari, four years; Harry Thayer, five years, and James Griswold, five years.

After several meetings with the representatives of the Gulf Oil Company regarding the purchase of their parking lot, negotiations were completed and by the time this gets into the Town Report the town will own the parking area.

The Town Hall cupola repairs were completed with a saving of \$876 under the appropriation.

The sanitary engineering firm of Camp, Dresser and McKee were hired to work on our sewer problems by bringing our present surveys up to date and also to recommend what is needed for a sewerage treat-

ment plant. They are working with the State Pollution Commission, who have assured the Town of Federal Aid if the town votes for pollution abatement.

For the first time since 1952, we have a surplus in both appropriation and revenue which gives us a \$9,307 surplus for the year.

Our net debt is the lowest in several years being just over \$19,000.

The Selectmen's weekly meeting was changed from Thursday to Monday night to better the handling of town affairs which is an over a million dollar business. Considerable time and effort is required in trying to satisfy the increasing needs of a growing town which according to the 1957 Report numbers 6,490 people.

Again please study your Town Report and help the Town Officials by taking part in the policy making.

Report of Examination and Audit

HUNT'S ACCOUNTING SERVICE
HAMPTON, NEW HAMPSHIRE

January 31, 1959.

*Board of Selectmen,
Exeter, New Hampshire*

Gentlemen:

Submitted herewith is the Audit Report, for the year 1958, as made by Hunt's Accounting Service, as requested by the vote of your town.

Scope of Audit

All Departments of the Town government were audited: The Board of Selectmen, Treasurer, Tax Collector, Clerk, Trustees of Trust Funds, Municipal Court, Swasey Parkway and Library.

Financial Statements

Exhibit A-1 contains the Balance Sheet for a two-year period. This Exhibit reflects the Assets and the Liabilities at the close of the fiscal year December 31, 1958. The difference of which would show a Surplus or Debt whichever was larger. The financial condition of the Town of Exeter shows a small Net Debt of \$19,487.19.

Exhibit A-2 contains the change in financial condition during the year. The debt decreased by \$10,206.99, made by the following changes:

Budget Surplus	\$9,307.13
Reduction of Debt	1,000.00
Increase in Assets	5.00
<hr/>	
Total Decreases	\$10,312.13
Increase in Accounts Payable	105.14
<hr/>	
Net Decrease	\$10,206.99

Exhibit A-3 shows the appropriations as raised by the Town vote, receipts and reimbursements of appropriations, expenditures and balances as under-expended or over-expended. The final unexpended balance of appropriations was \$2,801.38.

Exhibit A-4 shows anticipated revenues and amounts actually received by the Town. The final excess of revenues was \$6,505.75, which added to unexpended appropriations would give a budget surplus of \$9,307.13.

Departments

Exhibits B-1 through J show the various town officers' accounts. All monies were accounted for by reconciling with the depository banks. Payroll accounts are paid by the Treasurer. Heretofore, payrolls were turned over to department heads for distribution.

Verification notices were sent on all delinquent taxes for the 1958 Levy.

General Comments

The general financial condition of the Town improved during 1958. It will be noted in Exhibit A-3 that several balances have been carried, to be expended in the year 1959.

The Parking Meter Reserve Fund has grown to \$6,481.99, which means that future expenditures for highways and meters may be transferred from this account.

To the officials of the Town of Exeter, my thanks for the splendid cooperation given to me during the course of the audit.

Very truly yours,

HERBERT E. HUNT,
Auditor.

Highway Department Report

for 1958

To the Honorable Board of Selectmen and the Town Manager:

Herein is my report for the year of 1958 accounting for some of the activities of the Department.

All or parts of thirty-seven (37) streets and roads were sealed with asphalt and sand, some new streets in the new developments were built and graded with gravel and surface treated.

In our operations during the year 1958, 4,710 cubic yards of gravel, 1,146 cubic yards of sand, and 302 tons of cold patch were purchased, plus several tons were mixed at our yards by the employees of the Department and over 50,000 gallons of asphalt were all used during the year.

We had twelve (12) snow storms during the year, the first on the 8th of January and the last one the 20th of March.

The parking meter posts, traffic lines, and signs, street signs, about 800 catch basins, and all sewer lines were maintained by the Department.

We had the usual amount of telephone calls for the services of the Department amounting to over three hundred (300) calls during the entire year.

In closing, I wish to thank all the Town Officers, all the other Departments, and the citizens of the town, including the members of the Highway Department for their assistance in helping us perform our many duties throughout the years.

Superintendent

The old standpipe on Prospect Hill near the hospital should be retired soon because of its age, low elevation, and condition.

The screen in the well at Gilman Park should be cleaned before the heavy summer pumping commences.

The standpipe on Epping Road should be painted in the inside

The water was tested by the State Department of Health at regular and frequent intervals during the year and found to be safe at all times.

Public Library Report

To the Library Committee and Citizens of Exeter:

It is a distinct pleasure to report that the library has three thousand seven hundred seventy two (3,772) borrowers. This total includes the juvenile department which has nine hundred twenty eight (928). Of this number quite a few are new residents. We welcome them and hope many more will take advantage of the local library facilities.

Reference Room

Several excellent books have been added to the shelves. The Reference Room is a very busy place most of the time. We could easily use a much larger room.

Community Cooperation

The Garden Club has continued its generosity by adding to the original planting more lilac bushes. Likewise several of the town churches supply drivers for the staff visits to the Eventide Home.

Mr. William Dudley has given much of his time and skill keeping the Historical Society Case filled with different types of exhibits. We are very grateful for all these services.

Children's Room

During National Library Week Mrs. Thayer's Girl Scout Troup visited the library. Children's Book Week classes from the Elementary School and Exeter Day School were visitors. The librarian read stories one afternoon.

Repairs

Because of a leak, plastering and painting were necessary in the genealogical room. The front door and the side door were completely refinished.

National Library Week

The first National Librray Week was organized by the National Book Committee in cooperation with the American Library Association. "Wake up and Read"

was the theme which was the first nationwide effort to arouse interest in libraries of all kinds. March 16-22, 1958, was celebrated all over the country as National Library Week. Due to a bad storm our open house evening was not the success we had hoped for. The staff wishes to thank the Library Committee for their help and cooperation and the few people who came to visit. We sincerely hope another year the public will be more interested.

Replacements

This year a special effort has been made to replace some of the classics with newer editions and to replace soiled books that are popular. Forty-nine for the adult department and twenty-six for the juvenile were purchased. The Merrill funds and the Bell History funds were the source from which we obtained our money. The library is most fortunate to have such a source available.

The librarian appreciates the continued support and cooperation of the staff and the Library Committee.

Report of the Visiting Nurse Committee

For the period from July 1-Dec. 31, 1958

The Committee was appointed by the Town Moderator on March 31, 1958.

It has met five times since then. On June 10, Mrs. Mary Chamberlain, R.N., was appointed to be the Visiting Nurse for one year. She started work on July 1, and since then has made 282 calls on residents of the town. Some of these at the request of the patients themselves, some at the request of doctors, and some at the request of the School Nurse and of the Town Manager. She has also made courtesy calls to new mothers to offer help with new baby care.

Patients who are able pay a standard fee of \$2.00; patients unable to pay that fee pay whatever they can, or nothing. The courtesy calls to new mothers are free.

At this time the Committee consists of five members: Mrs. Horace Bradt, Mrs. Oscar Gilbert, Mrs. Joseph Kenick and Dr. Edwin Lee. The By-laws provide for the appointment, by the Committee, of two members each year to replace two outgoing members.

The adopted By-laws, Personnel Practices, and Medical Policies are available from the Chairman.

The Committee feels that the Program is a worthwhile one, and that Mrs. Chamberlain is doing well, and hopes that the town will support it for another year.

STATEMENT

Appropriation:

For salary and travel only	\$3,900.00
Salary paid	\$1,713.22
Travel paid	210.26 (\$41.67 due)

-1,923.48

\$1,976.52

Expenses:

Rent and Phone (\$25 due)	\$100.00	
Nursing bag, non-recurring	31.83	
Flyers, infrequent	38.50	
Record forms, infrequent	90.02	
Petty cash	15.00

	<hr/>	-\$310.41
Deficit		<hr/> \$23.91

The Committee feels certain that had the nurse been in business for a full year there would not be a deficit, and that she might even have returned some of the town appropriation. As noted some of the expenses are either non-recurring or very infrequent.

Respectfully submitted,

MRS. H. G. BRADT,
Chairman.

Report of the Chairman of the Trustees of the Swasey Parkway

I respectfully submit my report for 1958.

We have continued the hot-topping of the gravel walks, repaired our boundary fences, removed infected trees, repaired or removed and painted seats (three of which were later totally destroyed by vandals), and otherwise kept the parkway in a neat condition thanks to our maintenance men.

In closing I wish to express my sincere thanks to Frederick Lundberg and Henry Shepard for their cooperation and to Mrs. Lundberg for her unselfish assistance.

LEE H. TAYLOR,
Chairman, Trustees of the Swasey Parkway

Report of Planning Board

In accordance with recommendations of the 1957 planning board which were adopted at the 1958 town meeting, six board members were appointed by the selectmen and have met monthly since April 21, 1958.

The town manager, who attended all meetings, outlined problems of immediate concern, and others which board members tabled for future consideration.

Considerable time and effort was devoted to examining and classifying existing town ordinances and regulations. Many were found to be obsolete; others totally inadequate for present day needs. This evaluation study is continuing.

Board members made a survey of congested traffic areas and upon their recommendation, regulations were established which restricted Elm, Elliot, and Spring Streets to oneway traffic Sunday mornings. Later, parking became restricted on the narrow sector of Water Street near Center.

The knowledge that the town's lease on the dump was to expire in May 1959 precipitated an intense study of that situation and possible solutions. A new site for a sanitary land fill operation was explored but found expensive compared to the present operation. Accordingly, it was recommended that the town seek to acquire more land and a lease extension at the present site. Outright purchase of the land will be on the town meeting agenda.

Corrective action was recommended and accomplished on an improperly constructed sewer pipe junction. Discussions have also been held on parking lots, police quarters, trailer parks, tree planting, with no action recommended pending further study.

Acting within its legal capacity as an advisory board to selectmen the board explored various avenues in which new subdivisions could be regulated and controlled in the interest of taxpayers, prospective home owners, and the orderly growth of the town.

With the assistance of legal, architectural, and engineering counsel the board prepared a new set of street regulations in greater detail than those set forth in 1954. These were put into effect by the selectmen Jan. 1 of this year.

The board has urged extensive display of these regulations for the protection of future home owners and as a guide for developers, realtors, contractors, and lending institutions.

Whether or not the regulations will afford the town adequate safeguards during its expected growth period is far from certain. Their degree of observance will be the determining factor. Should they prove to be inadequate it will be up to the town to authorize more stringent methods of control that can only be provided by adoption of a building code.

Respectfully submitted,

JOHN C. ROBINSON, JR.,
Chairman
