TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hill in the County of Merrimack, in said State , qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Hill on Tuesday, March 8, 1988, at 10:00 AM to vote on the following subjects:

1. To choose all necessary Town Officers for the ensuing year.

2. Are you in favor of the adoption of Amendment NO. 12 as proposed by the Hill Planning Board for the Town of Hill Zoning Ordinance as follows:

Adopt the Hill Floodplain Development Ordinance and add Section G to Article IV to make this ordinance a part of the existing Town of Hill Zoning Ordinance.

3. Are you in favor of the adoption of Amendment NO. 13 as proposed by the Hill Planning Board for the Town of Hill Zoning Ordinance as follows:

Amend Article IV as follows:

(a) Change in Section A the definition of Mobile Home to be the definition of Manufactured Housing/Mobile Home, and

(b) Change the first paragraph of Section C to read "Mobile Homes are permitted on individual lots in both Village and Rural Residential Districts, provided such homes have been manufactured in accordance with the HUD Manufactured Housing Standards, Title VI of the Housing and Community Development Act of 1974 (42 USC 5401) as amended by HUD" (substituted words underlined)

4. Are you in favor of adoption of Amendment No. 14 as proposed by the Hill Planning Board for the Town of Hill Zoning Ordinance as follows:

Amend Article V relating to the Rural Residential District (Zone RR) as follows:

(a) Change Section B.7 to read "Travel Trailer parks and Tenting areas, provided they are in conformance with Article IV, Section D" (change underlined), and (b) Delete Section B.8. in its entirety.

PROPOSED ZONING AMENDMENTS
198A TOWN WARRANT

The Hill Planning board is proposing four amendments to the Zoning Ordinance. This message is intended to provide some explanation of these proposals.

Amendment No. 12

The 1987 Town Meeting voted to participate in the Regular Federal Flood Insurance Program. The proposed Hill Floodplain Development Ordinance is the minimum set of restrictions which the government will accept for participation.

Amendment No. 13

The Board of Selectmen on the advice of Town Counsel requested the change in language about construction standards for manufactured housing/mobile homes to comply with RSA 47:22-a which permits adoption by reference to a nationally recognized code for manufactured housing. The prior standard was not sufficiently explicit.

Amendment No. 14

The changes relative to travel trailer parks and tenting areas simply corrects the existing ordinance.

Amendment No. 15

The permitted uses in the Village District currently are listed as -
"Home based business owned and operated solely by the occupant of subject premises."

No other guidance is provided. The proposed explicit uses are consistent the Rural Residential District uses and are not in conflict with the deed restrictions generally in effect since the new village was subdivided.

5. Are you in favor of the adoption of Amendment No. 15 as proposed by the Hill Planning Board for the Town of Hill Zoning Ordinance as follows"

Amend Article V relating to Village District (Zone V) as follows:

(a) Change Section A Permitted Uses to read;
"Single Family Dwellings.

Retail sales of antiques, art pieces, crafts and handiwork when an accessory use to residence.

Home occupations and professional offices accessory to residences.

Accessory uses and buildings.", and

(b) Add Section E. Building Height to read
"Building shall not exceed 2 1/2 stories in height".

POLLS WILL BE OPEN AT 10:00 AM AND
WILL NOT BE CLOSED BEFORE 6:00 PM.

THE BUSINESS MEETING to consider the remaining articles of this Warrant will open at the Town Hall on THURSDAY, MARCH 10, 1988, AT 7:00 PM to act upon the following articles:

6. To see if the Town will vote to combine the elected position of Town Clerk and Tax Collector into one Elected position.

7. To determine the salaries of the Selectmen, Tax Collector, Deputy Tax Collector, Town Clerk, Deputy Town Clerk, Treasurer, Deputy Treasurer, and Clerk of Trustees of Trust Funds.

LIBRARIAN'S REPORT

This year all the non-fiction books have been classified, and the catalog cards have been made and filed. Fiction has been arranged in alphabetical order, and the work and typing the catalog is in progress.

About 25 families use the library on a regular basis, and the kindergarten children come in once a week.

About 20 books per day are circulated.

Some 30 new books have been purchased, mostly adult, and divided about equally between fiction and non-fiction.

Also a new World Book Encyclopedia, replacing a Britannica published in 1947, has been ordered.

MINUTES OF MEETING
ANNUAL SCHOOL DISTRICT MEETING
TOWN OF HILL, NEW HAMPSHIRE

MARCH 4, 1987

The Annual School District Meeting was called to order at 7:15 P. M. on Wednesday, March 4, 1987 at the Hill Town Hall by Moderator Sharon Denningham.

ARTICLE #1: A motion was made by Kevin Barbour and seconded by Thomas Whitman that the reports of Officers, Committees, Auditors and Agents be accepted as printed in the School District Report.

VOTE: Affirmative (voice vote)

ARTICLE #2: A motion was made by George "Bill" Wilson and seconded by Kevin Barbour that the salaries of the School Board and other officers and agents of the District be as follows:

School Board Chairman	\$200.00
School Board Members (2)	\$175.00 each
School District Treasurer	\$240.00
School District Clerk	\$ 20.00
School District Moderator	\$ 15.00
School Truant Officer	\$ 15.00

VOTE: Affirmative (voice vote)

ARTICLE #3: A motion was made by Thomas Whitman and seconded by Bill Wilson that the School Board be authorized to contract with a qualified independent auditing firm from outside the School District for the fiscal year financial audit in accordance with RSA 671:5.

VOTE: Affirmative (voice vote)

ARTICLE #4: A motion was made by Kevin Barbour and seconded by Thomas Whitman that the School Board be authorized to make application for and accept during the 1987-1988 school year, on behalf of the School District, all funds which become available from any source, and to use and expend the same in accordance with the provisions of RSA 198:20-b (supp.).

VOTE: Affirmative (voice vote)

ARTICLE #5: A motion was made by Thomas Whitman and seconded by Bill Wilson that the School Board be authorized to transfer one thousand dollars (\$1000) to the capital reserve fund for school construction, from any unexpended funds from the 1986-1987 appropriation at the end of the current fiscal year.

VOTE: Affirmative (voice vote)

ARTICLE #6: A motion was made by Bill Wilson and seconded by Kevin Barbour that the School Board be authorized to accept and expend, in the name of the District, four thousand four hundred dollars (\$4,400.) from the Town of Hill, if tendered by the Town of Hill by vote at the 1987 Town Meeting to give said monies to the District, and to apply said monies to pay a portion of the District's share of improving and upgrading the playfield area known as Maurice P. Wheeler Park, located behind the Hill Town Hall.

After Article #6 was seconded, Bill Wilson further explained the article by stating that there is a petition article in the Town Warrant that will be voted on at the Town Meeting that directs that \$4,400 from the lumbering operations on the Town land behind the Town Hall be turned over to the School District to assist in the second phase of the Hill Ballpark project. The purpose of this article then is to accept this money, contingent upon it being voted at the Town Meeting. The next article will then allow the District to "double" that money, by voting to increase the total appropriation to \$18,800, of which \$9,900 will be from the federal government and \$9,900 from local - the original \$5,000 from the budget and the \$4,400 from the lumbering operations. Therefore, the District obtains enough to complete Phase II of the project.

VOTE: Affirmative (voice vote) (not unanimous)

ARTICLE #7: A motion was made by Bill Wilson and seconded by Kevin Barbour that the School District vote to raise and appropriate \$18,800 for the purpose of improving and upgrading the playfield area known as the Maurice P. Wheeler Park, located behind the Hill Town Hall, and that the Hill School Board apply for, accept and expend during the next two (2) fiscal years offsetting revenue in the amount of \$9,400 from Federal Land and Water Conservation Funds for this project, said appropriation to be conditioned upon the vote by the Town of Hill at its 1987 Town Meeting, or any adjournment thereof, to appropriate and transfer the sum of \$4,400 to be used for this project and if said \$4,400 is not approved and voted at the Hill Town Meeting, then the amount to be raised and appropriated hereunder to be reduced to the sum of \$10,000 with offsetting Federal Land and Water Conservation Funds revenue in the amount of \$5,000.

VOTE: (ballot vote) 29 yes/19 no - Article failed (two-thirds needed)

Bill Wilson moved to reconsider Article #7 and Kevin Barbour seconded the motion.

VOTE: Affirmative (voice vote)

A motion was made by John Lynch and seconded by Bill Cummings to amend the total amount in Article #9 to \$470,000.

REPORT OF THE HILL SCHOOL BOARD AND SUPERINTENDENT OF SCHOOLS

To the Residents of Hill:

Each year we report to you on the events of the past year and what we hope will be the direction the District will take in the ensuing year. Our overall feeling is that the school programs are current and effective. More students each year are succeeding in their endeavors. The number of students going on to further education has been increasing steadily over the past several years and the dropout rate has decreased.

Maurice P. Wheeler Ballpark

The community ballpark project is nearing completion. This past year the Board developed a new game court and purchased play-ground equipment. New swings, benches, and see-saw boards will be installed this Spring for use by the entire community. However, maintenance will require support from everyone. One custodial/maintenance position to be shared with the town is in the budget. Both school and town custodial and maintenance duties will be handled by one full-time person if approved by the voters.

No new monies are being asked for this year for the ballpark. The final stage of development will be delayed until the financial conditions of the community improve.

Enrollment and Tuition Costs

The Jennie D. Blake School enrollment has been holding steady for the past two years. About the same number of students enter school in grade one that graduate to grade seven in Franklin. However, this year there will be an increase in the number of students attending Franklin Junior-Senior High School. Sixty-four students are scheduled to be tuitioned to Franklin. This number along with a rate increase of close to \$950 per student will result in a budget increase of \$83,349 over last year. It is for this reason that your School Board reduced all budget requests to the absolute minimum needed to operate for a year. The actual tuition rate increase this year is approximately 30%. However, over the past six years the average increase is less than 10%.

Why did the tuition rate jump so much in one year? The Board found that the sharp increase is due to more students attending and increased expenditures in the Franklin School District. The formula for calculating the tuition rate has favored Hill for the past eleven years. At no time since the signing of the long-term tuition agreement has Hill paid the State Average Tuition Rate. Hill has been three and four hundred dollars per student below the rate charged by most other districts. Next year, however, the rate is expected to approach the State Average.

The total tuition increase for 64 students is \$83,349 or about 85% of the total budget increase of \$98,221. The increase is due in part to more students attending and increased operational costs in Franklin.

Test Scores in Percentiles - California Achievement Test

Annually, grades four and six are given an achievement test. The scores this year show the students to be above average in six areas and below average in six areas. The Board uses the data to plan improvements in the curriculum. New math and reading series have been purchased by the District.

Summary of Proposed 1988-89 Budget

As you review the budget, please note that there are many areas that have been reduced or eliminated. The Board found it necessary to remove from the proposed budget \$1,400.00 in building maintenance, \$1,654.00 in replacement of carpeting of 5th and 6th grade room, \$6,180.00 in paving the outdoor game court, \$2,325.00 in repairs to the front entrance steps and landing, \$4,235.00 in fencing of the baseball playfield to eliminate vandalism caused by motorized vehicles of all kinds, \$2,500.00 in playground equipment, \$1,600.00 for the mowing tractor, and \$600.00 for replacement student desks and chairs. The reason for these reductions is due to significant increases in the tuition rate discussed earlier. The remaining parts of the budget which include teachers salaries, instructional accounts, insurance, transportation, utilities, and maintenance to the building reflect a total increase of only \$16,577. That represents 3.2% of the total budget.

The Hill School Board and Administration wishes to express its appreciation to the staff, volunteers and parents who have supported the school this past year. We are very fortunate to have high quality teachers working with our young people. Your support of the budget is very necessary to keep good teachers in Hill. Having a strong interest in your schools is important to all of us. We encourage you to be involved.

Respectfully submitted,

George W. Wilson, Board Chairman

Paul Fillion, Ed.D., Superintendent of Schools

JENNIE D. BLAKE SCHOOL

REPORT OF THE PRINCIPAL

The 1987-88 school year began on September 8th with seventy-eight students. The opening was very smooth and found the building in tip-top shape after its annual summer maintenance. With the second phase of the Maurice P. Wheeler Ballpark Project completed and the play area installed, students were able to use these badly needed play areas soon after school began. The basketball nets and playground equipment purchased last year will be installed this Spring as soon as ground conditions permit.

The new "whole language" reading program, Impressions, has been in use by all grades since September. Teachers and students have shown much enthusiasm about the Impressions program thus far. The Impressions philosophy states, "students become proficient users of language through experience and experiment." Therefore, the program stresses learning through listening, speaking, writing and reading. Students are exposed to the highest quality literature, (much of it taken directly from classic and current children's books), which increases an interest in reading and writing alike. Language expression and language mechanics are also included under the umbrella of the "whole language" approach to reading. The teachers using this program feel that they will be helping students to be better prepared for a life-time of reading and writing.

Our extra curricular activities are underway. The drama group presented a Christmas play called "Setting Santa Straight", which was well received. The chorus also presented an excellent concert, not only here at our school but also represented the school at the District Concert in Franklin. Instrumental lessons are also being offered this year and everyone is waiting for their first concert in the Spring. Basketball is under the direction of Mr. Douglas Kane. Fifteen youngsters are on the team. Games have been scheduled with the Bessie Rowell and Paul Smith schools in Franklin.

The Gunstock Nordic Outreach Program will conduct a cross country ski program for all youngsters in February. This is the third year for this program here at J. D. Blake School and the students are excited that it is continuing. A majority of the funds for this program continue to be a result of the fundraising efforts of the students. After school exercise/aerobics is also being offered throughout the year for all interested youngsters.

Although this may sound repetitive, all of us here at J. D. Blake would like to thank all of the residents of Hill and those associated with SAU #18 for their continued support of the educational process as it pertains to the children of Hill. The staff at the J. D. Blake School continues to feel that this is an exciting place for your children to learn and grow together; and we encourage you to stop in and make an appointment to visit.

Respectfully submitted,

David Hurley, Principal

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Hill School District
Hill, New Hampshire

We have examined the general purpose financial statements of the Hill School District as of and for the year ended June 30, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Hill School District at June 30, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Hill School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.
