**DEDICATION  
OF THE  
2003 ANNUAL REPORT**

*Each year the Town of Kingston is proud to honor one of its own who has made a significant contribution to our community. It is with sense of pride that 2003 Annual Report is dedicated to Kenneth F. Briggs, Jr.*

Over the years, the Board of Selectmen has sought to recognize individuals who have exemplified consistent commitment to the Town, and who help make this such a great place to live. It is with great pleasure that this year we recognize Ken Briggs.

Born in Amesbury, Ken's family moved to Newton, NH in the 30's. After serving in the Army during WW II, he entered UNH and received a degree in Civil Engineering in 1959. Ken moved to Kingston in 1957 as he was working for NHDPW & H in Concord. In 1962, he accepted the position of Town Engineer. In addition to his regular job, he spent the time necessary to review development plans, make site visits to review the progress of construction and to attend Planning Board Meetings. The latter mission was probably the most difficult as he has spent so many years trying to impart "Yankee common sense" to the Board Members. Since 1962, Ken has never taken the salary allocated to the position.

However, the true indication of volunteer service is that he did not stop with the Engineer's position. He has served on the Fire Department (his tenure described only as "the early years" which suggests the presence of horses), Cable T.V. Committee and served as a Sanborn Seminary Trustee (past chair). For those who attended the Bicentennial Celebration, you may remember his role as the Father of our country. Professionally, he served as State President and State National Director of the NH Society of Professional Engineers. One can only wonder how long those meetings went with Ken leading the discussion!

Our Town is a better place due to the dedication and diligence of people like Ken Briggs.

TOWN OF KINGSTON

ARTICLE I CASUAL SALES

1. Purpose

- 1.1 The Board of Selectmen, in an effort to recognize contemporary conditions and in full recognition of the standards imposed by the Zoning Ordinance of the Town of Kingston, recognize that certain commercial activities may appropriately occur on property within the Single Family Residential, Single Family Residential Agricultural and Rural Residential zoning districts and are not incompatible with the overall intent as set forth in the Zoning Ordinance, especially as that intent applies to the conduct of retail-type sales within those districts.
- 1.2 The Board of Selectmen is of the opinion that the defined casual sales uses and activities may be carried on in such districts by the resident/owner and not generally be construed as incompatible with the applicable zoning of the district.

one (1) unregistered vehicle may be on the premises and offered for such casual sale at one time. (The laws relating to unregistered vehicles, junkyards, licensed dealers, etc., shall apply in all instances.)

- (a) A continuous offer for sale of different such items shall be inconsistent with the intent of casual sale and will not be permitted (being contrary to the zoning requirements).
- (b) Agents, dealers, brokers, and salesmen are specifically excluded from carrying out casual sales in their business capacity under these regulations.

### 3. Permit required

ARTICLE I CASUAL SALES

1. Purpose

- 1.1 The Board of Selectmen, in an effort to recognize contemporary conditions and in full recognition of the standards imposed by the Zoning Ordinance of the Town of Kingston, recognize that certain commercial activities may appropriately occur on property within the Single Family Residential, Single Family Residential Agricultural and Rural Residential zoning districts and are not incompatible with the overall intent as set forth in the Zoning Ordinance, especially as that intent applies to the conduct of retail-type sales within those districts.
- 1.2 The Board of Selectmen is of the opinion that the defined casual sales uses and activities may be carried on in such districts by the resident/owner and not generally be construed as incompatible with the applicable zoning of the district.

2. Permitted sales

2.1 Casual sales shall include:

- A. The casual sale of household and personal items of the resident/owner at his/her place of domicile.
  - (1) Any such sale to be limited for a total period of sixteen (16) hours over two (2) successive days. Such sales can take place two (2) times during one calendar year.
  - (2) The conditions of Section 3 below apply.
- B. Rummage sales and similar fundraising efforts conducted by nonprofit corporations registered with the New Hampshire Secretary of State, or other organization as in Subsection B (1) below.
  - (1) Organizations generally considered in this context are churches, church-related organizations, local and national service clubs and recognized service-orientated organizations.
  - (2) The conditions of Section 3 below apply.
- C. Casual sales of automobiles, trailers, boats and similar items of personal property.

- (1) Such personal property must be owned by the resident/owner or be of immediate family ownership, as evidenced by a title of registration. Only one (1) unregistered vehicle may be on the premises and offered for such casual sale at one time. (The laws relating to unregistered vehicles, junkyards, licensed dealers, etc., shall apply in all instances.)
- (a) A continuous offer for sale of different such items shall be inconsistent with the intent of casual sale and will not be permitted (being contrary to the zoning requirements).
- (b) Agents, dealers, brokers, and salesmen are specifically excluded from carrying out casual sales in their business capacity under these regulations.

### 3. Permit required

3.1 Such casual sales shall be subject to a permit:

- A. The fee for handling and filing, if any, shall be determined and established by the Board of Selectmen.
- B. The permit is non-renewable and non-transferable to another person or another address.
- C. The permit shall be issued by the office of the Board of Selectmen upon the payment of the fee, if any, and evidence of conditions satisfied.

### 4. Restrictions on advertising signs

Signs for display to advertise the specific sale are limited to two (2) single-faced or sided signs or one (1) two-faced or sided sign; signs shall be of reasonable size and in good taste. The size and locations are to be a part of the application and must be acceptable to the Board of Selectmen. Signs must not obstruct traffic view and shall be removed immediately after the sale has ended.

### 5. Appeals

Functions not herein defined, organizations not detailed and conditions or stipulations felt excessive may be appealed to the Board of Selectmen.

## BOARD OF SELECTMEN ANNUAL REPORT

This was a year that included several seminal events. The Landfill closed on 31 December after decades of accepting the waste of our Town as well as many others as well as construction debris. Six years ago, we were accepting 16,000 tons of waste per year. Five years ago, it jumped to almost 30,000. For three to four years, it was almost 50,000 tons per year based on the improved economy and the resultant boon in construction. Based on these fortuitous convergences, the landfill closure account generated close to \$10 million dollars. As such, no additional funds will be required to initiate the full closure required by the State. The landfill should be capped by the end of this year. Special recognition should be given to the prior Selectmen who initiated this plan, and specifically to Selectman Mark Heitz. His tireless efforts have been directly responsible for the positive state of the closure.

This year also saw the first "reval" since 1988. Any endeavor of this magnitude (assessing over 2,700 parcels) is sure to have its own problems and this project was not immune from that fact. The difficulty in converting to a new computer program delayed the 2<sup>nd</sup> tax bills for approximately a month, but should, in the long run, vastly simplify the process and provide residents with access to more secure information. With requests for abatements ( a viable measurement of accuracy) currently running at under 2%, overall we can say that the effort was a success.

As I conclude my tenure as one of your Selectmen, I wish to take a moment to thank all the dedicated volunteers who serve all of us. From the uncompensated members of the various Town boards who spend many hours in service to the individuals who come forward when specific events warrant. I especially recall the 40-50 people who came out several years ago to build the playground at the old fairgrounds. While they serve for their own individual reasons, they all "epitomize "community service". Our Town functions in direct correlation to those who serve. If you are not currently volunteering for anything, I encourage you to get involved and make a difference.

Finally, thank you for allowing me to represent you. The past six years have been educational, interesting and enlightening.

*Respectfully submitted,*

## Nichols Memorial Library 2003 Annual Report

Many positive changes have taken place at the Nichols Library during the past year. First, I am pleased to have been selected as your new Library Director in place of Natasha Leonard who accepted another library position elsewhere. We all certainly wish her continued success.

As her successor, it is my intent to maintain a very high standard of service and assistance to library patrons, as well as make sure the library needs of the community are met in a sensible, cost-effective, progressive manner. It is also my hope that we can re-organize the Friends of the Library group so that we can work hand in hand to promote the essential needs and goals of your Public Library.

The community is continuing to take advantage of a variety of library resources and programs. Computer usage and Internet access is up significantly, music CD's, DVD's, and Audio Books have also been well utilized by library patrons. We continue to purchase a wide variety of both large print and best selling books, children's books, videos, CD's DVD's, audio titles, magazines, and so much more.

We welcomed two new library substitutes this year, Kelli Lennon & Kathy Sullivan. Both are friendly, helpful staff members who enjoy assisting and resolving the various needs of library patrons. We wish to thank Library Associates Karen Kamon & Margie O'Donnell for so capably maintaining a high level of quality library services during the interim period between Ms. Leonard's departure and my arrival in mid-November.

We wish to extend our sincere appreciation to all those in Kingston and beyond, who have so generously and thoughtfully supported fundraisers, donated library books, money, videos, supplies, food, expertise, etc. all in a sincere attempt to provide worthy and essential library services, programs, and informational material, in an effort to do everything possible to minimize costs to taxpayers. We appreciate and look forward to your continued support in the year ahead.

## 2003 Report of the Kingston Police Department

For a second consecutive year the department's approach to proactive policing has been proven successful.

In the year 2003, we received 16,025 calls for service, which represents a 5 % decrease from the prior year of 2002.

It has consistently been the practice of the police department to actively pursue grants and donations that help us to reduce the tax burden of residents.

This year the department received a total of \$105,000 in grants and donations.

International terrorism continues to be a concern of everyone, and information is disseminated on a daily basis through local, state and federal authorities. It is imperative that our officers are equipped and appropriately trained to deter any crisis that could occur.

To support that preparedness, we continue to pursue the necessary grant funding to purchase emergency equipment and provide essential training for our officers. These efforts help to insure the safety of our community.

This year the department welcomed part-time officers Dale Gordon, Chad Murphy and full-time secretary/dispatcher Tammy Cross. These individuals filled vacancies left by officers Glenn Wiggin and Bill Harvey Jr. and secretary/dispatcher Nancy Immonti.

We thank these dedicated employees, who have moved on to new and challenging endeavors, for their years of service to the department and the residents of Kingston.

I thank you, the members of our community for your continued support, appreciation, and donations that have been provided to the Kingston Police Department. We remain committed in providing the most professional, timely and efficient services to all our residents.

Respectfully Submitted,

Donald W. Briggs Jr.  
Chief of Police

## Kingston Fire Department – 2003 Year End Report

In 2003, the Kingston Fire Department continued to meet the standards outlined in the Capital Improvement Plan established by the department in 2001. With the approval of the voters in March 2003, our 4th full time employee was hired in July 2003 to supplement the weekend coverage. Today, Kingston Fire has 3 fulltime EMT/Firefighters and 1 EMT/Secretary who work a staggered schedule. Our goal is to have at least 2 EMT's in the station seven days a week. The call force members fill in where additional coverage is needed. Having coverage at the station cuts valuable minutes off response times to any fire or medical call; and minutes can make the difference is preserving life and property.

There continues to be substantial growth in Kingston with the addition of new roads and subdivisions as well as 55+ housing. Along with that growth comes increasing service calls that require police and fire intervention. Not only have inspections increased with this new growth, but the growth has impacted Kingston's call volume as well. The ambulance serviced 523 patients in 2003 (up from 481 in 2002) and fire calls numbered 305 (slightly down from 311 in 2002).

Kingston Fire continues to maintain a high standard of training for all members. There are many yearly training requirements that firefighters and EMT's must now complete in order to maintain their department status. Many of these requirements come from the state and federal government. In spite of the required training hours, Kingston Fire continues to have 40+ volunteer members who show a commitment and dedication to both the department and the town.

The "volunteer" spirit is still alive with the Kingston Volunteer Firemen's Association! If you drive by South Station on Hunt Road, please stop and take a look at the recent addition that was added. It primarily accommodates 2 pieces of antique equipment as well as our boat, forestry and hazardous materials equipment. Cramped for space and not being a budgeted project, the addition was designed and built by KVFA members. This was a joint construction venture, funded largely by the Association with a lot of support from local residents and businesses. The project was accomplished over four weekends with members participating however they could. Those without construction skills provided labor, or snacks or meals. This was truly a volunteer effort.

This year the Kingston Fire Department felt a tremendous loss with the passing of longtime member Earl Carter. Serving the fire department for more than 50 years, he had seen and helped us through considerable change and growth including the purchase of our newest fire truck, 25 Tank 1. His loss is one that will never be replaced. In his memory, the addition to the Hunt Road Fire Station has been dedicated with a plaque recognizing his 50+ years of service.

We continue to be a community service organization and strive to remain one of the best fire and ambulance services in our area. It is with our partnership with local businesses and residents that we are able to grow and better serve you.

William Timmons  
Deputy Chief, Kingston Fire

Karyn Maxwell  
Secretary/EMT, Kingston Fire

## REPORT OF THE KINGSTON HIGHWAY DEPARTMENT

The Department was very busy during the winter of 2004-2004 with 43 separate snow and/or ice events and approximately 108 inches of snow. If you review the year end budget report, you will see the increased winter costs in snowplowing, salt, overtime and vehicle maintenance. There have not been many years (only two of the last seventeen) that I have overspent my budget but this winter did me in! I applied for Federal Disaster Relief from THE U.S. DEPT. OF HOMELAND SECURITY F.E.M.A. and was awarded over \$17,000 to help pay for the major Northeaster of 2-17-03. With this revenue, we are actually under budget. Due to the extreme cold and deep frost in the roads, a lot of damage was done to road surfaces because of severe frost heaves.

Spring, summer and fall were typical seasons with us staying busy paving, grading roads, drainage, brush cutting, etc.

I am happy to report the roof has finally been repaired at the highway garage. It no longer rains inside the shed during a storm!

Please note that any change in your driveway or any work done in the Town Right-Of-Way requires a permit from the Town per state statutes. If you do not get a permit, you will be cited and be responsible for the costs of all restoration costs.

All mailboxes must meet federal, state and town rules and regulations or you will be liable for damage done to my plows or civically liable for damage done in the course of any traffic accident. So if you do not follow the rules, I hope you review your insurance policy.

This year I am asking you in the form of warrant articles to support me by voting to approve a part-time person to work in the office to help me with clerical issues and to have someone answer phones, take messages and schedule appointments. We are the largest department in town and the only major department without clerical help.

I am also asking you to support my Capital Reserve Fund for the future replacement of trucks and equipment.

In December, we took delivery of a new dump truck with plow wing and sander body. Please feel free to drop by and check it out.

**THANKS TO MY CREW AT THE HIGHWAY DEPARTMENT FOR A JOB WELL DONE!** Also, thanks to Selectmen, Fire and Police for their assistance. This town is very fortunate that fire, police and highway work so well together. It does not happen in a lot of other towns.

Selectmen also have asked me to oversee the final stages of the landfill closure process as well as supervising all building and grounds maintenance. It should be another busy year!

*Respectfully submitted,  
Richard D. St. Hilaire  
Road Agent*

## REPORT OF THE HIGHWAY SAFETY COMMITTEE

The Highway Safety Committee has been extremely busy in 2003 focused on two significant projects; the reconstruction of the Hunt Road and Newton Junction Road Intersection and the Route 125 improvement project for Plaistow and Kingston.

The final design for the reconstruction of the Hunt Road and Newton Junction Road Intersection was approved in early 2003. The Department of Transportation immediately began negotiating with abutting landowners to secure the property needed to construct the intersection. The Safety Committee believes that the final design reflects the best possible compromise although we regret the loss of the Bayberry Variety store. The Department of Transportation has informed us that due to budgetary constraints the project's schedule will be extended but that construction should begin in 2004 and will be completed in early 2005. This intersection has been the site of numerous serious accidents and the Committee is extremely pleased that the long awaited reconstruction will be completed soon.

The second project that Committee members have been involved with concerns the redesign of the section of Route 125 beginning at the Westville Bridge in Plaistow to the Route 111 By-Pass in Kingston. The communities of Plaistow and Kingston have worked together with the Department of Transportation to develop an access management plan for the corridor which will improve the roadway for the traveling public as well as promote the development and expansion of businesses along Route 125. Throughout 2003, the Department of Transportation and the Route 125 Advisory Committee have held hearings to gather comments from the general public and business owners concerning the proposed design and have made many of the changes recommended at these meetings. The current design has received the support of the Kingston Board of Selectmen, Road Agent, Town Engineer, Police and Fire Departments. During 2004 several more meetings will be scheduled to review the design and finalize it for a final public hearing before a Special Committee of Executive Council.

Although this project appears in the current Ten Year Transportation Plan, the Safety Committee is not confident that the project will begin construction as planned in 2006. The main obstacle affecting this project and many others is the lack of available funds. If the I-93 expansion project is funded through a bond offering then the Department of Transportation believes the funds will be available. The Safety Committee and the Route 125 Advisory Committee will continue the push for final design approval in 2004 and will work closely with our elected officials to ensure that this project is funded and completed within a reasonable period of time. The Safety Committee would like to thank the residents of Kingston and the business owners who have participated in the planning process and have provided their ideas and recommendations. The Safety Committee will need your continued involvement to see this project successfully completed.

The Highway Safety Committee meets the second Tuesday of every month. Please join us and share your ideas.

Respectfully submitted,  
Lesley-Ann Hume  
Chair

## REPORT OF THE KINGSTON PLANNING BOARD 2003

The Planning Board consists of six elected members, one representative from the Selectmen's office, and up to three appointed Alternates. Each year, the voters of Kingston have the opportunity to decide who will fill two of the elected positions. This provides for a turnover in membership that contributes to the diversity of the Planning Board. It also gives interested residents a chance to serve their town in a planning capacity. The Planning Board meets at least three times a month (usually the first, third and fourth Tuesdays) in the Town Hall. Meetings are open to the public, and can consist of Hearings and discussion on any mix of the following:

- Commercial/Industrial Site Plan Reviews
- Residential Subdivisions
- Lot Line Adjustments
- Zoning Ordinance/Regulation Review
- Master Plan Development & Updating

Planning Board members volunteer many hours of personal time to carefully examine each proposal, determine compliance with local ordinances & regulations, gather public input & comment and weigh the community impacts of each project. The Board strives to make decisions that are in the best interest of the Town of Kingston, while remaining true to the Town's zoning ordinances and State laws.

Again this year the Board applied for, and was awarded, a Targeted Block Grant (TBG) from the Rockingham Planning Commission. This year's grant money will be used to develop a Residential Buildout Analysis (RBA) for the Town of Kingston. Kingston, like many of its neighboring towns, is facing tremendous development pressure on its open land resources. A RBA will provide the Planning Board, and other town departments & officials, with a planning tool to estimate the potential impact that this type of development will have on the town's landscape. In addition, it will provide a foundation for estimating the potential impact to the school system and other town services at full buildout under current Zoning. This information can then be used to recommend zoning changes (an adjunct activity with the newly updated Master Plan and Capital Improvement Plan) in a way that encourages a more diverse development scheme; one that balances residential, commercial and industrial uses.

The Planning Board is extremely fortunate to have the continued support of two, long tenured staff. Glenn Greenwood, our Circuit Rider Planner, provides professional planning guidance and technical assistance to the Board. Sally Cockerline, the Board's secretary, keeps our administrative and office functions running smoothly. We are, indeed, grateful for their assistance and hard work. We also offer our sincere thanks to Kingston residents and all town departments, committees and commissions for their valuable role in the planning process.

Glenn Coppelman  
Chairman

## REPORT OF THE ZONING BOARD OF ADJUSTMENT 2003

The Zoning Board of Adjustment had one of the busiest years in recent memory. On the average, we conducted between two and eight public hearings in every month except November 2003.

The Zoning Board of Adjustment is typically an appointed board of five members and two alternates. The current board has five members and one alternate. Those members are Denise Gregson (alternate), Charles "Chuck" Hart, Benedetto Romano, Anthony Whitcomb, Electra Alessio –Vice Chairman and Sally E. Cockerline Chairman. The Town of Kingston is fortunate to have these dedicated volunteers to serve its residents and look after the best interests of the Town. The Board would also like to thank its Recording Secretary Anne Drawdy.

The Zoning Board of Adjustment is an appointed, quasi-judicial board that has multiple duties:

- o To grant variances, special exceptions and appeals of administrative orders.
- o To allow fair use of a person's property without harming another's.
- o To determine if an error had been made in the decision or determination of a Town Official of local land use board.
- o To interpret the meaning of a zoning ordinance.

The Board would like to extend a sincere "thank you" to all town departments and boards and their support staff, who assist the ZBA with their expertise and advice.

The ZBA typically meets on the second Thursday of each month, only if an application is submitted. We encourage volunteers from the community to serve as alternates. Please contact the ZBA office or a member if you are interested.

Sally E. Cockerline  
Chairman  
ZBA

## 2003 REPORT OF THE RECREATION COMMISSION

The Kingston Recreation Commission reports record community participation in our 2003 sponsored activities. This was our best year, ever.

In 2003, we sponsored; Spring Middle School Dance, Easter Egg Hunt, Seniors spring field trip, an improved and extended 8 week Summer Program including weekly beach day and field trips, Children's Games and Children's Entertainment at Kingston Days, 3 free Summer Concerts on the Plains, discounted Water Country tickets, fall field trip for Seniors, Harvest Festival and Haunted Hike, and Christmas party. We provided financial support to several local, independent sport teams, and continued work on the next phase of the combination ball-field and soccer field at the Kingston Fairgrounds.

With two more Kingston resident volunteers willing to join the Rec Commission, the 2004 planned activities can continue. On December 31, 2003, Chairman Gordon Gainty, and members David Aspinwall, Eric Tucker and Deb Elliott resign. Mr. Aris Kopoulos and new members Donna Duddy and Janet Trottier need two more people to round out the new, five-member Board.

Now, more than ever, a part-time Rec Coordinator working with our new Board could provide a website, dedicated local phone, grant funding, and event coordination. A Coordinator could survey our towns' recreational needs, and implement an action plan. A Coordinator could explore means to develop a future rec. facility for the whole community. We ask for your support of this warrant article, to provide a qualified person dedicated to a quality recreation program.

We need funding to finish Phase II of our ball-fields. Your support of our 2<sup>nd</sup> warrant article will place funds in the capital reserve to provide Selectmen supervised spending for excavation, loam, seed, irrigation, and fencing.

We thank the volunteers of the Friends of Kingston Recreation for all of their continued support. Every dollar they raise is another small step toward the ball field project completion.

We thank our Selectmen and deeply appreciate the assistance from the Selectmen's Office personnel, Cindy, Ann and Kathy. Most importantly, I offer my heartfelt thanks and congratulations to our volunteer team, for all their fine work.

This past year, we worked to bring you our very best. Kingston Recreation remains open to new ideas, new members, and all constructive input.

Our goal is to continue to provide a high quality recreation program for the Kingston community. A "yes" vote on our two warrant articles would demonstrate a welcomed show of support for our volunteer hours.

Gordon Gainty - Chairman

## REPORT OF THE HUMAN SERVICES DEPARTMENT

The Human Services Department assists Kingston residents with temporary emergency financial aid. This department also provides information and assistance in contacting other State Agencies to access available State programs. Unfortunately, the need for this aid dramatically increased this year, not only in Kingston, but also throughout the State of New Hampshire. The amount of aid asked for and received doubled the requests of previous years.

This department is also responsible for the Kingston Food Pantry. Part of the need for financial aid often includes the inability to purchase food. In 2003, the Food Pantry distributed over \$5000 worth of food to area residents. This included providing holiday food baskets at Thanksgiving and Christmas for the less fortunate and elderly in our community. All of the Food Pantry is completely funded by donations.

Thanks to several successful toy drives by private organizations, the Human Services Department was able to help many families with gifts to brighten their Christmas.

The Human Services Department wishes to thank the many residents, businesses and organizations that donated to and supported this department. Without the support of the community, these services could not be provided.

In addition to thanking all of the anonymous donators, thanks go to the following for their generosity throughout the year:
