## **LIBRARY TRUSTEES REPORT**

We report with pleasure the progress your library has made in 1969 towards participation in the state library development program. While curtailment of federal funds for state library systems has necessitated a cutback in the service of centralizeed book buying and cataloguing, we have been fortunate in joining a group of local libraries for joint purchasing to increase our discount.

This year has been rich in gifts, especially those in memory of former townspeople who had been interested in the library — a type of memorial which we hope will continue and expand. The Mary A. Sheffield Memorial Fund established by her family and friends will provide a steady source of income for buying books, the first memorial of this kind but we hope not the last. The generosity of Friends of the Library and of the Fidelity Grange in making donations both to the Building Fund and for purchase of books is deeply appreciated. Gifts of books from Mrs. Frank Durgin and Book-of-the-Month Club dividend credits (enabling us to purchase valuable books at a nominal cost) from Mr. and Mrs. Henry Johansson have enriched our collection. A unique and most welcome gift from Mrs. Effie Berry is her original drawing of the Town Hall which has appeared on the Annual Town Reports.

Friends of the Library volunteers have made it possible to open the library Monday evenings thus increasing the number of hours per week to nine and a half.

Improvements to the physical plant include a new door providing greater security for the library and additional shelves built by Walter Ross to accommodate our increasing collection of books.

Respectfully submitted,

RUTH S. MILLER

### **REPORT OF FIRE CHIEF**

There were eight calls for the Amesbury Fire Department, one house fire caused \$25,000 damage.

**ALBERT GRAY**  
Fire Chief

### **REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF**

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

#### **Fire Permit**

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

#### **Exceptions**

Commercial or Industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fire in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

#### **Escaped Fires**

If a fire escapes from control, whether or not you have a permit, you are liable for the costs for control and extinguishment. If you start a fire illegally there is the additional chance of a fine. The landowner may also recover his loss or damages from the fire.

It is unlawful to drop or throw burning material in wooded areas.

## SOUTH HAMPTON TOWN REPORT

Anyone seeing an uncontrolled and unattended forest fire is bound by statute to report it.

### Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland. Maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

Again, as in the past I would like to thank all persons who worked along with the department. All local police, fire and fish and game departments, state police, sheriff's department. Also many thanks to Lloyd Currier for keeping our sets in shape. We have had our share of fire, accident, petty vandalism, a few breaks, many many hours answering miscellaneous calls, many sleepless nights. Again we have offered free service to all town activities as we have in the past. Also would like to thank all townspeople who rallied to the cause when we had a lost person. We have endeavored to serve you, the taxpayers, courteously and for the best interest of the town.

Thank you, the Police Dept,

### REPORT OF LOCAL CIVIL DEFENSE DIRECTOR

1969

Because of the possibility of spring flooding along the various rivers and streams in New Hampshire, a meeting of the Civil Defense Personnel and the Selectmen was called on Mar. 24, 1969.

Areas of So. Hampton in which flooding could occur were noted, and arrangements were made to patrol these areas if required.

The responsible Civil Defense personnel contacted local individuals and businesses to assure that sand bags, pumps, generators, trucks, food, and shelter were available if needed.

I wish to thank all of those who volunteered to help if an emergency occurred. Also my Civil Defense personnel, who responded one hundred percent.

## SOUTH HAMPTON TOWN REPORT

All Radiological Monitoring equipment has been replaced with new units. Arrangements are being made to hold a refresher course for all Radiological personnel in the operation of the new units.

I wish to express my appreciation to the Selectmen and to all those of South Hampton who contributed their time and effort to the success of the Civil Defense Program for 1969.

### LOCAL CIVIL DEFENSE EMERGENCY WARNING:

Stationary and Mobile Sirens will be used as warning devices:

The standard, established Civil Defense tactical warning signals are:

- (a) "Alert" — A three to five minute steady tone.
- (b) "Take Cover" — A wailing tone of three to five minutes duration.

### **SO. HAMPTON VETERANS' AFFAIRS COMMITTEE**

The committee has concerned itself mainly with those veterans of the Korean and Vietnamese Conflicts. We have compiled a list of these men and women, and have had their names engraved on a plaque that will be mounted in the town hall. The cost of this was \$40.00, which came from appropriations.

We are grateful to Mr. William Regan who made the plaque for us. His efforts in this endeavor are what has made the plaque a success.

The committee is in the process of establishing a complete record of those who have served their country. This is not an easy task. The plan is to have a questionnaire available in the near future for all to fill out. We would appreciate the cooperation of everyone in this matter.

#### **THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the School District in the Town of South Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

**YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN SAID SOUTH HAMPTON ON MONDAY, MARCH 2, 1970, AT 8:00 O'CLOCK IN THE EVENING, TO ACT UPON THE FOLLOWING SUBJECTS:**

**NOTICE:** School District Officers to be elected at the town meeting (to be held at the South Hampton Town Hall beginning at 2:00 P.M. on Tuesday, March 10, 1970) in accordance with the statutory election procedures adopted by the District at its March, 1966 Annual Meeting.

1. To see what action the District will take relative to the reports of Agents, Auditors, Committees, or Officers chosen.

2. To see if the District will vote to establish a contingency fund to meet the cost of unanticipated expenses during the year, and further, to see if the District will appropriate the sum of five hundred dollars (\$500.00) for this purpose.

**NOTE:** This is an annual article required by R.S.A. 198:4b. There is no money raised by taxes since the amount is budgeted both as income and an expenditure.

3. To see if the District will raise and appropriate the sum of five thousand dollars (\$5,000.00) to be placed in the capital reserve fund created at the March, 1965 meeting for the purpose of "constructing, reconstructing, and equipping a public school or acquisition of a building to be used as a public school by the District or the acquisition of land for the District." (Budget Committee recommends \$2,000.00, submits without recommendation \$3,000.00).

4. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District.

5. To transact any other business that may legally come before said meeting.

## SOUTH HAMPTON TOWN REPORT

### SUPERINTENDENT'S REPORT

I herewith submit my fourth annual report as superintendent of schools in the town of South Hampton. As in years past we still find ourselves in the midst of vast and sweeping changes in public school education. We are living in an era of public concern for quality education. We have always been concerned about education but there is an awareness, a sincere interest, a healthy curiosity to get to know why and how.

A good education is costly. Those of us who are taxpayers know this fact all too well especially the New Hampshire taxpayer. Local property taxes cannot be expected to continue to bear such heavy burdens. We must receive more financial assistance from the State if the job is to be done right. Another source of financial assistance to schools is the Federal Government. This source is entering on stage rather belatedly. In 1968-69 the Federal Government paid only 8.1 percent of the cost of public elementary and secondary education. True, money is not the only answer to all of the challenges we face in education, but without it we can never expect to find out what the answer might be.

Many of you will recall the recent public school shut-downs due to lack of funds. This is a sad state of affairs when thousands of children are deprived of receiving their education.

The schools in this supervisory union have been experiencing an upward gain in enrollment which has necessitated the formation of several advisory committees whose responsibility it is to study school needs. This advisory committee works with school board members and school administrators in projecting enrollments, inspecting present school facilities, gathering data on land acquisition, and reviewing school programs in this age of change. The work of such committees is tedious, time consuming, but most important. I would like to take this opportunity to publicly thank all of those citizens who unselfishly give of themselves so that school needs for the future might be realistically studied and brought out into the open.

On October first the superintendent's office moved from 86 High Street to its newly built quarters on Landing Road just opposite the front entrance of Winnacunnet Cooperative High School. Needless to say, this move was most necessary and we appreciate the new suite of offices. Our public open house was held and I feel that those who visited us were pleased with the building. To those who did not come to our open house, I extend a most cordial invitation to visit us at your convenience. The office is open from 8:00 A.M. until 5:00 P.M. daily, including those days when schools are not in session.

At the time this report is written we are in the midst of

preparing nine budgets, eight school district budgets and one supervisory union budget. This is no simple task and takes many long hours on the part of your school board members and administrators.

In mid-November a public hearing on the preliminary supervisory union budget was held in North Hampton in compliance with a new legislative edict. There were approximately forty people present, twenty-two of whom were school board members. Eight others in attendance were school administrators. The complete supervisory union budget was aired, questions asked and answered.

Another new piece of legislation which has not been used in Supervisory Union #21 to date deals with the procedures necessary in getting voter approval of bond issues of \$20,000 or more. Under the new law a public hearing is required, to be held at least fifteen days prior to the March annual school district meeting. Notice of this hearing must be posted at least fifteen days in advance. The amount of the bond issue as well as the warrant article must be fixed at the hearing by the governing body. When the polls open on the scheduled day in March all registered voters will be given the opportunity to vote on the bond issue. Each voter will be given a ballot with the specific article and amount proposed printed thereon. As usual, a two-thirds majority of all those voting is required in order for final passage.

The significant difference with this procedure as against the former law is that it does not limit the voting to just those who attend the March school district meeting. If the bond issue is defeated the whole procedure must be followed again.

The enrollment pattern remains relatively stable at the South Hampton School with minor fluctuations as the school year progresses.

The addition of a teacher assistant to the staff has certainly improved the teaching-learning situation in my estimation as well as in the opinion of the staff at the school.

Our single most significant problem revolves around future space needs and tuition students. On the one hand we have the theory that we should be sending out our seventh and eighth graders on a tuition basis, but the real problem is to find a receiving school agreeable to absorbing them. By the same token, we must keep our eye on rising tuition costs.

Another theory seems to be to construct a school of our own

on land already given the school district. Here again one must consider the rising cost of school construction. There are those who feel that school district reorganization will become a reality in the near future and thereby resolve somewhat the present dilemma we find ourselves in. However, I do not, in all honesty, see this coming with such rapidity as some would lead us to believe. I hope I am proven wrong in this respect.

What does all this mean for the South Hampton residents? It means that decisions must be made with the best interests of the students in mind. I know that the school board has the students in mind in all of its decisions. They are committed to providing the best possible educational program that can be found. However, with the decisions that are pending, the board must consider people's pocketbooks as well.

All of the resources of this office and the State Department are available for assistance and cooperation as the problems are dealt with. Townspeople can assist by making their views and opinions known to the school board and "needs committee." Proper communication and constructive criticism are still two of the most important ingredients we can hope for as we solve school problems.

As in the past, I have prepared several statistics which follow my report.

It has been a rewarding year, a year filled with its anxious moments. I have been pleased that our staff of professionals has been looking into promising programs and practices and has been adapting these to fit local needs. In closing may I point out that the schools belong to you and urge that you visit them often.

Respectfully  
PAUL L. O'NEIL
