## SELECTMEN'S REPORT

---

The T.R.A. project for the past year was on the Granite Lake Road. We, (the Selectmen) voted to have the road tarred upon completion of the preliminary work of grading and drains, but due to a petition presented by a majority of property owners along the Lake Road, protesting the tarring, that work was not completed. There are still sufficient funds remaining from this project to complete the tarring work on the newly rebuilt section of the road, therefore we strongly recommend that this section of the Granite Lake Road be tarred.

After much consideration, we decided to try to equalize the valuation of the real estate in town, this work being made much more accurate and efficient due to the maps of names and locations of all the buildings and their owners in the town, such information prepared for us by the 1970 census taker. Without these maps, this task would have been practically impossible and of great expense. In carrying out the equalized valuation work, some property owners found their taxes were higher, some taxes were lower, and others there was no change. Therefore at this time, we do not see the need for a reappraisal of the Town by the State Tax Commission.

ROBERT C. RUMRILL,  
KENNETH D. McCLURE,  
HARVEY E. RING,

Selectmen of Stoddard

## REPORT OF LIBRARY TRUSTEES

---

During 1970, the Louise Davis Library was open on Wednesday afternoons from January 'til June from 2:15 p.m. to 4:15 p.m. Since the summer months we have had library hours on Thursday evenings from 7:00 p.m. to 9:00 p.m. This has proven to be very successful.

Some fourteen hundred and twenty-nine books were borrowed from the Bookmobile and over one hundred and fifty special requested books from libraries all over the state of New Hampshire.

Several new books were purchased especially in the nature section this year as there has been a great call for books in this field.

Special thanks are due to all who have given their gift of books.

BARBARA ROCKWELL,

Librarian

## Report of the Forest Fire Warden and District Chief

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture — to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning. Such burning is restricted by regulation to prior to 9:00 A.M. and after 5:00 P.M. with the following exceptions:

Commercial or Industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children, keep matches out of reach of children, this action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help," and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

STATE	—	484 fires	—	244 acres
DISTRICT	—	33 fires	—	32 acres
TOWN	—	none		

WILLIAM F. LANE, Forest Fire Warden

R. BURNS, District Fire Chief
