1987  
ANNUAL REPORT  
of the Town of  
Canaan, New Hampshire

© Margo Taussig Pinkerton

IN HONOR OF GILBERT DOWNING

FOR HIS 53 YEARS OF SERVICE TO THE CANAAN FIRE DEPARTMENT

We the Townspeople of Canaan take this opportunity to thank "Gibby" for his service to the community. As Chief of the Canaan Fire Department he has seen a new era in fire fighting come to existence. With his support a guidance a new station has been built and the department will move on to become a bigger and better department. We all owe a debt of gratitude for a man as dedicated to the community as Chief Gilbert Downing.

WE THANK YOU "GIBBY" FOR A JOB WELL DONE.

**TOWN WARRANT  
STATE OF NEW HAMPSHIRE**

Grafton, s.s.

Town of Canaan

To the inhabitants of the Town of Canaan, New Hampshire who are qualified to vote in Town affairs.

You are hereby notified that the annual town meeting of the Town of Canaan, New Hampshire will be held at the Canaan Elementary School on Tuesday, March 8, 1988 at 10:00 A.M. to act upon the following articles:

ARTICLE 1: To vote by non partisan ballot for the following town officers:

One Selectman to serve for a term of three years.  
One Moderator to serve for a term of two years.  
One Treasurer to serve for a term of one year.  
One Town Clerk to serve for a term of three years.  
One Tax Collector to serve for a term of three years.  
One Road Agent to serve for a term of one year.  
One Cemetery Agent to serve for a term of one year.  
Two members of the Planning Board to serve for a term of three years each.  
One member of the Planning Board to serve for a term of two years. Three members of the Budget Committee to serve for a term of three years each.  
Two Library Trustees to serve for a term of three years each.  
One Supervisor of the Checklist to serve for a term of six years. One Trustee of the Trust Funds and to serve for a term of three years.  
One overseer of Public Welfare to serve for a term of one year.  
And any other Town Officers that may be required by law.

ARTICLE 2: (By Petition) do you favor adoption of the Town Manager plan as provided in Chapter 37 of the Revised Statutes Annotated?

Polls will be opened for voting by ballot for the Election of Town Officers at the Canaan Elementary School on Tuesday, March 8, 1988 at 10:00 A.M. and will close at 6:30 P.M. unless the Town votes to keep the polls open to a later hour.

At the close of the polls, the meeting will be adjourned until 1:00 P.M. on Saturday, March 12, 1988 at the Canaan Elementary School at which time the following business will be transacted. To vote on Articles Three through Twenty.

ARTICLE 3: To hear the reports of Agents, Auditors, Committees, or any other Officers and to pass any vote relating thereto.

ARTICLE 4: To see if the Town will vote to raise and appropriate a sum of \$3,700,000 for the purpose of constructing sewerage and sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and will qualify the town for Federal Funds, such sum to be raised by the issuance of Serial Bonds or Notes not to

exceed \$1,400,000 under and in compliance with the provisions of the Municipal Finance Act (NH R.S.A. 33.1 et seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Canaan, and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance program of the Construction Grants section of the Federal Government under the Financial Assistance program of the Construction Grants Section of the Federal Water Pollution Control act., as amended (33 U.S.C. 1251 et seq.) and pass any vote relating thereto. (Budget Committee - Recommends)

ARTICLE 5: To see if the Town of Canaan will vote to raise and appropriate the sum of \$6,000 for the purchase of a Computer System for the Selectmen's Office for the purpose of upgrading all Tax Information, Appraisals, Water and Sewerage bills. This includes \$4,000 for the hardware, and \$2,000 for the software. (Budget Committee - Recommends)

ARTICLE 6: To see if the voters of the Town of Canaan will vote to raise and appropriate the sum of \$8,139 for the purpose of upgrading the Fire Department's breathing apparatus to meet NFPA 1500. The cost includes purchasing 3 new units to replace 3 which are not repairable, and upgrading 5 units. (Budget Committee - Recommends)

ARTICLE 7: To see if the voters of the Town of Canaan will vote to raise and appropriate \$85,530 for a Fire Truck and authorize withdrawal of the sum from Capital Reserve. Any surplus funds are to be returned to the Fund. (Budget Committee - Recommends)

ARTICLE 8: (By Petition) To see if the Town will vote to accept a 1974 Chevrolet equipment van now owned by the Canaan Fire Fighters Association pursuant to the petition of ten (10) or more registered voters of the Town of Canaan. (Budget Committee - Recommends)

ARTICLE 9: To see if the voters of the Town of Canaan will vote to raise and appropriate \$12,853 for a Police Cruiser, and authorize withdrawal of the sum from Capital Reserve. Any surplus funds are to be returned to the Fund. (Budget Committee - Recommends)

ARTICLE 10: (By Petition) To see if the Town of Canaan will vote to hire a second full-time patrol officer to bring the Canaan Police Department to a staff of 3 full-time positions. And to raise and appropriate the sum of \$1,850 for the salary,

purchase of uniforms and equipment for this position. The officer will be hired effective July 1, 1988 and the balance of the salary will be taken from the part-time officer line item already in the police budget.

Officer's Salary	for 6 months	\$9,000.00
Weapon		400.00
Uniforms & Equipment		<u>950.00</u>
TOTAL		\$10,350.00
Taken from part-time salary		<u>8,500.00</u>
Amount to raise & appropriate		\$1,850.00
(Budget Committee - Recommends)		

- ARTICLE 11: "Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a Municipality or County where the property is located or the State may acquire a tax lien against land and buildings for unpaid taxes."
- ARTICLE 12: To see if the Town will authorize the Selectmen full discretion to dispose of tax deeded property to the best interest of the Town.
- ARTICLE 13: To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend, without further action by Town Meeting, Money from the State, Federal or other governmental units or a private source which may become available during the ensuing year, provided that such expenditure be made for purposes for which a Town may appropriate money that such expenditures not require expenditure of other Town funds. Further, that the Selectmen hold a public hearing prior to accepting and spending the money. R.S.A. 31:95-b.
- ARTICLE 14: To see if the Town of Canaan will authorize the Selectmen to accept private donations of land, interest in land, or money to be deposited into the conservation fund for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the NH Land Conservation Investment Program (LCIP) RSA 221-A, and authorize the Selectmen to apply for and accept the State matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated or donated funds and State matching funds may be expended by majority vote of the Conservation Commission.
- ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of \$1,120,289 to defray town charges during the ensuing year as submitted by the Budget Committee and that this represents the

total amount voted including money raised in preceding special articles.

- ARTICLE 16: To see if the Town will vote to authorize the Selectmen to borrow such sums of money in anticipation of taxes as may be needed to meet the necessary running expenses of the Town.
- ARTICLE 17: To see if the town will vote to authorize the Selectmen to accept gifts in the name of the Town of Canaan.
- ARTICLE 18: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase or otherwise, and/or take by eminent domain such parcels of land, easements, and/or rights-of-way as may be necessary in connection with the development of Municipal Sewerage Facilities in the Town of Canaan, and to authorize the Board of Selectmen to retain such professional services for legal and technical purposes as may be required to facilitate said acquisitions and/or takings.
- ARTICLE 19: The following regulations shall apply to all lands designated as special flood hazard areas by the Federal Emergency Management Agency in its "Flood Insurance Study for the Town of Canaan N.H." together with the associated Flood Insurance Rate Maps and Flood Boundary and Floodway maps of the Town of Canaan dated March 12, 1988 which are declared to be a part of this Ordinance.

Item I. Definition of Terms:

"Area of Shallow flooding" means a designated AO of AH zone on a community's Flood Insurance Rate Map (FIRM) with a one percent or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

"Area of Special Flood Hazard" is the land in the flood plain within a community subject to a one percent or greater chance of flooding in any given year. The area may be designated as Zone A on the GHBM. After detailed ratemaking has been completed in preparation for publication of the FIRM, Zone A usually is refined into Zones A, AO, AH, A1-30, AE, or A99.

"Base Flood" means the flood having a one percent chance of being equalled or exceeded in any given year.

"Basement" means any area of the building having its floor subgrade (below ground level) on all sides.

"Building"--see "Structure."

"Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

"Flood Boundary and Floodway Map" (FLOODWAY) is an official map of the community, on which the Federal Emergency Management Agency has delineated the "Regulatory Floodway". This map should not be used to determine the correct flood hazard zone or base flood elevation, the Flood Insurance Rate Map (FIRM) will be used to make determinations of flood hazard zones and base flood elevations.

"Flood Elevation Study" means an examination evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.

"Flood Hazard Boundary Map" (FHBM) means an official map of a community, issued by the Federal Emergency Management Agency, where the boundaries of the flood, mudslide (i.e., mudflow) related erosion areas having special hazards have been designated as Zone A.

"Flood Insurance Rate map" (FIRM) means an official map of a community, on which the Federal Emergency Management Agency has delineated both the special hazard areas and the risk premium zones applicable to the community.

"Flood Insurance Study" see "flood elevation study."

"Flood Plain" or "flood-prone area" means any land areas susceptible to being inundated by water from any source.

"Flood Proofing" means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

"Floodway"--see "Regulatory Floodway."

"Highest Adjacent Grade" means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

"Lowest Floor" means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area

is not considered a building's lowest floor: Provided, that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of the ordinance.

"Mean Sea Level" means, for purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's flood Insurance Rate Map are referenced.

"Manufactured Home" means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For flood plain management purposes the term "manufactured home" also includes park trailers, travel trailers, and other similar vehicles placed on a site for greater than 180 consecutive days. For insurance purposes the term "manufactured home" does not include park trailers, travel trailers, and other similar vehicles.

"Manufactured Home Park or Subdivision" means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

"100-Year Flood" see "Base Flood."

"Regulatory Floodway" means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot at any point. These areas are designated as floodways on the Flood Boundary and Floodway Maps.

"Riverine" means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc.

"Special Flood Hazard Area" means an area having special flood, mudslide (i.e., mudflow) and/or flood-related erosion hazards, and shown on an FIRM or FIRM as Zone A, AO, A1-30, AE, A99, and AH. (See Area of Special Flood Hazard)

"Structure" means for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

"Start of Construction" includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a

structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; or does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure.

"Substantial Improvement" means any combination or repairs, reconstruction, alteration, or improvements to a structure in which the cumulative cost equals or exceeds fifty percent of the market value of the structure. The market value of the structure should be (1) the appraised value of the structure prior to the start of the initial repair or improvement, or (2) in the case of damage, the value of the structure prior to the damage occurring. For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include any project for improvement of a structure required to comply with existing health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a structure listed on the National Register of Historic Places.

"Water Surface Elevation" means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, (or other datum, where specified) of floods of various magnitudes and frequencies in the flood plains of coastal or riverine areas.

Item II.

All proposed development in any special flood hazard areas shall require a permit.

Item III.

The Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a flood-prone area, all new construction and substantial improvements shall (1) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the

structure resulting from hydrodynamic and hydrostatic loads, including the effect of buoyancy, (ii) be constructed with materials resistant to flood damage, (iii) be constructed by methods and practices that minimize flood damages, and (iv) be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

Item IV.

Where new and replacement water and sewer systems (including on-site systems) are proposed in floodprone areas the applicant shall provide the Building Inspector with assurance that new and replacement sanitary sewage systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems will be located to avoid impairment to them or contamination from them during periods of flooding.

Item V.

The Building Inspector shall maintain for public inspection, and furnish upon request, any certification of flood-proofing and the as built elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement. If the structure has been floodproofed, the as built elevation (in relation to mean sea level) to which the structure was floodproofed. This information must be furnished by the applicant.

Item VI.

The Building Inspector shall review proposed developments to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334. It shall be the responsibility of the applicant to certify these assurances to the Building Inspector.

Item VII.

In riverine situations, prior to the alteration or relocation of a watercourse, the applicant for such authorization shall notify the Wetlands Board of the New Hampshire Environmental Services Department and submit copies of such notification to the Building Inspector. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Building Inspector.

Within the altered or relocated portion of any watercourse, the applicant shall submit to the Building Inspector, certification provided by a registered professional engineer assuring that the flood carrying capacity of the watercourse has been maintained.

Along watercourses that have a designated Regulatory Floodway no encroachments, including fill, new construction, substantial improvements, and other development are allowed within the designated Regulatory Floodway that would result in any increase in flood levels within the community during the base flood discharge. In Zone A the Building Inspector shall obtain, review, and reasonably utilize any floodway data available from a Federal, State, or other source as criteria for requiring that development meet the floodway requirements of this section.

Along watercourses that have not had a regulatory floodway designated, no new construction, substantial improvements or other development (including fill) shall be permitted within Zones A1-30 on the FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

#### Item VIII.

1. In special flood hazard areas the Building Inspector shall determine the 100 year flood elevation in the following order of precedence according to the data available:
  - a. In Zones A1-30, and AH, refer to the elevation provided in the communities Flood Insurance Study and accompanying FIRM or FIRM.
  - b. In unnumbered A zones the Building Inspector shall obtain, review, and reasonable utilize any 100 year flood elevation data available from Federal, State, development proposals submitted to the community (example subdivisions, site approvals, etc.) or other source.
  - c. In Zone AO to 100 year flood elevation is determined by adding the elevation of the highest adjacent grade to the depth number specified on the FIRM or if no depth number is specified on the FIRM at least two feet.
2. The Building Inspector's 100 year flood elevation determination will be used as criteria for requiring in Zones A1-30, AE, AH, AO and A that:
  - a. all new construction and substantial improvements of residential structures have

the lowest floor (including basement) elevated to or above the 100 year flood level;

b. that all new construction and substantial improvements of non-residential structures have the lowest floor (including basement) elevated to a or above the 100 year flood level; or together with attendant utility and sanitary facilities, shall:

(i) be floodproofed so that below the 100 year flood elevation the structure is watertight with walls substantially impermeable to the passage of water;

(ii) have structural components capable of resisting hydrostatic and hydrodynamic loads and the effects of buoyancy; and

(iii) be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions of this section;

c. all manufactured homes to be placed or substantially improved within special flood hazard areas shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above the base flood level; and be securely anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable state and local anchoring requirements for resisting wind forces;

d. for all new construction and substantial improvements, fully enclosed areas below the lowest floor that are subject to flooding are permitted providing the enclosed areas meet the following requirements: (1) the enclosed area is unfinished or flood resistant, usable solely for parking of vehicles, building access or storage; (2) the area is not a basement; (3) shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall

be provided. the bottom of all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters;

- e. proposed structures to be located on slopes in Special Flood Hazard Areas, Zones AH and Ad, shall include adequate drainage paths to guide flood waters around and away from the proposed structures.

ARTICLE 20: to transact any other business that may be legally brought before this Town Meeting.

#### NOTICE OF PROCESSING ABSENTEE BALLOTS

Absentee ballots will be processed commencing at 3:00 P.M. on March 8, 1988 at the Canaan Elementary School Gymnasium.

Moderator Wilton Wilson,

### CEMETERY REPORT CEMETERY AGENT REPORT - 1987

I'm sure all of you are aware of the cemeteries you pass in your normal travel, or where your family members are buried, but did you know, Canaan has ten cemeteries, some in remote locations, and it is the town's responsibility to provide equal care to all of them. We appreciate the West Canaan 4-H Club members who maintain the Schofield Cemetery as a group project. Besides the normal mowing, your agent cleared the lower bank on Wells Cemetery removing many years accumulation of pine needles. There are other projects to be done, but town budget restraints restrict them.

The growth in our area was reflected by a 50% increase in the number of burials over the last year. At this time, there is a concern about the number of lots available. The Trustees are currently petitioning the Superior Court to free up the unexpended income in the Trust funds. If this petition is granted by the Court, it is their desire to purchase additional land. This money could also be used for general improvement projects.

The expenditures on the cemeteries are reflected in the detailed statement of payments. Most of the expense is reimbursed by the investments from the Trust funds.

Respectfully submitted,

George Marcoulier, Agent  
Jacqueline Lary, Trustee  
Cynthia Neily, Trustee  
Judith Ireton, Trustee

# BUDGET OF THE TOWN OF CANAAN

PURPOSES OF APPROPRIATION	Actual	Actual	Selectmen's	Budget committee
	Apporop. 1987	Expenditures 1987	Budget 1988	Recommended 1988
				not Recommended

## SELECTMEN'S REPORT — 1987

The year 1987 was a progressive year for the Town of Canaan.

We have tried in vain to hire an Administrative Assistant, but still have managed to accomplish many things without that position being filled.

We are pleased to announce that we will have the use of our current Solid Waste Transfer site and Stump Dump for at least one more year. With the help of Bob McNeil, we have averted having to separate solid waste and we are looking for a long term solution to that problem.

The Senior Center has been completed and is in full operation. With the advent of the Waste Water Project, the use will be augmented to accommodate a wide range of uses.

The Water Project along with the Waste Water Project, is scheduled to start construction in September of 1988 and will be completed by June of 1989.

The new Fire Station has been completed and is in operation while the old Fire Station has been converted into the new Police Station.

We have tried to lay the ground in 1987 for long range plans that will serve the Town well in years to come, and continue to develop plans for road improvements that can be taken a step at a time to improve those roads that are in need of rehabilitation while preserving those roads that can be saved without major overhaul.

To date, we have had twelve applicants for the position of Administrative Assistant and have interviewed five. We have offered the position to three applicants without success. We will continue the search to find a suitable person to fill the position of Administrative Assistant.

We would like to thank Mary Hathorn for her many years of service to the community. She has provided us with knowledge that only experience can teach. We offer her best wishes for the future.

Respectfully submitted,

Mary D. Hathorn, Chairman  
Daniel B. Ware  
Edward Labrid

BOARD OF SELECTMEN

## FINANCIAL REPORT OF LIBRARY TRUSTEES — 1987

Total Disbursements: \$10,298.39

Balance on Hand, December 31, 1987 \$ 2,792.31

Respectfully submitted,

Martha G. Pusey  
Treasurer

## ROAD AGENT'S REPORT — 1987

This year saw the repairing of Back Bay Road, Graceville Road, Bruce Road and sections of Jones Hill and Blackwater Road.

We sustained severe damage to several roads due to Spring rain and floods. We lost Haines Brook culvert on South Road, and also large parts of Cider Mill Road, Potatoe Road, and South Road (asphalt).

Having taken over the Road Agent's job in late September, we lowered several culverts on Goose Pond Road, replaced many more on other roads, and finished repairs on Potatoe Road and South Road (Flood damage). We replanked Goose Pond bridge, Potatoe Road Bridge, Lary Road bridge.

Due to a very wet Fall, we had difficulty grading dirt roads and keeping them from potholing, due to increased traffic and speed on these roads. The hot top roads are seeing increasingly heavy loads and traffic and are not faring well.

We ask your patience and understanding this coming summer, as we try to keep up with this repair and renewal work.

Sincerely,

Robert A. Sullivan  
Road Agent

## UPPER VALLEY-LAKE SUNAPEE COUNCIL

The Upper Valley-Lake Sunapee Council is a public, non-profit voluntary association of towns and cities in the Upper Valley areas. Our thirty-one (31) communities are in two states and five counties.

The Council consists of a Board of Directors and a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two or three representatives to participate on the Board of Directors. The Board elects officers, adopts, the annual work program and budget, and develops policies and positions on issues that are important to our communities.

The Upper Valley-Lake Sunapee Council is the official organization that brings towns and cities within our region together. By bonding together and pooling their resources, local governments have a highly trained, professional staff available to them for a wide variety of services. Areas of expertise include land use planning, master planning, economic and community development, water quality management, transportation, landscape architecture, housing, capital budgeting, historic preservation, downtown revitalization, solid waste planning, recreation and fiscal and environmental impact analysis. The Council also serves as a collective voice for these towns and cities in dealings with state and federal governments, thereby protecting and furthering the needs and interests of our communities.

Your support enables the Council to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, we the Council:

- o Prepared an updated Regional Plan
- o Updated our Economic Profile, the primary source of economic and demographic data for our region
- o Maintained our regional data base, including our role as a regional data center for the US Census
- o Coordinated the efforts of and provided administrative assistance to the Upper Valley Solid Waste Management District
- o Sponsored and helped organize the Upper Valley Household Hazardous Waste Collection Program
- o Initiated efforts and successfully applied for start-up funding for a computer assisted mapping program
- o Continued the regional historic preservation program
- o Sponsored informational meetings on Water Resources Management Plans mandated for inclusion in local master plans under NH Chapter 167
- o Provided an Economic Development Agent for Sullivan County to help retain and expand employment opportunities in the area
- o Testified on several bills before the legislature, on Vermont Act 250 proposals and on state highway plans, distributed summaries of new and amended legislation and sponsored the NH Municipal Law Lecture Series
  
- o Coordinated local municipalities, state agencies and private consultants as part of the Upper Valley Transportation Study
- o Provided technical assistance to Advance Transit and County Coach
- o Participated in a proposal to conduct a long range planning study of Route 11-103 corridor in Sullivan County

- o Helped numerous communities and Sullivan County seek state and federal grant funds by providing technical assistance, and prepared successful grant applications bringing more than \$1.1 million to the region
- o Sponsored an informational meeting on the Champlain Pipeline on behalf of our Sullivan County communities which will be effected
- o Worked closely with the Upper Valley Community Land Trust, Society for the Protection of New Hampshire Forests, and Connecticut River Watershed Council to protect open space and conservation lands.

The Council also provides specific services to cities and towns in the region. As requested by communities, the Council conducted a large number of impact studies concerning proposed developments, prepared amendments to local subdivision, zoning, site plan review, and earth excavation regulations and provided mapping, drafting and other technical assistance.

Over the past year the Council has assisted the Canaan Planning Board in completing the Town Master Plan and provided on-going assistance relating to the Village Water System Improvement Project, funded by CDBG and Farmers Home Administration grants and loans secured by UVLSC two years ago.

## GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.

Grafton County Senior Citizens Council provides services to older residents of Canaan through Mascoma Area Senior Services, recently relocated to Indian River Grange Hall on Main Street. These services include home delivered meals, a senior dining room program, limited transportation, health and nutrition education, information and referral, as well as opportunities for older individuals to be of service to their communities through volunteering.

Any Canaan resident over the age of 60, or member of his/her family, is eligible to use the services of GCSCC. Handicapped individuals under the age of 60 may also be served through these programs. Although there are no charges for the services, the agency does request contributions toward the cost of services.

During 1987, over 4,600 older individuals were served through all of GCSCC's programs. Some 194 of these were Canaan residents. These individuals enjoyed 2,608 dinners at Mascoma Area Senior Center; received 12,926 hot meals delivered to their homes; and used transportation services on 432 occasions to travel to medical appointments, to grocery stores, to do personal errands or to the Senior Dining Room. Thirty-seven Canaan volunteers contributed 847 hours of time, energy and talent to support the operation of the agency's services. Services for Canaan residents were provided at a cost to the agency of \$58,710, and were instrumental in supporting many of these individuals as they attempt to remain in their own homes and out of institutional care despite physical frailties.

We are particularly proud of the new Mascoma Area Senior Center, in the renovated Indian River Grange Hall. With a dining room and kitchen on the first floor and with offices and activity space on the second floor, this handicapped accessible building should become a resource for community members of all ages. The completion of this project is a tribute to the ability of many members of the Canaan community to work together toward a common goal which will benefit the entire community.

Working closely with other agencies providing services to older people in the community, our goals for the coming year include an enhanced community education effort to assist older Canaan residents and their families in taking advantage of available programs and services which will improve the quality of their lives.

Through the years, GCSCC has very much appreciated the support of the Canaan community for services which enhance the independence of older residents of Canaan.

Sincerely,

Carol W. Dustin, ACSW  
Executive Director

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fire kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry Officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

### FOREST FIRE STATISTICS - 1987

Number Fires Statewide		403
Acres Burned Statewide		189
Cost of Suppression		\$44,682
District	15 Fires	28½ Acres
Town	1 Fire	½ Acres

Funds received in 1987	646.00
For Police Department	\$25,051.49
Funds expended in year 1987	\$25,051.49
	Zero

Respectfully submitted,

Edward Lary, Treasurer

## ADVANCE TRANSIT REPORT

Advance Transit is a non-profit corporation overseen by a Board of Directors composed of representatives from participating towns, institutions, human service agencies, and riders. Originally a component of the Upper Valley Senior Citizens Council, Advance Transit has been operated as a separate organization since 1984. Low cost transportation service is provided to the Upper Valley communities of Canaan, Enfield, Hanover, Lebanon and Lyme in New Hampshire, as well as Hartford and Norwich in Vermont.

Advance Transit was formed and operates with the assistance of funds from the federal Urban Mass Transportation Administration. Since it was formed, Advance Transit has received over half of its funding from U.M.T.A. (By comparison, municipal revenues cover approximately 7% of expenses.) Reductions in federal funding in 1985 and 1986 forced Advance Transit to implement a series of service reductions and fare increases, the last of which were implemented October, 1986. Despite the cuts, 20,000 passenger trips were provided in Hartford during 1987, only 1500 fewer than in 1986.

As a result of increased emphasis on financial planning, 1987 marks the first year that Advance Transit has not ended the year with a deficit. Significant progress was also made toward the reduction of accumulated deficits from prior years.

In July of 1987 a new Executive Director was hired with several years experience in the administration of public transit systems. Overall staff turnover has been greatly reduced.

In December of 1987 three new buses were delivered with nine more expected to arrive in early 1988. The new vehicles will offer increased passenger comfort and operating efficiency.

To summarize 1987, many positive changes have occurred that will contribute significantly to Advance Transit's long term viability. I know the employees and Board of Directors share my outlook that Advance Transit will continue to improve in 1988.

## CANAAN FIRE DEPARTMENT

FOR THE YEAR DECEMBER 1986 TO NOVEMBER 30, 1987

The Canaan Fire Department was called out 90 times for the year December 1, 1986 to December 1, 1987. 22 calls were false alarms. Some for Canaan School, some for Low income housing, and some for Indian River Grange.

Respectfully submitted,

Gilbert Downing  
Fire Chief

### CRUISER OPERATION

Total Cruiser Mileage	60,309
Gallons of Gasoline Used	4,172

1987 has been a building year for the Canaan Police Department. On December 1, 1987, the Canaan Fire Department vacated the old fire station and moved into their beautiful new facility on Parker Street. The Board of Selectmen immediately gave me the go-ahead to start the construction necessary to renovate the old fire station into a new police station, as voted on at Town Meeting in March.

Progress on this project is far exceeding our expectations, thanks to the superb efforts of all the police officers, who are providing the majority of construction labor. This, along with the support of several local contractors and members of our community who have donated their services in many ways, will provide the Town of Canaan with a modern, spacious Police facility that will serve the community for many years.

In May of this year, Paul Stoner joined the Police Department as a part-time officer. Paul comes to us with an impressive background. He is a retired Major, serving 26 years in the Special Forces Division of the U.S. Army. He has already successfully completed the part-time police officer training offered through New Hampshire Police Standards and Training. This course required over 80 hours of training and was held at the Newport N.H. Police Department.

Our commitment to the citizens of Canaan remain the same—to provide you with a safe community to live in; to maintain a complement of officers that are properly trained to respond to any situation and handle it properly; and to continue to build a department that is responsive to our community's growing needs.

## REPORT OF THE MEETING HOUSE COMMITTEE — 1987

During the past year the replastering of the walls on the balcony level and the north wall was completed. The wood wainscoat on the balcony level (c. 1885) was removed exposing the earlier wide board wainscoating.

The principal "pulpit" window on the north was reinstalled in its original high position.

A bronze plaque was installed alongside the east door of the tower showing that the building was listed on the National Historic Site Register.

Four large painted canvas stage backdrops were removed from the attic, found to be in remarkably good condition, and are now stored on the balcony level. It is hoped that they can be displayed during the coming year.

The use of the building during the summer months was increased. A number of meetings of various Town committees were held in the building and the Fourth of July Celebration, Craft Show and Currier and Ives Print Show added to the restoration fund and the enjoyment of the building by the people of the Town.

The regular striking of the hour by the tower clock and the lights on the tower every night add charm and significance to the beauty of this wonderful bit of history.

Treasurer's Balance January 1, 1987	\$10,326.11
Expenses	4,689.00
Income	9,333.94

**CANAAN HISTORIC DISTRICT COMMISSION — 1987**

The past year has been a relatively quiet one for the Commission. Property owners within the District have been most cooperative and have shown considerable regard for the revised Regulations which were accepted in 1986.

Three applications for remodelling/building have been received and approved during the year.

A surveyor has been employed to mark the District bounds at the north and south on Canaan Street and at the west on Roberts Road.

Respectfully submitted,

Wylie Mitchell, Chairman  
Nancy B. Loomis, Secretary  
Margaret C. Taussig  
Daniel Fleetham  
Beverly Wakely, Alternate  
James Miller, Alternate

## OLD HOME DAYS REPORT

The 1987 "Old Home Days" weekend was held July 31, August 1 and 2 and was a big success. The theme was the "U.S. Constitution and You". Our "Thanks" to everyone that participated and gave their time and support to make the weekend an enjoyable and successful Community Event.

Friday, July 31, the Policemen's Lobster and Chicken Barbeque opened the weekend Festivities, followed by the Firemen's Auction at the new Fire Station.

Saturday, August 1, the Craft Fair and Food Concessions opened on the Common and William Field at 9 am. The Parade at 9:30 am was the best yet, and led by the Norwich-Hanover Band and the American Legion Color Guard. The Grand Marshall was Charles Clifford of West Canaan. The many colorful floats followed the Theme "The U.S. Constitution and You".

Following the Parade, there was entertainment at William's Field. A Concert by the Norwich-Hanover Band, Demos by the "Foggy Mountain Cloggers" and the "Mt. Cardigan Squares". Horse-shoe pitching at 10:30 am with prizes was held. From 10 am-4 pm the "Flower and Plant Show" at the Legion Building, and also 10 am-4 pm, the "Indian River Gun Show" at the Indian River Sports Building. The Soap Box Derby was at High Street at 1 pm. The Historic District on Canaan Street was open from 1 pm -4 pm. included was: The Old Meeting House, the North Church and the Museum. The Rug Hookers had a "Rug Exhibit" at the Old meeting House. At 8 pm-11:45 pm, the Dance under the Tent at William's Field was held with "Rocky Road Band" and enjoyed by a large attendance. Drawings for Door Prizes were held at Intermission.

Sunday, August 2, Morning Services at all churches. At 1 pm Volleyball games were held at William's Field, and at 4 pm the Annual Service at the Old North Church was held with a large attendance. A very nice way to close the weekend festivities.

Funds for the Old Home Days weekend were raised through donations, Sale of T-shirts, ads and sponsors for the programs, sale of pins, raffle of Hooked Rug and Baby Quilt (The Rug was won by Cindy Neily, Canaan, NH and the Baby Quilt was won by Jennie Joyce, Grafton, NH), and town funding. We are also selling Libby Glass Coffee Mugs with the Old Home Days Logo. We raised \$3,731.25 and expenses totaled \$2,768.46 for the weekend.

The Committee holds meetings from February thru December on the first Tuesday of each month at 7:30 pm to plan the Old Home Day Celebration and Activities. The dates for 1988 will be August 5, 6, and 7th. The theme will be "Country-Western".

We are always open to suggestions to make the Old Home Days interesting to everyone in the Community. If you have any ideas, please let us know.

Respectfully submitted,

Old Home Days Committee  
Georgia Tilton  
John Ricard  
Co-Chairman

## MASCOMA HOME HEALTH SERVICES, INC.

For nineteen years, Mascoma Home Health Services has provided home and community health care. We have attempted to meet the needs of the residents of the communities we provide care to, but also to be circumspect in how resources were used to accomplish this goal.

The Maternal and Child Health Program grows each year as young families move into the area. Enrollment in the well child clinic which is held monthly was 181 this year, and a total of 314 clinic visits. The Dental Clinic held twice yearly made preventive dental care available to 120. The child health nurse made 57 home visits to newborns, and 90 home visits for follow-up care for other children. Three Parent Aides are now available to assist young mothers as well as Mother's Support Groups which include group activities for the children. Thirty-one families and 55 children are or have been involved in the groups. A Pediatric Nurse Practitioner is available for consultation counseling and also works in the other programs.

Other health promotion activities include Blood Pressure Clinics at which 1240 readings have been made this year. Referrals are made for medical help if needed. At the Flu Clinic 80 people received the vaccine another 45 in their homes or at the office. In November of this year, monthly Foot Care Clinics were started at the office in Canaan. Medical Equipment Loans, and an Emergency Food Pantry is also offered. Supplies are donated by groups and individuals, otherwise this service would not be possible.

The visiting nurse, therapists, home health aides and homemakers have made 5755 home visits to 177 individuals and have traveled over 47,000 miles. It is this kind of care that has delayed and often prevented the need for institutional care, and allowed people to remain independent as we all like to be.

One of our most valuable resources are our volunteers. We have twenty-two who do a variety of tasks in most of the programs and some transportation of patients. This year they have contributed over 850 hours.

Thank you for your continued support of the agency programs. Working together to provide quality care for the community is what we strive to do.

Respectfully submitted,

Janet G. Knight  
Executive Director

## REPORT OF THE CANAAN CONSERVATION COMMISSION

The Conservation Commission continues to work toward fulfilling its duties as outlined by NH RSA 36A: to ensure the "Proper utilization and protection of the natural resources and....the protection of watershed resources" of the town. An essential aspect of this task is the processing of Dredge & Fill Permit applications. (These are required of anyone proposing any construction in a wetland or adjacent to open water. Applications are available from the Town Clerk.) Most of the applications have been approved; one violation (failure to obtain a permit) was reported to the State Wetlands Board.

New soils maps for the town are finally complete. We have signed a contract with the Grafton County Conservation District for seas of maps showing soil type, wetland soils and important farmlands, to be delivered in early 1988. These should form an excellent base for establishing an inventory of wetlands, as well as other natural resources.

The Commission has grown this year, welcoming two new members and one returning member who had resigned temporarily due to other commitments. An ammendment to the enabling statute, passed this summer, allows for the appointment of alternates to the Commission. We would be happy to hear from any resident interested in lending his or her expertise to our endeavors.

Respectfully submitted,

Kate Brooks, Chairman

## REPORT OF THE TREASURER For The Year Ending December 31, 1987

## HEADREST

Headrest, Inc. the Upper Valley's Information Center and 24-Hour Crisis Hotline, thanks the residents of Canaan for their support. In 1987 the hotline served 59 Canaan residents on 102 occasions in the following ways:

Assault/Abuse Children	2	Family Related	14
Assault/Abuse Women	4	Financial/Material Assist.	5
Alcohol	11	Handicapped	1
Caring Listener	21	Health Related	9
Child Care	-	Housing	3
Consumer	-	Job Related	2
Counseling Requested	16	Legal	1
Depression/Anxiety	1	Other Info. & Referral	14
Drug Related	7	Runaway	1
Energy Related	-	Suicide	3
Fuel Emergency	1	Transportation	-
Lodging Req., not used	3	Volunteer, Donation	2
Lodged at Headrest	13	Collaboration	5
Lodged Elsewhere	1		
		Total Situations	140

Outpatient Substance Abuse Counseling: 5 residents for 61 hours.

Substance Abuse Outreach: 6 hours to 655 students at Mascoma High School.

Twenty-four hours a day, each and every day of the year, Headrest staff and volunteers are available to provide the following services:

INFORMATION & REFERRAL: Whenever you have a question or problem and aren't sure where to turn, call us. We have information about local agencies and services, and we can help guide you to the person or place who is best able to help. We have information on consumers' and tenants' rights, drugs and alcohol, and more. We make referrals for personal counseling, legal assistance, support groups, and other emergency services.

SOMEONE TO TALK TO IN CONFIDENCE: Our hotline workers are trained to offer you understanding, respect, and emotional support in a non-judging manner. Call us when you're feeling lonely, anxious, worried, upset, or overwhelmed.

HELP IN A CRISIS: If it's an emergency there's someone immediately available at Headrest to give you personal support and help you contact additional resources. We are a suicide prevention hotline, and have special expertise in handling crises involving the use of alcohol and other drugs.

EMERGENCY LODGING: Temporary emergency shelter is offered to local and transient people referred to us by the police, hospitals, churches, and mental health centers. Supervised overnight lodging for intoxicated persons is funded by the NH & VT Offices of Alcohol and Drug Abuse Prevention.

ALCOHOL & DRUG ABUSE PROGRAMS: We offer information, educational presentations, and individual and family counseling about substance abuse issues.

We are extremely grateful for continued local support, and

proud of our record of 16 years of continuous service to the Upper Valley. Our thanks to everyone who supports the United Way, who volunteers at Headrest or with other services, and who joined the Friends of Headrest for 1987. With your help we can continue to improve our services for the benefit of all.

We welcome your comments, suggestions, or questions about our services so we can be responsive to the needs of the community. Feel free to contact us at 448-4872, the business line; or 448-4400, the hotline. Thank you.

Rick Barrows,  
Administrative Director

### PLANNING BOARD REPORT

The Planning Board met regularly on the second and fourth Thursdays of each month in 1987. During the year, a total of 23 subdivisions were approved, which brought in revenue of \$888.99 to the town. Planning board expenses for the year totaled \$1,097.32.

Public hearings were held on the revised master plan, which was adopted on June 4, 1987. The next tasks before the Planning are to revise our current subdivision regulations so that they will meet State requirements and to begin preparations for bringing a proposal for zoning before the town.

At the end of the year, the Planning Board regretfully accepted the resignation of a long standing member, Wylie Mitchell. The Board wishes to thank Mr. Mitchell for the many years of dedicated service and leadership he has given to the town through his activities on the Planning Board.

Respectfully submitted,

Donald E. Blunt, Chairman

		<u>\$1,623,984</u>

## GRAFTON COUNTY COMMISSIONERS' REPORT

Budget for the current fiscal year is \$8,947,343. Town taxes to the County average 6.7% or \$2.21 per \$1,000, of the property owner's tax bill. The major portion of county expenses goes to the operation of the Nursing Home (39.69%) and to human services programs for the elderly, disabled, nursing care and children (26.86%).

REGISTRY OF DEEDS had gross income of \$3,630,159 in 1987. The total number of documents processed in 1987 was 29,983. \$3,184,982 was received in transfer tax, of which 9% or \$3,057,584 went to the State of NH and 4% or \$127,398 was retained as county income. Other receipts include recording and copy fees in the amount of \$445,177. Total income to the County was \$572,575 compared to a total of \$3,057,584 paid to the State, although the County is liable for 100% of all operating costs.

HUMAN SERVICES: Old Age & Disabled grant programs remain fairly constant with the elderly program averaging 100 cases at \$4,800 per month and the disabled averaging 225 cases at \$21,000 per month.

Intermediate Nursing Care caseload increased with SB-1 where the County became responsible for all INC cases and eliminated town liability. INC cases now average 255 at \$110,000 per month, a rapidly increasing cost to the counties with savings to the towns.

Children and Youth Services also became a county liability under Senate Bill 1, with counties reimbursing the State 25% for all child service costs. It is impossible to give accurate figures for child expenses, as they are rapidly increasing monthly. Current accounts reflect 130 to 150 cases costing from \$64,000 to \$75,000 per month. (At the beginning of this fiscal year, we had approximately 120 cases at about \$50,000 per month.) The County has 25% funding liability of child placement costs and we are taking an active interest in the needs of children in Grafton County.

Social Service agencies receive \$247,217 or \$4.03 per capita, to provide much needed services for home health, mental health, developmentally disabled, senior citizens transportation and nutrition and many other valuable programs.

CORRECTIONAL FACILITY is increasingly overpopulated, now averaging 58 inmates per day and frequently housing 60+. The current cost of operation is \$28.63 per inmate day. We have contracted with an architect to present design and cost for a 34 bed addition. Schematic designs and price estimates are expected by mid-January to go out for bid by late January with bid results due in by the end of February. Funding issues should go to the delegation and public in March with anticipated ground breaking in April.

GRAFTON COUNTY NURSING HOME for intermediate nursing care is licensed for 136 beds and is about 80% reimbursable. FY 87 cost per patient day was \$68.78 with \$58.87 reimbursed by Medicaid.

GRAFTON COUNTY FARM continues to be self-supporting and provides work for inmates as well as offering access for experimental agricultural projects. This is primarily a dairy farm with an average herd of 170, but also grows produce for the nursing home.

GRAFTON COUNTY COMMISSIONERS meet weekly on Wednesdays. We encourage public attendance and welcome facility tours.

We were deeply saddened by the deaths of Commissioner Arthur E. Snell, Dist. #2, and Commissioner Leonard Anderson, Dist. #3, early this year.

GRAFTON COUNTY COMMISSIONERS:

Dorothy Campion-Corcoran,  
Chairperson  
Everett Grass, Clerk  
Betty Jo Taffe, Commissioner

### REPORT OF CANAAN F.A.S.T. INC. 1987

The year 1987 was a busy year for the Fast Squad.

Run Breakdown as follows.

Total Runs:	179
Ambulance Miles:	6823.2
Ambulance Hours:	360.9
Man Hours:	1764.0

We have established a goal during 1987 to acquire a Cardiac Monitor - Defibrillator and have been looking at the various units available. This piece of equipment (while expensive \$9000.00) is considered to be the best possible hope for cardiac patients.

Training at an advanced level will be provided for the squad through Dartmouth Hitchcock Medical Center.

The important message for all of the communities we serve - and most important for residents in West Canaan - is to call 523-4343. Not only will calling that number get service to you faster it will help us to know what to prepare while en route.

We will be working on education for the residents of all the communities to insure that an early call is placed. We hope to impress everyone that it is much easier, safer and assures each patient of more definitive care if the correct (523-4343) call is placed - early.

As always we look for interested persons to join in our efforts and continue to solicit suggestions as to how we can improve the service.

Please call us at (523-4343) for information or write to us at CANAAN F.A.S.T. INC., P. O. BOX 67 Canaan NH 03741.

Respectfully Submitted:

Daniel B. Ware, President

CANAAN F.A.S.T. INC.

## UPPER VALLEY HOUSEHOLD HAZARDOUS WASTE COMMITTEE

The Upper Valley Household Hazardous Waste Committee, an organization representing several organizations has been providing Household Hazardous Waste Collection services and taking the lead in a substantial public education project in the Upper Valley for the last four years.

Collections began with a grant from the state of Vermont. With only a few months of planning time, the Committee organized the event, which was held at the Hartford Fire Station on November 3, 1984. One hundred nine (109) households participated in the Collection, and 24 drums of materials were collected from 9 AM to 1 PM.

Recent collections have been funded primarily by the Lebanon Landfill and by the State of New Hampshire. Some private donations have also been received.

In 1985, the Collection was held at the former Pringle-Lester Chevrolet Dealership lot on Route 120 in Lebanon, New Hampshire on Green-Up Day, May 4th. One hundred thirty two (132) households participated, and 25 drums were collected.

The "First weekend in May" tradition continued with the 1986 Collection being held at the same site on May 3rd. Compared with the previous year, almost twice as many households, 250, participated, with 32 drums collected.

The fourth Household Hazardous Waste Collection was held on May 2, 1987 at the Hanover Shuttle Bus Site on Route 120 in Hanover. This collection far exceeded the Committee's expectations of household participation and after 30 drums of materials were filled, the Committee had to close down the collection, 1 and 1/2 hours early. The car count exceeded 300, excluding the approximately 75 cars that had to be turned away.

The Committee is once again preparing for the annual household hazardous waste collection, to be held on "Green-Up Day", 1988. Our organization has matured and is stronger than ever, and we are prepared for substantially increased household participation this year. All area residents are invited to partake in the annual collection. Let's keep our landfills and groundwater free from contamination. See you in May!

## REPORT OF CANAAN HISTORICAL MUSEUM

The Museum Committee is happy to report that after a number of clitches in getting painters, the museum is painted, with new shutters and shelving in the first floor.

This will make us more accessible to visitors and we look forward to a Grand Opening this spring.

Respectfully submitted,

Margo T. Finkerton, Chairman  
Daniel W. Fleetham, Vice Chairman  
Reginald E. Barney  
John Q. Ricard

## AUDITOR'S REPORT

Board of Selectmen  
Town of Canaan, New Hampshire

We have compiled the financial statements of the Town of Canaan, New Hampshire for the year ended December 31, 1987 included in the accompanying form MS-5, in accordance with standards established by the American Institute of Certified Public Accountants.

Our Compilation was limited to presenting in the form prescribed by the New Hampshire Department of Revenue Administration, information that is the representation of Town Officials. We have not audited or reviewed the financial statements referred to above and, accordingly, do not express an opinion or any other form of assurance on them.

The financial report, Form MS-5, is presented in accordance with the requirements of the New Hampshire Department of Revenue Administration which differ from generally accepted accounting principles. Accordingly, these financial statements are not designed for those who are not informed about such differences.

# TOWN MEETING — MARCH 14, 1987

Grafton, s.s.

Town of Canaan, New Hampshire

Town Meeting adjourned from 10 March 1987

14 March 1987

Moderator Milton Wilson reconvened the 1987 Canaan Town Meeting at 1:08 P.M. at the Canaan Elementary School to take up Articles 2 through 19 of the Town Warrant.

A motion to waive the reading of the warrant articles was made by Paul Rice and seconded by G. Allen Lary; the motion was passed by a voice vote.

The moderator requested that there be no smoking in the school building, that anyone making a motion to accept or to reject an article give his name for the record, that all amendments be given in writing to the moderator, that affirmative motions for an article are preferable, that only legally-registered Canaan voters take part in the voting, further that only one amendment will be on the floor at a time, that an individual must be recognized by the chair before he speaks and then he should direct his remarks through the chair, and, lastly, that no personal, verbal attacks will be allowed.

ARTICLE 2: To hear the reports of agents, auditors, committees, or any other officers and to pass any vote relating thereto.

Amendment: To accept the reports of agents, auditors, committees, or any other officers, noting the lack of a report by Selectman Ware stating the reasons why he chose to ignore the will of the citizens of Canaan and therefore caused its welfare and protection to be in jeopardy.

The amendment was made by Paul Rice and seconded by Kathryn Carlson. The amendment was voted in the affirmative by hand vote.

Article 2 as amended was passed by voice vote.

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of \$300,000 dollars for the purpose of defraying the cost of preliminary and final plans and specifications or other preliminary expenses incidental to or connected with a proposed municipal sewerage system (the "Project"); said sum to be raised through the issuance of bonds and/or notes by the Town in compliance with the Municipal Finance Act, RSA 33, as amended, the Selectmen being authorized to invest the proceeds of such bonds or notes, to appropriate the interest earned thereon for the Project; to issue, negotiate and deliver such bonds and notes and to determine the rate of interest thereon, the maturity and the other terms and provisions thereof as may be in the best interests of the Town; to contract for, accept and appropriate any federal, state or other funds and/or grants for the Project, the Selectmen being authorized to take all steps necessary to cause the Town to comply with the terms and conditions of such grants; and to take any other action or pass any other vote relative thereto.

A motion to accept the article as read was made by Edward Lary and seconded by Paul Rice. Presentation of the Canaan Village sewerage project was done by Stephen Geribo (project manager) and Mark Thompson of S.E.A. Consultants of Cambridge, Mass., and Paul Currier, supervisor of design review of NH WS & PCC. Considerable discussion concerned the need to collect and treat wastewater from approximately one hundred dwellings in the village where there is either now a failed septic system or direct discharge of sewerage or a reasonably great potential thereof in polluting ground water. A report of the study for the collection and treatment of the wastewater in the most cost-effective methods could be available for the next town meeting.

At 2:15 the moderator declared that the polls were open for voting by paper ballot on Article 3; the voting would be allowed to continue for at least one hour, a two-thirds approval would be needed for passage, and the results would be tallied before final action on Article 18.

- ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of \$11,500 for the purpose of purchasing a chipper for the highway department. (Budget Committee - Not Recommended)

A motion to reject the article as read was made by Gilbert Downing and seconded by Roger Remacle, Sr. The motion to reject was defeated by voice vote; Article 4 as read was passed.

- ARTICLE 5: (By Petition) To see if the Town will vote to raise and appropriate the sum of \$3,861 for the purchase of protective bunker pants for the Fire Department. (Budget Committee - Recommends)

The motion to accept the article as read was made by Thomas McDermott and seconded by Duane Mansur. Article 5 was voted in the affirmative by voice vote.

- ARTICLE 6: To see if the Town will vote to raise and appropriate and authorize the withdrawal of \$24,172 and any accrued interest for that use from Federal Revenue Sharing Funds. (Budget Committee - Recommends)

Police Department \$24,172 and accrued interest

The motion to accept the Article as read was made by Edward Labrie and seconded by Edwin Miller. Article 6 was voted in the affirmative by voice vote.

- ARTICLE 7: To see if the Town will vote to create a Capital Reserve Fund for the purpose of re-evaluation of all property in the Town of Canaan and to raise and appropriate the sum of \$35,000. (Budget Committee - Recommends)

A motion to accept Article 7 as read was made by Edward Labrie and seconded by Edwin Miller. Article 7 was voted in the affirmative by voice vote.

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of \$25,000 for land acquisition. (Budget Committee - Recommends)

A motion to accept Article 8 as read was made by Edward Labrie and seconded by Edwin Miller. The land purchased would be for a stump dump site and garbage transfer station. Article 8 was passed by a hand vote.

ARTICLE 9: (By Petition) Shall we adopt the provision of RSA 72:37 for the exemption for the blind from property tax? This statute be exempt each year from the property tax on a residence to the value of \$15,000.

A motion to accept Article 9 as read was made by Edward Labrie and seconded by Edwin Miller.

Amendment: Shall we adopt the provision of RSA 72:37 for the exemption for the blind from property tax? This statute provides that every inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of \$15,000. The amendment was made by Edward Labrie and seconded by Edwin Miller. The amendment was defeated by voice vote.

The motion as first read was rejected by voice vote.

ARTICLE 10: To see if the Town will vote to rescind action taken at a previous town meeting not to elect the position of Welfare Director beginning in the year 1988.

A motion to accept Article 10 as read was made by Paul Rice and seconded by Edwin Miller. Article 10 was rejected by voice vote.

ARTICLE 11: (By Petition) To see if the Town will vote to give the Canaan F.A.S.T. Inc. exclusive use of the old Canaan Fire Station (next to the Town Hall).

A motion to accept Article 11 as read was made by Edwin Miller and seconded by Glenn Tucker.

Amendment: To see if the Town will vote to give the Canaan F.A.S.T. Inc., use of the old Canaan Fire Station (next to the Town Hall). The amendment was made by Roger Easton and seconded by Lee Moses. The amendment was passed by hand vote.

A paper ballot was requested by the petition of six legal voters of Canaan. Of 126 ballots cast, 40 were YES and 86 were NO. Article 11 as amended was defeated.

ARTICLE 12: To see if the Town will vote to have the dump contract, commencing in January of 1989, be a contract to include door to door pickup. (Budget Committee - Recommends)

A motion to accept Article 12 as read was made by

Edward Lary and seconded by Kathryn Carlson.  
Article 12 was rejected by voice vote.

ARTICLE 13: To see if the Town will vote to adopt the provision of RSA 72:a-c which authorizes the Town to elect not to assess, levy and collect a resident tax.

A motion to accept Article 13 as read was made by Edward Labrie and seconded by Edwin Miller.

Amendment: To see if the Town will vote to adopt the provision of RSA 72:l-c which authorizes the Town to elect not to assess, levy and collect a resident tax.

The amendment was made by Edward Labrie and seconded by Glenn Tucker. The amendment was passed by voice vote.

Article 13 as amended was rejected by voice vote.

ARTICLE 14: To see if the Town will authorize the Selectmen to dispose of tax deeded property by public auction to the best interest of the Town.

A motion to accept Article 14 as read was made by Edward Labrie and seconded by Michael Burrows.

Amendment: To see if the Town will authorize the Selectmen to dispose of tax deeded property by public auction to the highest bidder.

The amendment was made by James Laffan and seconded by Lee Moses; the amendment passed by voice vote.

Article 14 as amended was voted in the affirmative by voice vote.

ARTICLE 15: To see if the Town will authorize the prepayment of resident and property taxes due the Town to the Tax Collector as provided in R.S.A. 80:l-a and 80:52-a.

A motion to accept Article 15 as read was made by Edwin Miller and seconded by Albert Morris. Article 15 was passed in the affirmative by voice vote.

ARTICLE 16: To see if the Town will vote to authorize the Selectmen to borrow such sums of money in anticipation of taxes as may be needed to meet the necessary running expenses of the Town.

A motion to accept Article 16 as read was made by Michael Burrows and seconded by Paul Rice. Article 16 was voted in the affirmative by voice vote.

ARTICLE 17: To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend, without further action by Town Meeting, money from the State, Federal or other governmental units or a private source which may become available during the ensuing year, provided that such expenditure be made for purposes for which a town may appropriate money that such expenditures not require expenditure of other town funds. Further, that the Selectmen hold a public hearing prior to accepting and spending

the money. R.S.A. 31:95-b.

A motion to accept Article 17 as read was made by Michael Burrows and seconded by Paul Rice. Article 17 was voted in the affirmative by voice vote.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of \$1,244,755 to defray town charges during the ensuing year as submitted by the Budget Committee and that this represents the total amount voted including money raised in preceeding special Articles.

A motion to accept the Article as read was made.

Amendment: To see if the Town iwll vote to raise and appropriate the sum of \$1,285,116 to defray town charges during the ensuing year as submitted by the Budget Committee and that this represents the total amount voted including money raised in preceeding special Articles.

A motion to close the polls on Article 3 voting was made by Paul Rice and seconded. At 5:05 P.M. the Moderator declared that the polls were closed for tallying on Article 3. A motion to recess the meeting for the purpose of counting votes was made by Edwin Miller and seconded by Janet Labrie.

The town meeting was reconvened at 5:12 P.M. by the Moderator who declared that Article 3 was passed by paper ballot: 154 votes case with 130 YES and 24 NO (103 YES votes were required for the 2/3 vote approval.)

The Moderator suggested, that since the money total in the Amendment was not correct, that the amendment on the floor be rejected; no objection was made to his suggestion and the amendment by voice vote was rejected.

Amendment: To cut the budget by \$15,000, the \$15,000 being taken from capital outlay line item 910.16 Fire Station renovation to Police Station. The amendment was made by Edwin Miller and seconded by Glenn Tucker. The amendment was rejected by voice vote.

Amendment: To see if the Town will vote to raise and appropriate the sum of \$1,330,136, to include \$10,000 into capital reserve for the purchase of a town-owned ambulance... The amendment was made by Ruth Greenwood and seconded by William Arruda. The amendment was rejected by voice vote.

Amendment: To see if the Town will vote to raise and appropriate the sum of \$1,320,136 to defray town charges during the ensuing year as submitted by the Budget Committee and that this represents the total amount voted including money raised in preceeding special articles.

The amendment was made by Edward Labrie and seconded by Edwin Miller. The amendment was passed by voice vote.

Article 18 as last amended was voted in the affirmative by voice vote.

ARTICLE 19: To transact any other business that may be legally brought before this town meeting.

Paul Rice publicly thanked the volunteers in the building of the new fire station on Parker Street; the Canaan voters seconded his comments with a round of applause.

Paul Rice made a motion that the 1987 Town Meeting be adjourned; that was seconded.

At 5:35 P.M. the Moderator declared the meeting over.
