IN MEMORIAM  
EDWIN J. PHETTEPLACE  
1922-1983

He was a quiet man, his humor shining in the twinkle in his eyes.

His was the voice of reason, of mediation, the common sense that gave him the quality of leadership in the Grantham Volunteer Fire Dept., which he served for so many years.

Loving husband, devoted father, good citizen . . . a legacy that will endure forever.

This 1984 Grantham Town Report is dedicated to his memory.

## GRANTHAM PLANNING BOARD

During 1983, in addition to its regular monthly meetings on the first Thursday of each month, the Grantham Planning Board held six public hearings. The board received applications for and approved the following six minor subdivisions:

1) a request by Michael Hastings to separate into three parcels the approximate 23.05 plus or minus acre property on Route 10.

2) a request by Kenneth and Joyce Barton to divide their approximate 91.8 plus or minus acre property into three parcels.

3) a request by Paul R. and Kathryn L. Osgood to divide their 6.8 plus or minus acre property on Route 10 and Pillsbury Road into three parcels.

4) a request by Alvah Jack Pillsbury to divide his approximate 6 plus or minus acre property on Pillsbury Road into two parcels.

5) a request by Wilfred Cote to divide his approximate 2.9 plus or minus acre property on Burpee Hill Road into two parcels.

6) a request from Myra Z. Laundry to divide her approximate 18.9 plus or minus acre property on Dunbar Hill Road into three parcels.

A volunteer sub-committee, chaired by Mat Reed, has been meeting bimonthly since June 30th to implement the Grantham Master Plan. The Grantham Planning Board has requested the Grantham Selectmen to reactivate the Conservation Commission. Fred Curtis and Frances Rutter are Grantham representatives to the Upper Valley-Lake Sunapee Council, and Fred Curtis was elected to serve on the executive committee of that council.

FRED CURTIS, Chairman  
Grantham Planning Board

This past year we saw a slight decrease in circulation. When the school children moved to the new school, they no longer used the library. This accounts for the circulation decrease in children's books. All other areas of circulation have increased. The hours we are open remained the same; Monday - 9:00 to 12:00; Wednesday - 9:00 to 12:00, 2:00 to 4:30, 6:30 to 8:30; Saturday - 9:00 to 12:00. We have story time every Wednesday morning at 10:30. We purchased 330 books both hardback and paperback and accepted numerous donations of books and magazines. In an effort to cut our heating costs the library had plastic wrapped and tacked around the building's foundation. This has definitely cut down on the wind whistling through the floor and the lower library walls.

Due to the lack of space the adult books, both fiction and non-fiction, were weeded. This was done by using professional guidelines and by having a State Library consultant come and spend a morning weeding. Another paperback book shelf was added to free up the shelves for hardback books.

The summer reading program was "Up, up and away." Each child decorated a paper kite. For every book read a bow was added to their kite tail and a prize of candy or ice cream was awarded at Reney's General Store. Twenty-seven children signed up and read 391 books. At the end of the summer a party was held for all participants.

This past summer was the year of the biennial book sale. It was extremely successful thanks to the many donations of books, cakes, white elephants and the help of the volunteers. The money made from this sale was spent on books. This year the library has been trying to buy more non-fiction reference books to build up the collection. There are books which libraries should have even though these particular books may not circulate much.

This year the State discontinued the van delivery of additional books. As a result the libraries were allowed to pick books to add to their permanent collection. I picked mostly children's books due to the age of the collection. The turnover loss of 200-300 different books three times a year is felt by the heavy readers.

This year the town will be asked to vote on combining with the school library. The trustees and school board members are in favor of combining. If the town votes to combine, an agreement would be drawn up between school and public library covering operating and management details. The library would work with a State Library consultant for input on this agreement and on the daily operating procedures. The combination can work and it would strengthen both libraries.

## YOUTH RECREATION

1983 was a very active year for youth sports. We entered one Little League and two farm teams in the Kearsarge Valley Baseball program. Several players were selected for a regional all-star team.

The fall continued to be active, with a soccer program for grades one through six. We had three teams that played a busy schedule with other surrounding towns. We also participated in the Concord Parks and Recreation Tournament.

This winter we proceeded with the elementary age basketball program. We have four teams from grades three through six. Last February, our teams participated in the Hanover Basketball Tournament, and we anticipate entering again this year.

Special thanks are due to many parents, coaches and interested adults who donated a great deal of time and money to make these programs a success for the youth of the Town. Last year's appropriation was spent for baseball, soccer and basketball uniforms and equipment.

**G1-1200-112-00 to G1-1291-390-00 Special Education**

The estimated cost of educating all handicapped children in 1984-85 is \$13,139. It is expected that the District will receive \$8,020 in state and federal handicapped funds which reduces the amount to be raised through local taxes.

**G1-1200-112-00 Special Education Teacher**

A one-quarter-time certified special education teacher is continued.

**G1-1290-330-00 Private Assessment**

Testing of students who are suspected of being handicapped sometimes requires a specialization which exceeds the qualifications of anyone on staff. In these instances, an outside agency is contracted.

**G1-1290-331-00 Speech Therapy**

Provides speech therapy to three children one hour each week for the school year.  
 $\$11.40/\text{hour} \times 3 \text{ hours/week} \times 36 \text{ weeks} = \$1,231.00$

**G1-1290-334-00 Psychological Services**

The services of a psychologist are required to comply with state and federal laws for the handicapped. The school psychologist works four days a week and each of the districts in SAU #32 (Mascoma Valley, Lebanon, Plainfield and Grantham) contributes to his salary in proportion to the number of handicapped students in each district as of October 1, 1983. Employing our own psychologist continues to be more effective and less costly than contracting one on an hourly basis with a private agency for these services.

**G1-1290-561/569-30 Special Education Tuition**

Presently, no Grantham student in the 3 to 21 age group is so severely handicapped as to require placement in an out-of-district program. A \$5,000.00 appropriation is proposed in the event an out-of-district placement becomes necessary. Tuition and transportation charges of \$10,000.00 to \$25,000.00 annually are not unusual to educate a severely handicapped child.

**G1-1291-111/390-00 SAU #32 Special Education Center**

Grantham's proportionate share of the cost of running the Special Education Center, based on its number of handicapped children, is \$662.00. Though not reflected in previous Grantham budgets, the Center has been operating since 1972. Up until 1981, state funds for the Center went directly to SAU #32. A change in the law requires that all special education expenses and revenues from state and federal sources be included in local school district budgets.
