## Fire Chief's Report

---

The Milan Volunteer Fire Department is pleased to submit the following report. Each year, since the department was formed, there has been a decrease in fires in town. I feel this is due to the cooperation of Milan citizens in being more fire conscious. Jacob Masters, Town Fire Warden, was busy issuing fire permits for burning.

Again, we are asking for all citizens who are interested in fire prevention to attend our monthly meetings and the fire school at Fitzwilliam, N. H.

I would like to take this opportunity to thank the men who helped during the emergency last winter, when the school department needed water. It not only saved money for the town but school was able to continue.

Some of our hose is badly worn and in need of replacement. The following is a list of equipment which is ready for use.

---

### MILAN EQUIPMENT

Ford Tank Truck, 450 gallons	3 axes
GMC 6x6 Tanker, 750 gallons	1 Shovel
Dodge 4x4 W/Marine Pumper	6 Back Hand Pumps
1,200 ft. 2½-inch new hose	2 Ladders
200 ft. 2½-inch used hose	3 Hand Spot Lights
300 ft. 1½-inch new hose	3 Smoke Masks
1,700 ft. 1½-inch used hose	4 1½-inch Nozzles
1 Pick Pole	1 2½-in. Nozzle

### WEST MILAN EQUIPMENT

½-Ton Chevrolet Carry-All	2 Straight Nozzles
Pacific Marine Portable Pump	1 Back Hand Pump
800 ft. 1½-inch hose	1 5-Gallon Can Foam
1 Foam Attachment	1 Hand Spot Light
2 Fog Nozzles	2 Ladders

The Hunter's Breakfast, held in November, is our only way of raising funds during the year. We extend our thanks to the citizens of Milan for their assistance and splendid support in making this affair successful.

Thank you,

A. H. MacDOUGALL, Fire Chief

## Report Of Police Department

### OFFICERS

<b>Norman Hancock</b>	<b>Ernest Peabody</b>
<b>Joseph Labrecque</b>	<b>Henry Rich</b>
<b>Robert Jodrie</b>	<b>Eldred Lorry</b>
<b>Gerard Bourque</b>	<b>Gilbert Stiles</b>

1961 was a busy year. Our record book shows, one hundred and seven reports entered.

With the exception of a very few, these cases were handled within the depratment. We were called on to assist the Sheriff's Department, State Police and other Police Departments. This was done at no cost to our town, except for cases within our jurisdiction.

We have four officers who have completed a course in Police training and have two officers who have attented an F.B.I. school on searches and seizures.

The cooperation given us by the people and the Selectmen has been truly appreciated and we thank you.

Respectfully submitted,

ARTHUR R. JODRIE, JR.,  
Chief of Police

\* The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1961-62 is as follows: Dummer, \$198.40; Gorham, \$4,408.20; Jefferson, \$573.50; Milan, \$533.20; Randolph, \$210.80; Shelburne, \$275.90. The State Treasurer also reports the amount of the per capita tax, while the Teachers' Retirement and the State Employees' Retirement Association assesses the amount for the Superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

The amount of the appropriation requested will be reduced by the amount of any balance left in the budget at the end of the fiscal year and by the amount of state aid due the District.

## Report of Superintendent

---

### FOREWORD

To the School Board and Citizens of the Milan School District:

Several legislative acts were passed during the last session of the legislature which should be of interest to the voters of the School District. Some of this legislation has implications that might have a far reaching effect on education in this state. A brief summary of this legislation follows:

The Interim Commission on Education is in the process of making an extensive study of school district organization, per capita tax, services of Super. Unions, cooperative school districts incentive aid, school attendance, and other related educational areas. This study will probably be a basis for future legislative acts in regard to education in the state. As this committee has just begun its task your Superintendent would like to encourage all the voters to be conscious of developments in this area. From time to time press releases will be available on this study. Mrs. Douglas Horton from Randolph is serving as a member of this Commission.

Educational television received an appropriation of \$25,000.00 (for each year of the biennium) for operating expenses. The sum of \$15,000.00 was made available on a matching basis with the local districts for additional operating expenses. In certain areas of the curriculum this will enhance learning to a substantial degree. At the present time we are facing poor reception but this problem will be reduced or eliminated.

An act encouraging the education of intellectually retarded pupils at the local level was enacted. This Act provides that "School districts may establish classes as approved by the state board or may pay tuition to such an approved class maintained by another school district or by a private organization. The state shall pay to a school district a portion of the cost of education of each child in an approved class at the rate of  $\frac{1}{2}$  the state average cost per pupil for elementary schools. School districts maintaining special classes approved for the education of these children may

charge tuition at a rate higher than the limit in RSA 193:34, provided the rate is approved by the state board. Appropriation — \$50,000 for fiscal year ending June 30, 1962 and \$75,000 for fiscal year ending June 30, 1963". Several districts within the state previous to this legislation have exercised leadership in this educational area.

#### BUDGET

The proposed budget for 1962-63 is \$52,852.84 as compared to \$49,005.41 for last year. Items that have increased include tuition, teachers' salaries, fuel, water and lights, health supervision and retirement.

Berlin's High School tuition rate is \$436.00 for next year's budget as compared to a rate of \$399.00 for the previous year. This increased rate plus additional pupils gives us a higher tuition amount to be paid.

Your school board is very much aware of teachers' salaries in Milan as compared to other school districts in the state. Next year, the board has proposed a \$4,000.00 base salary for all Milan teachers. This represents a \$200.00 increase. It is significant that as we raise our teachers' salaries other districts are increasing theirs at an equal rate or higher. In Union No 20 next year all teachers will probably be receiving a minimum amount of \$4,000.00

Other budget items that increased have been due to higher costs that we must pay to keep our educational system at its present level.

#### TEACHERS

As Mr. Bickford had resigned his position last spring, the District was fortunate in hiring Miss Winifred Lamb to teach our Junior High pupils in West Milan. Along with our other three teachers, Miss Lamb is performing her duties in an efficient and commendable manner.

#### BUILDINGS & EQUIPMENT

Much work was performed on our water system for the Milan Village School. An electric pump was installed to eliminate a low water pressure. In addition, an electric hot water tank was installed. At this time it appears that our water problems have been solved. During the summer routine repair and maintenance were carried out at both buildings. At the Village School the front steps were repaired.

## ENROLLMENT

Our percentage of attendance is continuing for the second consecutive years at a high rate — 95%. Our tardiness record improved to a substantial degree. Only nine cases of tardiness were recorded. The pupils should be congratulated on correcting a poor pre-existing record.

Enrollment figures for each grade are listed below:

Grade 1	20	Grade 5	10
Grade 2	11	Grade 6	16
	—		—
	31		26
Grade 3	13	Grade 7	16
Grade 4	10	Grade 8	11
	—		—
	23		26
		Total Elementary	106
Grade 9	.....16		
Grade 10	..... 8		
Grade 11	..... 6		
Grade 12	..... 6		
	..... —		
Total Secondary	.....36		
	..... —		
Total All Pupils	.....142		

The above enrollment data indicates that we will be paying a substantial higher High School tuition in the years ahead.

## WARRANT

At the Annual Meeting last year the School Board was directed by the voters to insert in this year's Warrant an article concerning sending our Junior High pupils to Berlin. In addition, the School Board was instructed to supply figures relative to the cost of the plan.

The School Board and I have spent much time and effort on this study. It might be well to point out at the very beginning that it is very difficult to predict future enrollments, tuition rates, costs of books and instructional expense. We have done our best with the information available and have attempted to show the estimated costs for a three year period. At one of our regular meetings

we had the Berlin Superintendent and two Principals discuss our problem with us.

Advantages to sending our Junior High pupils to Berlin include the following:

1. Opportunity for ability grouping.
2. Opportunity for the slow pupil to receive remedial work.
3. Opportunity for our pupils to take cultural subjects. (Music and Art)
4. Each of our students would be taught by a teacher adequately prepared in her teaching field.
5. Vocational subjects (Shop and Home Economics) would be available.
6. There would be many extra curricular activities for our pupils to choose from.
7. As nearly all our pupils go to Berlin eventually this would give them a much better background for successfully competing in high school with other students.

Several disadvantages would appear to exist. These include.

1. Closing of the school in West Milan.
2. Our pupils will be leaving the community for educational purposes at an earlier age.
3. A few pupils might find it difficult to adjust to a new school environment. However this is usually corrected within a few weeks.

As stated previously, your School Board and I have attempted to show a comparative cost picture over a three year period. All figures are estimated except future enrollment which is based on current figures, and the tuition rate for the next three years, which has recently been established by Berlin. The Berlin rates listed are for three years providing Milan votes to send its seventh and eighth grade pupils to Berlin next year.

YEAR		TUITION COST	SAVINGS	ACTUAL EXCESS COST
1962-63	31 @ \$350.00	\$ 10,850.00	\$ 6,700.00	\$ 4,150.00
1963-64	26 @ \$350.00	\$ 9,100.00	7,200.00	1,900.00
1964-65	20 @ \$375.00	\$ 7,500.00	7,700.00	200.00*
Totals (3 years)		\$ 27,450.00	\$ 21,600.00	\$ 5,850.00

Average yearly excess cost over 3 year period \$1,950.00 per year.

\*Actual excess savings 1964-65

Savings by closing the school have been figured on the conservative side. No major repairs have been figured in our computations. It is estimated that transportation costs in this arrangement will show no increase. The first year savings if the school is closed is based on the following budget allocations.

### SAVINGS WITH SCHOOL CLOSED

SAVINGS	AMOUNT
Teacher's Salaries .....	\$ 4,000.00
Scholar's Supplies .....	200.00
Books and Other Instructional Aids.....	200.00
Supplies and Other Expenses.....	100.00
Salary of Janitor.....	850.00
Fuel .....	350.00
Lights & Other Expenses.....	150.00
Repairs & Replacements.....	350.00
Health .....	150.00
Retirement .....	250.00
New Equipment .....	100.00
TOTAL .....	\$ 6,700.00

Future savings if school is closed, in addition to the above.

#### 1. **Repairs & Replacements**

As the building gets older it will require major repairs. Expenses will vary from year to year.

#### 2. **District's share of Superintendent's Salary**

Would be reduced by about \$50.00 per year beginning 1964-65.

#### 3. **District's share of Administrative Salary**

Would be reduced by about \$50.00 per year beginning '64-65.

#### 4. **Supplies and Other Expenses**

Would be reduced by about \$40 per year beginning in '64-65.

As Milan pays its tuition a year in arrears the \$10,850 for the first year would not be due until July 1, 1963. However, in order to avert a low budget one year and a high budget the following year I would recommend that the School District pay as much of the tuition amount as possible out of next year's budget. If this is not done our budget figure for 1962-63 would be \$46,152.84 and for 1963-64 at least \$59,552.84. I believe that we can actually apply more than \$6,700.00 on our Junior High tuition out of next year's budget. In addition, if we send our pupils to Berlin, they will need

to hire an extra teacher. As this will be an expense next year for Berlin, I believe it only fair that we pay a part of the tuition out of next year's budget.

Your School Board and I, after considerable study, are recommending unanimously that the School District endorse sending our Junior High pupils to Berlin. Over a three year period it will probably cost an average of \$1,950.00 per year. We believe the educational opportunity available far outweighs this additional expense.

As your Superintendent, I realize that the decision is yours. If you feel that the extra expense justifies this educational opportunity, I would encourage its support. However, if you feel that the expense or other reasons do not justify the change, I will endeavor to serve your decision to the best of my ability.

### CONCLUSION

As this report is being made for the year 1960-61 most of the details happened during the time of my predecessor, Mr. Gordon R. Tate. During his tenure as your Superintendent, Mr. Tate ably served Union 20 in an efficient manner.

With the educational trust that your School Board has given to me, I will endeavor to serve you to the best of my ability. To many voters, pupils, and district employees, I owe many thanks in making the change in Superintendents an easier task.

Respectfully submitted,

Leon J. Lakin

Superintendent of Schools
